

# 'FLYING SAUCER' CAR COLLISION REPORTED

BUENOS AIRES

Thursday (AAP-Reuter).—  
Hundreds of people rushed to a major highway near Buenos Aires last night following rumours of a collision between a car and a flying saucer.

Some reports claimed two of the saucer's crew were captured after the collision, on General Paz Avenue, but police and officials at two nearby air force bases said they had "nothing to report".

A judge meanwhile officially intervened amidst

the latest spate of space tales sweeping Argentina. He supervised a reconstruction yesterday in the western provincial capital of Mendoza of a flying saucer landing described in detail by two casino workers.

Also in Mendoza, a married couple claimed they saw another flying saucer. In Bahia Blanca, 430 miles south-west of Buenos Aires, a 19-year-old mother of two said an alien being from outer space had called at her house.
