At 9.30a.m. last Saturday 1st March a large unidentified flying object was sighted at Tamwoy. The large silver object was seen by Mrs. David Doyd (Edie Sailor) x she said it looked like a huge silver frog and appeared to come from the west out of a heavy rain mist, it hovered a few seconds over Mr. Terry O'Connors shop at Tamwoy then disappeared towards the north. Lights seemed to come down from under the object and it was about 100 ft. off the roof top. Several others at Tamwoy saw the object.
