

Victor Rural Youth

At last Tuesday's meeting of the Victor Harbour Rural Youth Club, Mr. Colin Norris from the Australian Flying Saucer Society was guest speaker.

There are many societies all over the world, he said, including Japan, England, and America, who publish magazines recording sightings and photos of flying saucers and U.F.O.'s. Certain instruments have been devised to detect the presence of flying saucers when in flight, also after they have landed. Mr. Norris saw a saucer-type object hovering over an aerodrome in Western Australia in 1952.

Anyone between the ages of 15 to 25 is invited to attend Rural Youth meetings. The next meeting, TV games, will be held on the 14th July at the C.W.A. Hall at 8 p.m. For further information please contact Mary Dack, phone 52 2281 after hours.

52 2381 after hours.
