

# NOISY U.F.O. AT HAPPY VALLEY

An unidentified flying object has been seen and heard — at Happy Valley, Port Lincoln.

At about 11 p.m. on Tuesday Mrs. I. Hallett heard a strange whistling noise outside her home.

On investigating she saw a bright yellow light encircled by a much fainter light.

The object travelled almost vertically at terrific speed and disappeared in the northern sky.

Mrs. Hallett said about one minute had elapsed from the time she heard the strange sound until the light had disappeared.

The whistling noise had been accompanied by a faint thumping sound.
