

# Children see UFO

**More than 200 school-children and teachers saw an unidentified flying object near their school at Navuneram on the Gazelle Peninsula about 9am yesterday.**

Headmaster, Mr Kapinias Ellison, said the object, which had twin smoke trails, was first seen at a height of 60ft.

It then rose to a height of 100ft and disappeared into the sun.

He said the UFO, which looked like "two miniature jet liners flying close together" was about 6ft long.

"I don't have the faintest idea what it was," he said.
