

Letters to the Editor

HIGH PRICE OF PROGRESS

SIR.—King Islanders may be aware that they are soon to be blessed with a totally new system of automatic telephones all fed from three new exchanges situated at Currie, Lymwood and Yambacoona (near the bottle house).

The Government's present policy is to charge new subscribers a contribution fee of \$160 for each half kilometre over eight kilometres measured radially from the exchange. This is in addition to the normal installation fee.

A few minutes with a

A few minutes with a map, compass and ruler shows a great percentage of the Island lies outside the "free" limit. Calculation reveals that a new subscriber at Naracoopa, which will be under the Lymwood exchange, will pay \$1,792 in addition to his \$60 installation fee and half year's rental in advance.

ANY FLYING SAUCERS ?

SIR.—During the past few months we have been receiving a number of U.F.O. reports to investigate from the North West of the State.

Possibly you may know of reports from your area

of reports from your area I you.

of which we would not be aware, we would certainly appreciate any information you may be able to provide us with. Witnesses names, addresses, and possibly you may know brief details of the sightings.

Since late last year some areas of the State have reported a number of interesting sightings. We have cases from the North East, Latrobe, Derwent Valley, of motor vehicles being followed by lights. In other locales, "nocturnal lights" have been reported, at Queenstown, Launceston, Burnie and Scottsdale areas.

We look forward to hearing from you and have enclosed a reply paid envelope for your convenience. Should you have any queries about the Centre we would be only too happy to assist you.

Yours sincerely,

Secretary, Tasmanian
UFO Investigation Centre,
366 Huon Road,
South Hobart.

(Perhaps any reader who has made an unusual sighting, could contact Mr. Roberts direct. News of such sightings are also always of interest to other readers of this paper.)

—Anon.

K. ROBERTS,
