

UFO? NO, IT IS REAL

Bananacoast Model Benders can't guarantee 'flying lawnmowers' this year, but they can assure plenty of action at their third 'Fun-Fly' on September 30 and October

1.

Thousands of dollars worth of model aircraft will buzz the air at the Model Benders' field at Moonee, just north of Kumbaingeri Animal Sanctuary.

Competitors from as far afield as Brisbane, Gunnedah and Sydney are expected to attend the Fun-fly which has proved grass with his Victoria lawnmower.

A few eyebrows were raised when the competitor tripped and lost grip of his machine.

Nothing unusual you say?

The lawnmower continued to move and took to the sky much to the very popular in its short period of existence.

At last year's Fun-fly,

At last year's Fun-fly, spectators were caught off guard when one competitor decided to cut the surprise of onlookers.

Although organisers do not know if there will be any flying lawnmowers at this year's meeting, there will be many models of vintage aircraft.

Food and refreshments will be available at the

Fun-fly.

Bananacoast Model Benders hold meetings every Sunday at their Moonee airfield and new members are welcome.
