

MAN UNCONSCIOUS

'No explanation' for Red River UFO

WARREN, Minnesota, Friday (AAP-AP).
— A brilliantly lit object that swept down on a deputy sheriff's car and left the vehicle damaged and the officer unconscious remains a mystery.

Deputy Val Johnson suffered shock and a mild case of welder's blindness in the incident, which happened early on Monday morning on the flats of the Red River Valley in north-western Minnesota.

The chief investigator of the centre for UFO studies at Evanston, Illinois, Mr Allan Hendry, said it was "a most incredible case".

The deputy's patrol car had two bent antennas, a shattered windscreen, a broken headlight and a small dent in its hood.

Deputy Johnson's wrist watch and the electric clock in the car had each stopped for 14 minutes.
