

District sighting of UFO?

Three Inman Valley people saw what could have been a UFO on Saturday night.

They saw the object, described as being like a big aircraft on fire with about 200 yards of flame behind it, at about 10 p.m.

The object was travelling fast,

but not making any sound.

It appeared to have come from the direction of Yankalilla and to travel up the Inman Valley before exploding in a mass of sparks they said.
