

A new UFO 'sighting'

ADELAIDE: A second tuna boat crew reported yesterday sighting a UFO in the Great Australian Bight, a week before Wednesday's sightings of a similar object at sea and over the Nullarbor Plain.

Police at Port Lincoln said the report by a tuna boat crew followed yesterday's report by another crew that it had also seen the object.

Chief Inspector Barry Willoughby said he could not confirm whether the sightings were linked with the bizarre story of a Perth family who said it had been terrorised by a UFO on the Nullarbor Plain.
