## WHAT TO DO WHEN

The Citizens Advice Bureau of WA (Inc) welcomes queries to Law Society House, 33 Barrack St, Perth 6000. Telephone 221 5711.

---

**Q** MY son and his friend were driving across the Nullarbor and took turns in driving. They both experienced an eerie feeling and felt that the car was being lifted off the ground. My son is not one to fantasise so I wonder if there is any truth in UFOs?

**A** THE Western Australian UFO Investigation Centre is now inactive but your local library will have books on the subject which may provide a reasonable explanation for the phenomena.
