GREAT BALLS OF FIRE SEEN IN GWENT SKY

FIREBALLS and flare like objects were sighted by numerous people in Gwent on Wednesday night.

And the Home Office confirmed that a meteorite shower had taken place.

A gwent police spokesman said they received numerous calls from people between 12.30 and 1 a.m.

"People reported seeing flare like like objects and fireballs in many parts of the county. We also heard that sightings were made in the rest of the country," said the spokesman.

One man, who was returning home from work at the time, said, "I saw a brilliant white light about the size of a car. It floated down and seemed to land in the Usk area."
