

...ptoms can include diarrhoea, feeling sick, vomiting, stomach pain and fever.

Extradition to be decided

A JUDGE is today expected to rule on whether a Briton who allegedly hacked into US defence systems should be recommended for extradition.

Gary McKinnon, 40, of Wood Green, North London, is accused of carrying out the "biggest military hack of all time".

Bow Street magistrates' court heard from his lawyer last month that he could be sent to Guantanamo Bay if he is extradited.
