[Music]

2  
00:00:13,110 --> 00:00:10,740  
kick it up relax let's go

3  
00:00:17,830 --> 00:00:13,120  
[Music]

4  
00:00:23,189 --> 00:00:20,270  
how i see your rust below

5  
00:00:27,910 --> 00:00:23,199  
[Music]

6  
00:00:35,030 --> 00:00:32,549  
yes it's obvious for each of us

7  
00:00:52,120 --> 00:00:35,040  
to be kind and when you're not

8  
00:01:15,749 --> 00:01:03,130  
[Music]

9  
00:01:19,350 --> 00:01:18,230  
anomalous

10  
00:01:20,830 --> 00:01:19,360  
luminous

11  
00:01:22,630 --> 00:01:20,840  
[Music]

12  
00:01:25,030 --> 00:01:22,640  
consciousness

13  
00:01:27,429 --> 00:01:25,040

to the west of us

14

00:01:29,830 --> 00:01:27,439

is it dangerous

15

00:01:31,710 --> 00:01:29,840

i don't think so

16

00:01:34,789 --> 00:01:31,720

let's roll

17

00:01:41,749 --> 00:01:34,799

[Music]

18

00:01:46,149 --> 00:01:44,149

to the west of us

19

00:01:48,950 --> 00:01:46,159

is it dangerous

20

00:02:00,420 --> 00:01:48,960

well i don't think so

21

00:02:00,430 --> 00:02:03,990

[Music]

22

00:02:04,000 --> 00:02:09,550

yes it's obvious

23

00:02:09,560 --> 00:02:17,589

[Music]

46

00:03:18,790 --> 00:03:16,239

i'm glad you guys uh trust me with this

47

00:03:21,509 --> 00:03:18,800

stuff and you come hang out to hear what

48

00:03:23,270 --> 00:03:21,519

i got to say so today is uh really came

49

00:03:25,110 --> 00:03:23,280

about pretty randomly

50

00:03:27,910 --> 00:03:25,120

um a friend of mine

51  
00:03:30,229 --> 00:03:27,920  
um project unity who we've had on here

52  
00:03:33,830 --> 00:03:30,239  
um not too long ago now maybe a couple

53  
00:03:36,470 --> 00:03:33,840  
weeks we had a great talk and

54  
00:03:38,710 --> 00:03:36,480  
um he had posted something with uh mr

55  
00:03:42,309 --> 00:03:38,720  
ramirez

56  
00:03:44,229 --> 00:03:42,319  
and you know i saw him do a video uh

57  
00:03:46,550 --> 00:03:44,239  
like months ago and it i was like you

58  
00:03:47,990 --> 00:03:46,560  
gotta be kidding me

59  
00:03:49,589 --> 00:03:48,000  
so uh

60  
00:03:51,589 --> 00:03:49,599  
you know that was

61  
00:03:54,470 --> 00:03:51,599  
that was pretty cool so i just got in

62  
00:03:56,710 --> 00:03:54,480  
touch with him and asked him to to talk

63  
00:03:58,630 --> 00:03:56,720

with me and he was very responsive and

64

00:04:00,869 --> 00:03:58,640

we set something up right away and it's

65

00:04:03,030 --> 00:04:00,879

fantastic then i watched his thing with

66

00:04:05,750 --> 00:04:03,040

whitley uh which i put the description

67

00:04:08,229 --> 00:04:05,760

there so you can check that out um

68

00:04:10,630 --> 00:04:08,239

i don't like to cover the same stuff

69

00:04:11,750 --> 00:04:10,640

usually but we'll see how it goes

70

00:04:13,190 --> 00:04:11,760

um

71

00:04:14,470 --> 00:04:13,200

you know i was informed i can ask

72

00:04:15,830 --> 00:04:14,480

anything he's not going to answer

73

00:04:17,509 --> 00:04:15,840

everything but

74

00:04:19,990 --> 00:04:17,519

but i can ask everything

75

00:04:21,030 --> 00:04:20,000

um and so when we get through with our

76

00:04:23,189 --> 00:04:21,040

stuff

77

00:04:25,990 --> 00:04:23,199

you know and doing our thing if we have

78

00:04:27,350 --> 00:04:26,000

time um you know you guys can ask

79

00:04:29,110 --> 00:04:27,360

questions too and

80

00:04:31,670 --> 00:04:29,120

i would assume it's the same policy you

81

00:04:33,909 --> 00:04:31,680

can ask anything but he can't answer

82

00:04:35,830 --> 00:04:33,919

uh everything in him if that's the case

83

00:04:36,710 --> 00:04:35,840

you know he'll just politely let us know

84

00:04:37,749 --> 00:04:36,720

so

85

00:04:40,230 --> 00:04:37,759

um

86

00:04:43,909 --> 00:04:40,240

yeah with that being said i won't waste

87

00:04:45,749 --> 00:04:43,919

any more of your time i will bring on mr

88

00:04:47,909 --> 00:04:45,759

john ramirez how are you

89

00:04:49,909 --> 00:04:47,919

pretty good thank you for having me

90

00:04:51,830 --> 00:04:49,919

yeah good thanks for coming on i really

91

00:04:52,790 --> 00:04:51,840

appreciate you taking the time

92

00:04:55,189 --> 00:04:52,800

so

93

00:04:57,590 --> 00:04:55,199

um how was your day thus far

94

00:04:59,350 --> 00:04:57,600

yeah in arizona every day is a wonderful

95

00:05:01,590 --> 00:04:59,360

day and we have

96

00:05:03,749 --> 00:05:01,600

a monsoon season over the summer where

97

00:05:06,550 --> 00:05:03,759

we get most of our rainfall so it's like

98

00:05:09,110 --> 00:05:06,560

a torrential rainfall highly localized

99

00:05:11,270 --> 00:05:09,120

literally you can have several blocks

100

00:05:14,070 --> 00:05:11,280

inundated with rain and then

101  
00:05:15,749 --> 00:05:14,080  
a few blocks away it'll be like sunshine

102  
00:05:16,469 --> 00:05:15,759  
and so we're done with that and now

103  
00:05:18,790 --> 00:05:16,479  
we're

104  
00:05:19,909 --> 00:05:18,800  
in a period where uh the temperatures

105  
00:05:22,629 --> 00:05:19,919  
are

106  
00:05:25,189 --> 00:05:22,639  
very comfortable 70s 70s to 80s all

107  
00:05:27,990 --> 00:05:25,199  
throughout the summer and that's when

108  
00:05:30,150 --> 00:05:28,000  
the snow birds from where you're at

109  
00:05:32,150 --> 00:05:30,160  
the red snow birds they all come down

110  
00:05:34,310 --> 00:05:32,160  
and so most of my neighbors here are

111  
00:05:35,909 --> 00:05:34,320  
snow birds from the north

112  
00:05:37,749 --> 00:05:35,919  
so we're hoping to see our neighbors

113  
00:05:39,110 --> 00:05:37,759

pretty soon come down uh probably around

114

00:05:41,430 --> 00:05:39,120

november

115

00:05:44,230 --> 00:05:41,440

yeah i'm very used to the term snowbirds

116

00:05:46,469 --> 00:05:44,240

being from here and you know

117

00:05:47,990 --> 00:05:46,479

doing business here i get a lot of that

118

00:05:49,700 --> 00:05:48,000

i can't get a hold of people because

119

00:05:51,110 --> 00:05:49,710

there's no birds so on and so forth

120

00:05:53,990 --> 00:05:51,120

[Laughter]

121

00:05:56,309 --> 00:05:54,000

um but yeah i mean you were nice enough

122

00:05:57,270 --> 00:05:56,319

to share with me your credentials um

123

00:05:59,830 --> 00:05:57,280

just

124

00:06:02,150 --> 00:05:59,840

quite amazing career that you've had to

125

00:06:04,629 --> 00:06:02,160

be honest uh you started in the cia the

126

00:06:06,629 --> 00:06:04,639

year i was born in 1984

127

00:06:08,710 --> 00:06:06,639

and you've done everything from decorate

128

00:06:11,670 --> 00:06:08,720

of uh intelligence

129

00:06:13,189 --> 00:06:11,680

uh senior analyst science and technology

130

00:06:15,590 --> 00:06:13,199

i.t manager

131

00:06:17,510 --> 00:06:15,600

um the united states navy

132

00:06:21,510 --> 00:06:17,520

um which was a

133

00:06:22,629 --> 00:06:21,520

very uh interesting background there um

134

00:06:24,309 --> 00:06:22,639

so

135

00:06:25,670 --> 00:06:24,319

you know i guess i'll start out with the

136

00:06:27,590 --> 00:06:25,680

first question

137

00:06:30,309 --> 00:06:27,600

um

138

00:06:33,270 --> 00:06:30,319

what made you want to go down this path

139

00:06:34,390 --> 00:06:33,280

when did ufos uh tickle your fancy so to

140

00:06:35,670 --> 00:06:34,400

speak

141

00:06:37,590 --> 00:06:35,680

um

142

00:06:40,150 --> 00:06:37,600

everything started when i was very small

143

00:06:41,990 --> 00:06:40,160

and you've heard this story before that

144

00:06:43,510 --> 00:06:42,000

people who are interested in this had

145

00:06:46,230 --> 00:06:43,520

experiences

146

00:06:47,830 --> 00:06:46,240

uh around about age four five or six and

147

00:06:49,350 --> 00:06:47,840

that's the same with me i've had

148

00:06:52,230 --> 00:06:49,360

experiences

149

00:06:54,070 --> 00:06:52,240

and i've described those uh prior but uh

150

00:06:55,749 --> 00:06:54,080

basically just to

151

00:06:58,710 --> 00:06:55,759

condense it for you

152

00:07:01,430 --> 00:06:58,720

um i remember being taken by a woman to

153

00:07:03,589 --> 00:07:01,440

a house that

154

00:07:05,990 --> 00:07:03,599

was like a victorian house and the woman

155

00:07:08,070 --> 00:07:06,000

wasn't my mother and being examined by a

156

00:07:10,309 --> 00:07:08,080

doctor and a nurse who looked to be like

157

00:07:13,029 --> 00:07:10,319

victorian doctors and nurses

158

00:07:14,629 --> 00:07:13,039

and reassuring me that um that no harm

159

00:07:16,390 --> 00:07:14,639

will come to me everything is fine we

160

00:07:18,150 --> 00:07:16,400

just want to examine you

161

00:07:19,749 --> 00:07:18,160

and being undressed and being examined

162

00:07:21,029 --> 00:07:19,759

being dressed again and i'll be led out

163

00:07:23,270 --> 00:07:21,039

to the house

164

00:07:25,589 --> 00:07:23,280

sometimes it's on the first floor to the

165

00:07:27,990 --> 00:07:25,599

left and sometimes up the staircase and

166

00:07:29,990 --> 00:07:28,000

to the left again

167

00:07:31,510 --> 00:07:30,000

another experience i had was i was at a

168

00:07:33,749 --> 00:07:31,520

um what used to be called i'm going to

169

00:07:35,830 --> 00:07:33,759

date myself because i was born in 53

170

00:07:36,950 --> 00:07:35,840

what used to be called a five-and-dime

171

00:07:38,790 --> 00:07:36,960

store

172

00:07:40,870 --> 00:07:38,800

where um now they're called dollar

173

00:07:41,830 --> 00:07:40,880

stores but you know nothing's really a

174

00:07:43,110 --> 00:07:41,840

dollar

175

00:07:45,110 --> 00:07:43,120

these stores but they were called five

176

00:07:46,550 --> 00:07:45,120

and dine stores and there was a

177

00:07:47,510 --> 00:07:46,560

a bin of books

178

00:07:50,550 --> 00:07:47,520

and i was just throwing through the

179

00:07:53,189 --> 00:07:50,560

books because i love books and um i saw

180

00:07:55,110 --> 00:07:53,199

a book with uh an illustration on the

181

00:07:56,309 --> 00:07:55,120

lower left-hand corner and i still

182

00:07:59,749 --> 00:07:56,319

remember it

183

00:08:03,029 --> 00:07:59,759

and the illustration showed uh two

184

00:08:05,110 --> 00:08:03,039

uh primitive humans like uh

185

00:08:07,430 --> 00:08:05,120

i guess you call cave people

186

00:08:09,029 --> 00:08:07,440

and the woman had her arms outstretched

187

00:08:13,350 --> 00:08:09,039

and in her arm

188

00:08:16,070 --> 00:08:13,360

was a more modern looking like a baby

189

00:08:18,950 --> 00:08:16,080

um not not a primitive baby but a modern

190

00:08:21,350 --> 00:08:18,960

baby in her outstretched arms and a beam

191

00:08:23,350 --> 00:08:21,360

of light shining down from a saucer

192

00:08:25,909 --> 00:08:23,360

accompanied by another saucer

193

00:08:27,909 --> 00:08:25,919

and the download i got from that was

194

00:08:30,150 --> 00:08:27,919

this is where you came from

195

00:08:33,430 --> 00:08:30,160

and that we made you

196

00:08:35,589 --> 00:08:33,440

um this is where all humans came from

197

00:08:37,350 --> 00:08:35,599

and that was a fascinating

198

00:08:39,589 --> 00:08:37,360

thing for me i wanted to take this book

199

00:08:40,630 --> 00:08:39,599

home so i got my mother elsewhere in the

200

00:08:42,310 --> 00:08:40,640

store

201  
00:08:43,909 --> 00:08:42,320  
brought it back to where i put the book

202  
00:08:44,870 --> 00:08:43,919  
down and that book was not there to be

203  
00:08:46,870 --> 00:08:44,880  
found

204  
00:08:48,550 --> 00:08:46,880  
and this is just two of the early

205  
00:08:50,710 --> 00:08:48,560  
experiences and i've had these

206  
00:08:51,750 --> 00:08:50,720  
experiences all throughout my life

207  
00:08:53,190 --> 00:08:51,760  
wow

208  
00:08:54,470 --> 00:08:53,200  
that is incredible

209  
00:08:55,350 --> 00:08:54,480  
that uh

210  
00:08:58,389 --> 00:08:55,360  
you know

211  
00:09:00,150 --> 00:08:58,399  
a man with such a a resume

212  
00:09:01,269 --> 00:09:00,160  
you know has had an experience like that

213  
00:09:04,949 --> 00:09:01,279

and i don't think

214

00:09:07,829 --> 00:09:04,959

uh often we're we're privy to um

215

00:09:09,430 --> 00:09:07,839

to that and people like that so i really

216

00:09:11,590 --> 00:09:09,440

do appreciate your courage for coming

217

00:09:14,870 --> 00:09:11,600

out and you know talking about that

218

00:09:16,550 --> 00:09:14,880

starting off with woo right away right

219

00:09:19,350 --> 00:09:16,560

yeah that's a good point that we brought

220

00:09:22,070 --> 00:09:19,360

up sean because um a lot of my close

221

00:09:23,990 --> 00:09:22,080

personal friends at cia and elsewhere in

222

00:09:27,030 --> 00:09:24,000

an intelligence community

223

00:09:28,550 --> 00:09:27,040

once i got to know them and establish a

224

00:09:29,750 --> 00:09:28,560

trust relationship with them as

225

00:09:33,030 --> 00:09:29,760

colleagues

226

00:09:35,670 --> 00:09:33,040

they've all shared similar experiences

227

00:09:37,350 --> 00:09:35,680

and so it's it's prevalent everywhere

228

00:09:39,509 --> 00:09:37,360

you don't have to be an intelligence

229

00:09:41,190 --> 00:09:39,519

community to have this experience no i'm

230

00:09:43,190 --> 00:09:41,200

sure many of your

231

00:09:44,710 --> 00:09:43,200

viewers today have had similar

232

00:09:47,430 --> 00:09:44,720

experiences

233

00:09:49,430 --> 00:09:47,440

the question i have is why us some

234

00:09:51,350 --> 00:09:49,440

people say you know i know this never

235

00:09:53,350 --> 00:09:51,360

happened to me i think it's all hogwash

236

00:09:55,430 --> 00:09:53,360

you know right but for those who have

237

00:09:56,470 --> 00:09:55,440

experiences with seeing crap or seeing

238

00:09:59,829 --> 00:09:56,480

orbs

239

00:10:02,069 --> 00:09:59,839

with having visitors come to our

240

00:10:06,150 --> 00:10:02,079

residence usually at night i don't know

241

00:10:09,750 --> 00:10:07,430

and they need to be comfortable

242

00:10:11,110 --> 00:10:09,760

intelligence community personnel tell me

243

00:10:12,310 --> 00:10:11,120

that you know they have similar

244

00:10:15,350 --> 00:10:12,320

experiences

245

00:10:16,630 --> 00:10:15,360

um with visitors and they're better

246

00:10:18,949 --> 00:10:16,640

well

247

00:10:21,110 --> 00:10:18,959

um now it's going to be hard to change

248

00:10:22,310 --> 00:10:21,120

topics from that because it's so very

249

00:10:25,030 --> 00:10:22,320

interesting

250

00:10:27,269 --> 00:10:25,040

but i did want to my plan was to kind of

251  
00:10:28,710 --> 00:10:27,279  
end to that and kind of uh you know

252  
00:10:29,910 --> 00:10:28,720  
start with

253  
00:10:31,509 --> 00:10:29,920  
um

254  
00:10:32,470 --> 00:10:31,519  
you know all your knowledge so by the

255  
00:10:34,470 --> 00:10:32,480  
end of it

256  
00:10:37,350 --> 00:10:34,480  
it would be that much more difficult for

257  
00:10:41,670 --> 00:10:39,509  
so um

258  
00:10:43,110 --> 00:10:41,680  
you know some of this uh some of this

259  
00:10:44,949 --> 00:10:43,120  
you know i'll start with and it's just

260  
00:10:47,030 --> 00:10:44,959  
kind of selfish stuff because i've you

261  
00:10:48,550 --> 00:10:47,040  
know been researching this era but i'll

262  
00:10:49,750 --> 00:10:48,560  
make it really quick

263  
00:10:51,269 --> 00:10:49,760

um

264

00:10:53,590 --> 00:10:51,279

you know i pretty much gotten all the

265

00:10:55,430 --> 00:10:53,600

way up to the condon report and at the

266

00:10:56,870 --> 00:10:55,440

university of colorado study and you

267

00:10:59,590 --> 00:10:56,880

might not know the answers to these

268

00:11:01,829 --> 00:10:59,600

things but uh you're a lot smarter than

269

00:11:03,750 --> 00:11:01,839

i am so i have to at least ask

270

00:11:05,190 --> 00:11:03,760

um

271

00:11:07,750 --> 00:11:05,200

now the only thing i found which i

272

00:11:12,150 --> 00:11:07,760

should recently on my twitter page after

273

00:11:16,310 --> 00:11:12,160

uh that study was sri international um

274

00:11:18,310 --> 00:11:16,320

proposing a ufo research program

275

00:11:20,230 --> 00:11:18,320

but i don't know if that happened or

276

00:11:22,630 --> 00:11:20,240

what happened so

277

00:11:23,910 --> 00:11:22,640

long story short what happened in the

278

00:11:26,389 --> 00:11:23,920

huge gap

279

00:11:28,630 --> 00:11:26,399

between colorado

280

00:11:31,509 --> 00:11:28,640

and ossep

281

00:11:33,990 --> 00:11:31,519

a lot has happened um and

282

00:11:35,670 --> 00:11:34,000

um i should say that uh the condon

283

00:11:37,750 --> 00:11:35,680

report um

284

00:11:38,790 --> 00:11:37,760

and the robertson panel uh there's the

285

00:11:39,829 --> 00:11:38,800

two

286

00:11:41,110 --> 00:11:39,839

um

287

00:11:42,630 --> 00:11:41,120

semi quasi government

288

00:11:44,069 --> 00:11:42,640

government-sponsored

289

00:11:45,990 --> 00:11:44,079

studies into

290

00:11:47,030 --> 00:11:46,000

ufos

291

00:11:49,670 --> 00:11:47,040

they were

292

00:11:52,389 --> 00:11:49,680

primarily hosted by an office in cia

293

00:11:54,550 --> 00:11:52,399

called the office of scientific

294

00:11:59,269 --> 00:11:54,560

intelligence or osi

295

00:12:02,230 --> 00:11:59,279

right and uh within that um organization

296

00:12:04,389 --> 00:12:02,240

um the osi was looking at

297

00:12:06,710 --> 00:12:04,399

everything from a science and technology

298

00:12:08,069 --> 00:12:06,720

perspective not necessarily

299

00:12:10,389 --> 00:12:08,079

a threat

300

00:12:13,350 --> 00:12:10,399

like an adversarial threat

301  
00:12:15,030 --> 00:12:13,360  
but like what is happening in our skies

302  
00:12:15,910 --> 00:12:15,040  
and why

303  
00:12:18,550 --> 00:12:15,920  
um

304  
00:12:19,750 --> 00:12:18,560  
after these studies were conducted

305  
00:12:20,550 --> 00:12:19,760  
um

306  
00:12:23,030 --> 00:12:20,560  
the

307  
00:12:24,949 --> 00:12:23,040  
department of defense more or less took

308  
00:12:27,269 --> 00:12:24,959  
over from there

309  
00:12:28,389 --> 00:12:27,279  
and that's where you hear about project

310  
00:12:31,350 --> 00:12:28,399  
blue book

311  
00:12:33,670 --> 00:12:31,360  
and that took it away from cia which uh

312  
00:12:36,230 --> 00:12:33,680  
in intelligence world

313  
00:12:38,389 --> 00:12:36,240

we have a different set of laws

314

00:12:39,590 --> 00:12:38,399  
governing what we do for the us

315

00:12:40,949 --> 00:12:39,600  
government

316

00:12:42,230 --> 00:12:40,959  
and it's going to get into a little bit

317

00:12:44,870 --> 00:12:42,240  
of

318

00:12:46,550 --> 00:12:44,880  
policy wonkiness but it's important to

319

00:12:48,069 --> 00:12:46,560  
distinguish what the department of

320

00:12:50,310 --> 00:12:48,079  
defense does

321

00:12:52,790 --> 00:12:50,320  
in the ufology field and what the civic

322

00:12:56,069 --> 00:12:52,800  
cia can do in the ufology field

323

00:12:58,230 --> 00:12:56,079  
and so we are called a title 50

324

00:13:00,710 --> 00:12:58,240  
intelligence agency a civilian

325

00:13:02,949 --> 00:13:00,720  
intelligence agency we're not beholden

326

00:13:06,389 --> 00:13:02,959

to the department of defense in any way

327

00:13:07,990 --> 00:13:06,399

our analysis is not geared toward uh

328

00:13:09,590 --> 00:13:08,000

discovering whether something is a

329

00:13:11,350 --> 00:13:09,600

threat or not

330

00:13:14,389 --> 00:13:11,360

we just report on the science and

331

00:13:16,389 --> 00:13:14,399

technology aspects of what we collect

332

00:13:18,069 --> 00:13:16,399

and it's not necessarily ufos but it

333

00:13:20,470 --> 00:13:18,079

could be like

334

00:13:22,230 --> 00:13:20,480

the russian nuclear program or iran

335

00:13:24,150 --> 00:13:22,240

nuclear program it's all about the

336

00:13:26,629 --> 00:13:24,160

science and technology we don't make

337

00:13:29,750 --> 00:13:26,639

assessments as to whether this program

338

00:13:32,470 --> 00:13:29,760

is a threat so from the ufos perspective

339

00:13:34,710 --> 00:13:32,480

we didn't even cover that threat aspect

340

00:13:37,590 --> 00:13:34,720

we tossed it over where it was taken

341

00:13:40,150 --> 00:13:37,600

from us by the department of defense and

342

00:13:42,310 --> 00:13:40,160

under title 10 which governs department

343

00:13:45,269 --> 00:13:42,320

of defense it's all about national

344

00:13:47,030 --> 00:13:45,279

security threats and that's what drives

345

00:13:48,710 --> 00:13:47,040

defense acquisitions

346

00:13:52,790 --> 00:13:48,720

um

347

00:13:55,030 --> 00:13:52,800

and so from ufo perspective you know our

348

00:13:57,430 --> 00:13:55,040

uh the craft we're seeing pose a threat

349

00:13:58,310 --> 00:13:57,440

to the uh national security united

350

00:14:00,949 --> 00:13:58,320

states

351

00:14:02,870 --> 00:14:00,959

in the framework of our do we have

352

00:14:04,550 --> 00:14:02,880

control of our own skies

353

00:14:07,910 --> 00:14:04,560

right so that's what happened all

354

00:14:09,430 --> 00:14:07,920

through um project blue book and

355

00:14:11,590 --> 00:14:09,440

um

356

00:14:14,389 --> 00:14:11,600

that's the distinction between the two

357

00:14:16,629 --> 00:14:14,399

now after project blue book was done

358

00:14:17,910 --> 00:14:16,639

uh that's where we learned that um there

359

00:14:19,750 --> 00:14:17,920

was nits

360

00:14:21,990 --> 00:14:19,760

and that's also kind of like not

361

00:14:24,069 --> 00:14:22,000

entirely government sponsored

362

00:14:26,230 --> 00:14:24,079

but i believe that the government had

363

00:14:29,110 --> 00:14:26,240

knowledge of nids and what they were

364

00:14:31,030 --> 00:14:29,120

doing um and so niz took it up to a

365

00:14:33,110 --> 00:14:31,040

certain point and i believe correct me

366

00:14:35,269 --> 00:14:33,120

if i'm wrong 1992

367

00:14:37,030 --> 00:14:35,279

might be when this stopped so what

368

00:14:39,509 --> 00:14:37,040

happened after did stop

369

00:14:42,550 --> 00:14:39,519

and um also started

370

00:14:44,550 --> 00:14:42,560

uh what was that 2008 i believe yeah

371

00:14:47,910 --> 00:14:44,560

funding and all that was arranged in

372

00:14:49,910 --> 00:14:47,920

2007 2008 so what happened in between

373

00:14:53,269 --> 00:14:49,920

well there was an advance in sensor

374

00:14:55,670 --> 00:14:53,279

technology that we didn't have before

375

00:14:59,910 --> 00:14:55,680

it's no longer secret that the national

376

00:15:02,069 --> 00:14:59,920

reconnaissance officer nro collects

377

00:15:03,350 --> 00:15:02,079

builds satellites to collect imagery

378

00:15:04,949 --> 00:15:03,360

intelligence

379

00:15:06,629 --> 00:15:04,959

and we know that because you know we

380

00:15:08,230 --> 00:15:06,639

have google earth now

381

00:15:11,030 --> 00:15:08,240

right and we have google maps and all of

382

00:15:14,550 --> 00:15:11,040

these civilian type of

383

00:15:16,069 --> 00:15:14,560

um ways to access imagery intelligence

384

00:15:18,230 --> 00:15:16,079

well they built these satellites just to

385

00:15:21,509 --> 00:15:18,240

take pictures originally and there's a

386

00:15:23,590 --> 00:15:21,519

whole series starting from like a kh-1

387

00:15:24,629 --> 00:15:23,600

corona program all the way up to what

388

00:15:26,550 --> 00:15:24,639

you know

389

00:15:28,310 --> 00:15:26,560

tag board

390

00:15:29,749 --> 00:15:28,320

so you know all of that

391

00:15:32,710 --> 00:15:29,759

um now

392

00:15:35,829 --> 00:15:32,720

what happened was in the 90s

393

00:15:37,509 --> 00:15:35,839

a special payload was placed

394

00:15:39,189 --> 00:15:37,519

um because there's space on the

395

00:15:41,350 --> 00:15:39,199

spacecraft and when i say spacecraft i'm

396

00:15:43,110 --> 00:15:41,360

not talking about ufos that's right you

397

00:15:45,430 --> 00:15:43,120

talk about satellites

398

00:15:47,269 --> 00:15:45,440

and so i'm going to use a lot of like

399

00:15:49,269 --> 00:15:47,279

acronyms and stop me if you want me to

400

00:15:52,069 --> 00:15:49,279

explain one but spacecraft meaning

401  
00:15:54,230 --> 00:15:52,079  
satellites there was payload space so

402  
00:15:56,310 --> 00:15:54,240  
the initial payload the primary payload

403  
00:15:58,389 --> 00:15:56,320  
is to take pictures and we got all this

404  
00:15:59,110 --> 00:15:58,399  
space on the spacecraft what else can we

405  
00:16:00,710 --> 00:15:59,120  
do

406  
00:16:03,509 --> 00:16:00,720  
and that's when they start putting what

407  
00:16:07,829 --> 00:16:03,519  
we know as masen or measurement and

408  
00:16:10,710 --> 00:16:07,839  
signature intelligence sensors

409  
00:16:13,189 --> 00:16:10,720  
an ir is that a band of

410  
00:16:15,430 --> 00:16:13,199  
wavelengths below red

411  
00:16:18,389 --> 00:16:15,440  
and so they're long wavelengths below

412  
00:16:20,710 --> 00:16:18,399  
red they're above the radio frequency

413  
00:16:23,269 --> 00:16:20,720

wavelengths and below the light spectrum

414

00:16:25,110 --> 00:16:23,279

so in that they were sensors placed

415

00:16:27,110 --> 00:16:25,120

and originally um they were very

416

00:16:28,710 --> 00:16:27,120

primitive sensors you basically saw

417

00:16:30,150 --> 00:16:28,720

something that lights up and there it

418

00:16:33,189 --> 00:16:30,160

was

419

00:16:35,030 --> 00:16:33,199

detection

420

00:16:36,949 --> 00:16:35,040

you know the country fires the ballistic

421

00:16:38,870 --> 00:16:36,959

missile we see it it lights up yeah

422

00:16:41,110 --> 00:16:38,880

there was a ballistic missile fired or

423

00:16:42,550 --> 00:16:41,120

there was a nuclear test it lights up

424

00:16:43,430 --> 00:16:42,560

and we can see it

425

00:16:45,590 --> 00:16:43,440

as

426

00:16:48,829 --> 00:16:45,600

the technology progressed we went from a

427

00:16:51,030 --> 00:16:48,839

simple sensor into something called

428

00:16:53,189 --> 00:16:51,040

multi-spectral and in an intelligence

429

00:16:55,990 --> 00:16:53,199

world multi-spectral means we have four

430

00:16:57,269 --> 00:16:56,000

bands of ir now on board the spacecraft

431

00:16:59,350 --> 00:16:57,279

four bands

432

00:17:01,910 --> 00:16:59,360

and we also had the defense support

433

00:17:04,230 --> 00:17:01,920

program satellites were like mostly

434

00:17:06,470 --> 00:17:04,240

geared for launch detection and nuclear

435

00:17:08,230 --> 00:17:06,480

detonation detection so we have these

436

00:17:09,909 --> 00:17:08,240

assets up in space

437

00:17:11,750 --> 00:17:09,919

and that's when they start seeing like

438

00:17:14,230 --> 00:17:11,760

oh my gosh

439

00:17:17,429 --> 00:17:14,240

look there's all these orbs up there

440

00:17:20,069 --> 00:17:17,439

and by the way they're not like

441

00:17:22,390 --> 00:17:20,079

they're not metallic cracked

442

00:17:24,390 --> 00:17:22,400

flying in our skies they're orbs of

443

00:17:28,309 --> 00:17:24,400

light what is that all about

444

00:17:30,310 --> 00:17:28,319

um and this and so it's not just like um

445

00:17:33,110 --> 00:17:30,320

a random occurrence i mean it was

446

00:17:34,789 --> 00:17:33,120

happening so that it appeared

447

00:17:37,029 --> 00:17:34,799

the orbs of light

448

00:17:38,549 --> 00:17:37,039

were flying in formation under

449

00:17:41,510 --> 00:17:38,559

intelligent control

450

00:17:43,990 --> 00:17:41,520

meaning that i was flying with intent to

451  
00:17:47,190 --> 00:17:44,000  
go to a destination

452  
00:17:49,590 --> 00:17:47,200  
and with a purpose in mind and so there

453  
00:17:51,990 --> 00:17:49,600  
we we have a situation where okay what

454  
00:17:53,430 --> 00:17:52,000  
kind of technology is that

455  
00:17:54,789 --> 00:17:53,440  
and so

456  
00:17:57,510 --> 00:17:54,799  
um

457  
00:18:00,549 --> 00:17:57,520  
we started studying these orbs of light

458  
00:18:01,669 --> 00:18:00,559  
so we knew this before ossac was

459  
00:18:03,830 --> 00:18:01,679  
created

460  
00:18:08,470 --> 00:18:03,840  
well correct me if i'm wrong that

461  
00:18:10,070 --> 00:18:08,480  
did was awesome right before that um

462  
00:18:13,190 --> 00:18:10,080  
i might not be able to answer this one

463  
00:18:15,669 --> 00:18:13,200

is it true that there were about 50 orbs

464

00:18:18,390 --> 00:18:15,679

or so picked up by satellite

465

00:18:19,909 --> 00:18:18,400

i don't know the number i have not seen

466

00:18:22,310 --> 00:18:19,919

an exact number

467

00:18:26,310 --> 00:18:22,320

um that's something that if you ever get

468

00:18:28,470 --> 00:18:26,320

uh dr james uh caskey on your program

469

00:18:31,029 --> 00:18:28,480

that would be a good one

470

00:18:32,390 --> 00:18:31,039

but i know there were several

471

00:18:35,750 --> 00:18:32,400

um and

472

00:18:37,350 --> 00:18:35,760

so that started um a

473

00:18:40,789 --> 00:18:37,360

working group

474

00:18:43,430 --> 00:18:40,799

to form in the intelligence community

475

00:18:46,630 --> 00:18:43,440

and a timeline let's advance it to like

476

00:18:48,710 --> 00:18:46,640

late 90s early 2000s sure the working

477

00:18:50,789 --> 00:18:48,720

group was established to look at this

478

00:18:53,669 --> 00:18:50,799

and it was a small working group now of

479

00:18:56,470 --> 00:18:53,679

course i mean what was the united states

480

00:18:57,990 --> 00:18:56,480

major concern in the early 2000s it was

481

00:18:59,750 --> 00:18:58,000

counter terrorism

482

00:19:01,990 --> 00:18:59,760

so all the efforts went toward counter

483

00:19:03,029 --> 00:19:02,000

terrorism taking money from everywhere

484

00:19:05,830 --> 00:19:03,039

else

485

00:19:06,630 --> 00:19:05,840

uh so there was a small working group

486

00:19:07,669 --> 00:19:06,640

and

487

00:19:11,350 --> 00:19:07,679

but

488

00:19:13,350 --> 00:19:11,360

as more of these elections occurred

489

00:19:14,390 --> 00:19:13,360

it was obvious that more deep needed to

490

00:19:15,990 --> 00:19:14,400

be done

491

00:19:17,830 --> 00:19:16,000

and that's where

492

00:19:20,390 --> 00:19:17,840

i understood

493

00:19:21,909 --> 00:19:20,400

the cia's participation came in

494

00:19:24,070 --> 00:19:21,919

and i have to be very careful here

495

00:19:26,870 --> 00:19:24,080

because i can talk about it from a

496

00:19:29,750 --> 00:19:26,880

general sense but not get into specifics

497

00:19:32,870 --> 00:19:29,760

um as you know let me preface it i did

498

00:19:35,830 --> 00:19:32,880

do a 74 uh slide presentation the

499

00:19:39,510 --> 00:19:35,840

purpose of it was to or first of all i

500

00:19:42,630 --> 00:19:39,520

was hoping to present this in a uh

501  
00:19:46,230 --> 00:19:42,640  
in the context of a ufo uh convention uh

502  
00:19:48,230 --> 00:19:46,240  
symposium on stage but secondly and most

503  
00:19:50,710 --> 00:19:48,240  
importantly i wanted to put down

504  
00:19:52,950 --> 00:19:50,720  
everything i knew on paper in a

505  
00:19:54,950 --> 00:19:52,960  
powerpoint format presented to cia to

506  
00:19:56,870 --> 00:19:54,960  
see what got redacted

507  
00:19:59,510 --> 00:19:56,880  
so my several slides about what i'm

508  
00:20:02,630 --> 00:19:59,520  
about to tell you never got redacted

509  
00:20:04,630 --> 00:20:02,640  
um i titled it uh what would the the

510  
00:20:08,549 --> 00:20:04,640  
intelligence community do if they saw a

511  
00:20:10,630 --> 00:20:08,559  
uap phenomenon event so here it goes so

512  
00:20:13,270 --> 00:20:10,640  
the first thing we would do is we would

513  
00:20:15,590 --> 00:20:13,280

like atkins razer you know let's find

514

00:20:16,630 --> 00:20:15,600

like simplest explanations the most

515

00:20:19,190 --> 00:20:16,640

likely

516

00:20:20,549 --> 00:20:19,200

um let's look at for example

517

00:20:21,909 --> 00:20:20,559

could this be

518

00:20:23,190 --> 00:20:21,919

an aircraft

519

00:20:24,390 --> 00:20:23,200

or some craft

520

00:20:27,029 --> 00:20:24,400

flown by

521

00:20:28,470 --> 00:20:27,039

china or russia so we we looked at that

522

00:20:29,830 --> 00:20:28,480

inventory

523

00:20:32,710 --> 00:20:29,840

and so

524

00:20:36,310 --> 00:20:32,720

we eliminated china but in russia there

525

00:20:42,149 --> 00:20:40,070

analysis done on one craft that they had

526

00:20:49,110 --> 00:20:42,159

the mig-31

527

00:20:50,950 --> 00:20:49,120

that is the highest that an air

528

00:20:53,149 --> 00:20:50,960

breathing craft can fly and they still

529

00:20:56,390 --> 00:20:53,159

hold that record you might hear the

530

00:20:58,549 --> 00:20:56,400

sr-71 went above it but i can't confirm

531

00:20:59,669 --> 00:20:58,559

that

532

00:21:03,270 --> 00:20:59,679

above

533

00:21:06,710 --> 00:21:03,280

120 000 feet to 123 000 feet and had the

534

00:21:09,430 --> 00:21:06,720

capability of operating in a combat mode

535

00:21:12,549 --> 00:21:09,440

uh from 85 to 100 000 feet

536

00:21:16,470 --> 00:21:12,559

wow and so it carried something

537

00:21:18,630 --> 00:21:16,480

called a plasma stealth generator

538

00:21:20,310 --> 00:21:18,640

as a counter measure

539

00:21:23,110 --> 00:21:20,320

to

540

00:21:26,149 --> 00:21:23,120

ward off radar signals now what we did

541

00:21:29,510 --> 00:21:26,159

was use faceted aircraft

542

00:21:30,870 --> 00:21:29,520

and we did the math ironically came from

543

00:21:34,470 --> 00:21:30,880

the russians

544

00:21:37,110 --> 00:21:34,480

working on

545

00:21:39,590 --> 00:21:37,120

a faceted aircraft design which they

546

00:21:41,830 --> 00:21:39,600

never executed because they went

547

00:21:43,669 --> 00:21:41,840

much more higher in technology by

548

00:21:46,230 --> 00:21:43,679

creating plasma stealth

549

00:21:49,990 --> 00:21:46,240

which you can put on any aircraft

550

00:21:52,310 --> 00:21:50,000

and so we eliminated the mig-31

551  
00:21:54,950 --> 00:21:52,320  
uh it could have been the mc31 because

552  
00:21:56,950 --> 00:21:54,960  
we know when the mc31 flies so we look

553  
00:21:59,669 --> 00:21:56,960  
at all of the

554  
00:22:01,909 --> 00:21:59,679  
analysis for the mig-31 in flight

555  
00:22:04,230 --> 00:22:01,919  
and none of them match were the uh

556  
00:22:07,029 --> 00:22:04,240  
sightings of the orbs the mig-31s were

557  
00:22:09,510 --> 00:22:07,039  
not flying especially um when the orbs

558  
00:22:12,390 --> 00:22:09,520  
are flying in space above 123 thousand

559  
00:22:13,110 --> 00:22:12,400  
feet we knew okay that's 331

560  
00:22:15,029 --> 00:22:13,120  
right

561  
00:22:16,230 --> 00:22:15,039  
so we eliminated that

562  
00:22:16,950 --> 00:22:16,240  
and then

563  
00:22:17,669 --> 00:22:16,960

so

564

00:22:18,630 --> 00:22:17,679

the

565

00:22:19,830 --> 00:22:18,640

uh

566

00:22:22,710 --> 00:22:19,840

orbs are

567

00:22:25,909 --> 00:22:22,720

or anything up in space

568

00:22:28,470 --> 00:22:25,919

from space to the ground when in space

569

00:22:31,510 --> 00:22:28,480

that is the responsibility of not cia

570

00:22:33,830 --> 00:22:31,520

dia or nsa or nro nro builds the

571

00:22:37,990 --> 00:22:33,840

satellites to do it but the

572

00:22:42,070 --> 00:22:38,000

ngo nga national spatial intelligence

573

00:22:43,669 --> 00:22:42,080

agency nga i was amused in the uh

574

00:22:46,070 --> 00:22:43,679

skin walkers of the pentagon book that

575

00:22:47,430 --> 00:22:46,080

lakaski actually called it ngia and

576  
00:22:48,950 --> 00:22:47,440  
that's a mistake

577  
00:22:51,430 --> 00:22:48,960  
it's

578  
00:22:53,190 --> 00:22:51,440  
another agency

579  
00:22:56,470 --> 00:22:53,200  
they

580  
00:22:57,430 --> 00:22:56,480  
were the owners of that data of the orb

581  
00:23:01,669 --> 00:22:57,440  
data

582  
00:23:03,669 --> 00:23:01,679  
needed to find out if it's not an

583  
00:23:05,510 --> 00:23:03,679  
aircraft what could it be

584  
00:23:07,270 --> 00:23:05,520  
the first thing you would look the first

585  
00:23:09,190 --> 00:23:07,280  
place you would look is to eliminate

586  
00:23:12,390 --> 00:23:09,200  
that there were glitches in the software

587  
00:23:14,149 --> 00:23:12,400  
the imagery analysis software right

588  
00:23:16,549 --> 00:23:14,159

and so it could could it be like a

589

00:23:18,390 --> 00:23:16,559

glitch there uh what happened why are

590

00:23:21,669 --> 00:23:18,400

these orbs being seen

591

00:23:23,110 --> 00:23:21,679

and they totally like ruled out that

592

00:23:25,669 --> 00:23:23,120

it's software

593

00:23:28,230 --> 00:23:25,679

so all of the imagery analysis software

594

00:23:31,350 --> 00:23:28,240

was working as was intended

595

00:23:34,070 --> 00:23:31,360

secondly uh the next place you go

596

00:23:36,549 --> 00:23:34,080

from the nga perspective is to ask nro

597

00:23:38,630 --> 00:23:36,559

since nro is responsible for the care

598

00:23:40,549 --> 00:23:38,640

and feeding of our

599

00:23:42,070 --> 00:23:40,559

overhead constellation

600

00:23:43,430 --> 00:23:42,080

um

601  
00:23:45,269 --> 00:23:43,440  
was there anything wrong with the

602  
00:23:47,350 --> 00:23:45,279  
satellites could you check the

603  
00:23:49,590 --> 00:23:47,360  
satellites are they working

604  
00:23:51,350 --> 00:23:49,600  
so nga check the satellites and say yep

605  
00:23:53,350 --> 00:23:51,360  
they're working so if it's not the

606  
00:23:54,789 --> 00:23:53,360  
software on the ground or the hardware

607  
00:23:57,110 --> 00:23:54,799  
up in space

608  
00:23:58,710 --> 00:23:57,120  
uh we we have an interesting situation

609  
00:23:59,990 --> 00:23:58,720  
there's something there because it's not

610  
00:24:01,669 --> 00:24:00,000  
an atmosphere

611  
00:24:02,710 --> 00:24:01,679  
i'd like to see everyone's face at that

612  
00:24:05,430 --> 00:24:02,720  
point

613  
00:24:06,630 --> 00:24:05,440

and well what happened was the nga and

614

00:24:08,230 --> 00:24:06,640

nro

615

00:24:11,510 --> 00:24:08,240

together

616

00:24:12,789 --> 00:24:11,520

established a working group

617

00:24:14,789 --> 00:24:12,799

and

618

00:24:16,950 --> 00:24:14,799

it's not true that to do anything to

619

00:24:18,950 --> 00:24:16,960

government you need money this is part

620

00:24:21,669 --> 00:24:18,960

of the everyday job

621

00:24:23,909 --> 00:24:21,679

that we have is to make sure that our

622

00:24:26,070 --> 00:24:23,919

collection systems are operating as

623

00:24:28,390 --> 00:24:26,080

normal and that's already pre-funded

624

00:24:31,190 --> 00:24:28,400

that's already in the um

625

00:24:34,070 --> 00:24:31,200

the intelligence budget for both the

626

00:24:35,430 --> 00:24:34,080

title 10 military side and the title 50

627

00:24:37,830 --> 00:24:35,440

civilian side

628

00:24:39,990 --> 00:24:37,840

so as a matter of course you can just

629

00:24:41,830 --> 00:24:40,000

call a working group together

630

00:24:44,549 --> 00:24:41,840

and so they send out the working group

631

00:24:46,630 --> 00:24:44,559

invitations to subject matter experts in

632

00:24:48,710 --> 00:24:46,640

every intelligence agency

633

00:24:50,870 --> 00:24:48,720

so at cia there was a subject matter

634

00:24:51,750 --> 00:24:50,880

expert that they went to

635

00:24:54,070 --> 00:24:51,760

and this

636

00:24:55,830 --> 00:24:54,080

subject matter expert

637

00:24:58,310 --> 00:24:55,840

remember i mentioned office of

638

00:25:00,470 --> 00:24:58,320

scientific intelligence hadoop that

639

00:25:02,470 --> 00:25:00,480

office merged with the office of weapons

640

00:25:04,630 --> 00:25:02,480

intelligence and created something

641

00:25:07,750 --> 00:25:04,640

called the office of science

642

00:25:09,909 --> 00:25:07,760

scientific and weapons research

643

00:25:13,190 --> 00:25:09,919

and oswr

644

00:25:15,510 --> 00:25:13,200

and if you're a tom clancy reader

645

00:25:18,149 --> 00:25:15,520

in the cardinal of the kremlin

646

00:25:19,269 --> 00:25:18,159

he revealed the existence of oswr and

647

00:25:21,990 --> 00:25:19,279

what it did

648

00:25:24,230 --> 00:25:22,000

this guy was really well connected

649

00:25:26,310 --> 00:25:24,240

um and so oswr

650

00:25:28,310 --> 00:25:26,320

and its predecessor called the weapons

651  
00:25:32,149 --> 00:25:28,320  
intelligence non-proliferation armed

652  
00:25:35,350 --> 00:25:32,159  
control center windpac w-i-n-p-a-c

653  
00:25:37,909 --> 00:25:35,360  
that organization will be responsible

654  
00:25:39,590 --> 00:25:37,919  
for looking at these type

655  
00:25:41,750 --> 00:25:39,600  
types of phenomena

656  
00:25:43,510 --> 00:25:41,760  
and so their subject matter expert then

657  
00:25:46,149 --> 00:25:43,520  
went into the agency

658  
00:25:48,310 --> 00:25:46,159  
and just not cia but all the agencies

659  
00:25:49,909 --> 00:25:48,320  
all the subject matter experts and then

660  
00:25:51,750 --> 00:25:49,919  
they start briefing the appropriate

661  
00:25:53,430 --> 00:25:51,760  
people

662  
00:25:56,630 --> 00:25:53,440  
that we're starting this working group

663  
00:25:58,630 --> 00:25:56,640

and this is why we're starting it

664

00:25:59,920 --> 00:25:58,640

and so the agencies would then

665

00:26:01,269 --> 00:25:59,930

contribute

666

00:26:02,310 --> 00:26:01,279

[Music]

667

00:26:04,149 --> 00:26:02,320

other

668

00:26:07,029 --> 00:26:04,159

working group subject traumatic experts

669

00:26:09,350 --> 00:26:07,039

to participate in this study

670

00:26:12,630 --> 00:26:09,360

and so they all gathered

671

00:26:15,430 --> 00:26:12,640

and it's at an nga facility um nga is

672

00:26:17,510 --> 00:26:15,440

located in springfield virginia

673

00:26:19,750 --> 00:26:17,520

and in st louis missouri

674

00:26:21,029 --> 00:26:19,760

and they want to stay out of dc

675

00:26:24,630 --> 00:26:21,039

so

676

00:26:28,710 --> 00:26:24,640

and this is nothing classified you can

677

00:26:30,710 --> 00:26:28,720

look up nga wdest west nga west and

678

00:26:32,310 --> 00:26:30,720

you'll see that there's a presence in st

679

00:26:34,470 --> 00:26:32,320

louis missouri

680

00:26:37,430 --> 00:26:34,480

um and so they gathered there let's say

681

00:26:39,269 --> 00:26:37,440

and they studied these forms and they

682

00:26:41,350 --> 00:26:39,279

cast more collection

683

00:26:42,630 --> 00:26:41,360

that is now you're going to task the

684

00:26:44,470 --> 00:26:42,640

constellation

685

00:26:47,029 --> 00:26:44,480

to look for this you're not going to

686

00:26:49,190 --> 00:26:47,039

filter this out as noise anymore don't

687

00:26:52,070 --> 00:26:49,200

filter it out if you see this it's not

688

00:26:54,630 --> 00:26:52,080

noise it's not an anomaly collected and

689

00:26:55,750 --> 00:26:54,640

they studied it and they studied it in

690

00:26:57,590 --> 00:26:55,760

depth

691

00:27:00,310 --> 00:26:57,600

and from there

692

00:27:01,190 --> 00:27:00,320

they said okay now we have all of these

693

00:27:03,190 --> 00:27:01,200

um

694

00:27:08,549 --> 00:27:03,200

agencies you know the big the big

695

00:27:11,430 --> 00:27:08,559

agencies uh nsa cia dia nro nga and all

696

00:27:13,590 --> 00:27:11,440

of the uh beltway bandits

697

00:27:15,110 --> 00:27:13,600

and you know those uh lockheed martin's

698

00:27:17,830 --> 00:27:15,120

raytheon's

699

00:27:18,950 --> 00:27:17,840

all up all right and all those

700

00:27:22,630 --> 00:27:18,960

together

701

00:27:25,990 --> 00:27:22,640

and they produced a report on

702

00:27:28,549 --> 00:27:26,000

their findings wow this report is not

703

00:27:30,230 --> 00:27:28,559

geared toward oh my gosh it's a threat

704

00:27:32,549 --> 00:27:30,240

it's a hey here's the scientific

705

00:27:34,389 --> 00:27:32,559

findings that we we have

706

00:27:36,870 --> 00:27:34,399

and we don't know what's going on but it

707

00:27:40,149 --> 00:27:36,880

is going on it's a legitimate thing

708

00:27:43,269 --> 00:27:40,159

so now you know enter the dni

709

00:27:46,149 --> 00:27:43,279

and so since the title 50 civilian side

710

00:27:48,310 --> 00:27:46,159

of these agencies work for the dni the

711

00:27:50,789 --> 00:27:48,320

dni will then brief the president of the

712

00:27:53,590 --> 00:27:50,799

united states which uh let's say it's

713

00:27:55,430 --> 00:27:53,600

george bush

714

00:27:58,149 --> 00:27:55,440

and so

715

00:28:00,230 --> 00:27:58,159

decision levers are formulated by the

716

00:28:02,070 --> 00:28:00,240

intelligence community working group

717

00:28:05,430 --> 00:28:02,080

i should add the the intelligence

718

00:28:07,909 --> 00:28:05,440

community never ever makes policy

719

00:28:09,590 --> 00:28:07,919

we do not tell the policymakers what

720

00:28:12,310 --> 00:28:09,600

policy they should pursue

721

00:28:14,470 --> 00:28:12,320

we give them uh options called decision

722

00:28:17,190 --> 00:28:14,480

levers and with and when they pull the

723

00:28:19,590 --> 00:28:17,200

decision level one let's say there's a

724

00:28:22,630 --> 00:28:19,600

range of options they can execute

725

00:28:25,590 --> 00:28:22,640

with uh an assessment of success and

726

00:28:28,630 --> 00:28:25,600

also an assessment of likely outcomes

727

00:28:30,710 --> 00:28:28,640

and most importantly unintended outcomes

728

00:28:32,230 --> 00:28:30,720

so if you do this all these good things

729

00:28:34,230 --> 00:28:32,240

that happen but oh by the way all these

730

00:28:36,470 --> 00:28:34,240

bad things might happen as well

731

00:28:39,110 --> 00:28:36,480

so we give them a range so let's say the

732

00:28:40,950 --> 00:28:39,120

three ranges are um we're going to

733

00:28:42,830 --> 00:28:40,960

continue to observe

734

00:28:45,590 --> 00:28:42,840

but do not provoke the

735

00:28:47,909 --> 00:28:45,600

phenomena the second one might be

736

00:28:50,630 --> 00:28:47,919

we're going to continue to observe

737

00:28:52,630 --> 00:28:50,640

but we want to do something to attract

738

00:28:54,389 --> 00:28:52,640

the phenomenon

739

00:28:56,549 --> 00:28:54,399

and the third one might be

740

00:28:58,630 --> 00:28:56,559

not only are we going to observe

741

00:29:00,789 --> 00:28:58,640

but we're going to take kinetic action

742

00:29:02,870 --> 00:29:00,799

against that phenomenon

743

00:29:04,310 --> 00:29:02,880

which is like for intents and purposes

744

00:29:04,870 --> 00:29:04,320

let's shoot one down

745

00:29:06,389 --> 00:29:04,880

right well

746

00:29:08,870 --> 00:29:06,399

[Music]

747

00:29:10,549 --> 00:29:08,880

three didn't happen it was no intention

748

00:29:13,430 --> 00:29:10,559

to shoot anything down

749

00:29:16,230 --> 00:29:13,440

yeah two didn't happen one was continue

750

00:29:18,310 --> 00:29:16,240

to collect and analyze the phenomenon

751  
00:29:21,029 --> 00:29:18,320  
gather more intelligence

752  
00:29:21,909 --> 00:29:21,039  
and so that's what the policy makers

753  
00:29:23,110 --> 00:29:21,919  
knew

754  
00:29:26,230 --> 00:29:23,120  
okay

755  
00:29:29,029 --> 00:29:26,240  
now we have knits and we have the book

756  
00:29:31,750 --> 00:29:29,039  
um which george knapp's book um

757  
00:29:35,190 --> 00:29:31,760  
humphrey skinwalker

758  
00:29:36,789 --> 00:29:35,200  
with knits uh sponsoring uh this the the

759  
00:29:39,430 --> 00:29:36,799  
book

760  
00:29:40,950 --> 00:29:39,440  
now we have that and from reading skin

761  
00:29:42,549 --> 00:29:40,960  
walkers to the pentagon you're you're

762  
00:29:44,149 --> 00:29:42,559  
led to believe that

763  
00:29:45,830 --> 00:29:44,159

james lukowski

764

00:29:48,389 --> 00:29:45,840

found the book it was fascinated by it

765

00:29:50,470 --> 00:29:48,399

said my god we need to like

766

00:29:51,830 --> 00:29:50,480

create something like asap going to

767

00:29:53,909 --> 00:29:51,840

senator reid

768

00:29:55,029 --> 00:29:53,919

well what that book didn't address was

769

00:29:58,389 --> 00:29:55,039

that

770

00:30:00,070 --> 00:29:58,399

scientific studies

771

00:30:02,389 --> 00:30:00,080

of this phenomenon

772

00:30:05,350 --> 00:30:02,399

from a space-based perspective

773

00:30:07,269 --> 00:30:05,360

what lakoski did was since he knew about

774

00:30:09,669 --> 00:30:07,279

the knit study at skinwalker ranch he

775

00:30:11,190 --> 00:30:09,679

studied the phenomenon on the ground

776

00:30:13,590 --> 00:30:11,200

okay and so

777

00:30:15,750 --> 00:30:13,600

uh that's a long explanation but if you

778

00:30:17,430 --> 00:30:15,760

read and i suggest everyone read the

779

00:30:18,950 --> 00:30:17,440

book because there's some fascinating

780

00:30:21,510 --> 00:30:18,960

information in there

781

00:30:24,630 --> 00:30:21,520

and i can talk about orbs without

782

00:30:26,310 --> 00:30:24,640

any kind of uh

783

00:30:28,070 --> 00:30:26,320

stigma then you're talking about

784

00:30:31,269 --> 00:30:28,080

something that's really rude but you

785

00:30:34,149 --> 00:30:31,279

know they saw worse um on the ground and

786

00:30:37,269 --> 00:30:34,159

um they documented orbs in the sky

787

00:30:39,669 --> 00:30:37,279

so that's what happened from alsat

788

00:30:42,470 --> 00:30:39,679

well onward now i left the government

789

00:30:45,909 --> 00:30:42,480

before all sap started as also starting

790

00:30:48,070 --> 00:30:45,919

i left the government in 2009 so i did

791

00:30:50,470 --> 00:30:48,080

not know that allsaf was even in

792

00:30:53,029 --> 00:30:50,480

existence it was truly a

793

00:30:54,870 --> 00:30:53,039

special access program within the title

794

00:30:57,269 --> 00:30:54,880

10 department of defense

795

00:30:59,110 --> 00:30:57,279

what i knew about was that there have

796

00:31:01,190 --> 00:30:59,120

always been studies

797

00:31:02,830 --> 00:31:01,200

about this phenomenon

798

00:31:05,669 --> 00:31:02,840

it seems like

799

00:31:07,750 --> 00:31:05,679

but uh what really triggered the

800

00:31:09,909 --> 00:31:07,760

acceleration of this study was the fact

801  
00:31:11,350 --> 00:31:09,919  
that now we had a new type of sensor

802  
00:31:14,549 --> 00:31:11,360  
data

803  
00:31:18,470 --> 00:31:14,559  
that can more in depth examine the

804  
00:31:19,750 --> 00:31:18,480  
phenomenon as to what it is it's makeup

805  
00:31:21,909 --> 00:31:19,760  
and so

806  
00:31:23,830 --> 00:31:21,919  
uh that's the part that's missing that i

807  
00:31:26,470 --> 00:31:23,840  
included in my slide presentation that

808  
00:31:29,190 --> 00:31:26,480  
cia said it's not classified

809  
00:31:30,549 --> 00:31:29,200  
wow that's incredible i i just first of

810  
00:31:32,789 --> 00:31:30,559  
all want to thank you for sharing all

811  
00:31:34,950 --> 00:31:32,799  
that i feel like a lot of people have

812  
00:31:35,990 --> 00:31:34,960  
been in the dark for whatever reason as

813  
00:31:37,430 --> 00:31:36,000

far as

814

00:31:39,430 --> 00:31:37,440

you know what's happened in all that

815

00:31:43,269 --> 00:31:39,440

time and it's really kind of you to

816

00:31:45,029 --> 00:31:43,279

share that with us um i have to ask did

817

00:31:47,750 --> 00:31:45,039

were any sort of

818

00:31:50,389 --> 00:31:47,760

conclusions made as far as where from or

819

00:31:52,789 --> 00:31:50,399

intent from uh the study lockheed and

820

00:31:54,149 --> 00:31:52,799

all the other big guys did

821

00:31:57,350 --> 00:31:54,159

and that's why

822

00:31:58,630 --> 00:31:57,360

i refused to be read in to that program

823

00:32:00,710 --> 00:31:58,640

i really

824

00:32:04,070 --> 00:32:00,720

got a fact of knowledge

825

00:32:06,389 --> 00:32:04,080

because i sent two of my engineers

826

00:32:09,110 --> 00:32:06,399

to nga west

827

00:32:11,350 --> 00:32:09,120

and they got right into everything

828

00:32:13,590 --> 00:32:11,360

uh but i did not i did not want any

829

00:32:15,909 --> 00:32:13,600

readings i can't discuss that at all i i

830

00:32:17,750 --> 00:32:15,919

don't speculate um i can give you

831

00:32:19,990 --> 00:32:17,760

informed speculation but i can't

832

00:32:22,389 --> 00:32:20,000

speculate about any of that

833

00:32:23,350 --> 00:32:22,399

yeah that's okay

834

00:32:24,789 --> 00:32:23,360

okay

835

00:32:25,990 --> 00:32:24,799

um

836

00:32:28,310 --> 00:32:26,000

so then

837

00:32:30,149 --> 00:32:28,320

you know in your career have you had any

838

00:32:34,149 --> 00:32:30,159

experience with

839

00:32:36,230 --> 00:32:34,159

um louis elizondo and any of that stuff

840

00:32:38,149 --> 00:32:36,240

um chris mellon

841

00:32:40,070 --> 00:32:38,159

i knew about chris mellon because he was

842

00:32:42,470 --> 00:32:40,080

a policymaker you know

843

00:32:43,990 --> 00:32:42,480

the uh i intelligence

844

00:32:46,630 --> 00:32:44,000

um actually he was not the under

845

00:32:48,230 --> 00:32:46,640

secretary he was the deputy assistant

846

00:32:50,710 --> 00:32:48,240

something else

847

00:32:51,590 --> 00:32:50,720

um he wasn't the actual guy

848

00:32:54,710 --> 00:32:51,600

um

849

00:32:56,789 --> 00:32:54,720

at usdi but he was somewhat below that

850

00:32:59,830 --> 00:32:56,799

um so

851

00:33:01,269 --> 00:32:59,840

cia analysis supports the

852

00:33:03,430 --> 00:33:01,279

supports them

853

00:33:04,950 --> 00:33:03,440

right okay and they they get information

854

00:33:07,590 --> 00:33:04,960

not just from cia about all the

855

00:33:09,990 --> 00:33:07,600

intelligence agencies dia is their

856

00:33:11,590 --> 00:33:10,000

primary product producer since they're

857

00:33:14,070 --> 00:33:11,600

in the department of defense so di

858

00:33:15,909 --> 00:33:14,080

provides military intelligence that they

859

00:33:18,710 --> 00:33:15,919

really need we provide scientific and

860

00:33:21,590 --> 00:33:18,720

technical intelligence uh not really

861

00:33:23,110 --> 00:33:21,600

geared towards assessing the threat

862

00:33:25,269 --> 00:33:23,120

right that's different so i knew about

863

00:33:26,149 --> 00:33:25,279

chris mellon but i didn't know about

864

00:33:27,350 --> 00:33:26,159

sondo

865

00:33:28,870 --> 00:33:27,360

okay

866

00:33:31,350 --> 00:33:28,880

um

867

00:33:33,509 --> 00:33:31,360

you now being in the cia intelligence

868

00:33:35,830 --> 00:33:33,519

all that um do you have any experience

869

00:33:36,870 --> 00:33:35,840

with remote viewing by chance

870

00:33:39,990 --> 00:33:36,880

um

871

00:33:41,990 --> 00:33:40,000

yes but not official

872

00:33:44,230 --> 00:33:42,000

and a remote viewing like everybody else

873

00:33:46,630 --> 00:33:44,240

because i i

874

00:33:49,110 --> 00:33:46,640

i heard about it uh listening to uh

875

00:33:50,310 --> 00:33:49,120

coast to coast am back when art bill was

876

00:33:53,350 --> 00:33:50,320

really close

877

00:33:57,110 --> 00:33:53,360

and so by the way coast-to-coast am was

878

00:33:58,710 --> 00:33:57,120

a very popular program amongst uh uh my

879

00:34:00,549 --> 00:33:58,720

friends at cia

880

00:34:03,669 --> 00:34:00,559

uh we listened to it religiously and we

881

00:34:05,990 --> 00:34:03,679

would like discuss it at lunch you know

882

00:34:07,190 --> 00:34:06,000

what you know what we heard on coast

883

00:34:09,510 --> 00:34:07,200

coast am

884

00:34:11,109 --> 00:34:09,520

um and so i learned about remote viewing

885

00:34:12,149 --> 00:34:11,119

in that sense that there was such a

886

00:34:15,589 --> 00:34:12,159

program

887

00:34:18,470 --> 00:34:17,349

i posted

888

00:34:20,389 --> 00:34:18,480

in a

889

00:34:23,510 --> 00:34:20,399

discussion database

890

00:34:26,149 --> 00:34:23,520

that's unclassified that can't be foia

891

00:34:29,430 --> 00:34:26,159

because it's not an official record

892

00:34:33,030 --> 00:34:29,440

this is a discussion database

893

00:34:36,149 --> 00:34:33,040

in lotus notes by ibm lotus notes was

894

00:34:37,030 --> 00:34:36,159

the primary software that cia used

895

00:34:39,030 --> 00:34:37,040

to

896

00:34:41,270 --> 00:34:39,040

communicate everything there were lotus

897

00:34:45,030 --> 00:34:41,280

notes applications for everything this

898

00:34:49,270 --> 00:34:47,430

before like facebook and twitter and all

899

00:34:50,550 --> 00:34:49,280

this you know so we had lotus notes

900

00:34:54,069 --> 00:34:50,560

databases

901  
00:34:56,710 --> 00:34:54,079  
one of them was called the users group

902  
00:34:57,670 --> 00:34:56,720  
and we called it affectionally thugs

903  
00:34:59,270 --> 00:34:57,680  
that's a

904  
00:35:01,990 --> 00:34:59,280  
poor choice of name

905  
00:35:04,390 --> 00:35:02,000  
but it's called the user's group and we

906  
00:35:06,470 --> 00:35:04,400  
thug and we just put an s at the end

907  
00:35:07,829 --> 00:35:06,480  
and i was one of the administrators of

908  
00:35:11,349 --> 00:35:07,839  
that database

909  
00:35:13,349 --> 00:35:11,359  
it was just about mostly about like uh

910  
00:35:14,870 --> 00:35:13,359  
us computer geeks getting together and

911  
00:35:17,270 --> 00:35:14,880  
trying to like hey did you try the

912  
00:35:22,150 --> 00:35:17,280  
latest nvidia card you know i got like

913  
00:35:26,630 --> 00:35:24,310

we talked about everything other than

914

00:35:28,710 --> 00:35:26,640

intelligence work because cia said you

915

00:35:30,870 --> 00:35:28,720

can use this database to exchange

916

00:35:33,430 --> 00:35:30,880

technical data or technology data but

917

00:35:35,190 --> 00:35:33,440

you can't talk about classified stuff

918

00:35:38,150 --> 00:35:35,200

right well

919

00:35:40,310 --> 00:35:38,160

see this there's the advantage there

920

00:35:43,109 --> 00:35:40,320

i started talking about remote viewing

921

00:35:45,670 --> 00:35:43,119

and uh so through talking about remote

922

00:35:47,829 --> 00:35:45,680

viewing i got private uh

923

00:35:49,510 --> 00:35:47,839

emails within cia

924

00:35:51,270 --> 00:35:49,520

of people saying yeah i know about the

925

00:35:52,950 --> 00:35:51,280

remote viewing program yeah we had this

926  
00:35:54,790 --> 00:35:52,960  
remote viewing program

927  
00:35:56,069 --> 00:35:54,800  
and uh then

928  
00:35:57,829 --> 00:35:56,079  
there were books written about the

929  
00:35:59,349 --> 00:35:57,839  
remote viewing program which i read

930  
00:36:00,230 --> 00:35:59,359  
voraciously

931  
00:36:03,190 --> 00:36:00,240  
um

932  
00:36:05,510 --> 00:36:03,200  
and so when ed dames

933  
00:36:08,710 --> 00:36:05,520  
major ed danes was a frequent guest on

934  
00:36:12,550 --> 00:36:08,720  
couscous am and he was selling this

935  
00:36:15,109 --> 00:36:12,560  
home remote viewing kit

936  
00:36:18,470 --> 00:36:15,119  
and i purchased two of them uh

937  
00:36:22,790 --> 00:36:18,480  
there's no one did you get a bogo

938  
00:36:26,390 --> 00:36:22,800

dhs and the other one was on cds

939

00:36:28,710 --> 00:36:26,400

uh so i purchased in my i did the first

940

00:36:31,829 --> 00:36:28,720

part of the course and just practicing

941

00:36:34,870 --> 00:36:31,839

and um there were other uh a friend of

942

00:36:37,030 --> 00:36:34,880

mine a cia friend of mine also uh

943

00:36:40,390 --> 00:36:37,040

had the course and we were like

944

00:36:42,230 --> 00:36:40,400

practicing remotely together ncia during

945

00:36:44,230 --> 00:36:42,240

her lunch breaks

946

00:36:46,550 --> 00:36:44,240

what's unofficial lunch breaks right

947

00:36:48,710 --> 00:36:46,560

right um so yeah that that was my

948

00:36:51,030 --> 00:36:48,720

experience with the remote viewing now i

949

00:36:55,430 --> 00:36:51,040

can also add to that then be careful

950

00:36:57,349 --> 00:36:55,440

here i believe that i've actually seen

951  
00:36:59,510 --> 00:36:57,359  
data from remote viewing

952  
00:37:00,710 --> 00:36:59,520  
because i was given data and said here's

953  
00:37:02,150 --> 00:37:00,720  
a drawing

954  
00:37:03,990 --> 00:37:02,160  
and i said okay where's this drawing

955  
00:37:06,630 --> 00:37:04,000  
from that's interesting

956  
00:37:08,630 --> 00:37:06,640  
and it looks like a radar system i don't

957  
00:37:10,470 --> 00:37:08,640  
know what this radar system is he said

958  
00:37:12,470 --> 00:37:10,480  
what you know the first thing you asked

959  
00:37:14,310 --> 00:37:12,480  
is that intelligence analyst what was

960  
00:37:16,470 --> 00:37:14,320  
the source of the data and what was the

961  
00:37:19,030 --> 00:37:16,480  
method of extraction they said oh that's

962  
00:37:21,030 --> 00:37:19,040  
a very sensitive source i can't tell you

963  
00:37:23,910 --> 00:37:21,040

what i mean what do you think about this

964

00:37:25,270 --> 00:37:23,920

so i did a complete analysis

965

00:37:28,790 --> 00:37:25,280

and submitted it

966

00:37:31,589 --> 00:37:28,800

and years later i found out what i saw

967

00:37:34,870 --> 00:37:31,599

in the photograph the remote viewer

968

00:37:37,349 --> 00:37:34,880

was very good at uh actually

969

00:37:39,670 --> 00:37:37,359

letting us know about a certain radar in

970

00:37:42,550 --> 00:37:39,680

in russia that they were working on

971

00:37:44,950 --> 00:37:42,560

wow that is incredible yeah that was my

972

00:37:47,109 --> 00:37:44,960

one and only remote viewing story

973

00:37:50,310 --> 00:37:47,119

that's a pretty good one though

974

00:37:52,870 --> 00:37:50,320

90s when the program stopped but it

975

00:37:56,950 --> 00:37:52,880

seemed like there was a a lot of uh

976

00:37:59,270 --> 00:37:56,960

backlog of these reports and so

977

00:38:02,550 --> 00:37:59,280

these reports were pulsed out to uh

978

00:38:05,109 --> 00:38:02,560

subject matter experts mine was in

979

00:38:07,670 --> 00:38:05,119

large russian radars like ballistic

980

00:38:08,790 --> 00:38:07,680

missile defense radars big ones

981

00:38:12,310 --> 00:38:08,800

um

982

00:38:14,069 --> 00:38:12,320

and so since the remote viewing or

983

00:38:15,750 --> 00:38:14,079

alleged remote viewing of the diagram

984

00:38:17,430 --> 00:38:15,760

that i got looked like something like

985

00:38:19,750 --> 00:38:17,440

that it came to me

986

00:38:21,349 --> 00:38:19,760

and so that was my one and only remote

987

00:38:23,030 --> 00:38:21,359

viewing story but i got confirmation

988

00:38:24,710 --> 00:38:23,040

from with them of people who are

989

00:38:26,550 --> 00:38:24,720

actually in the program from the cia

990

00:38:27,510 --> 00:38:26,560

side saying yeah we actually had this

991

00:38:29,270 --> 00:38:27,520

program

992

00:38:31,990 --> 00:38:29,280

that's incredible yeah and i've told you

993

00:38:34,310 --> 00:38:32,000

i'm pretty deep into the foyer reading

994

00:38:36,230 --> 00:38:34,320

library and that whole stargate program

995

00:38:41,109 --> 00:38:36,240

and everything there's a lot of reports

996

00:38:44,790 --> 00:38:42,790

let's kind of go backwards i wanted to

997

00:38:47,190 --> 00:38:44,800

ask you something have you heard of the

998

00:38:48,150 --> 00:38:47,200

national security space office formerly

999

00:38:51,190 --> 00:38:48,160

ns

1000

00:38:53,270 --> 00:38:51,200

and do you know if anything was

1001  
00:38:55,510 --> 00:38:53,280  
happening with that

1002  
00:38:58,150 --> 00:38:55,520  
if it has anything to do with this

1003  
00:39:00,790 --> 00:38:58,160  
national security space office

1004  
00:39:02,550 --> 00:39:00,800  
yeah nssso

1005  
00:39:04,550 --> 00:39:02,560  
ssso

1006  
00:39:06,870 --> 00:39:04,560  
i'll take that as a note

1007  
00:39:09,190 --> 00:39:06,880  
unless it's a part of the nro i would

1008  
00:39:11,430 --> 00:39:09,200  
not know because the nro runs the

1009  
00:39:12,870 --> 00:39:11,440  
national security space program for the

1010  
00:39:14,790 --> 00:39:12,880  
entire video

1011  
00:39:17,030 --> 00:39:14,800  
uh okay gotcha understand i think it's

1012  
00:39:18,790 --> 00:39:17,040  
just an office within in a row you have

1013  
00:39:21,750 --> 00:39:18,800

to dig out the annual

1014

00:39:23,190 --> 00:39:21,760

organization parts and look back at it

1015

00:39:29,589 --> 00:39:23,200

you know the government you know it's

1016

00:39:32,870 --> 00:39:30,870

to make it look like oh we're doing

1017

00:39:34,470 --> 00:39:32,880

something different

1018

00:39:38,310 --> 00:39:34,480

keep the money coming

1019

00:39:41,190 --> 00:39:38,320

um so it might be an nro part of the nro

1020

00:39:43,349 --> 00:39:41,200

and i can't say for sure i don't know

1021

00:39:44,230 --> 00:39:43,359

yeah no that's okay i just wanted to ask

1022

00:39:46,550 --> 00:39:44,240

um

1023

00:39:49,589 --> 00:39:46,560

what when did the intelligence groups or

1024

00:39:50,870 --> 00:39:49,599

you uh basically start realizing that

1025

00:39:53,670 --> 00:39:50,880

there may be

1026

00:39:55,190 --> 00:39:53,680

some sort of uh paranormal or conscious

1027

00:39:58,150 --> 00:39:55,200

connection to

1028

00:40:00,550 --> 00:39:58,160

these orbs or just ufos in general

1029

00:40:04,069 --> 00:40:00,560

that's a personal download i

1030

00:40:05,990 --> 00:40:04,079

nothing from my professional experience

1031

00:40:08,230 --> 00:40:06,000

well this is my personal experience

1032

00:40:10,950 --> 00:40:08,240

because i've had

1033

00:40:13,589 --> 00:40:10,960

these uh metaphysical experiences

1034

00:40:14,950 --> 00:40:13,599

related to visitors

1035

00:40:16,550 --> 00:40:14,960

um

1036

00:40:18,150 --> 00:40:16,560

i call them people

1037

00:40:19,990 --> 00:40:18,160

they're just people they're just

1038

00:40:22,390 --> 00:40:20,000

different from us

1039

00:40:23,510 --> 00:40:22,400  
and i had folks visiting me from

1040

00:40:24,790 --> 00:40:23,520  
elsewhere

1041

00:40:27,270 --> 00:40:24,800  
um that

1042

00:40:29,270 --> 00:40:27,280  
pretty much as people have said you know

1043

00:40:30,470 --> 00:40:29,280  
they could be shadows or they could be

1044

00:40:33,190 --> 00:40:30,480  
um

1045

00:40:34,950 --> 00:40:33,200  
like uh corporeal beings i've had

1046

00:40:35,910 --> 00:40:34,960  
experiences like that all throughout my

1047

00:40:37,990 --> 00:40:35,920  
life

1048

00:40:40,950 --> 00:40:38,000  
yeah and this goes more into the woo

1049

00:40:43,589 --> 00:40:40,960  
factor but um sure no that's i do that

1050

00:40:46,550 --> 00:40:43,599  
here so yeah

1051  
00:40:50,470 --> 00:40:48,950  
now it it must have been kind of intense

1052  
00:40:55,349 --> 00:40:50,480  
for you to

1053  
00:40:57,430 --> 00:40:55,359  
not currently be you know uh serving

1054  
00:41:00,069 --> 00:40:57,440  
and you see all this play out on the

1055  
00:41:03,349 --> 00:41:00,079  
news 2017 with the navy videos and the

1056  
00:41:05,990 --> 00:41:03,359  
big article i i'm sure you were had some

1057  
00:41:07,990 --> 00:41:06,000  
sense of shock um when you saw those

1058  
00:41:10,069 --> 00:41:08,000  
videos in the story

1059  
00:41:11,910 --> 00:41:10,079  
what did you think of it does the did

1060  
00:41:13,750 --> 00:41:11,920  
the videos do anything for you have you

1061  
00:41:15,270 --> 00:41:13,760  
seen that kind of thing before it was it

1062  
00:41:16,630 --> 00:41:15,280  
all brand new

1063  
00:41:18,710 --> 00:41:16,640

no i mean it

1064

00:41:21,430 --> 00:41:18,720

shock value was like minimal i mean it

1065

00:41:22,950 --> 00:41:21,440

was no shock whatsoever

1066

00:41:23,829 --> 00:41:22,960

it's just that you know

1067

00:41:26,550 --> 00:41:23,839

um

1068

00:41:28,710 --> 00:41:26,560

i'm both an experiencer and a believer

1069

00:41:30,790 --> 00:41:28,720

yes when i saw them it's all about time

1070

00:41:32,230 --> 00:41:30,800

you know they released these things um

1071

00:41:34,710 --> 00:41:32,240

so i knew about

1072

00:41:35,829 --> 00:41:34,720

the the fact that um the orbs were

1073

00:41:38,069 --> 00:41:35,839

detected

1074

00:41:40,470 --> 00:41:38,079

as far as metallic craft like that or it

1075

00:41:42,470 --> 00:41:40,480

could be uh some manifestation of

1076  
00:41:43,349 --> 00:41:42,480  
electromagnetic energy around a metallic

1077  
00:41:45,829 --> 00:41:43,359  
craft

1078  
00:41:46,790 --> 00:41:45,839  
um it didn't shock me a lot i was just

1079  
00:41:47,990 --> 00:41:46,800  
happy

1080  
00:41:49,750 --> 00:41:48,000  
that

1081  
00:41:51,670 --> 00:41:49,760  
these videos were released because i

1082  
00:41:53,589 --> 00:41:51,680  
thought this was a watershed moment in

1083  
00:41:55,750 --> 00:41:53,599  
the entire ufology field

1084  
00:41:56,550 --> 00:41:55,760  
finally you know the government comes

1085  
00:41:57,670 --> 00:41:56,560  
out

1086  
00:41:58,630 --> 00:41:57,680  
and

1087  
00:42:00,470 --> 00:41:58,640  
presents

1088  
00:42:02,470 --> 00:42:00,480

real data

1089

00:42:04,150 --> 00:42:02,480

it's quite incredible though how even

1090

00:42:06,710 --> 00:42:04,160

though that's happened

1091

00:42:09,349 --> 00:42:06,720

um there's enough

1092

00:42:12,069 --> 00:42:09,359

skepticism or doubt per se

1093

00:42:13,430 --> 00:42:12,079

um to kind of keep us in the same spot

1094

00:42:16,870 --> 00:42:13,440

isn't that

1095

00:42:18,870 --> 00:42:16,880

it's a little odd isn't it isn't yes it

1096

00:42:21,190 --> 00:42:18,880

is it is and it depends on your world

1097

00:42:23,589 --> 00:42:21,200

view where are you coming from right i

1098

00:42:25,670 --> 00:42:23,599

know that when i talk about my personal

1099

00:42:28,069 --> 00:42:25,680

experiences with the phenomenon and i

1100

00:42:29,190 --> 00:42:28,079

should preface this by saying in the

1101

00:42:31,670 --> 00:42:29,200

government

1102

00:42:35,030 --> 00:42:31,680

everything the metallic craft the light

1103

00:42:36,950 --> 00:42:35,040

orbs the beings the paranormal beings

1104

00:42:38,870 --> 00:42:36,960

metaphysical beings ethereal

1105

00:42:40,069 --> 00:42:38,880

consciousness higher consciousness

1106

00:42:42,150 --> 00:42:40,079

beings

1107

00:42:44,630 --> 00:42:42,160

everything is classified under

1108

00:42:46,790 --> 00:42:44,640

the phenomenon with a capital p

1109

00:42:49,430 --> 00:42:46,800

including those disturbing aspects of

1110

00:42:51,910 --> 00:42:49,440

the phenomenon that

1111

00:42:53,510 --> 00:42:51,920

uh were documented in the uh skin

1112

00:42:56,550 --> 00:42:53,520

walkers of the pentagon book so it's all

1113

00:43:02,630 --> 00:42:56,560

the phenomena so as the phenomenon

1114

00:43:07,990 --> 00:43:05,750

i wasn't shocked by it and i

1115

00:43:09,990 --> 00:43:08,000

did not see it as unusual

1116

00:43:11,990 --> 00:43:10,000

um and i lost your training question

1117

00:43:14,950 --> 00:43:12,000

unfortunately no no no that's okay you

1118

00:43:18,390 --> 00:43:14,960

answered it um

1119

00:43:20,150 --> 00:43:18,400

just a couple quick questions on um

1120

00:43:22,309 --> 00:43:20,160

you know because it's not so often i get

1121

00:43:24,550 --> 00:43:22,319

to speak with someone like you so

1122

00:43:26,150 --> 00:43:24,560

um excuse me if i'm asking too many

1123

00:43:29,030 --> 00:43:26,160

questions and i don't want to come off

1124

00:43:32,230 --> 00:43:29,040

route or anything um

1125

00:43:34,230 --> 00:43:32,240

no no no before you guys here's my

1126  
00:43:35,670 --> 00:43:34,240  
philosophy on it you're an american

1127  
00:43:37,510 --> 00:43:35,680  
taxpayer

1128  
00:43:40,069 --> 00:43:37,520  
you already paid for my time you pay

1129  
00:43:41,430 --> 00:43:40,079  
taxes i am enjoying the benefit of

1130  
00:43:43,109 --> 00:43:41,440  
retirement

1131  
00:43:44,870 --> 00:43:43,119  
uh from the government because you paid

1132  
00:43:47,430 --> 00:43:44,880  
your taxes and i was able to take my

1133  
00:43:50,470 --> 00:43:47,440  
salary to set aside tax money

1134  
00:43:52,550 --> 00:43:50,480  
so i'm here at uh

1135  
00:43:54,550 --> 00:43:52,560  
as a supernova whatever you want you

1136  
00:43:57,349 --> 00:43:54,560  
know whatever i can do for it

1137  
00:43:59,670 --> 00:43:57,359  
very good breath of fresh air

1138  
00:44:01,990 --> 00:43:59,680

so yeah go ahead and ask your question

1139

00:44:05,109 --> 00:44:02,000

um a couple things that a lot of people

1140

00:44:08,390 --> 00:44:05,119

talk about uh and that are on minds of

1141

00:44:11,190 --> 00:44:08,400

people um the princeton you know there's

1142

00:44:12,630 --> 00:44:11,200

a lot of uh back and forth as far as the

1143

00:44:15,109 --> 00:44:12,640

data

1144

00:44:16,550 --> 00:44:15,119

and what's happened there and people

1145

00:44:18,470 --> 00:44:16,560

coming mysterious people coming and

1146

00:44:19,910 --> 00:44:18,480

taking the data bricks away

1147

00:44:21,430 --> 00:44:19,920

um

1148

00:44:22,950 --> 00:44:21,440

and then you had mentioned also

1149

00:44:24,710 --> 00:44:22,960

something else

1150

00:44:26,230 --> 00:44:24,720

that we haven't heard about that may

1151  
00:44:27,109 --> 00:44:26,240  
have picked up something

1152  
00:44:28,710 --> 00:44:27,119  
um

1153  
00:44:30,230 --> 00:44:28,720  
would you mind going into that a little

1154  
00:44:31,589 --> 00:44:30,240  
bit

1155  
00:44:33,270 --> 00:44:31,599  
picked up

1156  
00:44:35,190 --> 00:44:33,280  
so first of all the data bricks somebody

1157  
00:44:37,510 --> 00:44:35,200  
came on the princeton i believe it was

1158  
00:44:40,230 --> 00:44:39,190  
yes um

1159  
00:44:41,270 --> 00:44:40,240  
uh

1160  
00:44:49,829 --> 00:44:41,280  
i

1161  
00:44:51,990 --> 00:44:49,839  
the they're the people that operate the

1162  
00:44:53,670 --> 00:44:52,000  
aegis missile system including the radar

1163  
00:44:56,390 --> 00:44:53,680

and the missile itself

1164

00:44:59,750 --> 00:44:56,400

and so it was on the uh a n slash spi

1165

00:45:01,829 --> 00:44:59,760

one or spy one radar phased array radar

1166

00:45:05,030 --> 00:45:01,839

and i

1167

00:45:06,790 --> 00:45:05,040

finally got ahold of him thanks to a

1168

00:45:07,990 --> 00:45:06,800

friend of mine

1169

00:45:12,870 --> 00:45:08,000

and

1170

00:45:14,950 --> 00:45:12,880

was very open to taking questions until

1171

00:45:17,030 --> 00:45:14,960

he saw my questions

1172

00:45:19,589 --> 00:45:17,040

and so one of the questions i asked was

1173

00:45:20,309 --> 00:45:19,599

you know about the radar the data you

1174

00:45:22,430 --> 00:45:20,319

know

1175

00:45:24,390 --> 00:45:22,440

and uh particularly the uh

1176

00:45:26,550 --> 00:45:24,400

electromagnetic data

1177

00:45:28,870 --> 00:45:26,560

uh might have been collected because we

1178

00:45:31,589 --> 00:45:28,880

we know that they have the uh the

1179

00:45:34,069 --> 00:45:31,599

advanced technology flare data that's

1180

00:45:36,630 --> 00:45:34,079

what tic tac videos and the other go

1181

00:45:39,349 --> 00:45:36,640

fast and gimbal videos are about it's

1182

00:45:41,990 --> 00:45:39,359

the ir data and i wanted to know if the

1183

00:45:43,270 --> 00:45:42,000

princeton also collected electromagnetic

1184

00:45:45,430 --> 00:45:43,280

emanations

1185

00:45:47,309 --> 00:45:45,440

uh from a piece of equipment called the

1186

00:45:51,670 --> 00:45:47,319

an slash

1187

00:45:52,790 --> 00:45:51,680

slq 32 or slick 32 it is a microwave

1188

00:45:53,750 --> 00:45:52,800

receiver

1189

00:45:55,670 --> 00:45:53,760

for the

1190

00:45:58,309 --> 00:45:55,680

electronic countermeasure system onboard

1191

00:46:00,870 --> 00:45:58,319

princeton so it can collect a lot of

1192

00:46:02,950 --> 00:46:00,880

electromagnetic eliminations across a

1193

00:46:05,270 --> 00:46:02,960

wide

1194

00:46:06,309 --> 00:46:05,280

radio frequency band band

1195

00:46:07,589 --> 00:46:06,319

bandwidth

1196

00:46:10,630 --> 00:46:07,599

and i want to know if there was any of

1197

00:46:11,670 --> 00:46:10,640

that data and he was not forthcoming at

1198

00:46:13,750 --> 00:46:11,680

all

1199

00:46:16,390 --> 00:46:13,760

but

1200

00:46:19,910 --> 00:46:16,400

we learned from the book that uh mr

1201

00:46:22,550 --> 00:46:19,920

axelrod uh according to the book and

1202

00:46:25,589 --> 00:46:22,560

correct me if someone reads the book uh

1203

00:46:27,750 --> 00:46:25,599

i read it at night uh not recommended

1204

00:46:30,069 --> 00:46:27,760

yeah you literally told me not to do

1205

00:46:34,950 --> 00:46:33,270

and uh but apparently uh axelrod mr

1206

00:46:36,550 --> 00:46:34,960

axelrod uh

1207

00:46:39,030 --> 00:46:36,560

was one of the people who boarded the

1208

00:46:41,349 --> 00:46:39,040

princeton interview the navy personnel

1209

00:46:43,030 --> 00:46:41,359

the crew members on board princeton and

1210

00:46:44,790 --> 00:46:43,040

acquired the data

1211

00:46:47,109 --> 00:46:44,800

and so i wanted to know if there was any

1212

00:46:49,109 --> 00:46:47,119

electromagnetic data other than like

1213

00:46:50,950 --> 00:46:49,119

what we see in the videos was there

1214

00:46:52,550 --> 00:46:50,960

actual signals data

1215

00:46:54,309 --> 00:46:52,560

right on there

1216

00:46:56,309 --> 00:46:54,319

and i uh

1217

00:46:58,630 --> 00:46:56,319

instead of like asking where the data

1218

00:47:01,349 --> 00:46:58,640

went i told them where the data went

1219

00:47:03,510 --> 00:47:01,359

so yeah mr axelrod may have collected it

1220

00:47:05,510 --> 00:47:03,520

but who else might be interested in the

1221

00:47:07,670 --> 00:47:05,520

data since it was collected by this

1222

00:47:09,430 --> 00:47:07,680

countermeasures system onboard the

1223

00:47:12,150 --> 00:47:09,440

princeton

1224

00:47:13,750 --> 00:47:12,160

i offered that it's the office of naval

1225

00:47:14,710 --> 00:47:13,760

research

1226  
00:47:16,630 --> 00:47:14,720  
code

1227  
00:47:20,950 --> 00:47:16,640  
31

1228  
00:47:22,470 --> 00:47:20,960  
and the reason why i say that is because

1229  
00:47:25,670 --> 00:47:22,480  
that part of the office of naval

1230  
00:47:27,589 --> 00:47:25,680  
research is responsible for

1231  
00:47:29,750 --> 00:47:27,599  
the electronic countermeasures

1232  
00:47:31,589 --> 00:47:29,760  
capabilities of the us navy

1233  
00:47:34,069 --> 00:47:31,599  
and so since it's their equipment that

1234  
00:47:36,950 --> 00:47:34,079  
collected it they likely have the data

1235  
00:47:38,870 --> 00:47:36,960  
as well that's right for a foia request

1236  
00:47:41,190 --> 00:47:38,880  
if you know where to send your foias you

1237  
00:47:43,510 --> 00:47:41,200  
might be surprised before you get it

1238  
00:47:45,190 --> 00:47:43,520

yeah there's a woman agency and they say

1239

00:47:46,630 --> 00:47:45,200

oh we don't know anything about this

1240

00:47:48,710 --> 00:47:46,640

it's because they're not responsible

1241

00:47:51,109 --> 00:47:48,720

they're not going to volunteer oh we

1242

00:47:54,470 --> 00:47:51,119

don't have it but look over there and

1243

00:47:57,030 --> 00:47:54,480

you might ask our sister agency

1244

00:47:59,190 --> 00:47:57,040

and so when you ask for data from uh an

1245

00:48:01,430 --> 00:47:59,200

organization that's not responsible for

1246

00:48:02,790 --> 00:48:01,440

the actual data uh they're gonna say we

1247

00:48:04,870 --> 00:48:02,800

don't have it and people think there's a

1248

00:48:06,069 --> 00:48:04,880

cover-up well the cover-up is not

1249

00:48:09,190 --> 00:48:06,079

knowing

1250

00:48:11,990 --> 00:48:09,200

and if you tailor that foi request

1251  
00:48:14,549 --> 00:48:12,000  
to where you want to work of the with

1252  
00:48:16,710 --> 00:48:14,559  
the data you're asking for the type of

1253  
00:48:18,630 --> 00:48:16,720  
data you might get a response

1254  
00:48:21,190 --> 00:48:18,640  
so someone out there john greenwood

1255  
00:48:24,150 --> 00:48:21,200  
greenwald please ask the onr if they

1256  
00:48:26,230 --> 00:48:24,160  
have slippery data from the princeton uh

1257  
00:48:28,790 --> 00:48:26,240  
related to tic tac and all the other

1258  
00:48:30,390 --> 00:48:28,800  
naval encounters that we have we've

1259  
00:48:33,270 --> 00:48:30,400  
known about

1260  
00:48:35,190 --> 00:48:33,280  
yeah that i hope he does if not maybe i

1261  
00:48:36,870 --> 00:48:35,200  
will who knows

1262  
00:48:38,470 --> 00:48:36,880  
so um

1263  
00:48:41,109 --> 00:48:38,480

you might not have any thoughts on this

1264

00:48:43,430 --> 00:48:41,119

but uh uh jeremy corbell company

1265

00:48:46,230 --> 00:48:43,440

released a few videos as well have you

1266

00:48:50,549 --> 00:48:46,240

seen those the the pyramids and the the

1267

00:48:51,750 --> 00:48:50,559

orb that went to the water right um yeah

1268

00:49:03,589 --> 00:48:51,760

i

1269

00:49:05,910 --> 00:49:03,599

yeah well who's there you can allow that

1270

00:49:07,910 --> 00:49:05,920

to occur and there is no photography

1271

00:49:10,630 --> 00:49:07,920

inside the combat information center

1272

00:49:12,309 --> 00:49:10,640

unless it's staged and usually you see

1273

00:49:14,710 --> 00:49:12,319

pictures inside combat information

1274

00:49:16,790 --> 00:49:14,720

center when it's staged

1275

00:49:18,309 --> 00:49:16,800

and they put up some bogus uh you know

1276

00:49:19,750 --> 00:49:18,319

screen display

1277

00:49:21,510 --> 00:49:19,760

and there's a lot of those you can look

1278

00:49:23,990 --> 00:49:21,520

up cic

1279

00:49:25,270 --> 00:49:24,000

navy and uh you'll see all kinds of

1280

00:49:27,270 --> 00:49:25,280

photographs

1281

00:49:28,150 --> 00:49:27,280

um but i looked at that and i looked at

1282

00:49:53,270 --> 00:49:28,160

the

1283

00:49:56,950 --> 00:49:53,280

information on that screen

1284

00:49:59,190 --> 00:49:56,960

it looked to be like a marine radar

1285

00:50:01,510 --> 00:49:59,200

uh on that screen so

1286

00:50:03,670 --> 00:50:01,520

i'm not going to dismiss it outright i

1287

00:50:06,390 --> 00:50:03,680

don't think it's one of the uh navy

1288

00:50:09,990 --> 00:50:06,400

radars i think it's a the

1289

00:50:12,309 --> 00:50:10,000

all the ships have a raytheon branded

1290

00:50:14,069 --> 00:50:12,319

marine radar the kind you can buy for

1291

00:50:16,390 --> 00:50:14,079

your own personal boat

1292

00:50:18,230 --> 00:50:16,400

um and the symbology on it looks very

1293

00:50:20,390 --> 00:50:18,240

much like something like that

1294

00:50:23,829 --> 00:50:20,400

um the other brand is

1295

00:50:26,309 --> 00:50:23,839

furuno from runo yeah an italian radar

1296

00:50:29,510 --> 00:50:26,319

it has symbology that is not consistent

1297

00:50:32,950 --> 00:50:29,520

with navy tactical data symbology

1298

00:50:33,990 --> 00:50:32,960

but and also i listened to the banter

1299

00:50:37,109 --> 00:50:34,000

sure

1300

00:50:38,710 --> 00:50:37,119

and that doesn't sound like cic banter i

1301

00:50:41,670 --> 00:50:38,720

was accustomed to

1302

00:50:44,470 --> 00:50:41,680

on board my destroyers i served on

1303

00:50:47,270 --> 00:50:44,480

um it's just too much chatter there

1304

00:50:49,670 --> 00:50:47,280

it's a very professional kind of banter

1305

00:50:51,349 --> 00:50:49,680

the give and take between crew members

1306

00:50:53,430 --> 00:50:51,359

ncic

1307

00:50:56,309 --> 00:50:53,440

the combat information officer is in

1308

00:50:59,430 --> 00:50:56,319

charge and he will not allow

1309

00:51:02,549 --> 00:50:59,440

no self-respecting uh cico would allow

1310

00:51:04,390 --> 00:51:02,559

you know like his crew and cic to just

1311

00:51:06,230 --> 00:51:04,400

go crazy like that

1312

00:51:09,030 --> 00:51:06,240

it would be very disciplined i didn't

1313

00:51:11,829 --> 00:51:09,040

hear that but i don't dismiss it i don't

1314

00:51:15,030 --> 00:51:11,839

dismiss it at all um so

1315

00:51:16,309 --> 00:51:15,040

and the other thing about radar data um

1316

00:51:18,710 --> 00:51:16,319

uh

1317

00:51:20,829 --> 00:51:18,720

i'm going to address why people think

1318

00:51:23,430 --> 00:51:20,839

that these craft can't be detected by

1319

00:51:27,030 --> 00:51:23,440

radar these crash can be detected by

1320

00:51:29,589 --> 00:51:27,040

radio yeah i know that radar returned

1321

00:51:31,829 --> 00:51:29,599

the reason why that myth

1322

00:51:33,510 --> 00:51:31,839

has occurred is because

1323

00:51:35,430 --> 00:51:33,520

what's on the scope

1324

00:51:36,630 --> 00:51:35,440

is not necessarily what the radar

1325

00:51:39,190 --> 00:51:36,640

detected

1326  
00:51:40,470 --> 00:51:39,200  
the scope operator will adjust the scope

1327  
00:51:43,589 --> 00:51:40,480  
so that

1328  
00:51:46,870 --> 00:51:43,599  
he or she can see contacts

1329  
00:51:49,030 --> 00:51:46,880  
and in case of air traffic control radar

1330  
00:51:50,390 --> 00:51:49,040  
or what they're seeing is the iff

1331  
00:51:53,109 --> 00:51:50,400  
contact

1332  
00:51:54,230 --> 00:51:53,119  
uh every plane will like broadcast i'm

1333  
00:51:57,589 --> 00:51:54,240  
uh uh

1334  
00:52:00,309 --> 00:51:57,599  
united lines heavy flight zone so so so

1335  
00:52:02,549 --> 00:52:00,319  
and there'll be symbology uh showing

1336  
00:52:04,950 --> 00:52:02,559  
where it's at where it's going

1337  
00:52:06,150 --> 00:52:04,960  
and all the course and speed information

1338  
00:52:08,150 --> 00:52:06,160

altitude

1339

00:52:10,069 --> 00:52:08,160

um and so that type of information will

1340

00:52:12,790 --> 00:52:10,079

be on the radar scope

1341

00:52:14,470 --> 00:52:12,800

um if you turn make adjustments so that

1342

00:52:16,390 --> 00:52:14,480

you get rid of noise

1343

00:52:17,430 --> 00:52:16,400

uh you're not gonna see

1344

00:52:19,510 --> 00:52:17,440

anything

1345

00:52:21,670 --> 00:52:19,520

uh that might um

1346

00:52:24,309 --> 00:52:21,680

have some kind of what we call signature

1347

00:52:26,870 --> 00:52:24,319

management that is controlling the radar

1348

00:52:28,710 --> 00:52:26,880

cross section of of yourself so that you

1349

00:52:33,270 --> 00:52:28,720

can't be seen by radar

1350

00:52:36,470 --> 00:52:33,280

um so if they look at the raw radar data

1351  
00:52:38,309 --> 00:52:36,480  
that was actually returned to the radar

1352  
00:52:41,270 --> 00:52:38,319  
system on board the princeton for

1353  
00:52:43,430 --> 00:52:41,280  
example the raw radar data would not

1354  
00:52:45,349 --> 00:52:43,440  
have any of the operator interventions

1355  
00:52:47,109 --> 00:52:45,359  
it would actually show what the radar

1356  
00:52:49,750 --> 00:52:47,119  
has detected

1357  
00:52:52,710 --> 00:52:49,760  
and that's the information that still i

1358  
00:52:53,990 --> 00:52:52,720  
think is probably in those compartmented

1359  
00:52:54,870 --> 00:52:54,000  
channels

1360  
00:52:55,670 --> 00:52:54,880  
um

1361  
00:52:57,829 --> 00:52:55,680  
of

1362  
00:52:59,349 --> 00:52:57,839  
all sap and post all sap they still

1363  
00:53:01,109 --> 00:52:59,359

probably have it

1364

00:53:03,270 --> 00:53:01,119

um that would be interesting to see but

1365

00:53:05,030 --> 00:53:03,280

i mean it's not anything that we as

1366

00:53:06,870 --> 00:53:05,040

civilians can look at and say yeah it

1367

00:53:09,190 --> 00:53:06,880

makes sense out of this

1368

00:53:11,030 --> 00:53:09,200

it takes a lot of special equipment to

1369

00:53:12,549 --> 00:53:11,040

actually see the raw radar returns and

1370

00:53:13,510 --> 00:53:12,559

make sense of it

1371

00:53:15,430 --> 00:53:13,520

yeah

1372

00:53:16,230 --> 00:53:15,440

um

1373

00:53:19,750 --> 00:53:16,240

that's

1374

00:53:22,390 --> 00:53:19,760

since

1375

00:53:24,309 --> 00:53:22,400

the 50s there's been radar pickups on

1376

00:53:26,549 --> 00:53:24,319

this stuff and it's kind of like the

1377

00:53:29,109 --> 00:53:26,559

same thing creeping appearances they

1378

00:53:31,349 --> 00:53:29,119

disappear when the plane gets up to it

1379

00:53:32,870 --> 00:53:31,359

um or they're following it for long

1380

00:53:33,910 --> 00:53:32,880

amounts of time

1381

00:53:36,069 --> 00:53:33,920

um

1382

00:53:38,309 --> 00:53:36,079

but it seems like they never

1383

00:53:40,710 --> 00:53:38,319

the you know when i say they i mean you

1384

00:53:43,750 --> 00:53:40,720

know the various things that

1385

00:53:45,349 --> 00:53:43,760

are described it seems like they never

1386

00:53:47,349 --> 00:53:45,359

um tried to

1387

00:53:49,910 --> 00:53:47,359

you know attack or hurt

1388

00:53:52,390 --> 00:53:49,920

um at least kinetically

1389

00:53:54,309 --> 00:53:52,400

you know is that your experience as well

1390

00:53:56,950 --> 00:53:54,319

or as far as you know

1391

00:53:59,349 --> 00:53:56,960

as far as i know um that's not entirely

1392

00:54:02,630 --> 00:53:59,359

true if we believe from skin walkers at

1393

00:54:04,710 --> 00:54:02,640

the pentagon or apparently uh uh blue

1394

00:54:06,710 --> 00:54:04,720

orbs are not good

1395

00:54:09,030 --> 00:54:06,720

yeah right i'm thinking

1396

00:54:12,870 --> 00:54:09,040

bad things will happen to your health

1397

00:54:14,470 --> 00:54:12,880

um but in terms of like

1398

00:54:15,750 --> 00:54:14,480

do they pose a

1399

00:54:18,950 --> 00:54:15,760

threat

1400

00:54:21,349 --> 00:54:18,960

that's interesting because um

1401

00:54:36,870 --> 00:54:21,359

i think captain former us air force

1402

00:54:41,510 --> 00:54:38,710

well anyway um

1403

00:54:44,150 --> 00:54:41,520

he reported that at uh maelstrom we were

1404

00:54:46,630 --> 00:54:44,160

stationed at maelstrom as a

1405

00:54:49,349 --> 00:54:46,640

bliss missile launch officer

1406

00:54:53,670 --> 00:54:49,359

uh 20 miles away from uh where the main

1407

00:54:56,069 --> 00:54:53,680

event occurred uh he reported that

1408

00:54:58,630 --> 00:54:56,079

the missiles were shut down

1409

00:55:01,670 --> 00:54:58,640

right and so

1410

00:55:03,990 --> 00:55:01,680

what i bring to the table is that um

1411

00:55:06,150 --> 00:55:04,000

when people read that they think

1412

00:55:09,190 --> 00:55:06,160

that the nukes were shut down the nukes

1413

00:55:11,750 --> 00:55:09,200

were never shut down the missiles were

1414

00:55:13,510 --> 00:55:11,760

rendered inoperable in terms of being

1415

00:55:16,950 --> 00:55:13,520

able to launch

1416

00:55:19,990 --> 00:55:16,960

and so a certain communications module

1417

00:55:22,630 --> 00:55:20,000

uh was brought offline and when you're

1418

00:55:25,910 --> 00:55:22,640

launching a minuteman ii missile

1419

00:55:28,230 --> 00:55:25,920

from maelstrom back in the 60s

1420

00:55:30,390 --> 00:55:28,240

you have to have a green board every

1421

00:55:31,829 --> 00:55:30,400

system has to be green in order for that

1422

00:55:33,990 --> 00:55:31,839

missile launch

1423

00:55:36,630 --> 00:55:34,000

and the communications system known as

1424

00:55:40,230 --> 00:55:36,640

the voice recording

1425

00:55:42,470 --> 00:55:40,240

signals assembly there are 10 of them

1426  
00:55:45,190 --> 00:55:42,480  
in a box because each one is associated

1427  
00:55:48,230 --> 00:55:45,200  
with a certain missile uh each long

1428  
00:55:51,190 --> 00:55:48,240  
launch control center has 10 missiles to

1429  
00:55:53,510 --> 00:55:51,200  
watch and each one of them went offline

1430  
00:55:55,270 --> 00:55:53,520  
rendering the missile unable to launch

1431  
00:55:59,670 --> 00:55:55,280  
and that's what happened

1432  
00:56:03,750 --> 00:56:00,789  
robert uh

1433  
00:56:06,069 --> 00:56:03,760  
sals um launch control center which was

1434  
00:56:07,829 --> 00:56:06,079  
like 20 miles away he was in something

1435  
00:56:10,390 --> 00:56:07,839  
called um

1436  
00:56:13,109 --> 00:56:10,400  
wing oscar and his wing oscar was

1437  
00:56:15,750 --> 00:56:13,119  
stationed 20 miles away wing echo was

1438  
00:56:17,510 --> 00:56:15,760

the mostly affected with all 10. and so

1439

00:56:19,270 --> 00:56:17,520

these things went offline not being in

1440

00:56:21,030 --> 00:56:19,280

the launch but

1441

00:56:24,069 --> 00:56:21,040

believe me

1442

00:56:27,030 --> 00:56:24,079

if the nukes were rendered inoperable

1443

00:56:27,910 --> 00:56:27,040

uh the entire base would have been shut

1444

00:56:30,069 --> 00:56:27,920

down

1445

00:56:32,230 --> 00:56:30,079

and an investigation would occur you

1446

00:56:35,750 --> 00:56:32,240

know what happened the day after that

1447

00:56:38,150 --> 00:56:35,760

incident on march 16th 19th

1448

00:56:40,150 --> 00:56:38,160

uh well i know other bases got visited

1449

00:56:42,150 --> 00:56:40,160

too like michigan's did too or something

1450

00:56:45,190 --> 00:56:42,160

but something happened at maelstrom the

1451  
00:56:47,030 --> 00:56:45,200  
day after that incident okay i do know

1452  
00:56:51,270 --> 00:56:47,040  
one thousand

1453  
00:56:52,710 --> 00:56:51,280  
was delivered to maelstrom with great

1454  
00:56:56,950 --> 00:56:52,720  
ceremony

1455  
00:56:59,990 --> 00:56:56,960  
wow on march the 17th 1967 they accepted

1456  
00:57:01,910 --> 00:57:00,000  
the missile with great ceremony and it

1457  
00:57:03,990 --> 00:57:01,920  
was as if nothing happened

1458  
00:57:06,950 --> 00:57:04,000  
as interesting don't talk about anything

1459  
00:57:09,430 --> 00:57:06,960  
that happened but now we have 1 000

1460  
00:57:10,549 --> 00:57:09,440  
missiles of minuteman

1461  
00:57:14,150 --> 00:57:10,559  
twos

1462  
00:57:17,270 --> 00:57:14,160  
and also uh we had at that time 54 titan

1463  
00:57:19,510 --> 00:57:17,280

two missiles so the entire nuclear

1464

00:57:22,309 --> 00:57:19,520

missile inventory was a thousand and

1465

00:57:24,789 --> 00:57:22,319

fifty four one thousand minute man twos

1466

00:57:28,390 --> 00:57:24,799

fifty four titan twos in fact right here

1467

00:57:30,390 --> 00:57:28,400

in tucson uh we have the titan ii museum

1468

00:57:33,990 --> 00:57:30,400

uh of one of the missile sites being

1469

00:57:37,430 --> 00:57:34,000

preserved uh so 1 000 missiles and 54

1470

00:57:41,190 --> 00:57:37,440

titan twos that's a lot of mega tonnage

1471

00:57:43,349 --> 00:57:41,200

okay so this is 67 right and so

1472

00:57:47,829 --> 00:57:43,359

let's pretend nothing happened

1473

00:57:51,030 --> 00:57:49,030

ceremony

1474

00:57:55,109 --> 00:57:51,040

bring up the uh base ban and we just

1475

00:58:00,870 --> 00:57:58,230

um i believe a few months later

1476

00:58:03,349 --> 00:58:00,880

i think it was in may of 67 that

1477

00:58:04,789 --> 00:58:03,359

maelstrom actually formally accepted the

1478

00:58:05,910 --> 00:58:04,799

missile into the silo and was

1479

00:58:07,750 --> 00:58:05,920

operational

1480

00:58:10,390 --> 00:58:07,760

so now we have um

1481

00:58:15,190 --> 00:58:10,400

all of maelstrom's missiles operational

1482

00:58:17,270 --> 00:58:15,200

okay 67. what happened in june of 67.

1483

00:58:20,789 --> 00:58:17,280

lyndon banks johnson our president back

1484

00:58:23,030 --> 00:58:20,799

then met with his counterpart kosigan

1485

00:58:25,430 --> 00:58:23,040

who was the chairman of the communist

1486

00:58:28,549 --> 00:58:25,440

party of the soviet union and they met

1487

00:58:32,950 --> 00:58:28,559

at a place called glassboro new jersey

1488

00:58:34,390 --> 00:58:32,960

and what lbj proposed to kossigan

1489

00:58:36,230 --> 00:58:34,400

was that hey

1490

00:58:37,990 --> 00:58:36,240

i think it's time that we look at our

1491

00:58:38,870 --> 00:58:38,000

nucleus posture

1492

00:58:39,750 --> 00:58:38,880

and

1493

00:58:41,829 --> 00:58:39,760

um

1494

00:58:44,150 --> 00:58:41,839

we need to reduce

1495

00:58:45,990 --> 00:58:44,160

the possibility that we can get into a

1496

00:58:47,030 --> 00:58:46,000

nuclear war because we have all these

1497

00:58:49,829 --> 00:58:47,040

missiles

1498

00:58:51,829 --> 00:58:49,839

let's start serious talks about limiting

1499

00:58:53,190 --> 00:58:51,839

the number of missiles we have

1500

00:58:55,109 --> 00:58:53,200

so

1501  
00:58:57,270 --> 00:58:55,119  
march

1502  
00:58:59,750 --> 00:58:57,280  
16th

1503  
00:59:02,870 --> 00:58:59,760  
the event happened to shut down those uh

1504  
00:59:04,870 --> 00:59:02,880  
missiles so they can't launch

1505  
00:59:06,549 --> 00:59:04,880  
the next day they accepted one

1506  
00:59:09,510 --> 00:59:06,559  
thousandth missile

1507  
00:59:12,230 --> 00:59:09,520  
and then put it in place in may and then

1508  
00:59:13,349 --> 00:59:12,240  
in june our president united states says

1509  
00:59:14,630 --> 00:59:13,359  
i don't think we should have all these

1510  
00:59:16,710 --> 00:59:14,640  
missiles

1511  
00:59:18,789 --> 00:59:16,720  
don't think about that is that a message

1512  
00:59:20,789 --> 00:59:18,799  
that was conveyed you know is that thank

1513  
00:59:23,030 --> 00:59:20,799

god it could be

1514

00:59:25,270 --> 00:59:23,040

hey you know these kids these things can

1515

00:59:26,630 --> 00:59:25,280

be shut down and that's something about

1516

00:59:29,349 --> 00:59:26,640

shutting them down ourselves you know

1517

00:59:31,030 --> 00:59:29,359

let's start reducing um yeah it's like

1518

00:59:34,789 --> 00:59:31,040

you can build this up as much as you

1519

00:59:38,710 --> 00:59:37,430

two now we're in start and we have a new

1520

00:59:41,030 --> 00:59:38,720

start

1521

00:59:43,190 --> 00:59:41,040

um and there's a whole i mean i could do

1522

00:59:45,109 --> 00:59:43,200

another presentation on

1523

00:59:46,870 --> 00:59:45,119

our strategic posture

1524

00:59:50,309 --> 00:59:46,880

but i mean it's got to the point now

1525

00:59:55,349 --> 00:59:52,549

the russians

1526

00:59:57,430 --> 00:59:55,359

allow us to look at their missile data

1527

00:59:58,309 --> 00:59:57,440

that's the result of everything that

1528

00:59:59,910 --> 00:59:58,319

happened

1529

01:00:01,109 --> 00:59:59,920

well the washingtons allow us to look at

1530

01:00:03,670 --> 01:00:01,119

their missile data when they launch a

1531

01:00:08,470 --> 01:00:03,680

missile up to five times per year five

1532

01:00:13,589 --> 01:00:09,990

our lab

1533

01:00:15,990 --> 01:00:13,599

and our missiles shot from vandenberg to

1534

01:00:17,990 --> 01:00:16,000

the quadrant they told

1535

01:00:19,589 --> 01:00:18,000

across the pacific

1536

01:00:21,829 --> 01:00:19,599

five of

1537

01:00:24,390 --> 01:00:21,839

data sets of our missiles can go to the

1538

01:00:26,069 --> 01:00:24,400

russians and they analyze our missiles

1539

01:00:28,470 --> 01:00:26,079

to make sure that we are complying with

1540

01:00:30,950 --> 01:00:28,480

the start treaty also russians can

1541

01:00:33,109 --> 01:00:30,960

investigate our missile sites we

1542

01:00:34,549 --> 01:00:33,119

investigate their missile sites in

1543

01:00:37,270 --> 01:00:34,559

person

1544

01:00:38,549 --> 01:00:37,280

um and we have the point sure we count

1545

01:00:39,270 --> 01:00:38,559

all the silence

1546

01:00:41,430 --> 01:00:39,280

now

1547

01:00:42,549 --> 01:00:41,440

all this could not have occurred in the

1548

01:00:43,510 --> 01:00:42,559

cold war

1549

01:00:45,670 --> 01:00:43,520

yeah

1550

01:00:47,430 --> 01:00:45,680

think about what was revealed about

1551  
01:00:49,589 --> 01:00:47,440  
shutting down our nuclear missiles and

1552  
01:00:52,549 --> 01:00:49,599  
we now know that the russians also

1553  
01:00:54,789 --> 01:00:52,559  
experienced similar types of events with

1554  
01:00:56,870 --> 01:00:54,799  
their strategic rocket forces

1555  
01:00:59,430 --> 01:00:56,880  
and so maybe that's a benefit that we

1556  
01:01:00,230 --> 01:00:59,440  
had from our visitors

1557  
01:01:01,589 --> 01:01:00,240  
yeah

1558  
01:01:03,270 --> 01:01:01,599  
you're doing something that's very

1559  
01:01:05,270 --> 01:01:03,280  
dangerous don't do it

1560  
01:01:07,430 --> 01:01:05,280  
yeah that's what robert says more or

1561  
01:01:09,510 --> 01:01:07,440  
less he said i left with a clear message

1562  
01:01:10,950 --> 01:01:09,520  
which was what are you people doing with

1563  
01:01:12,390 --> 01:01:10,960

this right what are you doing with all

1564

01:01:13,270 --> 01:01:12,400

this yeah right

1565

01:01:16,630 --> 01:01:13,280

um

1566

01:01:18,789 --> 01:01:16,640

very yeah very interesting it's

1567

01:01:21,190 --> 01:01:18,799

you know it there's a lot in life that

1568

01:01:23,670 --> 01:01:21,200

happens sometimes where you don't really

1569

01:01:26,150 --> 01:01:23,680

understand why it happened but it turns

1570

01:01:29,109 --> 01:01:26,160

out for the best you know and maybe it's

1571

01:01:30,069 --> 01:01:29,119

one of those types of situations

1572

01:01:31,910 --> 01:01:30,079

but

1573

01:01:34,390 --> 01:01:31,920

um

1574

01:01:35,910 --> 01:01:34,400

man you've been great do you mind if

1575

01:01:38,309 --> 01:01:35,920

the chat

1576

01:01:40,390 --> 01:01:38,319

chat group asks you some questions or

1577

01:01:43,190 --> 01:01:40,400

anything yeah okay

1578

01:01:44,789 --> 01:01:43,200

i will let them ask you away uh

1579

01:01:47,030 --> 01:01:44,799

but i should really

1580

01:01:48,950 --> 01:01:47,040

i should really ask you this too

1581

01:01:50,470 --> 01:01:48,960

um because i know you're very passionate

1582

01:01:52,309 --> 01:01:50,480

about all of this and you've had your

1583

01:01:54,789 --> 01:01:52,319

own experiences

1584

01:02:00,069 --> 01:01:57,190

why don't you tell us what your con your

1585

01:02:02,789 --> 01:02:00,079

speculative i guess uh conclusions are

1586

01:02:05,349 --> 01:02:02,799

on all this or or what you think

1587

01:02:07,109 --> 01:02:05,359

is happening um

1588

01:02:09,910 --> 01:02:07,119

how you are looking at it and how you

1589

01:02:12,549 --> 01:02:09,920

put these pieces together

1590

01:02:14,789 --> 01:02:12,559

well my perspective is um don't

1591

01:02:17,990 --> 01:02:14,799

concentrate just on the craft and the

1592

01:02:19,510 --> 01:02:18,000

occupants the drivers of the craft

1593

01:02:21,829 --> 01:02:19,520

uh concentrate on the message let's

1594

01:02:22,549 --> 01:02:21,839

let's meditate on the message if you

1595

01:02:25,589 --> 01:02:22,559

will

1596

01:02:27,589 --> 01:02:25,599

what are they trying to say to us

1597

01:02:30,390 --> 01:02:27,599

and they've appeared all throughout

1598

01:02:32,309 --> 01:02:30,400

history and it seems like uh throughout

1599

01:02:34,710 --> 01:02:32,319

history they've intervened

1600

01:02:37,750 --> 01:02:34,720

with humanity in certain ways

1601  
01:02:38,789 --> 01:02:37,760  
and i actually my personal belief i'm

1602  
01:02:39,990 --> 01:02:38,799  
i'm a

1603  
01:02:46,150 --> 01:02:40,000  
catholic

1604  
01:02:46,160 --> 01:02:51,990  
from being a practice

1605  
01:02:55,190 --> 01:02:52,950  
um

1606  
01:02:57,430 --> 01:02:55,200  
it is my personal belief and here's

1607  
01:02:59,510 --> 01:02:57,440  
where the woo factor comes in and here's

1608  
01:03:01,910 --> 01:02:59,520  
where i get criticized by folks who just

1609  
01:03:04,230 --> 01:03:01,920  
want to look at craft with

1610  
01:03:07,750 --> 01:03:04,240  
extraterrestrial beings from planet x

1611  
01:03:09,829 --> 01:03:07,760  
for example my personal belief is that

1612  
01:03:11,109 --> 01:03:09,839  
we're the newcomers on the planet

1613  
01:03:13,029 --> 01:03:11,119

and there are other

1614

01:03:14,309 --> 01:03:13,039

uh people on the planet that have been

1615

01:03:17,029 --> 01:03:14,319

here before

1616

01:03:20,069 --> 01:03:17,039

uh of higher consciousness of more

1617

01:03:21,670 --> 01:03:20,079

advanced capabilities and um they

1618

01:03:22,789 --> 01:03:21,680

themselves were

1619

01:03:23,910 --> 01:03:22,799

seated

1620

01:03:25,910 --> 01:03:23,920

for this

1621

01:03:28,870 --> 01:03:25,920

the same time we were otherwise we would

1622

01:03:30,549 --> 01:03:28,880

be like primates we would be like

1623

01:03:32,870 --> 01:03:30,559

go to the zoo and you see bonnevilles

1624

01:03:34,309 --> 01:03:32,880

chimpanzees and gorillas and all of our

1625

01:03:37,029 --> 01:03:34,319

primate friends

1626  
01:03:39,990 --> 01:03:37,039  
and realizing that the percentage of dna

1627  
01:03:42,710 --> 01:03:40,000  
between me and uh standing looking at

1628  
01:03:43,829 --> 01:03:42,720  
him and then me climbing up that tree

1629  
01:03:45,990 --> 01:03:43,839  
um

1630  
01:03:47,029 --> 01:03:46,000  
is very small

1631  
01:03:48,710 --> 01:03:47,039  
it's like a

1632  
01:03:51,270 --> 01:03:48,720  
in some fraction

1633  
01:03:52,390 --> 01:03:51,280  
what happened that made us us you know

1634  
01:03:54,470 --> 01:03:52,400  
look at that

1635  
01:03:56,789 --> 01:03:54,480  
and so if you go back uh from a

1636  
01:03:58,870 --> 01:03:56,799  
religious context from a western

1637  
01:04:01,430 --> 01:03:58,880  
religious context you look at the bible

1638  
01:04:03,190 --> 01:04:01,440

from the abrahamic religions

1639

01:04:04,870 --> 01:04:03,200

and we

1640

01:04:07,270 --> 01:04:04,880

see that

1641

01:04:08,230 --> 01:04:07,280

there was two forces

1642

01:04:09,270 --> 01:04:08,240

and

1643

01:04:13,109 --> 01:04:09,280

they both

1644

01:04:15,829 --> 01:04:13,119

let us make man in our image right

1645

01:04:17,829 --> 01:04:15,839

and they made us in our image okay so i

1646

01:04:21,029 --> 01:04:17,839

interpret that as um

1647

01:04:23,109 --> 01:04:21,039

dna intervention well yeah that was a

1648

01:04:28,789 --> 01:04:23,119

wonderful piece of science fiction or

1649

01:04:30,549 --> 01:04:28,799

like science fact and um so you have two

1650

01:04:32,950 --> 01:04:30,559

you have

1651

01:04:34,470 --> 01:04:32,960

these uh early

1652

01:04:36,630 --> 01:04:34,480

people

1653

01:04:38,470 --> 01:04:36,640

from advanced an advanced civilization

1654

01:04:40,470 --> 01:04:38,480

who themselves may have been seen or may

1655

01:04:42,870 --> 01:04:40,480

have come from another earth

1656

01:04:44,870 --> 01:04:42,880

coming here seeing us primates and say

1657

01:04:46,390 --> 01:04:44,880

let us make them like us

1658

01:04:49,109 --> 01:04:46,400

and then you have one of them saying

1659

01:04:50,150 --> 01:04:49,119

well let's really accelerate them really

1660

01:04:52,230 --> 01:04:50,160

fast

1661

01:04:54,870 --> 01:04:52,240

okay but wait wait a minute that's not

1662

01:04:56,870 --> 01:04:54,880

in the program but they did it anyway

1663

01:04:58,390 --> 01:04:56,880

and so that was a point of contention

1664

01:05:01,349 --> 01:04:58,400

between these two

1665

01:05:04,630 --> 01:05:01,359

but now we think that one is good and

1666

01:05:07,510 --> 01:05:04,640

one is evil one is god and one is satan

1667

01:05:09,589 --> 01:05:07,520

well suppose that

1668

01:05:11,430 --> 01:05:09,599

what we're actually reading about in the

1669

01:05:13,670 --> 01:05:11,440

bible are

1670

01:05:15,029 --> 01:05:13,680

beings from elsewhere

1671

01:05:17,029 --> 01:05:15,039

or from here

1672

01:05:18,789 --> 01:05:17,039

that elevated us and there was a point

1673

01:05:22,390 --> 01:05:18,799

of contention because some of us got

1674

01:05:24,950 --> 01:05:22,400

elevated faster or more advanced

1675

01:05:26,549 --> 01:05:24,960

well let's call them atlanteans for lack

1676

01:05:28,470 --> 01:05:26,559

of a better term

1677

01:05:30,870 --> 01:05:28,480

and maybe there were the ones that got

1678

01:05:33,349 --> 01:05:30,880

cast out the fallen ones

1679

01:05:35,190 --> 01:05:33,359

um we also look at genesis 6 and then we

1680

01:05:38,309 --> 01:05:35,200

see that

1681

01:05:41,270 --> 01:05:38,319

that uh you know the sons of god or like

1682

01:05:43,829 --> 01:05:41,280

people from the sky

1683

01:05:46,789 --> 01:05:43,839

not from earth saw the daughters of man

1684

01:05:49,510 --> 01:05:46,799

to find them at uh uh fair and uh mated

1685

01:05:53,270 --> 01:05:49,520

with him and created another race

1686

01:05:54,950 --> 01:05:53,280

so um when i talk to uh fundamentalist

1687

01:05:56,470 --> 01:05:54,960

christians about this

1688

01:05:58,150 --> 01:05:56,480

and i ask them if they believe in

1689

01:06:00,230 --> 01:05:58,160

extraterrestrials they absolutely just

1690

01:06:01,910 --> 01:06:00,240

say no of course not

1691

01:06:03,750 --> 01:06:01,920

no such thing

1692

01:06:05,510 --> 01:06:03,760

but i ask them do you believe in the

1693

01:06:06,950 --> 01:06:05,520

bible of course i do

1694

01:06:09,190 --> 01:06:06,960

uh do you believe in angels do you

1695

01:06:10,630 --> 01:06:09,200

believe in messages of messengers of god

1696

01:06:12,549 --> 01:06:10,640

yes i do

1697

01:06:15,029 --> 01:06:12,559

and of course i do well do you believe

1698

01:06:17,430 --> 01:06:15,039

they're from earth no they're from

1699

01:06:20,069 --> 01:06:17,440

outside of earth and i go yeah see you

1700

01:06:22,549 --> 01:06:20,079

do believe in extraterrestrials

1701

01:06:25,029 --> 01:06:22,559

and so you look at that and so that's

1702

01:06:27,190 --> 01:06:25,039

where i see like

1703

01:06:29,670 --> 01:06:27,200

uh where we originated and that they've

1704

01:06:31,029 --> 01:06:29,680

always intervened to help us

1705

01:06:32,870 --> 01:06:31,039

in some way and prevent us from

1706

01:06:34,710 --> 01:06:32,880

destroying ourselves

1707

01:06:37,109 --> 01:06:34,720

and um

1708

01:06:39,190 --> 01:06:37,119

if you look at the immaculate conception

1709

01:06:41,270 --> 01:06:39,200

uh if you read it from the

1710

01:06:44,309 --> 01:06:41,280

ufology perspective

1711

01:06:47,109 --> 01:06:44,319

uh what's to say that uh

1712

01:06:50,150 --> 01:06:47,119

mary herself was taking the board

1713

01:06:53,910 --> 01:06:52,069

and yeah

1714

01:06:56,470 --> 01:06:53,920

and the thing happened

1715

01:06:58,630 --> 01:06:56,480

and jesus who was a hybrid

1716

01:07:00,710 --> 01:06:58,640

yeah because of you in heaven to make

1717

01:07:01,910 --> 01:07:00,720

things happen you know you know it's

1718

01:07:03,829 --> 01:07:01,920

funny that you say that because i've

1719

01:07:06,069 --> 01:07:03,839

always thought and felt like i was

1720

01:07:08,150 --> 01:07:06,079

raised non-denominational christian you

1721

01:07:10,150 --> 01:07:08,160

know um and i

1722

01:07:11,670 --> 01:07:10,160

and you see other religions and and

1723

01:07:13,990 --> 01:07:11,680

everything and they have so much in

1724

01:07:15,829 --> 01:07:14,000

common and there's always i always think

1725

01:07:18,309 --> 01:07:15,839

like well what could make you right and

1726  
01:07:21,270 --> 01:07:18,319  
them not you know how is that possible

1727  
01:07:24,230 --> 01:07:21,280  
so i i was kind of wind up thinking like

1728  
01:07:26,870 --> 01:07:24,240  
it all could exist it's

1729  
01:07:29,430 --> 01:07:26,880  
just these labels and things we put on

1730  
01:07:31,190 --> 01:07:29,440  
it that may not be very accurate right

1731  
01:07:33,109 --> 01:07:31,200  
you know yeah

1732  
01:07:35,109 --> 01:07:33,119  
really that's that's where i see

1733  
01:07:37,430 --> 01:07:35,119  
the buddha and all these great religious

1734  
01:07:39,349 --> 01:07:37,440  
leaders um um they may have had

1735  
01:07:41,029 --> 01:07:39,359  
downloads themselves

1736  
01:07:43,430 --> 01:07:41,039  
the prophets of old may have actually

1737  
01:07:46,630 --> 01:07:43,440  
been channelers you know yeah we look at

1738  
01:07:50,630 --> 01:07:46,640

supernatural events that happen like the

1739

01:07:52,150 --> 01:07:50,640

the early israelites uh in the exile

1740

01:07:54,950 --> 01:07:52,160

going

1741

01:07:56,870 --> 01:07:54,960

back toward canaan and having this cloud

1742

01:07:58,069 --> 01:07:56,880

delivering them food

1743

01:08:00,470 --> 01:07:58,079

and yeah

1744

01:08:01,510 --> 01:08:00,480

in this box so we can talk to you and oh

1745

01:08:03,910 --> 01:08:01,520

by the way

1746

01:08:05,589 --> 01:08:03,920

only priests can talk to us and yet they

1747

01:08:07,349 --> 01:08:05,599

have to work according because if you

1748

01:08:09,349 --> 01:08:07,359

touch it you're going to get zapped

1749

01:08:11,109 --> 01:08:09,359

and you know and if you look at that um

1750

01:08:13,109 --> 01:08:11,119

it seems like all throughout history

1751  
01:08:14,630 --> 01:08:13,119  
humanity there's been interventions to

1752  
01:08:15,910 --> 01:08:14,640  
keep us from destroying ourselves to

1753  
01:08:18,630 --> 01:08:15,920  
advance us

1754  
01:08:21,349 --> 01:08:18,640  
yeah before to 1945

1755  
01:08:22,630 --> 01:08:21,359  
what did we do in july of 19th

1756  
01:08:25,430 --> 01:08:22,640  
boom you know

1757  
01:08:29,269 --> 01:08:25,440  
we put the first uh atomic bomb

1758  
01:08:30,789 --> 01:08:29,279  
uh in the desert of new mexico and um so

1759  
01:08:33,749 --> 01:08:30,799  
that's when the intervention really

1760  
01:08:35,669 --> 01:08:33,759  
started these guys finally the kids have

1761  
01:08:38,149 --> 01:08:35,679  
found the box of matches and they're

1762  
01:08:40,149 --> 01:08:38,159  
lighting them and now we have to watch

1763  
01:08:42,149 --> 01:08:40,159

them on what they do and now they're in

1764

01:08:43,910 --> 01:08:42,159

helping us to intervene the fact that

1765

01:08:44,950 --> 01:08:43,920

we're destroying this planet and that's

1766

01:08:46,630 --> 01:08:44,960

not good

1767

01:08:48,550 --> 01:08:46,640

that we destroy this planet uh not

1768

01:08:49,990 --> 01:08:48,560

taking care of it uh we have the

1769

01:08:53,349 --> 01:08:50,000

capability of destroying ourselves

1770

01:08:57,189 --> 01:08:53,359

deliberately yeah we do through ignoring

1771

01:09:01,430 --> 01:08:58,950

checking our climate to make sure that

1772

01:09:04,309 --> 01:09:01,440

our climate is not out of control

1773

01:09:06,550 --> 01:09:04,319

our use of natural resources and also

1774

01:09:08,390 --> 01:09:06,560

our nuclear capabilities of trying to

1775

01:09:10,789 --> 01:09:08,400

reduce that so that's what i think is

1776

01:09:12,789 --> 01:09:10,799

happening that intervention is happening

1777

01:09:14,550 --> 01:09:12,799

in a very dramatic way now because we're

1778

01:09:16,709 --> 01:09:14,560

at the crossroads

1779

01:09:19,189 --> 01:09:16,719

and also that people are having

1780

01:09:22,630 --> 01:09:19,199

experiences of higher consciousness

1781

01:09:25,030 --> 01:09:22,640

i don't i don't discount channelers or

1782

01:09:27,749 --> 01:09:25,040

experiencers i myself

1783

01:09:30,070 --> 01:09:27,759

am an experiencer i don't discount that

1784

01:09:31,110 --> 01:09:30,080

and in ufology we destroy ourselves by

1785

01:09:32,870 --> 01:09:31,120

painting

1786

01:09:35,430 --> 01:09:32,880

the nuts and bolts crowd

1787

01:09:37,590 --> 01:09:35,440

with the channel you know

1788

01:09:39,590 --> 01:09:37,600

i don't want that to happen because that

1789

01:09:41,669 --> 01:09:39,600

plays into

1790

01:09:43,829 --> 01:09:41,679

by the way a fashion

1791

01:09:45,749 --> 01:09:43,839

government that think all of this is

1792

01:09:48,149 --> 01:09:45,759

demonic

1793

01:09:50,390 --> 01:09:48,159

and so that's interesting

1794

01:09:52,309 --> 01:09:50,400

yeah tell me why you think it is they do

1795

01:09:54,950 --> 01:09:52,319

think it is demonic do you have any sort

1796

01:09:57,110 --> 01:09:54,960

of insight on that by chance

1797

01:09:58,870 --> 01:09:57,120

i should probably get to these read uh

1798

01:10:00,310 --> 01:09:58,880

the skin loss of pentagon because

1799

01:10:02,950 --> 01:10:00,320

obviously there's

1800

01:10:04,070 --> 01:10:02,960

i don't call it demonic i just think

1801  
01:10:06,310 --> 01:10:04,080  
they're

1802  
01:10:08,229 --> 01:10:06,320  
strangers who do not know how to

1803  
01:10:09,030 --> 01:10:08,239  
interact with us and do so in a harmful

1804  
01:10:11,270 --> 01:10:09,040  
way

1805  
01:10:12,950 --> 01:10:11,280  
right that goes back to my philosophy of

1806  
01:10:15,830 --> 01:10:12,960  
having residents

1807  
01:10:17,110 --> 01:10:15,840  
who may be advanced atlanteans that are

1808  
01:10:19,510 --> 01:10:17,120  
still on earth

1809  
01:10:22,149 --> 01:10:19,520  
or uh inter-dimensional uh from another

1810  
01:10:24,790 --> 01:10:22,159  
earth coming here who by the way might

1811  
01:10:27,430 --> 01:10:24,800  
be saurian because on their earth that

1812  
01:10:29,669 --> 01:10:27,440  
asteroid never destroyed the dinosaurs

1813  
01:10:31,110 --> 01:10:29,679

and they evolved wow that's an

1814

01:10:34,149 --> 01:10:31,120

intelligent being

1815

01:10:34,950 --> 01:10:34,159

we call scorians uh i think of visitors

1816

01:10:37,430 --> 01:10:34,960

who

1817

01:10:39,590 --> 01:10:37,440

might be from another world

1818

01:10:40,630 --> 01:10:39,600

who have developed technology to

1819

01:10:43,030 --> 01:10:40,640

traverse

1820

01:10:45,189 --> 01:10:43,040

space and time to displace space and

1821

01:10:47,990 --> 01:10:45,199

time through maybe a portal

1822

01:10:49,990 --> 01:10:48,000

and also believe in strangers who

1823

01:10:51,430 --> 01:10:50,000

are not sure how to deal with us and

1824

01:10:54,550 --> 01:10:51,440

maybe that's what we're seeing as skin

1825

01:10:57,350 --> 01:10:54,560

walker are these other manifestations of

1826  
01:10:59,750 --> 01:10:57,360  
the phenomenon who don't quite know

1827  
01:11:01,830 --> 01:10:59,760  
how to deal with this

1828  
01:11:03,590 --> 01:11:01,840  
and let me interject something very

1829  
01:11:06,470 --> 01:11:03,600  
interesting

1830  
01:11:09,030 --> 01:11:06,480  
do you know melinda leslie i

1831  
01:11:11,030 --> 01:11:09,040  
know every year do you know her okay um

1832  
01:11:12,950 --> 01:11:11,040  
and she writes extensively about her

1833  
01:11:14,229 --> 01:11:12,960  
experience with millaps the military

1834  
01:11:16,149 --> 01:11:14,239  
abductions

1835  
01:11:17,430 --> 01:11:16,159  
and she says something interesting in

1836  
01:11:19,669 --> 01:11:17,440  
her talks

1837  
01:11:21,590 --> 01:11:19,679  
and she said in her experience she has

1838  
01:11:23,990 --> 01:11:21,600

seen military personnel

1839

01:11:26,310 --> 01:11:24,000

with sarian beings

1840

01:11:29,430 --> 01:11:26,320

and the reason why people are being

1841

01:11:31,270 --> 01:11:29,440

taken is to question them about whether

1842

01:11:32,390 --> 01:11:31,280

they can understand

1843

01:11:34,550 --> 01:11:32,400

um

1844

01:11:36,310 --> 01:11:34,560

these advanced propulsion systems

1845

01:11:39,030 --> 01:11:36,320

wow wait a minute wait a minute wait a

1846

01:11:41,510 --> 01:11:39,040

minute if you have the sarians there

1847

01:11:43,830 --> 01:11:41,520

and you think of them as et's right and

1848

01:11:45,750 --> 01:11:43,840

you think of how they came here

1849

01:11:47,830 --> 01:11:45,760

why can't the military just talk to them

1850

01:11:50,149 --> 01:11:47,840

why are they

1851

01:11:52,390 --> 01:11:50,159

people like us we the people

1852

01:11:55,669 --> 01:11:52,400

yeah trying to find out

1853

01:11:57,350 --> 01:11:55,679

how this magnificent piece of

1854

01:11:59,110 --> 01:11:57,360

engineering works

1855

01:12:00,790 --> 01:11:59,120

this advanced propulsion system just

1856

01:12:03,270 --> 01:12:00,800

asked the sarians why are the scientists

1857

01:12:05,830 --> 01:12:03,280

there i try to contact melinda leslie

1858

01:12:08,229 --> 01:12:05,840

and i haven't she's in sedona and i'll

1859

01:12:10,070 --> 01:12:08,239

be visiting sedona in january and i hope

1860

01:12:12,790 --> 01:12:10,080

you have a doctor i never hope that you

1861

01:12:14,790 --> 01:12:12,800

can ask her that if you think uh you

1862

01:12:17,110 --> 01:12:14,800

know you're being taken because you're

1863

01:12:18,630 --> 01:12:17,120

there to uh help

1864

01:12:20,470 --> 01:12:18,640

the government understand how to fly

1865

01:12:22,920 --> 01:12:20,480

these things and the sarians are there

1866

01:12:24,870 --> 01:12:22,930

why can't they fly right i don't know

1867

01:12:26,709 --> 01:12:24,880

[Laughter]

1868

01:12:28,709 --> 01:12:26,719

i'm trying to go to new mexico on my

1869

01:12:30,149 --> 01:12:28,719

birthday in february so maybe i'll see

1870

01:12:32,550 --> 01:12:30,159

you

1871

01:12:33,590 --> 01:12:32,560

i'm just free flowing just stream of

1872

01:12:35,430 --> 01:12:33,600

consciousness i don't know if i'm

1873

01:12:37,110 --> 01:12:35,440

answering your question or not no you're

1874

01:12:39,590 --> 01:12:37,120

doing it you're doing great if i'm not

1875

01:12:41,990 --> 01:12:39,600

answering your questions no you are no i

1876

01:12:44,229 --> 01:12:42,000

just said uh i'm trying to go

1877

01:12:46,070 --> 01:12:44,239

um to the southwest

1878

01:12:47,669 --> 01:12:46,080

um in february on a vacation for my

1879

01:12:49,110 --> 01:12:47,679

birthday so

1880

01:12:50,950 --> 01:12:49,120

maybe i'll maybe i'll check you out

1881

01:12:54,070 --> 01:12:50,960

there in melinda

1882

01:12:55,669 --> 01:12:54,080

yeah um this is a good question uh but

1883

01:12:57,510 --> 01:12:55,679

maybe you answered it

1884

01:12:59,590 --> 01:12:57,520

do you think that anything has been

1885

01:13:01,430 --> 01:12:59,600

reverse engineered or i'll even add in

1886

01:13:02,790 --> 01:13:01,440

there recovered

1887

01:13:04,870 --> 01:13:02,800

um

1888

01:13:05,830 --> 01:13:04,880

that's the question i personally do not

1889

01:13:08,550 --> 01:13:05,840

know

1890

01:13:10,390 --> 01:13:08,560

and so i just gotta give you speculation

1891

01:13:12,390 --> 01:13:10,400

if um

1892

01:13:16,149 --> 01:13:12,400

i do believe

1893

01:13:18,790 --> 01:13:16,159

that roswell happened for sure

1894

01:13:20,149 --> 01:13:18,800

and i do believe that this metallic

1895

01:13:22,709 --> 01:13:20,159

craft

1896

01:13:23,910 --> 01:13:22,719

was taken to wright-patterson air force

1897

01:13:27,510 --> 01:13:23,920

base

1898

01:13:28,709 --> 01:13:27,520

to t2 intelligence at the time

1899

01:13:31,430 --> 01:13:28,719

and

1900

01:13:32,709 --> 01:13:31,440

reverse engineering means taking a

1901

01:13:34,870 --> 01:13:32,719

craft

1902

01:13:36,870 --> 01:13:34,880

and trying to determine how it works and

1903

01:13:39,669 --> 01:13:36,880

reproducing it

1904

01:13:41,669 --> 01:13:39,679

i don't know if that's happened

1905

01:13:42,790 --> 01:13:41,679

because i have no direct information

1906

01:13:44,870 --> 01:13:42,800

about that

1907

01:13:46,870 --> 01:13:44,880

right i want to make that clear

1908

01:13:48,149 --> 01:13:46,880

but it's my personal belief that it has

1909

01:13:51,189 --> 01:13:48,159

there's some

1910

01:13:52,950 --> 01:13:51,199

kind of technology transfer going on

1911

01:13:55,270 --> 01:13:52,960

in my presentation

1912

01:13:56,070 --> 01:13:55,280

i built a bridge

1913

01:13:57,189 --> 01:13:56,080

that

1914

01:13:59,590 --> 01:13:57,199

in fact i

1915

01:14:02,310 --> 01:13:59,600

discussed this with don schmidt

1916

01:14:04,630 --> 01:14:02,320

and he doesn't buy it at all

1917

01:14:05,910 --> 01:14:04,640

but i discuss this with don schmidt and

1918

01:14:07,430 --> 01:14:05,920

say you know

1919

01:14:08,790 --> 01:14:07,440

uh it's a fact

1920

01:14:11,430 --> 01:14:08,800

that um

1921

01:14:14,870 --> 01:14:11,440

during before world war ii

1922

01:14:18,149 --> 01:14:14,880

uh the nazi party the ss had a special

1923

01:14:20,630 --> 01:14:18,159

group to go out and find artifacts

1924

01:14:21,830 --> 01:14:20,640

to make contact with atlanteans because

1925

01:14:24,310 --> 01:14:21,840

they believe

1926

01:14:26,950 --> 01:14:24,320

that the aryan race was a manifestation

1927

01:14:28,470 --> 01:14:26,960

of the atlantean race

1928

01:14:30,070 --> 01:14:28,480

which they described

1929

01:14:32,070 --> 01:14:30,080

as nordics

1930

01:14:34,390 --> 01:14:32,080

and they went all over the world

1931

01:14:36,470 --> 01:14:34,400

and looking for artifacts or some

1932

01:14:38,310 --> 01:14:36,480

evidence that atlanteans exist they went

1933

01:14:40,470 --> 01:14:38,320

to antarctica

1934

01:14:42,550 --> 01:14:40,480

or they went to tibet and they talked to

1935

01:14:43,430 --> 01:14:42,560

the taipei and buddhist

1936

01:14:46,310 --> 01:14:43,440

and

1937

01:14:49,990 --> 01:14:46,320

in my presentation i have a photograph

1938

01:14:53,350 --> 01:14:50,000

that i found of ss officers with tibetan

1939

01:14:55,189 --> 01:14:53,360

monks and lhasa in 1938

1940

01:14:56,550 --> 01:14:55,199

and it was all part of like finding

1941

01:14:58,390 --> 01:14:56,560

these artifacts

1942

01:15:01,430 --> 01:14:58,400

finding the sphere of destiny all of

1943

01:15:03,350 --> 01:15:01,440

that which we see in indiana jones yeah

1944

01:15:04,390 --> 01:15:03,360

was not fiction i mean there was a group

1945

01:15:06,790 --> 01:15:04,400

like that

1946

01:15:07,910 --> 01:15:06,800

now in 1945

1947

01:15:08,790 --> 01:15:07,920

um

1948

01:15:12,229 --> 01:15:08,800

the

1949

01:15:13,110 --> 01:15:12,239

after we defeated germany militarily

1950

01:15:13,990 --> 01:15:13,120

um

1951

01:15:15,189 --> 01:15:14,000

we

1952

01:15:16,709 --> 01:15:15,199

wanted to know

1953

01:15:19,990 --> 01:15:16,719

first of all where all these scientists

1954

01:15:22,070 --> 01:15:20,000

were and we wanted to extract any kind

1955

01:15:23,910 --> 01:15:22,080

of german technology that may have been

1956

01:15:25,910 --> 01:15:23,920

worked on we knew that they had a v1

1957

01:15:29,030 --> 01:15:25,920

rocket which was a cruise missile and a

1958

01:15:30,470 --> 01:15:29,040

v2 a real ballistic missile as [h\_\_h] and

1959

01:15:34,550 --> 01:15:30,480

also

1960

01:15:37,669 --> 01:15:34,560

that didn't fly yeah and so um so

1961

01:15:40,550 --> 01:15:37,679

what uh what we did was we created an

1962

01:15:41,830 --> 01:15:40,560

organization called the j-i-o-a

1963

01:15:42,870 --> 01:15:41,840

the joint

1964

01:15:46,070 --> 01:15:42,880

uh

1965

01:15:50,950 --> 01:15:48,149

operations activity and i have to look

1966

01:15:53,510 --> 01:15:50,960

that up it's in my notes but it's

1967

01:15:56,709 --> 01:15:53,520

a j-i-o-a that was created in may of

1968

01:15:58,870 --> 01:15:56,719

1945 the war ended germany surrendered

1969

01:16:01,590 --> 01:15:58,880

may 7 1945

1970

01:16:02,550 --> 01:16:01,600

and shortly thereafter j-i-o-a was

1971

01:16:05,030 --> 01:16:02,560

created

1972

01:16:07,830 --> 01:16:05,040

and they went out to uh

1973

01:16:12,870 --> 01:16:07,840

who who did they consult

1974

01:16:16,870 --> 01:16:14,870

you know who guarded the nazi war

1975

01:16:21,350 --> 01:16:16,880

criminals and nuremberg

1976

01:16:24,229 --> 01:16:21,360

ss we recruited three divisions of ss

1977

01:16:27,430 --> 01:16:24,239

from the baltic states the 15th 19th and

1978

01:16:29,430 --> 01:16:27,440

20th ss waffen ss divisions their troops

1979

01:16:31,669 --> 01:16:29,440

we gave them american uniforms to say

1980

01:16:32,470 --> 01:16:31,679

hey guard your former masters and they

1981

01:16:35,430 --> 01:16:32,480

did

1982

01:16:37,750 --> 01:16:35,440

and so the ss offices the nazi party

1983

01:16:39,750 --> 01:16:37,760

officials who knew about this program

1984

01:16:41,910 --> 01:16:39,760

started providing us with archived

1985

01:16:44,070 --> 01:16:41,920

information of what they knew

1986

01:16:45,350 --> 01:16:44,080

and so that was in the american hands

1987

01:16:47,350 --> 01:16:45,360

and they they're the ones that

1988

01:16:49,110 --> 01:16:47,360

recommended hey by the way

1989

01:16:51,430 --> 01:16:49,120

you might want our rocket scientists

1990

01:16:52,790 --> 01:16:51,440

before the russians get our get your

1991

01:16:55,030 --> 01:16:52,800

rocket scientist

1992

01:16:57,030 --> 01:16:55,040

and here's where they are and so and

1993

01:16:59,510 --> 01:16:57,040

they helped build their space program

1994

01:17:04,709 --> 01:17:02,229

and so you know and so the first rocket

1995

01:17:07,590 --> 01:17:04,719

scientist came over in uh the fall of

1996

01:17:10,550 --> 01:17:07,600

1945.

1997

01:17:13,669 --> 01:17:10,560

in january of 1946 with all this

1998

01:17:15,110 --> 01:17:13,679

information being digested by the uh by

1999

01:17:18,070 --> 01:17:15,120

the us

2000

01:17:21,669 --> 01:17:18,080

uh truman decided and it was advised

2001

01:17:24,310 --> 01:17:21,679

that he should create some form of

2002

01:17:26,310 --> 01:17:24,320

way to secure this information to

2003

01:17:30,229 --> 01:17:26,320

protect it from being disclosed

2004

01:17:32,709 --> 01:17:30,239

so in january 1946 he he created the

2005

01:17:34,390 --> 01:17:32,719

national intelligence authority

2006

01:17:36,229 --> 01:17:34,400

and under that he created an

2007

01:17:38,390 --> 01:17:36,239

organization called the central

2008

01:17:40,149 --> 01:17:38,400

intelligence group

2009

01:17:42,950 --> 01:17:40,159

cig

2010

01:17:46,870 --> 01:17:42,960

and this was between the oss of world

2011

01:17:48,310 --> 01:17:46,880

war ii and the cia of 1946

2012

01:17:51,189 --> 01:17:48,320

1947

2013

01:17:53,830 --> 01:17:51,199

so in between there there was the cig

2014

01:17:57,189 --> 01:17:53,840

and the cig was responsible for

2015

01:17:59,430 --> 01:17:57,199

analyzing all of this information

2016

01:18:03,189 --> 01:17:59,440

and thinking that you know some of that

2017

01:18:06,310 --> 01:18:03,199

data was actually materials acquired

2018

01:18:08,709 --> 01:18:06,320

who's to say that we have the only

2019

01:18:10,550 --> 01:18:08,719

industrial base in the world

2020

01:18:12,550 --> 01:18:10,560

everybody else's industrial base was

2021

01:18:15,189 --> 01:18:12,560

bombed to smithereens but the united

2022

01:18:18,149 --> 01:18:15,199

states industrial base was strong

2023

01:18:20,229 --> 01:18:18,159

we just came out of a war um with all of

2024

01:18:21,189 --> 01:18:20,239

these companies building more materials

2025

01:18:22,870 --> 01:18:21,199

and so

2026

01:18:24,870 --> 01:18:22,880

they were like the real defense

2027

01:18:28,630 --> 01:18:24,880

contractors of the day you know

2028

01:18:31,990 --> 01:18:28,640

yeah who's to say that we saw like my

2029

01:18:34,790 --> 01:18:32,000

gosh there's the glocken

2030

01:18:38,790 --> 01:18:34,800

that that the the salsa shake won the

2031

01:18:42,070 --> 01:18:38,800

hot of it uh the important ho2 yes

2032

01:18:44,630 --> 01:18:42,080

yeah that's actually

2033

01:18:45,990 --> 01:18:44,640

i told you about this book

2034

01:18:47,669 --> 01:18:46,000

um

2035

01:18:48,709 --> 01:18:47,679

a friend of mine graham wrote it

2036

01:18:49,669 --> 01:18:48,719

actually

2037

01:18:53,750 --> 01:18:49,679

it's

2038

01:18:56,070 --> 01:18:53,760

probably the best account of the pre

2039

01:18:57,990 --> 01:18:56,080

um ufos

2040

01:19:00,709 --> 01:18:58,000

out there

2041

01:19:01,830 --> 01:19:00,719

and he yeah yes he's got that in here i

2042

01:19:03,669 --> 01:19:01,840

was just going to show you the picture

2043

01:19:05,669 --> 01:19:03,679

but you know what it is it's the horton

2044

01:19:08,229 --> 01:19:05,679

yeah yeah

2045

01:19:09,750 --> 01:19:08,239

it's got all other stuff in here yeah

2046

01:19:12,229 --> 01:19:09,760

what does that remind you of it looks

2047

01:19:13,830 --> 01:19:12,239

like every stealth aircraft we are built

2048

01:19:16,470 --> 01:19:13,840

it yeah it does

2049

01:19:18,470 --> 01:19:16,480

it sure does yeah i had highly recommend

2050

01:19:21,430 --> 01:19:18,480

this though you'll like it

2051

01:19:23,990 --> 01:19:21,440

so uh with that narrative um certainly

2052

01:19:25,590 --> 01:19:24,000

i'm sure that there were

2053

01:19:27,350 --> 01:19:25,600

exploitation done

2054

01:19:31,510 --> 01:19:27,360

and i'm going to introduce a new term

2055

01:19:32,310 --> 01:19:31,520

that ufologists need to know it's f m a

2056

01:19:38,709 --> 01:19:32,320

e

2057

01:19:40,709 --> 01:19:38,719

and so

2058

01:19:42,390 --> 01:19:40,719

it depends on what kind of foreign

2059

01:19:46,229 --> 01:19:42,400

material you have

2060

01:19:50,550 --> 01:19:47,990

office of naval intelligence will look

2061

01:19:52,070 --> 01:19:50,560

at anything that's navy and i have

2062

01:19:53,590 --> 01:19:52,080

strange things happening on my screen

2063

01:19:55,990 --> 01:19:53,600

now

2064

01:19:57,270 --> 01:19:56,000

oh boy

2065

01:19:58,470 --> 01:19:57,280

hey have you ever heard of the watch

2066

01:20:00,310 --> 01:19:58,480

committee

2067

01:20:02,630 --> 01:20:00,320

no

2068

01:20:05,590 --> 01:20:02,640

interesting

2069

01:20:08,149 --> 01:20:05,600

i've not heard of the watch committee

2070

01:20:11,030 --> 01:20:08,159

so yeah fa may you know there is a

2071

01:20:13,030 --> 01:20:11,040

program to acquire foreign materials and

2072

01:20:15,669 --> 01:20:13,040

exploit them find out how they work and

2073

01:20:18,229 --> 01:20:15,679

to reproduce them and that's applicable

2074

01:20:21,750 --> 01:20:18,239

to terrestrial weapons systems if we get

2075

01:20:24,070 --> 01:20:21,760

an aircraft from the soviet union uh

2076  
01:20:25,270 --> 01:20:24,080  
we're going to figure out how it works

2077  
01:20:27,830 --> 01:20:25,280  
i'm going to take it apart and figure

2078  
01:20:30,390 --> 01:20:27,840  
out how it works we're going to fly

2079  
01:20:34,629 --> 01:20:30,400  
so who's to say that there was some

2080  
01:20:36,070 --> 01:20:34,639  
some effort by the by the military side

2081  
01:20:36,870 --> 01:20:36,080  
to do the same

2082  
01:20:38,790 --> 01:20:36,880  
um

2083  
01:20:41,590 --> 01:20:38,800  
look at that there's the plans for the

2084  
01:20:42,550 --> 01:20:41,600  
glockett let's see we can build one

2085  
01:20:43,430 --> 01:20:42,560  
um

2086  
01:20:49,030 --> 01:20:43,440  
so

2087  
01:20:51,350 --> 01:20:49,040  
this day it's secret think about this

2088  
01:20:53,030 --> 01:20:51,360

the government will talk about orbs now

2089

01:20:55,910 --> 01:20:53,040

all day long and we'll talk about

2090

01:20:57,830 --> 01:20:55,920

metallic craft cylindrical shape uh

2091

01:20:59,590 --> 01:20:57,840

we'll talk about salsa shapes and all

2092

01:21:02,149 --> 01:20:59,600

that right they will reveal all that

2093

01:21:04,390 --> 01:21:02,159

it's all in that book you know it's been

2094

01:21:06,390 --> 01:21:04,400

revealed but if you ask the government

2095

01:21:09,189 --> 01:21:06,400

about roswell you know what you get

2096

01:21:09,990 --> 01:21:09,199

crickets nothing yeah clients why is

2097

01:21:15,270 --> 01:21:10,000

that

2098

01:21:16,709 --> 01:21:15,280

speculation but i don't know why and i

2099

01:21:19,110 --> 01:21:16,719

think it's because

2100

01:21:23,510 --> 01:21:19,120

there was some nazi intervention

2101

01:21:26,070 --> 01:21:23,520

uh in the uh the craft that

2102

01:21:28,629 --> 01:21:26,080

was brought down or crashed i mean what

2103

01:21:30,790 --> 01:21:28,639

makes an advanced craft crash

2104

01:21:33,830 --> 01:21:30,800

yeah the only thing i could think of is

2105

01:21:35,590 --> 01:21:33,840

it's some sort of controlled um

2106

01:21:37,189 --> 01:21:35,600

like event you know because there's so

2107

01:21:38,709 --> 01:21:37,199

many different things that happen so

2108

01:21:40,709 --> 01:21:38,719

rather than people branching out and

2109

01:21:43,110 --> 01:21:40,719

going into these different events let's

2110

01:21:45,270 --> 01:21:43,120

just keep everything on roswell biking

2111

01:21:47,110 --> 01:21:45,280

you know every few years well something

2112

01:21:48,790 --> 01:21:47,120

new comes up about it so you have this

2113

01:21:50,310 --> 01:21:48,800

controlled experience

2114

01:21:52,310 --> 01:21:50,320

it keeps people's attention that's the

2115

01:21:55,189 --> 01:21:52,320

only thing i could think of but

2116

01:21:56,550 --> 01:21:55,199

yeah and i i i just think that that i

2117

01:21:58,629 --> 01:21:56,560

think

2118

01:22:03,270 --> 01:21:58,639

again informed speculation and this is

2119

01:22:08,470 --> 01:22:06,070

i i think i personally believe

2120

01:22:11,189 --> 01:22:08,480

that um

2121

01:22:14,310 --> 01:22:11,199

that we reproduced

2122

01:22:16,470 --> 01:22:14,320

the german designs based on something

2123

01:22:18,310 --> 01:22:16,480

they learned from whoever they

2124

01:22:20,550 --> 01:22:18,320

interacted with

2125

01:22:22,070 --> 01:22:20,560

let's call them atlanteans for the lack

2126

01:22:24,310 --> 01:22:22,080

of a better term

2127

01:22:26,470 --> 01:22:24,320

and that these events craft were built

2128

01:22:29,189 --> 01:22:26,480

by the us and flown

2129

01:22:31,270 --> 01:22:29,199

and flown around where there was a radar

2130

01:22:33,189 --> 01:22:31,280

system and i know the radar system that

2131

01:22:34,310 --> 01:22:33,199

was in new mexico at the time of white

2132

01:22:37,990 --> 01:22:34,320

sands

2133

01:22:40,149 --> 01:22:38,000

um and it's also associated with b-29s

2134

01:22:42,149 --> 01:22:40,159

which guess what where's that roswell

2135

01:22:43,830 --> 01:22:42,159

this radar system on the ground

2136

01:22:46,390 --> 01:22:43,840

and that this radar system has something

2137

01:22:48,950 --> 01:22:46,400

to do with causing instability in the

2138

01:22:51,350 --> 01:22:48,960

propulsion system of this craft

2139

01:22:52,870 --> 01:22:51,360

because uh we can't bring down crack now

2140

01:22:55,830 --> 01:22:52,880

i mean you can shine all the radars you

2141

01:22:58,629 --> 01:22:55,840

want at tic-tac and you know that

2142

01:23:01,189 --> 01:22:58,639

are we we could what about a emp we

2143

01:23:06,229 --> 01:23:03,510

exactly yeah it could be any of that i

2144

01:23:08,790 --> 01:23:06,239

mean there are emp generators

2145

01:23:11,110 --> 01:23:08,800

you can produce an emp

2146

01:23:12,310 --> 01:23:11,120

um so that's my personal speculation

2147

01:23:14,870 --> 01:23:12,320

that

2148

01:23:16,310 --> 01:23:14,880

roswell um

2149

01:23:18,229 --> 01:23:16,320

may not be

2150

01:23:20,550 --> 01:23:18,239

as extraterrestrial

2151  
01:23:22,229 --> 01:23:20,560  
as we think but the occupants of the

2152  
01:23:24,149 --> 01:23:22,239  
craft

2153  
01:23:26,390 --> 01:23:24,159  
may be

2154  
01:23:28,390 --> 01:23:26,400  
from elsewhere

2155  
01:23:29,830 --> 01:23:28,400  
maybe from earth

2156  
01:23:32,149 --> 01:23:29,840  
on another earth

2157  
01:23:35,030 --> 01:23:32,159  
and that the nazis actually knew about

2158  
01:23:35,750 --> 01:23:35,040  
them and the fact that we have that is

2159  
01:23:37,350 --> 01:23:35,760  
why

2160  
01:23:39,669 --> 01:23:37,360  
it was covered up

2161  
01:23:42,229 --> 01:23:39,679  
otherwise if you find a spacecraft from

2162  
01:23:43,110 --> 01:23:42,239  
another world crashing in your desert

2163  
01:23:44,870 --> 01:23:43,120

um

2164

01:23:46,870 --> 01:23:44,880

the government with response will be

2165

01:23:48,629 --> 01:23:46,880

well let's get the academics let's get

2166

01:23:50,470 --> 01:23:48,639

our engineers and scientists on it you

2167

01:23:52,470 --> 01:23:50,480

know we've been more on the academic

2168

01:23:55,189 --> 01:23:52,480

side and not on the military

2169

01:23:57,270 --> 01:23:55,199

intelligence side of the equation

2170

01:23:59,750 --> 01:23:57,280

keeping in mind that there was a central

2171

01:24:01,910 --> 01:23:59,760

intelligence group operating and what

2172

01:24:04,229 --> 01:24:01,920

happened three weeks later we created

2173

01:24:05,750 --> 01:24:04,239

the central intelligence agency and we

2174

01:24:07,669 --> 01:24:05,760

created a department of defense we

2175

01:24:10,550 --> 01:24:07,679

created the u.s air force

2176  
01:24:12,470 --> 01:24:10,560  
and we created what we now call the

2177  
01:24:13,590 --> 01:24:12,480  
national security

2178  
01:24:15,750 --> 01:24:13,600  
state

2179  
01:24:17,910 --> 01:24:15,760  
at that point

2180  
01:24:21,110 --> 01:24:17,920  
you know it's interesting

2181  
01:24:23,990 --> 01:24:21,120  
if you look at the um ufo sightings of

2182  
01:24:26,070 --> 01:24:24,000  
you know 48 49 50

2183  
01:24:30,470 --> 01:24:26,080  
um they're primarily

2184  
01:24:32,709 --> 01:24:30,480  
around what uh los alamos white sands

2185  
01:24:34,870 --> 01:24:32,719  
uh san diego base

2186  
01:24:36,229 --> 01:24:34,880  
or a laboratory um

2187  
01:24:38,790 --> 01:24:36,239  
and then um

2188  
01:24:41,030 --> 01:24:38,800

wright patterson air force base

2189

01:24:43,669 --> 01:24:41,040

that the big clusters are right there

2190

01:24:45,189 --> 01:24:43,679

yeah so you're really yeah who knows

2191

01:24:47,350 --> 01:24:45,199

yeah it's a clustering of these

2192

01:24:48,709 --> 01:24:47,360

sightings um

2193

01:24:50,070 --> 01:24:48,719

so

2194

01:24:54,629 --> 01:24:50,080

uh

2195

01:25:00,229 --> 01:24:58,629

if you did you'd tell me though right

2196

01:25:02,950 --> 01:25:00,239

you know

2197

01:25:04,550 --> 01:25:02,960

the beauty of being a cia is that you

2198

01:25:06,310 --> 01:25:04,560

get the background information and you

2199

01:25:08,870 --> 01:25:06,320

know how to analyze things

2200

01:25:11,350 --> 01:25:08,880

and you get bits and pieces of things

2201

01:25:13,350 --> 01:25:11,360

but i when you don't get rid into it

2202

01:25:15,510 --> 01:25:13,360

you're free to express those bits and

2203

01:25:17,189 --> 01:25:15,520

pieces in a speculative way

2204

01:25:19,669 --> 01:25:17,199

and let the audience judge whether or

2205

01:25:22,149 --> 01:25:19,679

not it's blowing smoke or there's some

2206

01:25:23,990 --> 01:25:22,159

modicum of truth in there

2207

01:25:27,350 --> 01:25:24,000

i always tell people

2208

01:25:29,430 --> 01:25:27,360

underlying every conspiracy theory

2209

01:25:30,629 --> 01:25:29,440

are hidden truths waiting to be

2210

01:25:32,550 --> 01:25:30,639

discovered

2211

01:25:35,590 --> 01:25:32,560

right and so i that's the way i approach

2212

01:25:37,350 --> 01:25:35,600

in the entire ufology field

2213

01:25:41,110 --> 01:25:37,360

have you ever heard of the collins elite

2214

01:25:42,950 --> 01:25:41,120

by chance uh yes i have um what do you

2215

01:25:47,110 --> 01:25:42,960

think um something like that still

2216

01:25:48,629 --> 01:25:47,120

exists and is uh opposed to disclosure

2217

01:25:50,870 --> 01:25:48,639

uh

2218

01:25:54,229 --> 01:25:50,880

i would say this that i i know that

2219

01:25:56,070 --> 01:25:54,239

there is a group uh in the government i

2220

01:25:58,149 --> 01:25:56,080

won't place them anywhere i don't know

2221

01:25:59,750 --> 01:25:58,159

if they're ic or or pentagon or a

2222

01:26:01,669 --> 01:25:59,760

combination of the two but they're

2223

01:26:03,990 --> 01:26:01,679

highly placed individuals

2224

01:26:06,709 --> 01:26:04,000

who believe that everything

2225

01:26:08,550 --> 01:26:06,719

in the ufology

2226

01:26:11,910 --> 01:26:08,560

is a manifestation

2227

01:26:13,990 --> 01:26:11,920

of satanic or demonic forces

2228

01:26:16,310 --> 01:26:14,000

and that we should not be playing around

2229

01:26:19,189 --> 01:26:16,320

with this

2230

01:26:21,030 --> 01:26:19,199

my fear is that the skinwalkers of the

2231

01:26:24,390 --> 01:26:21,040

pentagon book

2232

01:26:30,790 --> 01:26:27,350

because it's all about these unusual

2233

01:26:33,189 --> 01:26:30,800

paranormal experiences that are harmful

2234

01:26:35,030 --> 01:26:33,199

now being harmful does not mean demonic

2235

01:26:36,790 --> 01:26:35,040

but i'm sure they would interpret it as

2236

01:26:40,149 --> 01:26:36,800

such

2237

01:26:44,070 --> 01:26:40,159

i was disclosed this much

2238

01:26:45,590 --> 01:26:44,080

when i said my presentation the cia or

2239

01:26:47,350 --> 01:26:45,600

approval

2240

01:26:49,270 --> 01:26:47,360

what they did was they looked at it from

2241

01:26:51,430 --> 01:26:49,280

the standpoint is there anything

2242

01:26:52,950 --> 01:26:51,440

unclassified about it

2243

01:26:55,510 --> 01:26:52,960

and they

2244

01:26:56,390 --> 01:26:55,520

did not make the final determination

2245

01:26:58,149 --> 01:26:56,400

they

2246

01:27:01,430 --> 01:26:58,159

bumped it up the chain

2247

01:27:02,709 --> 01:27:01,440

uh up to a group in the government who

2248

01:27:05,669 --> 01:27:02,719

deals with

2249

01:27:08,149 --> 01:27:05,679

this entire issue

2250

01:27:10,310 --> 01:27:08,159

post asap all sound

2251  
01:27:11,510 --> 01:27:10,320  
and they looked at it and they said this

2252  
01:27:13,430 --> 01:27:11,520  
looks good

2253  
01:27:16,950 --> 01:27:13,440  
tell the guy

2254  
01:27:21,910 --> 01:27:20,390  
and so they they are aware of what i

2255  
01:27:22,709 --> 01:27:21,920  
wrote in it

2256  
01:27:23,669 --> 01:27:22,719  
and

2257  
01:27:25,590 --> 01:27:23,679  
um

2258  
01:27:27,990 --> 01:27:25,600  
and i can't reveal who i had the

2259  
01:27:30,629 --> 01:27:28,000  
conversation with because i can't reveal

2260  
01:27:32,709 --> 01:27:30,639  
that name i have no permission to do so

2261  
01:27:34,629 --> 01:27:32,719  
sure i can reveal the fact of that there

2262  
01:27:36,310 --> 01:27:34,639  
was a conversation between me and an

2263  
01:27:41,750 --> 01:27:36,320

individual

2264

01:27:42,709 --> 01:27:41,760

will be encountering people who oppose

2265

01:27:45,030 --> 01:27:42,719

you

2266

01:27:48,550 --> 01:27:45,040

because they feel that way that what

2267

01:27:50,950 --> 01:27:48,560

you're doing is bringing to light

2268

01:27:52,950 --> 01:27:50,960

uh in a positive way things they they

2269

01:27:54,149 --> 01:27:52,960

feel should be looked at in a negative

2270

01:27:54,870 --> 01:27:54,159

way

2271

01:27:56,870 --> 01:27:54,880

so

2272

01:27:59,189 --> 01:27:56,880

i don't know the name of it but collins

2273

01:28:01,270 --> 01:27:59,199

lead comes up and so okay well it's

2274

01:28:03,189 --> 01:28:01,280

calling the commons elite but they are

2275

01:28:04,550 --> 01:28:03,199

people who don't do believe that and

2276

01:28:07,750 --> 01:28:04,560

adhere to that

2277

01:28:10,070 --> 01:28:07,760

so do you find that the uh wilson davis

2278

01:28:11,350 --> 01:28:10,080

notes are accurate i'm glad you've

2279

01:28:12,629 --> 01:28:11,360

mentioned that

2280

01:28:15,030 --> 01:28:12,639

um

2281

01:28:16,070 --> 01:28:15,040

by the way i think jay's gonna be very

2282

01:28:18,550 --> 01:28:16,080

hurt

2283

01:28:20,070 --> 01:28:18,560

he was trying to have a uh uh it's a

2284

01:28:21,270 --> 01:28:20,080

similar type of interview and he was

2285

01:28:25,669 --> 01:28:21,280

gonna ask me that

2286

01:28:33,590 --> 01:28:29,189

so let me talk about that

2287

01:28:37,669 --> 01:28:35,430

how i know

2288

01:28:41,270 --> 01:28:37,679

not particularly about that

2289

01:28:42,870 --> 01:28:41,280

again i don't have permission from eric

2290

01:28:45,750 --> 01:28:42,880

w davis

2291

01:28:48,790 --> 01:28:45,760

to know why i know about him he doesn't

2292

01:28:50,629 --> 01:28:48,800

know i know as much about him as i do

2293

01:28:52,229 --> 01:28:50,639

there are a lot of cia officers who know

2294

01:28:54,470 --> 01:28:52,239

about him

2295

01:28:55,510 --> 01:28:54,480

and he knows about some of those cia

2296

01:28:58,950 --> 01:28:55,520

officers

2297

01:29:02,950 --> 01:28:58,960

in the context but not me and that's all

2298

01:29:06,550 --> 01:29:02,960

i can say but let's let's say that uh

2299

01:29:08,149 --> 01:29:06,560

i had i was privy to his resume

2300

01:29:09,910 --> 01:29:08,159

and i'll put it at that and that's all

2301

01:29:10,790 --> 01:29:09,920

i'm gonna say say

2302

01:29:16,709 --> 01:29:10,800

so

2303

01:29:18,550 --> 01:29:16,719

trustable highly respected physicist

2304

01:29:20,310 --> 01:29:18,560

right i know what he did for the air

2305

01:29:22,310 --> 01:29:20,320

force research labs

2306

01:29:24,709 --> 01:29:22,320

now i'll say that

2307

01:29:27,669 --> 01:29:24,719

now having said that i wish i can get

2308

01:29:30,709 --> 01:29:27,679

his permission to tell the world how i

2309

01:29:32,950 --> 01:29:30,719

know about him and the time context of

2310

01:29:35,830 --> 01:29:32,960

when i found out about him because it

2311

01:29:37,590 --> 01:29:35,840

makes the discussion very interesting

2312

01:29:40,390 --> 01:29:37,600

pre all set

2313

01:29:42,390 --> 01:29:40,400

let's go from there now

2314

01:29:44,870 --> 01:29:42,400

here's the director of the defense

2315

01:29:47,590 --> 01:29:44,880

intelligence agency admiral wilson right

2316

01:29:50,070 --> 01:29:47,600

and you think oh dia guy you know he

2317

01:29:51,030 --> 01:29:50,080

must know everything

2318

01:29:52,390 --> 01:29:51,040

but

2319

01:29:54,550 --> 01:29:52,400

we learned from

2320

01:29:58,229 --> 01:29:54,560

the notes from eric davis

2321

01:30:00,229 --> 01:29:58,239

that he seemed to have fact of knowledge

2322

01:30:02,709 --> 01:30:00,239

that these programs existed

2323

01:30:05,750 --> 01:30:02,719

what he wanted was to be read into the

2324

01:30:08,149 --> 01:30:05,760

actual program itself all these programs

2325

01:30:09,990 --> 01:30:08,159

and he was denied that

2326

01:30:11,510 --> 01:30:10,000

and so could that be

2327

01:30:14,070 --> 01:30:11,520

is that possible

2328

01:30:16,550 --> 01:30:14,080

yes it can be possible when i look

2329

01:30:18,550 --> 01:30:16,560

through the uh notes i notice a few

2330

01:30:21,270 --> 01:30:18,560

names that i recognized

2331

01:30:23,110 --> 01:30:21,280

and these were officers

2332

01:30:26,070 --> 01:30:23,120

in the

2333

01:30:30,390 --> 01:30:26,080

association of former intelligence

2334

01:30:36,950 --> 01:30:34,629

full disclosure i'm also a member

2335

01:30:39,110 --> 01:30:36,960

john alexander is a member a lot of us

2336

01:30:41,750 --> 01:30:39,120

so-called ex-spooks and i use that term

2337

01:30:43,590 --> 01:30:41,760

affectionately and not

2338

01:30:46,709 --> 01:30:43,600

not in a derogative sense a lot of us

2339

01:30:49,110 --> 01:30:46,719

are members of this organization okay um

2340

01:30:52,070 --> 01:30:49,120

and he they he mentioned two of those

2341

01:30:54,229 --> 01:30:52,080

individuals who are in the las vegas

2342

01:30:56,629 --> 01:30:54,239

chapter of that organization

2343

01:30:59,350 --> 01:30:56,639

okay and they're the ones that made it

2344

01:31:01,669 --> 01:30:59,360

possible for admiral wilson and eric

2345

01:31:03,189 --> 01:31:01,679

davis to meet so that's one point of

2346

01:31:06,550 --> 01:31:03,199

validity there

2347

01:31:09,110 --> 01:31:06,560

uh they met at an office for e b and g

2348

01:31:12,070 --> 01:31:09,120

and e g is the uh

2349

01:31:13,830 --> 01:31:12,080

what i call the uh o m or operations and

2350

01:31:15,270 --> 01:31:13,840

maintenance contractor

2351

01:31:17,750 --> 01:31:15,280

uh they're the ones that supply the

2352

01:31:19,750 --> 01:31:17,760

black helicopters and fly them

2353

01:31:22,229 --> 01:31:19,760

uh they're the ones that guard

2354

01:31:24,470 --> 01:31:22,239

the facility in area 51 and guard all

2355

01:31:26,870 --> 01:31:24,480

facilities like that

2356

01:31:29,270 --> 01:31:26,880

um they're the camo dudes that you hear

2357

01:31:31,910 --> 01:31:29,280

about they're all e g contractors and

2358

01:31:33,750 --> 01:31:31,920

they met in that office

2359

01:31:35,350 --> 01:31:33,760

in las vegas

2360

01:31:37,910 --> 01:31:35,360

right um

2361

01:31:40,149 --> 01:31:37,920

so that part is true right and so the

2362

01:31:42,709 --> 01:31:40,159

information was that here's admiral

2363

01:31:44,390 --> 01:31:42,719

wilson trying to get information about a

2364

01:31:46,629 --> 01:31:44,400

program that he was not

2365

01:31:47,990 --> 01:31:46,639

by pentagon officials

2366

01:31:51,270 --> 01:31:48,000

how can that be

2367

01:31:53,430 --> 01:31:51,280

well just because you have a position

2368

01:31:55,510 --> 01:31:53,440

and flagged rank like an admiral in a

2369

01:31:57,590 --> 01:31:55,520

position like director dia does not

2370

01:32:00,550 --> 01:31:57,600

entitle you to be read into

2371

01:32:01,669 --> 01:32:00,560

some of these special access programs

2372

01:32:03,270 --> 01:32:01,679

because

2373

01:32:06,709 --> 01:32:03,280

there's a law

2374

01:32:08,229 --> 01:32:06,719

that regulates special access programs

2375

01:32:10,149 --> 01:32:08,239

and it's title 10

2376

01:32:12,629 --> 01:32:10,159

section 119.

2377

01:32:13,910 --> 01:32:12,639

if you look up title section 119 in the

2378

01:32:16,149 --> 01:32:13,920

us code

2379

01:32:18,470 --> 01:32:16,159

you will read what governs the special

2380

01:32:21,669 --> 01:32:18,480

access program people say oh these are

2381

01:32:23,189 --> 01:32:21,679

rogue illegal programs i disagree with

2382

01:32:26,390 --> 01:32:23,199

the rogue

2383

01:32:29,270 --> 01:32:26,400

because the u.s law allows

2384

01:32:32,310 --> 01:32:29,280

that type of program to exist

2385

01:32:34,310 --> 01:32:32,320

i i do disagree with i do agree that it

2386

01:32:37,189 --> 01:32:34,320

might be illegal

2387

01:32:38,709 --> 01:32:37,199

uh in the sense that um it's legal in

2388

01:32:40,470 --> 01:32:38,719

the sense that there's a law but just

2389

01:32:43,030 --> 01:32:40,480

because there's a law of the land does

2390

01:32:44,709 --> 01:32:43,040

not make it constitutional no one's ever

2391

01:32:47,590 --> 01:32:44,719

challenged

2392

01:32:49,110 --> 01:32:47,600

title 10 section 119

2393

01:32:51,830 --> 01:32:49,120

and that's something for danny sheehan

2394

01:32:53,830 --> 01:32:51,840

to do because he's a lawyer

2395

01:32:55,189 --> 01:32:53,840

case is in the supreme court but that

2396

01:32:57,189 --> 01:32:55,199

allows

2397

01:32:59,510 --> 01:32:57,199

what we call carve outs

2398

01:33:01,669 --> 01:32:59,520

in special access programs

2399

01:33:02,950 --> 01:33:01,679

so that the program managers can

2400

01:33:05,830 --> 01:33:02,960

actually

2401  
01:33:07,750 --> 01:33:05,840  
manage who's read in and who's not

2402  
01:33:10,390 --> 01:33:07,760  
it's up to them

2403  
01:33:11,350 --> 01:33:10,400  
the people that admiral mills wilson met

2404  
01:33:13,590 --> 01:33:11,360  
with

2405  
01:33:15,750 --> 01:33:13,600  
are real people and they're like the

2406  
01:33:18,390 --> 01:33:15,760  
under secretary of defense for atl or

2407  
01:33:23,030 --> 01:33:18,400  
acquisition technology logistics

2408  
01:33:24,870 --> 01:33:23,040  
atl uh is responsible for developing all

2409  
01:33:27,510 --> 01:33:24,880  
new technologies for the department of

2410  
01:33:29,750 --> 01:33:27,520  
defense acquiring and developing those

2411  
01:33:31,590 --> 01:33:29,760  
technologies and delivering the

2412  
01:33:33,110 --> 01:33:31,600  
resources to build those technologies

2413  
01:33:34,310 --> 01:33:33,120

and that's where the logistics part

2414

01:33:36,870 --> 01:33:34,320

comes in

2415

01:33:38,950 --> 01:33:36,880

and also the under secretary of defense

2416

01:33:42,070 --> 01:33:38,960

for intelligence and i believe at the

2417

01:33:44,790 --> 01:33:42,080

time there was another letter uh s

2418

01:33:47,030 --> 01:33:44,800

usd is i think it's just i now it used

2419

01:33:48,950 --> 01:33:47,040

to be intelligence and security

2420

01:33:50,790 --> 01:33:48,960

and so they were there

2421

01:33:53,590 --> 01:33:50,800

as well as the

2422

01:33:56,149 --> 01:33:53,600

sap control officer was there

2423

01:33:57,990 --> 01:33:56,159

and that group

2424

01:33:58,950 --> 01:33:58,000

determines who's right in and they said

2425

01:34:03,270 --> 01:33:58,960

no

2426

01:34:05,590 --> 01:34:03,280

and that's all you need to do

2427

01:34:07,030 --> 01:34:05,600

to know to do your job you can't get

2428

01:34:08,229 --> 01:34:07,040

this

2429

01:34:13,750 --> 01:34:08,239

and so

2430

01:34:15,669 --> 01:34:13,760

my experience with this is and i put

2431

01:34:17,270 --> 01:34:15,679

this in my presentation

2432

01:34:19,669 --> 01:34:17,280

um

2433

01:34:21,590 --> 01:34:19,679

the united states of america

2434

01:34:23,590 --> 01:34:21,600

and put this in the context of where we

2435

01:34:25,350 --> 01:34:23,600

are with china today

2436

01:34:27,350 --> 01:34:25,360

post trump

2437

01:34:28,950 --> 01:34:27,360

the united states of america since the

2438

01:34:31,270 --> 01:34:28,960

carter administration

2439

01:34:33,910 --> 01:34:31,280

with the people's republic of china has

2440

01:34:35,830 --> 01:34:33,920

had a close and enduring relationship

2441

01:34:37,110 --> 01:34:35,840

exchanging military information and

2442

01:34:39,270 --> 01:34:37,120

intelligence

2443

01:34:41,590 --> 01:34:39,280

and here we are the united states

2444

01:34:42,790 --> 01:34:41,600

trading sensitive information with the

2445

01:34:44,709 --> 01:34:42,800

chinese

2446

01:34:46,550 --> 01:34:44,719

yeah

2447

01:34:47,830 --> 01:34:46,560

and we built

2448

01:34:50,629 --> 01:34:47,840

in china

2449

01:34:52,229 --> 01:34:50,639

miniature versions of pine gap

2450

01:34:53,910 --> 01:34:52,239

all over china

2451

01:34:56,390 --> 01:34:53,920

explain what that is

2452

01:35:00,709 --> 01:34:56,400

pine gap is that um

2453

01:35:03,189 --> 01:35:00,719

nro facility in outer space

2454

01:35:05,990 --> 01:35:03,199

it's there are three in a row facilities

2455

01:35:07,910 --> 01:35:06,000

that are major for the collection of

2456

01:35:11,590 --> 01:35:07,920

space-based intelligence

2457

01:35:15,030 --> 01:35:11,600

pine gap in alice springs australia

2458

01:35:17,350 --> 01:35:15,040

in england it's with hill

2459

01:35:19,189 --> 01:35:17,360

uh i believe it's near leeds or

2460

01:35:21,109 --> 01:35:19,199

yorkshire that's something that jay

2461

01:35:22,550 --> 01:35:21,119

would know about

2462

01:35:24,950 --> 01:35:22,560

men with hill he would know all about

2463

01:35:26,390 --> 01:35:24,960

minimum hill it's a huge facility

2464

01:35:28,790 --> 01:35:26,400  
and denver

2465

01:35:30,709 --> 01:35:28,800  
uh in a place called of all things

2466

01:35:34,390 --> 01:35:30,719  
aurora california

2467

01:35:37,590 --> 01:35:34,400  
or i'm sorry aurora colorado

2468

01:35:40,709 --> 01:35:37,600  
uh so these are big facilities uh big

2469

01:35:42,709 --> 01:35:40,719  
golf balls radars if you fly into the

2470

01:35:44,390 --> 01:35:42,719  
denver international airport

2471

01:35:47,590 --> 01:35:44,400  
and coming from the south

2472

01:35:50,149 --> 01:35:47,600  
into that and if you are sitting on the

2473

01:35:52,070 --> 01:35:50,159  
left side the port side of the aircraft

2474

01:35:54,709 --> 01:35:52,080  
and you look out before you land you'll

2475

01:35:56,470 --> 01:35:54,719  
see a base called buckley buckley air

2476  
01:35:59,830 --> 01:35:56,480  
force base

2477  
01:36:02,870 --> 01:35:59,840  
and in there you'll see big white domes

2478  
01:36:04,790 --> 01:36:02,880  
that is the major collection facility

2479  
01:36:06,950 --> 01:36:04,800  
for the united states of america that's

2480  
01:36:08,870 --> 01:36:06,960  
where all the satellite data goes and

2481  
01:36:11,189 --> 01:36:08,880  
that was in a memo

2482  
01:36:12,310 --> 01:36:11,199  
released by the dni

2483  
01:36:14,149 --> 01:36:12,320  
um

2484  
01:36:16,870 --> 01:36:14,159  
at the time to say we're going to

2485  
01:36:19,189 --> 01:36:16,880  
unclassify the existence of the fact of

2486  
01:36:21,750 --> 01:36:19,199  
that the inner oil has facilities at

2487  
01:36:23,270 --> 01:36:21,760  
these three places and more

2488  
01:36:25,350 --> 01:36:23,280

wow so

2489

01:36:27,189 --> 01:36:25,360

we built something like that

2490

01:36:28,550 --> 01:36:27,199

uh like pine gap

2491

01:36:30,870 --> 01:36:28,560

uh in china

2492

01:36:32,470 --> 01:36:30,880

smaller versions of pine gap

2493

01:36:34,470 --> 01:36:32,480

right and uh

2494

01:36:37,189 --> 01:36:34,480

so

2495

01:36:41,270 --> 01:36:37,199

here we have in china this program

2496

01:36:45,270 --> 01:36:41,280

it was a controlled access program cap

2497

01:36:47,030 --> 01:36:45,280

that is a cia version of a sap sap

2498

01:36:49,270 --> 01:36:47,040

controlled access program is just

2499

01:36:52,470 --> 01:36:49,280

similar you have a control officer you

2500

01:36:54,390 --> 01:36:52,480

have security protocols related to

2501  
01:36:57,189 --> 01:36:54,400  
that program and who can be read and who

2502  
01:36:58,390 --> 01:36:57,199  
cannot be read in

2503  
01:37:01,350 --> 01:36:58,400  
so

2504  
01:37:03,510 --> 01:37:01,360  
as this program was commencing i was one

2505  
01:37:06,070 --> 01:37:03,520  
of the people that went over to china to

2506  
01:37:08,550 --> 01:37:06,080  
train my counterparts in the people's

2507  
01:37:10,149 --> 01:37:08,560  
liberation army think of it as cia

2508  
01:37:12,470 --> 01:37:10,159  
officer training

2509  
01:37:15,270 --> 01:37:12,480  
chinese intelligence officers and how to

2510  
01:37:16,149 --> 01:37:15,280  
use equipment that we built for them

2511  
01:37:17,189 --> 01:37:16,159  
yeah

2512  
01:37:17,990 --> 01:37:17,199  
of the art

2513  
01:37:20,070 --> 01:37:18,000

we

2514

01:37:22,870 --> 01:37:20,080

couldn't imagine that considering uh the

2515

01:37:24,550 --> 01:37:22,880

times now that's for sure yeah and so

2516

01:37:26,629 --> 01:37:24,560

i'm going with this is that before this

2517

01:37:28,950 --> 01:37:26,639

program is extremely sensitive

2518

01:37:31,990 --> 01:37:28,960

um further along the program

2519

01:37:33,030 --> 01:37:32,000

uh i became the guy stuck with a bigot

2520

01:37:35,270 --> 01:37:33,040

list

2521

01:37:36,470 --> 01:37:35,280

essentially i became the cap control

2522

01:37:39,590 --> 01:37:36,480

officer

2523

01:37:42,310 --> 01:37:39,600

and the office that ran this program uh

2524

01:37:44,310 --> 01:37:42,320

said hey you're red that's that

2525

01:37:46,790 --> 01:37:44,320

and here it is here's a bigger list and

2526

01:37:48,709 --> 01:37:46,800

so oh okay so i was in this program for

2527

01:37:50,709 --> 01:37:48,719

a long time and so i looked through this

2528

01:37:52,390 --> 01:37:50,719

oh my gosh

2529

01:37:55,350 --> 01:37:52,400

president president yeah secretary of

2530

01:37:58,950 --> 01:37:55,360

state defense secretary

2531

01:38:01,030 --> 01:37:58,960

uh dernsa uh dir nsa dernsa is what we

2532

01:38:03,189 --> 01:38:01,040

call the director of nationals

2533

01:38:06,310 --> 01:38:03,199

national security agency

2534

01:38:09,189 --> 01:38:06,320

okay there's some nsa guys yeah yeah cia

2535

01:38:10,550 --> 01:38:09,199

guys contractors okay guess who i didn't

2536

01:38:13,189 --> 01:38:10,560

see

2537

01:38:17,669 --> 01:38:13,199

director of dia

2538

01:38:20,390 --> 01:38:18,629

i don't know

2539

01:38:22,310 --> 01:38:20,400

at that level these are the program

2540

01:38:23,990 --> 01:38:22,320

these are the people who actually knew

2541

01:38:26,229 --> 01:38:24,000

about the program at a very high

2542

01:38:27,910 --> 01:38:26,239

position in the government and those

2543

01:38:29,590 --> 01:38:27,920

lower and the lower pay rates like

2544

01:38:32,229 --> 01:38:29,600

myself who actually traveled for the

2545

01:38:34,709 --> 01:38:32,239

program to execute the program and no

2546

01:38:37,830 --> 01:38:34,719

sibling list and a director of dia i

2547

01:38:40,149 --> 01:38:37,840

don't recall any dia officers in there

2548

01:38:41,990 --> 01:38:40,159

in fact i would challenge james mccatsky

2549

01:38:43,910 --> 01:38:42,000

if he knew about the fact that he's a

2550

01:38:45,669 --> 01:38:43,920

ballistic missile analyst guess what you

2551

01:38:47,350 --> 01:38:45,679

didn't get all the data

2552

01:38:50,310 --> 01:38:47,360

yeah hey

2553

01:38:53,430 --> 01:38:50,320

a lot of good good data from the ground

2554

01:38:56,229 --> 01:38:53,440

uh and you got the uh other kinds of

2555

01:38:58,229 --> 01:38:56,239

data from space but we got really

2556

01:39:01,830 --> 01:38:58,239

because we were right there on the

2557

01:39:03,990 --> 01:39:01,840

border uh looking into where these uh

2558

01:39:06,390 --> 01:39:04,000

russian missiles uh

2559

01:39:09,669 --> 01:39:06,400

impacted and we collected all their data

2560

01:39:12,390 --> 01:39:09,679

and so that fact was a one-time

2561

01:39:13,830 --> 01:39:12,400

extremely tightly controlled

2562

01:39:16,709 --> 01:39:13,840

cap

2563

01:39:19,109 --> 01:39:16,719

and the dia director was not on it

2564

01:39:21,350 --> 01:39:19,119

so that's why i think you know yeah sure

2565

01:39:23,350 --> 01:39:21,360

the di director might not be in this

2566

01:39:24,550 --> 01:39:23,360

other program about the exploitation of

2567

01:39:27,590 --> 01:39:24,560

crap

2568

01:39:30,070 --> 01:39:27,600

right yeah that makes complete sense

2569

01:39:30,870 --> 01:39:30,080

that's really i call it going to the

2570

01:39:33,270 --> 01:39:30,880

edge

2571

01:39:35,669 --> 01:39:33,280

of what cio allow me to say

2572

01:39:39,590 --> 01:39:35,679

but i referenced that slide with

2573

01:39:42,149 --> 01:39:41,109

you're amazing a little bit more about

2574

01:39:44,390 --> 01:39:42,159

that

2575

01:39:46,870 --> 01:39:44,400

one of the sensors uh well i don't know

2576

01:39:49,430 --> 01:39:46,880

if i can talk about the sensor yeah okay

2577

01:39:52,709 --> 01:39:49,440

uh so there was this

2578

01:39:55,590 --> 01:39:52,719

known as the uh dome of light phenomenon

2579

01:39:57,830 --> 01:39:55,600

oh and uh when the russians would launch

2580

01:39:59,830 --> 01:39:57,840

a certain class of missile

2581

01:40:03,030 --> 01:39:59,840

um all of a sudden they were surrounded

2582

01:40:07,430 --> 01:40:05,750

it was a light warps

2583

01:40:09,430 --> 01:40:07,440

dismissal um

2584

01:40:12,390 --> 01:40:09,440

here comes these orbs

2585

01:40:14,070 --> 01:40:12,400

wow um and so we knew about these boards

2586

01:40:16,950 --> 01:40:14,080

and so

2587

01:40:20,790 --> 01:40:16,960

you can imagine if uh these missiles and

2588

01:40:22,790 --> 01:40:20,800

i will name the missile is the ss20

2589

01:40:25,830 --> 01:40:22,800

nato calls it sable

2590

01:40:27,430 --> 01:40:25,840

the russians call it the rsd-10

2591

01:40:29,270 --> 01:40:27,440

if you want to see one go to the air and

2592

01:40:31,910 --> 01:40:29,280

space museum in washington dc and

2593

01:40:33,590 --> 01:40:31,920

there's one right there that you can see

2594

01:40:36,229 --> 01:40:33,600

it's an intermediate range ballistic

2595

01:40:38,550 --> 01:40:36,239

missile that through treaty uh was

2596

01:40:40,070 --> 01:40:38,560

eliminated from the russian inventory

2597

01:40:41,510 --> 01:40:40,080

and we took our

2598

01:40:44,950 --> 01:40:41,520

pershing missiles

2599

01:40:45,990 --> 01:40:44,960

out of europe in response as a counter

2600

01:40:48,550 --> 01:40:46,000

as a

2601

01:40:50,950 --> 01:40:48,560

a counterpart and so

2602

01:40:51,750 --> 01:40:50,960

that missile uh had these stones of

2603

01:40:54,390 --> 01:40:51,760

light

2604

01:40:56,310 --> 01:40:54,400

and so you betcha we we would be

2605

01:40:58,950 --> 01:40:56,320

interested in that and that we would

2606

01:41:01,189 --> 01:40:58,960

like brief the chinese on why we put

2607

01:41:03,350 --> 01:41:01,199

this special sensor to look at these

2608

01:41:06,390 --> 01:41:03,360

storms of light

2609

01:41:10,950 --> 01:41:08,790

and guess what in china there's a ufo

2610

01:41:13,030 --> 01:41:10,960

society

2611

01:41:15,109 --> 01:41:13,040

civilian ufos do you actually believe

2612

01:41:17,990 --> 01:41:15,119

that the communist party of china will

2613

01:41:20,310 --> 01:41:18,000

allow any civilian activity like that

2614

01:41:22,390 --> 01:41:20,320

unless the chinese party approved of it

2615

01:41:24,870 --> 01:41:22,400

and knew about it so there's the ufo

2616

01:41:26,629 --> 01:41:24,880

society that met uh i don't know if

2617

01:41:28,950 --> 01:41:26,639

they're still in existence but

2618

01:41:31,669 --> 01:41:28,960

the timing is really interested because

2619

01:41:36,070 --> 01:41:31,679

they were created um about the time that

2620

01:41:40,709 --> 01:41:38,790

so you know we told him yeah i think we

2621

01:41:42,950 --> 01:41:40,719

told him about one and now they have a

2622

01:41:51,189 --> 01:41:42,960

task force

2623

01:41:54,310 --> 01:41:51,199

that kind of coincides with when our

2624

01:41:55,590 --> 01:41:54,320

relationship tumbled

2625

01:41:57,109 --> 01:41:55,600

with them

2626

01:41:58,709 --> 01:41:57,119

you know and

2627

01:42:00,310 --> 01:41:58,719

yeah it's a bag of worms now

2628

01:42:02,950 --> 01:42:00,320

unfortunately

2629

01:42:04,629 --> 01:42:02,960

but hopefully it gets better

2630

01:42:06,790 --> 01:42:04,639

uh what do you first see in the future

2631

01:42:09,189 --> 01:42:06,800

with this disclosure i think you know to

2632

01:42:11,510 --> 01:42:09,199

be quite honest with you um you just

2633

01:42:13,590 --> 01:42:11,520

laid down i know you said a lot of it's

2634

01:42:15,430 --> 01:42:13,600

unclassified and you get all of it or

2635

01:42:17,510 --> 01:42:15,440

and you got permission but

2636

01:42:19,910 --> 01:42:17,520

um you just laid down a lot of

2637

01:42:22,390 --> 01:42:19,920

disclosure for people on

2638

01:42:23,270 --> 01:42:22,400

right now yeah so i'm very appreciative

2639

01:42:24,310 --> 01:42:23,280

of that

2640

01:42:26,790 --> 01:42:24,320

um

2641

01:42:29,510 --> 01:42:26,800

what what do you what do you see happens

2642

01:42:31,350 --> 01:42:29,520

from here or going forward

2643

01:42:32,629 --> 01:42:31,360

sure

2644

01:42:36,149 --> 01:42:32,639

well first of all let me address the

2645

01:42:39,510 --> 01:42:37,590

what i bring to the table and what

2646

01:42:41,510 --> 01:42:39,520

intelligence officers who are retired

2647

01:42:43,350 --> 01:42:41,520

can bring to the table is what i just

2648

01:42:46,470 --> 01:42:43,360

described they're very reluctant to come

2649

01:42:48,950 --> 01:42:46,480

forward because when we talk about this

2650

01:42:50,229 --> 01:42:48,960

if we don't fit into some

2651

01:42:53,030 --> 01:42:50,239

uh

2652

01:42:55,270 --> 01:42:53,040

world view of what is going on

2653

01:42:58,470 --> 01:42:55,280

we're called disinformation agents

2654

01:43:01,030 --> 01:42:58,480

and no one wants to be uh

2655

01:43:02,550 --> 01:43:01,040

denigrated in that manner yeah all folks

2656

01:43:04,390 --> 01:43:02,560

do not want to come out to say i don't

2657

01:43:06,390 --> 01:43:04,400

want to be colleges i know this is what

2658

01:43:07,990 --> 01:43:06,400

i know i don't know everything if they

2659

01:43:09,750 --> 01:43:08,000

ask me what i don't know i have to say i

2660

01:43:10,870 --> 01:43:09,760

don't know but when i say that people

2661

01:43:13,350 --> 01:43:10,880

think i'm holding withholding

2662

01:43:14,550 --> 01:43:13,360

information but i really don't know so

2663

01:43:17,189 --> 01:43:14,560

these people are not going to come out

2664

01:43:19,189 --> 01:43:17,199

and so me coming out like this um i'm

2665

01:43:22,390 --> 01:43:19,199

hoping to encourage other folks

2666

01:43:23,990 --> 01:43:22,400

particularly my nga colleagues who know

2667

01:43:25,109 --> 01:43:24,000

a lot more about what's going on up

2668

01:43:27,030 --> 01:43:25,119

there

2669

01:43:28,629 --> 01:43:27,040

to come out and say hey you know we can

2670

01:43:30,550 --> 01:43:28,639

talk about this

2671

01:43:33,510 --> 01:43:30,560

so going from there

2672

01:43:35,189 --> 01:43:33,520

disclosure is something to me is a top

2673

01:43:36,390 --> 01:43:35,199

down from the government to we the

2674

01:43:38,950 --> 01:43:36,400

people

2675

01:43:41,590 --> 01:43:38,960

and i think that's going to be drives

2676

01:43:42,550 --> 01:43:41,600

and drafts um i'm not going to tell you

2677

01:43:44,709 --> 01:43:42,560

about

2678

01:43:47,830 --> 01:43:44,719

anything that we're working on based on

2679

01:43:49,990 --> 01:43:47,840

any technology we may have recovered

2680

01:43:51,910 --> 01:43:50,000

i don't think that's going to happen

2681

01:43:52,790 --> 01:43:51,920

do you think they know anything more

2682

01:43:54,629 --> 01:43:52,800

than

2683

01:43:56,390 --> 01:43:54,639

you know we know as far as intent and

2684

01:43:58,790 --> 01:43:56,400

where from

2685

01:44:02,950 --> 01:43:58,800

um

2686

01:44:04,470 --> 01:44:02,960

i it's my speculation that they do yeah

2687

01:44:06,629 --> 01:44:04,480

i think they do know

2688

01:44:08,550 --> 01:44:06,639

um you would agree we deserve to have

2689

01:44:10,390 --> 01:44:08,560

that answer right

2690

01:44:11,830 --> 01:44:10,400

i think we can handle it you know

2691

01:44:13,189 --> 01:44:11,840

remember that

2692

01:44:14,550 --> 01:44:13,199

movie uh

2693

01:44:17,189 --> 01:44:14,560

uh

2694

01:44:19,109 --> 01:44:17,199

a few good men right yeah you can't

2695

01:44:20,950 --> 01:44:19,119

handle it you can't

2696

01:44:25,109 --> 01:44:20,960

we can handle the truth

2697

01:44:27,189 --> 01:44:25,119

more of the truth is out there so it's

2698

01:44:28,950 --> 01:44:27,199

all like a top-down disclosure from the

2699

01:44:31,430 --> 01:44:28,960

government to we the people

2700

01:44:33,430 --> 01:44:31,440

uh what you're doing sean and what

2701

01:44:37,109 --> 01:44:33,440

everyone else is doing

2702

01:44:42,470 --> 01:44:39,510

programs to let people understand what's

2703

01:44:44,470 --> 01:44:42,480

going on to have a guest on

2704

01:44:47,270 --> 01:44:44,480

uh to explain what they think what's

2705

01:44:50,310 --> 01:44:47,280

going on to me that is citizen science

2706

01:44:52,950 --> 01:44:50,320

and that's from we people on up

2707

01:44:54,870 --> 01:44:52,960

right and so where this is going is now

2708

01:44:56,790 --> 01:44:54,880

for the first time i checked the

2709

01:44:59,750 --> 01:44:56,800

legislation and it's good

2710

01:45:02,149 --> 01:44:59,760

the house permanent no the

2711

01:45:04,470 --> 01:45:02,159

house on services committee and the

2712

01:45:07,189 --> 01:45:04,480

national defense authorization act for

2713

01:45:09,990 --> 01:45:07,199

the next fiscal year 2022

2714

01:45:11,189 --> 01:45:10,000

has a provision in it to establish a

2715

01:45:13,109 --> 01:45:11,199

permanent

2716

01:45:14,149 --> 01:45:13,119

uap office within the department of

2717

01:45:15,990 --> 01:45:14,159

defense

2718

01:45:17,189 --> 01:45:16,000

permanent and that means it's going to

2719

01:45:19,350 --> 01:45:17,199

get funded

2720

01:45:21,189 --> 01:45:19,360

it's not like all staff needs to go find

2721

01:45:22,870 --> 01:45:21,199

funding and oh you can't get funding we

2722

01:45:24,390 --> 01:45:22,880

have to shut it down after two years

2723

01:45:26,470 --> 01:45:24,400

this is permanent

2724

01:45:29,590 --> 01:45:26,480

and if you leave read what it's in the

2725

01:45:32,149 --> 01:45:29,600

legislation i'm very encouraged that

2726

01:45:34,310 --> 01:45:32,159

there's international cooperation that's

2727

01:45:36,550 --> 01:45:34,320

mandated by the legislation the united

2728

01:45:38,950 --> 01:45:36,560

states government will share what it

2729

01:45:40,709 --> 01:45:38,960

knows with other countries and encourage

2730

01:45:41,990 --> 01:45:40,719

other countries to share what they know

2731

01:45:44,149 --> 01:45:42,000

with us

2732

01:45:46,149 --> 01:45:44,159

to me what it says is they damn well are

2733

01:45:47,990 --> 01:45:46,159

sure that it's not theirs or ours or

2734

01:45:51,270 --> 01:45:48,000

they wouldn't be doing that exactly

2735

01:45:54,070 --> 01:45:51,280

and to address uh the harmful effects

2736

01:45:55,510 --> 01:45:54,080

there's also a provision in there that

2737

01:45:57,270 --> 01:45:55,520

the government

2738

01:45:58,629 --> 01:45:57,280

should

2739

01:45:59,510 --> 01:45:58,639

look at

2740

01:46:02,070 --> 01:45:59,520

the

2741

01:46:04,149 --> 01:46:02,080

physical and psychological effects of

2742

01:46:06,310 --> 01:46:04,159

encountering a uap

2743

01:46:08,470 --> 01:46:06,320

so that addresses all of the

2744

01:46:09,590 --> 01:46:08,480

uh health issues that people have

2745

01:46:11,590 --> 01:46:09,600

experienced

2746

01:46:13,830 --> 01:46:11,600

and that was recounted in the

2747

01:46:18,390 --> 01:46:13,840

recent skinwalkers ranch book

2748

01:46:23,189 --> 01:46:20,550

this in a way that wasn't good for their

2749

01:46:25,990 --> 01:46:23,199

health or some people seen it

2750

01:46:27,590 --> 01:46:26,000

and having other people uh criticize

2751  
01:46:29,350 --> 01:46:27,600  
them may have suffered some kind of

2752  
01:46:31,350 --> 01:46:29,360  
psychological effect

2753  
01:46:33,669 --> 01:46:31,360  
of you know being criticized for this oh

2754  
01:46:35,669 --> 01:46:33,679  
you're crazy you know from their family

2755  
01:46:38,790 --> 01:46:35,679  
or friends so now we're looking at that

2756  
01:46:40,709 --> 01:46:38,800  
officially and so i'm encouraged that at

2757  
01:46:41,669 --> 01:46:40,719  
least from the government side

2758  
01:46:43,189 --> 01:46:41,679  
um

2759  
01:46:44,790 --> 01:46:43,199  
this is going to be

2760  
01:46:47,270 --> 01:46:44,800  
front and center

2761  
01:46:48,390 --> 01:46:47,280  
and now because it's going to be the law

2762  
01:46:52,470 --> 01:46:48,400  
of land

2763  
01:46:53,669 --> 01:46:52,480

180 not one time 180 days about 180 days

2764

01:46:55,990 --> 01:46:53,679

all the time

2765

01:46:58,229 --> 01:46:56,000

twice per year a report on the

2766

01:47:00,629 --> 01:46:58,239

department of defense

2767

01:47:03,270 --> 01:47:00,639

on the that's title 10 remember title 10

2768

01:47:05,750 --> 01:47:03,280

is department of defense title 50

2769

01:47:08,149 --> 01:47:05,760

is the cynics committee on intelligence

2770

01:47:09,910 --> 01:47:08,159

the intelligence authorization act for

2771

01:47:11,270 --> 01:47:09,920

fy 2022

2772

01:47:13,270 --> 01:47:11,280

um they have

2773

01:47:17,030 --> 01:47:13,280

even stronger language

2774

01:47:18,790 --> 01:47:17,040

a 90 day every 90 days imagine

2775

01:47:21,270 --> 01:47:18,800

that's quarterly

2776  
01:47:22,870 --> 01:47:21,280  
imagine having quarterly reports

2777  
01:47:25,590 --> 01:47:22,880  
four times a year

2778  
01:47:28,229 --> 01:47:25,600  
and they also stipulated hey

2779  
01:47:29,669 --> 01:47:28,239  
we don't care about 2004 and onward we

2780  
01:47:31,109 --> 01:47:29,679  
already know about that

2781  
01:47:31,990 --> 01:47:31,119  
go back

2782  
01:47:35,109 --> 01:47:32,000  
before

2783  
01:47:36,629 --> 01:47:35,119  
interesting go to those files and

2784  
01:47:40,149 --> 01:47:36,639  
release them

2785  
01:47:42,070 --> 01:47:40,159  
yeah well and uh we want briefings we

2786  
01:47:44,870 --> 01:47:42,080  
want hearings

2787  
01:47:47,430 --> 01:47:44,880  
and i'm hoping that these hearings

2788  
01:47:48,790 --> 01:47:47,440

um both in the house and senate

2789

01:47:51,590 --> 01:47:48,800

counterparts for the intelligence

2790

01:47:52,870 --> 01:47:51,600

committees there and also the senate and

2791

01:47:55,350 --> 01:47:52,880

house counterparts for the armed

2792

01:47:56,870 --> 01:47:55,360

services committee will hold public

2793

01:47:59,109 --> 01:47:56,880

hearings

2794

01:48:02,950 --> 01:47:59,119

so that they can remove some of this

2795

01:48:04,950 --> 01:48:02,960

stigma about discussing this that

2796

01:48:07,910 --> 01:48:04,960

so uh scientists like neil degrasse

2797

01:48:11,510 --> 01:48:09,350

you know he thinks that we're all like

2798

01:48:14,149 --> 01:48:11,520

crazy you know i don't know yeah i know

2799

01:48:18,149 --> 01:48:16,470

you don't understand this is impossible

2800

01:48:19,990 --> 01:48:18,159

but you know i mean he needs to

2801  
01:48:24,629 --> 01:48:20,000  
understand you know that this is a real

2802  
01:48:28,550 --> 01:48:27,270  
that now i can a candidate uh running

2803  
01:48:31,669 --> 01:48:28,560  
for office

2804  
01:48:34,629 --> 01:48:31,679  
uh in my part of arizona now i can say

2805  
01:48:36,310 --> 01:48:34,639  
uh mr ms candidate uh what do you think

2806  
01:48:38,070 --> 01:48:36,320  
about uaps

2807  
01:48:40,229 --> 01:48:38,080  
and it's not like a crazy question

2808  
01:48:42,390 --> 01:48:40,239  
because i'm going to say as you know

2809  
01:48:44,070 --> 01:48:42,400  
there's now a uap office in the

2810  
01:48:46,470 --> 01:48:44,080  
department of defense

2811  
01:48:47,750 --> 01:48:46,480  
in your position as a policy maker in

2812  
01:48:50,470 --> 01:48:47,760  
congress

2813  
01:48:52,310 --> 01:48:50,480

what is your feeling about uaps what is

2814

01:48:55,669 --> 01:48:52,320

what is going to be your policy about

2815

01:48:58,390 --> 01:48:55,679

uap disclosure for example and now i can

2816

01:49:00,629 --> 01:48:58,400

ask that and and people in the media we

2817

01:49:02,870 --> 01:49:00,639

the citizens should be asking that of

2818

01:49:05,109 --> 01:49:02,880

our our representatives now that there's

2819

01:49:07,189 --> 01:49:05,119

their uap office established that's what

2820

01:49:09,270 --> 01:49:07,199

i think is going forward i think in our

2821

01:49:11,590 --> 01:49:09,280

lifetimes i think we're we're going to

2822

01:49:14,470 --> 01:49:11,600

get some level of understanding of

2823

01:49:16,310 --> 01:49:14,480

what's going on and the uh recent uh

2824

01:49:18,310 --> 01:49:16,320

skin walkers of the pentagon have went a

2825

01:49:19,669 --> 01:49:18,320

long long way

2826

01:49:21,830 --> 01:49:19,679

of addressing

2827

01:49:23,990 --> 01:49:21,840

so can you somewhat vouch for the

2828

01:49:26,310 --> 01:49:24,000

authenticity of it as far as you can

2829

01:49:28,709 --> 01:49:26,320

tell of course from reading it it all

2830

01:49:30,790 --> 01:49:28,719

seems up just enough for the most i

2831

01:49:32,470 --> 01:49:30,800

looked at the security protocols in

2832

01:49:35,030 --> 01:49:32,480

place i looked at the reporting

2833

01:49:36,790 --> 01:49:35,040

requirements the way it was constructed

2834

01:49:38,870 --> 01:49:36,800

the budget i know a lot about how

2835

01:49:40,709 --> 01:49:38,880

budgets are constructed

2836

01:49:44,149 --> 01:49:40,719

i would say yes indeed that is very

2837

01:49:45,109 --> 01:49:44,159

authentic i would totally totally

2838

01:49:47,270 --> 01:49:45,119

place

2839

01:49:48,390 --> 01:49:47,280

a high degree of validation on that

2840

01:49:50,229 --> 01:49:48,400

piece of work

2841

01:49:52,550 --> 01:49:50,239

that's beautiful to hear

2842

01:49:53,669 --> 01:49:52,560

you have done this community uh such

2843

01:49:55,350 --> 01:49:53,679

good

2844

01:49:57,270 --> 01:49:55,360

today

2845

01:49:59,189 --> 01:49:57,280

i guess at this point

2846

01:50:00,950 --> 01:49:59,199

we're about to hit the two hour mark i'm

2847

01:50:02,390 --> 01:50:00,960

going to

2848

01:50:04,390 --> 01:50:02,400

pass it to you

2849

01:50:06,070 --> 01:50:04,400

you know so to speak have the floor you

2850

01:50:08,550 --> 01:50:06,080

can say absolutely anything you want

2851  
01:50:12,070 --> 01:50:08,560  
about anything you want um whether it's

2852  
01:50:13,830 --> 01:50:12,080  
a you know message to ufo twitter or you

2853  
01:50:15,350 --> 01:50:13,840  
know something about yourself that's up

2854  
01:50:17,350 --> 01:50:15,360  
to you

2855  
01:50:20,709 --> 01:50:17,360  
well i'm i'm pretty much exhausted right

2856  
01:50:24,709 --> 01:50:21,750  
yeah

2857  
01:50:26,550 --> 01:50:24,719  
i appreciate it i i will i will say this

2858  
01:50:29,270 --> 01:50:26,560  
um

2859  
01:50:31,109 --> 01:50:29,280  
i would be at star works usa

2860  
01:50:32,790 --> 01:50:31,119  
uh that will be held

2861  
01:50:38,310 --> 01:50:32,800  
in uh

2862  
01:50:40,070 --> 01:50:38,320  
laughlin nevada at the uh i forget the

2863  
01:50:42,709 --> 01:50:40,080

name of the hotel now

2864

01:50:45,750 --> 01:50:42,719

um but i'll be there it's sponsored by

2865

01:50:47,990 --> 01:50:45,760

uh paula harris and chocolate

2866

01:50:50,149 --> 01:50:48,000

so i'll be there not presenting but i'll

2867

01:50:51,350 --> 01:50:50,159

just be a member of the audience like i

2868

01:50:53,189 --> 01:50:51,360

used to be

2869

01:50:54,950 --> 01:50:53,199

in the 90s when i used to go to ufo

2870

01:50:57,350 --> 01:50:54,960

conferences

2871

01:50:58,870 --> 01:50:57,360

i've actually met paula harris but she

2872

01:51:00,229 --> 01:50:58,880

didn't know that because it was mostly a

2873

01:51:02,390 --> 01:51:00,239

meet and greet

2874

01:51:04,070 --> 01:51:02,400

uh steam ambassador i don't think he

2875

01:51:06,550 --> 01:51:04,080

remembers me but

2876

01:51:08,790 --> 01:51:06,560

in 2004 x conference

2877

01:51:11,189 --> 01:51:08,800

i was one of his angel sponsors i

2878

01:51:13,270 --> 01:51:11,199

contributed a chunk of money well having

2879

01:51:14,390 --> 01:51:13,280

that confidence held it's a great friend

2880

01:51:16,629 --> 01:51:14,400

of chill

2881

01:51:18,390 --> 01:51:16,639

oh great i'm glad because he's very

2882

01:51:20,149 --> 01:51:18,400

knowledgeable how washington works

2883

01:51:22,390 --> 01:51:20,159

probably most knowledgeable about how

2884

01:51:25,430 --> 01:51:22,400

washington works or doesn't work

2885

01:51:27,910 --> 01:51:25,440

yeah and uh so

2886

01:51:29,350 --> 01:51:27,920

i'm looking forward to being at the star

2887

01:51:30,790 --> 01:51:29,360

wars usa

2888

01:51:32,550 --> 01:51:30,800

conference

2889

01:51:34,229 --> 01:51:32,560

and um

2890

01:51:38,310 --> 01:51:34,239

also uh

2891

01:51:40,470 --> 01:51:38,320

i'm also a member of exo metaverse

2892

01:51:44,550 --> 01:51:40,480

group in sedona arizona

2893

01:51:47,189 --> 01:51:44,560

uh it is uh sponsored by zenka caro

2894

01:51:48,950 --> 01:51:47,199

and sedona and they meet periodically

2895

01:51:50,390 --> 01:51:48,960

several times a month actually like a

2896

01:51:52,629 --> 01:51:50,400

few times a month

2897

01:51:54,550 --> 01:51:52,639

and now you'll see me there in the zoom

2898

01:51:58,229 --> 01:51:54,560

window somewhere

2899

01:51:59,430 --> 01:51:58,239

and uh so i'm there as well and uh

2900

01:52:02,550 --> 01:51:59,440

yeah

2901

01:52:04,629 --> 01:52:02,560

i also would like to reveal that um i

2902

01:52:05,910 --> 01:52:04,639

have a light worker that's wonderful

2903

01:52:07,750 --> 01:52:05,920

that if you want to get into a

2904

01:52:10,950 --> 01:52:07,760

meditative practice

2905

01:52:13,709 --> 01:52:10,960

yourself or your audience out here i

2906

01:52:17,589 --> 01:52:13,719

encourage you to visit

2907

01:52:20,870 --> 01:52:17,599

glenyounger.com that's glenn g l e n n

2908

01:52:22,149 --> 01:52:20,880

two n's uh y o u n g e r glenn younger

2909

01:52:24,149 --> 01:52:22,159

dot com

2910

01:52:27,350 --> 01:52:24,159

and she has a site divine light

2911

01:52:29,189 --> 01:52:27,360

vibrations uh she's the one that

2912

01:52:31,189 --> 01:52:29,199

helped me bridge the world between

2913

01:52:33,030 --> 01:52:31,199

physics and metaphysics because i came

2914

01:52:35,430 --> 01:52:33,040

from the physics side

2915

01:52:37,109 --> 01:52:35,440

of the uap experience and she came from

2916

01:52:38,310 --> 01:52:37,119

the metaphysics side and we kind of met

2917

01:52:40,229 --> 01:52:38,320

in the middle

2918

01:52:42,870 --> 01:52:40,239

and we informed each other of our

2919

01:52:44,629 --> 01:52:42,880

various world views from there and she

2920

01:52:45,990 --> 01:52:44,639

really taught me how to meditate

2921

01:52:48,709 --> 01:52:46,000

effectively

2922

01:52:50,390 --> 01:52:48,719

um she's on youtube as well you can cook

2923

01:52:53,030 --> 01:52:50,400

up and she has a

2924

01:52:55,430 --> 01:52:53,040

meditation protocol that she uses about

2925

01:52:57,350 --> 01:52:55,440

nine minutes and that's what i use uh

2926  
01:52:58,470 --> 01:52:57,360  
for my personal life and it really works

2927  
01:53:00,790 --> 01:52:58,480  
well

2928  
01:53:03,109 --> 01:53:00,800  
um but other than that i'm

2929  
01:53:04,629 --> 01:53:03,119  
really you know if people contact you

2930  
01:53:05,990 --> 01:53:04,639  
and have questions i'll be happy to

2931  
01:53:07,669 --> 01:53:06,000  
follow up with you

2932  
01:53:10,629 --> 01:53:07,679  
yeah of course questions they may have

2933  
01:53:13,669 --> 01:53:10,639  
um i'll be you'll see more of me i think

2934  
01:53:15,510 --> 01:53:13,679  
various types of calls i think yeah i

2935  
01:53:18,310 --> 01:53:15,520  
think you're gonna probably uh be

2936  
01:53:20,229 --> 01:53:18,320  
overwhelmed uh after this not too far

2937  
01:53:22,390 --> 01:53:20,239  
after of people wanting to speak with

2938  
01:53:23,589 --> 01:53:22,400

you about this stuff so

2939

01:53:25,350 --> 01:53:23,599

um

2940

01:53:29,030 --> 01:53:25,360

you know i

2941

01:53:31,669 --> 01:53:29,040

that you seem like a good guy and you

2942

01:53:32,629 --> 01:53:31,679

seem like an even better guy after this

2943

01:53:34,870 --> 01:53:32,639

um

2944

01:53:36,709 --> 01:53:34,880

you just seem very honest and

2945

01:53:38,709 --> 01:53:36,719

you live with integrity and i think

2946

01:53:39,510 --> 01:53:38,719

that's very important and you can see

2947

01:53:42,310 --> 01:53:39,520

that

2948

01:53:44,629 --> 01:53:42,320

uh in you when you discuss this and how

2949

01:53:47,589 --> 01:53:44,639

you answer questions and just how

2950

01:53:49,030 --> 01:53:47,599

transparent you are um i think

2951

01:53:51,109 --> 01:53:49,040

you know a lot of people have been

2952

01:53:53,030 --> 01:53:51,119

waiting for that and i'm glad you

2953

01:53:55,750 --> 01:53:53,040

arrived so and i'm

2954

01:53:57,589 --> 01:53:55,760

so grateful that that we did this i feel

2955

01:54:00,629 --> 01:53:57,599

lucky so thank you

2956

01:54:03,990 --> 01:54:00,639

thank you for having me yeah my pleasure

2957

01:54:09,030 --> 01:54:06,950

2958
