MISSING SEGMENT

1
00:00:13,749 --> 00:00:11,110
um now one other thing that i thought

2
00:00:14,629 --> 00:00:13,759
was really quite interesting and uh you

3
00:00:16,230 --> 00:00:14,639
actually

4
00:00:18,230 --> 00:00:16,240
said yourself that someone needs to

5
00:00:20,470 --> 00:00:18,240
interview this person so i'm going to be

6
00:00:22,470 --> 00:00:20,480
working on that the uh can't remember

7
00:00:24,550 --> 00:00:22,480
their name now but the author of the uh

8
00:00:27,750 --> 00:00:24,560
living in the hearts book

9
00:00:30,710 --> 00:00:27,760
oh no oh yeah that one oh uh that's uh

10
00:00:32,709 --> 00:00:30,720
juvalo uh jungvalo

11
00:00:33,990 --> 00:00:32,719
right okay i'm gonna definitely have a

12
00:00:35,830 --> 00:00:34,000
look into that because this the the

13
00:00:38,549 --> 00:00:35,840

statement regarding the uh the mur the

14

00:00:41,430 --> 00:00:38,559

merkabah uh of lights uh is is just

15

00:00:42,869 --> 00:00:41,440

absolutely uh fascinating so i i would

16

00:00:45,350 --> 00:00:42,879

love to try and get that person on

17

00:00:47,430 --> 00:00:45,360

record to uh to try and dig into what

18

00:00:49,190 --> 00:00:47,440

else they were told by was it was a

19

00:00:56,229 --> 00:00:49,200

major

20

00:00:58,229 --> 00:00:56,239

yeah with him yeah and um the back story

21

00:01:00,150 --> 00:00:58,239

in that is uh guess where i heard that

22

00:01:03,270 --> 00:01:00,160

inside the building inside headquarters

23

00:01:06,710 --> 00:01:04,710

okay so that's definitely something

24

00:01:08,789 --> 00:01:06,720

that's uh made made it around the coffee

25

00:01:11,510 --> 00:01:08,799

table a few times yeah yeah yeah and but

26

00:01:15,749 --> 00:01:11,520

it was more like oh did you hear that

27

00:01:21,030 --> 00:01:17,749

so that's interesting

28

00:01:22,230 --> 00:01:21,040

yeah we had an informal ufo study group

29

00:01:24,230 --> 00:01:22,240

in the building

30

00:01:25,749 --> 00:01:24,240

no one had a ufo account per se you know

31

00:01:27,910 --> 00:01:25,759

no one said okay your job is to look at

32

00:01:30,789 --> 00:01:27,920

ufos but we just encountered like

33

00:01:32,710 --> 00:01:30,799

instances of gee that's unusual i should

34

00:01:36,550 --> 00:01:32,720

look into that um there are many many

35

00:01:40,469 --> 00:01:39,670

the uh the the other anything but

36

00:01:46,789 --> 00:01:40,479

yeah

37

00:01:50,310 --> 00:01:46,799

um conundrum

38

00:01:52,069 --> 00:01:50,320

yeah yeah is he still alive oh yes he

39

00:01:53,350 --> 00:01:52,079

disappeared he's off

40

00:01:54,469 --> 00:01:53,360

no one knows where he's at no one knows

41

00:01:56,389 --> 00:01:54,479

where he's i don't know where to find

42

00:01:57,830 --> 00:01:56,399

him yeah he's a major he was a major

43

00:01:58,870 --> 00:01:57,840

figure everyone in the building knew who

44

00:02:01,429 --> 00:01:58,880

he is

45

00:02:03,510 --> 00:02:01,439

interesting when the years he served if

46

00:02:05,030 --> 00:02:03,520

you say his name chase brandon they know

47

00:02:05,990 --> 00:02:05,040

exactly who he is

48

00:02:08,150 --> 00:02:06,000

right

49

00:02:09,029 --> 00:02:08,160

he was quite the notable figure in the

50

00:02:11,430 --> 00:02:09,039

building

51
00:02:13,190 --> 00:02:11,440
but he wrote this novel which i tell

52
00:02:14,949 --> 00:02:13,200
people read it and read between the

53
00:02:18,390 --> 00:02:14,959
lines you'll be surprised at what you

54
00:02:20,309 --> 00:02:18,400
read yeah from his perspective

55
00:02:22,150 --> 00:02:20,319
so does he does he actually pose it as a

56
00:02:23,750 --> 00:02:22,160
novel uh kind of a bit like secret

57
00:02:25,510 --> 00:02:23,760
machines where they say it's fact woven

58
00:02:27,670 --> 00:02:25,520
with fiction

59
00:02:29,510 --> 00:02:27,680
exactly yeah and that's the only way he

60
00:02:31,750 --> 00:02:29,520
could have done it yeah

61
00:02:33,910 --> 00:02:31,760
yeah exactly of course and this is to be

62
00:02:36,309 --> 00:02:33,920
fair i would i would argue it's the same

63
00:02:39,110 --> 00:02:36,319

uh with the secret machines books uh by

64

00:02:40,150 --> 00:02:39,120

uh to the stars academy um

65

00:02:42,630 --> 00:02:40,160

you know there's some interesting

66

00:02:43,830 --> 00:02:42,640

tidbits throughout those books and uh

67

00:02:45,430 --> 00:02:43,840

you know they are supposed to be fact

68

00:02:46,949 --> 00:02:45,440

woven with fiction and

69

00:02:49,110 --> 00:02:46,959

tom de long was in contact with people

70

00:02:50,949 --> 00:02:49,120

like general mcasland and some pretty

71

00:02:52,550 --> 00:02:50,959

major players so uh i think that they're

72

00:02:53,990 --> 00:02:52,560

definitely worth uh keeping in mind as

73

00:02:56,390 --> 00:02:54,000

well but i'm gonna definitely have a

74

00:02:58,309 --> 00:02:56,400

look at that book um if it's available

75

00:02:59,350 --> 00:02:58,319

to to purchase online

76

00:03:04,470 --> 00:02:59,360

uh

77

00:03:05,830 --> 00:03:04,480

you know it's getting on here and and

78

00:03:07,190 --> 00:03:05,840

we've been talking for a while but in

79

00:03:09,910 --> 00:03:07,200

relation to

80

00:03:11,190 --> 00:03:09,920

to possible uh reptilian e.t presence on

81

00:03:13,430 --> 00:03:11,200

earth now obviously i understand that

82

00:03:15,589 --> 00:03:13,440

this is part of your speculative you

83

00:03:17,589 --> 00:03:15,599

know approach and no no one can can

84

00:03:19,910 --> 00:03:17,599

fully verify any of this but uh

85

00:03:22,630 --> 00:03:19,920

are the reptilian style intelligence

86

00:03:24,869 --> 00:03:22,640

patches the primary data point uh that

87

00:03:26,710 --> 00:03:24,879

gives you reason to postulate on on a

88

00:03:28,470 --> 00:03:26,720

reptilian intelligence or there are

89

00:03:31,350 --> 00:03:28,480

other other things that you

90

00:03:32,869 --> 00:03:31,360

you feel strength in that argument

91

00:03:34,869 --> 00:03:32,879

there are other things i feel strength

92

00:03:36,949 --> 00:03:34,879

in that argument but i don't have

93

00:03:39,750 --> 00:03:36,959

permission from those people

94

00:03:40,789 --> 00:03:39,760

to talk about that

95

00:03:43,190 --> 00:03:40,799

it's

96

00:03:45,190 --> 00:03:43,200

not exactly a download

97

00:03:47,509 --> 00:03:45,200

that's okay but there yeah but there are

98

00:03:49,030 --> 00:03:47,519

certainly other things that you feel uh

99

00:03:52,149 --> 00:03:49,040

have

100

00:03:54,070 --> 00:03:52,159

given you given you yeah okay you see

101
00:03:55,750 --> 00:03:54,080
yeah that is interesting i mean you know

102
00:03:58,149 --> 00:03:55,760
it's no secret that this is something

103
00:03:59,830 --> 00:03:58,159
that's discussed within uh the ufo

104
00:04:01,750 --> 00:03:59,840
community and in all honesty it's

105
00:04:03,190 --> 00:04:01,760
usually treated with a lot of

106
00:04:04,550 --> 00:04:03,200
controversy and people don't want to

107
00:04:05,509 --> 00:04:04,560
really go there

108
00:04:07,589 --> 00:04:05,519
um

109
00:04:10,869 --> 00:04:07,599
but this this subject is

110
00:04:12,470 --> 00:04:10,879
is absurd anyway and uh i i you know i

111
00:04:14,149 --> 00:04:12,480
think that there's always the

112
00:04:16,150 --> 00:04:14,159
possibility for this type of thing to

113
00:04:17,670 --> 00:04:16,160

exist within that space and you know

114

00:04:21,349 --> 00:04:17,680

you've you've had people like louis

115

00:04:24,310 --> 00:04:21,359

lozando recently hinting quite heavily

116

00:04:26,150 --> 00:04:24,320

that uh an important potential signature

117

00:04:29,350 --> 00:04:26,160

of extraterrestrial intelligence is

118

00:04:31,350 --> 00:04:29,360

human dna uh and and as you were saying

119

00:04:33,110 --> 00:04:31,360

you know why are we not like bonobos or

120

00:04:35,670 --> 00:04:33,120

chimps or chimpanzees or you know we're

121

00:04:38,310 --> 00:04:35,680

we're right we're in order of magnitude

122

00:04:40,710 --> 00:04:38,320

above anything else on this planet uh

123

00:04:43,670 --> 00:04:40,720

how did that happen you know yeah that's

124

00:04:46,230 --> 00:04:43,680

that's in my letter to cia where i just

125

00:04:48,390 --> 00:04:46,240

stated that i know this and here's where

126
00:04:49,430 --> 00:04:48,400
i heard it and here's the circumstances

127
00:04:51,110 --> 00:04:49,440
i heard it

128
00:04:52,870 --> 00:04:51,120
and i didn't put it in there i made it

129
00:04:55,270 --> 00:04:52,880
speculative because i wanted the entire

130
00:04:57,830 --> 00:04:55,280
presentation to go through

131
00:04:59,909 --> 00:04:57,840
next time around um i can quote chapter

132
00:05:03,110 --> 00:04:59,919
and verse of why that

133
00:05:05,749 --> 00:05:03,120
might be true yeah well unclassified

134
00:05:07,430 --> 00:05:05,759
that by the way unclassified right right

135
00:05:09,270 --> 00:05:07,440
well speaking of chapter and verse i

136
00:05:11,029 --> 00:05:09,280
mean you know you look back on

137
00:05:13,590 --> 00:05:11,039
things like the bible and obviously the

138
00:05:15,990 --> 00:05:13,600

garden of eden the reptilian the the the

139

00:05:18,710 --> 00:05:16,000

fruits uh from the tree of knowledge uh

140

00:05:19,670 --> 00:05:18,720

and uh i think in in the uh original

141

00:05:21,909 --> 00:05:19,680

it's

142

00:05:23,990 --> 00:05:21,919

yahweh walking through the garden saying

143

00:05:25,990 --> 00:05:24,000

if they if they if they eat of this

144

00:05:28,310 --> 00:05:26,000

fruit they will become like we are which

145

00:05:30,629 --> 00:05:28,320

is an interesting statement to make it

146

00:05:33,029 --> 00:05:30,639

will become like we are and uh you know

147

00:05:35,510 --> 00:05:33,039

the reptilian symbology is just echoed

148

00:05:37,430 --> 00:05:35,520

through uh history uh so that's

149

00:05:39,029 --> 00:05:37,440

certainly an interesting thing

150

00:05:40,710 --> 00:05:39,039

john this this has been absolutely

151
00:05:42,870 --> 00:05:40,720
brilliant i think people are going to

152
00:05:45,189 --> 00:05:42,880
really find a lot of benefit from this

153
00:05:47,670 --> 00:05:45,199
presentation i'm sure it's going to

154
00:05:49,110 --> 00:05:47,680
spark some curiosity for the people that

155
00:05:51,749 --> 00:05:49,120
love technical information as well

156
00:05:53,430 --> 00:05:51,759
there's plenty of good technical tidbits

157
00:05:55,749 --> 00:05:53,440
alongside some

158
00:05:58,790 --> 00:05:55,759
interesting albeit a little disturbing

159
00:06:00,950 --> 00:05:58,800
speculations uh of uh of the overarching

160
00:06:02,870 --> 00:06:00,960
issues of the phenomenon um really

161
00:06:04,870 --> 00:06:02,880
looking forward to whatever your next

162
00:06:07,350 --> 00:06:04,880
presentation is going to be

163
00:06:08,950 --> 00:06:07,360

and maybe you will succeed in your

164

00:06:11,189 --> 00:06:08,960

mission of eventually getting something

165

00:06:14,309 --> 00:06:11,199

redacted

166

00:06:17,590 --> 00:06:14,319

um i would think that the last topic we

167

00:06:19,350 --> 00:06:17,600

just talked about of um

168

00:06:21,270 --> 00:06:19,360

reptilian seems to have a bad

169

00:06:23,830 --> 00:06:21,280

connotation here people are afraid of

170

00:06:26,070 --> 00:06:23,840

reptiles let's just call them sarians

171

00:06:27,749 --> 00:06:26,080

let's just call them like dinosaurs from

172

00:06:30,150 --> 00:06:27,759

an earth that did not get clobbered by

173

00:06:32,710 --> 00:06:30,160

an asteroid and they were able to evolve

174

00:06:34,390 --> 00:06:32,720

and found a means of coming here

175

00:06:35,350 --> 00:06:34,400

from that other earth let's just put it

176
00:06:37,590 --> 00:06:35,360
at that

177
00:06:39,350 --> 00:06:37,600
and that they're the ones that

178
00:06:41,590 --> 00:06:39,360
you know saying hey look at these

179
00:06:43,670 --> 00:06:41,600
primates or we don't have primates in

180
00:06:45,990 --> 00:06:43,680
our place then when they never evolved

181
00:06:50,070 --> 00:06:46,000
and that goes down a wormhole a rabbit

182
00:06:53,350 --> 00:06:50,080
hole that uh actually um

183
00:06:56,230 --> 00:06:53,360
let's see if i get that redacted

184
00:07:00,150 --> 00:06:56,240
yeah well uh that's a teaser that's a a

185
00:07:01,589 --> 00:07:00,160
teaser for the next one and uh you know

186
00:07:05,110 --> 00:07:01,599
another another thing that we're just

187
00:07:07,029 --> 00:07:05,120
gonna have to tap into at some point um

188
00:07:09,110 --> 00:07:07,039

is the fact that you are an experimenter

189

00:07:11,510 --> 00:07:09,120

i'm an experimenter yes i'm not an

190

00:07:13,270 --> 00:07:11,520

experimenter from childhood uh i'm amazed

191

00:07:14,870 --> 00:07:13,280

and fascinated by people that have had

192

00:07:17,350 --> 00:07:14,880

these experiences all the way through

193

00:07:19,270 --> 00:07:17,360

childhood that is going to have to be

194

00:07:20,950 --> 00:07:19,280

another time but i would love to get you

195

00:07:23,189 --> 00:07:20,960

back on for a more

196

00:07:25,189 --> 00:07:23,199

relaxed conversation about your

197

00:07:27,110 --> 00:07:25,199

experiences my experiences and we can

198

00:07:29,029 --> 00:07:27,120

just you know talk sharp and speculate

199

00:07:30,390 --> 00:07:29,039

about what these things could mean

200

00:07:32,790 --> 00:07:30,400

you're right right yeah i look forward

201

00:07:34,469 --> 00:07:32,800

to that jay all right well having me on

202

00:07:35,990 --> 00:07:34,479

oh you are you are most welcome and

203

00:07:38,080 --> 00:07:36,000
