JOHN RAMIREZ

- CIA, ODNI 1984-2009 -

1  
00:00:00,000 --> 00:00:14,310

[Music]

2  
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

3  
00:00:23,910 --> 00:00:18,960

sphere where the points of the cube

4  
00:00:37,190 --> 00:00:33,450

[Music]

5  
00:00:38,709 --> 00:00:37,200

[Applause]

6  
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

7  
00:00:47,830 --> 00:00:40,960

limited to the united states it's a

8  
00:00:52,869 --> 00:00:50,150

hi everyone and welcome to that ufo

9  
00:00:55,430 --> 00:00:52,879

podcast my name is andy and welcoming on

10  
00:00:57,270 --> 00:00:55,440

this interview i have retired cia

11  
00:01:00,630 --> 00:00:57,280

officer who served within the agency

12  
00:01:02,790 --> 00:01:00,640

from 1984 to 2009 serving within the

13  
00:01:04,630 --> 00:01:02,800

directorate of science and technology

14

00:01:06,710 --> 00:01:04,640

the director of intelligence and the

15

00:01:09,109 --> 00:01:06,720

office of the director of national

16

00:01:11,030 --> 00:01:09,119

intelligence i have mr john ramirez john

17

00:01:12,469 --> 00:01:11,040

welcome to the podcast andy thank you

18

00:01:13,990 --> 00:01:12,479

for having me

19

00:01:16,390 --> 00:01:14,000

no thank you thank you for giving me

20

00:01:18,630 --> 00:01:16,400

some of your time uh listen john i have

21

00:01:20,469 --> 00:01:18,640

a lot of questions for you not just from

22

00:01:22,870 --> 00:01:20,479

myself but when i said you were coming

23

00:01:25,270 --> 00:01:22,880

on uh the audience got in touch and they

24

00:01:26,950 --> 00:01:25,280

drove so we've got a lot to get through

25

00:01:28,550 --> 00:01:26,960

yeah and you've done a couple of

26

00:01:30,950 --> 00:01:28,560

interviews recently with a witness

27

00:01:33,350 --> 00:01:30,960

citizen sean rash and jay from project

28

00:01:35,270 --> 00:01:33,360

unity and there was so much off the back

29

00:01:37,190 --> 00:01:35,280

of those people have wanted to follow up

30

00:01:38,630 --> 00:01:37,200

on or get further

31

00:01:40,630 --> 00:01:38,640

thoughts from you or for you to

32

00:01:42,870 --> 00:01:40,640

elaborate so let's see what we can get

33

00:01:44,870 --> 00:01:42,880

through in the time that we have

34

00:01:47,270 --> 00:01:44,880

john the first question i have to ask

35

00:01:48,950 --> 00:01:47,280

you as no doubt many people have already

36

00:01:51,270 --> 00:01:48,960

tried to online

37

00:01:53,590 --> 00:01:51,280

for those who question your legitimacy

38

00:01:55,910 --> 00:01:53,600

and your background how do you go about

39

00:01:57,190 --> 00:01:55,920

proving who you are if you indeed have

40

00:01:59,429 --> 00:01:57,200

to

41

00:02:02,149 --> 00:01:59,439

it's practically impossible for a ci

42

00:02:05,510 --> 00:02:02,159

officer to prove that they were in cia

43

00:02:07,270 --> 00:02:05,520

it's easier when you are ncia you can

44

00:02:09,109 --> 00:02:07,280

actually contact cia and get an

45

00:02:10,150 --> 00:02:09,119

employment verification for serving

46

00:02:12,949 --> 00:02:10,160

officers

47

00:02:15,670 --> 00:02:12,959

but once you leave my file goes over to

48

00:02:17,670 --> 00:02:15,680

the us office of personnel management

49

00:02:20,309 --> 00:02:17,680

which is the personnel office for all

50

00:02:21,670 --> 00:02:20,319

federal employees whether they're active

51

00:02:23,830 --> 00:02:21,680

or retired

52

00:02:26,229 --> 00:02:23,840

so it's impossible

53

00:02:28,390 --> 00:02:26,239

due to privacy concerns it's very

54

00:02:30,309 --> 00:02:28,400

difficult to

55

00:02:32,790 --> 00:02:30,319

verify anything

56

00:02:35,990 --> 00:02:32,800

so it's basically just

57

00:02:37,750 --> 00:02:36,000

relying on like what i say if it's rings

58

00:02:39,350 --> 00:02:37,760

true

59

00:02:41,430 --> 00:02:39,360

but otherwise as far as getting

60

00:02:43,750 --> 00:02:41,440

documents i mean i can produce all kinds

61

00:02:46,390 --> 00:02:43,760

of documents but people will always say

62

00:02:49,430 --> 00:02:46,400

that i photoshopped it or i made it up

63

00:02:52,470 --> 00:02:49,440

so i'm at a i'm at a loss here what i

64

00:02:53,750 --> 00:02:52,480

did though was i actually had w2s from

65

00:02:55,430 --> 00:02:53,760

cia

66

00:02:57,589 --> 00:02:55,440

and in the us

67

00:02:59,350 --> 00:02:57,599

for audiences not familiar with the

68

00:03:03,270 --> 00:02:59,360

internal revenue service

69

00:03:05,830 --> 00:03:03,280

the irs w2 verifies your employer and

70

00:03:08,949 --> 00:03:05,840

there is an id number for that employer

71

00:03:11,750 --> 00:03:08,959

every employer has a unique id number

72

00:03:14,149 --> 00:03:11,760

so that id number my name and my address

73

00:03:17,670 --> 00:03:14,159

at my very last paycheck

74

00:03:19,990 --> 00:03:17,680

was sent to a government officer who is

75

00:03:22,070 --> 00:03:20,000

a navy security officer

76

00:03:23,990 --> 00:03:22,080

and they were able to verify that i was

77

00:03:27,190 --> 00:03:24,000

indeed who i said it was

78

00:03:30,229 --> 00:03:27,200

i also produce correspondence from

79

00:03:31,509 --> 00:03:30,239

people you know for example louie and

80

00:03:33,270 --> 00:03:31,519

jim simivan

81

00:03:34,470 --> 00:03:33,280

and so look here it is you know they

82

00:03:37,830 --> 00:03:34,480

know who i am

83

00:03:40,070 --> 00:03:37,840

um if you ask them directly um

84

00:03:42,550 --> 00:03:40,080

i had no qualms about them verifying

85

00:03:45,110 --> 00:03:42,560

that i am who i say i am so

86

00:03:47,670 --> 00:03:45,120

um other than that i mean there's very

87

00:03:49,030 --> 00:03:47,680

little to show because we don't have

88

00:03:55,589 --> 00:03:49,040

social media

89

00:03:57,589 --> 00:03:55,599

-serving we we serve you know silently we

90

00:03:58,470 --> 00:03:57,599

don't want our our identities to be

91

00:04:00,630 --> 00:03:58,480

known

92

00:04:02,630 --> 00:04:00,640

and also um

93

00:04:04,070 --> 00:04:02,640

while we're serving uh

94

00:04:05,750 --> 00:04:04,080

it it's

95

00:04:07,509 --> 00:04:05,760

probably

96

00:04:09,589 --> 00:04:07,519

very difficult

97

00:04:12,149 --> 00:04:09,599

to um

98

00:04:14,309 --> 00:04:12,159

get anyone else to prove

99

00:04:16,789 --> 00:04:14,319

through photographs or whatever i had

100

00:04:19,110 --> 00:04:16,799

one photograph of me getting a promotion

101  
00:04:21,590 --> 00:04:19,120  
award but again someone could say oh you

102  
00:04:23,990 --> 00:04:21,600  
photoshopped it yeah so i mean i'm at a

103  
00:04:25,270 --> 00:04:24,000  
loss here i don't know how to prove

104  
00:04:26,230 --> 00:04:25,280  
anything

105  
00:04:28,310 --> 00:04:26,240  
um

106  
00:04:30,070 --> 00:04:28,320  
is that frustrating is it do you find

107  
00:04:31,749 --> 00:04:30,080  
that frustrating

108  
00:04:33,590 --> 00:04:31,759  
because i know who i am i mean the

109  
00:04:36,230 --> 00:04:33,600  
frustration is on those who don't know

110  
00:04:38,070 --> 00:04:36,240  
who i am so i can understand that

111  
00:04:40,310 --> 00:04:38,080  
uh but i mean the shortcut would have

112  
00:04:42,870 --> 00:04:40,320  
been so someone to ask louis uh or jenna

113  
00:04:47,430 --> 00:04:42,880

simmivan to just say do you know john

114

00:04:49,110 --> 00:04:47,440

ramirez and is he who he said say he is

115

00:04:51,510 --> 00:04:49,120

maybe some people have already i'm sure

116

00:04:53,510 --> 00:04:51,520

they'll get in touch um john can you

117

00:04:56,310 --> 00:04:53,520

tell us a bit about your background with

118

00:04:57,830 --> 00:04:56,320

the cia

119

00:05:01,110 --> 00:04:57,840

i don't know where to start about that

120

00:05:03,749 --> 00:05:01,120

um i joined in 1984. uh prefaced that

121

00:05:07,430 --> 00:05:03,759

that i had six years in the navy

122

00:05:10,070 --> 00:05:07,440

in the electronics warfare field

123

00:05:11,189 --> 00:05:10,080

and there i was collecting microwave

124

00:05:12,550 --> 00:05:11,199

signals

125

00:05:15,590 --> 00:05:12,560

of

126  
00:05:18,390 --> 00:05:15,600  
emissions around me like other ships uh

127  
00:05:20,550 --> 00:05:18,400  
aircraft that were near the ship

128  
00:05:23,350 --> 00:05:20,560  
and so there i learned about electronic

129  
00:05:25,189 --> 00:05:23,360  
intelligence analyzing signals

130  
00:05:27,990 --> 00:05:25,199  
identifying signals

131  
00:05:30,390 --> 00:05:28,000  
and that particular skill and also

132  
00:05:33,189 --> 00:05:30,400  
jamming signals and that particular

133  
00:05:35,590 --> 00:05:33,199  
skill was very useful for cia

134  
00:05:37,590 --> 00:05:35,600  
but i needed a four-year degree so i

135  
00:05:39,510 --> 00:05:37,600  
went to george washington university to

136  
00:05:40,469 --> 00:05:39,520  
get that four-year degree in political

137  
00:05:42,469 --> 00:05:40,479  
science

138  
00:05:44,550 --> 00:05:42,479

not a physicist not a scientist not an

139

00:05:46,310 --> 00:05:44,560

engineer political science

140

00:05:48,950 --> 00:05:46,320

but because of my technical skills in

141

00:05:50,230 --> 00:05:48,960

the navy i was hired into a technical

142

00:05:53,430 --> 00:05:50,240

position

143

00:05:55,510 --> 00:05:53,440

and so i saw before i finished college

144

00:05:57,590 --> 00:05:55,520

at the george washington university in

145

00:06:00,390 --> 00:05:57,600

washington d.c i saw an ad in a

146

00:06:03,029 --> 00:06:00,400

newspaper uh advertising for those with

147

00:06:04,710 --> 00:06:03,039

military second backgrounds to apply and

148

00:06:06,150 --> 00:06:04,720

i did and so

149

00:06:08,309 --> 00:06:06,160

after about

150

00:06:10,150 --> 00:06:08,319

close to a year of vetting

151  
00:06:11,909 --> 00:06:10,160  
of uh very stringent background

152  
00:06:14,790 --> 00:06:11,919  
investigations uh

153  
00:06:17,110 --> 00:06:14,800  
fbi talking to neighbors and friends

154  
00:06:19,670 --> 00:06:17,120  
going through a grueling polygraph which

155  
00:06:22,550 --> 00:06:19,680  
is called a full scope polygraph they

156  
00:06:25,350 --> 00:06:22,560  
get into intimate details of your life

157  
00:06:27,510 --> 00:06:25,360  
um including sexual habits which are

158  
00:06:29,590 --> 00:06:27,520  
very uncomfortable to talk about but

159  
00:06:31,990 --> 00:06:29,600  
basically cia

160  
00:06:33,430 --> 00:06:32,000  
says you know we you're going to learn

161  
00:06:35,270 --> 00:06:33,440  
the innermost secrets of the united

162  
00:06:37,670 --> 00:06:35,280  
states government in exchange we want to

163  
00:06:38,550 --> 00:06:37,680

know your innermost secrets we also want

164

00:06:41,189 --> 00:06:38,560

to know

165

00:06:43,590 --> 00:06:41,199

if you have any secrets for which you

166

00:06:46,390 --> 00:06:43,600

might be blackmailed are you vulnerable

167

00:06:48,629 --> 00:06:46,400

to blackmail we want to know that and

168

00:06:50,070 --> 00:06:48,639

they're non-judgmental um

169

00:06:52,870 --> 00:06:50,080

they really are and they just want to

170

00:06:55,110 --> 00:06:52,880

know that everything about you so that

171

00:06:57,270 --> 00:06:55,120

if you are blackmailed you'll say oh i

172

00:06:59,189 --> 00:06:57,280

don't care blackmail me cia already

173

00:07:01,350 --> 00:06:59,199

knows all about this

174

00:07:03,029 --> 00:07:01,360

um and so i joined uh in the office of

175

00:07:04,230 --> 00:07:03,039

sign operations

176

00:07:06,790 --> 00:07:04,240  
and the director of science and

177

00:07:09,510 --> 00:07:06,800  
technology was assigned

178

00:07:11,589 --> 00:07:09,520  
the ballistic missile defense account

179

00:07:13,350 --> 00:07:11,599  
anti-ballistic missile radars

180

00:07:15,270 --> 00:07:13,360  
and systems and these are the missiles

181

00:07:17,589 --> 00:07:15,280  
to shoot down other missiles

182

00:07:19,830 --> 00:07:17,599  
and so i learned a lot about that and uh

183

00:07:21,350 --> 00:07:19,840  
anti-satellite weapons i got a lot of

184

00:07:22,870 --> 00:07:21,360  
that information there and i went on

185

00:07:25,270 --> 00:07:22,880  
technical operations so that's how i

186

00:07:27,830 --> 00:07:25,280  
entered cia

187

00:07:29,830 --> 00:07:27,840  
now something that's come up and i am no

188

00:07:31,589 --> 00:07:29,840

expert in the us government let alone

189

00:07:33,749 --> 00:07:31,599

any government okay i just and ask

190

00:07:35,110 --> 00:07:33,759

questions something that came up and i

191

00:07:37,350 --> 00:07:35,120

would like you to explain because i saw

192

00:07:40,390 --> 00:07:37,360

some chatter around it is to do with the

193

00:07:42,469 --> 00:07:40,400

pay grade gs15 now this is something

194

00:07:44,150 --> 00:07:42,479

that i've seen it was brought up by by

195

00:07:46,230 --> 00:07:44,160

jay on his interview with you that was

196

00:07:48,950 --> 00:07:46,240

excellent on the project unity channel

197

00:07:51,430 --> 00:07:48,960

and i've seen someone comment that gs 15

198

00:07:53,830 --> 00:07:51,440

is a pay grade and doesn't necessarily

199

00:07:55,749 --> 00:07:53,840

relate to the complexity of the role and

200

00:07:57,990 --> 00:07:55,759

the example which may be quite could but

201

00:08:00,469 --> 00:07:58,000

i would love for you to clear up as gs

202

00:08:02,230 --> 00:08:00,479

15 could technically be janitorial is

203

00:08:05,430 --> 00:08:02,240

that correct or could you elaborate on

204

00:08:06,950 --> 00:08:05,440

that uh our janitorial staff came first

205

00:08:08,790 --> 00:08:06,960

from allied

206

00:08:09,749 --> 00:08:08,800

maintenance they collected all of the

207

00:08:12,390 --> 00:08:09,759

trash

208

00:08:15,189 --> 00:08:12,400

uh cleaned uh the hallways

209

00:08:17,589 --> 00:08:15,199

uh also uh picked up

210

00:08:18,629 --> 00:08:17,599

um well they also

211

00:08:21,270 --> 00:08:18,639

pretty much

212

00:08:23,589 --> 00:08:21,280

picked up everything that needed to be

213

00:08:24,629 --> 00:08:23,599

cleaned they also provided cafeteria

214

00:08:28,309 --> 00:08:24,639

services

215

00:08:30,629 --> 00:08:28,319

sodexo marriott

216

00:08:32,230 --> 00:08:30,639

uh for cafeteria services and the

217

00:08:35,029 --> 00:08:32,240

janitorial staff

218

00:08:37,589 --> 00:08:35,039

they're basically on a wage grade wage

219

00:08:40,550 --> 00:08:37,599

earners so they're under contract and

220

00:08:43,029 --> 00:08:40,560

they're not general schedule all general

221

00:08:44,630 --> 00:08:43,039

schedules or gs are professional

222

00:08:47,269 --> 00:08:44,640

positions

223

00:08:51,509 --> 00:08:47,279

saying that gs15 is a janitor is someone

224

00:08:53,350 --> 00:08:51,519

who is basically trying to uh

225

00:08:56,949 --> 00:08:53,360

i would guess uh

226

00:08:59,670 --> 00:08:56,959

kind of denigrate my my reputation uh in

227

00:09:02,150 --> 00:08:59,680

fact louis was at gg 15

228

00:09:03,910 --> 00:09:02,160

and the gg uh is for the defense

229

00:09:05,110 --> 00:09:03,920

intelligence agency and other defense

230

00:09:07,350 --> 00:09:05,120

positions

231

00:09:09,829 --> 00:09:07,360

yes is for regular like mostly

232

00:09:12,550 --> 00:09:09,839

government and also cia

233

00:09:14,470 --> 00:09:12,560

so if you look at it um go look at a gs

234

00:09:18,790 --> 00:09:14,480

15 pay scale

235

00:09:21,269 --> 00:09:18,800

and my last pay my last paycheck was 136

236

00:09:23,269 --> 00:09:21,279

thousand dollars 136 thousand nine

237

00:09:25,509 --> 00:09:23,279

hundred dollars a year i was making

238

00:09:28,470 --> 00:09:25,519

sixty six dollars and sixty-five cents

239

00:09:30,230 --> 00:09:28,480

an hour you don't pay janitors that and

240

00:09:32,710 --> 00:09:30,240

again that's something else that was on

241

00:09:33,990 --> 00:09:32,720

my w-2 form

242

00:09:35,509 --> 00:09:34,000

i was good you took the words out my

243

00:09:36,949 --> 00:09:35,519

mouth i don't mean any janitors are

244

00:09:39,190 --> 00:09:36,959

earning that kind of money and if they

245

00:09:40,630 --> 00:09:39,200

are send the application for my way that

246

00:09:42,710 --> 00:09:40,640

would be great

247

00:09:44,389 --> 00:09:42,720

listen and the subject over the decades

248

00:09:46,710 --> 00:09:44,399

john the word this info or

249

00:09:48,230 --> 00:09:46,720

disinformation agent is thrown around

250

00:09:50,150 --> 00:09:48,240

and i'm sure you've heard that

251  
00:09:51,910 --> 00:09:50,160  
what would you say to people who think

252  
00:09:54,230 --> 00:09:51,920  
you would be a prime candidate for this

253  
00:09:56,790 --> 00:09:54,240  
sort of accusation given your recent

254  
00:09:58,790 --> 00:09:56,800  
exposure to the community and also to be

255  
00:10:00,550 --> 00:09:58,800  
honest as we're going to discuss the

256  
00:10:01,590 --> 00:10:00,560  
extraordinary nature of some of the

257  
00:10:03,030 --> 00:10:01,600  
claims

258  
00:10:04,790 --> 00:10:03,040  
right um

259  
00:10:07,030 --> 00:10:04,800  
disinformation agent

260  
00:10:08,310 --> 00:10:07,040  
is a person who knows the real

261  
00:10:09,990 --> 00:10:08,320  
information

262  
00:10:12,550 --> 00:10:10,000  
and then twists it

263  
00:10:15,030 --> 00:10:12,560

according to some policy

264

00:10:18,630 --> 00:10:15,040

a deliberate policy of the government

265

00:10:21,190 --> 00:10:18,640

so um i would say that a disinformation

266

00:10:22,630 --> 00:10:21,200

agent is someone who is

267

00:10:23,910 --> 00:10:22,640

working to

268

00:10:26,310 --> 00:10:23,920

introduce

269

00:10:29,110 --> 00:10:26,320

false information into a narrative in

270

00:10:30,389 --> 00:10:29,120

order to affect the decisions or

271

00:10:32,870 --> 00:10:30,399

policies

272

00:10:35,030 --> 00:10:32,880

or beliefs of another

273

00:10:37,590 --> 00:10:35,040

government not people

274

00:10:39,670 --> 00:10:37,600

that it was not legal

275

00:10:43,030 --> 00:10:39,680

people would not

276

00:10:45,509 --> 00:10:43,040

realize this but it is not legal for

277

00:10:46,470 --> 00:10:45,519

the ia officer to be a disinformation

278

00:10:50,150 --> 00:10:46,480

officer

279

00:10:52,949 --> 00:10:50,160

against his uh or her own country

280

00:10:55,750 --> 00:10:52,959

and there are people who are trained to

281

00:10:58,829 --> 00:10:55,760

do this but they're there to affect

282

00:11:01,509 --> 00:10:58,839

the plans and policies of another

283

00:11:03,269 --> 00:11:01,519

government and in fact that's a very

284

00:11:05,829 --> 00:11:03,279

dangerous um

285

00:11:07,990 --> 00:11:05,839

avenue to to

286

00:11:10,310 --> 00:11:08,000

dive into because

287

00:11:12,150 --> 00:11:10,320

uh what they're doing is basically uh

288

00:11:14,630 --> 00:11:12,160

introducing false information to try to

289

00:11:16,150 --> 00:11:14,640

convince people to think differently and

290

00:11:17,990 --> 00:11:16,160

so um

291

00:11:19,590 --> 00:11:18,000

it's mostly in the open source

292

00:11:21,829 --> 00:11:19,600

intelligence field

293

00:11:24,310 --> 00:11:21,839

that they would like uh throw in

294

00:11:27,190 --> 00:11:24,320

throughout something to influence for

295

00:11:31,030 --> 00:11:29,030

like say uh support for a certain

296

00:11:32,949 --> 00:11:31,040

candidate overseas

297

00:11:35,590 --> 00:11:32,959

you know they might they might throw out

298

00:11:37,430 --> 00:11:35,600

something that uh uh

299

00:11:39,829 --> 00:11:37,440

would persuade people not to vote for a

300

00:11:41,430 --> 00:11:39,839

certain candidate because they want the

301  
00:11:43,110 --> 00:11:41,440  
candidate that supports the us

302  
00:11:45,269 --> 00:11:43,120  
government to

303  
00:11:48,150 --> 00:11:45,279  
to come into uh office

304  
00:11:50,790 --> 00:11:48,160  
so i mean i admit that the cia does that

305  
00:11:52,550 --> 00:11:50,800  
it is not rogue it's not unlawful the

306  
00:11:55,750 --> 00:11:52,560  
national security act

307  
00:11:57,829 --> 00:11:55,760  
and uh various amendments to that as

308  
00:11:58,790 --> 00:11:57,839  
well as various presidential executive

309  
00:12:01,430 --> 00:11:58,800  
orders

310  
00:12:03,670 --> 00:12:01,440  
allow for certain types of covert action

311  
00:12:05,990 --> 00:12:03,680  
to take place overseas

312  
00:12:07,269 --> 00:12:06,000  
so this information is part of a covet

313  
00:12:08,710 --> 00:12:07,279

action plan

314

00:12:10,230 --> 00:12:08,720

to influence

315

00:12:11,430 --> 00:12:10,240

the tear

316

00:12:14,230 --> 00:12:11,440

uh

317

00:12:15,829 --> 00:12:14,240

some action of another government

318

00:12:17,509 --> 00:12:15,839

now john i appreciate you clearing some

319

00:12:19,110 --> 00:12:17,519

of that up right off the bat but that's

320

00:12:20,550 --> 00:12:19,120

things that have obviously come up from

321

00:12:21,829 --> 00:12:20,560

from those previous interviews and i

322

00:12:23,269 --> 00:12:21,839

wanted to get that out in the open

323

00:12:24,389 --> 00:12:23,279

straight away so i do appreciate those

324

00:12:26,790 --> 00:12:24,399

answers

325

00:12:29,190 --> 00:12:26,800

john now what is your experience with

326

00:12:31,190 --> 00:12:29,200

the world of ufos and uap now not that

327

00:12:32,949 --> 00:12:31,200

it was necessarily a part of your job

328

00:12:35,269 --> 00:12:32,959

but growing up did you have any

329

00:12:36,949 --> 00:12:35,279

sightings experiences or just a general

330

00:12:41,750 --> 00:12:36,959

a general interest

331

00:12:43,750 --> 00:12:41,760

since i was four years old

332

00:12:45,030 --> 00:12:43,760

um and that was when i first looked

333

00:12:47,509 --> 00:12:45,040

through a telescope and i had this

334

00:12:49,350 --> 00:12:47,519

profound sense that i was not

335

00:12:51,910 --> 00:12:49,360

a part of this planet

336

00:12:53,990 --> 00:12:51,920

that i belong out there somewhere in the

337

00:12:55,430 --> 00:12:54,000

stars and that's pretty remarkable for a

338

00:12:57,269 --> 00:12:55,440

four-year-old but if you talk to

339

00:12:59,110 --> 00:12:57,279

experiencers

340

00:13:01,829 --> 00:12:59,120

that seems to be like the age when it

341

00:13:02,870 --> 00:13:01,839

happens and then thereafter at five and

342

00:13:05,990 --> 00:13:02,880

six

343

00:13:08,790 --> 00:13:06,000

i said this before i had experiences of

344

00:13:10,389 --> 00:13:08,800

of being led into a house

345

00:13:12,629 --> 00:13:10,399

by a woman who was not my mother and

346

00:13:14,150 --> 00:13:12,639

being examined by doctor and a doctor

347

00:13:16,790 --> 00:13:14,160

and a nurse and this happened over

348

00:13:18,150 --> 00:13:16,800

successive times where i was reassured

349

00:13:20,470 --> 00:13:18,160

don't worry we're not going to hurt you

350

00:13:21,670 --> 00:13:20,480

we just want to um

351  
00:13:23,509 --> 00:13:21,680  
see if

352  
00:13:24,790 --> 00:13:23,519  
you're okay we just want to give you an

353  
00:13:26,790 --> 00:13:24,800  
examination

354  
00:13:28,710 --> 00:13:26,800  
and i've had similar experiences

355  
00:13:30,790 --> 00:13:28,720  
throughout my life where you know

356  
00:13:33,750 --> 00:13:30,800  
experience being taken

357  
00:13:35,670 --> 00:13:33,760  
because i wanted to be um i experienced

358  
00:13:37,350 --> 00:13:35,680  
uh

359  
00:13:40,470 --> 00:13:37,360  
looking through a telescope when i was

360  
00:13:41,910 --> 00:13:40,480  
small and and seeing andromeda galaxy

361  
00:13:43,269 --> 00:13:41,920  
and having an instant connection with

362  
00:13:44,790 --> 00:13:43,279  
someone out there

363  
00:13:47,030 --> 00:13:44,800

and wondering why don't you pick me up

364

00:13:48,710 --> 00:13:47,040

you left me on this planet i don't know

365

00:13:50,069 --> 00:13:48,720

why i'm here

366

00:13:52,470 --> 00:13:50,079

um

367

00:13:55,189 --> 00:13:52,480

being taken on board a craft

368

00:13:57,350 --> 00:13:55,199

and being examined on board a craft

369

00:13:59,910 --> 00:13:57,360

and then when i woke up the next morning

370

00:14:03,670 --> 00:13:59,920

there were markings on my body

371

00:14:04,790 --> 00:14:03,680

that looked like they were examining me

372

00:14:07,430 --> 00:14:04,800

so

373

00:14:08,790 --> 00:14:07,440

i've had many such experiences

374

00:14:13,189 --> 00:14:08,800

even

375

00:14:15,910 --> 00:14:13,199

in arizona where

376

00:14:17,910 --> 00:14:15,920

when i moved to arizona a being came to

377

00:14:20,550 --> 00:14:17,920

me and said don't worry we we know you

378

00:14:22,310 --> 00:14:20,560

moved we can always find you

379

00:14:24,150 --> 00:14:22,320

we found you and we just want to find

380

00:14:26,069 --> 00:14:24,160

see if you're okay

381

00:14:27,829 --> 00:14:26,079

so that's if you talk to experiences

382

00:14:31,350 --> 00:14:27,839

this is not strange

383

00:14:32,790 --> 00:14:31,360

um and the the beings i see are more

384

00:14:35,189 --> 00:14:32,800

um i don't like to use the word

385

00:14:36,870 --> 00:14:35,199

reptilian because people think of snakes

386

00:14:40,949 --> 00:14:36,880

and lizards they're not snakes and

387

00:14:44,150 --> 00:14:40,959

lizards they're more like uh evolved uh

388

00:14:46,870 --> 00:14:44,160

like sarian beans i call them sarian

389

00:14:49,110 --> 00:14:46,880

they're more like humanoid with mixture

390

00:14:52,310 --> 00:14:49,120

of sarian um this

391

00:14:55,430 --> 00:14:52,320

bipedal two arms you know a head

392

00:14:57,509 --> 00:14:55,440

two two eyes uh mouth and so forth you

393

00:14:58,870 --> 00:14:57,519

know like they're flesh and blood as far

394

00:15:00,710 --> 00:14:58,880

as i can tell

395

00:15:02,710 --> 00:15:00,720

and so these are the beings i i

396

00:15:03,829 --> 00:15:02,720

interacted with some people see mantis

397

00:15:07,509 --> 00:15:03,839

beings

398

00:15:09,269 --> 00:15:07,519

people see but if you talk to

399

00:15:11,269 --> 00:15:09,279

experiencers

400

00:15:13,430 --> 00:15:11,279

they are adamant that these experiences

401  
00:15:14,710 --> 00:15:13,440  
are real and they have a profound effect

402  
00:15:17,030 --> 00:15:14,720  
on their life

403  
00:15:20,069 --> 00:15:17,040  
uh mostly positive sometimes you get

404  
00:15:21,350 --> 00:15:20,079  
some disturbing kind of experiences with

405  
00:15:23,030 --> 00:15:21,360  
these beings

406  
00:15:25,269 --> 00:15:23,040  
um and i don't i've never had a

407  
00:15:27,750 --> 00:15:25,279  
disturbing experience like that

408  
00:15:30,150 --> 00:15:27,760  
so it's just something that's occurred

409  
00:15:32,150 --> 00:15:30,160  
and and i took that with me to cia i

410  
00:15:33,509 --> 00:15:32,160  
mean i've talked to other experiencers

411  
00:15:35,269 --> 00:15:33,519  
at cia

412  
00:15:37,269 --> 00:15:35,279  
saying that they don't know why they

413  
00:15:38,790 --> 00:15:37,279

were there i mean they seem to be drawn

414

00:15:41,509 --> 00:15:38,800

to it i was always interested in

415

00:15:43,670 --> 00:15:41,519

intelligence at a young age and i was

416

00:15:45,829 --> 00:15:43,680

just drawn to work at cia and others

417

00:15:49,350 --> 00:15:45,839

seem to have the same kind of

418

00:15:51,269 --> 00:15:49,360

of compulsion it's and i use the example

419

00:15:54,150 --> 00:15:51,279

like the close encounters of the third

420

00:15:55,829 --> 00:15:54,160

kind people were like obsessing over the

421

00:15:57,910 --> 00:15:55,839

devil's tower

422

00:15:59,749 --> 00:15:57,920

uh structure you know going to the

423

00:16:01,350 --> 00:15:59,759

devil's tower um

424

00:16:02,870 --> 00:16:01,360

and they didn't know why they needed to

425

00:16:04,870 --> 00:16:02,880

go but they did

426

00:16:07,189 --> 00:16:04,880

and so scia is like kind of like a

427

00:16:09,269 --> 00:16:07,199

magnet for that

428

00:16:11,350 --> 00:16:09,279

now that that's amazing for you to share

429

00:16:13,350 --> 00:16:11,360

that and we have spoken on the podcast

430

00:16:15,269 --> 00:16:13,360

in the last five or six weeks to to

431

00:16:17,590 --> 00:16:15,279

various different experiences we allowed

432

00:16:19,430 --> 00:16:17,600

them to come on share their story and

433

00:16:21,110 --> 00:16:19,440

you hear like you see how it impacts

434

00:16:23,350 --> 00:16:21,120

them throughout their whole lives

435

00:16:25,829 --> 00:16:23,360

sometimes it's a consistent experience

436

00:16:27,590 --> 00:16:25,839

other times it can go away depending on

437

00:16:28,629 --> 00:16:27,600

different aspects of what's going on in

438

00:16:30,629 --> 00:16:28,639

their lives

439

00:16:32,629 --> 00:16:30,639

did you find your experience was

440

00:16:34,870 --> 00:16:32,639

consistent throughout your life or was

441

00:16:36,710 --> 00:16:34,880

there any prolonged stage where nothing

442

00:16:38,310 --> 00:16:36,720

was happening at all

443

00:16:40,389 --> 00:16:38,320

um it's not like an everyday thing i

444

00:16:42,389 --> 00:16:40,399

mean no it's it's like

445

00:16:43,990 --> 00:16:42,399

they come see me when they need to um

446

00:16:46,230 --> 00:16:44,000

and it seems like uh every time they see

447

00:16:48,870 --> 00:16:46,240

me i get some kind of information or

448

00:16:51,990 --> 00:16:48,880

download i call it experiences call them

449

00:16:53,910 --> 00:16:52,000

downloads yeah all of a sudden you you

450

00:16:55,670 --> 00:16:53,920

you get some insight

451  
00:16:56,790 --> 00:16:55,680  
into who they are and what their message

452  
00:17:00,150 --> 00:16:56,800  
is

453  
00:17:01,910 --> 00:17:00,160  
and so i use the example um

454  
00:17:04,949 --> 00:17:01,920  
like uh

455  
00:17:06,710 --> 00:17:04,959  
i know you have a uk art audience so um

456  
00:17:08,309 --> 00:17:06,720  
everyone in the uk knows what a laurie

457  
00:17:10,870 --> 00:17:08,319  
is and for a us

458  
00:17:12,549 --> 00:17:10,880  
it's a truck yeah so you know

459  
00:17:14,309 --> 00:17:12,559  
some people um

460  
00:17:16,150 --> 00:17:14,319  
you know are concerned whether the lorry

461  
00:17:18,150 --> 00:17:16,160  
was red or yellow by the way that was a

462  
00:17:19,110 --> 00:17:18,160  
great band

463  
00:17:21,829 --> 00:17:19,120

okay

464

00:17:24,150 --> 00:17:21,839

red and yellow glory uh i'm into the 80s

465

00:17:26,549 --> 00:17:24,160

so yeah yeah yeah that's right some

466

00:17:28,309 --> 00:17:26,559

people uh are interested in the glory

467

00:17:30,150 --> 00:17:28,319

some people are interested in the driver

468

00:17:32,549 --> 00:17:30,160

of the lorry some people are interested

469

00:17:34,710 --> 00:17:32,559

in what makes the lorry move like the

470

00:17:37,510 --> 00:17:34,720

engine and then the

471

00:17:39,029 --> 00:17:37,520

the delivery person drops off a box

472

00:17:41,029 --> 00:17:39,039

and some people are interested in the

473

00:17:42,230 --> 00:17:41,039

box they shake it and measure it and

474

00:17:44,310 --> 00:17:42,240

weigh it

475

00:17:46,390 --> 00:17:44,320

and but the experiencers and the

476  
00:17:49,029 --> 00:17:46,400  
channelers they're the ones that bother

477  
00:17:51,590 --> 00:17:49,039  
to open the box to see what's in it what

478  
00:17:53,430 --> 00:17:51,600  
are the gifts in it what is the message

479  
00:17:55,190 --> 00:17:53,440  
so more about the message

480  
00:17:58,789 --> 00:17:55,200  
than the craft

481  
00:18:01,350 --> 00:17:58,799  
at all i've seen like orbs um i know the

482  
00:18:02,870 --> 00:18:01,360  
crafts exist deep inside

483  
00:18:06,070 --> 00:18:02,880  
i know when the government says that

484  
00:18:09,110 --> 00:18:06,080  
there are no ufos that roswell was uh

485  
00:18:12,310 --> 00:18:09,120  
like some old cold war test

486  
00:18:15,590 --> 00:18:12,320  
um of some old uh project i know that

487  
00:18:17,029 --> 00:18:15,600  
that can't be true um it's just that

488  
00:18:18,310 --> 00:18:17,039

that

489

00:18:19,270 --> 00:18:18,320

um

490

00:18:20,630 --> 00:18:19,280

throughout

491

00:18:21,669 --> 00:18:20,640

my experience

492

00:18:24,549 --> 00:18:21,679

uh

493

00:18:27,350 --> 00:18:24,559

there's there's been validation of what

494

00:18:29,430 --> 00:18:27,360

i feel and i go with that validation now

495

00:18:31,830 --> 00:18:29,440

i'm not asking anyone to believe it i

496

00:18:34,070 --> 00:18:31,840

know they're skeptics and i i love

497

00:18:35,430 --> 00:18:34,080

skeptics it's good to be a skeptic it's

498

00:18:38,070 --> 00:18:35,440

good to question

499

00:18:40,710 --> 00:18:38,080

what disturbs me are um

500

00:18:44,230 --> 00:18:40,720

what i call uh

501  
00:18:47,350 --> 00:18:44,240  
the folks who know the information

502  
00:18:48,630 --> 00:18:47,360  
but still because of some policy or some

503  
00:18:50,390 --> 00:18:48,640  
plan or

504  
00:18:52,870 --> 00:18:50,400  
just out of spite

505  
00:18:55,430 --> 00:18:52,880  
um they just throw in all kinds of

506  
00:18:57,909 --> 00:18:55,440  
garbage even though they know the truth

507  
00:18:59,909 --> 00:18:57,919  
and those are the debunkers i i don't

508  
00:19:01,190 --> 00:18:59,919  
like debunkers at all

509  
00:19:03,430 --> 00:19:01,200  
at all

510  
00:19:06,310 --> 00:19:03,440  
i categorize debunkers differently from

511  
00:19:09,110 --> 00:19:06,320  
skeptics and i i truly honor skeptics

512  
00:19:10,549 --> 00:19:09,120  
i love skeptics they need to be there

513  
00:19:13,029 --> 00:19:10,559

because they need to like set the

514

00:19:15,430 --> 00:19:13,039

boundaries of what our beliefs and what

515

00:19:17,669 --> 00:19:15,440

our experiences are with this phenomenon

516

00:19:20,390 --> 00:19:17,679

but debunkers they're just troublemakers

517

00:19:23,350 --> 00:19:20,400

in my opinion so um i don't like

518

00:19:24,710 --> 00:19:23,360

debunkers but skeptics i love

519

00:19:26,470 --> 00:19:24,720

you've touched on some wonderful

520

00:19:28,310 --> 00:19:26,480

conversation points and i am going to

521

00:19:30,789 --> 00:19:28,320

swing back to those as we go on in the

522

00:19:33,430 --> 00:19:30,799

conversation just out of curiosity you

523

00:19:35,510 --> 00:19:33,440

mentioned the the polygraph test yes

524

00:19:37,590 --> 00:19:35,520

that you have to go through in the cia

525

00:19:38,789 --> 00:19:37,600

was your experience

526

00:19:40,710 --> 00:19:38,799

brought up

527

00:19:43,029 --> 00:19:40,720

during that is that something that you

528

00:19:45,669 --> 00:19:43,039

had to divulge or did you divulge the

529

00:19:48,549 --> 00:19:45,679

the uh the polygraph test was designed

530

00:19:50,390 --> 00:19:48,559

for first of all counterintelligence

531

00:19:52,789 --> 00:19:50,400

um the biggest

532

00:19:53,990 --> 00:19:52,799

concern is are you

533

00:19:56,789 --> 00:19:54,000

now

534

00:19:59,830 --> 00:19:56,799

have you before or will you work for a

535

00:20:01,350 --> 00:19:59,840

foreign intelligence service

536

00:20:03,990 --> 00:20:01,360

that's the biggest

537

00:20:06,149 --> 00:20:04,000

concern because we don't want to hire

538

00:20:08,310 --> 00:20:06,159

people who are actually working on

539

00:20:11,430 --> 00:20:08,320

behalf of a foreign government to spy

540

00:20:14,070 --> 00:20:11,440

against the united states

541

00:20:16,149 --> 00:20:14,080

and first of all all cia officers and

542

00:20:19,190 --> 00:20:16,159

anyone in the u.s government holding a

543

00:20:21,669 --> 00:20:19,200

security clearance are all u.s citizens

544

00:20:23,909 --> 00:20:21,679

but has there been any incident in your

545

00:20:26,149 --> 00:20:23,919

life or any occurrence where a foreign

546

00:20:28,230 --> 00:20:26,159

intelligence service has encouraged you

547

00:20:30,710 --> 00:20:28,240

to get a job like this so that you can

548

00:20:32,950 --> 00:20:30,720

report back to that intelligence service

549

00:20:36,230 --> 00:20:32,960

for compensation for money for goods and

550

00:20:38,630 --> 00:20:36,240

services um so that's the primary

551  
00:20:39,990 --> 00:20:38,640  
concern the second is is there anything

552  
00:20:41,990 --> 00:20:40,000  
in your life

553  
00:20:44,310 --> 00:20:42,000  
that a foreign intelligence service if

554  
00:20:47,029 --> 00:20:44,320  
they knew this one thing in your life

555  
00:20:49,350 --> 00:20:47,039  
that's so embarrassing to you

556  
00:20:51,510 --> 00:20:49,360  
can they use that to blackmail you so

557  
00:20:52,870 --> 00:20:51,520  
that you will work for them in order to

558  
00:20:55,029 --> 00:20:52,880  
protect that

559  
00:20:57,270 --> 00:20:55,039  
embarrassing thing in your life

560  
00:20:58,630 --> 00:20:57,280  
and for a long time it was sexual

561  
00:21:01,510 --> 00:20:58,640  
preference

562  
00:21:04,230 --> 00:21:01,520  
um when that was a stigma in society and

563  
00:21:05,669 --> 00:21:04,240

in the 1990s that saul disappeared

564

00:21:09,350 --> 00:21:05,679

that's all gone

565

00:21:11,909 --> 00:21:09,360

so at cia we have all kinds of

566

00:21:14,149 --> 00:21:11,919

uh representations of society

567

00:21:15,830 --> 00:21:14,159

regardless of sexual preference gender

568

00:21:17,590 --> 00:21:15,840

preference regards your gender

569

00:21:20,070 --> 00:21:17,600

expression even

570

00:21:22,070 --> 00:21:20,080

um there's transsexuals at cia

571

00:21:25,029 --> 00:21:22,080

i mean it's not a big

572

00:21:27,029 --> 00:21:25,039

stigma anymore yeah but what is still a

573

00:21:29,270 --> 00:21:27,039

big stigma is working for a foreign

574

00:21:32,950 --> 00:21:29,280

intelligence service like the svr for

575

00:21:35,029 --> 00:21:32,960

example that the russian service

576

00:21:36,950 --> 00:21:35,039

what i'd like to ask is on that talking

577

00:21:40,470 --> 00:21:36,960

about the intelligence community at

578

00:21:43,990 --> 00:21:40,480

large now recently dni avro haines spoke

579

00:21:45,750 --> 00:21:44,000

about the uap at the ignatius forum and

580

00:21:46,830 --> 00:21:45,760

mentioned the word and this is difficult

581

00:21:49,190 --> 00:21:46,840

to say

582

00:21:51,110 --> 00:21:49,200

extraterrestrially yeah

583

00:21:53,510 --> 00:21:51,120

can you speak about the impact that

584

00:21:55,909 --> 00:21:53,520

using that language has had or could

585

00:21:58,149 --> 00:21:55,919

have on the intelligence community or

586

00:22:00,710 --> 00:21:58,159

the cia and people appreciate the

587

00:22:02,630 --> 00:22:00,720

gravity of the language now being used

588

00:22:04,470 --> 00:22:02,640

i'm speaking as a private citizen now i

589

00:22:06,789 --> 00:22:04,480

wish i knew what it

590

00:22:08,789 --> 00:22:06,799

was like at cia but i mean

591

00:22:10,789 --> 00:22:08,799

the folks who know at cia who know

592

00:22:13,909 --> 00:22:10,799

what's going on the folks at dia in the

593

00:22:15,350 --> 00:22:13,919

intelligence community in the military

594

00:22:16,950 --> 00:22:15,360

intelligence community and the

595

00:22:19,110 --> 00:22:16,960

contractor community

596

00:22:22,710 --> 00:22:19,120

who work this issue

597

00:22:24,789 --> 00:22:22,720

for them it's no no big news it's mostly

598

00:22:27,430 --> 00:22:24,799

an acknowledgement by the us government

599

00:22:29,110 --> 00:22:27,440

that um you know these are these aren't

600

00:22:30,950 --> 00:22:29,120

weather balloons these aren't

601  
00:22:33,270 --> 00:22:30,960  
temperature aversions this isn't the

602  
00:22:34,870 --> 00:22:33,280  
planet venus all the other excuses that

603  
00:22:36,870 --> 00:22:34,880  
the government used

604  
00:22:39,590 --> 00:22:36,880  
to hide the fact that these are real

605  
00:22:41,830 --> 00:22:39,600  
craft or these a real phenomena

606  
00:22:44,470 --> 00:22:41,840  
happening in our skies so that was the

607  
00:22:46,710 --> 00:22:44,480  
impact of it it opened up the door

608  
00:22:49,830 --> 00:22:46,720  
to have an honest discussion

609  
00:22:51,990 --> 00:22:49,840  
um extraterrestrial discussion or i call

610  
00:22:55,750 --> 00:22:52,000  
it exo discussion

611  
00:22:57,590 --> 00:22:55,760  
of the the uh the fact of that

612  
00:22:59,750 --> 00:22:57,600  
uh there could be

613  
00:23:03,430 --> 00:22:59,760

and very likely are

614

00:23:05,590 --> 00:23:03,440

uh pilots or some means of of propulsion

615

00:23:07,510 --> 00:23:05,600

uh remotely from a mother ship that is

616

00:23:09,909 --> 00:23:07,520

propelling what we're seeing

617

00:23:11,190 --> 00:23:09,919

in our skies and so that was a very

618

00:23:13,990 --> 00:23:11,200

important

619

00:23:16,710 --> 00:23:14,000

fact and the fact that she said that

620

00:23:18,310 --> 00:23:16,720

um pretty much

621

00:23:21,029 --> 00:23:18,320

also took away

622

00:23:22,870 --> 00:23:21,039

the other story that people believe

623

00:23:25,190 --> 00:23:22,880

that they believe in the craft but they

624

00:23:29,270 --> 00:23:25,200

believe the craft is a representation of

625

00:23:31,110 --> 00:23:29,280

some advanced technology in the u.s

626  
00:23:33,669 --> 00:23:31,120  
that might be and there might be

627  
00:23:35,990 --> 00:23:33,679  
advanced technology in the u.s but also

628  
00:23:37,510 --> 00:23:36,000  
don't discount the fact that that

629  
00:23:40,549 --> 00:23:37,520  
there's an extraterrestrial there might

630  
00:23:43,350 --> 00:23:40,559  
be an extraterrestrial uh reason for why

631  
00:23:45,510 --> 00:23:43,360  
we're seeing the craft it's not just u.s

632  
00:23:48,310 --> 00:23:45,520  
technology

633  
00:23:50,789 --> 00:23:48,320  
so that's the jacket it opened up doors

634  
00:23:53,269 --> 00:23:50,799  
to where we can actually talk about

635  
00:23:54,470 --> 00:23:53,279  
the e.t

636  
00:23:55,990 --> 00:23:54,480  
which which is right and you make a

637  
00:23:58,710 --> 00:23:56,000  
really good point that i've mentioned

638  
00:24:00,470 --> 00:23:58,720

before john that even if we find that

639

00:24:02,870 --> 00:24:00,480

there's a picture or video of a black

640

00:24:05,269 --> 00:24:02,880

triangle somewhere or a saucer shaped

641

00:24:07,669 --> 00:24:05,279

craft and it turns out to be us russian

642

00:24:09,590 --> 00:24:07,679

or chinese that still begs a lot of

643

00:24:11,750 --> 00:24:09,600

questions as to where has that

644

00:24:14,390 --> 00:24:11,760

technology came from that's that's some

645

00:24:16,549 --> 00:24:14,400

leap going from you know jet engines to

646

00:24:18,310 --> 00:24:16,559

anti-gravity all of a sudden so there

647

00:24:20,390 --> 00:24:18,320

still could be a lot of extraterrestrial

648

00:24:22,549 --> 00:24:20,400

basis as to where that technology came

649

00:24:25,190 --> 00:24:22,559

from in the first place which for me is

650

00:24:28,630 --> 00:24:25,200

fascinating still

651  
00:24:32,710 --> 00:24:30,870  
it's all i go back to roswell let's take

652  
00:24:33,590 --> 00:24:32,720  
roswell for example

653  
00:24:36,870 --> 00:24:33,600  
um

654  
00:24:39,830 --> 00:24:36,880  
if i was uh the rancher max braswell i

655  
00:24:41,830 --> 00:24:39,840  
think his name was if i was that rancher

656  
00:24:43,269 --> 00:24:41,840  
um i would not have gone to the

657  
00:24:45,669 --> 00:24:43,279  
government i would not have gone to the

658  
00:24:47,510 --> 00:24:45,679  
base and announced

659  
00:24:48,470 --> 00:24:47,520  
i got this debris here please clean it

660  
00:24:50,630 --> 00:24:48,480  
up

661  
00:24:52,630 --> 00:24:50,640  
i would have gone to like the university

662  
00:24:54,310 --> 00:24:52,640  
of new mexico or

663  
00:24:56,789 --> 00:24:54,320

mexico state university i would gone to

664

00:24:58,870 --> 00:24:56,799

academia get scientists on it so i got

665

00:25:00,789 --> 00:24:58,880

something strange here but it was the

666

00:25:02,870 --> 00:25:00,799

cold war and so there were a lot of

667

00:25:05,590 --> 00:25:02,880

things happening during the cold war uh

668

00:25:08,070 --> 00:25:05,600

this is new mexico this is where

669

00:25:10,230 --> 00:25:08,080

uh the first atomic tests

670

00:25:11,909 --> 00:25:10,240

occurred at trinity

671

00:25:13,029 --> 00:25:11,919

um

672

00:25:26,630 --> 00:25:13,039

i

673

00:25:28,630 --> 00:25:26,640

we would not be here today

674

00:25:30,950 --> 00:25:28,640

pondering the question we would know the

675

00:25:32,310 --> 00:25:30,960

answers but instead the government came

676  
00:25:34,789 --> 00:25:32,320  
into play

677  
00:25:37,430 --> 00:25:34,799  
and did not allow even academia at that

678  
00:25:39,669 --> 00:25:37,440  
point to eagerly examine it so

679  
00:25:41,269 --> 00:25:39,679  
i go back to that i mean it's it's

680  
00:25:44,470 --> 00:25:41,279  
unfortunate that that's the way it

681  
00:25:45,269 --> 00:25:44,480  
occurred but now

682  
00:25:49,190 --> 00:25:45,279  
i

683  
00:25:50,710 --> 00:25:49,200  
had that occurred that the government

684  
00:25:53,029 --> 00:25:50,720  
could take from

685  
00:25:54,549 --> 00:25:53,039  
even a civilian study the government

686  
00:25:57,029 --> 00:25:54,559  
could extract

687  
00:25:59,830 --> 00:25:57,039  
well since the civilian examination of

688  
00:26:02,470 --> 00:25:59,840

the craft would have been open you know

689

00:26:05,909 --> 00:26:02,480

academically open the government could

690

00:26:08,149 --> 00:26:05,919

have taken from that academically opened

691

00:26:09,909 --> 00:26:08,159

investigation whatever technology or

692

00:26:13,190 --> 00:26:09,919

whatever materials they needed to do

693

00:26:15,350 --> 00:26:13,200

their own you know secret program while

694

00:26:16,710 --> 00:26:15,360

leaving that craft intact for

695

00:26:18,310 --> 00:26:16,720

for the rest of us

696

00:26:20,950 --> 00:26:18,320

the fact that it landed in the united

697

00:26:24,310 --> 00:26:20,960

states i i firmly believe that

698

00:26:26,870 --> 00:26:24,320

um it came from space

699

00:26:29,510 --> 00:26:26,880

the united nations now says that we no

700

00:26:31,750 --> 00:26:29,520

country can claim anything in space for

701  
00:26:33,029 --> 00:26:31,760  
its own sovereign

702  
00:26:34,549 --> 00:26:33,039  
claims

703  
00:26:36,950 --> 00:26:34,559  
you know so

704  
00:26:39,190 --> 00:26:36,960  
if a craft comes from space and lands

705  
00:26:40,549 --> 00:26:39,200  
in the united states territory or china

706  
00:26:43,190 --> 00:26:40,559  
or russia

707  
00:26:45,590 --> 00:26:43,200  
that craft belongs to the whole world

708  
00:26:48,390 --> 00:26:45,600  
if there are signatories to the that

709  
00:26:51,510 --> 00:26:48,400  
united nations outer space treaty

710  
00:26:52,470 --> 00:26:51,520  
that it doesn't belong to one country

711  
00:26:54,230 --> 00:26:52,480  
but

712  
00:26:56,149 --> 00:26:54,240  
sovereign nations being what they are

713  
00:26:58,549 --> 00:26:56,159

they tend to claim it for their country

714

00:27:01,269 --> 00:26:58,559

and i think that's part of the problem

715

00:27:02,950 --> 00:27:01,279

and so i'm

716

00:27:05,350 --> 00:27:02,960

very heartened

717

00:27:08,789 --> 00:27:05,360

that the gillibrand amendment the

718

00:27:12,310 --> 00:27:08,799

amendment to the original amendment uh

719

00:27:16,630 --> 00:27:14,149

opening up a office and thinking that

720

00:27:19,430 --> 00:27:16,640

gillibrand amendment it's called the uh

721

00:27:22,389 --> 00:27:19,440

anomaly surveillance and resolution

722

00:27:25,350 --> 00:27:22,399

office yeah and the resolution is the

723

00:27:27,190 --> 00:27:25,360

most important word in there because

724

00:27:30,230 --> 00:27:27,200

resolution means we're going to get down

725

00:27:32,470 --> 00:27:30,240

to like what is it why they're here

726

00:27:33,669 --> 00:27:32,480

who's driving them we're going to try to

727

00:27:36,310 --> 00:27:33,679

solve

728

00:27:37,750 --> 00:27:36,320

this this mystery

729

00:27:40,070 --> 00:27:37,760

and i'm heartened that there's a

730

00:27:42,630 --> 00:27:40,080

provision in the law the state the

731

00:27:45,590 --> 00:27:42,640

united states government must share

732

00:27:46,710 --> 00:27:45,600

its information with other countries

733

00:27:49,269 --> 00:27:46,720

and that

734

00:27:51,350 --> 00:27:49,279

the government is now

735

00:27:55,190 --> 00:27:51,360

uh

736

00:27:56,789 --> 00:27:55,200

to the government um

737

00:27:58,710 --> 00:27:56,799

i should say the government is beholden

738

00:28:00,230 --> 00:27:58,720

to congress representatives of the

739

00:28:01,510 --> 00:28:00,240

united states people

740

00:28:06,470 --> 00:28:01,520

to

741

00:28:08,710 --> 00:28:06,480

been made in sharing that information

742

00:28:10,310 --> 00:28:08,720

with all these other countries

743

00:28:12,870 --> 00:28:10,320

and it seems like everything happens in

744

00:28:13,669 --> 00:28:12,880

the u.s but i mean latin america a lot

745

00:28:16,549 --> 00:28:13,679

of

746

00:28:17,750 --> 00:28:16,559

you know all over the world in asia

747

00:28:20,549 --> 00:28:17,760

and europe

748

00:28:21,510 --> 00:28:20,559

in in even in the uk people are seeing

749

00:28:24,070 --> 00:28:21,520

things

750

00:28:26,070 --> 00:28:24,080

um so it's not just a us-only phenomenon

751

00:28:27,830 --> 00:28:26,080

it seems like we talk so much about the

752

00:28:29,750 --> 00:28:27,840

us only phenomenon but it's happening

753

00:28:31,990 --> 00:28:29,760

everywhere but these governments need to

754

00:28:34,149 --> 00:28:32,000

like talk to each other and now if this

755

00:28:35,350 --> 00:28:34,159

passes by law

756

00:28:38,789 --> 00:28:35,360

congress can

757

00:28:41,750 --> 00:28:38,799

then demand the u.s government you must

758

00:28:43,669 --> 00:28:41,760

cooperate you must tell us

759

00:28:45,669 --> 00:28:43,679

how you are cooperating with these other

760

00:28:47,190 --> 00:28:45,679

countries so that's a that's a big big

761

00:28:49,590 --> 00:28:47,200

leap forward

762

00:28:50,630 --> 00:28:49,600

you use the word heartened and as we

763

00:28:52,470 --> 00:28:50,640

763  
speak the

764

00:28:53,990 --> 00:28:52,480

the vote is still i don't even think

765

00:28:55,750 --> 00:28:54,000

it's going ahead yet it's there's been a

766

00:28:57,750 --> 00:28:55,760

lot of updates going on throughout today

767

00:28:59,430 --> 00:28:57,760

as we record this but it's nice to see

768

00:29:02,230 --> 00:28:59,440

that it's been co-sponsored by at least

769

00:29:04,230 --> 00:29:02,240

five senators now um so other people

770

00:29:06,230 --> 00:29:04,240

regardless of their party and political

771

00:29:07,750 --> 00:29:06,240

leanings are putting their name to this

772

00:29:09,590 --> 00:29:07,760

and hopefully that that pushes things

773

00:29:11,830 --> 00:29:09,600

forward a little bit more

774

00:29:13,190 --> 00:29:11,840

john you've suggested that previously on

775

00:29:16,389 --> 00:29:13,200

an interview that everything that's

776

00:29:19,269 --> 00:29:16,399  
happened from 2017 onwards as

777

00:29:21,029 --> 00:29:19,279  
potentially controlled dissemination can

778

00:29:23,110 --> 00:29:21,039  
you elaborate on this is it something

779

00:29:25,430 --> 00:29:23,120  
you suspect or something you know is

780

00:29:27,110 --> 00:29:25,440  
happening the control dissemination has

781

00:29:29,909 --> 00:29:27,120  
happened from

782

00:29:35,830 --> 00:29:33,029  
i can only speak from 1984 because

783

00:29:37,350 --> 00:29:35,840  
that's when i actually got clearances

784

00:29:39,590 --> 00:29:37,360  
uh control dissemination has been

785

00:29:42,149 --> 00:29:39,600  
happening for the decades

786

00:29:43,269 --> 00:29:42,159  
and before it was just

787

00:29:44,389 --> 00:29:43,279  
mostly

788

00:29:45,669 --> 00:29:44,399

denial

789

00:29:46,630 --> 00:29:45,679

if anything

790

00:29:48,870 --> 00:29:46,640

and

791

00:29:49,750 --> 00:29:48,880

slowly as

792

00:29:51,029 --> 00:29:49,760

we

793

00:29:52,549 --> 00:29:51,039

learned

794

00:29:54,710 --> 00:29:52,559

that

795

00:29:56,710 --> 00:29:54,720

what people are seeing correlated to

796

00:29:59,750 --> 00:29:56,720

what we were collecting

797

00:30:03,190 --> 00:29:59,760

in terms of our sensor capabilities

798

00:30:05,750 --> 00:30:03,200

that it was time to start

799

00:30:07,590 --> 00:30:05,760

easing up on this information

800

00:30:10,630 --> 00:30:07,600

it originally happened through the

801  
00:30:13,909 --> 00:30:10,640  
entertainment industry

802  
00:30:15,190 --> 00:30:13,919  
where cia had a office

803  
00:30:16,710 --> 00:30:15,200  
an entertainment

804  
00:30:17,990 --> 00:30:16,720  
liaison office

805  
00:30:20,470 --> 00:30:18,000  
to seed

806  
00:30:21,590 --> 00:30:20,480  
certain ideas in certain science fiction

807  
00:30:24,630 --> 00:30:21,600  
scripts

808  
00:30:27,830 --> 00:30:24,640  
that this was a reality so that was very

809  
00:30:30,950 --> 00:30:27,840  
slow it's like an atomic energy

810  
00:30:33,190 --> 00:30:30,960  
kind of or nuclear uh power plant

811  
00:30:35,909 --> 00:30:33,200  
uh analogy is uh a

812  
00:30:38,070 --> 00:30:35,919  
nuclear power plant in the core there's

813  
00:30:40,389 --> 00:30:38,080

control rods and if you lift all the

814

00:30:43,990 --> 00:30:40,399

control rods up are you going to get a

815

00:30:45,350 --> 00:30:44,000

chain reaction and fortunately the

816

00:30:48,070 --> 00:30:45,360

fizzle material

817

00:30:49,430 --> 00:30:48,080

is not high enough of grade to actually

818

00:30:52,070 --> 00:30:49,440

cause an explosion but you're going to

819

00:30:53,909 --> 00:30:52,080

get a very fast chain reaction so they

820

00:30:56,149 --> 00:30:53,919

put the control rods down and they lift

821

00:30:58,870 --> 00:30:56,159

up different control rods

822

00:31:01,830 --> 00:30:58,880

gauge how the public feels about that so

823

00:31:04,630 --> 00:31:01,840

okay we have no we have

824

00:31:06,950 --> 00:31:04,640

some consensus that there is an alien

825

00:31:08,070 --> 00:31:06,960

presence and their ufos are real

826  
00:31:11,590 --> 00:31:08,080  
because

827  
00:31:13,909 --> 00:31:11,600  
the surveys uh decades ago pretty much

828  
00:31:15,990 --> 00:31:13,919  
majority of american citizens at least

829  
00:31:17,750 --> 00:31:16,000  
believed that ufos were real

830  
00:31:19,590 --> 00:31:17,760  
and so then you lift up more control

831  
00:31:21,750 --> 00:31:19,600  
rods and then you add

832  
00:31:24,470 --> 00:31:21,760  
more information into

833  
00:31:25,909 --> 00:31:24,480  
the the uh public domain

834  
00:31:28,630 --> 00:31:25,919  
and so

835  
00:31:31,029 --> 00:31:28,640  
um within the government itself i would

836  
00:31:33,750 --> 00:31:31,039  
say the big control rod was

837  
00:31:34,549 --> 00:31:33,760  
that was lifted was when we were able to

838  
00:31:36,310 --> 00:31:34,559

put

839

00:31:38,470 --> 00:31:36,320

electro optical sensors on our

840

00:31:41,029 --> 00:31:38,480

satellites and when i say electro

841

00:31:43,909 --> 00:31:41,039

optical i mean in the infrared region

842

00:31:46,549 --> 00:31:43,919

and so when you put infrared sensors

843

00:31:47,669 --> 00:31:46,559

uh originally what we call four band or

844

00:31:50,149 --> 00:31:47,679

four color

845

00:31:53,190 --> 00:31:50,159

most recently eight band or a color

846

00:31:55,110 --> 00:31:53,200

um hyper uh they're now hyperspectral

847

00:31:56,230 --> 00:31:55,120

originally multi-spectral four-band

848

00:31:58,230 --> 00:31:56,240

sensors

849

00:32:02,070 --> 00:31:58,240

um at that time

850

00:32:04,789 --> 00:32:02,080

uh we saw the the presence of orbs uh

851

00:32:06,389 --> 00:32:04,799

like these aren't like solid craft these

852

00:32:08,310 --> 00:32:06,399

are energy

853

00:32:11,430 --> 00:32:08,320

orbs and what are they they're flying in

854

00:32:14,070 --> 00:32:11,440

formation as i said before and other uh

855

00:32:16,470 --> 00:32:14,080

calls the phlegm and formation under

856

00:32:18,070 --> 00:32:16,480

intelligent control with an intent to go

857

00:32:20,630 --> 00:32:18,080

to some destination

858

00:32:24,630 --> 00:32:20,640

so that's really what sparked it and it

859

00:32:26,310 --> 00:32:24,640

was in the i think 92 uh it was keenan

860

00:32:29,990 --> 00:32:26,320

keenan 11

861

00:32:31,509 --> 00:32:30,000

uh cage kenan kh-11 block 2

862

00:32:33,830 --> 00:32:31,519

where the first

863

00:32:35,269 --> 00:32:33,840

ir sensor went on board that and i could

864

00:32:38,070 --> 00:32:35,279

say that because

865

00:32:40,149 --> 00:32:38,080

nro released the fact of that the kanan

866

00:32:42,549 --> 00:32:40,159

or kh11 spacecraft carried

867

00:32:44,870 --> 00:32:42,559

electro-optical sensors before that was

868

00:32:46,630 --> 00:32:44,880

protected under bimen they got rid of

869

00:32:48,470 --> 00:32:46,640

diamonds so i could say that and i saw

870

00:32:50,870 --> 00:32:48,480

it on a brochure

871

00:32:53,350 --> 00:32:50,880

so as these sensors became more

872

00:32:54,149 --> 00:32:53,360

sophisticated we were able to actually

873

00:32:57,350 --> 00:32:54,159

see

874

00:32:58,870 --> 00:32:57,360

the presence of orbs in our skies all

875

00:33:01,269 --> 00:32:58,880

over the world

876

00:33:02,230 --> 00:33:01,279

um and so that

877

00:33:04,549 --> 00:33:02,240

then

878

00:33:07,269 --> 00:33:04,559

started this working group i said uh

879

00:33:08,470 --> 00:33:07,279

under with jay this working group

880

00:33:11,509 --> 00:33:08,480

process

881

00:33:13,110 --> 00:33:11,519

started this is before allsack

882

00:33:15,350 --> 00:33:13,120

don't even think that everything started

883

00:33:17,909 --> 00:33:15,360

with all set the government

884

00:33:19,909 --> 00:33:17,919

this long time ago decades before as

885

00:33:21,830 --> 00:33:19,919

these sensors became online

886

00:33:24,470 --> 00:33:21,840

and so there was a serious uh working

887

00:33:25,669 --> 00:33:24,480

group to actually study these sensors

888

00:33:27,269 --> 00:33:25,679

and

889

00:33:29,110 --> 00:33:27,279

to eliminate

890

00:33:31,110 --> 00:33:29,120

right off the bat that they were any

891

00:33:32,549 --> 00:33:31,120

kind of adversarial technology that was

892

00:33:34,549 --> 00:33:32,559

already off the plate

893

00:33:35,590 --> 00:33:34,559

and so they looked at it

894

00:33:38,870 --> 00:33:35,600

as

895

00:33:44,149 --> 00:33:38,880

th this is an unexplained

896

00:33:49,029 --> 00:33:45,750

for your audience

897

00:33:50,710 --> 00:33:49,039

when do you think in your own mind when

898

00:33:53,269 --> 00:33:50,720

did you learn

899

00:33:55,509 --> 00:33:53,279

uaps versus ufo

900

00:33:56,870 --> 00:33:55,519

it used to be ufo ufo ufo all of a

901  
00:33:58,950 --> 00:33:56,880  
sudden uap

902  
00:34:01,190 --> 00:33:58,960  
when was that

903  
00:34:03,750 --> 00:34:01,200  
who seated that in your mind

904  
00:34:05,830 --> 00:34:03,760  
go back there and that's the answer as

905  
00:34:07,750 --> 00:34:05,840  
to when the government started like

906  
00:34:08,790 --> 00:34:07,760  
releasing more control rods because

907  
00:34:11,030 --> 00:34:08,800  
before

908  
00:34:13,190 --> 00:34:11,040  
a flying object is sort of like a

909  
00:34:16,550 --> 00:34:13,200  
solid you know nuts and bolts craft

910  
00:34:18,829 --> 00:34:16,560  
right yeah but an aerial phenomenon is

911  
00:34:21,349 --> 00:34:18,839  
it can include that plus other

912  
00:34:25,510 --> 00:34:21,359  
manifestations of some kind of means of

913  
00:34:28,950 --> 00:34:25,520

travel which might be non-metallic

914

00:34:29,829 --> 00:34:28,960

in nature so when you've heard of uap

915

00:34:31,349 --> 00:34:29,839

first

916

00:34:34,310 --> 00:34:31,359

go back

917

00:34:37,510 --> 00:34:34,320

and find out when was the first instance

918

00:34:39,190 --> 00:34:37,520

that anyone's ever heard the term uap

919

00:34:41,030 --> 00:34:39,200

versus ufo

920

00:34:42,950 --> 00:34:41,040

and then that's that's when you learned

921

00:34:44,149 --> 00:34:42,960

that that's when the government again to

922

00:34:45,349 --> 00:34:44,159

your point

923

00:34:46,550 --> 00:34:45,359

you know

924

00:34:49,190 --> 00:34:46,560

introduce

925

00:34:53,030 --> 00:34:49,200

more information lifted up the control

926  
00:34:54,470 --> 00:34:53,040  
rods 2017 those videos um that really

927  
00:34:56,629 --> 00:34:54,480  
like

928  
00:34:59,030 --> 00:34:56,639  
that was that really kicked things off

929  
00:35:02,230 --> 00:34:59,040  
um before 2017

930  
00:35:04,470 --> 00:35:02,240  
did you know who lui elizondo was no you

931  
00:35:07,030 --> 00:35:04,480  
ever heard of asap or even a tip forget

932  
00:35:09,030 --> 00:35:07,040  
about the alphabet soup debates

933  
00:35:10,630 --> 00:35:09,040  
uh forget about the debate it's the

934  
00:35:12,310 --> 00:35:10,640  
concept that the government was actually

935  
00:35:15,270 --> 00:35:12,320  
studying this in earnest

936  
00:35:16,870 --> 00:35:15,280  
um have you ever heard that before 2017

937  
00:35:19,430 --> 00:35:16,880  
no

938  
00:35:21,589 --> 00:35:19,440

you haven't heard any of that um so i

939

00:35:23,670 --> 00:35:21,599

mean that's on an accelerated schedule

940

00:35:27,030 --> 00:35:23,680

now

941

00:35:28,550 --> 00:35:27,040

really interesting points it's almost

942

00:35:31,270 --> 00:35:28,560

like you can read the questions i've got

943

00:35:34,150 --> 00:35:31,280

next so splitting this into into two

944

00:35:36,870 --> 00:35:34,160

aspects one of the big barriers to those

945

00:35:39,430 --> 00:35:36,880

the general public on the outside for

946

00:35:42,630 --> 00:35:39,440

from getting so involved in this subject

947

00:35:44,550 --> 00:35:42,640

is the quality of imagery as evidence

948

00:35:46,390 --> 00:35:44,560

what are the best quality of images you

949

00:35:48,870 --> 00:35:46,400

have either seen or heard of being

950

00:35:50,950 --> 00:35:48,880

available at the highest levels and i

951  
00:35:53,030 --> 00:35:50,960  
suppose it's an obvious question but are

952  
00:35:55,030 --> 00:35:53,040  
we as the public getting the best

953  
00:35:56,230 --> 00:35:55,040  
possible quality images and videos of

954  
00:35:59,910 --> 00:35:56,240  
uaps

955  
00:36:03,190 --> 00:35:59,920  
that would they have it's amazing um i

956  
00:36:06,710 --> 00:36:03,200  
was at star works usa this past weekend

957  
00:36:08,550 --> 00:36:06,720  
and there is a researcher from mexico um

958  
00:36:12,630 --> 00:36:08,560  
jaime massan

959  
00:36:14,230 --> 00:36:12,640  
and he showed videos of images that are

960  
00:36:15,510 --> 00:36:14,240  
remarkable

961  
00:36:18,470 --> 00:36:15,520  
citizen

962  
00:36:21,270 --> 00:36:18,480  
science i call it images from just

963  
00:36:23,990 --> 00:36:21,280

ordinary people as far as the government

964

00:36:26,550 --> 00:36:24,000

goes i have never seen

965

00:36:27,510 --> 00:36:26,560

any image of an actual nuts and bolts

966

00:36:29,990 --> 00:36:27,520

craft

967

00:36:31,750 --> 00:36:30,000

i have seen orbs

968

00:36:35,109 --> 00:36:31,760

and the orbs

969

00:36:36,390 --> 00:36:35,119

are just like any other orb it's just

970

00:36:39,030 --> 00:36:36,400

light

971

00:36:42,630 --> 00:36:39,040

usually around 600 nanometers

972

00:36:46,790 --> 00:36:42,640

i personally seen a 600 nanometer orb

973

00:36:50,150 --> 00:36:46,800

from an aircraft flying to california

974

00:36:51,829 --> 00:36:50,160

and it's orange 600 nanometers is orange

975

00:36:53,270 --> 00:36:51,839

some people see other colors but i see

976  
00:36:55,670 --> 00:36:53,280  
orange

977  
00:36:56,470 --> 00:36:55,680  
um so

978  
00:36:57,670 --> 00:36:56,480  
from

979  
00:37:00,550 --> 00:36:57,680  
officially

980  
00:37:02,870 --> 00:37:00,560  
it was just similar to that

981  
00:37:05,430 --> 00:37:02,880  
or has no like

982  
00:37:07,190 --> 00:37:05,440  
no sense of it has a shape

983  
00:37:09,910 --> 00:37:07,200  
but sometimes the shapes can change

984  
00:37:11,510 --> 00:37:09,920  
that's called signature management

985  
00:37:13,670 --> 00:37:11,520  
um and the shapes can change a little

986  
00:37:14,950 --> 00:37:13,680  
bit but it still maintains an orb like

987  
00:37:15,990 --> 00:37:14,960  
like uh

988  
00:37:17,829 --> 00:37:16,000

shape

989

00:37:20,710 --> 00:37:17,839

and so what you see

990

00:37:22,390 --> 00:37:20,720

as orbs what people have shot with their

991

00:37:24,790 --> 00:37:22,400

own cameras

992

00:37:27,109 --> 00:37:24,800

is basically what i saw

993

00:37:29,589 --> 00:37:27,119

i would love to see that 23 minute video

994

00:37:32,150 --> 00:37:29,599

that louis teased

995

00:37:33,190 --> 00:37:32,160

because i'm waiting for that as well

996

00:37:34,829 --> 00:37:33,200

so

997

00:37:38,069 --> 00:37:34,839

no i haven't seen like

998

00:37:39,670 --> 00:37:38,079

craft but i've seen orbs officially seen

999

00:37:40,950 --> 00:37:39,680

orbs

1000

00:37:42,870 --> 00:37:40,960

what have you heard through the

1001  
00:37:44,870 --> 00:37:42,880  
grapevine as to what others may have

1002  
00:37:46,470 --> 00:37:44,880  
seen there must have been conversation

1003  
00:37:49,190 --> 00:37:46,480  
like you say if you've got people within

1004  
00:37:51,589 --> 00:37:49,200  
the cia who are themselves experiencers

1005  
00:37:53,990 --> 00:37:51,599  
i imagine there are those within the cia

1006  
00:37:56,710 --> 00:37:54,000  
who have access or have heard about

1007  
00:38:00,069 --> 00:37:56,720  
images or videotape that in turn they

1008  
00:38:01,910 --> 00:38:00,079  
talk about i've never i've never uh

1009  
00:38:04,630 --> 00:38:01,920  
officially

1010  
00:38:05,990 --> 00:38:04,640  
seen anything or talk to anyone

1011  
00:38:06,950 --> 00:38:06,000  
officially

1012  
00:38:09,349 --> 00:38:06,960  
about

1013  
00:38:10,230 --> 00:38:09,359

any kind of objects

1014

00:38:13,670 --> 00:38:10,240

at all

1015

00:38:16,790 --> 00:38:13,680

or even even beings officially

1016

00:38:20,550 --> 00:38:16,800

i have talked to my colleagues friends

1017

00:38:22,550 --> 00:38:20,560

office mates yeah that say oh yes you

1018

00:38:24,150 --> 00:38:22,560

know i've seen

1019

00:38:26,710 --> 00:38:24,160

uh

1020

00:38:28,390 --> 00:38:26,720

craft i've seen it

1021

00:38:30,870 --> 00:38:28,400

with my own eyes

1022

00:38:33,990 --> 00:38:30,880

and there were employees of nsa there

1023

00:38:38,470 --> 00:38:35,750

those are the two agencies that i had

1024

00:38:40,710 --> 00:38:38,480

most interacted with not so much dia

1025

00:38:42,870 --> 00:38:40,720

but mostly nsa and cia because of my

1026  
00:38:45,109 --> 00:38:42,880  
position my job

1027  
00:38:46,470 --> 00:38:45,119  
and they will tell you once you have

1028  
00:38:48,470 --> 00:38:46,480  
their confidence

1029  
00:38:50,870 --> 00:38:48,480  
that they've seen and experienced other

1030  
00:38:53,589 --> 00:38:50,880  
beings they experienced being taken

1031  
00:38:55,270 --> 00:38:53,599  
they experienced all of that

1032  
00:38:58,310 --> 00:38:55,280  
and so

1033  
00:38:59,990 --> 00:38:58,320  
from that level i know that other people

1034  
00:39:01,510 --> 00:39:00,000  
in the community but as far as

1035  
00:39:02,710 --> 00:39:01,520  
officially

1036  
00:39:04,950 --> 00:39:02,720  
um

1037  
00:39:07,829 --> 00:39:04,960  
the only official thing is something i'm

1038  
00:39:10,710 --> 00:39:07,839

working on it's not necessarily about

1039

00:39:12,550 --> 00:39:10,720

craft it's about who's driving it or

1040

00:39:15,190 --> 00:39:12,560

maybe the

1041

00:39:16,950 --> 00:39:15,200

i would say it's more like a hint as to

1042

00:39:19,589 --> 00:39:16,960

who's driving them

1043

00:39:21,750 --> 00:39:19,599

and to get to that hint you

1044

00:39:24,630 --> 00:39:21,760

it you have to build a bridge as to

1045

00:39:25,750 --> 00:39:24,640

where we actually came from

1046

00:39:27,990 --> 00:39:25,760

that's something we've been hearing a

1047

00:39:28,950 --> 00:39:28,000

lot about recently this is the biggest

1048

00:39:31,589 --> 00:39:28,960

like

1049

00:39:32,310 --> 00:39:31,599

bridge that needs to be built

1050

00:39:36,710 --> 00:39:32,320

and

1051  
00:39:39,990 --> 00:39:36,720  
like dni

1052  
00:39:43,510 --> 00:39:40,000  
uh abram haynes has to say the et word

1053  
00:39:44,950 --> 00:39:43,520  
first just just put that drive that

1054  
00:39:46,390 --> 00:39:44,960  
first nail in

1055  
00:39:48,470 --> 00:39:46,400  
to build that bridge you know get the

1056  
00:39:51,190 --> 00:39:48,480  
first building materials

1057  
00:39:53,910 --> 00:39:51,200  
and so that has to be said first

1058  
00:39:55,510 --> 00:39:53,920  
i hope that as the legislation goes

1059  
00:39:57,510 --> 00:39:55,520  
through and this office actually comes

1060  
00:39:58,630 --> 00:39:57,520  
together but more of that bridge will be

1061  
00:40:00,790 --> 00:39:58,640  
built

1062  
00:40:02,950 --> 00:40:00,800  
i'm hoping that

1063  
00:40:04,150 --> 00:40:02,960

then at that point we can have an honest

1064

00:40:05,670 --> 00:40:04,160

discussion

1065

00:40:08,309 --> 00:40:05,680

of

1066

00:40:10,950 --> 00:40:08,319

where we came from as humans

1067

00:40:13,270 --> 00:40:10,960

and why they're here

1068

00:40:14,630 --> 00:40:13,280

they meaning our visitors why are they

1069

00:40:16,710 --> 00:40:14,640

here

1070

00:40:18,950 --> 00:40:16,720

that's something obviously louis lozando

1071

00:40:21,430 --> 00:40:18,960

himself has mentioned in a few recent

1072

00:40:24,309 --> 00:40:21,440

interviews and most recently with a cut

1073

00:40:26,950 --> 00:40:24,319

guy mungo on theories of everything talk

1074

00:40:28,630 --> 00:40:26,960

that around 70 000 years ago genetically

1075

00:40:31,349 --> 00:40:28,640

we got a bit of a boost

1076

00:40:34,790 --> 00:40:31,359

and are you alluding to the fact that by

1077

00:40:36,230 --> 00:40:34,800

mentioning that extraterrestrial word

1078

00:40:38,790 --> 00:40:36,240

you're potentially going back to that

1079

00:40:41,589 --> 00:40:38,800

point or some point in our past

1080

00:40:43,829 --> 00:40:41,599

to then build on what happened did

1081

00:40:46,069 --> 00:40:43,839

someone interfere and at that point is

1082

00:40:48,710 --> 00:40:46,079

that where we as humans became the the

1083

00:40:50,230 --> 00:40:48,720

dominant species on the planet i i don't

1084

00:40:53,190 --> 00:40:50,240

like to use the word interfere i like to

1085

00:40:55,270 --> 00:40:53,200

use the word enhanced okay if that

1086

00:40:57,750 --> 00:40:55,280

enhancement had not occurred we would be

1087

00:40:59,349 --> 00:40:57,760

very intelligent primates in a zoo like

1088

00:41:02,550 --> 00:40:59,359

what you see in a zoo

1089

00:41:04,790 --> 00:41:02,560

yeah um i think we were enhanced uh to

1090

00:41:07,750 --> 00:41:04,800

be who we are

1091

00:41:10,630 --> 00:41:07,760

and that that study of dna

1092

00:41:13,190 --> 00:41:10,640

um i have a teaser for all the folks who

1093

00:41:18,829 --> 00:41:13,200

have twitter follow me on twitter

1094

00:41:24,550 --> 00:41:21,750

um i would say very interesting

1095

00:41:25,750 --> 00:41:24,560

collection of

1096

00:41:28,069 --> 00:41:25,760

facts

1097

00:41:29,589 --> 00:41:28,079

that on its own doesn't mean much but

1098

00:41:32,470 --> 00:41:29,599

when you stand back

1099

00:41:33,589 --> 00:41:32,480

um it's i found it very interesting so

1100

00:41:35,349 --> 00:41:33,599

i'm gonna

1101  
00:41:37,030 --> 00:41:35,359  
talk about a company that no one knows

1102  
00:41:37,910 --> 00:41:37,040  
but i found it because i know where to

1103  
00:41:40,470 --> 00:41:37,920  
look

1104  
00:41:42,630 --> 00:41:40,480  
and the officers who are the

1105  
00:41:44,470 --> 00:41:42,640  
consultants of that company a very

1106  
00:41:46,150 --> 00:41:44,480  
interesting list so if you look at this

1107  
00:41:48,950 --> 00:41:46,160  
company and what it does

1108  
00:41:50,470 --> 00:41:48,960  
and you look at a project that it did

1109  
00:41:52,230 --> 00:41:50,480  
for this company and you look at the

1110  
00:41:54,470 --> 00:41:52,240  
list of officers

1111  
00:41:56,870 --> 00:41:54,480  
that's a company that is one to keep an

1112  
00:41:58,630 --> 00:41:56,880  
eye on and it's very difficult to find i

1113  
00:42:01,109 --> 00:41:58,640

stumbled on it because i was looking for

1114

00:42:04,069 --> 00:42:01,119

a specific

1115

00:42:05,990 --> 00:42:04,079

combination of search terms and i found

1116

00:42:07,270 --> 00:42:06,000

it now that's a teaser i'm not ready to

1117

00:42:09,750 --> 00:42:07,280

put that out yet because i'm still

1118

00:42:11,589 --> 00:42:09,760

trying to put it together

1119

00:42:13,670 --> 00:42:11,599

have you got a time scale this is that

1120

00:42:14,829 --> 00:42:13,680

70 000 years ago

1121

00:42:17,670 --> 00:42:14,839

kind of

1122

00:42:19,030 --> 00:42:17,680

thing have you got a rough time scale in

1123

00:42:22,550 --> 00:42:19,040

mind as to when you're going to put that

1124

00:42:25,030 --> 00:42:22,560

out or uh actually um i'll do it after

1125

00:42:26,230 --> 00:42:25,040

after this podcast

1126  
00:42:29,670 --> 00:42:26,240  
after this

1127  
00:42:35,030 --> 00:42:32,390  
i'm gonna have like it's happy hour and

1128  
00:42:36,550 --> 00:42:35,040  
so after happy hour i'll post it i'll

1129  
00:42:38,150 --> 00:42:36,560  
need to ramp up the questions to make

1130  
00:42:40,790 --> 00:42:38,160  
those uh happy our drinks worth it i

1131  
00:42:42,309 --> 00:42:40,800  
think then um now listen uh to follow up

1132  
00:42:44,550 --> 00:42:42,319  
on that question about the quality of

1133  
00:42:46,470 --> 00:42:44,560  
evidence last year i spoke to a few

1134  
00:42:49,589 --> 00:42:46,480  
different witnesses to the tic tac event

1135  
00:42:51,750 --> 00:42:49,599  
gary voorhees pj hughes and kevin day

1136  
00:42:54,470 --> 00:42:51,760  
they hinted on on the round table at

1137  
00:42:57,829 --> 00:42:54,480  
other agencies and organizations being

1138  
00:42:59,510 --> 00:42:57,839

able to track uap using their systems

1139

00:43:01,670 --> 00:42:59,520

especially those up and down the coast

1140

00:43:03,750 --> 00:43:01,680

so putting two into it together i would

1141

00:43:05,750 --> 00:43:03,760

imagine those would be agencies and

1142

00:43:07,990 --> 00:43:05,760

organizations with sensors who would be

1143

00:43:09,990 --> 00:43:08,000

tracking missiles coming in across

1144

00:43:11,670 --> 00:43:10,000

bodies of water i think that would make

1145

00:43:14,069 --> 00:43:11,680

sense yeah

1146

00:43:17,990 --> 00:43:14,079

yeah um and so

1147

00:43:20,710 --> 00:43:18,000

the uh for uk audience uh in uh

1148

00:43:22,069 --> 00:43:20,720

filing gales raf filing dells there's a

1149

00:43:26,790 --> 00:43:22,079

radar

1150

00:43:29,430 --> 00:43:26,800

we use to track ballistic missile

1151

00:43:32,069 --> 00:43:29,440

launches when they occur

1152

00:43:34,150 --> 00:43:32,079

the two that are most interesting

1153

00:43:37,430 --> 00:43:34,160

are

1154

00:43:39,430 --> 00:43:37,440

pointed southward over the atlantic and

1155

00:43:42,069 --> 00:43:39,440

over the pacific oceans

1156

00:43:43,349 --> 00:43:42,079

and so they're designed to look for

1157

00:43:45,750 --> 00:43:43,359

uh

1158

00:43:47,589 --> 00:43:45,760

submarine launch ballistic missiles

1159

00:43:50,710 --> 00:43:47,599

because intercontinental ballistic

1160

00:43:52,550 --> 00:43:50,720

missiles from a ground silo

1161

00:43:57,030 --> 00:43:52,560

will come over the

1162

00:43:59,589 --> 00:43:57,040

uh or circumnavigate the arctic circle

1163

00:44:00,470 --> 00:43:59,599

to strike the u.s but a submarine will

1164

00:44:02,550 --> 00:44:00,480

launch

1165

00:44:04,950 --> 00:44:02,560

uh either from the north atlantic or

1166

00:44:07,430 --> 00:44:04,960

north pacific or most likely from the

1167

00:44:09,030 --> 00:44:07,440

south pacific and south atlantic

1168

00:44:10,150 --> 00:44:09,040

and so those radars are looking down

1169

00:44:13,589 --> 00:44:10,160

that way

1170

00:44:15,750 --> 00:44:13,599

and it's called pave paul's p-a-v-e

1171

00:44:18,390 --> 00:44:15,760

p-a-w-s

1172

00:44:20,309 --> 00:44:18,400

um and i can say it operates between 450

1173

00:44:23,589 --> 00:44:20,319

and 480 megahertz

1174

00:44:25,510 --> 00:44:23,599

i was designed specifically for uh

1175

00:44:29,030 --> 00:44:25,520

tracking ballistic missiles i said that

1176

00:44:30,870 --> 00:44:29,040

can also track uh satellites as well

1177

00:44:33,829 --> 00:44:30,880

uh very long range

1178

00:44:35,829 --> 00:44:33,839

and those those uh there's there are

1179

00:44:37,750 --> 00:44:35,839

phased array radars and i don't want to

1180

00:44:40,630 --> 00:44:37,760

get too technically wonky

1181

00:44:42,630 --> 00:44:40,640

but um forget the radars that you see at

1182

00:44:44,470 --> 00:44:42,640

the airport that are circular scanning

1183

00:44:45,990 --> 00:44:44,480

so you get this like dish

1184

00:44:47,670 --> 00:44:46,000

you know or some

1185

00:44:48,950 --> 00:44:47,680

lattice dish and it goes around in

1186

00:44:51,109 --> 00:44:48,960

circles

1187

00:44:53,589 --> 00:44:51,119

those radars aren't designed to track

1188

00:44:55,190 --> 00:44:53,599

you at peace and so when you say the you

1189

00:44:56,710 --> 00:44:55,200

know the air traffic controller didn't

1190

00:44:58,950 --> 00:44:56,720

see anything on his radar he doesn't

1191

00:45:01,109 --> 00:44:58,960

have the right radar to look at him

1192

00:45:03,910 --> 00:45:01,119

these radars are designed to look for

1193

00:45:05,270 --> 00:45:03,920

extremely small objects traveling very

1194

00:45:12,870 --> 00:45:05,280

fast

1195

00:45:15,910 --> 00:45:12,880

per second

1196

00:45:19,030 --> 00:45:15,920

that's how fast an a

1197

00:45:21,190 --> 00:45:19,040

icbm or slb and warhead can travel

1198

00:45:25,190 --> 00:45:21,200

once it pops up and comes down

1199

00:45:27,109 --> 00:45:25,200

that's very fast imagine every second

1200

00:45:28,870 --> 00:45:27,119

you're eight kilometers away

1201  
00:45:31,349 --> 00:45:28,880  
every second that's very fast and that's

1202  
00:45:33,589 --> 00:45:31,359  
how those radars work looking at very

1203  
00:45:36,069 --> 00:45:33,599  
small objects so yes

1204  
00:45:37,430 --> 00:45:36,079  
they're right those those sensors can

1205  
00:45:39,829 --> 00:45:37,440  
look for

1206  
00:45:40,870 --> 00:45:39,839  
uh underwater

1207  
00:45:42,790 --> 00:45:40,880  
um

1208  
00:45:44,470 --> 00:45:42,800  
submersible objects that i think they

1209  
00:45:46,870 --> 00:45:44,480  
call them usos now

1210  
00:45:49,109 --> 00:45:46,880  
and they can track them

1211  
00:45:51,670 --> 00:45:49,119  
and then that information is fed into

1212  
00:45:55,670 --> 00:45:51,680  
this u.s space force runs it now that

1213  
00:45:57,589 --> 00:45:55,680

information gets uh sent to the proper

1214

00:45:59,990 --> 00:45:57,599

uh authorities which in this case is the

1215

00:46:01,030 --> 00:46:00,000

north uh north american air defense

1216

00:46:03,750 --> 00:46:01,040

which is

1217

00:46:05,349 --> 00:46:03,760

ostensibly kind of

1218

00:46:06,150 --> 00:46:05,359

part of

1219

00:46:11,670 --> 00:46:06,160

north

1220

00:46:14,309 --> 00:46:11,680

western hemisphere

1221

00:46:17,829 --> 00:46:14,319

north north america to protect north

1222

00:46:20,710 --> 00:46:17,839

america so that information gets fed in

1223

00:46:23,109 --> 00:46:20,720

in that way so the they they are able to

1224

00:46:25,510 --> 00:46:23,119

track and also they can then

1225

00:46:27,030 --> 00:46:25,520

correlate with what we have

1226  
00:46:28,550 --> 00:46:27,040  
in space

1227  
00:46:31,349 --> 00:46:28,560  
looking at

1228  
00:46:32,390 --> 00:46:31,359  
infrared sensors i mentioned before yeah

1229  
00:46:35,349 --> 00:46:32,400  
we have the

1230  
00:46:38,550 --> 00:46:35,359  
defense support program which is an old

1231  
00:46:41,109 --> 00:46:38,560  
sensor that's been around since 1970

1232  
00:46:43,510 --> 00:46:41,119  
it's now like

1233  
00:46:45,349 --> 00:46:43,520  
are 50 years old and it's retiring and

1234  
00:46:48,230 --> 00:46:45,359  
then there's the siebers the space-based

1235  
00:46:51,430 --> 00:46:48,240  
infrared system which is newer

1236  
00:46:52,870 --> 00:46:51,440  
and uh more capable and they can also

1237  
00:46:55,349 --> 00:46:52,880  
look at

1238  
00:46:57,270 --> 00:46:55,359

the presence of that type of vehicle

1239

00:46:59,990 --> 00:46:57,280

coming out of water

1240

00:47:02,150 --> 00:47:00,000

we also have uh boy um

1241

00:47:04,550 --> 00:47:02,160

things under the i would say this is

1242

00:47:06,790 --> 00:47:04,560

this is where i get close to nda

1243

00:47:08,630 --> 00:47:06,800

uh let's just say that um if you have a

1244

00:47:09,670 --> 00:47:08,640

submarine and you approach the united

1245

00:47:10,870 --> 00:47:09,680

states

1246

00:47:12,630 --> 00:47:10,880

you're not going to be hiding from the

1247

00:47:16,230 --> 00:47:12,640

united states

1248

00:47:17,510 --> 00:47:16,240

so anything that is under the water um

1249

00:47:18,550 --> 00:47:17,520

there's a

1250

00:47:20,309 --> 00:47:18,560

more than

1251  
00:47:21,510 --> 00:47:20,319  
even chance that you've already been

1252  
00:47:23,349 --> 00:47:21,520  
detected

1253  
00:47:24,630 --> 00:47:23,359  
now just leave it at that

1254  
00:47:26,069 --> 00:47:24,640  
we'll just say there's some pretty good

1255  
00:47:30,390 --> 00:47:26,079  
microphones under there picking up

1256  
00:47:33,589 --> 00:47:31,910  
uh no that thank you for that though i

1257  
00:47:35,829 --> 00:47:33,599  
appreciate you've got to tour that thing

1258  
00:47:37,589 --> 00:47:35,839  
i i just say you know just just look for

1259  
00:47:40,870 --> 00:47:37,599  
uh the hunt for red october watch that

1260  
00:47:42,390 --> 00:47:40,880  
movie it's extremely well informed

1261  
00:47:43,829 --> 00:47:42,400  
next well there's there's a good one for

1262  
00:47:45,750 --> 00:47:43,839  
the list we've been talking recently on

1263  
00:47:47,670 --> 00:47:45,760

the discord chat about a few different

1264

00:47:49,349 --> 00:47:47,680

movies like the abyss and event horizon

1265

00:47:51,190 --> 00:47:49,359

so there's a new one for you the hunt

1266

00:47:53,109 --> 00:47:51,200

for red october not necessarily well

1267

00:47:53,910 --> 00:47:53,119

known for its ufo

1268

00:47:55,109 --> 00:47:53,920

yeah

1269

00:47:56,549 --> 00:47:55,119

that's pretty good

1270

00:47:59,510 --> 00:47:56,559

i'll make sure that's on the list this

1271

00:48:01,589 --> 00:47:59,520

weekend um listen john recently people

1272

00:48:04,309 --> 00:48:01,599

are talking about the idea of groups of

1273

00:48:07,190 --> 00:48:04,319

future humans competing over timelines

1274

00:48:09,270 --> 00:48:07,200

due to potential impending cataclysms do

1275

00:48:11,430 --> 00:48:09,280

you think controlled dissemination as

1276

00:48:13,510 --> 00:48:11,440

mentioned as a required catalyst for

1277

00:48:15,670 --> 00:48:13,520

change is the phenomenon itself

1278

00:48:17,270 --> 00:48:15,680

potentially ramping up and influencing

1279

00:48:21,510 --> 00:48:17,280

disclosure

1280

00:48:23,589 --> 00:48:21,520

uh that's a tough one to to answer um

1281

00:48:25,990 --> 00:48:23,599

when you get into like the time element

1282

00:48:27,030 --> 00:48:26,000

it's i'm not a physicist so i can't even

1283

00:48:28,950 --> 00:48:27,040

describe

1284

00:48:31,430 --> 00:48:28,960

how that could occur

1285

00:48:33,589 --> 00:48:31,440

um i would say this

1286

00:48:36,710 --> 00:48:33,599

i know enough that um

1287

00:48:38,230 --> 00:48:36,720

i don't think in terms of time travel

1288

00:48:40,950 --> 00:48:38,240

because

1289

00:48:43,430 --> 00:48:40,960

i think of in terms of temporal and

1290

00:48:47,349 --> 00:48:43,440

spatial displacement

1291

00:48:49,349 --> 00:48:47,359

under the influence of a lot of gravity

1292

00:48:51,349 --> 00:48:49,359

so you have to have three things

1293

00:48:53,750 --> 00:48:51,359

uh you have to have gravity first and a

1294

00:48:56,710 --> 00:48:53,760

lot of gravity something with a strong

1295

00:48:58,950 --> 00:48:56,720

gravitational field to be able to

1296

00:49:00,710 --> 00:48:58,960

displace

1297

00:49:03,750 --> 00:49:00,720

or bend

1298

00:49:06,309 --> 00:49:03,760

time and space oral and spatial

1299

00:49:07,910 --> 00:49:06,319

and that's the way that occurs now as

1300

00:49:10,150 --> 00:49:07,920

far as like

1301  
00:49:12,150 --> 00:49:10,160  
other advanced technology advanced

1302  
00:49:14,549 --> 00:49:12,160  
beings be able to

1303  
00:49:16,790 --> 00:49:14,559  
use that type of

1304  
00:49:20,230 --> 00:49:16,800  
physical phenomenon and it's just

1305  
00:49:22,150 --> 00:49:20,240  
physics that we're talking about um

1306  
00:49:24,150 --> 00:49:22,160  
i don't know how they would do that um

1307  
00:49:26,230 --> 00:49:24,160  
but having said that

1308  
00:49:27,109 --> 00:49:26,240  
there is some talk and i don't know for

1309  
00:49:29,109 --> 00:49:27,119  
sure

1310  
00:49:31,510 --> 00:49:29,119  
but there's some talk of that part of

1311  
00:49:33,670 --> 00:49:31,520  
the message is that

1312  
00:49:34,790 --> 00:49:33,680  
we need to

1313  
00:49:37,349 --> 00:49:34,800

prevent

1314

00:49:39,190 --> 00:49:37,359

some catastrophe from happening

1315

00:49:40,870 --> 00:49:39,200

and the government's really reluctant if

1316

00:49:42,230 --> 00:49:40,880

they know this they will probably not

1317

00:49:43,990 --> 00:49:42,240

talk about it

1318

00:49:45,990 --> 00:49:44,000

because you know that spins up people

1319

00:49:48,309 --> 00:49:46,000

and gets them afraid

1320

00:49:49,829 --> 00:49:48,319

um it's it's probably they'll solve the

1321

00:49:52,230 --> 00:49:49,839

problem before they even mention the

1322

00:49:53,990 --> 00:49:52,240

problem you know so yeah they'll do the

1323

00:49:54,870 --> 00:49:54,000

solution and then say oh by the way you

1324

00:49:56,630 --> 00:49:54,880

know

1325

00:49:58,309 --> 00:49:56,640

we stopped this from happening

1326  
00:50:00,870 --> 00:49:58,319  
so i don't know how to how to answer

1327  
00:50:02,390 --> 00:50:00,880  
that um i myself

1328  
00:50:08,630 --> 00:50:02,400  
um

1329  
00:50:10,230 --> 00:50:08,640  
doing things for a planet to heal our

1330  
00:50:12,549 --> 00:50:10,240  
planet

1331  
00:50:14,950 --> 00:50:12,559  
doing things for ourselves to heal our

1332  
00:50:17,030 --> 00:50:14,960  
divisions amongst humans

1333  
00:50:19,190 --> 00:50:17,040  
as a way of progressing forward

1334  
00:50:21,349 --> 00:50:19,200  
i think that is the message i'm hoping

1335  
00:50:23,829 --> 00:50:21,359  
for um that's the message i get through

1336  
00:50:25,589 --> 00:50:23,839  
downloads you talk to experiencers um

1337  
00:50:28,230 --> 00:50:25,599  
some many of them have the same kind of

1338  
00:50:30,870 --> 00:50:28,240

message channelers especially have that

1339

00:50:32,150 --> 00:50:30,880

message to to bring back from those who

1340

00:50:34,950 --> 00:50:32,160

they channeled

1341

00:50:37,430 --> 00:50:34,960

but i don't know about uh you know like

1342

00:50:38,790 --> 00:50:37,440

time travel and you know

1343

00:50:40,710 --> 00:50:38,800

government

1344

00:50:42,790 --> 00:50:40,720

interaction with time if that's where

1345

00:50:44,390 --> 00:50:42,800

you're going i i have no idea about that

1346

00:50:46,309 --> 00:50:44,400

no i think you're right about it the

1347

00:50:47,990 --> 00:50:46,319

idea of time travel but you tend to

1348

00:50:49,750 --> 00:50:48,000

watch a hollywood movie and you jump

1349

00:50:51,109 --> 00:50:49,760

forward or you jump back and i think

1350

00:50:53,190 --> 00:50:51,119

you're right when it comes to this

1351  
00:50:55,910 --> 00:50:53,200  
phenomenon it's not necessarily the same

1352  
00:50:57,670 --> 00:50:55,920  
thing and i am no physicist but we can

1353  
00:50:59,349 --> 00:50:57,680  
only think of time in terms of being a

1354  
00:51:01,589 --> 00:50:59,359  
human and it goes on a clock forward it

1355  
00:51:03,829 --> 00:51:01,599  
goes back right these things could be

1356  
00:51:05,990 --> 00:51:03,839  
skipping all over and you hear about

1357  
00:51:08,150 --> 00:51:06,000  
maybe another phenomena or entity or

1358  
00:51:10,790 --> 00:51:08,160  
species are seeing time as a long

1359  
00:51:12,549 --> 00:51:10,800  
exposure and what we see as a second

1360  
00:51:14,470 --> 00:51:12,559  
they see as a minute

1361  
00:51:16,950 --> 00:51:14,480  
yeah a totally different understanding

1362  
00:51:19,190 --> 00:51:16,960  
in our human mind we look at space as

1363  
00:51:21,349 --> 00:51:19,200

something we can measure

1364

00:51:23,270 --> 00:51:21,359

we look at time as something that we can

1365

00:51:25,430 --> 00:51:23,280

measure and it's linear

1366

00:51:26,470 --> 00:51:25,440

um i think if you look at time

1367

00:51:28,390 --> 00:51:26,480

differently

1368

00:51:30,710 --> 00:51:28,400

in the quantum sense and by the way

1369

00:51:33,270 --> 00:51:30,720

quantum doesn't mean huge it means very

1370

00:51:36,549 --> 00:51:33,280

tiny yeah look at units of time the

1371

00:51:38,710 --> 00:51:36,559

units of space is very tiny

1372

00:51:41,030 --> 00:51:38,720

that can be somewhat

1373

00:51:43,510 --> 00:51:41,040

i hate to use the word manipulated

1374

00:51:46,069 --> 00:51:43,520

but somehow

1375

00:51:47,750 --> 00:51:46,079

used in a way that that can facilitate

1376

00:51:50,309 --> 00:51:47,760

travel

1377

00:51:52,950 --> 00:51:50,319

in a non-linear fashion

1378

00:51:55,190 --> 00:51:52,960

i think that might be the next big thing

1379

00:51:57,910 --> 00:51:55,200

in like quantum physics

1380

00:52:00,390 --> 00:51:57,920

to discover i mean they can see that

1381

00:52:01,910 --> 00:52:00,400

in a linear accelerator for example you

1382

00:52:03,190 --> 00:52:01,920

know they can produce subatomic

1383

00:52:04,950 --> 00:52:03,200

particles

1384

00:52:06,230 --> 00:52:04,960

and they can see some of them like going

1385

00:52:08,950 --> 00:52:06,240

back in time

1386

00:52:10,950 --> 00:52:08,960

they can see anti-particles like here's

1387

00:52:12,549 --> 00:52:10,960

the particle here's the anti-particle

1388

00:52:14,309 --> 00:52:12,559

and they

1389

00:52:16,790 --> 00:52:14,319

destroy each other or they can see

1390

00:52:18,870 --> 00:52:16,800

particles that seemingly

1391

00:52:20,150 --> 00:52:18,880

can't stay in our

1392

00:52:21,349 --> 00:52:20,160

three-dimensional space and they

1393

00:52:22,470 --> 00:52:21,359

disappear

1394

00:52:24,150 --> 00:52:22,480

somewhere

1395

00:52:26,150 --> 00:52:24,160

yeah so they

1396

00:52:27,589 --> 00:52:26,160

they haven't explained it but

1397

00:52:29,349 --> 00:52:27,599

um

1398

00:52:31,109 --> 00:52:29,359

yeah i i can't i don't have a good

1399

00:52:33,270 --> 00:52:31,119

answer for you and i'm not

1400

00:52:35,270 --> 00:52:33,280

i am definitely not a physicist

1401

00:52:37,829 --> 00:52:35,280

uh but let me say one thing neil

1402

00:52:40,230 --> 00:52:37,839

degrasse tyson love the guy

1403

00:52:41,990 --> 00:52:40,240

smart guy he thinks of everything in a

1404

00:52:44,950 --> 00:52:42,000

linear fashion that's why he can't

1405

00:52:47,670 --> 00:52:44,960

accept it he just cannot accept anything

1406

00:52:48,549 --> 00:52:47,680

that might be non-linear and uh if he

1407

00:52:50,470 --> 00:52:48,559

knows

1408

00:52:52,950 --> 00:52:50,480

uh what's going on like if he's been

1409

00:52:54,069 --> 00:52:52,960

briefed let's say by government

1410

00:52:56,069 --> 00:52:54,079

officials

1411

00:52:56,950 --> 00:52:56,079

and said okay here's what's really going

1412

00:52:59,030 --> 00:52:56,960

on

1413

00:53:01,670 --> 00:52:59,040

but we want you to say this

1414

00:53:03,990 --> 00:53:01,680

um i'm very disturbed by that i'm

1415

00:53:06,630 --> 00:53:04,000

disturbed by anyone who's briefed and

1416

00:53:09,430 --> 00:53:06,640

then signs up and with authority with

1417

00:53:11,030 --> 00:53:09,440

scientific authority and signs up to

1418

00:53:12,710 --> 00:53:11,040

debunking everything

1419

00:53:16,230 --> 00:53:12,720

in spite of the fact that they know the

1420

00:53:17,829 --> 00:53:16,240

truth oh i am very very i don't like i

1421

00:53:19,270 --> 00:53:17,839

don't like that at all

1422

00:53:21,030 --> 00:53:19,280

i think when you talk about those

1423

00:53:23,430 --> 00:53:21,040

control rods i would expect neil

1424

00:53:25,190 --> 00:53:23,440

degrasse tyson changing his tune one day

1425

00:53:26,309 --> 00:53:25,200

to be one of those when he starts coming

1426

00:53:28,150 --> 00:53:26,319

out with a different

1427

00:53:29,910 --> 00:53:28,160

line of conversation which i think would

1428

00:53:31,670 --> 00:53:29,920

be much welcomed because i used to be

1429

00:53:33,190 --> 00:53:31,680

quite a big fan of neil degrasse tyson

1430

00:53:34,230 --> 00:53:33,200

and i listened to his podcast a few

1431

00:53:35,910 --> 00:53:34,240

years ago

1432

00:53:38,309 --> 00:53:35,920

but since i got more involved in this

1433

00:53:40,710 --> 00:53:38,319

subject and doing this podcast and you

1434

00:53:43,109 --> 00:53:40,720

hear his opinions and the derogatory way

1435

00:53:46,150 --> 00:53:43,119

he talks about the subject it just put

1436

00:53:48,230 --> 00:53:46,160

me off him and as i i i struggle to see

1437

00:53:50,870 --> 00:53:48,240

why any scientists would not be

1438

00:53:51,990 --> 00:53:50,880

fascinated by this particular subject

1439

00:53:53,670 --> 00:53:52,000

because it would be the greatest

1440

00:53:56,549 --> 00:53:53,680

scientific discovery

1441

00:53:57,829 --> 00:53:56,559

ever it's the greatest one possible

1442

00:54:00,069 --> 00:53:57,839

well i have to believe that there are

1443

00:54:01,990 --> 00:54:00,079

scientists working on this uh and of

1444

00:54:03,109 --> 00:54:02,000

course there's there's that organization

1445

00:54:06,630 --> 00:54:03,119

scu

1446

00:54:10,150 --> 00:54:06,640

yeah um and they are very science based

1447

00:54:12,230 --> 00:54:10,160

um the government has its own scientists

1448

00:54:15,510 --> 00:54:12,240

um i'll bring up like

1449

00:54:17,750 --> 00:54:15,520

dr eric w davis for example and dr

1450

00:54:20,710 --> 00:54:17,760

halputov and others

1451

00:54:22,470 --> 00:54:20,720

who are looking at it jack valet

1452

00:54:23,990 --> 00:54:22,480

looking at it

1453

00:54:26,470 --> 00:54:24,000

there are scientists who are looking at

1454

00:54:30,549 --> 00:54:26,480

this and taking it seriously and i was

1455

00:54:33,030 --> 00:54:30,559

uh most heartened that and i used uh

1456

00:54:35,589 --> 00:54:33,040

the the seti institute for example is

1457

00:54:38,390 --> 00:54:35,599

kind of changing its tune

1458

00:54:40,630 --> 00:54:38,400

about um the extraterrestrial presence

1459

00:54:42,789 --> 00:54:40,640

and the fact that you know this they

1460

00:54:44,309 --> 00:54:42,799

they might actually

1461

00:54:45,589 --> 00:54:44,319

they're looking for extraterrestrials

1462

00:54:47,510 --> 00:54:45,599

way out there

1463

00:54:50,470 --> 00:54:47,520

and they're kind of thinking okay maybe

1464

00:54:52,390 --> 00:54:50,480

we need to look a little closer to home

1465

00:54:55,030 --> 00:54:52,400

and so that's an organization that for a

1466

00:54:56,789 --> 00:54:55,040

long time they were thinking linearly

1467

00:54:59,349 --> 00:54:56,799

of you know sending signals out and

1468

00:55:00,470 --> 00:54:59,359

waiting i mean she sent a single out

1469

00:55:04,069 --> 00:55:00,480

um

1470

00:55:06,470 --> 00:55:04,079

then you know it takes like tens of year

1471

00:55:08,150 --> 00:55:06,480

is it like four or five years to get to

1472

00:55:09,990 --> 00:55:08,160

maybe three to four years to get to the

1473

00:55:11,589 --> 00:55:10,000

nearest star system

1474

00:55:14,150 --> 00:55:11,599

you know and you're gonna wait a long

1475

00:55:16,069 --> 00:55:14,160

time and so other star systems are like

1476

00:55:17,430 --> 00:55:16,079

tens of light years away you're gonna be

1477

00:55:19,270 --> 00:55:17,440

waiting a long time for an answer to

1478

00:55:21,510 --> 00:55:19,280

come back but now they're saying it

1479

00:55:23,589 --> 00:55:21,520

might be something closer

1480

00:55:25,430 --> 00:55:23,599

i think with with seti it seems a little

1481

00:55:26,710 --> 00:55:25,440

bit like the the the guy who was

1482

00:55:28,150 --> 00:55:26,720

standing on the shore putting the

1483

00:55:29,990 --> 00:55:28,160

message in a bottle and hoping for

1484

00:55:31,510 --> 00:55:30,000

something would come back and maybe

1485

00:55:33,030 --> 00:55:31,520

someone's come up and handed him a cell

1486

00:55:34,789 --> 00:55:33,040

phone and that's why they've changed

1487

00:55:37,109 --> 00:55:34,799

their tune so hopefully that's what's

1488

00:55:38,870 --> 00:55:37,119

happened there

1489

00:55:40,710 --> 00:55:38,880

john i want to ask you mentioned

1490

00:55:43,270 --> 00:55:40,720

previously on an interview um a little

1491

00:55:46,950 --> 00:55:43,280

bit about spoon bending which is a very

1492

00:55:48,549 --> 00:55:46,960

interesting subject and jack hulk

1493

00:55:50,150 --> 00:55:48,559

yes yes

1494

00:55:51,670 --> 00:55:50,160

can you speak a little bit about that

1495

00:55:53,109 --> 00:55:51,680

and to your knowledge how it may have

1496

00:55:54,950 --> 00:55:53,119

been done

1497

00:55:57,349 --> 00:55:54,960

well uh the best source of that is

1498

00:55:58,870 --> 00:55:57,359

melinda leslie she's up in sedona

1499

00:56:01,190 --> 00:55:58,880

arizona she was a good friend of jack

1500

00:56:03,430 --> 00:56:01,200

howe uh let me explain how i know about

1501  
00:56:05,910 --> 00:56:03,440  
jack hauck

1502  
00:56:08,549 --> 00:56:05,920  
cia had a contract with his company

1503  
00:56:10,309 --> 00:56:08,559  
mcdonald douglas

1504  
00:56:11,589 --> 00:56:10,319  
and it was in huntington beach

1505  
00:56:13,270 --> 00:56:11,599  
california

1506  
00:56:14,549 --> 00:56:13,280  
and they provided us with analytics

1507  
00:56:17,030 --> 00:56:14,559  
service

1508  
00:56:19,750 --> 00:56:17,040  
mcdonald douglas these folks that worked

1509  
00:56:23,270 --> 00:56:19,760  
for jack who's a senior executive

1510  
00:56:24,230 --> 00:56:23,280  
uh had a a key role in designing and

1511  
00:56:26,950 --> 00:56:24,240  
building

1512  
00:56:29,349 --> 00:56:26,960  
the united states anti-ballistic missile

1513  
00:56:30,870 --> 00:56:29,359

system called safeguard so they knew

1514

00:56:33,670 --> 00:56:30,880

about how those radars worked and how

1515

00:56:35,990 --> 00:56:33,680

those uh abm interceptors worked

1516

00:56:39,430 --> 00:56:36,000

and so we were looking at the equivalent

1517

00:56:41,589 --> 00:56:39,440

back in the soviet union the us got rid

1518

00:56:42,549 --> 00:56:41,599

of its anti-ballistic missile system

1519

00:56:43,750 --> 00:56:42,559

it's still

1520

00:56:46,309 --> 00:56:43,760

like

1521

00:56:47,910 --> 00:56:46,319

there but it's not operational

1522

00:56:49,589 --> 00:56:47,920

uh at uh

1523

00:56:52,230 --> 00:56:49,599

in north dakota i think was where it was

1524

00:56:54,789 --> 00:56:52,240

located at one of the dakotas

1525

00:56:56,390 --> 00:56:54,799

um but we were looking at the soviet

1526

00:56:59,270 --> 00:56:56,400

equivalent of that

1527

00:57:01,589 --> 00:56:59,280

and so we're looking at radars um

1528

00:57:03,030 --> 00:57:01,599

and this one particular radar

1529

00:57:06,390 --> 00:57:03,040

is the one that

1530

00:57:07,990 --> 00:57:06,400

was very unusual it's a s-band radar

1531

00:57:10,150 --> 00:57:08,000

in the middle of s-man is three

1532

00:57:12,710 --> 00:57:10,160

gigahertz i just want to let all the

1533

00:57:14,710 --> 00:57:12,720

radar people out there know that you've

1534

00:57:18,549 --> 00:57:14,720

heard three gigahertz before in the

1535

00:57:20,309 --> 00:57:18,559

context of ufos uaps that seems to be a

1536

00:57:23,990 --> 00:57:20,319

frequency

1537

00:57:27,589 --> 00:57:24,000

um that has been associated in the past

1538

00:57:30,069 --> 00:57:27,599

with ufos and uaps three gigahertz

1539

00:57:31,190 --> 00:57:30,079

um and so this radar worked around that

1540

00:57:33,510 --> 00:57:31,200

range

1541

00:57:36,309 --> 00:57:33,520

and so it does what it's supposed to do

1542

00:57:38,789 --> 00:57:36,319

i mean it you know the the soviets will

1543

00:57:40,549 --> 00:57:38,799

launch missiles to test them they're

1544

00:57:42,710 --> 00:57:40,559

testing the warheads the re-entry

1545

00:57:44,710 --> 00:57:42,720

vehicles and these radars will track

1546

00:57:46,710 --> 00:57:44,720

them well this particular radar is very

1547

00:57:47,829 --> 00:57:46,720

unusual it's it's got a very usual

1548

00:57:49,510 --> 00:57:47,839

waveform

1549

00:57:52,069 --> 00:57:49,520

and um

1550

00:57:54,950 --> 00:57:52,079

as well as and in fact this radar is

1551

00:57:57,990 --> 00:57:54,960

almost the soviets called it a

1552

00:58:00,470 --> 00:57:58,000

i think they call it a video radar

1553

00:58:03,670 --> 00:58:00,480

uh the words that effect gets lost in

1554

00:58:04,789 --> 00:58:03,680

translation now this radar could see 0.6

1555

00:58:08,950 --> 00:58:04,799

meters

1556

00:58:10,549 --> 00:58:08,960

resolution so imagine a radar signal

1557

00:58:14,069 --> 00:58:10,559

that can actually

1558

00:58:16,230 --> 00:58:14,079

uh detect something and provide a return

1559

00:58:17,430 --> 00:58:16,240

back to the radar that you can visually

1560

00:58:20,950 --> 00:58:17,440

see

1561

00:58:23,270 --> 00:58:20,960

with 0.6 meters resolution per pixel

1562

00:58:26,230 --> 00:58:23,280

um that's better than like you get the

1563

00:58:27,750 --> 00:58:26,240

one meter per pixel using google earth

1564

00:58:29,270 --> 00:58:27,760

that's even better than what you get on

1565

00:58:31,670 --> 00:58:29,280

google earth

1566

00:58:35,670 --> 00:58:31,680

so this is a very sophisticated radar

1567

00:58:38,150 --> 00:58:35,680

so um long story short this radar was uh

1568

00:58:40,870 --> 00:58:38,160

other than tracking their missile tests

1569

00:58:42,870 --> 00:58:40,880

this radar was tracking something

1570

00:58:44,470 --> 00:58:42,880

that would go through very

1571

00:58:46,870 --> 00:58:44,480

detection

1572

00:58:48,950 --> 00:58:46,880

uh acquisition and tracking waveforms

1573

00:58:50,870 --> 00:58:48,960

that it was something in the sky

1574

00:58:53,030 --> 00:58:50,880

that it was tracking now we just thought

1575

00:58:56,870 --> 00:58:53,040

it was a test mode

1576

00:58:58,309 --> 00:58:56,880

and so we took this um

1577

00:59:00,470 --> 00:58:58,319

this the uh

1578

00:59:02,150 --> 00:59:00,480

our analysis and our signals we gave

1579

00:59:03,670 --> 00:59:02,160

mcdonald douglas

1580

00:59:06,150 --> 00:59:03,680

uh the information

1581

00:59:08,069 --> 00:59:06,160

about it and so his folks analyzed this

1582

00:59:09,349 --> 00:59:08,079

radar that was tracking something up in

1583

00:59:10,309 --> 00:59:09,359

the sky

1584

00:59:13,030 --> 00:59:10,319

um

1585

00:59:14,950 --> 00:59:13,040

but in terms of spoon bending jack hauck

1586

00:59:16,870 --> 00:59:14,960

was also very interested in the

1587

00:59:19,589 --> 00:59:16,880

metaphysical and paranormal

1588

00:59:21,750 --> 00:59:19,599

and he introduced cia officers our our

1589

00:59:23,750 --> 00:59:21,760

analysts who worked with him

1590

00:59:25,750 --> 00:59:23,760

about spoon bending and so a lot of

1591

00:59:28,150 --> 00:59:25,760

officers went to his house to spin

1592

00:59:30,150 --> 00:59:28,160

spoons and they all came back saying

1593

00:59:33,109 --> 00:59:30,160

yeah we bent the spoon i didn't go and i

1594

00:59:35,430 --> 00:59:33,119

regret to this day that i didn't go

1595

00:59:36,309 --> 00:59:35,440

uh to ben spoons with jack out

1596

00:59:38,789 --> 00:59:36,319

um

1597

00:59:39,589 --> 00:59:38,799

but they went there to to ben spoons and

1598

00:59:41,270 --> 00:59:39,599

so

1599

00:59:42,549 --> 00:59:41,280

that's the story about jack hauck but

1600

00:59:45,589 --> 00:59:42,559

for the radar

1601  
00:59:46,470 --> 00:59:45,599  
later um as the soviet union fell and we

1602  
00:59:48,710 --> 00:59:46,480  
got

1603  
00:59:52,309 --> 00:59:48,720  
more open source about what this radar

1604  
00:59:53,990 --> 00:59:52,319  
was doing the soviets emitted

1605  
00:59:55,910 --> 00:59:54,000  
the russians rather after the soviet

1606  
00:59:56,950 --> 00:59:55,920  
union admitted that this radar was

1607  
00:59:59,750 --> 00:59:56,960  
designed

1608  
01:00:02,069 --> 00:59:59,760  
to track aerospace anomalies

1609  
01:00:04,150 --> 01:00:02,079  
that was one of its functions and so we

1610  
01:00:06,710 --> 01:00:04,160  
knew something was up there tracking

1611  
01:00:08,870 --> 01:00:06,720  
aerospace anomalies

1612  
01:00:11,430 --> 01:00:08,880  
up there and it's just uh interesting

1613  
01:00:12,710 --> 01:00:11,440

that jack hauck

1614

01:00:14,950 --> 01:00:12,720

with his association with the

1615

01:00:16,630 --> 01:00:14,960

intelligence community uh was also

1616

01:00:18,789 --> 01:00:16,640

interested in and being explained so

1617

01:00:20,630 --> 01:00:18,799

that might be a non-sequitur that's my

1618

01:00:23,109 --> 01:00:20,640

jack house story

1619

01:00:26,230 --> 01:00:23,119

for more information about jack halp you

1620

01:00:29,670 --> 01:00:26,240

really need to talk to melinda leslie in

1621

01:00:32,150 --> 01:00:29,680

sedona uh she's an experiencer and she

1622

01:00:33,990 --> 01:00:32,160

has an interesting story to tell as well

1623

01:00:35,589 --> 01:00:34,000

about it i know melinda yeah and it's

1624

01:00:37,190 --> 01:00:35,599

probably probably a long overdue she's

1625

01:00:40,630 --> 01:00:37,200

on the podcast at some point that might

1626

01:00:42,309 --> 01:00:40,640

be a good prompt to get her on yes

1627

01:00:43,829 --> 01:00:42,319

john now we've got a lot of listener

1628

01:00:44,950 --> 01:00:43,839

questions to get through but i just want

1629

01:00:46,630 --> 01:00:44,960

to ask you

1630

01:00:47,910 --> 01:00:46,640

one or two things before we get there

1631

01:00:49,750 --> 01:00:47,920

just to get make the most of the time

1632

01:00:52,470 --> 01:00:49,760

that we have left now

1633

01:00:54,150 --> 01:00:52,480

in your opinion and what you have gained

1634

01:00:56,950 --> 01:00:54,160

from a knowledge point of view or those

1635

01:00:57,990 --> 01:00:56,960

official or unofficial conversations

1636

01:01:00,390 --> 01:00:58,000

from the point of view of the

1637

01:01:01,910 --> 01:01:00,400

superpowers the united states russia and

1638

01:01:05,030 --> 01:01:01,920

china

1639

01:01:07,670 --> 01:01:05,040

do you think any or all of these have

1640

01:01:10,549 --> 01:01:07,680

retrieved crashed craft

1641

01:01:11,990 --> 01:01:10,559

and of of those who do you think has

1642

01:01:13,430 --> 01:01:12,000

managed to best reverse engineer

1643

01:01:14,950 --> 01:01:13,440

anything

1644

01:01:15,990 --> 01:01:14,960

um

1645

01:01:17,510 --> 01:01:16,000

i

1646

01:01:20,710 --> 01:01:17,520

have never

1647

01:01:24,549 --> 01:01:20,720

had any official confirmation

1648

01:01:26,230 --> 01:01:24,559

about any foreign rehearsals of

1649

01:01:29,829 --> 01:01:26,240

crashcraft

1650

01:01:36,870 --> 01:01:32,950

i would say that the soviet union or

1651  
01:01:40,950 --> 01:01:36,880  
russia probably has had the most success

1652  
01:01:42,150 --> 01:01:40,960  
because they develop some very uh

1653  
01:01:43,510 --> 01:01:42,160  
advanced

1654  
01:01:45,829 --> 01:01:43,520  
aerospace

1655  
01:01:48,069 --> 01:01:45,839  
uh technology

1656  
01:01:49,990 --> 01:01:48,079  
more of a terrestrial origin and they

1657  
01:01:51,510 --> 01:01:50,000  
are very advanced in that and

1658  
01:01:52,950 --> 01:01:51,520  
like

1659  
01:01:55,430 --> 01:01:52,960  
um

1660  
01:01:57,630 --> 01:01:55,440  
the sukhoi aircraft they're

1661  
01:02:00,309 --> 01:01:57,640  
amazing the

1662  
01:02:02,150 --> 01:02:00,319  
su-3035-57 series of sukhoi aircraft

1663  
01:02:05,029 --> 01:02:02,160

they're amazing

1664

01:02:07,589 --> 01:02:05,039

the chinese are

1665

01:02:10,069 --> 01:02:07,599

maybe a generation behind also very

1666

01:02:12,630 --> 01:02:10,079

amazing but a generation behind

1667

01:02:17,510 --> 01:02:12,640

and the russians have just had a

1668

01:02:22,230 --> 01:02:20,710

keeping the us military on its toes just

1669

01:02:23,270 --> 01:02:22,240

keeping up with them

1670

01:02:25,910 --> 01:02:23,280

um

1671

01:02:26,789 --> 01:02:25,920

people say well they stole it

1672

01:02:29,670 --> 01:02:26,799

that's

1673

01:02:31,990 --> 01:02:29,680

uh giving them no respect whatsoever for

1674

01:02:33,589 --> 01:02:32,000

their own uh aerospace engineering

1675

01:02:36,230 --> 01:02:33,599

they're very very good

1676

01:02:38,789 --> 01:02:36,240

in fact you know they got sputnik up

1677

01:02:39,670 --> 01:02:38,799

before we did they got satellite before

1678

01:02:42,789 --> 01:02:39,680

we did

1679

01:02:45,589 --> 01:02:42,799

uh developed a very good uh missile back

1680

01:02:47,029 --> 01:02:45,599

in the early 50s the ss1 which we call

1681

01:02:48,789 --> 01:02:47,039

the scud

1682

01:02:51,349 --> 01:02:48,799

um and while we were still like

1683

01:02:54,309 --> 01:02:51,359

tinkering around with the

1684

01:02:55,430 --> 01:02:54,319

copies of the uh a4 or what we call the

1685

01:02:57,510 --> 01:02:55,440

v2

1686

01:02:59,829 --> 01:02:57,520

uh shooting off whatever we recovered

1687

01:03:01,750 --> 01:02:59,839

and trying to reverse engineer that they

1688

01:03:03,270 --> 01:03:01,760

actually just threw that away and just

1689

01:03:06,789 --> 01:03:03,280

built their own

1690

01:03:09,750 --> 01:03:06,799

um and so they're very advanced and

1691

01:03:12,230 --> 01:03:09,760

i would say this if anything

1692

01:03:13,829 --> 01:03:12,240

um i would suggest that

1693

01:03:16,069 --> 01:03:13,839

don't assume

1694

01:03:18,870 --> 01:03:16,079

that if there are meta materials or

1695

01:03:20,870 --> 01:03:18,880

crash vehicles that it all came from the

1696

01:03:22,870 --> 01:03:20,880

united states

1697

01:03:25,029 --> 01:03:22,880

um there was a period in time when the

1698

01:03:27,349 --> 01:03:25,039

soviet union fell as the russian

1699

01:03:29,670 --> 01:03:27,359

federation was still trying to organize

1700

01:03:33,349 --> 01:03:29,680

organize itself

1701

01:03:36,230 --> 01:03:33,359

as um as a country uh that everything

1702

01:03:38,150 --> 01:03:36,240

was for sale people were like selling

1703

01:03:39,750 --> 01:03:38,160

everything and uh they gave an

1704

01:03:41,270 --> 01:03:39,760

opportunity for the us government to

1705

01:03:44,470 --> 01:03:41,280

pick up stuff

1706

01:03:47,190 --> 01:03:44,480

uh from them um and so

1707

01:03:49,270 --> 01:03:47,200

uh we were able to pick up a lot of

1708

01:03:52,470 --> 01:03:49,280

uh

1709

01:03:54,230 --> 01:03:52,480

a lot of equipment and so my theory i

1710

01:03:56,789 --> 01:03:54,240

can't prove it

1711

01:03:59,270 --> 01:03:56,799

my personal theory based on informed

1712

01:04:01,510 --> 01:03:59,280

speculation is that some of the meta

1713

01:04:03,990 --> 01:04:01,520

materials and

1714

01:04:06,150 --> 01:04:04,000

bits and pieces of craft may have come

1715

01:04:09,270 --> 01:04:06,160

from russian sources

1716

01:04:12,710 --> 01:04:11,589

no that's great informed speculation is

1717

01:04:14,230 --> 01:04:12,720

always nice to hear as well so i

1718

01:04:16,309 --> 01:04:14,240

appreciate you sharing that

1719

01:04:18,470 --> 01:04:16,319

john why do you think

1720

01:04:20,950 --> 01:04:18,480

all of this that's happening now is

1721

01:04:22,789 --> 01:04:20,960

happening now

1722

01:04:25,510 --> 01:04:22,799

why is now the right time for us to be

1723

01:04:27,430 --> 01:04:25,520

having congressional you know

1724

01:04:29,750 --> 01:04:27,440

movement movement within the senate you

1725

01:04:31,910 --> 01:04:29,760

know bills being put forward the talk of

1726

01:04:33,829 --> 01:04:31,920

the subject at the un

1727

01:04:36,230 --> 01:04:33,839

mainstream scientists getting involved

1728

01:04:37,990 --> 01:04:36,240

why now what's your gut feeling

1729

01:04:39,670 --> 01:04:38,000

july 2nd

1730

01:04:43,029 --> 01:04:39,680

2022

1731

01:04:44,630 --> 01:04:43,039

is the 75th anniversary of mr and mrs

1732

01:04:46,789 --> 01:04:44,640

wilmot

1733

01:04:48,470 --> 01:04:46,799

eyewitnessing

1734

01:04:51,109 --> 01:04:48,480

the roswell craft

1735

01:04:53,750 --> 01:04:51,119

overfly their home

1736

01:04:55,910 --> 01:04:53,760

75th anniversary july 8th is the 75th

1737

01:04:56,710 --> 01:04:55,920

anniversary of the infamous

1738

01:04:59,109 --> 01:04:56,720

uh

1739

01:05:00,950 --> 01:04:59,119

roswell daily record newspaper article

1740

01:05:02,630 --> 01:05:00,960

announcing that the roswell army air

1741

01:05:04,390 --> 01:05:02,640

force base

1742

01:05:06,470 --> 01:05:04,400

has a flying saucer in its possession

1743

01:05:09,029 --> 01:05:06,480

it's the 75th year

1744

01:05:11,510 --> 01:05:09,039

and if anything maybe they want to cap

1745

01:05:13,349 --> 01:05:11,520

it off saying okay

1746

01:05:15,430 --> 01:05:13,359

enough is enough we'll we'll come out

1747

01:05:18,069 --> 01:05:15,440

with some semblance more semblance of

1748

01:05:21,029 --> 01:05:18,079

the truth we are able to reveal more

1749

01:05:23,589 --> 01:05:21,039

the other thing to keep in mind is

1750

01:05:25,750 --> 01:05:23,599

perhaps there's information in official

1751

01:05:27,910 --> 01:05:25,760

channels again i don't know

1752

01:05:30,470 --> 01:05:27,920

but this is a downloaded thing

1753

01:05:31,589 --> 01:05:30,480

and if you ask experiencers that pretty

1754

01:05:33,910 --> 01:05:31,599

much

1755

01:05:37,109 --> 01:05:33,920

say something similar that it might be

1756

01:05:40,870 --> 01:05:37,910

that

1757

01:05:42,710 --> 01:05:40,880

will require an intervention

1758

01:05:45,270 --> 01:05:42,720

from others

1759

01:05:47,589 --> 01:05:45,280

from our visitor friends to help prevent

1760

01:05:49,430 --> 01:05:47,599

could be some solar event whatever it is

1761

01:05:51,589 --> 01:05:49,440

we might need some help

1762

01:05:54,390 --> 01:05:51,599

in order to get that help we might need

1763

01:05:56,549 --> 01:05:54,400

to reveal the presence of them

1764

01:05:58,150 --> 01:05:56,559

so that they can help us so that's one

1765

01:06:01,109 --> 01:05:58,160

aspect of it

1766

01:06:03,510 --> 01:06:01,119

um i just i feel like there's something

1767

01:06:04,710 --> 01:06:03,520

coming i just

1768

01:06:07,510 --> 01:06:04,720

i just

1769

01:06:09,190 --> 01:06:07,520

feel that and deep inside me and i can't

1770

01:06:11,510 --> 01:06:09,200

prove it because you know it's a feeling

1771

01:06:13,270 --> 01:06:11,520

i have it's a belief that i have

1772

01:06:16,230 --> 01:06:13,280

and it's the most difficult thing to

1773

01:06:17,910 --> 01:06:16,240

believe to prove is a belief

1774

01:06:19,910 --> 01:06:17,920

and i can't prove it i don't have any

1775

01:06:22,309 --> 01:06:19,920

documents saying this will happen

1776

01:06:24,470 --> 01:06:22,319

but it's a personal belief that i hold

1777

01:06:26,870 --> 01:06:24,480

um that that might be one of the major

1778

01:06:28,789 --> 01:06:26,880

reasons why this is on a quickening

1779

01:06:30,630 --> 01:06:28,799

scale

1780

01:06:32,630 --> 01:06:30,640

well you've made quite an impact in a

1781

01:06:34,390 --> 01:06:32,640

short time in the community and that

1782

01:06:35,829 --> 01:06:34,400

shows with the strength of the questions

1783

01:06:37,029 --> 01:06:35,839

that have come through for you and

1784

01:06:38,630 --> 01:06:37,039

hopefully i've managed to get a good

1785

01:06:40,710 --> 01:06:38,640

selection of them here because there are

1786

01:06:42,950 --> 01:06:40,720

so many more that i had to leave out for

1787

01:06:45,270 --> 01:06:42,960

for all sorts of reasons the first

1788

01:06:47,349 --> 01:06:45,280

question comes from charlie and charlie

1789

01:06:50,150 --> 01:06:47,359

wants to know that you mentioned louise

1790

01:06:51,589 --> 01:06:50,160

elizondo can't say the word hybrids yes

1791

01:06:53,190 --> 01:06:51,599

is this coming from a place of

1792

01:06:55,109 --> 01:06:53,200

connecting the dots with information

1793

01:06:56,549 --> 01:06:55,119

that's already in public or are you

1794

01:06:57,829 --> 01:06:56,559

using gained knowledge from your

1795

01:07:01,750 --> 01:06:57,839

previous role

1796

01:07:03,320 --> 01:07:01,760

is the

1797

01:07:05,349 --> 01:07:03,330

one of the

1798

01:07:07,589 --> 01:07:05,359

[Music]

1799

01:07:08,710 --> 01:07:07,599

pieces of information a very critical

1800

01:07:11,750 --> 01:07:08,720

piece

1801

01:07:14,549 --> 01:07:11,760

that i need to get back to cia

1802

01:07:16,630 --> 01:07:14,559

and have them approve because in order

1803

01:07:19,910 --> 01:07:16,640

to

1804

01:07:22,150 --> 01:07:19,920

names

1805

01:07:23,670 --> 01:07:22,160

and these are senior cia officers i

1806

01:07:24,710 --> 01:07:23,680

don't have permission to name their

1807

01:07:27,190 --> 01:07:24,720

names

1808

01:07:29,990 --> 01:07:27,200

so if i get back and say here's where i

1809

01:07:32,470 --> 01:07:30,000

was here's where this meeting occurred

1810

01:07:34,390 --> 01:07:32,480

an approximate time frame because i

1811

01:07:36,630 --> 01:07:34,400

don't have the exact month and date but

1812

01:07:40,069 --> 01:07:36,640

i believe i have a year

1813

01:07:43,029 --> 01:07:40,079

um it's about 2001 i believe could be

1814

01:07:44,710 --> 01:07:43,039

2002 but i think 9 11 was about to

1815

01:07:48,470 --> 01:07:44,720

happen it did not happen yet so i'm

1816

01:07:51,109 --> 01:07:48,480

putting in summer of 2001 before

1817

01:07:52,390 --> 01:07:51,119

9 11 in the fall of 2001 before

1818

01:07:54,710 --> 01:07:52,400

september

1819

01:07:57,029 --> 01:07:54,720

um that

1820

01:07:58,309 --> 01:07:57,039

some i did receive some information

1821

01:08:01,349 --> 01:07:58,319

officially

1822

01:08:03,270 --> 01:08:01,359

i was with witnesses

1823

01:08:05,670 --> 01:08:03,280

um that received this information and i

1824

01:08:09,750 --> 01:08:05,680

need to lay out the groundwork

1825

01:08:09,760 --> 01:08:13,589

so that's what i can say now

1826

01:08:17,829 --> 01:08:15,750

no i appreciate that john next question

1827

01:08:20,070 --> 01:08:17,839

from gareth when you were working for

1828

01:08:22,229 --> 01:08:20,080

the cia did you ever hear anything about

1829

01:08:23,349 --> 01:08:22,239

bob lazar and what do you think of his

1830

01:08:25,189 --> 01:08:23,359

story

1831

01:08:27,669 --> 01:08:25,199

let me preface uh going back to your

1832

01:08:29,990 --> 01:08:27,679

previous question

1833

01:08:33,030 --> 01:08:30,000

in order to do this as well as uh get

1834

01:08:35,430 --> 01:08:33,040

permission to you know name names

1835

01:08:38,229 --> 01:08:35,440

i am still waiting for and i had

1836

01:08:40,390 --> 01:08:38,239

uh requested cia to provide me with

1837

01:08:43,430 --> 01:08:40,400

medical records of an examination done

1838

01:08:44,709 --> 01:08:43,440

by cia doctors

1839

01:08:47,669 --> 01:08:44,719

so

1840

01:08:49,749 --> 01:08:47,679

that's a teaser with a hybrid question

1841

01:08:51,030 --> 01:08:49,759

there's something interesting that

1842

01:08:53,349 --> 01:08:51,040

occurred

1843

01:08:55,430 --> 01:08:53,359

medically that cia

1844

01:08:57,990 --> 01:08:55,440

doctors did

1845

01:09:00,309 --> 01:08:58,000

treat me for

1846

01:09:03,030 --> 01:09:00,319

and may be extracted from

1847

01:09:05,590 --> 01:09:03,040

um so i need to get that and that's not

1848

01:09:07,669 --> 01:09:05,600

an foia cia officers have a way of

1849

01:09:09,349 --> 01:09:07,679

communicating the cia and we can just

1850

01:09:10,630 --> 01:09:09,359

say here

1851

01:09:12,470 --> 01:09:10,640

can i say yes

1852

01:09:17,669 --> 01:09:12,480

the shortcut and i'm sorry to interrupt

1853

01:09:22,630 --> 01:09:20,149

uh yeah no the next one was on uh bob

1854

01:09:24,550 --> 01:09:22,640

lazar had you heard anything yeah well

1855

01:09:25,590 --> 01:09:24,560

working at the cia

1856

01:09:28,950 --> 01:09:25,600

um

1857

01:09:31,590 --> 01:09:28,960

you know how i heard about bob lazar

1858

01:09:32,390 --> 01:09:31,600

on coast to coast am

1859

01:09:35,430 --> 01:09:32,400

uh

1860

01:09:39,349 --> 01:09:35,440

art bell as the host

1861

01:09:40,950 --> 01:09:39,359

i think he was on with john

1862

01:09:42,789 --> 01:09:40,960

lear

1863

01:09:44,309 --> 01:09:42,799

and uh that's when i first heard bob

1864

01:09:46,229 --> 01:09:44,319

lazar so

1865

01:09:48,789 --> 01:09:46,239

other than that i i didn't know who bob

1866

01:09:51,349 --> 01:09:48,799

lazar was from anyone in fact

1867

01:09:53,030 --> 01:09:51,359

coast to coast am back in the day where

1868

01:09:54,950 --> 01:09:53,040

for everyone that we're doing these

1869

01:09:56,950 --> 01:09:54,960

podcasts before twitter

1870

01:10:00,149 --> 01:09:56,960

uh that was the primary source of a lot

1871

01:10:02,950 --> 01:10:00,159

of information that we ncia got in fact

1872

01:10:05,189 --> 01:10:02,960

we could tell who were true

1873

01:10:07,910 --> 01:10:05,199

saying who they were and who were false

1874

01:10:09,910 --> 01:10:07,920

who were imposters just just listening

1875

01:10:11,350 --> 01:10:09,920

to the first 10 minutes of whatever came

1876

01:10:14,870 --> 01:10:11,360

out of their mouths

1877

01:10:16,470 --> 01:10:14,880

but bob lazar uh that's how i learned so

1878

01:10:19,189 --> 01:10:16,480

i don't know him

1879

01:10:21,110 --> 01:10:19,199

and so i give everyone a benefit of a

1880

01:10:22,390 --> 01:10:21,120

doubt until i can talk to them face to

1881

01:10:24,709 --> 01:10:22,400

face

1882

01:10:27,750 --> 01:10:24,719

and uh

1883

01:10:30,470 --> 01:10:27,760

kind of in my own way be a judge of that

1884

01:10:31,990 --> 01:10:30,480

what they're saying their veracity

1885

01:10:34,070 --> 01:10:32,000

um i i

1886

01:10:35,270 --> 01:10:34,080

i just have to it's one of those things

1887

01:10:37,510 --> 01:10:35,280

i hold

1888

01:10:40,070 --> 01:10:37,520

very lightly

1889

01:10:41,110 --> 01:10:40,080

i accept like to say i embrace widely

1890

01:10:43,110 --> 01:10:41,120

everything

1891

01:10:45,430 --> 01:10:43,120

yeah sometimes you just gotta hold

1892

01:10:46,470 --> 01:10:45,440

lightly and be able to drop and uh he's

1893

01:10:48,229 --> 01:10:46,480

one of them

1894

01:10:50,229 --> 01:10:48,239

i don't know

1895

01:10:53,430 --> 01:10:50,239

are there any aspects of his story that

1896

01:10:56,070 --> 01:10:53,440

you find particularly interesting

1897

01:10:58,310 --> 01:10:56,080

uh well he tells a story about uh the

1898

01:11:00,470 --> 01:10:58,320

sports model one of the the craft that

1899

01:11:02,310 --> 01:11:00,480

he worked on called the sports model

1900

01:11:04,310 --> 01:11:02,320

he talks about these uh gravity

1901

01:11:05,990 --> 01:11:04,320

amplifiers or any gravity i think

1902

01:11:07,830 --> 01:11:06,000

gravity amplifiers

1903

01:11:10,070 --> 01:11:07,840

um and he talked about this was the one

1904

01:11:12,709 --> 01:11:10,080

he tested and there were other like did

1905

01:11:14,550 --> 01:11:12,719

he say minecraft something yeah they

1906

01:11:15,750 --> 01:11:14,560

were like shot through like they were

1907

01:11:17,830 --> 01:11:15,760

damaged

1908

01:11:20,550 --> 01:11:17,840

um he tells that story

1909

01:11:23,430 --> 01:11:20,560

uh in a place called s4

1910

01:11:25,830 --> 01:11:23,440

um i find that to be interesting i know

1911

01:11:28,070 --> 01:11:25,840

that i mean i cannot discount and no one

1912

01:11:31,189 --> 01:11:28,080

should that people have gone to rachel

1913

01:11:34,229 --> 01:11:31,199

nevada or gone close to

1914

01:11:36,790 --> 01:11:34,239

the groomed lake facility detachment 3

1915

01:11:38,149 --> 01:11:36,800

u.s air force flight test center that's

1916

01:11:39,830 --> 01:11:38,159

the official name

1917

01:11:41,830 --> 01:11:39,840

of edwards air force base that went

1918

01:11:44,550 --> 01:11:41,840

there and they've seen craft that have

1919

01:11:46,630 --> 01:11:44,560

remarkable aerodynamic properties

1920

01:11:49,110 --> 01:11:46,640

yeah so i mean that's eyewitnesses some

1921

01:11:51,030 --> 01:11:49,120

people videotaped that

1922

01:11:52,790 --> 01:11:51,040

actually filmed it so you know there's

1923

01:11:55,750 --> 01:11:52,800

something going on there

1924

01:11:57,430 --> 01:11:55,760

but as far as mr lazarus personal

1925

01:11:59,510 --> 01:11:57,440

involvement

1926

01:12:00,790 --> 01:11:59,520

how do i know how does anyone know um

1927

01:12:02,070 --> 01:12:00,800

either you believe him or you don't

1928

01:12:04,149 --> 01:12:02,080

believe him

1929

01:12:06,709 --> 01:12:04,159

but as far as there might be something

1930

01:12:08,070 --> 01:12:06,719

advanced of an aerodynamic nature people

1931

01:12:10,229 --> 01:12:08,080

have witnessed that so you can't we

1932

01:12:13,110 --> 01:12:10,239

can't discount that

1933

01:12:15,030 --> 01:12:13,120

sure next one is from trevor and trevor

1934

01:12:17,590 --> 01:12:15,040

wants to know have you seen this skinny

1935

01:12:20,310 --> 01:12:17,600

bob video and do you have any intel on

1936

01:12:22,630 --> 01:12:20,320

its authenticity i have not seen uh the

1937

01:12:25,350 --> 01:12:22,640

steamboat video so i can't address that

1938

01:12:27,270 --> 01:12:25,360

but here's something homework for me

1939

01:12:30,229 --> 01:12:27,280

yeah i can send you a link to that it's

1940

01:12:32,390 --> 01:12:30,239

uh if you have you ever heard of it john

1941

01:12:35,430 --> 01:12:32,400

i know i i've i've

1942

01:12:37,590 --> 01:12:35,440

i know of skinny bar yeah

1943

01:12:39,110 --> 01:12:37,600

okay

1944

01:12:40,630 --> 01:12:39,120

and when you say you know of skinny bob

1945

01:12:42,310 --> 01:12:40,640

i'm going to have to follow up is that

1946

01:12:43,830 --> 01:12:42,320

because you've you've heard of skinny

1947

01:12:45,430 --> 01:12:43,840

bob actually existing in some sort of

1948

01:12:47,030 --> 01:12:45,440

facility or is that just you've heard of

1949

01:12:48,390 --> 01:12:47,040

rumors of the video

1950

01:12:52,070 --> 01:12:48,400

um

1951

01:12:53,990 --> 01:12:52,080

a video

1952

01:12:55,669 --> 01:12:54,000

okay that's that's an interesting one

1953

01:12:57,510 --> 01:12:55,679

anything more to follow up on on that

1954

01:12:58,950 --> 01:12:57,520

that you can or is that just again

1955

01:13:02,550 --> 01:12:58,960

you've heard rumors

1956

01:13:04,390 --> 01:13:02,560

i don't know when what context skinny

1957

01:13:07,270 --> 01:13:04,400

bob has with this

1958

01:13:09,350 --> 01:13:07,280

i've heard his that name associated with

1959

01:13:11,030 --> 01:13:09,360

this entire phenomenon i don't know if

1960

01:13:12,550 --> 01:13:11,040

he was ex-government experiencer i don't

1961

01:13:14,310 --> 01:13:12,560

know

1962

01:13:16,630 --> 01:13:14,320

i just been on twitter i mean is it does

1963

01:13:20,070 --> 01:13:16,640

he have a twitter account i don't know

1964

01:13:23,110 --> 01:13:20,080

it's a video of a grey um alien type

1965

01:13:25,350 --> 01:13:23,120

being um filmed pretty old-fashioned

1966

01:13:27,910 --> 01:13:25,360

style yeah and the nickname of it is

1967

01:13:30,950 --> 01:13:27,920

skinny bob but it's it's never been

1968

01:13:33,910 --> 01:13:30,960

discounted or been proven to be a hawks

1969

01:13:36,470 --> 01:13:33,920

um if it's if it's genuine it's pretty

1970

01:13:38,790 --> 01:13:36,480

stunning footage but i think the the

1971

01:13:41,030 --> 01:13:38,800

quality of the footage

1972

01:13:43,830 --> 01:13:41,040

more than likely points to it not being

1973

01:13:45,669 --> 01:13:43,840

genuine or it's one of those like usa

1974

01:13:47,510 --> 01:13:45,679

that's put out there as a control rod to

1975

01:13:49,590 --> 01:13:47,520

test if this is in the public domain and

1976

01:13:52,070 --> 01:13:49,600

it's genuine but i'll i'll get that link

1977

01:13:54,950 --> 01:13:52,080

over to you john um

1978

01:13:56,870 --> 01:13:54,960

oh i have uh another side uh comment

1979

01:14:00,550 --> 01:13:56,880

about that related to that

1980

01:14:02,070 --> 01:14:00,560

um at cia there's the uh the director of

1981

01:14:04,630 --> 01:14:02,080

operations became the national

1982

01:14:06,550 --> 01:14:04,640

clandestine service ncs

1983

01:14:08,149 --> 01:14:06,560

so these these are the real spies to go

1984

01:14:11,430 --> 01:14:08,159

overseas right

1985

01:14:15,510 --> 01:14:11,440

yeah recruit uh agents to work for us so

1986

01:14:18,310 --> 01:14:15,520

these these real spies were uh were uh

1987

01:14:21,669 --> 01:14:18,320

led by an officer named jose

1988

01:14:23,830 --> 01:14:21,679

rodriguez jose rodriguez

1989

01:14:26,149 --> 01:14:23,840  
on his retirement

1990

01:14:27,910 --> 01:14:26,159  
in the bubble or the auditorium if you

1991

01:14:30,229 --> 01:14:27,920  
look at pictures of cia you'll see a

1992

01:14:31,830 --> 01:14:30,239  
domed building that's the authority and

1993

01:14:34,630 --> 01:14:31,840  
we call it the bubble

1994

01:14:37,030 --> 01:14:34,640  
at his retirement ceremony

1995

01:14:38,390 --> 01:14:37,040  
the other senior officers as they were

1996

01:14:39,750 --> 01:14:38,400  
sending him off

1997

01:14:44,709 --> 01:14:39,760  
mention the fact

1998

01:14:46,870 --> 01:14:44,719  
that his nickname ncia was j-rod

1999

01:14:51,669 --> 01:14:46,880  
and j-rod is the name

2000

01:14:53,910 --> 01:14:51,679  
allegedly of a roswell uh crash survivor

2001

01:14:56,229 --> 01:14:53,920

a little bit and so they called this guy

2002

01:14:58,070 --> 01:14:56,239

who's very senior cia j-rock and

2003

01:14:59,430 --> 01:14:58,080

everyone was laughing as if it was an

2004

01:15:02,229 --> 01:14:59,440

inside joke

2005

01:15:03,669 --> 01:15:02,239

so i'll leave you with that i

2006

01:15:04,630 --> 01:15:03,679

i don't know how to follow up with that

2007

01:15:06,390 --> 01:15:04,640

but

2008

01:15:08,229 --> 01:15:06,400

no thanks and i've sent you over that

2009

01:15:09,910 --> 01:15:08,239

youtube link for for afterwards you can

2010

01:15:11,830 --> 01:15:09,920

check that out during happy hour and

2011

01:15:13,910 --> 01:15:11,840

share your thoughts if you like

2012

01:15:15,430 --> 01:15:13,920

diana had a couple of questions do you

2013

01:15:17,990 --> 01:15:15,440

think that what we are seeing and

2014

01:15:19,669 --> 01:15:18,000

experiencing of the phenomena is in any

2015

01:15:23,189 --> 01:15:19,679

way related to what's described in

2016

01:15:26,709 --> 01:15:24,870

ancient writings

2017

01:15:29,189 --> 01:15:26,719

uh so she's getting at you know buddhist

2018

01:15:31,830 --> 01:15:29,199

or vedic beliefs of how consciousness

2019

01:15:33,510 --> 01:15:31,840

evolved or even going back to the bible

2020

01:15:34,470 --> 01:15:33,520

when we hear of you know angels versus

2021

01:15:37,110 --> 01:15:34,480

demons

2022

01:15:39,910 --> 01:15:37,120

i'm not um familiar with the vedic

2023

01:15:41,270 --> 01:15:39,920

writings i am familiar with the bible

2024

01:15:44,149 --> 01:15:41,280

and it's

2025

01:15:48,709 --> 01:15:46,870

here they are crossing the desert uh is

2026

01:15:50,229 --> 01:15:48,719

it 40 years

2027

01:15:53,669 --> 01:15:50,239

crossing the desert

2028

01:15:57,990 --> 01:15:53,679

and they were fed by a cloud-like

2029

01:16:00,310 --> 01:15:58,000

vehicle i would call it dropping food

2030

01:16:02,550 --> 01:16:00,320

and supplies to them um from this

2031

01:16:04,870 --> 01:16:02,560

cloud-like glowing vehicle

2032

01:16:07,510 --> 01:16:04,880

um and receiving instructions on how to

2033

01:16:08,310 --> 01:16:07,520

communicate with this vehicle

2034

01:16:09,110 --> 01:16:08,320

and

2035

01:16:11,430 --> 01:16:09,120

uh

2036

01:16:13,669 --> 01:16:11,440

and that the priests have to wear

2037

01:16:16,550 --> 01:16:13,679

certain uh garments

2038

01:16:18,709 --> 01:16:16,560

that tend to appear to have

2039

01:16:20,790 --> 01:16:18,719

some kind of

2040

01:16:23,669 --> 01:16:20,800

material to protect them from

2041

01:16:25,510 --> 01:16:23,679

electricity or electric charges

2042

01:16:26,630 --> 01:16:25,520

so they would not be conduits they were

2043

01:16:29,189 --> 01:16:26,640

insulated

2044

01:16:31,350 --> 01:16:29,199

and so this vehicle they

2045

01:16:33,750 --> 01:16:31,360

they made had metal in it and they you

2046

01:16:35,110 --> 01:16:33,760

know the a lot of it is like

2047

01:16:37,430 --> 01:16:35,120

an allegory

2048

01:16:38,950 --> 01:16:37,440

but the idea was that if you didn't have

2049

01:16:41,910 --> 01:16:38,960

these garments if you weren't a priest

2050

01:16:44,550 --> 01:16:41,920

and you touched it you died immediately

2051  
01:16:45,350 --> 01:16:44,560  
because it was probably charged in some

2052  
01:16:47,669 --> 01:16:45,360  
way

2053  
01:16:49,750 --> 01:16:47,679  
and but these priests would like put it

2054  
01:16:52,149 --> 01:16:49,760  
in the holy of holies you know and only

2055  
01:16:53,430 --> 01:16:52,159  
they can talk to the whoever is up in

2056  
01:16:55,430 --> 01:16:53,440  
the cloud

2057  
01:16:58,870 --> 01:16:55,440  
yeah that's a vehicle

2058  
01:17:01,270 --> 01:16:58,880  
i mean there's like stories of um of the

2059  
01:17:03,030 --> 01:17:01,280  
transfiguration

2060  
01:17:07,350 --> 01:17:03,040  
of

2061  
01:17:09,590 --> 01:17:07,360  
crucifixion

2062  
01:17:11,189 --> 01:17:09,600  
uh he went to the mount of olives and

2063  
01:17:12,149 --> 01:17:11,199

that some of the disciples witnessed

2064

01:17:12,870 --> 01:17:12,159

that

2065

01:17:15,110 --> 01:17:12,880

uh

2066

01:17:16,390 --> 01:17:15,120

two prophets beamed down and were

2067

01:17:18,470 --> 01:17:16,400

talking to jesus

2068

01:17:19,669 --> 01:17:18,480

and they were you know enveloped in some

2069

01:17:22,310 --> 01:17:19,679

kind of light

2070

01:17:24,149 --> 01:17:22,320

their stories of the messengers of god

2071

01:17:25,990 --> 01:17:24,159

were angels

2072

01:17:28,310 --> 01:17:26,000

coming to talk to people

2073

01:17:30,790 --> 01:17:28,320

like abraham and they knew on site that

2074

01:17:32,630 --> 01:17:30,800

these were not human and they said no

2075

01:17:33,910 --> 01:17:32,640

they're from god so i mean their bible's

2076

01:17:35,510 --> 01:17:33,920

full of

2077

01:17:38,070 --> 01:17:35,520

all kinds of

2078

01:17:39,910 --> 01:17:38,080

allegories that tend to you know support

2079

01:17:42,310 --> 01:17:39,920

that

2080

01:17:44,149 --> 01:17:42,320

absolutely i would love to read somebody

2081

01:17:47,189 --> 01:17:44,159

needs to rewrite that from a uap

2082

01:17:48,790 --> 01:17:47,199

perspective you know some a theologian

2083

01:17:51,189 --> 01:17:48,800

who is a believer

2084

01:17:53,750 --> 01:17:51,199

needs to rewrite a translation for the

2085

01:17:56,070 --> 01:17:53,760

rest of us that we can read it's the

2086

01:17:59,270 --> 01:17:56,080

greatest it'll be the greatest science

2087

01:18:00,870 --> 01:17:59,280

fact story ever written i think even if

2088

01:18:02,149 --> 01:18:00,880

it's not written an audio book would be

2089

01:18:04,070 --> 01:18:02,159

great for some obviously don't have the

2090

01:18:08,149 --> 01:18:04,080

time to read so yeah there's something

2091

01:18:09,830 --> 01:18:08,159

to do for 2022. um diana also asks john

2092

01:18:11,910 --> 01:18:09,840

do you think the recent tensions with

2093

01:18:13,990 --> 01:18:11,920

russia and china could have anything to

2094

01:18:15,910 --> 01:18:14,000

do with the usa getting closer to

2095

01:18:18,149 --> 01:18:15,920

disclosing what they know about the uap

2096

01:18:19,750 --> 01:18:18,159

phenomenon

2097

01:18:21,270 --> 01:18:19,760

i think there might be other terrestrial

2098

01:18:24,310 --> 01:18:21,280

reasons for that

2099

01:18:26,390 --> 01:18:24,320

attention i don't think it's related to

2100

01:18:29,590 --> 01:18:26,400

uaps necessarily

2101

01:18:32,790 --> 01:18:29,600

um if anything i would hope that

2102

01:18:35,189 --> 01:18:32,800

um aside from the uap issue

2103

01:18:39,510 --> 01:18:37,189

that we were able to find some common

2104

01:18:40,630 --> 01:18:39,520

ground in solving our differences i know

2105

01:18:43,350 --> 01:18:40,640

russia

2106

01:18:45,910 --> 01:18:43,360

is very concerned about

2107

01:18:48,630 --> 01:18:45,920

for example its former eastern bloc

2108

01:18:51,750 --> 01:18:50,070

joining nato

2109

01:18:53,430 --> 01:18:51,760

they do not want that to happen they are

2110

01:18:55,990 --> 01:18:53,440

concerned about

2111

01:18:58,070 --> 01:18:56,000

poland uh accepting the patriot

2112

01:19:00,470 --> 01:18:58,080

surflayer missile system which the

2113

01:19:02,950 --> 01:19:00,480

russians consider a threat to them

2114

01:19:05,350 --> 01:19:02,960

um so there are a lot of terrestrial

2115

01:19:07,350 --> 01:19:05,360

kind of reasons uh for china's

2116

01:19:10,149 --> 01:19:07,360

tenth tends to be

2117

01:19:11,669 --> 01:19:10,159

driven by economic concerns and

2118

01:19:14,630 --> 01:19:11,679

taiwan

2119

01:19:17,510 --> 01:19:14,640

and in fact uh president biden according

2120

01:19:20,630 --> 01:19:17,520

to our new service cnn

2121

01:19:22,390 --> 01:19:20,640

i saw a blurb on cnn that president

2122

01:19:26,310 --> 01:19:22,400

biden made a statement

2123

01:19:28,229 --> 01:19:26,320

that we would not defend taiwan

2124

01:19:29,990 --> 01:19:28,239

that tends to play into what the chinese

2125

01:19:32,390 --> 01:19:30,000

wanted to hear

2126

01:19:35,430 --> 01:19:32,400

so i think it's very interesting and

2127

01:19:38,390 --> 01:19:35,440

again i said before that the cia and the

2128

01:19:40,470 --> 01:19:38,400

chinese have worked closely together in

2129

01:19:43,430 --> 01:19:40,480

spying on the russians

2130

01:19:45,830 --> 01:19:43,440

providing to chinese with technology

2131

01:19:47,430 --> 01:19:45,840

you talk about an unintended consequence

2132

01:19:49,270 --> 01:19:47,440

we provided them with extremely

2133

01:19:52,229 --> 01:19:49,280

sophisticated computers

2134

01:19:55,830 --> 01:19:52,239

we provided them with uh well as you

2135

01:20:00,630 --> 01:19:55,840

know in in the uk there's men with hill

2136

01:20:03,750 --> 01:20:00,640

a big nsa gchq facility

2137

01:20:06,870 --> 01:20:03,760

and we basically built a small copy of

2138

01:20:09,189 --> 01:20:06,880

men with hill all over china

2139

01:20:10,629 --> 01:20:09,199

in various places to spy on the soviet

2140

01:20:13,590 --> 01:20:10,639

union so

2141

01:20:15,270 --> 01:20:13,600

um we had close cooperation with with

2142

01:20:17,030 --> 01:20:15,280

the chinese

2143

01:20:21,430 --> 01:20:17,040

i don't know what that corporation might

2144

01:20:23,910 --> 01:20:21,440

have been after 2009 because i left cia

2145

01:20:25,750 --> 01:20:23,920

but definitely apparently in 2016 uh

2146

01:20:27,270 --> 01:20:25,760

2017 rather

2147

01:20:29,189 --> 01:20:27,280

during the previous administration off

2148

01:20:30,229 --> 01:20:29,199

that cut canned

2149

01:20:32,070 --> 01:20:30,239

as we said

2150

01:20:33,350 --> 01:20:32,080

that was damaged considerably and i

2151  
01:20:35,110 --> 01:20:33,360  
believe the us government is trying to

2152  
01:20:37,270 --> 01:20:35,120  
repair some of that

2153  
01:20:40,629 --> 01:20:37,280  
relationship so i mean my iphone is

2154  
01:20:42,390 --> 01:20:40,639  
still made in china you know yeah

2155  
01:20:46,390 --> 01:20:42,400  
i mean

2156  
01:20:48,229 --> 01:20:46,400  
with your best customers because they

2157  
01:20:50,310 --> 01:20:48,239  
are the producer nation and the united

2158  
01:20:51,430 --> 01:20:50,320  
states is uh more and more a consumer

2159  
01:20:56,310 --> 01:20:51,440  
nation

2160  
01:21:00,229 --> 01:20:58,950  
next question john m was from newman and

2161  
01:21:03,430 --> 01:21:00,239  
newman wants to know what are your

2162  
01:21:06,470 --> 01:21:03,440  
thoughts on skinwalker ranch

2163  
01:21:08,870 --> 01:21:06,480

uh i i heard about skinwalker ranch

2164

01:21:11,030 --> 01:21:08,880

again through coast coast am

2165

01:21:12,629 --> 01:21:11,040

through uh guest appearances by uh

2166

01:21:14,870 --> 01:21:12,639

robert bigelow

2167

01:21:16,950 --> 01:21:14,880

uh with uh uh

2168

01:21:19,030 --> 01:21:16,960

like george nuri i mean that was

2169

01:21:21,510 --> 01:21:19,040

that was quite the topic

2170

01:21:23,510 --> 01:21:21,520

of seeing uh these these various uh

2171

01:21:25,910 --> 01:21:23,520

manifestations of

2172

01:21:27,270 --> 01:21:25,920

a very disturbing manifestations uh

2173

01:21:28,790 --> 01:21:27,280

occurring

2174

01:21:30,070 --> 01:21:28,800

um

2175

01:21:33,910 --> 01:21:30,080

and so

2176

01:21:38,310 --> 01:21:36,229

i would say this that now that we've

2177

01:21:40,310 --> 01:21:38,320

known that the government officially has

2178

01:21:41,750 --> 01:21:40,320

stated that

2179

01:21:43,830 --> 01:21:41,760

that there's

2180

01:21:45,910 --> 01:21:43,840

disturbing manifestations of the

2181

01:21:47,830 --> 01:21:45,920

phenomenon with the capital p let me

2182

01:21:50,470 --> 01:21:47,840

preface by saying

2183

01:21:52,790 --> 01:21:50,480

that in government everything everything

2184

01:21:55,030 --> 01:21:52,800

you know the craft the beings the light

2185

01:21:56,470 --> 01:21:55,040

beings the you know whatever the

2186

01:21:59,350 --> 01:21:56,480

channelers

2187

01:22:02,070 --> 01:21:59,360

uh provide the experiencers

2188

01:22:04,550 --> 01:22:02,080

um all the disturbing aspects like we

2189

01:22:05,510 --> 01:22:04,560

see at skinwalkers is labeled under the

2190

01:22:07,830 --> 01:22:05,520

big

2191

01:22:10,070 --> 01:22:07,840

phenomenon with a capital p

2192

01:22:13,030 --> 01:22:10,080

so there are disturbing aspects of that

2193

01:22:16,310 --> 01:22:13,040

phenomenon that are difficult to explain

2194

01:22:18,870 --> 01:22:16,320

um and it i hope that the government

2195

01:22:19,830 --> 01:22:18,880

continue to investigate that

2196

01:22:21,910 --> 01:22:19,840

um

2197

01:22:23,990 --> 01:22:21,920

one thing i would add that

2198

01:22:27,030 --> 01:22:24,000

for a long time i didn't think that

2199

01:22:28,709 --> 01:22:27,040

anything to do with uh dolce new mexico

2200

01:22:30,149 --> 01:22:28,719

was legitimate

2201

01:22:31,830 --> 01:22:30,159

i thought you know okay does somebody

2202

01:22:33,110 --> 01:22:31,840

make that up dolce new mexico what's

2203

01:22:35,430 --> 01:22:33,120

there you know what that doesn't see

2204

01:22:38,310 --> 01:22:35,440

anybody there but strangely enough in

2205

01:22:40,229 --> 01:22:38,320

like dr lakatsky's book skin workers at

2206

01:22:41,030 --> 01:22:40,239

the pentagon he mentioned that one of

2207

01:22:41,990 --> 01:22:41,040

the

2208

01:22:44,629 --> 01:22:42,000

uh

2209

01:22:47,189 --> 01:22:44,639

candidate sites to put more sensors

2210

01:22:49,189 --> 01:22:47,199

is dolce new mexico

2211

01:22:52,709 --> 01:22:49,199

if you look at the ufo literature you

2212

01:22:55,990 --> 01:22:52,719

know there's been reportings of alien

2213

01:22:57,510 --> 01:22:56,000

presence at dolce new mexico and uh

2214

01:22:59,270 --> 01:22:57,520

even as far as to say that there was

2215

01:23:01,830 --> 01:22:59,280

some kind of conflict

2216

01:23:03,350 --> 01:23:01,840

between humans and that presence

2217

01:23:05,510 --> 01:23:03,360

indulging in new mexico and i used to

2218

01:23:07,669 --> 01:23:05,520

dismiss that now i can't do that anymore

2219

01:23:09,270 --> 01:23:07,679

because in the book it says

2220

01:23:11,189 --> 01:23:09,280

there's something at delta new mexico we

2221

01:23:14,149 --> 01:23:11,199

need to take a closer look at

2222

01:23:14,790 --> 01:23:14,159

so yeah i mean um

2223

01:23:26,870 --> 01:23:14,800

i

2224

01:23:29,030 --> 01:23:26,880

the pentagon

2225

01:23:31,030 --> 01:23:29,040

yeah don't do not do not do what i did

2226

01:23:33,830 --> 01:23:31,040

read it at night

2227

01:23:35,669 --> 01:23:33,840

yeah well i spoke to calm and george two

2228

01:23:37,350 --> 01:23:35,679

of the authors just a few weeks ago so

2229

01:23:39,030 --> 01:23:37,360

that was nice to to speak to them about

2230

01:23:41,110 --> 01:23:39,040

the book as well and some some

2231

01:23:42,950 --> 01:23:41,120

fascinating stories again that came from

2232

01:23:45,430 --> 01:23:42,960

that so so yeah definitely check that

2233

01:23:46,870 --> 01:23:45,440

one out folks um kelly has a question

2234

01:23:48,629 --> 01:23:46,880

that i would have asked you but when i

2235

01:23:49,990 --> 01:23:48,639

saw kelly asking it i thought i would i

2236

01:23:52,149 --> 01:23:50,000

would credit her

2237

01:23:55,990 --> 01:23:52,159

what is your current idea as to what the

2238

01:24:01,430 --> 01:23:58,709

i think um okay so

2239

01:24:03,189 --> 01:24:01,440

for myself i have to break it down into

2240

01:24:05,270 --> 01:24:03,199

three categories

2241

01:24:08,149 --> 01:24:05,280

and this is just to keep myself sane and

2242

01:24:11,430 --> 01:24:08,159

keep wrap my mind around it

2243

01:24:13,030 --> 01:24:11,440

um and so um the the

2244

01:24:17,830 --> 01:24:13,040

the part that

2245

01:24:20,550 --> 01:24:17,840

was documented uh by the work of

2246

01:24:21,590 --> 01:24:20,560

bigelow uh

2247

01:24:22,709 --> 01:24:21,600

prior

2248

01:24:24,470 --> 01:24:22,719

to

2249

01:24:27,510 --> 01:24:24,480

uh the dia showing up but you know

2250

01:24:30,470 --> 01:24:27,520

robert bigelow had his other effort

2251

01:24:31,350 --> 01:24:30,480

um to investigate skinwalker

2252

01:24:33,830 --> 01:24:31,360

um

2253

01:24:36,790 --> 01:24:33,840

and then with the current

2254

01:24:38,709 --> 01:24:36,800

the most recent dia

2255

01:24:41,110 --> 01:24:38,719

manifestations of what they collected

2256

01:24:42,790 --> 01:24:41,120

this disturbing aspect so i call that

2257

01:24:44,470 --> 01:24:42,800

the strangers

2258

01:24:45,990 --> 01:24:44,480

because i don't know i personally i

2259

01:24:48,390 --> 01:24:46,000

can't explain it so i just call it the

2260

01:24:50,790 --> 01:24:48,400

strangers they're manifesting in ways

2261

01:24:53,990 --> 01:24:50,800

that i can't explain that seem very

2262

01:24:56,950 --> 01:24:54,000

disturbing so i call that the strangers

2263

01:24:58,470 --> 01:24:56,960

that middle category um i call the the

2264

01:25:00,790 --> 01:24:58,480

visitors

2265

01:25:04,470 --> 01:25:00,800

and i truly believe that there are

2266

01:25:08,629 --> 01:25:06,149

and that they're manifesting it

2267

01:25:11,110 --> 01:25:08,639

themselves to us

2268

01:25:13,189 --> 01:25:11,120

people see craft people see metallic

2269

01:25:14,790 --> 01:25:13,199

craft flying

2270

01:25:17,270 --> 01:25:14,800

over our skies

2271

01:25:19,750 --> 01:25:17,280

people have encounters

2272

01:25:21,590 --> 01:25:19,760

that experiences we relate to so these

2273

01:25:24,629 --> 01:25:21,600

are the visitors and also the Chandler's

2274

01:25:26,550 --> 01:25:24,639

talk about the pledge that turns

2275

01:25:28,229 --> 01:25:26,560

um

2276

01:25:30,790 --> 01:25:28,239

coming here to help us

2277

01:25:33,669 --> 01:25:31,750

those

2278

01:25:36,629 --> 01:25:33,679

manifestations under that label of

2279

01:25:37,830 --> 01:25:36,639

visitors they're from not here

2280

01:25:41,030 --> 01:25:37,840

but then

2281

01:25:43,189 --> 01:25:41,040

the more controversial one is i call the

2282

01:25:44,229 --> 01:25:43,199

residence

2283

01:25:46,629 --> 01:25:44,239

that

2284

01:25:50,070 --> 01:25:46,639

they were here before we were

2285

01:25:51,270 --> 01:25:50,080

and that they may have they may have had

2286

01:25:54,229 --> 01:25:51,280

some

2287

01:25:56,709 --> 01:25:54,239

contribution to enhancing or

2288

01:26:00,070 --> 01:25:56,719

accelerating our evolution and the fact

2289

01:26:02,390 --> 01:26:00,080

that they may still be here

2290

01:26:03,910 --> 01:26:02,400

and so i call those the residents so we

2291

01:26:06,390 --> 01:26:03,920

have strangers

2292

01:26:08,950 --> 01:26:06,400

visitors and residents

2293

01:26:11,110 --> 01:26:08,960

the most interesting are the residents

2294

01:26:13,669 --> 01:26:11,120

because what i would like to know and i

2295

01:26:15,669 --> 01:26:13,679

don't know but i would like to know if

2296

01:26:18,709 --> 01:26:15,679

our government the us government your

2297

01:26:20,390 --> 01:26:18,719

government in uk or russia or china

2298

01:26:21,669 --> 01:26:20,400

do have these governments around the

2299

01:26:23,750 --> 01:26:21,679

world

2300

01:26:26,310 --> 01:26:23,760

interacted with these residents in any

2301

01:26:27,510 --> 01:26:26,320

way and that because

2302

01:26:29,030 --> 01:26:27,520

that would like

2303

01:26:30,390 --> 01:26:29,040

overturn

2304

01:26:31,590 --> 01:26:30,400

our

2305

01:26:32,870 --> 01:26:31,600

um

2306

01:26:37,189 --> 01:26:32,880

comfort

2307

01:26:39,030 --> 01:26:37,199

zone to how we developed um

2308

01:26:40,870 --> 01:26:39,040

that that that's the real secret that

2309

01:26:43,910 --> 01:26:40,880

are keeping quiet because we have to

2310

01:26:46,070 --> 01:26:43,920

like talk about et's first and average

2311

01:26:49,350 --> 01:26:46,080

mention that word and then maybe we can

2312

01:26:51,110 --> 01:26:49,360

jump toward hence that 70 000 years ago

2313

01:26:54,149 --> 01:26:51,120

as louis said that that some

2314

01:26:56,790 --> 01:26:54,159

intervention occurred to enhance our dna

2315

01:26:59,270 --> 01:26:56,800

and that maybe that those who enhanced

2316

01:27:00,950 --> 01:26:59,280

our dna are still concerned about what

2317

01:27:02,629 --> 01:27:00,960

they did they didn't leave they're still

2318

01:27:05,990 --> 01:27:02,639

watching over us

2319

01:27:09,110 --> 01:27:06,000

um and in my mind when i see them

2320

01:27:11,750 --> 01:27:09,120

i see saurons sarians what people call

2321

01:27:13,510 --> 01:27:11,760

reptilian i don't like to use that word

2322

01:27:16,629 --> 01:27:13,520

uh i see sarians

2323

01:27:19,510 --> 01:27:16,639

uh other people see mantis beings

2324

01:27:21,830 --> 01:27:19,520

and other manifestations of these beings

2325

01:27:23,510 --> 01:27:21,840

uh maybe some of them are from visitors

2326

01:27:25,430 --> 01:27:23,520

elsewhere but maybe some of them are

2327

01:27:26,870 --> 01:27:25,440

still from here so i call those

2328

01:27:28,950 --> 01:27:26,880

residents and that's the only way i can

2329

01:27:31,669 --> 01:27:28,960

like put it together because like you

2330

01:27:33,270 --> 01:27:31,679

can't just go from like one to the other

2331

01:27:35,430 --> 01:27:33,280

you can't throw away the nuts and bolts

2332

01:27:37,110 --> 01:27:35,440

and accept just the experiencers vice

2333

01:27:39,350 --> 01:27:37,120

versa you can't just accept the

2334

01:27:41,750 --> 01:27:39,360

experiencers and the channelers and then

2335

01:27:44,149 --> 01:27:41,760

just throw away the nuts and bolts

2336

01:27:45,430 --> 01:27:44,159

and you know that's right that's a huge

2337

01:27:47,270 --> 01:27:45,440

battle in this community we're just

2338

01:27:48,870 --> 01:27:47,280

tearing each other apart

2339

01:27:51,590 --> 01:27:48,880

talking about things like that instead

2340

01:27:54,709 --> 01:27:51,600

of like sharing and accepting that there

2341

01:27:56,950 --> 01:27:54,719

may be some credence to

2342

01:27:58,470 --> 01:27:56,960

the other person's experience with this

2343

01:27:59,430 --> 01:27:58,480

phenomenon you know

2344

01:28:01,189 --> 01:27:59,440

yeah

2345

01:28:03,510 --> 01:28:01,199

and you're right that conversation for

2346

01:28:06,790 --> 01:28:03,520

the the mainstream and then the 99 the

2347

01:28:08,790 --> 01:28:06,800

general public it's easier to accept the

2348

01:28:11,430 --> 01:28:08,800

confirmation one day of like were found

2349

01:28:13,669 --> 01:28:11,440

daily in life on mars or venus or some

2350

01:28:15,590 --> 01:28:13,679

other planet in the solar system or even

2351  
01:28:17,669 --> 01:28:15,600  
to capture a picture of a flying saucer

2352  
01:28:19,510 --> 01:28:17,679  
that's coming in from space that we see

2353  
01:28:21,910 --> 01:28:19,520  
in all the hollywood movies as opposed

2354  
01:28:23,590 --> 01:28:21,920  
to look we aren't alone on this planet

2355  
01:28:25,910 --> 01:28:23,600  
there's something else that would

2356  
01:28:27,510 --> 01:28:25,920  
terrify people that regardless what

2357  
01:28:30,310 --> 01:28:27,520  
folks say that would terrify the general

2358  
01:28:31,270 --> 01:28:30,320  
public and i think that's the reason why

2359  
01:28:36,149 --> 01:28:31,280  
one of the

2360  
01:28:38,550 --> 01:28:36,159  
in 2017 those three videos were released

2361  
01:28:40,950 --> 01:28:38,560  
i'm hoping for more videos

2362  
01:28:46,470 --> 01:28:44,470  
well the resonance my hypothesis

2363  
01:28:49,189 --> 01:28:46,480

about the residence

2364

01:28:50,950 --> 01:28:49,199

is kind of in my mind in just my mind

2365

01:28:52,070 --> 01:28:50,960

not officially my mind is supported by

2366

01:28:55,110 --> 01:28:52,080

the fact that

2367

01:28:57,030 --> 01:28:55,120

some of these craft uh emerge out of and

2368

01:28:59,990 --> 01:28:57,040

emerge back into the water

2369

01:29:01,910 --> 01:29:00,000

yeah then pull to pole kind of uh

2370

01:29:02,790 --> 01:29:01,920

sightings i'll say this

2371

01:29:06,790 --> 01:29:02,800

um

2372

01:29:08,709 --> 01:29:06,800

i would like to do at foia

2373

01:29:12,470 --> 01:29:08,719

to the government

2374

01:29:13,430 --> 01:29:12,480

to uh get the 100 forgetting about the

2375

01:29:17,669 --> 01:29:13,440

balloon

2376

01:29:19,270 --> 01:29:17,679

the 144th throw that away the 143

2377

01:29:20,950 --> 01:29:19,280

um

2378

01:29:22,310 --> 01:29:20,960

pieces of evidence that the government

2379

01:29:23,350 --> 01:29:22,320

has has

2380

01:29:25,270 --> 01:29:23,360

collected

2381

01:29:27,669 --> 01:29:25,280

you know what's missing from that

2382

01:29:29,830 --> 01:29:27,679

dates and times

2383

01:29:34,950 --> 01:29:29,840

you know like 2004 that's the only date

2384

01:29:37,030 --> 01:29:34,960

we have 2004 november uh 12 2004 tic tac

2385

01:29:39,350 --> 01:29:37,040

and we have the others you know the two

2386

01:29:40,870 --> 01:29:39,360

we have dates and times right yeah well

2387

01:29:46,310 --> 01:29:40,880

that's three

2388

01:29:48,149 --> 01:29:46,320

of the others

2389

01:29:50,790 --> 01:29:48,159

give me the dates and times so that we

2390

01:29:52,550 --> 01:29:50,800

can correlate where did you see this

2391

01:29:54,470 --> 01:29:52,560

and when did they occur

2392

01:29:56,870 --> 01:29:54,480

so that people who may have experienced

2393

01:29:58,629 --> 01:29:56,880

these craft in their own way can say oh

2394

01:30:00,229 --> 01:29:58,639

that's the one i saw

2395

01:30:02,070 --> 01:30:00,239

i think that's very important because

2396

01:30:04,149 --> 01:30:02,080

some of these i think are like coming

2397

01:30:05,990 --> 01:30:04,159

from the earth and going back into the

2398

01:30:08,470 --> 01:30:06,000

earth or coming out of the water and

2399

01:30:10,709 --> 01:30:08,480

going back into the water

2400

01:30:12,310 --> 01:30:10,719

john i i'm sure you're reading my

2401

01:30:14,950 --> 01:30:12,320

questions because the next listener

2402

01:30:16,950 --> 01:30:14,960

question was from obie and obi wanted to

2403

01:30:19,669 --> 01:30:16,960

know do you know any terms people can

2404

01:30:21,189 --> 01:30:19,679

use for foia that could help crack this

2405

01:30:23,110 --> 01:30:21,199

whole thing open is there anything

2406

01:30:25,189 --> 01:30:23,120

specifically people should

2407

01:30:27,110 --> 01:30:25,199

write or use as a keyword when they're

2408

01:30:28,390 --> 01:30:27,120

writing these depends on who you're

2409

01:30:29,990 --> 01:30:28,400

writing to

2410

01:30:31,270 --> 01:30:30,000

um depending on what agency you're

2411

01:30:33,510 --> 01:30:31,280

writing to

2412

01:30:35,830 --> 01:30:33,520

um like a lot

2413

01:30:38,550 --> 01:30:35,840

nga is probably i'm not nga's favorite

2414

01:30:40,229 --> 01:30:38,560

person because i reveal that nga is the

2415

01:30:41,669 --> 01:30:40,239

intelligence agency that people should

2416

01:30:44,070 --> 01:30:41,679

send foils to

2417

01:30:45,750 --> 01:30:44,080

because they collect the the video uh

2418

01:30:47,189 --> 01:30:45,760

they collect the imagery they collect

2419

01:30:50,390 --> 01:30:47,199

the infrared

2420

01:30:52,629 --> 01:30:50,400

the collective visual evidence

2421

01:30:55,430 --> 01:30:52,639

but for example

2422

01:30:58,550 --> 01:30:55,440

we never say satellite now we say

2423

01:31:00,470 --> 01:30:58,560

national technical means

2424

01:31:03,430 --> 01:31:00,480

mtm

2425

01:31:05,669 --> 01:31:03,440

we never say documents we say iir

2426

01:31:07,669 --> 01:31:05,679

ir stands for imagery uh imagery

2427

01:31:09,830 --> 01:31:07,679

intelligence report

2428

01:31:11,750 --> 01:31:09,840

it's not just uh they're not gonna give

2429

01:31:13,110 --> 01:31:11,760

you uh pictures

2430

01:31:15,350 --> 01:31:13,120

they're not gonna give you pictures

2431

01:31:18,229 --> 01:31:15,360

because the those those

2432

01:31:19,430 --> 01:31:18,239

the imagery they have will reveal how

2433

01:31:23,189 --> 01:31:19,440

well

2434

01:31:26,390 --> 01:31:23,199

we can image this planet from space

2435

01:31:27,669 --> 01:31:26,400

from low earth orbit it is phenomenal i

2436

01:31:29,830 --> 01:31:27,679

revealed that

2437

01:31:31,750 --> 01:31:29,840

commercial on a class unclassified

2438

01:31:33,430 --> 01:31:31,760

maxart technologies

2439

01:31:36,390 --> 01:31:33,440

is um

2440

01:31:39,189 --> 01:31:36,400

25 centimeters maximum the government

2441

01:31:40,950 --> 01:31:39,199

allows 25 centimeters per pixel

2442

01:31:43,750 --> 01:31:40,960

from uh

2443

01:31:45,189 --> 01:31:43,760

over 600 kilometers in the sky

2444

01:31:47,350 --> 01:31:45,199

and that's amazing

2445

01:31:49,990 --> 01:31:47,360

you know take your ruler out and measure

2446

01:31:52,390 --> 01:31:50,000

25 centimeters square

2447

01:31:54,470 --> 01:31:52,400

and then put something on that 25

2448

01:31:55,669 --> 01:31:54,480

centimeter square and then go straight

2449

01:31:58,149 --> 01:31:55,679

up

2450

01:32:00,470 --> 01:31:58,159

over 600 kilometers and be able to see

2451  
01:32:03,030 --> 01:32:00,480  
that on the ground that's phenomenal

2452  
01:32:06,229 --> 01:32:03,040  
yeah that's unclassified

2453  
01:32:07,510 --> 01:32:06,239  
you can imagine classify is way better

2454  
01:32:11,990 --> 01:32:07,520  
than that

2455  
01:32:14,310 --> 01:32:12,000  
can say about how well the u.s

2456  
01:32:15,350 --> 01:32:14,320  
government can collect imagery they're

2457  
01:32:16,550 --> 01:32:15,360  
not going to give you that kind of

2458  
01:32:19,110 --> 01:32:16,560  
imagery

2459  
01:32:22,149 --> 01:32:19,120  
um but there are commercial satellites

2460  
01:32:24,310 --> 01:32:22,159  
so i i would ask for like forget about

2461  
01:32:25,590 --> 01:32:24,320  
asking for commercial satellite imagery

2462  
01:32:27,510 --> 01:32:25,600  
or anything like that they're not going

2463  
01:32:30,950 --> 01:32:27,520

to give you that what you want is the

2464

01:32:32,870 --> 01:32:30,960

imagery intelligence report

2465

01:32:36,950 --> 01:32:32,880

regarding uh

2466

01:32:38,950 --> 01:32:36,960

any any uap activity

2467

01:32:40,790 --> 01:32:38,960

that the national geospatial

2468

01:32:44,070 --> 01:32:40,800

intelligence agency

2469

01:32:46,470 --> 01:32:44,080

may have disseminated

2470

01:32:49,590 --> 01:32:46,480

and then though that might be a starting

2471

01:32:52,229 --> 01:32:49,600

point i'm working with like independent

2472

01:32:55,110 --> 01:32:52,239

people to help with their language

2473

01:32:57,830 --> 01:32:55,120

i did one on crop circles already

2474

01:32:59,830 --> 01:32:57,840

um i might just throw that out uh as an

2475

01:33:02,470 --> 01:32:59,840

example of how to

2476

01:33:04,070 --> 01:33:02,480

use that language

2477

01:33:05,510 --> 01:33:04,080

excellent no thank you for that that's

2478

01:33:07,110 --> 01:33:05,520

that's a good one thanks obi that was a

2479

01:33:09,910 --> 01:33:07,120

good question yeah

2480

01:33:11,990 --> 01:33:09,920

john i had a question from tam and tam

2481

01:33:14,470 --> 01:33:12,000

wanted to know why do you think the air

2482

01:33:17,350 --> 01:33:14,480

force is insisting on avoiding the uap

2483

01:33:20,830 --> 01:33:17,360

conversation at the moment

2484

01:33:26,790 --> 01:33:22,790

um

2485

01:33:28,070 --> 01:33:26,800

if anything the air force is resisting

2486

01:33:30,950 --> 01:33:28,080

i think

2487

01:33:32,950 --> 01:33:30,960

any exploitation

2488

01:33:34,870 --> 01:33:32,960

of this

2489

01:33:37,030 --> 01:33:34,880

phenomenon

2490

01:33:38,950 --> 01:33:37,040

to

2491

01:33:41,270 --> 01:33:38,960

reverse engineer some marvelous

2492

01:33:43,030 --> 01:33:41,280

technology that they're holding back

2493

01:33:44,950 --> 01:33:43,040

and they're going to use in case they

2494

01:33:46,149 --> 01:33:44,960

need it you know break glass in case of

2495

01:33:47,990 --> 01:33:46,159

fire

2496

01:33:51,110 --> 01:33:48,000

uh and pull the handle i think they're

2497

01:33:54,390 --> 01:33:51,120

reserving that um i used that example

2498

01:33:57,510 --> 01:33:54,400

of the stealth aircraft

2499

01:33:59,750 --> 01:33:57,520

the plans for it were received in 1969

2500

01:34:02,470 --> 01:33:59,760

from a soviet mathematician

2501

01:34:04,390 --> 01:34:02,480

and in 1970 they were like starting to

2502

01:34:06,950 --> 01:34:04,400

work in the 70s starting to work on what

2503

01:34:09,030 --> 01:34:06,960

you saw in 1990

2504

01:34:10,950 --> 01:34:09,040

so the f-117

2505

01:34:12,870 --> 01:34:10,960

uh stealth fighter

2506

01:34:15,189 --> 01:34:12,880

which isn't not really much of a fighter

2507

01:34:16,470 --> 01:34:15,199

since it doesn't carry any weapons

2508

01:34:18,310 --> 01:34:16,480

except bombs

2509

01:34:19,990 --> 01:34:18,320

um and it came

2510

01:34:22,470 --> 01:34:20,000

it's vulnerable to being attacked by

2511

01:34:24,550 --> 01:34:22,480

another fighter but stealth fighter for

2512

01:34:27,350 --> 01:34:24,560

example you saw in 1990 during the first

2513

01:34:29,350 --> 01:34:27,360

golf war that thing's been flying for

2514

01:34:30,790 --> 01:34:29,360

at least a couple of maybe a decade and

2515

01:34:32,390 --> 01:34:30,800

a half

2516

01:34:33,830 --> 01:34:32,400

when skunk works actually produced it

2517

01:34:36,390 --> 01:34:33,840

and start flying it

2518

01:34:38,550 --> 01:34:36,400

out of area 51

2519

01:34:41,189 --> 01:34:38,560

so that's what they're hiding uh they're

2520

01:34:42,629 --> 01:34:41,199

reluctant to talk about any exploitation

2521

01:34:43,990 --> 01:34:42,639

of technology

2522

01:34:46,950 --> 01:34:44,000

that may have come

2523

01:34:49,270 --> 01:34:46,960

not from this earth let's say as far as

2524

01:34:50,550 --> 01:34:49,280

everything else um i think they're going

2525

01:34:51,830 --> 01:34:50,560

to be

2526

01:34:53,270 --> 01:34:51,840

more and more

2527

01:34:56,149 --> 01:34:53,280

able to share

2528

01:35:03,109 --> 01:34:59,910

the dia has sort of broken the ice

2529

01:35:04,709 --> 01:35:03,119

describing uh rectangular craft

2530

01:35:06,870 --> 01:35:04,719

that witnesses have seen it's in the

2531

01:35:09,590 --> 01:35:06,880

likatsky book you can read out

2532

01:35:11,510 --> 01:35:09,600

rectangular craft about orbs

2533

01:35:12,629 --> 01:35:11,520

you can read all about that

2534

01:35:15,109 --> 01:35:12,639

and so

2535

01:35:17,350 --> 01:35:15,119

with that being said i think the future

2536

01:35:18,310 --> 01:35:17,360

is that they will be more

2537

01:35:20,470 --> 01:35:18,320

able to

2538

01:35:21,990 --> 01:35:20,480

release information especially us space

2539

01:35:24,550 --> 01:35:22,000

force

2540

01:35:26,310 --> 01:35:24,560

because they they are responsible for

2541

01:35:27,270 --> 01:35:26,320

everything from

2542

01:35:31,990 --> 01:35:27,280

the

2543

01:35:33,990 --> 01:35:32,000

space begins and on up

2544

01:35:36,629 --> 01:35:34,000

so i would look to us space force

2545

01:35:38,470 --> 01:35:36,639

actually being the one more able to talk

2546

01:35:40,870 --> 01:35:38,480

about in the future

2547

01:35:43,109 --> 01:35:40,880

well speaking of looking up further tam

2548

01:35:45,350 --> 01:35:43,119

also wanted to know what can you tell us

2549

01:35:47,270 --> 01:35:45,360

about what to what to expect when the

2550

01:35:48,870 --> 01:35:47,280

james webb telescope

2551  
01:35:49,990 --> 01:35:48,880  
is unveiled and what you think it may

2552  
01:35:52,550 --> 01:35:50,000  
find

2553  
01:35:54,709 --> 01:35:52,560  
um well the james webb telescope to be

2554  
01:35:56,870 --> 01:35:54,719  
sure it is not like hubble

2555  
01:35:58,950 --> 01:35:56,880  
hubble is an optical scope that has some

2556  
01:36:00,149 --> 01:35:58,960  
ir capabilities that it can actually

2557  
01:36:01,189 --> 01:36:00,159  
filter

2558  
01:36:03,910 --> 01:36:01,199  
uh

2559  
01:36:07,030 --> 01:36:03,920  
some of the light to determine like

2560  
01:36:08,950 --> 01:36:07,040  
what uh what the composition of that

2561  
01:36:10,470 --> 01:36:08,960  
light might be in terms of gases on

2562  
01:36:12,790 --> 01:36:10,480  
another planet

2563  
01:36:15,590 --> 01:36:12,800

the james white telescope is ir

2564

01:36:18,229 --> 01:36:15,600  
and infrared and it's going to see

2565

01:36:20,709 --> 01:36:18,239  
things that um

2566

01:36:22,070 --> 01:36:20,719  
we're not able to see with hubble

2567

01:36:25,270 --> 01:36:22,080  
it will see

2568

01:36:27,830 --> 01:36:25,280  
in below what we can see with our own

2569

01:36:29,750 --> 01:36:27,840  
eyes what hubble can detect with its own

2570

01:36:31,990 --> 01:36:29,760  
mirrors and lenses

2571

01:36:33,990 --> 01:36:32,000  
um so it's not like a telescope in our

2572

01:36:35,990 --> 01:36:34,000  
in the sense that it's a long scope with

2573

01:36:38,070 --> 01:36:36,000  
like lenses and stuff you know it's not

2574

01:36:39,830 --> 01:36:38,080  
like that it's not a total lens on your

2575

01:36:42,790 --> 01:36:39,840  
camera in space

2576  
01:36:44,870 --> 01:36:42,800  
um there's sensors that are cool to darn

2577  
01:36:47,030 --> 01:36:44,880  
near absolute zero

2578  
01:36:49,510 --> 01:36:47,040  
to freeze the mirror so there's no

2579  
01:36:50,550 --> 01:36:49,520  
vibration of the atoms that make up that

2580  
01:36:54,070 --> 01:36:50,560  
mirror

2581  
01:36:55,590 --> 01:36:54,080  
so there's no vibration in the um

2582  
01:36:57,430 --> 01:36:55,600  
the electronics

2583  
01:37:00,390 --> 01:36:57,440  
package that flies with it that

2584  
01:37:02,149 --> 01:37:00,400  
processes that image they cool it down

2585  
01:37:04,229 --> 01:37:02,159  
um

2586  
01:37:07,030 --> 01:37:04,239  
in the absolute zero range

2587  
01:37:08,870 --> 01:37:07,040  
and so it's gonna be like no

2588  
01:37:11,750 --> 01:37:08,880

interference whatsoever so you're gonna

2589

01:37:12,950 --> 01:37:11,760

get clear concise images of the energy

2590

01:37:15,350 --> 01:37:12,960

out there

2591

01:37:17,510 --> 01:37:15,360

the electromagnetic in the infrared

2592

01:37:19,430 --> 01:37:17,520

region energy that's out there and

2593

01:37:20,709 --> 01:37:19,440

you're gonna see space that we've never

2594

01:37:21,990 --> 01:37:20,719

seen before

2595

01:37:24,070 --> 01:37:22,000

you're going to see

2596

01:37:28,149 --> 01:37:24,080

manifestations of that energy you've

2597

01:37:30,790 --> 01:37:28,159

never seen before and my personal hope

2598

01:37:32,950 --> 01:37:30,800

is that james webb space telescope

2599

01:37:34,790 --> 01:37:32,960

will be able to detect

2600

01:37:35,830 --> 01:37:34,800

the appearance of

2601

01:37:37,830 --> 01:37:35,840

um

2602

01:37:39,910 --> 01:37:37,840

craft coming into our solar system and

2603

01:37:41,590 --> 01:37:39,920

leaving our solar system if they leave a

2604

01:37:42,390 --> 01:37:41,600

energy wake

2605

01:37:44,709 --> 01:37:42,400

uh

2606

01:37:45,750 --> 01:37:44,719

in its path i'm hoping that that would

2607

01:37:49,189 --> 01:37:45,760

happen

2608

01:37:50,950 --> 01:37:49,199

um it's designed to peer like 200

2609

01:37:52,629 --> 01:37:50,960

million years after the big bang they're

2610

01:37:55,510 --> 01:37:52,639

going like way back

2611

01:37:57,990 --> 01:37:55,520

it's an effect a time machine of its own

2612

01:37:59,910 --> 01:37:58,000

if you if you want to use that word

2613

01:38:01,669 --> 01:37:59,920

loosely and the fact that they can look

2614

01:38:04,390 --> 01:38:01,679

at something because light takes so long

2615

01:38:06,629 --> 01:38:04,400

to travel they can go all the way back

2616

01:38:09,109 --> 01:38:06,639

and look at light as it left the

2617

01:38:11,030 --> 01:38:09,119

singularity we call the big bang 200

2618

01:38:11,750 --> 01:38:11,040

million years after

2619

01:38:13,350 --> 01:38:11,760

and

2620

01:38:15,830 --> 01:38:13,360

with the estimated

2621

01:38:17,990 --> 01:38:15,840

universe the age of the universe that's

2622

01:38:19,270 --> 01:38:18,000

almost instantaneous to the creation of

2623

01:38:20,149 --> 01:38:19,280

the universe and that's what they want

2624

01:38:22,310 --> 01:38:20,159

to see

2625

01:38:23,590 --> 01:38:22,320

that's what's out there northrop grumman

2626

01:38:25,030 --> 01:38:23,600

teases

2627

01:38:27,830 --> 01:38:25,040

and norfolk grumman is the system

2628

01:38:29,669 --> 01:38:27,840

integrator northrop grumman teases that

2629

01:38:36,070 --> 01:38:29,679

the jaseway telescope

2630

01:38:40,390 --> 01:38:38,229

looking back in the time and might tell

2631

01:38:41,189 --> 01:38:40,400

us the origins of humans where we came

2632

01:38:42,629 --> 01:38:41,199

from

2633

01:38:44,629 --> 01:38:42,639

and who we are

2634

01:38:46,790 --> 01:38:44,639

it's in their literature about the james

2635

01:38:48,149 --> 01:38:46,800

wood telescope so i have great hopes for

2636

01:38:51,990 --> 01:38:48,159

that

2637

01:38:53,590 --> 01:38:52,000

listener questions john and then very

2638

01:38:55,109 --> 01:38:53,600

quickly to finish off with a quick fire

2639

01:38:57,669 --> 01:38:55,119

in the remaining time we have before you

2640

01:39:00,149 --> 01:38:57,679

hit that happy hour bar um dave wants to

2641

01:39:01,750 --> 01:39:00,159

know really interesting question do you

2642

01:39:04,310 --> 01:39:01,760

think that they were out there trying to

2643

01:39:07,030 --> 01:39:04,320

get a reaction from phenomena during the

2644

01:39:09,430 --> 01:39:07,040

recent uss russell and uss omaha

2645

01:39:11,590 --> 01:39:09,440

incidents that we saw the footage from

2646

01:39:13,990 --> 01:39:11,600

yeah i saw that footage um i would say

2647

01:39:17,109 --> 01:39:14,000

this that the infrared image you saw

2648

01:39:20,470 --> 01:39:17,119

that green screen a little circle

2649

01:39:23,109 --> 01:39:20,480

that is not the infrared system on board

2650

01:39:24,229 --> 01:39:23,119

uss omaha it has a very sophisticated

2651  
01:39:26,470 --> 01:39:24,239  
system

2652  
01:39:27,750 --> 01:39:26,480  
so that looked like someone's night

2653  
01:39:28,950 --> 01:39:27,760  
vision

2654  
01:39:31,109 --> 01:39:28,960  
equipment

2655  
01:39:33,830 --> 01:39:31,119  
that's not the official

2656  
01:39:35,669 --> 01:39:33,840  
equipment on board uh the us's omaha it

2657  
01:39:38,070 --> 01:39:35,679  
is remarkable um

2658  
01:39:40,550 --> 01:39:38,080  
but as far as the that's one where the

2659  
01:39:41,750 --> 01:39:40,560  
detected triangular craft

2660  
01:39:44,070 --> 01:39:41,760  
i believe

2661  
01:39:47,430 --> 01:39:44,080  
yeah yes on both of those

2662  
01:39:53,189 --> 01:39:50,390  
sometimes i wonder if

2663  
01:39:54,550 --> 01:39:53,199

they are they being whoever's driving

2664

01:39:57,270 --> 01:39:54,560

these craft

2665

01:39:59,350 --> 01:39:57,280

are basically saying here we are go find

2666

01:40:01,510 --> 01:39:59,360

come find us you know just here's some

2667

01:40:03,830 --> 01:40:01,520

more things to look at it's almost like

2668

01:40:06,870 --> 01:40:03,840

they're putting on a show for us

2669

01:40:09,750 --> 01:40:06,880

and that's that's my take on it

2670

01:40:11,750 --> 01:40:09,760

um but i looked at that image and i

2671

01:40:12,550 --> 01:40:11,760

looked at the scope picture now i used

2672

01:40:15,590 --> 01:40:12,560

to

2673

01:40:17,669 --> 01:40:15,600

be in the navy and i know what um

2674

01:40:20,709 --> 01:40:17,679

the tactical data system looks looks

2675

01:40:23,430 --> 01:40:20,719

like i know the symbology used now

2676

01:40:24,790 --> 01:40:23,440

mil-spec 2525 there's certain symbology

2677

01:40:27,270 --> 01:40:24,800

on that scope

2678

01:40:29,750 --> 01:40:27,280

or unknown unidentified uh airborne

2679

01:40:33,270 --> 01:40:29,760

contact i did not see it on the scope

2680

01:40:36,149 --> 01:40:33,280

image and also i point out that in cic

2681

01:40:37,830 --> 01:40:36,159

uh you're not going to be taking

2682

01:40:39,189 --> 01:40:37,840

personal images

2683

01:40:41,030 --> 01:40:39,199

of that scope

2684

01:40:43,030 --> 01:40:41,040

that's not going to happen

2685

01:40:45,030 --> 01:40:43,040

that that does not happen so i don't

2686

01:40:46,870 --> 01:40:45,040

know where that image came from i don't

2687

01:40:47,750 --> 01:40:46,880

know if it's official because in the

2688

01:40:49,750 --> 01:40:47,760

navy

2689

01:40:51,669 --> 01:40:49,760

you can actually record that scope image

2690

01:40:53,669 --> 01:40:51,679

electronically

2691

01:40:55,910 --> 01:40:53,679

and you can actually record the radar

2692

01:40:58,310 --> 01:40:55,920

data electronically you can go back

2693

01:40:59,830 --> 01:40:58,320

and look at that data precisely

2694

01:41:02,229 --> 01:40:59,840

um so

2695

01:41:04,550 --> 01:41:02,239

i i don't i question that

2696

01:41:05,830 --> 01:41:04,560

i don't question the fact that the craft

2697

01:41:07,669 --> 01:41:05,840

appeared

2698

01:41:09,830 --> 01:41:07,679

um i questioned because the navy said

2699

01:41:11,990 --> 01:41:09,840

yes the craft did appear that they said

2700

01:41:14,310 --> 01:41:12,000

yeah the craft appeared and they said

2701  
01:41:16,870 --> 01:41:14,320  
yeah that looks like what we saw but i

2702  
01:41:18,950 --> 01:41:16,880  
don't know if that's official navy

2703  
01:41:20,470 --> 01:41:18,960  
uh imagery it doesn't look official

2704  
01:41:22,550 --> 01:41:20,480  
maybe imagery it looks like someone

2705  
01:41:23,510 --> 01:41:22,560  
snuck a video in

2706  
01:41:26,870 --> 01:41:23,520  
and

2707  
01:41:28,870 --> 01:41:26,880  
the point is there's better imagery that

2708  
01:41:31,990 --> 01:41:28,880  
the government has that it's not

2709  
01:41:34,870 --> 01:41:32,000  
revealing but they allow the teasers

2710  
01:41:37,189 --> 01:41:34,880  
taken by individuals to show up but i

2711  
01:41:39,109 --> 01:41:37,199  
want the real image

2712  
01:41:41,830 --> 01:41:39,119  
yeah those those teasers still ended up

2713  
01:41:43,430 --> 01:41:41,840

on cnn fox good morning america and

2714

01:41:45,430 --> 01:41:43,440

other news networks around the world and

2715

01:41:46,790 --> 01:41:45,440

like you say those control rods if

2716

01:41:48,629 --> 01:41:46,800

you're going to do it that's a good way

2717

01:41:51,430 --> 01:41:48,639

kind of testing the water for the

2718

01:41:53,669 --> 01:41:51,440

general populace um final question john

2719

01:41:55,510 --> 01:41:53,679

from mark and we keep hearing and you

2720

01:41:59,030 --> 01:41:55,520

mentioned it john that there is a 23

2721

01:42:01,669 --> 01:41:59,040

minute video of a uap or uaps

2722

01:42:03,830 --> 01:42:01,679

given that the us degraded spy satellite

2723

01:42:06,070 --> 01:42:03,840

photos in the cold war to ensure our

2724

01:42:08,709 --> 01:42:06,080

enemies didn't know our exact technical

2725

01:42:10,470 --> 01:42:08,719

capabilities is there any valid reason

2726

01:42:13,910 --> 01:42:10,480

that the dod could not release the

2727

01:42:15,750 --> 01:42:13,920

23-minute video degraded so to speak so

2728

01:42:18,310 --> 01:42:15,760

it does not reveal any sensitive

2729

01:42:20,950 --> 01:42:18,320

information or capabilities

2730

01:42:22,870 --> 01:42:20,960

um that's a good question for lewis

2731

01:42:24,310 --> 01:42:22,880

the only reason why i know about the 23

2732

01:42:27,830 --> 01:42:24,320

minute video is because he said there

2733

01:42:30,550 --> 01:42:27,840

was a 23 minute video he has yet know

2734

01:42:35,109 --> 01:42:30,560

um but to answer the broader question

2735

01:42:37,910 --> 01:42:35,119

um as far as imagery goes um

2736

01:42:38,629 --> 01:42:37,920

i don't see why not they can't release

2737

01:42:44,629 --> 01:42:38,639

the

2738

01:42:47,669 --> 01:42:44,639

is

2739

01:42:49,510 --> 01:42:47,679

i don't know if it's from a us air force

2740

01:42:50,870 --> 01:42:49,520

aircraft with cameras on board because

2741

01:42:52,470 --> 01:42:50,880

we have several

2742

01:42:54,149 --> 01:42:52,480

uh what we call

2743

01:42:57,350 --> 01:42:54,159

intelligent surveillance reconnaissance

2744

01:42:59,590 --> 01:42:57,360

isr aircraft in fact a lot of them fly

2745

01:43:02,470 --> 01:42:59,600

from the uk

2746

01:43:03,669 --> 01:43:02,480

a combat scent uh combat scent and rivet

2747

01:43:05,109 --> 01:43:03,679

joint

2748

01:43:07,189 --> 01:43:05,119

there's cobra ball

2749

01:43:08,830 --> 01:43:07,199

flying in the pacific but cover ball can

2750

01:43:10,790 --> 01:43:08,840

also fly

2751

01:43:12,790 --> 01:43:10,800

elsewhere um but

2752

01:43:13,990 --> 01:43:12,800

they have some specific sophisticated

2753

01:43:17,350 --> 01:43:14,000

cameras

2754

01:43:19,030 --> 01:43:17,360

and they can be easily downgraded um

2755

01:43:20,629 --> 01:43:19,040

because it doesn't show national

2756

01:43:21,669 --> 01:43:20,639

technical means they're more tactical in

2757

01:43:23,910 --> 01:43:21,679

nature

2758

01:43:25,350 --> 01:43:23,920

can i ask your opinion john and this is

2759

01:43:26,709 --> 01:43:25,360

because you mentioned that you talked

2760

01:43:29,990 --> 01:43:26,719

about those satellites being able to

2761

01:43:33,030 --> 01:43:30,000

find an image on a 25 centimeter square

2762

01:43:34,470 --> 01:43:33,040

paper from 600 kilometers now with with

2763

01:43:36,950 --> 01:43:34,480

this footage i think there's always an

2764

01:43:39,430 --> 01:43:36,960

assumption that it's taking over over

2765

01:43:43,189 --> 01:43:39,440

u.s space or water is there a chance

2766

01:43:45,270 --> 01:43:43,199

that the 23 minute video is filmed using

2767

01:43:50,310 --> 01:43:45,280

equipment over north korea and that the

2768

01:43:51,830 --> 01:43:50,320

u.s has footage of of this uap or uaps

2769

01:43:53,510 --> 01:43:51,840

but it's over an area that they

2770

01:43:55,189 --> 01:43:53,520

shouldn't be looking at so that's why

2771

01:43:56,870 --> 01:43:55,199

it's not allowed to be released

2772

01:43:59,430 --> 01:43:56,880

um the north koreans know we're

2773

01:44:01,189 --> 01:43:59,440

overflying their territory oh well you

2774

01:44:02,229 --> 01:44:01,199

know north korea russia china just

2775

01:44:05,109 --> 01:44:02,239

whatever but

2776

01:44:09,830 --> 01:44:07,270

would that even make a difference to you

2777

01:44:11,669 --> 01:44:09,840

no because i mean we know that uh this

2778

01:44:13,510 --> 01:44:11,679

the russians fl overfly our territorial

2779

01:44:15,030 --> 01:44:13,520

satellites the chinese overflyer

2780

01:44:17,030 --> 01:44:15,040

territories

2781

01:44:17,990 --> 01:44:17,040

chinese overfly russia

2782

01:44:19,430 --> 01:44:18,000

you know

2783

01:44:20,550 --> 01:44:19,440

like russia i mean we all reply

2784

01:44:22,950 --> 01:44:20,560

everybody

2785

01:44:25,350 --> 01:44:22,960

um and with especially with russia i

2786

01:44:27,590 --> 01:44:25,360

mean we have a treaty agreements that we

2787

01:44:28,950 --> 01:44:27,600

can inspect each other's uh for example

2788

01:44:31,030 --> 01:44:28,960

missile silos

2789

01:44:32,790 --> 01:44:31,040

we exchanged data i mean every time the

2790

01:44:34,950 --> 01:44:32,800

russians were fight

2791

01:44:36,709 --> 01:44:34,960

in the new start treaty five times per

2792

01:44:38,950 --> 01:44:36,719

year the russians will deliver their

2793

01:44:39,669 --> 01:44:38,960

telemetry data about their missiles to

2794

01:44:42,550 --> 01:44:39,679

us

2795

01:44:46,149 --> 01:44:42,560

we'll deliver our tests about our uh

2796

01:44:47,189 --> 01:44:46,159

icbms to russia i mean we had china we

2797

01:44:48,870 --> 01:44:47,199

had

2798

01:44:51,750 --> 01:44:48,880

russian officers

2799

01:44:53,030 --> 01:44:51,760

inside a top secret lab

2800

01:44:55,590 --> 01:44:53,040

because they were installing the

2801  
01:44:56,870 --> 01:44:55,600  
equipment we needed to use to spend

2802  
01:45:00,629 --> 01:44:56,880  
their tapes

2803  
01:45:02,870 --> 01:45:00,639  
so to speak and we we cia had our

2804  
01:45:04,790 --> 01:45:02,880  
technicians our engineers our analysts

2805  
01:45:06,149 --> 01:45:04,800  
in their labs because they needed to

2806  
01:45:08,390 --> 01:45:06,159  
spend our tapes

2807  
01:45:10,390 --> 01:45:08,400  
i mean you'd be you'd be surprised the

2808  
01:45:11,910 --> 01:45:10,400  
cooperation amongst intelligence

2809  
01:45:14,470 --> 01:45:11,920  
services there's almost like a

2810  
01:45:15,750 --> 01:45:14,480  
professional courtesy kind of thing you

2811  
01:45:19,510 --> 01:45:15,760  
know we

2812  
01:45:21,430 --> 01:45:19,520  
to the bar

2813  
01:45:23,510 --> 01:45:21,440

have happy hour together it's that kind

2814

01:45:26,310 --> 01:45:23,520

of relationship in many cases

2815

01:45:29,030 --> 01:45:26,320

um it's not adversarial um the proxies

2816

01:45:31,189 --> 01:45:29,040

are adversarial to answer that question

2817

01:45:32,149 --> 01:45:31,199

i don't see why i mean

2818

01:45:34,870 --> 01:45:32,159

the

2819

01:45:37,189 --> 01:45:34,880

north koreans know what we're looking at

2820

01:45:39,430 --> 01:45:37,199

uh because we go to the the six-party

2821

01:45:40,950 --> 01:45:39,440

talks we told the korean north koreans

2822

01:45:42,390 --> 01:45:40,960

hey we know you're you have a nuclear

2823

01:45:45,109 --> 01:45:42,400

facility here

2824

01:45:46,870 --> 01:45:45,119

in ponge here's a picture of it i don't

2825

01:45:48,870 --> 01:45:46,880

know what's going on here i mean they

2826

01:45:51,510 --> 01:45:48,880

know so i don't think

2827

01:45:53,189 --> 01:45:51,520

i don't think that would preclude

2828

01:45:54,790 --> 01:45:53,199

showing it i i i

2829

01:45:56,229 --> 01:45:54,800

can't see any reason but which is good

2830

01:45:57,990 --> 01:45:56,239

to hear and that's just the case well i

2831

01:46:00,310 --> 01:45:58,000

say it's good in one way but it's just

2832

01:46:01,990 --> 01:46:00,320

being kept back for for other reasons

2833

01:46:04,149 --> 01:46:02,000

that might not be valid i don't know

2834

01:46:06,149 --> 01:46:04,159

maybe it's that somebody made a decision

2835

01:46:07,830 --> 01:46:06,159

let's leave that rod in the in the

2836

01:46:09,270 --> 01:46:07,840

nuclear reactor and not pull it out

2837

01:46:11,510 --> 01:46:09,280

because that might cause a chain

2838

01:46:12,550 --> 01:46:11,520

reaction with unintended consequences i

2839

01:46:17,590 --> 01:46:12,560

don't know

2840

01:46:21,590 --> 01:46:19,350

john we're almost out of time i'd like

2841

01:46:23,430 --> 01:46:21,600

to finish off the quick fire i've got um

2842

01:46:25,109 --> 01:46:23,440

five subjects i'd like you to share just

2843

01:46:26,870 --> 01:46:25,119

a couple of words on a sentence about

2844

01:46:29,750 --> 01:46:26,880

that we've not managed to talk about yet

2845

01:46:31,030 --> 01:46:29,760

in the body of the interview

2846

01:46:32,790 --> 01:46:31,040

so the first one that you've actually

2847

01:46:34,790 --> 01:46:32,800

mentioned very briefly about crop

2848

01:46:36,390 --> 01:46:34,800

circles yeah

2849

01:46:38,070 --> 01:46:36,400

what are your thoughts

2850

01:46:39,910 --> 01:46:38,080

um

2851

01:46:42,149 --> 01:46:39,920

i believe in crop circles i believe

2852

01:46:44,790 --> 01:46:42,159

there are messages in crop circles

2853

01:46:46,390 --> 01:46:44,800

um i have to believe that if there are

2854

01:46:48,390 --> 01:46:46,400

messages in crop circles it's not

2855

01:46:50,149 --> 01:46:48,400

ignored and the agency that will

2856

01:46:51,750 --> 01:46:50,159

probably

2857

01:46:53,990 --> 01:46:51,760

nga would be the agency that would have

2858

01:46:57,430 --> 01:46:54,000

taken pictures of crop circles by the

2859

01:46:59,910 --> 01:46:57,440

way we cannot image the uk

2860

01:47:01,910 --> 01:46:59,920

uh it's agreement that we don't spy spy

2861

01:47:04,709 --> 01:47:01,920

we're spying on friends

2862

01:47:07,510 --> 01:47:04,719

so we do not image the uk um so most of

2863

01:47:09,990 --> 01:47:07,520

a lot of cross circles occur in the uk

2864

01:47:10,790 --> 01:47:10,000

um but we can't image that

2865

01:47:12,870 --> 01:47:10,800

but

2866

01:47:15,109 --> 01:47:12,880

the uk government can

2867

01:47:17,270 --> 01:47:15,119

and so um

2868

01:47:19,750 --> 01:47:17,280

i would have to believe and i'm going

2869

01:47:20,790 --> 01:47:19,760

way over time the nsa might be able to

2870

01:47:22,390 --> 01:47:20,800

interpret

2871

01:47:24,629 --> 01:47:22,400

what's in the crops across terms of a

2872

01:47:26,470 --> 01:47:24,639

message

2873

01:47:28,229 --> 01:47:26,480

the next one would be your thoughts on

2874

01:47:28,500 --> 01:47:28,239

remote defuming

2875

01:47:29,669 --> 01:47:28,510

um

2876

01:47:32,550 --> 01:47:29,679

[Music]

2877

01:47:33,510 --> 01:47:32,560

i actually uh have two remote viewing

2878

01:47:37,510 --> 01:47:33,520

courses

2879

01:47:39,590 --> 01:47:37,520

uh marketed by major ed danes

2880

01:47:44,070 --> 01:47:39,600

one is a very old one vhs and one's a

2881

01:47:48,310 --> 01:47:46,709

it's a true i actually seen

2882

01:47:49,270 --> 01:47:48,320

remote viewing

2883

01:47:50,709 --> 01:47:49,280

products

2884

01:47:52,390 --> 01:47:50,719

i didn't know they were remote viewing

2885

01:47:53,830 --> 01:47:52,400

they didn't tell me and the remote

2886

01:47:55,830 --> 01:47:53,840

viewers didn't know where their products

2887

01:47:58,470 --> 01:47:55,840

went so they do their drawings that

2888

01:47:59,350 --> 01:47:58,480

write up their reports and it gets filed

2889

01:48:01,430 --> 01:47:59,360

away

2890

01:48:03,910 --> 01:48:01,440

what it does is what happens is it comes

2891

01:48:06,470 --> 01:48:03,920

to the weapons analyst if it's a weapon

2892

01:48:08,790 --> 01:48:06,480

to dia cia so i actually had remote

2893

01:48:09,830 --> 01:48:08,800

viewing products i met uh

2894

01:48:11,990 --> 01:48:09,840

uh

2895

01:48:14,470 --> 01:48:12,000

paul smith dr paul smith was a remote

2896

01:48:16,310 --> 01:48:14,480

viewer and he grew up at breakfast he

2897

01:48:17,910 --> 01:48:16,320

drew out something that he removed use i

2898

01:48:18,709 --> 01:48:17,920

remember that this is this and this is

2899

01:48:23,030 --> 01:48:18,719

that

2900

01:48:24,470 --> 01:48:23,040

because what you did came to me

2901

01:48:26,229 --> 01:48:24,480

so i made that connection with them that

2902

01:48:28,149 --> 01:48:26,239

was kind of cool

2903

01:48:30,310 --> 01:48:28,159

thank you for that one and the next one

2904

01:48:31,510 --> 01:48:30,320

is the fact that there may be underwater

2905

01:48:33,830 --> 01:48:31,520

bases

2906

01:48:35,669 --> 01:48:33,840

at catalina or catalina islands

2907

01:48:37,590 --> 01:48:35,679

something you related to before

2908

01:48:40,709 --> 01:48:37,600

you know what it's in catalina as uh

2909

01:48:43,030 --> 01:48:40,719

special forces uh the seals

2910

01:48:44,070 --> 01:48:43,040

down there and they do exercise down

2911

01:48:46,550 --> 01:48:44,080

there

2912

01:48:49,109 --> 01:48:46,560

um i don't know about underwater bases i

2913

01:48:51,030 --> 01:48:49,119

mean don't think of like uh james mom

2914

01:48:53,669 --> 01:48:51,040

movie underwater base

2915

01:48:55,990 --> 01:48:53,679

um it would not surprise me that there

2916

01:48:57,430 --> 01:48:56,000

are like you know a sub tender i don't

2917

01:49:00,390 --> 01:48:57,440

know if your audience knows what a

2918

01:49:02,629 --> 01:49:00,400

submarine tender is but it's a ship

2919

01:49:03,830 --> 01:49:02,639

designed to service submarines that come

2920

01:49:05,430 --> 01:49:03,840

alongside

2921

01:49:06,870 --> 01:49:05,440

and you know they can

2922

01:49:08,390 --> 01:49:06,880

service the submarines with equipment

2923

01:49:09,990 --> 01:49:08,400

and so forth

2924

01:49:13,510 --> 01:49:10,000

it wouldn't surprise me if their

2925

01:49:18,229 --> 01:49:16,629

u.s navy kind of assets like that

2926

01:49:21,510 --> 01:49:18,239

underwater

2927

01:49:23,510 --> 01:49:21,520

uh submarine tenders uh as far as a uap

2928

01:49:25,350 --> 01:49:23,520

presence underwater we kind of know that

2929

01:49:29,910 --> 01:49:25,360

because they go in and out

2930

01:49:35,270 --> 01:49:32,229

that seems to be a popular one

2931

01:49:37,109 --> 01:49:35,280

and i would say this um i can say this

2932

01:49:39,270 --> 01:49:37,119

as a foia point

2933

01:49:41,910 --> 01:49:39,280

the navy has a program called

2934

01:49:45,589 --> 01:49:41,920

naval special programs nsp i can say

2935

01:49:49,189 --> 01:49:45,599

that it's heavily heavily heavily sound

2936

01:49:52,310 --> 01:49:49,199

and um that i can say that because my

2937

01:49:55,270 --> 01:49:52,320

predecessor in the elan office at cia

2938

01:49:57,510 --> 01:49:55,280

gene poteet actually started the naval

2939

01:50:00,310 --> 01:49:57,520

on the nsp program and he actually wrote

2940

01:50:02,709 --> 01:50:00,320

about it in open source literature

2941

01:50:05,510 --> 01:50:02,719

so ask the navy about that and they're

2942

01:50:08,229 --> 01:50:05,520

just freaking out because i said nsp

2943

01:50:09,669 --> 01:50:08,239

but i can source it they're like getting

2944

01:50:14,629 --> 01:50:09,679

they're getting the counter intelligence

2945

01:50:17,910 --> 01:50:16,550

two more john the first one is alien

2946

01:50:19,990 --> 01:50:17,920

abductions

2947

01:50:22,870 --> 01:50:20,000

yeah um again i

2948

01:50:25,270 --> 01:50:22,880

i was taken and here's the difference i

2949

01:50:27,910 --> 01:50:25,280

i wanted to be taken i planted sunflower

2950

01:50:30,229 --> 01:50:27,920

seeds so to grow into sunflowers for

2951  
01:50:31,990 --> 01:50:30,239  
some reason i was downloaded that you

2952  
01:50:33,430 --> 01:50:32,000  
need to do sunflowers

2953  
01:50:35,109 --> 01:50:33,440  
i don't know if that occurred anywhere

2954  
01:50:37,109 --> 01:50:35,119  
in anyone else's experiences that

2955  
01:50:38,629 --> 01:50:37,119  
sunflowers are important

2956  
01:50:40,390 --> 01:50:38,639  
but they were they took me and i wanted

2957  
01:50:41,669 --> 01:50:40,400  
to be taken because i wanted them not to

2958  
01:50:44,310 --> 01:50:41,679  
bring me back

2959  
01:50:47,109 --> 01:50:44,320  
please take me with you why am i here

2960  
01:50:48,390 --> 01:50:47,119  
um and so that's my taken experience now

2961  
01:50:50,870 --> 01:50:48,400  
for

2962  
01:50:55,589 --> 01:50:50,880  
military abductions again

2963  
01:50:57,510 --> 01:50:55,599

um your best source is um melinda leslie

2964

01:51:01,589 --> 01:50:57,520

and finally are we heading towards

2965

01:51:05,109 --> 01:51:03,189

uh well one

2966

01:51:07,910 --> 01:51:05,119

i don't like the disclosure word as you

2967

01:51:09,669 --> 01:51:07,920

know i like dissemination and it's on

2968

01:51:11,189 --> 01:51:09,679

some controlled schedule

2969

01:51:14,709 --> 01:51:11,199

dissemination

2970

01:51:16,790 --> 01:51:14,719

uh will lead to confirmation

2971

01:51:19,270 --> 01:51:16,800

they'll have to come up and say

2972

01:51:21,510 --> 01:51:19,280

okay this is what's been happening

2973

01:51:23,270 --> 01:51:21,520

and this is where we really come from

2974

01:51:25,030 --> 01:51:23,280

once they can say

2975

01:51:27,750 --> 01:51:25,040

this is where humanity actually come

2976

01:51:30,149 --> 01:51:27,760

from came from and this is why we don't

2977

01:51:32,950 --> 01:51:30,159

look like our primate brothers and

2978

01:51:35,270 --> 01:51:32,960

sisters at the zoo or in the wild in the

2979

01:51:37,109 --> 01:51:35,280

jungles i don't i don't like zeus i like

2980

01:51:38,070 --> 01:51:37,119

all animals to be free

2981

01:51:39,189 --> 01:51:38,080

um

2982

01:51:40,790 --> 01:51:39,199

when they can

2983

01:51:42,629 --> 01:51:40,800

build that bridge

2984

01:51:45,750 --> 01:51:42,639

that's when you're gonna get the full

2985

01:51:47,350 --> 01:51:45,760

i'll call it the fullness of faith

2986

01:51:49,830 --> 01:51:47,360

because it's to me i believe in

2987

01:51:52,149 --> 01:51:49,840

faith-based ufology i can't prove

2988

01:51:54,070 --> 01:51:52,159

anything it's like i can't prove god

2989

01:51:56,229 --> 01:51:54,080

but i know god exists in some way you

2990

01:51:59,109 --> 01:51:56,239

know it's a personal religion kind of

2991

01:52:00,629 --> 01:51:59,119

thing no one can prove anything but it's

2992

01:52:03,350 --> 01:52:00,639

based on faith and that's the way i

2993

01:52:05,030 --> 01:52:03,360

approach ufology it's faith-based i

2994

01:52:06,550 --> 01:52:05,040

believe it

2995

01:52:08,790 --> 01:52:06,560

john you've been really generous with

2996

01:52:11,270 --> 01:52:08,800

your time um i appreciate you've made a

2997

01:52:13,430 --> 01:52:11,280

big impact in a very small time frame in

2998

01:52:15,350 --> 01:52:13,440

the ufo community you've certainly

2999

01:52:17,669 --> 01:52:15,360

caused a lot of topics of conversation i

3000

01:52:19,589 --> 01:52:17,679

appreciate your your openness and your

3001  
01:52:22,070 --> 01:52:19,599  
your willingness to speculate at where

3002  
01:52:23,750 --> 01:52:22,080  
possible too um what's next for you

3003  
01:52:25,669 --> 01:52:23,760  
within the community are you planning on

3004  
01:52:28,229 --> 01:52:25,679  
sticking around um have you got more

3005  
01:52:30,390 --> 01:52:28,239  
interviews planned and what's next

3006  
01:52:32,070 --> 01:52:30,400  
uh there are a lot of folks who reached

3007  
01:52:34,229 --> 01:52:32,080  
out to me um

3008  
01:52:35,750 --> 01:52:34,239  
to do as you're doing today on various

3009  
01:52:37,189 --> 01:52:35,760  
podcasts

3010  
01:52:42,310 --> 01:52:37,199  
um

3011  
01:52:44,149 --> 01:52:42,320  
talking i would close my twitter account

3012  
01:52:47,589 --> 01:52:44,159  
and i would never breathe another word

3013  
01:52:49,109 --> 01:52:47,599

about this when they finally say

3014

01:52:51,030 --> 01:52:49,119

we're hybrids

3015

01:52:53,750 --> 01:52:51,040

and that's where we came from

3016

01:52:55,830 --> 01:52:53,760

and because we're hybrids those who

3017

01:52:56,790 --> 01:52:55,840

created us as hybrids are here to help

3018

01:52:59,030 --> 01:52:56,800

us

3019

01:53:00,550 --> 01:52:59,040

when they can say that uh mission

3020

01:53:03,189 --> 01:53:00,560

accomplished for me

3021

01:53:05,669 --> 01:53:03,199

because that's a big big step forward

3022

01:53:07,750 --> 01:53:05,679

and understand who we are i actually

3023

01:53:10,390 --> 01:53:07,760

believe they're going to be people upset

3024

01:53:12,950 --> 01:53:10,400

but i hope it brings some sense of

3025

01:53:14,310 --> 01:53:12,960

community of who we are get rid of our

3026

01:53:16,629 --> 01:53:14,320

differences get rid of these petty

3027

01:53:18,550 --> 01:53:16,639

differences based on skin color uh

3028

01:53:20,709 --> 01:53:18,560

national origin all of that stuff it's

3029

01:53:22,550 --> 01:53:20,719

just to me it's nonsense

3030

01:53:24,550 --> 01:53:22,560

uh and if we just

3031

01:53:27,669 --> 01:53:24,560

become earth

3032

01:53:31,510 --> 01:53:27,679

and recognize who we are and then i

3033

01:53:33,589 --> 01:53:31,520

i was i'd be happy very very happy

3034

01:53:35,589 --> 01:53:33,599

that is all for this week's show thank

3035

01:53:37,589 --> 01:53:35,599

you very much for listening please

3036

01:53:40,229 --> 01:53:37,599

remember to leave the podcast to review

3037

01:53:42,550 --> 01:53:40,239

on your chosen platform you can like

3038

01:53:44,470 --> 01:53:42,560

retweet and subscribe that would all be

3039

01:53:46,629 --> 01:53:44,480

very much appreciated the shows are

3040

01:53:48,149 --> 01:53:46,639

being uploaded onto youtube as we speak

3041

01:53:50,709 --> 01:53:48,159

more and more you can sign up at

3042

01:53:53,350 --> 01:53:50,719

patreon.com forward slash that ufo

3043

01:53:55,589 --> 01:53:53,360

podcast access shows ad free as well

3044

01:53:58,470 --> 01:53:55,599

please get in touch on twitter facebook

3045

01:54:02,149 --> 01:53:58,480

instagram that ufo podcast of course on

3046

01:54:04,070 --> 01:54:02,159

twitter it's at ufo uap a.m and again

3047

01:54:06,840 --> 01:54:04,080

folks as always keep looking up you

3048

01:54:27,830 --> 01:54:06,850

never know what you might see

3049

01:54:27,840 --> 01:54:33,900

i don't think he expected me

3050

01:54:33,910 --> 01:55:03,669

[Music]

3051

01:55:06,629 --> 01:55:04,950

there was something on my head and

3052

01:55:08,629 --> 01:55:06,639

everything was weird and everything was

3053

01:55:15,070 --> 01:55:08,639

red i helped my boys they thought this

3054

01:55:30,629 --> 01:55:22,210

[Music]

3055

01:55:30,639 --> 01:55:36,690

she

3056

01:55:36,700 --> 01:55:46,830

[Music]

3057

01:55:46,840 --> 01:55:51,610

considered your lies

3058

01:56:34,950 --> 01:56:06,480

[Music]

3059

01:57:01,189 --> 01:56:36,920

it's very easy
