

# Permanent Select Committee on Intelligence

**X-CIA John Ramirez**

1  
00:00:00,220 --> 00:00:05,349

[Music]

2  
00:00:12,629 --> 00:00:07,510

welcome to new realities coming up is

3  
00:00:15,509 --> 00:00:12,639

john ramirez xcia agent reaction to the

4  
00:00:17,109 --> 00:00:15,519

congressional hearings on uaps but

5  
00:00:19,750 --> 00:00:17,119

before i get to that i just want to tell

6  
00:00:21,830 --> 00:00:19,760

people about a very exciting upcoming

7  
00:00:24,230 --> 00:00:21,840

series on producing with deborah giusti

8  
00:00:26,390 --> 00:00:24,240

which is the making context series it

9  
00:00:29,269 --> 00:00:26,400

starts thursday

10  
00:00:31,229 --> 00:00:29,279

may 19th it's a free session the first

11  
00:00:33,910 --> 00:00:31,239

one go to

12  
00:00:36,549 --> 00:00:33,920

makingcontact.com we have such amazing

13  
00:00:38,950 --> 00:00:36,559

people on the schedule for the whole

14

00:00:41,030 --> 00:00:38,960

series which runs through june such as

15

00:00:44,389 --> 00:00:41,040

linda multan howe whitley strieber nick

16

00:00:47,830 --> 00:00:44,399

pope danny sheehan desiree and jj

17

00:00:50,389 --> 00:00:47,840

hertock adam apollo mary rodwell and

18

00:00:58,150 --> 00:00:50,399

many many more register at

19

00:01:01,750 --> 00:00:59,510

john it's so great to have your

20

00:01:03,910 --> 00:01:01,760

expertise on this um

21

00:01:06,070 --> 00:01:03,920

and what an what an interesting day

22

00:01:06,950 --> 00:01:06,080

right for the first time in 50 years

23

00:01:08,630 --> 00:01:06,960

that

24

00:01:10,630 --> 00:01:08,640

it's trickled down to the house and

25

00:01:13,270 --> 00:01:10,640

trickled down to us and

26  
00:01:17,270 --> 00:01:13,280  
here it is um being broadcast on youtube

27  
00:01:19,190 --> 00:01:17,280  
and john has been um really

28  
00:01:21,190 --> 00:01:19,200  
interested in this his whole life once

29  
00:01:23,670 --> 00:01:21,200  
retired he worked in the signal

30  
00:01:26,950 --> 00:01:23,680  
processing unit of um

31  
00:01:29,190 --> 00:01:26,960  
the cia and he's been

32  
00:01:31,749 --> 00:01:29,200  
you know really understanding this from

33  
00:01:33,030 --> 00:01:31,759  
the the inside you know

34  
00:01:40,469 --> 00:01:33,040  
what

35  
00:01:41,510 --> 00:01:40,479  
done and he's also just really

36  
00:01:43,990 --> 00:01:41,520  
um

37  
00:01:46,149 --> 00:01:44,000  
you know been been a supporter of

38  
00:01:48,230 --> 00:01:46,159

citizens groups to really get down to a

39

00:01:50,870 --> 00:01:48,240

peaceful understanding of what's going

40

00:01:53,429 --> 00:01:50,880

on so we're grateful to have him part of

41

00:01:55,270 --> 00:01:53,439

a community that's um here um talking

42

00:01:56,789 --> 00:01:55,280

about disclosure we're really honored to

43

00:01:58,870 --> 00:01:56,799

have you here today

44

00:02:00,230 --> 00:01:58,880

and what did we see today john what

45

00:02:04,550 --> 00:02:00,240

didn't we see

46

00:02:07,429 --> 00:02:04,560

hoping to see

47

00:02:10,790 --> 00:02:07,439

well um am i being heard yes yes you

48

00:02:13,670 --> 00:02:10,800

sound good yes um what we saw was an

49

00:02:17,110 --> 00:02:13,680

internal process uh hearing

50

00:02:19,030 --> 00:02:17,120

because um i got that internally within

51

00:02:21,110 --> 00:02:19,040

the intelligence community

52

00:02:22,630 --> 00:02:21,120

especially on the military side of the

53

00:02:24,949 --> 00:02:22,640

intelligence community

54

00:02:26,790 --> 00:02:24,959

there's been a lot of

55

00:02:28,790 --> 00:02:26,800

efforts to

56

00:02:31,350 --> 00:02:28,800

suppress information

57

00:02:33,589 --> 00:02:31,360

from the rank-and-file military to

58

00:02:35,110 --> 00:02:33,599

report what they see so that's the

59

00:02:37,190 --> 00:02:35,120

stigma it's not just

60

00:02:39,670 --> 00:02:37,200

of us we the people

61

00:02:42,309 --> 00:02:39,680

uh of reporting um that that might be

62

00:02:43,910 --> 00:02:42,319

addressed later but for this it's

63

00:02:45,750 --> 00:02:43,920

processed within the department of

64

00:02:47,910 --> 00:02:45,760

defense because they're setting up this

65

00:02:49,830 --> 00:02:47,920

uh i guess they're calling it

66

00:02:52,070 --> 00:02:49,840

uh

67

00:02:53,509 --> 00:02:52,080

so i'll use that um

68

00:02:54,790 --> 00:02:53,519

uh to

69

00:02:56,790 --> 00:02:54,800

allow

70

00:02:58,949 --> 00:02:56,800

military people especially on the

71

00:03:01,270 --> 00:02:58,959

intelligence side those that are poor

72

00:03:04,070 --> 00:03:01,280

deploy who are seeing these objects

73

00:03:05,990 --> 00:03:04,080

report these objects without having

74

00:03:09,270 --> 00:03:06,000

their careers impacted

75

00:03:11,350 --> 00:03:09,280

and so with this uh aim sock process the

76  
00:03:13,350 --> 00:03:11,360  
the congress wanted to make sure that

77  
00:03:17,190 --> 00:03:13,360  
that process

78  
00:03:19,509 --> 00:03:17,200  
is starting so that reports will come in

79  
00:03:21,910 --> 00:03:19,519  
because a lot of folks have seen these

80  
00:03:24,470 --> 00:03:21,920  
objects uh in the military and uh just

81  
00:03:25,990 --> 00:03:24,480  
like civilian airline pilots before

82  
00:03:28,149 --> 00:03:26,000  
they didn't want their careers to be

83  
00:03:30,309 --> 00:03:28,159  
impacted so a lot of this was process

84  
00:03:33,190 --> 00:03:30,319  
oriented from congress as part of their

85  
00:03:35,030 --> 00:03:33,200  
oversight responsibilities what do you

86  
00:03:36,229 --> 00:03:35,040  
have in place and

87  
00:03:38,869 --> 00:03:36,239  
is there a

88  
00:03:41,509 --> 00:03:38,879

mechanism to get data in

89

00:03:43,589 --> 00:03:41,519

that's what you saw it was not about

90

00:03:46,070 --> 00:03:43,599

anything to do with disseminating

91

00:03:47,670 --> 00:03:46,080

information or disclosing information

92

00:03:49,589 --> 00:03:47,680

about uaps

93

00:03:51,990 --> 00:03:49,599

and so if we're expecting that that

94

00:03:53,990 --> 00:03:52,000

might happen in the future

95

00:03:56,070 --> 00:03:54,000

uh one thing i would point out is that

96

00:03:57,830 --> 00:03:56,080

this was the

97

00:03:59,190 --> 00:03:57,840

the house permanent select committee on

98

00:04:03,190 --> 00:03:59,200

intelligence

99

00:04:06,070 --> 00:04:03,200

and they are not uh bound by the ndaa

100

00:04:09,110 --> 00:04:06,080

the ndaa

101

00:04:11,350 --> 00:04:09,120

oversight is the responsibility of the

102

00:04:13,670 --> 00:04:11,360

armed services committees of both the

103

00:04:14,869 --> 00:04:13,680

house and the senate this is the house

104

00:04:16,069 --> 00:04:14,879

permanent select committee on

105

00:04:18,069 --> 00:04:16,079

intelligence

106

00:04:21,349 --> 00:04:18,079

which um they

107

00:04:23,030 --> 00:04:21,359

produce the iaa the uh intelligence

108

00:04:25,510 --> 00:04:23,040

authorization act

109

00:04:28,150 --> 00:04:25,520

and they have a 90-day reporting

110

00:04:30,550 --> 00:04:28,160

requirement to congress so this is the

111

00:04:34,310 --> 00:04:30,560

first of the 90 days and 90 days from

112

00:04:35,670 --> 00:04:34,320

his now we should get another hearing

113

00:04:38,070 --> 00:04:35,680

um so

114

00:04:39,830 --> 00:04:38,080

um i encourage that will be more

115

00:04:42,390 --> 00:04:39,840

frequent hearings and it might open up

116

00:04:45,189 --> 00:04:42,400

these other topics later but you're you

117

00:04:47,909 --> 00:04:45,199

were formally with the cia what is your

118

00:04:50,550 --> 00:04:47,919

background particularly yes i was a cia

119

00:04:52,870 --> 00:04:50,560

officer i started and uh signals

120

00:04:54,550 --> 00:04:52,880

intelligence which was why i was

121

00:04:56,469 --> 00:04:54,560

interested in when one of the

122

00:04:59,670 --> 00:04:56,479

congressmen asked about these

123

00:05:02,390 --> 00:04:59,680

radio frequency combinations coming from

124

00:05:05,590 --> 00:05:02,400

these crash that

125

00:05:06,710 --> 00:05:05,600

were detected i i peaked my interest

126

00:05:09,430 --> 00:05:06,720

and also

127

00:05:11,189 --> 00:05:09,440

i served in an organization called the

128

00:05:13,350 --> 00:05:11,199

office of scientific and weapons

129

00:05:14,950 --> 00:05:13,360

research oswr

130

00:05:17,270 --> 00:05:14,960

which later became

131

00:05:20,150 --> 00:05:17,280

uh wind pack weapons intelligent

132

00:05:23,350 --> 00:05:20,160

proliferation and arm control now those

133

00:05:25,670 --> 00:05:23,360

two are like one preceded the other so

134

00:05:27,029 --> 00:05:25,680

hostwr was first in my career and then

135

00:05:29,189 --> 00:05:27,039

went packed

136

00:05:31,749 --> 00:05:29,199

these are the actual

137

00:05:35,990 --> 00:05:31,759

ufo study

138

00:05:39,510 --> 00:05:36,000

offices when we study

139

00:05:42,550 --> 00:05:39,520

space objects or like uh adversarial

140

00:05:45,590 --> 00:05:42,560

true adversarial uh advanced uh aircraft

141

00:05:47,990 --> 00:05:45,600

capabilities and the process of studying

142

00:05:50,550 --> 00:05:48,000

uh our day jobs we started getting

143

00:05:53,590 --> 00:05:50,560

reporting from the field about uaps and

144

00:05:55,510 --> 00:05:53,600

ufos including what was detected uh

145

00:05:57,430 --> 00:05:55,520

overseas so we didn't look at what was

146

00:05:58,629 --> 00:05:57,440

inside the united states was we're not

147

00:06:00,710 --> 00:05:58,639

allowed

148

00:06:02,870 --> 00:06:00,720

we were collecting data from china from

149

00:06:05,670 --> 00:06:02,880

russia from latin america

150

00:06:07,830 --> 00:06:05,680

uh everywhere else in the world

151

00:06:10,070 --> 00:06:07,840

like to your point alan you know the

152

00:06:12,790 --> 00:06:10,080

entire world has been you know reporting

153

00:06:14,150 --> 00:06:12,800

this and so cia looked at those kind of

154

00:06:17,909 --> 00:06:14,160

reports

155

00:06:19,270 --> 00:06:17,919

and uh so i was in that office uh just

156

00:06:22,309 --> 00:06:19,280

the sideline

157

00:06:24,790 --> 00:06:22,319

kick green who was in the weird desk was

158

00:06:26,950 --> 00:06:24,800

in the predecessor office of scientific

159

00:06:29,430 --> 00:06:26,960

intelligence and also he ended his

160

00:06:30,950 --> 00:06:29,440

career in the same office that i was in

161

00:06:32,870 --> 00:06:30,960

the office of scientific weapons

162

00:06:35,510 --> 00:06:32,880

research so he had the weird desk

163

00:06:37,430 --> 00:06:35,520

associated with ufos and all of that

164

00:06:41,510 --> 00:06:37,440

so that was my background wait so the

165

00:06:44,230 --> 00:06:41,520

cia knows that there are i would say

166

00:06:47,270 --> 00:06:44,240

craft from other worlds here and

167

00:06:49,189 --> 00:06:47,280

why is it really national security or is

168

00:06:51,029 --> 00:06:49,199

it protecting some other

169

00:06:53,589 --> 00:06:51,039

corporate interests or something that

170

00:06:55,830 --> 00:06:53,599

we're not hearing the truth here today

171

00:06:57,189 --> 00:06:55,840

i would say um we know there are craft

172

00:06:59,990 --> 00:06:57,199

not

173

00:07:01,110 --> 00:07:00,000

associated with any terrestrial

174

00:07:04,390 --> 00:07:01,120

government

175

00:07:07,189 --> 00:07:04,400

and i have to say other worlds because

176

00:07:09,990 --> 00:07:07,199

uh a lot of us uh formers

177

00:07:12,629 --> 00:07:10,000

who are now coming out are uh stating

178

00:07:15,029 --> 00:07:12,639

that there are two types of hypotheses

179

00:07:16,710 --> 00:07:15,039

that we believe is happening one is

180

00:07:18,469 --> 00:07:16,720

inter-dimensional

181

00:07:20,710 --> 00:07:18,479

and the other is ultra-terrestrial that

182

00:07:22,550 --> 00:07:20,720

is um there are

183

00:07:24,710 --> 00:07:22,560

beings here who

184

00:07:26,710 --> 00:07:24,720

they were here before humans arrived and

185

00:07:27,909 --> 00:07:26,720

they may have had some input into how

186

00:07:30,150 --> 00:07:27,919

they developed

187

00:07:32,550 --> 00:07:30,160

and um they're also into the

188

00:07:35,189 --> 00:07:32,560

interdimensional aspect is there might

189

00:07:37,350 --> 00:07:35,199

be other elevated higher consciousness

190

00:07:38,390 --> 00:07:37,360

beings that don't need spacecraft to get

191

00:07:40,070 --> 00:07:38,400

here

192

00:07:42,469 --> 00:07:40,080

and you know we have channelers and we

193

00:07:45,189 --> 00:07:42,479

have experiencers who also contact

194

00:07:46,950 --> 00:07:45,199

these entities um and

195

00:07:48,869 --> 00:07:46,960

whether they call themselves or

196

00:07:51,670 --> 00:07:48,879

self-identify as actuarians or

197

00:07:54,710 --> 00:07:51,680

palladians or whatever uh they're not

198

00:07:56,309 --> 00:07:54,720

flesh and blood like uh beings uh like

199

00:07:58,869 --> 00:07:56,319

the older terrestrials

200

00:08:01,990 --> 00:07:58,879

so are we ever going to hear that truth

201  
00:08:03,510 --> 00:08:02,000  
are we ever is anyone ever going to say

202  
00:08:05,029 --> 00:08:03,520  
guess what

203  
00:08:07,029 --> 00:08:05,039  
because what you said either they're

204  
00:08:08,629 --> 00:08:07,039  
interdimensional ultra teresa they're

205  
00:08:10,070 --> 00:08:08,639  
we're they're we're not talking about

206  
00:08:12,550 --> 00:08:10,080  
humans and

207  
00:08:15,510 --> 00:08:12,560  
so are we ever going to get that

208  
00:08:17,110 --> 00:08:15,520  
from government you think

209  
00:08:19,990 --> 00:08:17,120  
i don't know that's the biggest question

210  
00:08:22,550 --> 00:08:20,000  
i have um you know jim semivan myself

211  
00:08:23,990 --> 00:08:22,560  
and louis lozano we kind of hint at you

212  
00:08:26,790 --> 00:08:24,000  
know this is

213  
00:08:28,150 --> 00:08:26,800

where we should be looking um

214

00:08:29,830 --> 00:08:28,160

and

215

00:08:32,469 --> 00:08:29,840

a lot of the remote viewers you know

216

00:08:34,469 --> 00:08:32,479

that the military had um also say that

217

00:08:37,269 --> 00:08:34,479

you know there is a galactic federation

218

00:08:40,310 --> 00:08:37,279

there is uh a world out there of these

219

00:08:43,269 --> 00:08:40,320

other beings um who have some interest

220

00:08:45,910 --> 00:08:43,279

in us and how we develop as a species so

221

00:08:47,110 --> 00:08:45,920

that we don't destroy our planet

222

00:08:49,110 --> 00:08:47,120

and because they're all

223

00:08:50,790 --> 00:08:49,120

ultra-terrestrial we don't destroy them

224

00:08:52,949 --> 00:08:50,800

as well

225

00:08:55,030 --> 00:08:52,959

so i don't know when that would happen

226

00:08:56,710 --> 00:08:55,040

allen because that that's a bridge that

227

00:08:59,750 --> 00:08:56,720

is hard to build

228

00:09:02,230 --> 00:08:59,760

from where we're at now uh to that

229

00:09:04,389 --> 00:09:02,240

but those on the inside kind of know

230

00:09:05,509 --> 00:09:04,399

that you know there's a program

231

00:09:09,990 --> 00:09:05,519

that

232

00:09:11,750 --> 00:09:10,000

think i think it's actually i think it

233

00:09:13,670 --> 00:09:11,760

will come out like

234

00:09:15,430 --> 00:09:13,680

so we're already

235

00:09:17,350 --> 00:09:15,440

because if you want to look at this

236

00:09:20,550 --> 00:09:17,360

stuff scientifically

237

00:09:23,509 --> 00:09:20,560

um we're actually developing body

238

00:09:27,350 --> 00:09:23,519

sensors and things like that that are

239

00:09:29,829 --> 00:09:27,360

alluding to these facts you know so joe

240

00:09:31,829 --> 00:09:29,839

dispenses actually just got super

241

00:09:33,590 --> 00:09:31,839

millions of dollars of funding and

242

00:09:36,630 --> 00:09:33,600

they're showing how the blood changes

243

00:09:38,310 --> 00:09:36,640

during meditation so and and our radio

244

00:09:39,509 --> 00:09:38,320

research that we've been doing with it

245

00:09:41,750 --> 00:09:39,519

with um

246

00:09:43,990 --> 00:09:41,760

jimmy blanchett and it's like it's like

247

00:09:46,070 --> 00:09:44,000

well no one can explain how that's even

248

00:09:48,550 --> 00:09:46,080

possible so i think our sensor

249

00:09:51,030 --> 00:09:48,560

technology is getting better right so

250

00:09:52,630 --> 00:09:51,040

it's not like oh i just had a telepathic

251  
00:09:54,070 --> 00:09:52,640  
thing it's like no

252  
00:09:55,990 --> 00:09:54,080  
um you know

253  
00:09:57,990 --> 00:09:56,000  
i i'm getting a radio signal and we're

254  
00:10:00,310 --> 00:09:58,000  
also i mean you know brain wearables are

255  
00:10:02,069 --> 00:10:00,320  
also picking up on you know we

256  
00:10:04,389 --> 00:10:02,079  
understand what thoughts are coming into

257  
00:10:05,750 --> 00:10:04,399  
someone's brain now like we can say oh

258  
00:10:07,829 --> 00:10:05,760  
they're thinking about a couch you know

259  
00:10:08,949 --> 00:10:07,839  
so all this stuff is evolving and i

260  
00:10:10,230 --> 00:10:08,959  
think that

261  
00:10:12,069 --> 00:10:10,240  
i mean

262  
00:10:15,430 --> 00:10:12,079  
i know that we're disappointed about

263  
00:10:17,509 --> 00:10:15,440

what happened there on tv you know on tv

264

00:10:19,670 --> 00:10:17,519

today but i think what's interesting is

265

00:10:22,389 --> 00:10:19,680

the fact that it seems like this nested

266

00:10:24,710 --> 00:10:22,399

doll right it's like so so we know that

267

00:10:26,470 --> 00:10:24,720

millions and millions and billions of

268

00:10:29,190 --> 00:10:26,480

dollars probably has been spent over

269

00:10:30,470 --> 00:10:29,200

this in the last you know whatever 70

270

00:10:33,430 --> 00:10:30,480

years right

271

00:10:35,590 --> 00:10:33,440

um and none of them are you know it's

272

00:10:38,389 --> 00:10:35,600

all classified black budgeted no one's

273

00:10:40,310 --> 00:10:38,399

talking to anybody but this has already

274

00:10:42,870 --> 00:10:40,320

trickled down to the house you know what

275

00:10:45,430 --> 00:10:42,880

i mean who's who's more you know

276

00:10:48,310 --> 00:10:45,440

representatives of the people that are

277

00:10:50,230 --> 00:10:48,320

you know asking these questions and

278

00:10:52,470 --> 00:10:50,240

starting to you know and the fact that

279

00:10:55,590 --> 00:10:52,480

they destigmatized just like you said

280

00:10:56,910 --> 00:10:55,600

john the reporting within the government

281

00:10:59,269 --> 00:10:56,920

that that

282

00:11:02,470 --> 00:10:59,279

destigmatization we cannot

283

00:11:05,430 --> 00:11:02,480

um say that that's not a big deal this

284

00:11:07,750 --> 00:11:05,440

is a huge deal right because do you

285

00:11:09,509 --> 00:11:07,760

imagine the amount of dinner

286

00:11:10,870 --> 00:11:09,519

conversations that are happening now

287

00:11:12,949 --> 00:11:10,880

that never happened before because this

288

00:11:15,350 --> 00:11:12,959

stuff is on you know new york times so

289

00:11:17,750 --> 00:11:15,360

this is the kind of thing that invites

290

00:11:19,829 --> 00:11:17,760

this holistic picture and it's important

291

00:11:21,910 --> 00:11:19,839

that us as citizens get our stuff

292

00:11:24,630 --> 00:11:21,920

together get funded get our data

293

00:11:25,590 --> 00:11:24,640

together right because you cannot lie

294

00:11:27,190 --> 00:11:25,600

and i mean we're talking about

295

00:11:28,870 --> 00:11:27,200

statistics like they're saying they have

296

00:11:30,389 --> 00:11:28,880

400 reports

297

00:11:32,470 --> 00:11:30,399

and they're still talking about threat

298

00:11:35,110 --> 00:11:32,480

threat threat whatever but nothing bad

299

00:11:38,150 --> 00:11:35,120

has happened and if you look at the 200

300

00:11:40,310 --> 00:11:38,160

000 reports no you know no one is being

301  
00:11:42,389 --> 00:11:40,320  
killed in like whatever you know so so

302  
00:11:46,470 --> 00:11:42,399  
this is the kind of thing we want more

303  
00:11:48,870 --> 00:11:46,480  
data data we want more conversation um

304  
00:11:51,190 --> 00:11:48,880  
and so i'm excited that that things are

305  
00:11:53,670 --> 00:11:51,200  
moving in this way and and

306  
00:11:55,509 --> 00:11:53,680  
we can't say that all government is bad

307  
00:11:58,389 --> 00:11:55,519  
it's made up of people

308  
00:12:00,790 --> 00:11:58,399  
and i for one would ask just in closing

309  
00:12:03,990 --> 00:12:00,800  
i for one would ask everyone watching

310  
00:12:05,829 --> 00:12:04,000  
today send mr gallagher on twitter a

311  
00:12:08,069 --> 00:12:05,839  
thank you for asking the question like

312  
00:12:11,590 --> 00:12:08,079  
hey how is it that you're running this

313  
00:12:13,990 --> 00:12:11,600

this important you know um committee and

314

00:12:16,150 --> 00:12:14,000

and you haven't even done research about

315

00:12:17,829 --> 00:12:16,160

what the uh i think you know i mean like

316

00:12:19,829 --> 00:12:17,839

the government has already been spending

317

00:12:21,190 --> 00:12:19,839

its money on so these kinds of loops

318

00:12:24,389 --> 00:12:21,200

these kinds of questions have to be

319

00:12:26,069 --> 00:12:24,399

asked so mr hymes mr welts mr lahood all

320

00:12:27,030 --> 00:12:26,079

those people showed up you know there

321

00:12:29,269 --> 00:12:27,040

was no one

322

00:12:31,030 --> 00:12:29,279

no one showed up you know but some of

323

00:12:32,150 --> 00:12:31,040

them did and they need to be thanked for

324

00:12:35,269 --> 00:12:32,160

doing that

325

00:12:37,829 --> 00:12:35,279

right no good point zinka but uh john

326

00:12:39,509 --> 00:12:37,839

you also mentioned there's an internal

327

00:12:41,750 --> 00:12:39,519

um

328

00:12:44,150 --> 00:12:41,760

committee that deals with this stuff

329

00:12:46,790 --> 00:12:44,160

that we're not hearing from and one more

330

00:12:48,870 --> 00:12:46,800

question do you think elizondo will ever

331

00:12:50,389 --> 00:12:48,880

be called before congress to talk about

332

00:12:52,550 --> 00:12:50,399

what he knows

333

00:12:54,949 --> 00:12:52,560

so i'm curious what you what you're

334

00:12:57,750 --> 00:12:54,959

thinking um i i know

335

00:13:00,550 --> 00:12:57,760

uh for a fact that um

336

00:13:01,750 --> 00:13:00,560

ufos uaps and higher consciousness

337

00:13:03,430 --> 00:13:01,760

especially

338

00:13:05,829 --> 00:13:03,440

ha are

339

00:13:07,750 --> 00:13:05,839

subjects of interest to cia especially

340

00:13:10,310 --> 00:13:07,760

higher consciousness

341

00:13:11,910 --> 00:13:10,320

and it's not because we want to make

342

00:13:13,110 --> 00:13:11,920

contact with

343

00:13:14,949 --> 00:13:13,120

um

344

00:13:17,670 --> 00:13:14,959

attorneys or pleiadians because if you

345

00:13:20,629 --> 00:13:17,680

look at cia's mission

346

00:13:23,190 --> 00:13:20,639

its principal mission is to recruit

347

00:13:25,509 --> 00:13:23,200

foreign intelligence

348

00:13:29,030 --> 00:13:25,519

officers who know something happening in

349

00:13:32,710 --> 00:13:29,040

their government recruiting foreign

350

00:13:33,910 --> 00:13:32,720

government officials know who know

351

00:13:36,550 --> 00:13:33,920

what is happening within their

352

00:13:39,670 --> 00:13:36,560

government and to think about how their

353

00:13:42,389 --> 00:13:39,680

mind works what causes

354

00:13:44,550 --> 00:13:42,399

a person to essentially become a traitor

355

00:13:47,509 --> 00:13:44,560

to his or her country what is the

356

00:13:50,069 --> 00:13:47,519

thought processes also as a counter

357

00:13:51,430 --> 00:13:50,079

measure um how can we tell being

358

00:13:54,710 --> 00:13:51,440

truthful

359

00:13:56,150 --> 00:13:54,720

and so a lot of the technology uh for

360

00:13:58,790 --> 00:13:56,160

determining that

361

00:14:00,550 --> 00:13:58,800

um has been developed and is still being

362

00:14:03,750 --> 00:14:00,560

developed and so there's a high

363

00:14:06,150 --> 00:14:03,760

consciousness aspect but in doing so

364

00:14:08,310 --> 00:14:06,160

we've also encountered instances where

365

00:14:12,150 --> 00:14:08,320

our remote viewers who

366

00:14:16,150 --> 00:14:14,470

the simplest term project one's mind

367

00:14:20,150 --> 00:14:16,160

into

368

00:14:21,990 --> 00:14:20,160

an unknown area and report what they see

369

00:14:23,829 --> 00:14:22,000

and so that was a spying mission right

370

00:14:24,790 --> 00:14:23,839

and in so in doing so we also

371

00:14:26,470 --> 00:14:24,800

encountered

372

00:14:27,509 --> 00:14:26,480

like higher intelligence as we

373

00:14:29,829 --> 00:14:27,519

encountered

374

00:14:33,110 --> 00:14:29,839

um for lack of a better term aliens

375

00:14:36,790 --> 00:14:33,120

non-humanities right um the galactic

376

00:14:39,990 --> 00:14:36,800

federation uh the the fact that uh mars

377

00:14:42,710 --> 00:14:40,000

was once habitable and had intelligent

378

00:14:45,670 --> 00:14:42,720

beings on it so these other things came

379

00:14:47,430 --> 00:14:45,680

into the forefront

380

00:14:49,430 --> 00:14:47,440

as part of this remote viewing program

381

00:14:51,990 --> 00:14:49,440

and when the army had it

382

00:14:53,670 --> 00:14:52,000

the intelligence security command

383

00:14:54,870 --> 00:14:53,680

they actually looked at you know

384

00:14:57,269 --> 00:14:54,880

contacted

385

00:14:59,110 --> 00:14:57,279

monroe at the monroe institute and they

386

00:15:01,110 --> 00:14:59,120

started looking at that gateway process

387

00:15:02,150 --> 00:15:01,120

and there's a wonderful paper that was

388

00:15:04,470 --> 00:15:02,160

written

389

00:15:07,750 --> 00:15:04,480

uh about that

390

00:15:11,509 --> 00:15:07,760

process you know of them of the um

391

00:15:15,030 --> 00:15:11,519

of gateway and so the at least the army

392

00:15:17,750 --> 00:15:15,040

and the cia had a great interest in this

393

00:15:22,230 --> 00:15:17,760

um so there is a program and it's always

394

00:15:24,470 --> 00:15:22,240

ongoing um but it's not like the actual

395

00:15:27,509 --> 00:15:24,480

um the it's not

396

00:15:28,230 --> 00:15:27,519

totally uap oriented at all

397

00:15:30,870 --> 00:15:28,240

but

398

00:15:33,670 --> 00:15:30,880

a big basket where uaps play a

399

00:15:35,670 --> 00:15:33,680

significant part now within that program

400

00:15:37,189 --> 00:15:35,680

there's a subset of folks working on

401  
00:15:38,389 --> 00:15:37,199  
this issue

402  
00:15:42,069 --> 00:15:38,399  
um

403  
00:15:44,949 --> 00:15:42,079  
and so the biggest hint is jim semivan

404  
00:15:46,949 --> 00:15:44,959  
if you listen behind what he says the

405  
00:15:49,829 --> 00:15:46,959  
words he say says

406  
00:15:52,550 --> 00:15:49,839  
he stated that oh yes i'm working with a

407  
00:15:53,509 --> 00:15:52,560  
a small program i'm working with a small

408  
00:15:54,470 --> 00:15:53,519  
group

409  
00:15:56,550 --> 00:15:54,480  
at cia

410  
00:15:58,629 --> 00:15:56,560  
and that is that group

411  
00:16:00,230 --> 00:15:58,639  
so i can address that and your second

412  
00:16:03,030 --> 00:16:00,240  
question is about lou

413  
00:16:05,269 --> 00:16:03,040

lou knows these things um but he

414

00:16:07,030 --> 00:16:05,279

he is not a whistleblower

415

00:16:09,509 --> 00:16:07,040

he is a private consultant to the

416

00:16:11,110 --> 00:16:09,519

department of defense and he has

417

00:16:13,110 --> 00:16:11,120

clearances through the department of

418

00:16:14,310 --> 00:16:13,120

defense so in many ways he knows what's

419

00:16:15,990 --> 00:16:14,320

going on

420

00:16:18,230 --> 00:16:16,000

behind the scenes

421

00:16:20,710 --> 00:16:18,240

but he doesn't report to the department

422

00:16:23,829 --> 00:16:20,720

as much as he reports to an organizing

423

00:16:26,230 --> 00:16:23,839

committee it's not this aoi msg or aim

424

00:16:27,670 --> 00:16:26,240

sod it's another committee which you

425

00:16:29,269 --> 00:16:27,680

know for lack of a better term people

426

00:16:30,069 --> 00:16:29,279

call it mj12

427

00:16:32,389 --> 00:16:30,079

but

428

00:16:35,670 --> 00:16:32,399

forget about the title or the names

429

00:16:37,910 --> 00:16:35,680

because that might not exist anymore but

430

00:16:40,790 --> 00:16:37,920

there is a committee who informs

431

00:16:43,269 --> 00:16:40,800

policymakers the elected policymakers

432

00:16:45,110 --> 00:16:43,279

the of uh uh

433

00:16:47,990 --> 00:16:45,120

appointed policymakers about what's

434

00:16:49,430 --> 00:16:48,000

going on now these two gentlemen who are

435

00:16:52,389 --> 00:16:49,440

witnesses

436

00:16:53,670 --> 00:16:52,399

um they're part of that process

437

00:16:55,590 --> 00:16:53,680

but i i

438

00:16:57,430 --> 00:16:55,600

keep seeing these control rods being

439

00:16:59,590 --> 00:16:57,440

held tightly in place

440

00:17:01,509 --> 00:16:59,600

where they're like they don't want that

441

00:17:03,269 --> 00:17:01,519

chain reaction to happen all at once and

442

00:17:05,189 --> 00:17:03,279

they're just like releasing

443

00:17:07,350 --> 00:17:05,199

selectively here and there

444

00:17:09,350 --> 00:17:07,360

a little bit and so what we heard like i

445

00:17:11,909 --> 00:17:09,360

said before was like at least you know

446

00:17:13,829 --> 00:17:11,919

they're looking at the process of how

447

00:17:15,189 --> 00:17:13,839

are we going to go forward with this in

448

00:17:17,669 --> 00:17:15,199

the future

449

00:17:20,150 --> 00:17:17,679

but lou knows a lot and and i agree he

450

00:17:22,549 --> 00:17:20,160

should be a witness uh as well as chris

451  
00:17:24,069 --> 00:17:22,559  
mellon and what they know maybe jim

452  
00:17:26,549 --> 00:17:24,079  
similar what he knows because these

453  
00:17:28,950 --> 00:17:26,559  
people still have clearances are working

454  
00:17:31,590 --> 00:17:28,960  
within that that program

455  
00:17:33,590 --> 00:17:31,600  
well jim's had experiences he's had

456  
00:17:35,029 --> 00:17:33,600  
contact experiences and stuff that he's

457  
00:17:38,390 --> 00:17:35,039  
been public about

458  
00:17:41,830 --> 00:17:38,400  
but who's control who's controlling this

459  
00:17:44,950 --> 00:17:41,840  
who who's behind the scenes pulling the

460  
00:17:47,029 --> 00:17:44,960  
strings and saying we're only going to

461  
00:17:49,110 --> 00:17:47,039  
say a little bit there there must be a

462  
00:17:51,510 --> 00:17:49,120  
massive structure in place i mean what

463  
00:17:53,510 --> 00:17:51,520

do you think john i think it's a massive

464

00:17:55,990 --> 00:17:53,520

structure i really think it's a small

465

00:18:00,310 --> 00:17:56,000

committee i call them the committee

466

00:18:06,710 --> 00:18:02,789

oops i

467

00:18:11,669 --> 00:18:06,720

don't know who but i mostly know what

468

00:18:14,070 --> 00:18:11,679

and so the what part um will be like uh

469

00:18:16,150 --> 00:18:14,080

people who are in academia for example

470

00:18:19,270 --> 00:18:16,160

select members of academia who might

471

00:18:20,789 --> 00:18:19,280

have been read onto certain aspects

472

00:18:22,390 --> 00:18:20,799

of the truth

473

00:18:24,230 --> 00:18:22,400

as well as

474

00:18:25,990 --> 00:18:24,240

defense officials and intelligence

475

00:18:27,270 --> 00:18:26,000

officials in this

476  
00:18:30,070 --> 00:18:27,280  
program

477  
00:18:31,510 --> 00:18:30,080  
and um so their purpose is you know is

478  
00:18:34,150 --> 00:18:31,520  
management

479  
00:18:39,190 --> 00:18:34,160  
now what we saw and uh

480  
00:18:41,270 --> 00:18:39,200  
in the ndaa is aoi msg aimsog is a and

481  
00:18:44,070 --> 00:18:41,280  
there's an executive committee for that

482  
00:18:46,470 --> 00:18:44,080  
the aim sock executive committee

483  
00:18:48,710 --> 00:18:46,480  
that is the public face of what's really

484  
00:18:51,669 --> 00:18:48,720  
going on behind the scenes

485  
00:18:54,390 --> 00:18:51,679  
um and so we're kind of like fed uh a

486  
00:18:56,950 --> 00:18:54,400  
little bit of the real truth but it's

487  
00:19:00,150 --> 00:18:56,960  
like in bite-sized morsels

488  
00:19:03,510 --> 00:19:00,160

um but what i us upsets me is that well

489

00:19:07,190 --> 00:19:03,520

i think most people can take the truth

490

00:19:09,430 --> 00:19:07,200

we want the truth and we and you know we

491

00:19:11,510 --> 00:19:09,440

we can take it you know we

492

00:19:13,430 --> 00:19:11,520

we want to know the truth and so what

493

00:19:15,669 --> 00:19:13,440

they're what they're doing is mostly not

494

00:19:17,190 --> 00:19:15,679

for our benefit but for internally

495

00:19:19,430 --> 00:19:17,200

because there's a lot of resistance in

496

00:19:21,990 --> 00:19:19,440

the pentagon uh going forward from this

497

00:19:24,630 --> 00:19:22,000

there there is a group that

498

00:19:26,789 --> 00:19:24,640

does not want any of this to come out

499

00:19:29,750 --> 00:19:26,799

for whatever reasons and some people

500

00:19:33,590 --> 00:19:29,760

cite uh personal religious beliefs

501  
00:19:36,150 --> 00:19:33,600  
um and they want to cast this as like uh

502  
00:19:36,870 --> 00:19:36,160  
demonology that these what we're seeing

503  
00:19:37,669 --> 00:19:36,880  
are

504  
00:19:40,470 --> 00:19:37,679  
uh

505  
00:19:42,390 --> 00:19:40,480  
entities that are demonic satanic and

506  
00:19:43,990 --> 00:19:42,400  
they actually firmly within themselves

507  
00:19:45,990 --> 00:19:44,000  
and their belief system

508  
00:19:47,830 --> 00:19:46,000  
hold that as truth

509  
00:19:49,350 --> 00:19:47,840  
and they're they're in responsible

510  
00:19:50,230 --> 00:19:49,360  
positions so

511  
00:19:52,630 --> 00:19:50,240  
um

512  
00:19:54,230 --> 00:19:52,640  
they're the folks that lube butts head

513  
00:19:55,990 --> 00:19:54,240

butts hit against you know that they're

514

00:19:57,190 --> 00:19:56,000

trying to like don't talk about it don't

515

00:20:00,789 --> 00:19:57,200

talk about it

516

00:20:02,710 --> 00:20:00,799

cia side is a little more open um

517

00:20:05,350 --> 00:20:02,720

we're much more open we're not

518

00:20:06,230 --> 00:20:05,360

as affected by that type of narrative

519

00:20:08,549 --> 00:20:06,240

and so

520

00:20:09,990 --> 00:20:08,559

i wish cia would be more forthcoming but

521

00:20:12,789 --> 00:20:10,000

the only uh

522

00:20:15,029 --> 00:20:12,799

real spokesperson we have right now is

523

00:20:17,430 --> 00:20:15,039

jim semivan and he is a former not a

524

00:20:18,310 --> 00:20:17,440

current but he knows what's going on but

525

00:20:24,870 --> 00:20:18,320

he

526

00:20:27,029 --> 00:20:24,880

personal experiences

527

00:20:29,190 --> 00:20:27,039

as a way of like shining a light into

528

00:20:31,830 --> 00:20:29,200

that dark corner that yeah it's all

529

00:20:34,870 --> 00:20:31,840

about higher consciousness

530

00:20:37,270 --> 00:20:34,880

this is why they're here and so they you

531

00:20:40,070 --> 00:20:37,280

know it's all about them

532

00:20:42,549 --> 00:20:40,080

uh wanting to uh elevate our

533

00:20:45,190 --> 00:20:42,559

consciousness trying to ascend make our

534

00:20:47,590 --> 00:20:45,200

ascension happen so isn't that a direct

535

00:20:51,190 --> 00:20:47,600

contradiction to what we're hearing here

536

00:20:54,310 --> 00:20:51,200

national security threat and all that

537

00:20:55,750 --> 00:20:54,320

garbage that's in the way i mean can you

538

00:20:57,830 --> 00:20:55,760

explain

539

00:21:00,230 --> 00:20:57,840

why they keep going back to national

540

00:21:02,870 --> 00:21:00,240

security threat when what you're saying

541

00:21:05,590 --> 00:21:02,880

is higher is the exact opposite yeah all

542

00:21:09,590 --> 00:21:05,600

right um it's because um this

543

00:21:11,510 --> 00:21:09,600

subcommittee um it's the c3 subcommittee

544

00:21:13,029 --> 00:21:11,520

and we have to take a step back and

545

00:21:14,870 --> 00:21:13,039

first of all it's the house permanent

546

00:21:17,029 --> 00:21:14,880

select committee on intelligence

547

00:21:18,549 --> 00:21:17,039

c3 and what does that mean uh

548

00:21:20,310 --> 00:21:18,559

counterterrorism

549

00:21:22,070 --> 00:21:20,320

counterintelligence and counter

550

00:21:24,950 --> 00:21:22,080

proliferation

551  
00:21:26,789 --> 00:21:24,960  
so they're they're interested in uh like

552  
00:21:29,190 --> 00:21:26,799  
terrorist activities

553  
00:21:31,590 --> 00:21:29,200  
uh around the world and um those

554  
00:21:34,950 --> 00:21:31,600  
activities targeting the u.s

555  
00:21:36,710 --> 00:21:34,960  
counterintelligence is hunting for spies

556  
00:21:38,549 --> 00:21:36,720  
within our own government that's

557  
00:21:40,149 --> 00:21:38,559  
counterintelligence and counter

558  
00:21:41,430 --> 00:21:40,159  
proliferation is weapons of mass

559  
00:21:43,430 --> 00:21:41,440  
destruction

560  
00:21:45,909 --> 00:21:43,440  
those are like threats and so this

561  
00:21:47,110 --> 00:21:45,919  
committee's focus is always on threats

562  
00:21:49,510 --> 00:21:47,120  
it's the wrong

563  
00:21:50,470 --> 00:21:49,520

subcommittee to go to

564

00:21:52,470 --> 00:21:50,480

um

565

00:21:54,149 --> 00:21:52,480

that is the exact wrong one

566

00:21:56,230 --> 00:21:54,159

if we're going to talk about higher

567

00:21:58,630 --> 00:21:56,240

intelligence in a subcommittee who would

568

00:22:00,710 --> 00:21:58,640

we talk to could we call the cia or what

569

00:22:02,230 --> 00:22:00,720

what do you think the best strategy

570

00:22:04,789 --> 00:22:02,240

because what we're all talking about

571

00:22:06,710 --> 00:22:04,799

here is getting disclosure the fact that

572

00:22:07,510 --> 00:22:06,720

we are not alone in the universe that

573

00:22:09,590 --> 00:22:07,520

there's

574

00:22:11,669 --> 00:22:09,600

other beings and that like you said and

575

00:22:14,710 --> 00:22:11,679

i believe it they're here for our

576  
00:22:16,230 --> 00:22:14,720  
evolution of our consciousness so how do

577  
00:22:18,789 --> 00:22:16,240  
we get there

578  
00:22:19,909 --> 00:22:18,799  
i don't know if i could get there i'll

579  
00:22:20,789 --> 00:22:19,919  
be there

580  
00:22:26,789 --> 00:22:20,799  
um

581  
00:22:28,950 --> 00:22:26,799  
add on to what i said the i was hoping

582  
00:22:31,350 --> 00:22:28,960  
that the first committee

583  
00:22:32,549 --> 00:22:31,360  
would be the senate armed services

584  
00:22:35,270 --> 00:22:32,559  
committee

585  
00:22:36,870 --> 00:22:35,280  
emerging threats and capabilities now

586  
00:22:39,990 --> 00:22:36,880  
the word threats

587  
00:22:43,029 --> 00:22:40,000  
is in that subcommittee's title the soul

588  
00:22:46,149 --> 00:22:43,039

is capabilities now who sits on that is

589

00:22:49,110 --> 00:22:46,159

senator mark kelly of arizona who was a

590

00:22:51,350 --> 00:22:49,120

navy fighter pilot who may have had seen

591

00:22:54,310 --> 00:22:51,360

these objects himself

592

00:22:56,390 --> 00:22:54,320

he also was a nasa astronaut who may

593

00:22:59,110 --> 00:22:56,400

have seen these objects out in space as

594

00:23:01,029 --> 00:22:59,120

a nasa astronaut and who's also a member

595

00:23:02,470 --> 00:23:01,039

of that subcommittee

596

00:23:05,430 --> 00:23:02,480

it's

597

00:23:07,270 --> 00:23:05,440

senator gillibrand who was instrumental

598

00:23:10,149 --> 00:23:07,280

in at least getting that part of the

599

00:23:12,710 --> 00:23:10,159

legislation pushed through

600

00:23:14,390 --> 00:23:12,720

so that i i was i'm hoping that this

601  
00:23:16,470 --> 00:23:14,400  
isn't the only committee that's going to

602  
00:23:19,750 --> 00:23:16,480  
handle this for congress it should go

603  
00:23:20,789 --> 00:23:19,760  
into the senate side

604  
00:23:23,350 --> 00:23:20,799  
where

605  
00:23:25,270 --> 00:23:23,360  
it's chaired by senator mark warner of

606  
00:23:29,190 --> 00:23:25,280  
virginia and the

607  
00:23:30,950 --> 00:23:29,200  
ranking member is senator marco rubio

608  
00:23:34,149 --> 00:23:30,960  
from florida

609  
00:23:36,549 --> 00:23:34,159  
i was hoping that the intelligence the

610  
00:23:38,630 --> 00:23:36,559  
senate select committee on intelligence

611  
00:23:40,310 --> 00:23:38,640  
will also hold hearings they don't have

612  
00:23:41,430 --> 00:23:40,320  
a subcommittee structure it's the whole

613  
00:23:44,149 --> 00:23:41,440

committee

614

00:23:47,029 --> 00:23:44,159

and uh we've heard from uh marco rubio

615

00:23:49,350 --> 00:23:47,039

before he's keenly interested in this

616

00:23:51,269 --> 00:23:49,360

and also you know we heard from senator

617

00:23:53,909 --> 00:23:51,279

gillibrand she's keenly interested in

618

00:23:57,350 --> 00:23:53,919

this and she is like questioning people

619

00:23:59,510 --> 00:23:57,360

who are being appointed positions

620

00:24:03,110 --> 00:23:59,520

what do you think about uaps you know

621

00:24:04,950 --> 00:24:03,120

and she uh questioned the uh an nsa

622

00:24:06,470 --> 00:24:04,960

appointee

623

00:24:08,950 --> 00:24:06,480

i don't know anything where she said

624

00:24:11,029 --> 00:24:08,960

well you better find out you better know

625

00:24:13,029 --> 00:24:11,039

about uap so

626

00:24:14,950 --> 00:24:13,039

these are baby steps allen and i don't

627

00:24:16,230 --> 00:24:14,960

know how do you get from where we're at

628

00:24:18,149 --> 00:24:16,240

in these baby steps to higher

629

00:24:20,870 --> 00:24:18,159

consciousness

630

00:24:23,510 --> 00:24:20,880

i'm hoping that the james webb space

631

00:24:25,350 --> 00:24:23,520

telescope will see something out there

632

00:24:26,549 --> 00:24:25,360

that we the government may already know

633

00:24:28,230 --> 00:24:26,559

that's out there

634

00:24:30,710 --> 00:24:28,240

it could be a portal

635

00:24:33,510 --> 00:24:30,720

some opening up in the sky that these

636

00:24:35,669 --> 00:24:33,520

sensors can see and then say oh my gosh

637

00:24:37,909 --> 00:24:35,679

look what's coming through then

638

00:24:40,789 --> 00:24:37,919

these these portals you know we need to

639

00:24:43,029 --> 00:24:40,799

study that and let

640

00:24:44,630 --> 00:24:43,039

government science kind of cue

641

00:24:47,590 --> 00:24:44,640

government intelligence saying we need

642

00:24:50,070 --> 00:24:47,600

to like look there what you know

643

00:24:51,830 --> 00:24:50,080

carolyn corey's movie a tear in the sky

644

00:24:54,230 --> 00:24:51,840

actually shows a portal have you seen

645

00:24:55,990 --> 00:24:54,240

that in film uh i i've seen the trailer

646

00:24:57,190 --> 00:24:56,000

for it but i haven't actually seen the

647

00:25:02,230 --> 00:24:57,200

entire

648

00:25:04,470 --> 00:25:02,240

interesting enough um

649

00:25:06,230 --> 00:25:04,480

april haynes who did say the work

650

00:25:08,390 --> 00:25:06,240

extraterrestrially they may be coming to

651  
00:25:10,630 --> 00:25:08,400  
us extraterrestrially

652  
00:25:11,669 --> 00:25:10,640  
also said something very very

653  
00:25:13,190 --> 00:25:11,679  
interesting

654  
00:25:14,789 --> 00:25:13,200  
she said when asked about you know

655  
00:25:17,990 --> 00:25:14,799  
what's out there she said well we'll

656  
00:25:19,430 --> 00:25:18,000  
have to wait for bill nelson's people to

657  
00:25:20,870 --> 00:25:19,440  
let us know

658  
00:25:22,789 --> 00:25:20,880  
and bill nelson being the nasa

659  
00:25:25,830 --> 00:25:22,799  
administrator what she was actually

660  
00:25:27,430 --> 00:25:25,840  
saying is let nasa science

661  
00:25:28,950 --> 00:25:27,440  
find what's out there which we already

662  
00:25:31,190 --> 00:25:28,960  
know what's out there but let them be

663  
00:25:34,149 --> 00:25:31,200

the one wants to discover what's out

664

00:25:36,390 --> 00:25:34,159

there and then that because it's science

665

00:25:38,070 --> 00:25:36,400

it's becomes more palatable

666

00:25:40,870 --> 00:25:38,080

now having said that i think civilian

667

00:25:43,590 --> 00:25:40,880

sciences science has really taken a big

668

00:25:46,149 --> 00:25:43,600

leap forward we kind of like

669

00:25:47,990 --> 00:25:46,159

left government science behind

670

00:25:50,470 --> 00:25:48,000

because we're willing to go there and

671

00:25:52,630 --> 00:25:50,480

and the the government scientists are

672

00:25:54,950 --> 00:25:52,640

not kind of like still like kind of

673

00:25:57,110 --> 00:25:54,960

hesitant to go there so i applaud what

674

00:25:58,470 --> 00:25:57,120

deborah has done with with that movie

675

00:26:01,510 --> 00:25:58,480

you know of

676  
00:26:03,909 --> 00:26:01,520  
the sensors that they use you can

677  
00:26:05,590 --> 00:26:03,919  
imagine what the actual classified

678  
00:26:08,470 --> 00:26:05,600  
sensors can do

679  
00:26:10,230 --> 00:26:08,480  
you know it's so much more and they have

680  
00:26:12,149 --> 00:26:10,240  
the data and that's what frustrated me

681  
00:26:14,470 --> 00:26:12,159  
about this hearing is that they kind of

682  
00:26:15,669 --> 00:26:14,480  
pretended like oh i don't know we still

683  
00:26:17,350 --> 00:26:15,679  
need to look at data we're still

684  
00:26:19,669 --> 00:26:17,360  
collecting data you know we didn't look

685  
00:26:20,789 --> 00:26:19,679  
at data from before but they have it all

686  
00:26:26,149 --> 00:26:20,799  
right

687  
00:26:27,909 --> 00:26:26,159  
these guys we heard today

688  
00:26:30,230 --> 00:26:27,919

do you know

689

00:26:30,950 --> 00:26:30,240

they do know what we're trying to get to

690

00:26:33,190 --> 00:26:30,960

what

691

00:26:36,549 --> 00:26:33,200

zinc is working so hard at bringing to

692

00:26:38,230 --> 00:26:36,559

the people with you know her lightning

693

00:26:40,710 --> 00:26:38,240

they don't you think they know and

694

00:26:42,390 --> 00:26:40,720

they're just like stepping around the

695

00:26:45,430 --> 00:26:42,400

issue because

696

00:26:47,510 --> 00:26:45,440

they can't say the a word alien

697

00:26:49,269 --> 00:26:47,520

or et's

698

00:26:50,870 --> 00:26:49,279

um i think on the

699

00:26:52,390 --> 00:26:50,880

department of defense side that's

700

00:26:55,110 --> 00:26:52,400

happening yeah

701  
00:26:56,789 --> 00:26:55,120  
they just cannot go there yet and

702  
00:27:00,950 --> 00:26:56,799  
they're just waiting for someone to cue

703  
00:27:02,710 --> 00:27:00,960  
them to go there so then they can have a

704  
00:27:03,750 --> 00:27:02,720  
a reason to do so

705  
00:27:06,310 --> 00:27:03,760  
that

706  
00:27:08,549 --> 00:27:06,320  
isn't like revealing oh we knew this all

707  
00:27:10,710 --> 00:27:08,559  
along you know

708  
00:27:12,710 --> 00:27:10,720  
i so i that's why i say i think nasa

709  
00:27:14,149 --> 00:27:12,720  
will lead the way and they'll find

710  
00:27:15,269 --> 00:27:14,159  
something out there

711  
00:27:17,750 --> 00:27:15,279  
uh through

712  
00:27:19,350 --> 00:27:17,760  
nasa's research and their sensors that

713  
00:27:21,110 --> 00:27:19,360

will then cue the intelligence community

714

00:27:22,389 --> 00:27:21,120

to go where they already knew where to

715

00:27:23,909 --> 00:27:22,399

go

716

00:27:27,029 --> 00:27:23,919

i think you know

717

00:27:29,830 --> 00:27:27,039

some remorse in the the opening comments

718

00:27:31,909 --> 00:27:29,840

of the secrecy that's been there so it

719

00:27:34,149 --> 00:27:31,919

doesn't mean that the people that are

720

00:27:36,870 --> 00:27:34,159

there today agree that we should have

721

00:27:38,950 --> 00:27:36,880

been so secretive about the information

722

00:27:41,909 --> 00:27:38,960

one of the things i wonder about is this

723

00:27:44,070 --> 00:27:41,919

is we're in a global world so why aren't

724

00:27:46,549 --> 00:27:44,080

other governments revealing what they

725

00:27:49,110 --> 00:27:46,559

know like what's going on here

726

00:27:51,830 --> 00:27:49,120

and again like i just before you answer

727

00:27:54,549 --> 00:27:51,840

that john i just want to say like

728

00:27:56,310 --> 00:27:54,559

when we support these people the mark

729

00:27:59,350 --> 00:27:56,320

kelly's the mark warner's the marco

730

00:28:00,310 --> 00:27:59,360

rubio's with emails with calls with

731

00:28:02,950 --> 00:28:00,320

tweets

732

00:28:04,549 --> 00:28:02,960

that's telling them keep going we we're

733

00:28:06,950 --> 00:28:04,559

supporting you in what you're doing

734

00:28:08,630 --> 00:28:06,960

because there's obviously heroes inside

735

00:28:09,590 --> 00:28:08,640

the government and we need to support

736

00:28:12,470 --> 00:28:09,600

them

737

00:28:14,710 --> 00:28:12,480

in the work that they're doing uh and so

738

00:28:16,389 --> 00:28:14,720

but but yeah back to my question is like

739

00:28:18,789 --> 00:28:16,399

why aren't other governments talking

740

00:28:21,750 --> 00:28:18,799

about this

741

00:28:24,070 --> 00:28:21,760

i don't know but i i do know this um we

742

00:28:26,630 --> 00:28:24,080

do share information uh government to

743

00:28:28,549 --> 00:28:26,640

government even our adversaries what we

744

00:28:30,230 --> 00:28:28,559

think uh what most people think are

745

00:28:32,230 --> 00:28:30,240

adversaries

746

00:28:33,269 --> 00:28:32,240

information sharing is happening about

747

00:28:36,070 --> 00:28:33,279

this

748

00:28:37,510 --> 00:28:36,080

um and especially with our allies

749

00:28:39,909 --> 00:28:37,520

information sharing is a lot of

750

00:28:43,190 --> 00:28:39,919

information sharing is happening

751

00:28:44,389 --> 00:28:43,200

um i don't know why you know

752

00:28:47,029 --> 00:28:44,399

they're not

753

00:28:49,190 --> 00:28:47,039

stating publicly and i don't think it's

754

00:28:50,630 --> 00:28:49,200

a national security concern to say yeah

755

00:28:52,870 --> 00:28:50,640

we're talking to the russians and the

756

00:28:55,190 --> 00:28:52,880

chinese were talking to

757

00:28:57,269 --> 00:28:55,200

nations in latin america and in the

758

00:28:59,830 --> 00:28:57,279

middle east and europe you know but all

759

00:29:02,470 --> 00:28:59,840

of this data is coming in i

760

00:29:05,510 --> 00:29:02,480

what is that why is that such a secret

761

00:29:06,710 --> 00:29:05,520

did not i recently revealed the fact of

762

00:29:08,549 --> 00:29:06,720

if they don't want to reveal the

763

00:29:10,549 --> 00:29:08,559

substance

764

00:29:12,470 --> 00:29:10,559

they didn't even really allude to that

765

00:29:14,870 --> 00:29:12,480

you know they kind of danced around it

766

00:29:17,590 --> 00:29:14,880

and i don't know why they would do that

767

00:29:18,789 --> 00:29:17,600

so what's occurring to me is like maybe

768

00:29:20,789 --> 00:29:18,799

they think

769

00:29:22,230 --> 00:29:20,799

that the people can't handle it that the

770

00:29:24,630 --> 00:29:22,240

people are going to be

771

00:29:26,789 --> 00:29:24,640

super freaked out and like panicked and

772

00:29:29,350 --> 00:29:26,799

like oh my god and it's gonna cause some

773

00:29:31,510 --> 00:29:29,360

sort of pandemonium like wouldn't that

774

00:29:33,750 --> 00:29:31,520

be hilarious because that's not what

775

00:29:35,830 --> 00:29:33,760

what i think would happen i think people

776

00:29:37,990 --> 00:29:35,840

already know about this they already

777

00:29:40,470 --> 00:29:38,000

know like you know it's like they're

778

00:29:43,430 --> 00:29:40,480

already 20 steps ahead

779

00:29:45,750 --> 00:29:43,440

of the government you know party line or

780

00:29:48,149 --> 00:29:45,760

whatever but i mean do you think that's

781

00:29:50,789 --> 00:29:48,159

what could be stopping them no it's not

782

00:29:52,950 --> 00:29:50,799

the individual people like we the people

783

00:29:54,950 --> 00:29:52,960

it's the government the us government is

784

00:29:57,750 --> 00:29:54,960

worried about institutions

785

00:30:00,470 --> 00:29:57,760

um they're worried about the impact

786

00:30:01,590 --> 00:30:00,480

that a full dissemination or disclosure

787

00:30:04,389 --> 00:30:01,600

would have

788

00:30:05,430 --> 00:30:04,399

on the mundane things of how this

789

00:30:06,549 --> 00:30:05,440

country

790

00:30:09,669 --> 00:30:06,559

runs

791

00:30:11,909 --> 00:30:09,679

um it's the it's the stock market it's

792

00:30:15,029 --> 00:30:11,919

religious belief systems it's social

793

00:30:17,590 --> 00:30:15,039

economic it's education it's all of that

794

00:30:19,029 --> 00:30:17,600

it's institutionally um that's what they

795

00:30:22,310 --> 00:30:19,039

want to preserve

796

00:30:25,110 --> 00:30:22,320

um and just making little forays into

797

00:30:27,110 --> 00:30:25,120

that so that um these institutions are

798

00:30:28,149 --> 00:30:27,120

composed of us people

799

00:30:30,630 --> 00:30:28,159

and that

800

00:30:32,789 --> 00:30:30,640

if enough people are convinced and are

801  
00:30:34,310 --> 00:30:32,799  
able to handle the truth and there are

802  
00:30:36,630 --> 00:30:34,320  
these institutions then that would

803  
00:30:38,870 --> 00:30:36,640  
elevate the institutions as well

804  
00:30:40,549 --> 00:30:38,880  
and so they're mindful of that impact as

805  
00:30:41,909 --> 00:30:40,559  
well they just want to throw everything

806  
00:30:44,230 --> 00:30:41,919  
up in the air

807  
00:30:46,630 --> 00:30:44,240  
which is they're still going with the

808  
00:30:48,149 --> 00:30:46,640  
brookings institute paper

809  
00:30:49,590 --> 00:30:48,159  
uh commissioned by the eisenhower

810  
00:30:52,149 --> 00:30:49,600  
administration and delivered to the

811  
00:30:55,190 --> 00:30:52,159  
kennedy administration about disclosing

812  
00:30:56,950 --> 00:30:55,200  
uh life out in space and that brookings

813  
00:30:58,470 --> 00:30:56,960

institute paper is still like the

814

00:31:01,029 --> 00:30:58,480

operating paper

815

00:31:04,710 --> 00:31:01,039

um that the government uses saying oh we

816

00:31:06,950 --> 00:31:04,720

can't do this yet but um

817

00:31:09,350 --> 00:31:06,960

yeah that's why i mean so much pressure

818

00:31:11,830 --> 00:31:09,360

like that's built up and i think it's

819

00:31:14,710 --> 00:31:11,840

like that's why we gotta celebrate every

820

00:31:17,350 --> 00:31:14,720

single ratchet that's opening this

821

00:31:19,110 --> 00:31:17,360

this jar you know it's like okay so we

822

00:31:21,590 --> 00:31:19,120

just passed one thing today they're

823

00:31:23,190 --> 00:31:21,600

talking about it on live congressional

824

00:31:24,950 --> 00:31:23,200

here you know then the next thing is

825

00:31:26,950 --> 00:31:24,960

what you said the senate hearing and the

826

00:31:28,710 --> 00:31:26,960

next thing is the you know newsweek and

827

00:31:30,710 --> 00:31:28,720

the next thing is the whatever

828

00:31:34,149 --> 00:31:30,720

you know it's like we've got to march

829

00:31:36,549 --> 00:31:34,159

this all forward more quickly because

830

00:31:39,990 --> 00:31:36,559

the piece of our world depends on it

831

00:31:42,070 --> 00:31:40,000

yeah no i agree and i also want to go

832

00:31:44,950 --> 00:31:42,080

back to a little bit of what you said

833

00:31:46,950 --> 00:31:44,960

higher consciousness john um

834

00:31:50,230 --> 00:31:46,960

that that's that's what you feel the

835

00:31:52,549 --> 00:31:50,240

message of these ets are how do you know

836

00:31:55,190 --> 00:31:52,559

that and how

837

00:31:57,350 --> 00:31:55,200

how can we get that to be said

838

00:32:00,389 --> 00:31:57,360

publicly

839

00:32:02,230 --> 00:32:00,399

well i know that personally and uh so

840

00:32:04,470 --> 00:32:02,240

and then in uh

841

00:32:06,950 --> 00:32:04,480

you know in communicating with uh like

842

00:32:08,310 --> 00:32:06,960

jim simivan my cia colleague right he

843

00:32:10,070 --> 00:32:08,320

knows that as well

844

00:32:12,070 --> 00:32:10,080

and then you know communicating with my

845

00:32:14,389 --> 00:32:12,080

colleagues that i worked with

846

00:32:16,470 --> 00:32:14,399

uh when i was employed by cia they know

847

00:32:19,269 --> 00:32:16,480

that as well and and like i've said

848

00:32:20,789 --> 00:32:19,279

before there are a lot of people who are

849

00:32:22,310 --> 00:32:20,799

experiencers

850

00:32:24,549 --> 00:32:22,320

within government

851  
00:32:25,909 --> 00:32:24,559  
and they need a place to share those

852  
00:32:28,070 --> 00:32:25,919  
experiences

853  
00:32:29,830 --> 00:32:28,080  
and one thing i was happy about is they

854  
00:32:31,029 --> 00:32:29,840  
did what some of the congressmen did

855  
00:32:32,870 --> 00:32:31,039  
talk about

856  
00:32:35,029 --> 00:32:32,880  
um the ability to share within

857  
00:32:36,950 --> 00:32:35,039  
government and there is within

858  
00:32:39,350 --> 00:32:36,960  
government and chris mellon

859  
00:32:43,029 --> 00:32:39,360  
stated it so i'll follow on

860  
00:32:44,070 --> 00:32:43,039  
the odni has set up a chat room

861  
00:32:47,190 --> 00:32:44,080  
for

862  
00:32:49,029 --> 00:32:47,200  
and that's still top secret sci but it

863  
00:32:51,029 --> 00:32:49,039

allows these people

864

00:32:52,630 --> 00:32:51,039

uh in the intelligence community

865

00:32:54,830 --> 00:32:52,640

especially civilian side and

866

00:32:58,549 --> 00:32:54,840

intelligence community to share their

867

00:33:00,470 --> 00:32:58,559

experiences to share um their beliefs of

868

00:33:01,830 --> 00:33:00,480

what happens or what is happening and

869

00:33:04,149 --> 00:33:01,840

maybe share

870

00:33:06,470 --> 00:33:04,159

information that might be classified so

871

00:33:07,350 --> 00:33:06,480

the odni does have

872

00:33:11,029 --> 00:33:07,360

this

873

00:33:12,389 --> 00:33:11,039

chat room database however the air force

874

00:33:13,269 --> 00:33:12,399

has

875

00:33:15,269 --> 00:33:13,279

been

876

00:33:18,230 --> 00:33:15,279

calling through this database and

877

00:33:21,590 --> 00:33:18,240

finding air force people civilians or

878

00:33:22,549 --> 00:33:21,600

even military and intimidating them

879

00:33:24,549 --> 00:33:22,559

and

880

00:33:27,590 --> 00:33:24,559

that's completely wrong

881

00:33:30,310 --> 00:33:27,600

well it's against the law even according

882

00:33:32,789 --> 00:33:30,320

to the the what congress put out about

883

00:33:35,350 --> 00:33:32,799

stigma and and

884

00:33:37,669 --> 00:33:35,360

how does the air force get away with

885

00:33:39,909 --> 00:33:37,679

doing that when it's they're breaking

886

00:33:41,909 --> 00:33:39,919

the law of that was

887

00:33:43,509 --> 00:33:41,919

and that's one of the questions uh chris

888

00:33:46,070 --> 00:33:43,519

mellon queued up

889

00:33:47,909 --> 00:33:46,080

in a piece that he wrote uh here's what

890

00:33:49,909 --> 00:33:47,919

i would ask if i was a congressman he

891

00:33:52,310 --> 00:33:49,919

queued up a lot of questions that

892

00:33:54,230 --> 00:33:52,320

he wants answers to because he knows the

893

00:33:56,549 --> 00:33:54,240

answers but he wanted one of the

894

00:33:59,509 --> 00:33:56,559

questions to be spoken out loud

895

00:34:01,669 --> 00:33:59,519

right so they touched on some of it but

896

00:34:02,870 --> 00:34:01,679

not all of it and probably not in this

897

00:34:03,909 --> 00:34:02,880

very first

898

00:34:06,470 --> 00:34:03,919

hearing

899

00:34:07,909 --> 00:34:06,480

um but yeah what they're doing within

900

00:34:09,589 --> 00:34:07,919

the air force they're protecting

901  
00:34:11,669 --> 00:34:09,599  
programs so why

902  
00:34:13,030 --> 00:34:11,679  
why is the navy more forthcoming than

903  
00:34:14,790 --> 00:34:13,040  
the air force

904  
00:34:15,909 --> 00:34:14,800  
and i've always said the navy has the

905  
00:34:19,190 --> 00:34:15,919  
data

906  
00:34:21,349 --> 00:34:19,200  
but if you go back to roswell um

907  
00:34:22,389 --> 00:34:21,359  
what was retrieved

908  
00:34:25,030 --> 00:34:22,399  
went to

909  
00:34:26,149 --> 00:34:25,040  
the army air force before it became the

910  
00:34:29,270 --> 00:34:26,159  
air force

911  
00:34:31,430 --> 00:34:29,280  
and they've had this

912  
00:34:32,790 --> 00:34:31,440  
uh material since then and may have

913  
00:34:35,030 --> 00:34:32,800

exploited it

914

00:34:37,829 --> 00:34:35,040

to the point where they now incorporated

915

00:34:40,149 --> 00:34:37,839

some of that technology into craft that

916

00:34:41,750 --> 00:34:40,159

they have built and they want to protect

917

00:34:44,710 --> 00:34:41,760

that program

918

00:34:46,149 --> 00:34:44,720

and so uh opening up all the ufo all of

919

00:34:49,430 --> 00:34:46,159

uaps

920

00:34:51,270 --> 00:34:49,440

to the general public might then expose

921

00:34:52,790 --> 00:34:51,280

some of the things we see

922

00:34:55,430 --> 00:34:52,800

or have been seen

923

00:34:57,910 --> 00:34:55,440

might be their craft

924

00:34:59,990 --> 00:34:57,920

and not uh

925

00:35:02,470 --> 00:35:00,000

craft of non-human origin and they want

926  
00:35:04,630 --> 00:35:02,480  
to protect their craft

927  
00:35:07,910 --> 00:35:04,640  
and i happen to know that there is such

928  
00:35:10,950 --> 00:35:07,920  
crap and see people call it tr3b

929  
00:35:13,270 --> 00:35:10,960  
uh manta black manta but i say i tell

930  
00:35:15,190 --> 00:35:13,280  
people step away from all of these

931  
00:35:17,910 --> 00:35:15,200  
labels that you hear

932  
00:35:20,150 --> 00:35:17,920  
in social media you hear on ufo twitter

933  
00:35:23,510 --> 00:35:20,160  
step away from the label and ask does

934  
00:35:25,349 --> 00:35:23,520  
the air force have an advanced aerospace

935  
00:35:27,109 --> 00:35:25,359  
vehicle

936  
00:35:28,790 --> 00:35:27,119  
based on

937  
00:35:30,310 --> 00:35:28,800  
advanced technology that may have been

938  
00:35:32,630 --> 00:35:30,320

recovered

939

00:35:33,670 --> 00:35:32,640

simple question i'm not saying what it's

940

00:35:35,030 --> 00:35:33,680

called

941

00:35:36,710 --> 00:35:35,040

and if they are truthful they will say

942

00:35:39,030 --> 00:35:36,720

yes we do

943

00:35:42,630 --> 00:35:39,040

you know but if you ask the air force do

944

00:35:45,270 --> 00:35:42,640

you have a tr-3b black man a mantra you

945

00:35:47,190 --> 00:35:45,280

don't say no we don't have that because

946

00:35:49,910 --> 00:35:47,200

that's not what it's called you ask the

947

00:35:51,750 --> 00:35:49,920

government um is there a majestic 12

948

00:35:53,430 --> 00:35:51,760

they'll say no we don't have that

949

00:35:55,270 --> 00:35:53,440

because that's not what it's called the

950

00:35:56,630 --> 00:35:55,280

government literally

951  
00:35:59,030 --> 00:35:56,640  
will answer

952  
00:36:01,589 --> 00:35:59,040  
your question and give you a literal

953  
00:36:03,430 --> 00:36:01,599  
answer based on

954  
00:36:05,589 --> 00:36:03,440  
your question and if there's something

955  
00:36:07,190 --> 00:36:05,599  
that they can't talk about they just say

956  
00:36:10,069 --> 00:36:07,200  
i can't talk about it

957  
00:36:11,270 --> 00:36:10,079  
which is like a uh

958  
00:36:13,109 --> 00:36:11,280  
like a yes

959  
00:36:14,710 --> 00:36:13,119  
you know when they when they go to close

960  
00:36:16,710 --> 00:36:14,720  
session which means

961  
00:36:19,270 --> 00:36:16,720  
classified session

962  
00:36:20,950 --> 00:36:19,280  
um and they say i can't talk about it we

963  
00:36:23,190 --> 00:36:20,960

have to go to closed session it's

964

00:36:25,829 --> 00:36:23,200

basically just say yes

965

00:36:28,550 --> 00:36:25,839

that's that's basically a yes from them

966

00:36:30,310 --> 00:36:28,560

that they can't disclose it publicly but

967

00:36:32,390 --> 00:36:30,320

yes but we can talk about it you know

968

00:36:33,589 --> 00:36:32,400

offline you know in in that closed

969

00:36:34,390 --> 00:36:33,599

session so

970

00:36:36,630 --> 00:36:34,400

right

971

00:36:38,310 --> 00:36:36,640

well zinka yeah i i have a lot more

972

00:36:41,109 --> 00:36:38,320

questions for john how much time do you

973

00:36:42,550 --> 00:36:41,119

have john um because whenever you shut

974

00:36:44,390 --> 00:36:42,560

down

975

00:36:47,030 --> 00:36:44,400

i could talk to you all day because what

976  
00:36:49,349 --> 00:36:47,040  
you're saying is so valuable for what

977  
00:36:52,790 --> 00:36:49,359  
people really want to hear

978  
00:36:54,230 --> 00:36:52,800  
so i mean my my question is it seems if

979  
00:36:56,069 --> 00:36:54,240  
you're saying there's higher

980  
00:36:58,630 --> 00:36:56,079  
intelligence that is

981  
00:37:01,030 --> 00:36:58,640  
wanting us to wake up and there's forces

982  
00:37:03,589 --> 00:37:01,040  
inside the government that doesn't want

983  
00:37:06,630 --> 00:37:03,599  
that to happen it seems like we are in a

984  
00:37:08,150 --> 00:37:06,640  
battle of sorts between

985  
00:37:10,870 --> 00:37:08,160  
i don't want to say light and dark but

986  
00:37:12,790 --> 00:37:10,880  
whatever there's some kind of internal

987  
00:37:15,990 --> 00:37:12,800  
even intellectual

988  
00:37:18,310 --> 00:37:16,000

um battle going on within the public

989

00:37:22,950 --> 00:37:18,320

that is uh keeping us

990

00:37:26,150 --> 00:37:22,960

dumb and and stupid and ignorant and and

991

00:37:29,670 --> 00:37:26,160

what do we need to do to gain the force

992

00:37:31,349 --> 00:37:29,680

and the energy to to come forward with

993

00:37:33,750 --> 00:37:31,359

with this uh well i'll just show you

994

00:37:35,829 --> 00:37:33,760

what we're doing me and deborah giusti

995

00:37:37,990 --> 00:37:35,839

were putting on this five part series

996

00:37:39,829 --> 00:37:38,000

here that's coming up you can go to

997

00:37:41,589 --> 00:37:39,839

making contact series we're going to be

998

00:37:44,790 --> 00:37:41,599

talking to

999

00:37:46,390 --> 00:37:44,800

nick pope and jj and desiree hertog this

1000

00:37:49,750 --> 00:37:46,400

thursday so

1001  
00:37:52,230 --> 00:37:49,760  
and then i'm talking to danny sheehan

1002  
00:37:54,870 --> 00:37:52,240  
and steve bassett on june 2nd

1003  
00:37:57,750 --> 00:37:54,880  
and uh carolyn corey june 9th and

1004  
00:38:00,150 --> 00:37:57,760  
whitley strieber and linda molten howe

1005  
00:38:02,230 --> 00:38:00,160  
on june 16th so you it's the first

1006  
00:38:05,270 --> 00:38:02,240  
session's free and i just

1007  
00:38:08,470 --> 00:38:05,280  
say this is another way of going in but

1008  
00:38:10,870 --> 00:38:08,480  
also what you're saying here john is

1009  
00:38:14,230 --> 00:38:10,880  
what is the real bat this is a battle

1010  
00:38:15,510 --> 00:38:14,240  
for the soul of humanity and

1011  
00:38:20,310 --> 00:38:15,520  
how do we

1012  
00:38:23,589 --> 00:38:20,320  
frustrating to hear all these

1013  
00:38:25,829 --> 00:38:23,599

bureaucratic um

1014

00:38:27,589 --> 00:38:25,839

i don't know talking points that don't

1015

00:38:29,030 --> 00:38:27,599

ever get to the truth

1016

00:38:31,589 --> 00:38:29,040

right and so

1017

00:38:34,710 --> 00:38:31,599

that's the value of having legislation

1018

00:38:37,109 --> 00:38:34,720

both in the ndaa and the iaa

1019

00:38:38,790 --> 00:38:37,119

because there are these two pieces of

1020

00:38:41,750 --> 00:38:38,800

signed legislation

1021

00:38:45,270 --> 00:38:41,760

now we the voters when there

1022

00:38:47,829 --> 00:38:45,280

is a candidate for office

1023

00:38:49,589 --> 00:38:47,839

let's say a congress person wants to be

1024

00:38:52,069 --> 00:38:49,599

reelected or a

1025

00:38:54,390 --> 00:38:52,079

new candidate wants to run for office

1026  
00:38:55,190 --> 00:38:54,400  
then the press and we the people can ask

1027  
00:38:58,310 --> 00:38:55,200  
them

1028  
00:39:00,310 --> 00:38:58,320  
oh by the way there's this ndaa

1029  
00:39:01,990 --> 00:39:00,320  
and there's a uap section in that what

1030  
00:39:03,430 --> 00:39:02,000  
do you feel about that that's no longer

1031  
00:39:06,390 --> 00:39:03,440  
considered crazy

1032  
00:39:08,870 --> 00:39:06,400  
you can legitimately ask that the press

1033  
00:39:10,630 --> 00:39:08,880  
the media can ask that question

1034  
00:39:13,349 --> 00:39:10,640  
of these candidates

1035  
00:39:15,270 --> 00:39:13,359  
um of these incumbents what do you feel

1036  
00:39:17,829 --> 00:39:15,280  
about this and at least start that

1037  
00:39:22,950 --> 00:39:17,839  
discussion that's the very first step

1038  
00:39:25,829 --> 00:39:22,960

of of trying to get people of that mind

1039

00:39:26,950 --> 00:39:25,839

into office so we can have that greater

1040

00:39:28,950 --> 00:39:26,960

discussion

1041

00:39:30,950 --> 00:39:28,960

uh coming forward

1042

00:39:34,550 --> 00:39:30,960

that's one way of doing it

1043

00:39:37,430 --> 00:39:34,560

and another way is uh because the stigma

1044

00:39:39,670 --> 00:39:37,440

is removed from the military and from

1045

00:39:42,230 --> 00:39:39,680

the intelligence community

1046

00:39:44,230 --> 00:39:42,240

then the stigma should also be removed

1047

00:39:46,150 --> 00:39:44,240

from the corporate world

1048

00:39:47,670 --> 00:39:46,160

the world that many people work in you

1049

00:39:50,069 --> 00:39:47,680

know where they don't want to talk about

1050

00:39:51,990 --> 00:39:50,079

this in in the workplace because uh

1051  
00:39:53,750 --> 00:39:52,000  
their fear for you know what people

1052  
00:39:56,550 --> 00:39:53,760  
might think of them but if the

1053  
00:39:59,190 --> 00:39:56,560  
conversation happens on that level uh

1054  
00:40:01,349 --> 00:39:59,200  
all of a sudden that now we can start

1055  
00:40:03,109 --> 00:40:01,359  
talking about what we're seeing and also

1056  
00:40:04,870 --> 00:40:03,119  
what we're experiencing and what we're

1057  
00:40:07,270 --> 00:40:04,880  
feeling right

1058  
00:40:09,109 --> 00:40:07,280  
and so all these steps need to happen

1059  
00:40:10,870 --> 00:40:09,119  
and so yeah i was disappointed with

1060  
00:40:12,870 --> 00:40:10,880  
today but i didn't expect you know

1061  
00:40:15,190 --> 00:40:12,880  
everything to come out but we do have

1062  
00:40:17,430 --> 00:40:15,200  
andre carson there we have tim burchette

1063  
00:40:19,990 --> 00:40:17,440

we have that guy gallagher there are

1064

00:40:22,790 --> 00:40:20,000

people in office um

1065

00:40:24,230 --> 00:40:22,800

but you know and then zinka yeah i know

1066

00:40:26,230 --> 00:40:24,240

you want to ask i just want to say

1067

00:40:27,910 --> 00:40:26,240

corporate when you mention corporate it

1068

00:40:29,910 --> 00:40:27,920

seems like corporate interests are in

1069

00:40:31,750 --> 00:40:29,920

control because obviously what's ever

1070

00:40:35,109 --> 00:40:31,760

out there is not filling up their gas

1071

00:40:39,190 --> 00:40:35,119

tank to get here and that's a threat to

1072

00:40:41,750 --> 00:40:39,200

corporate um monopolies so yeah that's

1073

00:40:44,470 --> 00:40:41,760

the problem zinca yeah well that's a

1074

00:40:47,190 --> 00:40:44,480

very interesting point alan because if

1075

00:40:49,270 --> 00:40:47,200

if everything boils down to economics

1076  
00:40:51,349 --> 00:40:49,280  
and at a core level when you talk about

1077  
00:40:52,470 --> 00:40:51,359  
politics and things in decision making

1078  
00:40:55,270 --> 00:40:52,480  
like that

1079  
00:40:57,190 --> 00:40:55,280  
um that's some people are saying that's

1080  
00:40:59,430 --> 00:40:57,200  
why they haven't been more forthcoming

1081  
00:41:01,990 --> 00:40:59,440  
about this information because free

1082  
00:41:04,550 --> 00:41:02,000  
energy is baked into the whole story you

1083  
00:41:06,470 --> 00:41:04,560  
know the whole the whole technology so

1084  
00:41:07,190 --> 00:41:06,480  
that's an interesting way to think about

1085  
00:41:10,390 --> 00:41:07,200  
it

1086  
00:41:13,910 --> 00:41:10,400  
i would also encourage us to to realize

1087  
00:41:17,190 --> 00:41:13,920  
that the government is a microcosm of

1088  
00:41:18,790 --> 00:41:17,200

our society okay at a global level level

1089

00:41:21,030 --> 00:41:18,800

and a country level

1090

00:41:23,430 --> 00:41:21,040

so if there's people in the government

1091

00:41:25,510 --> 00:41:23,440

that as you say don't want to talk about

1092

00:41:28,230 --> 00:41:25,520

enlightenment and channeling because

1093

00:41:30,150 --> 00:41:28,240

they think it's negative entities

1094

00:41:33,030 --> 00:41:30,160

that's a part of us

1095

00:41:36,069 --> 00:41:33,040

that's not ready to um

1096

00:41:36,870 --> 00:41:36,079

to get curious and and that's the thing

1097

00:41:39,510 --> 00:41:36,880

it's

1098

00:41:42,390 --> 00:41:39,520

all of these um thoughts and beliefs and

1099

00:41:44,630 --> 00:41:42,400

systems take time to

1100

00:41:47,109 --> 00:41:44,640

die and rebirth and i think one of the

1101  
00:41:48,950 --> 00:41:47,119  
flags that we can carry as a movement is

1102  
00:41:50,710 --> 00:41:48,960  
this idea that hey

1103  
00:41:52,630 --> 00:41:50,720  
let's get curious about this we don't

1104  
00:41:55,109 --> 00:41:52,640  
have all the answers but if you're

1105  
00:41:58,309 --> 00:41:55,119  
saying no i can't listen to that because

1106  
00:42:00,550 --> 00:41:58,319  
it's evil or this or that um then you're

1107  
00:42:02,390 --> 00:42:00,560  
not you're not being curious and i would

1108  
00:42:04,870 --> 00:42:02,400  
also encourage you know

1109  
00:42:07,270 --> 00:42:04,880  
the mission of lightnet is to really get

1110  
00:42:08,390 --> 00:42:07,280  
people to have these first experiences

1111  
00:42:11,030 --> 00:42:08,400  
because

1112  
00:42:13,589 --> 00:42:11,040  
when you see that ufo you cannot deny

1113  
00:42:15,430 --> 00:42:13,599

that you saw that ufo and it suddenly

1114

00:42:19,030 --> 00:42:15,440

becomes a totally different discussion

1115

00:42:21,670 --> 00:42:19,040

for you so if you and and and we know

1116

00:42:23,510 --> 00:42:21,680

that people who've seen ufos or done

1117

00:42:25,270 --> 00:42:23,520

channeling or done meditations or

1118

00:42:27,910 --> 00:42:25,280

remembered their dreams

1119

00:42:30,109 --> 00:42:27,920

are good at helping other people do it

1120

00:42:32,790 --> 00:42:30,119

so that's what we're doing at

1121

00:42:34,630 --> 00:42:32,800

lightnet.org is net on thursday we're

1122

00:42:37,109 --> 00:42:34,640

launching these these small groups of

1123

00:42:38,630 --> 00:42:37,119

eight to to lovingly bring so do you

1124

00:42:40,470 --> 00:42:38,640

know it doesn't even have to be through

1125

00:42:42,710 --> 00:42:40,480

our platform you know if you know how to

1126

00:42:43,990 --> 00:42:42,720

see a ufo show someone else how to do it

1127

00:42:46,390 --> 00:42:44,000

you know if you don't how to remember

1128

00:42:48,230 --> 00:42:46,400

your dreams encourage someone to do it

1129

00:42:49,990 --> 00:42:48,240

we dream a third of the time and

1130

00:42:51,829 --> 00:42:50,000

scientists are saying that

1131

00:42:54,630 --> 00:42:51,839

a lot of these answers to our questions

1132

00:42:57,030 --> 00:42:54,640

are coming through dreams right so

1133

00:42:59,510 --> 00:42:57,040

if this is interdimensional if this is

1134

00:43:02,950 --> 00:42:59,520

consciousness then when you're when

1135

00:43:05,829 --> 00:43:02,960

you're waking mind the one that's behind

1136

00:43:07,670 --> 00:43:05,839

is asleep um you're a little bit freer

1137

00:43:09,030 --> 00:43:07,680

to start to understand these things in a

1138

00:43:09,829 --> 00:43:09,040

different way

1139

00:43:10,950 --> 00:43:09,839

so

1140

00:43:13,030 --> 00:43:10,960

um

1141

00:43:15,270 --> 00:43:13,040

so yeah i mean i think

1142

00:43:18,150 --> 00:43:15,280

you know we really need to think of this

1143

00:43:19,910 --> 00:43:18,160

as as as kind of like a chess board and

1144

00:43:22,550 --> 00:43:19,920

the government is us and we're the

1145

00:43:24,870 --> 00:43:22,560

society and it's it's one conversation

1146

00:43:26,790 --> 00:43:24,880

at a time it's one experience at a time

1147

00:43:28,630 --> 00:43:26,800

and thanks to allen for putting on the

1148

00:43:30,790 --> 00:43:28,640

making contact series thanks for you

1149

00:43:33,030 --> 00:43:30,800

know dwayne i'll share my screen you

1150

00:43:35,270 --> 00:43:33,040

know dwayne is is going to be releasing

1151  
00:43:36,870 --> 00:43:35,280  
we're talking about different footage

1152  
00:43:39,670 --> 00:43:36,880  
that we want to see

1153  
00:43:42,069 --> 00:43:39,680  
um so on the um

1154  
00:43:43,910 --> 00:43:42,079  
blind frog ranch which is close to the

1155  
00:43:46,710 --> 00:43:43,920  
skinwalker ranch they're having a

1156  
00:43:49,030 --> 00:43:46,720  
massive ufo disclosure symposium because

1157  
00:43:51,589 --> 00:43:49,040  
they've got amazing footage that's never

1158  
00:43:54,470 --> 00:43:51,599  
been seen before and they've actually

1159  
00:43:57,109 --> 00:43:54,480  
gotten mainstream stream press to to

1160  
00:43:59,750 --> 00:43:57,119  
come and to cover the event so again

1161  
00:44:01,190 --> 00:43:59,760  
this is all one thing is is dominoing

1162  
00:44:04,230 --> 00:44:01,200  
into the other

1163  
00:44:06,150 --> 00:44:04,240

um and you know they've got avi loeb

1164

00:44:08,790 --> 00:44:06,160

coming you know so we've got you know

1165

00:44:12,309 --> 00:44:08,800

our professors jumping into the mix

1166

00:44:14,309 --> 00:44:12,319

which is totally amazing um so

1167

00:44:16,670 --> 00:44:14,319

so again also

1168

00:44:19,750 --> 00:44:16,680

um we'd love to have you up in contact

1169

00:44:21,190 --> 00:44:19,760

2022. um uh john

1170

00:44:22,870 --> 00:44:21,200

allen and i are going to be speaking

1171

00:44:25,349 --> 00:44:22,880

it's up here in sedona it's not going to

1172

00:44:27,990 --> 00:44:25,359

be done live um

1173

00:44:30,390 --> 00:44:28,000

but um but yeah this stuff is happening

1174

00:44:31,829 --> 00:44:30,400

and um and i see deborah here i don't

1175

00:44:33,510 --> 00:44:31,839

know deborah if you want to talk about

1176

00:44:35,750 --> 00:44:33,520

what you're working on but these these

1177

00:44:37,990 --> 00:44:35,760

things are so important that what what

1178

00:44:39,670 --> 00:44:38,000

we're doing as citizens to keep the word

1179

00:44:40,870 --> 00:44:39,680

out and to keep the

1180

00:44:43,109 --> 00:44:40,880

the knowledge

1181

00:44:45,430 --> 00:44:43,119

uh going and and i think we really need

1182

00:44:47,589 --> 00:44:45,440

centralized systems to unite all these

1183

00:44:49,270 --> 00:44:47,599

ufo organizations so that we can be a

1184

00:44:51,190 --> 00:44:49,280

pres you know

1185

00:44:54,230 --> 00:44:51,200

a more organized

1186

00:44:56,390 --> 00:44:54,240

front of in people's movements yes

1187

00:44:58,309 --> 00:44:56,400

invitation into experience and also show

1188

00:45:00,309 --> 00:44:58,319

the data the statistics which is what

1189

00:45:01,589 --> 00:45:00,319

they seem to want

1190

00:45:06,230 --> 00:45:01,599

deborah

1191

00:45:09,030 --> 00:45:06,240

co-producing the making contact series

1192

00:45:10,950 --> 00:45:09,040

and has been a driving force and getting

1193

00:45:12,470 --> 00:45:10,960

this public deborah you want to just

1194

00:45:14,470 --> 00:45:12,480

jump in about

1195

00:45:16,630 --> 00:45:14,480

and wait unmute i mean we don't want to

1196

00:45:19,030 --> 00:45:16,640

miss anything

1197

00:45:21,589 --> 00:45:19,040

i think this is amazing and john that

1198

00:45:23,510 --> 00:45:21,599

was incredible um you know

1199

00:45:25,510 --> 00:45:23,520

explanation of all that's going on and

1200

00:45:26,550 --> 00:45:25,520

way beyond and all what we need to know

1201  
00:45:28,309 --> 00:45:26,560  
right now

1202  
00:45:30,390 --> 00:45:28,319  
and i think the biggest thing is that

1203  
00:45:32,470 --> 00:45:30,400  
we're all coming together so many people

1204  
00:45:34,150 --> 00:45:32,480  
around the world are shouting out now

1205  
00:45:36,710 --> 00:45:34,160  
and that's going to be heard that can't

1206  
00:45:39,510 --> 00:45:36,720  
be denied and it's not just the people

1207  
00:45:42,470 --> 00:45:39,520  
that know about the ufos it's everybody

1208  
00:45:44,550 --> 00:45:42,480  
is waking up on all levels and not just

1209  
00:45:46,790 --> 00:45:44,560  
to ufo consciousness but to their own

1210  
00:45:48,550 --> 00:45:46,800  
personal evolution to everything that's

1211  
00:45:51,270 --> 00:45:48,560  
going on the planet to everything that's

1212  
00:45:54,309 --> 00:45:51,280  
going on behind the seeds that is now

1213  
00:45:55,829 --> 00:45:54,319

coming up to be revealed healed exposed

1214

00:45:58,069 --> 00:45:55,839

and transformed

1215

00:46:00,790 --> 00:45:58,079

so this is a part of everything that's

1216

00:46:02,710 --> 00:46:00,800

moving forward now and i'm so happy to

1217

00:46:04,550 --> 00:46:02,720

be working with alan i've known him for

1218

00:46:06,870 --> 00:46:04,560

many many years i mean we've all been

1219

00:46:10,069 --> 00:46:06,880

connected but now we're in deeper and

1220

00:46:11,910 --> 00:46:10,079

deeper collaboration directed by spirit

1221

00:46:14,630 --> 00:46:11,920

to uh come out and do what we came here

1222

00:46:16,309 --> 00:46:14,640

to do and this time it's getting right

1223

00:46:19,109 --> 00:46:16,319

now it's getting all the information out

1224

00:46:21,430 --> 00:46:19,119

like all of us are compelled to do these

1225

00:46:23,750 --> 00:46:21,440

online programs and get the information

1226

00:46:26,230 --> 00:46:23,760

out so i think it's really beautiful and

1227

00:46:27,750 --> 00:46:26,240

even though it wasn't the big wow

1228

00:46:30,230 --> 00:46:27,760

there was a lot of good questions that

1229

00:46:32,230 --> 00:46:30,240

were asked and there's people there you

1230

00:46:33,750 --> 00:46:32,240

could tell they knew what was going on

1231

00:46:35,750 --> 00:46:33,760

the other people knew they knew they

1232

00:46:37,829 --> 00:46:35,760

knew it was going on you could see all

1233

00:46:39,990 --> 00:46:37,839

that behind the scenes you know so even

1234

00:46:42,550 --> 00:46:40,000

though it's not on the surface right now

1235

00:46:45,910 --> 00:46:42,560

it's purpling up and it can't be denied

1236

00:46:47,349 --> 00:46:45,920

on all levels so it's all part of the

1237

00:46:49,670 --> 00:46:47,359

transformation the shift that's

1238

00:46:51,190 --> 00:46:49,680

happening now that we all came for came

1239

00:46:52,710 --> 00:46:51,200

from at this point

1240

00:46:54,470 --> 00:46:52,720

thank you deborah it's great working

1241

00:46:57,030 --> 00:46:54,480

with you because you're so enthusiastic

1242

00:46:58,870 --> 00:46:57,040

and we are on a threshold of something

1243

00:46:59,910 --> 00:46:58,880

this at least was

1244

00:47:03,990 --> 00:46:59,920

uh uh

1245

00:47:05,589 --> 00:47:04,000

an opening of a door and and john

1246

00:47:07,510 --> 00:47:05,599

thank you for

1247

00:47:10,390 --> 00:47:07,520

coming forward you know with your

1248

00:47:13,670 --> 00:47:10,400

background and your awareness we need to

1249

00:47:15,589 --> 00:47:13,680

hear from more people like you and brave

1250

00:47:17,349 --> 00:47:15,599

enough to just say

1251  
00:47:19,030 --> 00:47:17,359  
the truth and

1252  
00:47:20,470 --> 00:47:19,040  
you know one thing i was interested in

1253  
00:47:23,109 --> 00:47:20,480  
what you did say is that there's a

1254  
00:47:25,510 --> 00:47:23,119  
private chat inside government for

1255  
00:47:27,910 --> 00:47:25,520  
experiences to come forward are you a

1256  
00:47:28,870 --> 00:47:27,920  
part of that and can you share you're

1257  
00:47:30,870 --> 00:47:28,880  
not

1258  
00:47:32,950 --> 00:47:30,880  
no i i can't share it

1259  
00:47:36,710 --> 00:47:32,960  
it was set up by abraham

1260  
00:47:37,829 --> 00:47:36,720  
right so uh the audience the dni set up

1261  
00:47:40,950 --> 00:47:37,839  
and

1262  
00:47:42,790 --> 00:47:40,960  
it is classified top secret sti i no

1263  
00:47:45,030 --> 00:47:42,800

longer hold clearances

1264

00:47:47,270 --> 00:47:45,040

and so you have to access it through a

1265

00:47:49,589 --> 00:47:47,280

government computer in a skip

1266

00:47:51,990 --> 00:47:49,599

so obviously i won't be able to access

1267

00:47:54,069 --> 00:47:52,000

it but the fact of that such a thing

1268

00:47:55,030 --> 00:47:54,079

exists i've known about

1269

00:47:57,430 --> 00:47:55,040

and

1270

00:47:59,990 --> 00:47:57,440

i'm happy for chris mellon to actually

1271

00:48:02,630 --> 00:48:00,000

reveal the fact that there is this

1272

00:48:04,870 --> 00:48:02,640

um this chat room it's basically you

1273

00:48:12,630 --> 00:48:04,880

classified

1274

00:48:14,950 --> 00:48:12,640

intelligence officers it's it's a

1275

00:48:16,230 --> 00:48:14,960

classified ufo twitter basically it's

1276

00:48:17,190 --> 00:48:16,240

what it is

1277

00:48:20,549 --> 00:48:17,200

um

1278

00:48:23,510 --> 00:48:20,559

but you know people are able to then

1279

00:48:25,190 --> 00:48:23,520

have a venue to share their experiences

1280

00:48:27,430 --> 00:48:25,200

within the government

1281

00:48:29,430 --> 00:48:27,440

um so there is not stigma so within the

1282

00:48:32,390 --> 00:48:29,440

government that's that's very helpful

1283

00:48:34,790 --> 00:48:32,400

and maybe then um i'm encouraging people

1284

00:48:37,030 --> 00:48:34,800

that i know who have retired and who are

1285

00:48:39,030 --> 00:48:37,040

experiences uh experiences that come

1286

00:48:40,230 --> 00:48:39,040

forward as well you know there's a way

1287

00:48:42,150 --> 00:48:40,240

to do it

1288

00:48:44,309 --> 00:48:42,160

and there's a way you know that you can

1289

00:48:45,589 --> 00:48:44,319

put things in a slideshow presentation

1290

00:48:46,549 --> 00:48:45,599

or give a talk

1291

00:48:49,510 --> 00:48:46,559

just

1292

00:48:51,270 --> 00:48:49,520

run it through cia has never ever

1293

00:48:53,750 --> 00:48:51,280

redacted anything

1294

00:48:56,549 --> 00:48:53,760

and i've had like three versions of what

1295

00:48:58,870 --> 00:48:56,559

i've been saying that cia has approved

1296

00:49:01,190 --> 00:48:58,880

wow and so it's not like they're trying

1297

00:49:03,109 --> 00:49:01,200

to suppress me from saying anything jim

1298

00:49:04,390 --> 00:49:03,119

semivan can talk about what he talks

1299

00:49:05,589 --> 00:49:04,400

about because he went through the same

1300

00:49:07,750 --> 00:49:05,599

process

1301  
00:49:09,030 --> 00:49:07,760  
james lakatsky who wrote the skinwalkers

1302  
00:49:11,030 --> 00:49:09,040  
of the pentagon

1303  
00:49:13,510 --> 00:49:11,040  
went through that process and i'm sure

1304  
00:49:15,030 --> 00:49:13,520  
lou elizondo who is writing a book as we

1305  
00:49:16,870 --> 00:49:15,040  
speak is going to go through that

1306  
00:49:19,109 --> 00:49:16,880  
process and i think there are elements

1307  
00:49:19,990 --> 00:49:19,119  
within the intelligence community um

1308  
00:49:20,870 --> 00:49:20,000  
that

1309  
00:49:21,750 --> 00:49:20,880  
um

1310  
00:49:24,870 --> 00:49:21,760  
want

1311  
00:49:26,150 --> 00:49:24,880  
this to happen in a way that

1312  
00:49:27,829 --> 00:49:26,160  
um

1313  
00:49:30,470 --> 00:49:27,839

that protects sources and methods that's

1314

00:49:32,150 --> 00:49:30,480

a legitimate concern what can you

1315

00:49:33,670 --> 00:49:32,160

explain what that actually means that

1316

00:49:36,069 --> 00:49:33,680

people use that but i don't know what

1317

00:49:39,349 --> 00:49:36,079

that mean sources and methods sure a

1318

00:49:41,990 --> 00:49:39,359

source is um

1319

00:49:43,910 --> 00:49:42,000

where and what

1320

00:49:46,309 --> 00:49:43,920

we get information from it could be a

1321

00:49:47,510 --> 00:49:46,319

person or a technical device that's a

1322

00:49:50,790 --> 00:49:47,520

source

1323

00:49:53,190 --> 00:49:50,800

perishable

1324

00:49:54,150 --> 00:49:53,200

especially if it is a human source a

1325

00:49:57,109 --> 00:49:54,160

person

1326

00:49:59,349 --> 00:49:57,119

because if a country briefs like a

1327

00:50:00,790 --> 00:49:59,359

handful of people on a secret program

1328

00:50:04,309 --> 00:50:00,800

that country's doing

1329

00:50:06,069 --> 00:50:04,319

and that information is released then

1330

00:50:07,750 --> 00:50:06,079

that country's counterintelligence can

1331

00:50:08,630 --> 00:50:07,760

go down the list and say okay who do we

1332

00:50:10,630 --> 00:50:08,640

brief

1333

00:50:13,430 --> 00:50:10,640

and they can go right down

1334

00:50:14,870 --> 00:50:13,440

this list and interrogate them uh in a

1335

00:50:16,069 --> 00:50:14,880

not very

1336

00:50:18,150 --> 00:50:16,079

nice way

1337

00:50:20,790 --> 00:50:18,160

and it could result in their death so we

1338

00:50:22,710 --> 00:50:20,800

need to protect sources of information

1339

00:50:24,230 --> 00:50:22,720

we need to protect the fact that we may

1340

00:50:26,230 --> 00:50:24,240

have a device

1341

00:50:28,390 --> 00:50:26,240

a technical device that's collecting

1342

00:50:30,230 --> 00:50:28,400

information behind the scenes

1343

00:50:32,150 --> 00:50:30,240

in a foreign government

1344

00:50:34,390 --> 00:50:32,160

because if that's discovered then we

1345

00:50:36,870 --> 00:50:34,400

lose that source of information so

1346

00:50:39,829 --> 00:50:36,880

that's protecting source the method is

1347

00:50:42,309 --> 00:50:39,839

the technical means

1348

00:50:43,990 --> 00:50:42,319

we extract that information from a very

1349

00:50:46,950 --> 00:50:44,000

remote site

1350

00:50:49,349 --> 00:50:46,960

so if it's a it's a gadget um

1351  
00:50:50,790 --> 00:50:49,359  
and country x and the country x is very

1352  
00:50:51,829 --> 00:50:50,800  
authoritarian

1353  
00:50:57,510 --> 00:50:51,839  
um

1354  
00:51:00,549 --> 00:50:57,520  
target

1355  
00:51:02,549 --> 00:51:00,559  
hard to get into hard to penetrate uh we

1356  
00:51:05,750 --> 00:51:02,559  
may have an agent

1357  
00:51:08,630 --> 00:51:05,760  
who for whatever motivation will agree

1358  
00:51:11,349 --> 00:51:08,640  
to place that device in that sensitive

1359  
00:51:13,750 --> 00:51:11,359  
area right so that's a source who we

1360  
00:51:15,910 --> 00:51:13,760  
work with and that device is a source

1361  
00:51:19,430 --> 00:51:15,920  
from which we gather information

1362  
00:51:22,150 --> 00:51:19,440  
and how that source talks back to us

1363  
00:51:24,069 --> 00:51:22,160

how we retrieve that information that's

1364

00:51:25,589 --> 00:51:24,079

being collected by that gadget that's

1365

00:51:28,309 --> 00:51:25,599

the method

1366

00:51:29,910 --> 00:51:28,319

once that method is exposed we can never

1367

00:51:32,390 --> 00:51:29,920

use it again

1368

00:51:35,109 --> 00:51:32,400

right uh so that's sources and methods

1369

00:51:37,270 --> 00:51:35,119

so it's not just uap related it's uh i

1370

00:51:39,030 --> 00:51:37,280

think one of the witnesses say said

1371

00:51:40,950 --> 00:51:39,040

truthfully that you know we use these

1372

00:51:42,150 --> 00:51:40,960

sources and methods to collect

1373

00:51:44,309 --> 00:51:42,160

just

1374

00:51:47,349 --> 00:51:44,319

intelligence data worldwide

1375

00:51:49,510 --> 00:51:47,359

and so we can't reveal uh how you know

1376

00:51:51,990 --> 00:51:49,520

what

1377

00:51:53,109 --> 00:51:52,000

sensors may have picked up more than the

1378

00:51:55,190 --> 00:51:53,119

disappointing

1379

00:51:57,750 --> 00:51:55,200

handheld videos that we saw out of a

1380

00:51:59,270 --> 00:51:57,760

cockpit um there's instrumented data

1381

00:52:01,270 --> 00:51:59,280

that we have

1382

00:52:03,589 --> 00:52:01,280

um that they can't reveal because that

1383

00:52:06,309 --> 00:52:03,599

same instrument data that might be

1384

00:52:07,349 --> 00:52:06,319

flying on a satellite or uh flying on an

1385

00:52:09,829 --> 00:52:07,359

airplane

1386

00:52:12,150 --> 00:52:09,839

uh looking into a country um that's the

1387

00:52:13,190 --> 00:52:12,160

same that's the same way that we collect

1388

00:52:14,630 --> 00:52:13,200

information

1389

00:52:17,670 --> 00:52:14,640

right so they can't

1390

00:52:21,349 --> 00:52:17,680

compromise that so how much do you think

1391

00:52:25,430 --> 00:52:21,359

uh avro avril haynes knows head of the

1392

00:52:26,630 --> 00:52:25,440

intelligence um dni um you know

1393

00:52:29,190 --> 00:52:26,640

government

1394

00:52:31,990 --> 00:52:29,200

agency i guess and how much and what he

1395

00:52:35,270 --> 00:52:32,000

and it's a two-part question is like are

1396

00:52:37,190 --> 00:52:35,280

there people behind the scenes whatever

1397

00:52:39,589 --> 00:52:37,200

you know subcommittee saying should we

1398

00:52:42,630 --> 00:52:39,599

tell them no we shunned i mean i know

1399

00:52:43,270 --> 00:52:42,640

there's the religious oh you know kind

1400

00:52:45,349 --> 00:52:43,280

of

1401  
00:52:47,510 --> 00:52:45,359  
impingement but is that conversation

1402  
00:52:50,710 --> 00:52:47,520  
happening you think

1403  
00:52:52,950 --> 00:52:50,720  
well let's tell them let's not tell them

1404  
00:52:54,950 --> 00:52:52,960  
it's just frustrating how much people

1405  
00:52:57,349 --> 00:52:54,960  
know no one wants that yeah go ahead uh

1406  
00:52:58,870 --> 00:52:57,359  
to address your first question abraham

1407  
00:53:01,990 --> 00:52:58,880  
knows everything

1408  
00:53:03,510 --> 00:53:02,000  
wow um the there is a myth

1409  
00:53:05,109 --> 00:53:03,520  
that um

1410  
00:53:07,349 --> 00:53:05,119  
for certain things the president is not

1411  
00:53:09,990 --> 00:53:07,359  
told that is a myth

1412  
00:53:13,190 --> 00:53:10,000  
um when the president asked a question

1413  
00:53:15,589 --> 00:53:13,200

he once answered or she once answered

1414

00:53:16,630 --> 00:53:15,599  
the federal executive branch of

1415

00:53:19,990 --> 00:53:16,640  
government

1416

00:53:21,670 --> 00:53:20,000  
will answer that question

1417

00:53:23,990 --> 00:53:21,680  
and so

1418

00:53:26,150 --> 00:53:24,000  
the question needs to be asked

1419

00:53:27,750 --> 00:53:26,160  
and the government will answer that

1420

00:53:29,109 --> 00:53:27,760  
question the executive branch of

1421

00:53:31,190 --> 00:53:29,119  
government will

1422

00:53:32,710 --> 00:53:31,200  
she knows a lot more than what she says

1423

00:53:33,829 --> 00:53:32,720  
in fact she hinted

1424

00:53:35,589 --> 00:53:33,839  
uh when she said the word

1425

00:53:37,670 --> 00:53:35,599  
extraterrestrially there right there is

1426

00:53:39,750 --> 00:53:37,680

a hint that she knows something that

1427

00:53:40,549 --> 00:53:39,760

it's not adversarial

1428

00:53:41,270 --> 00:53:40,559

um

1429

00:53:42,950 --> 00:53:41,280

so

1430

00:53:45,030 --> 00:53:42,960

well it could be adversarial if it's

1431

00:53:47,910 --> 00:53:45,040

extraterrestrial it could be an advocacy

1432

00:53:49,430 --> 00:53:47,920

it could be but um yeah it could be um

1433

00:53:51,510 --> 00:53:49,440

adversarial but not terrestrially

1434

00:53:53,349 --> 00:53:51,520

adversarial it's not china or russia

1435

00:53:56,069 --> 00:53:53,359

right right i've made that statement

1436

00:53:57,349 --> 00:53:56,079

plain uh as jim semivan who actually

1437

00:54:00,390 --> 00:53:57,359

knows the answer

1438

00:54:02,790 --> 00:54:00,400

yeah i know from uh like a perspective

1439

00:54:05,190 --> 00:54:02,800

of having been retired for 13 years

1440

00:54:07,589 --> 00:54:05,200

um that what we saw in the orbs didn't

1441

00:54:09,430 --> 00:54:07,599

come from russia and china we eliminated

1442

00:54:10,630 --> 00:54:09,440

that right away it's not like terrorist

1443

00:54:13,670 --> 00:54:10,640

or technology

1444

00:54:15,990 --> 00:54:13,680

ever hey no and the clue she knows is to

1445

00:54:19,589 --> 00:54:16,000

go back to the public statements of her

1446

00:54:22,790 --> 00:54:19,599

predecessors the former directors of cia

1447

00:54:26,230 --> 00:54:22,800

and also the former uh dni that preceded

1448

00:54:28,150 --> 00:54:26,240

her saying that oh yeah we have all

1449

00:54:30,069 --> 00:54:28,160

kinds of satellite data we have all

1450

00:54:31,910 --> 00:54:30,079

kinds of collected data

1451

00:54:33,270 --> 00:54:31,920

if you go back to helen carter who was

1452

00:54:35,750 --> 00:54:33,280

the first director of central

1453

00:54:38,870 --> 00:54:35,760

intelligence he gave an interview to the

1454

00:54:41,430 --> 00:54:38,880

new york times in february of 1960 and

1455

00:54:43,670 --> 00:54:41,440

he called the air force to task saying

1456

00:54:45,030 --> 00:54:43,680

the air force is hiding all of this

1457

00:54:48,069 --> 00:54:45,040

information

1458

00:54:49,990 --> 00:54:48,079

about the true origins of ufos

1459

00:54:52,710 --> 00:54:50,000

and it's time high time the congress

1460

00:54:55,510 --> 00:54:52,720

holds hearings about the true origins of

1461

00:54:58,150 --> 00:54:55,520

ufos there's no reason for this secrecy

1462

00:55:00,390 --> 00:54:58,160

and helen carter was the dci

1463

00:55:02,390 --> 00:55:00,400

uh when roswell happened

1464

00:55:03,910 --> 00:55:02,400

he ran the central intelligence group

1465

00:55:07,270 --> 00:55:03,920

which became the central intelligence

1466

00:55:09,510 --> 00:55:07,280

agency he was the top official in the us

1467

00:55:12,390 --> 00:55:09,520

government when roswell happened and he

1468

00:55:14,630 --> 00:55:12,400

knows and even back in 1960

1469

00:55:16,309 --> 00:55:14,640

um he made those statements

1470

00:55:18,870 --> 00:55:16,319

and so you can imagine then that

1471

00:55:20,470 --> 00:55:18,880

abraham's the current dni

1472

00:55:21,910 --> 00:55:20,480

would have that information would have

1473

00:55:24,069 --> 00:55:21,920

that knowledge

1474

00:55:26,630 --> 00:55:24,079

right right and uh the second part of

1475

00:55:29,109 --> 00:55:26,640

your question was um you know about

1476

00:55:32,230 --> 00:55:29,119

actions that are going on yes

1477

00:55:34,630 --> 00:55:32,240

my belief is that um the faction that

1478

00:55:36,150 --> 00:55:34,640

wants to suppress this information for

1479

00:55:37,349 --> 00:55:36,160

whatever reason

1480

00:55:40,630 --> 00:55:37,359

uh whether it's

1481

00:55:42,870 --> 00:55:40,640

like mundane uh like economic reasons

1482

00:55:44,870 --> 00:55:42,880

social economic or you know geopolitical

1483

00:55:46,230 --> 00:55:44,880

reasons or if it's a personally held

1484

00:55:48,870 --> 00:55:46,240

religious belief

1485

00:55:50,069 --> 00:55:48,880

i i can almost feel them you know like

1486

00:55:51,829 --> 00:55:50,079

they're

1487

00:55:54,230 --> 00:55:51,839

their fingernails are just scraping down

1488

00:55:56,150 --> 00:55:54,240

the wall they're losing traction

1489

00:55:58,309 --> 00:55:56,160

you know they're gonna lose they know it

1490

00:56:00,870 --> 00:55:58,319

and they're scrambling now so what do we

1491

00:56:04,710 --> 00:56:00,880

do now oh my gosh congress just held a

1492

00:56:06,630 --> 00:56:04,720

hearing on this they know that you know

1493

00:56:08,630 --> 00:56:06,640

they're basically they're going to be

1494

00:56:11,109 --> 00:56:08,640

superseded and left behind

1495

00:56:13,030 --> 00:56:11,119

and i think in the future as these more

1496

00:56:14,710 --> 00:56:13,040

of these hearings come forward

1497

00:56:16,470 --> 00:56:14,720

um

1498

00:56:17,190 --> 00:56:16,480

that will go away i mean that they're

1499

00:56:19,030 --> 00:56:17,200

just

1500

00:56:22,069 --> 00:56:19,040

they're going to disappear

1501

00:56:24,549 --> 00:56:22,079

um so i have that hope

1502

00:56:28,150 --> 00:56:26,470

i was just going to ask john um within

1503

00:56:30,710 --> 00:56:28,160

the government

1504

00:56:32,630 --> 00:56:30,720

you know how compartmentalized is the

1505

00:56:35,109 --> 00:56:32,640

intelligence that's

1506

00:56:36,950 --> 00:56:35,119

that's that's being gathered who has

1507

00:56:39,270 --> 00:56:36,960

access to what

1508

00:56:40,990 --> 00:56:39,280

what did they allude to today that made

1509

00:56:43,030 --> 00:56:41,000

us think that there's any

1510

00:56:45,910 --> 00:56:43,040

interdepartmental sharing is there a

1511

00:56:48,230 --> 00:56:45,920

central database or not you know how how

1512

00:56:51,109 --> 00:56:48,240

does it work exactly or is it just

1513

00:56:53,030 --> 00:56:51,119

levels of clearances or is everything

1514

00:56:56,150 --> 00:56:53,040

siload between the different apartments

1515

00:56:58,230 --> 00:56:56,160

pilots are a good way to think of them

1516

00:57:00,549 --> 00:56:58,240

we call them stove pipes in in the

1517

00:57:01,670 --> 00:57:00,559

government they're stove pipes of

1518

00:57:02,630 --> 00:57:01,680

information

1519

00:57:04,150 --> 00:57:02,640

um

1520

00:57:06,470 --> 00:57:04,160

first of all i want to dispel the myth

1521

00:57:08,470 --> 00:57:06,480

that there's really nothing above top

1522

00:57:10,710 --> 00:57:08,480

secret top secret is the highest

1523

00:57:12,710 --> 00:57:10,720

classification in the us government but

1524

00:57:15,190 --> 00:57:12,720

having said that to your point zinka

1525

00:57:18,150 --> 00:57:15,200

there are stove pipes and some of these

1526

00:57:20,390 --> 00:57:18,160

pipes are really really big and so a lot

1527

00:57:22,309 --> 00:57:20,400

of people are briefed into

1528

00:57:24,789 --> 00:57:22,319

that type of information under that

1529

00:57:27,510 --> 00:57:24,799

compartment but something like ufos and

1530

00:57:29,910 --> 00:57:27,520

uaps might be like a soda straw

1531

00:57:32,150 --> 00:57:29,920

compared to a giant chimney

1532

00:57:35,430 --> 00:57:32,160

so it's a soda straw and because it's so

1533

00:57:37,270 --> 00:57:35,440

narrow these people have top secret sci

1534

00:57:39,589 --> 00:57:37,280

which means that you're eligible to be

1535

00:57:41,589 --> 00:57:39,599

read in if it's part of your job

1536

00:57:44,390 --> 00:57:41,599

to deal with the subject matter you have

1537

00:57:46,230 --> 00:57:44,400

top secret sei you've been vetted you

1538

00:57:47,670 --> 00:57:46,240

took a polygraph we know that you're not

1539

00:57:49,829 --> 00:57:47,680

spying against the u.s and you're

1540

00:57:52,230 --> 00:57:49,839

completely trustworthy oh it's your job

1541

00:57:54,549 --> 00:57:52,240

to look into this we can read you into

1542

00:57:56,309 --> 00:57:54,559

that really narrow compartment and there

1543

00:57:58,390 --> 00:57:56,319

might be like hundreds of people it

1544

00:57:59,829 --> 00:57:58,400

might be a few thousand but it might

1545

00:58:01,190 --> 00:57:59,839

sound like might sound like a lot of

1546

00:58:02,710 --> 00:58:01,200

people but if you look at the entire

1547

00:58:06,069 --> 00:58:02,720

federal government in the entire

1548

00:58:07,030 --> 00:58:06,079

military it is really a soda straw

1549

00:58:09,270 --> 00:58:07,040

and so

1550

00:58:12,470 --> 00:58:09,280

um it is managed

1551  
00:58:13,430 --> 00:58:12,480  
and certain programs are saps special

1552  
00:58:14,710 --> 00:58:13,440  
access

1553  
00:58:16,150 --> 00:58:14,720  
uh programs

1554  
00:58:17,030 --> 00:58:16,160  
um

1555  
00:58:20,309 --> 00:58:17,040  
they're

1556  
00:58:23,109 --> 00:58:20,319  
military so saps tend to be military and

1557  
00:58:24,549 --> 00:58:23,119  
they tend to protect um

1558  
00:58:26,789 --> 00:58:24,559  
military hardware

1559  
00:58:30,309 --> 00:58:26,799  
military plans and intentions

1560  
00:58:32,789 --> 00:58:30,319  
and saps uh cia has caps they mention

1561  
00:58:34,870 --> 00:58:32,799  
caps um there are controlled access

1562  
00:58:37,430 --> 00:58:34,880  
programs and so it's just different

1563  
00:58:39,190 --> 00:58:37,440

terminology but it's the same thing it's

1564

00:58:41,910 --> 00:58:39,200

it's like really real narrowly

1565

00:58:43,190 --> 00:58:41,920

restricted and caps in the cia tend to

1566

00:58:45,589 --> 00:58:43,200

be

1567

00:58:47,340 --> 00:58:45,599

broader collection programs

1568

00:58:49,510 --> 00:58:47,350

working with

1569

00:58:51,349 --> 00:58:49,520

[Music]

1570

00:58:53,750 --> 00:58:51,359

technology or working with governments

1571

00:58:55,750 --> 00:58:53,760

that we don't acknowledge

1572

00:58:57,349 --> 00:58:55,760

and so those are like controlled access

1573

00:58:58,789 --> 00:58:57,359

programs and they're

1574

00:59:02,230 --> 00:58:58,799

literally have something called a bigot

1575

00:59:04,789 --> 00:59:02,240

list it's a bad choice of words but um

1576

00:59:07,510 --> 00:59:04,799

it's very stark in the sense that

1577

00:59:09,990 --> 00:59:07,520

it it really isolates people by name of

1578

00:59:12,789 --> 00:59:10,000

who can have that information

1579

00:59:15,349 --> 00:59:12,799

now i've revealed before and cia doesn't

1580

00:59:17,109 --> 00:59:15,359

mind me revealing i was in a cab

1581

00:59:19,910 --> 00:59:17,119

dealing with the people's republic of

1582

00:59:21,349 --> 00:59:19,920

china where cia had a relationship

1583

00:59:23,910 --> 00:59:21,359

intelligence sharing with the people's

1584

00:59:25,349 --> 00:59:23,920

republic of china during a time when the

1585

00:59:26,789 --> 00:59:25,359

chinese were supposed to be our

1586

00:59:28,549 --> 00:59:26,799

adversaries

1587

00:59:30,390 --> 00:59:28,559

but behind the scenes we were working

1588

00:59:32,870 --> 00:59:30,400

with them because we're going after a

1589

00:59:35,109 --> 00:59:32,880

target of mutual benefit to both

1590

00:59:36,470 --> 00:59:35,119

countries the us and china that's the

1591

00:59:38,710 --> 00:59:36,480

soviet union

1592

00:59:40,870 --> 00:59:38,720

so we did establish

1593

00:59:42,789 --> 00:59:40,880

collection facilities

1594

00:59:45,109 --> 00:59:42,799

in china

1595

00:59:47,030 --> 00:59:45,119

with our partner nsa and staffed them

1596

00:59:50,390 --> 00:59:47,040

with cia officers working with my

1597

00:59:52,710 --> 00:59:50,400

counterparts into chinese intelligence

1598

00:59:54,870 --> 00:59:52,720

so here we are at one level competing as

1599

00:59:56,390 --> 00:59:54,880

adversaries and another level

1600

00:59:57,829 --> 00:59:56,400

cooperating

1601  
00:59:59,670 --> 00:59:57,839  
as friends

1602  
01:00:01,430 --> 00:59:59,680  
and so

1603  
01:00:03,510 --> 01:00:01,440  
that might be protected in the cap and

1604  
01:00:05,670 --> 01:00:03,520  
that was a bigot list and i i had access

1605  
01:00:08,309 --> 01:00:05,680  
to that big i was control officer

1606  
01:00:10,390 --> 01:00:08,319  
very briefly for this bigoted list and

1607  
01:00:12,950 --> 01:00:10,400  
inside was like

1608  
01:00:15,030 --> 01:00:12,960  
names of presidents going back to jimmy

1609  
01:00:16,870 --> 01:00:15,040  
carter uh their birthdays and social

1610  
01:00:18,470 --> 01:00:16,880  
security number and birthplace so i had

1611  
01:00:21,349 --> 01:00:18,480  
the social security numbers of

1612  
01:00:22,950 --> 01:00:21,359  
presidents and there's me right there

1613  
01:00:25,349 --> 01:00:22,960

you know john ramirez i had my

1614

01:00:27,430 --> 01:00:25,359

birthplace the obama japan had my social

1615

01:00:28,390 --> 01:00:27,440

security number and date of birth july

1616

01:00:31,349 --> 01:00:28,400

14

1617

01:00:33,510 --> 01:00:31,359

1953 so i was in that list and there

1618

01:00:35,109 --> 01:00:33,520

were only like several hundred people in

1619

01:00:39,589 --> 01:00:35,119

that list

1620

01:00:41,589 --> 01:00:39,599

and uh to the davis wilson memo yeah you

1621

01:00:44,150 --> 01:00:41,599

know who i didn't see on that list a lot

1622

01:00:45,190 --> 01:00:44,160

of dia people

1623

01:00:47,589 --> 01:00:45,200

they weren't

1624

01:00:50,230 --> 01:00:47,599

cause it's a cia program not a dia

1625

01:00:53,190 --> 01:00:50,240

program so here's another example of

1626  
01:00:55,829 --> 01:00:53,200  
having a soda straw into cia

1627  
01:00:57,829 --> 01:00:55,839  
having a very highly compartmented

1628  
01:00:59,430 --> 01:00:57,839  
program at the time

1629  
01:01:00,470 --> 01:00:59,440  
and eliminating other parts of the

1630  
01:01:02,950 --> 01:01:00,480  
government

1631  
01:01:05,109 --> 01:01:02,960  
now projecting it to the uap it is

1632  
01:01:07,030 --> 01:01:05,119  
probably the same thing where there's a

1633  
01:01:08,950 --> 01:01:07,040  
hype there's a solar straw

1634  
01:01:11,990 --> 01:01:08,960  
of information

1635  
01:01:13,109 --> 01:01:12,000  
in which a lot of the real ufo ap data

1636  
01:01:15,190 --> 01:01:13,119  
goes into

1637  
01:01:17,349 --> 01:01:15,200  
um including you know

1638  
01:01:20,390 --> 01:01:17,359

whether we've had contact with these

1639

01:01:21,990 --> 01:01:20,400

entities that might be in there uh if

1640

01:01:24,390 --> 01:01:22,000

governments have other governments have

1641

01:01:26,789 --> 01:01:24,400

had contact that might be in there uh

1642

01:01:28,710 --> 01:01:26,799

would what do we know about them where

1643

01:01:30,870 --> 01:01:28,720

did it come from you know that might be

1644

01:01:32,549 --> 01:01:30,880

in there and what are we doing to

1645

01:01:34,309 --> 01:01:32,559

address this that might be in there and

1646

01:01:37,270 --> 01:01:34,319

it might be a very limited number of

1647

01:01:39,270 --> 01:01:37,280

people so even within the dni or cia or

1648

01:01:42,390 --> 01:01:39,280

any of these intelligence agencies

1649

01:01:44,309 --> 01:01:42,400

not everyone is read into that program

1650

01:01:46,710 --> 01:01:44,319

so it's so narrow

1651  
01:01:49,510 --> 01:01:46,720  
um and so there are people in there that

1652  
01:01:50,390 --> 01:01:49,520  
might be like managing the narrative out

1653  
01:01:52,789 --> 01:01:50,400  
there

1654  
01:01:54,470 --> 01:01:52,799  
the people i allude to as losing control

1655  
01:01:56,950 --> 01:01:54,480  
uh they might be in there as well as

1656  
01:01:58,630 --> 01:01:56,960  
well as people who want to

1657  
01:02:00,230 --> 01:01:58,640  
be more forthcoming about this

1658  
01:02:03,109 --> 01:02:00,240  
information

1659  
01:02:05,670 --> 01:02:03,119  
so you talked about this idea you know i

1660  
01:02:08,630 --> 01:02:05,680  
just watched that movie as

1661  
01:02:10,069 --> 01:02:08,640  
um allen's request of the the men

1662  
01:02:12,630 --> 01:02:10,079  
watching goats

1663  
01:02:13,589 --> 01:02:12,640

and they talked about the new earth army

1664

01:02:17,190 --> 01:02:13,599

you know

1665

01:02:19,190 --> 01:02:17,200

brigade within the u.s army that was

1666

01:02:21,430 --> 01:02:19,200

looking at the more psychological more

1667

01:02:22,789 --> 01:02:21,440

enlightenment terms so

1668

01:02:25,829 --> 01:02:22,799

my question is

1669

01:02:27,910 --> 01:02:25,839

is there who's doing that research now

1670

01:02:29,670 --> 01:02:27,920

you know like the monroe institute is

1671

01:02:32,710 --> 01:02:29,680

there nothing in the u.s government

1672

01:02:35,750 --> 01:02:32,720

obviously there would be um and where

1673

01:02:37,750 --> 01:02:35,760

where is that and also

1674

01:02:40,870 --> 01:02:37,760

where would you place

1675

01:02:43,190 --> 01:02:40,880

the the flip side of all this like if if

1676

01:02:44,870 --> 01:02:43,200

it's if if we if we all know that

1677

01:02:47,190 --> 01:02:44,880

they're not a threat

1678

01:02:48,710 --> 01:02:47,200

then what governmental agency is

1679

01:02:49,670 --> 01:02:48,720

supposed to be

1680

01:02:52,950 --> 01:02:49,680

should be

1681

01:02:56,309 --> 01:02:52,960

moving forward with more diplomacy or

1682

01:02:58,390 --> 01:02:56,319

cultural you know study or whatever so

1683

01:03:00,789 --> 01:02:58,400

the first question is

1684

01:03:02,549 --> 01:03:00,799

does the does the you know the astral

1685

01:03:04,789 --> 01:03:02,559

travel and channeling and all that stuff

1686

01:03:07,029 --> 01:03:04,799

exist as a research within the

1687

01:03:09,190 --> 01:03:07,039

government and if so where and where

1688

01:03:11,430 --> 01:03:09,200

would you place this kind of research

1689

01:03:13,589 --> 01:03:11,440

going forward

1690

01:03:15,990 --> 01:03:13,599

that's right there was a concept of a

1691

01:03:17,430 --> 01:03:16,000

new earth battalion and having monk

1692

01:03:18,470 --> 01:03:17,440

warriors

1693

01:03:20,230 --> 01:03:18,480

um

1694

01:03:23,029 --> 01:03:20,240

the person i know

1695

01:03:26,150 --> 01:03:23,039

would be colonel john alexander

1696

01:03:27,270 --> 01:03:26,160

he is like a monk warrior in that sense

1697

01:03:28,829 --> 01:03:27,280

he is

1698

01:03:31,990 --> 01:03:28,839

a person who

1699

01:03:34,470 --> 01:03:32,000

uh will talk about higher consciousness

1700

01:03:35,990 --> 01:03:34,480

and he has briefed the association of

1701  
01:03:37,829 --> 01:03:36,000  
former

1702  
01:03:40,309 --> 01:03:37,839  
intelligence officers

1703  
01:03:42,150 --> 01:03:40,319  
about his experiences with the ufos and

1704  
01:03:44,870 --> 01:03:42,160  
what he's discovered within the

1705  
01:03:47,750 --> 01:03:44,880  
intelligence community to these former

1706  
01:03:49,190 --> 01:03:47,760  
retired you know intelligence officers

1707  
01:03:51,430 --> 01:03:49,200  
in a uh

1708  
01:03:53,029 --> 01:03:51,440  
i think it was a luncheon speech he gave

1709  
01:03:56,230 --> 01:03:53,039  
in 2013.

1710  
01:03:58,150 --> 01:03:56,240  
i'm trying to work with uh if uh oh i

1711  
01:03:59,829 --> 01:03:58,160  
try to get like some semblance of that

1712  
01:04:00,950 --> 01:03:59,839  
and trying to contact john alexander

1713  
01:04:04,309 --> 01:04:00,960

about that

1714

01:04:05,829 --> 01:04:04,319

uh so uh it did exist um having said

1715

01:04:07,109 --> 01:04:05,839

that um

1716

01:04:11,589 --> 01:04:07,119

the

1717

01:04:13,990 --> 01:04:11,599

this higher consciousness about

1718

01:04:15,910 --> 01:04:14,000

developing human potential

1719

01:04:17,990 --> 01:04:15,920

whether it and of course the pentagon

1720

01:04:20,470 --> 01:04:18,000

says super soldiers but what we wanted

1721

01:04:21,349 --> 01:04:20,480

were super spys not super soldiers

1722

01:04:25,670 --> 01:04:21,359

uh

1723

01:04:29,190 --> 01:04:25,680

these

1724

01:04:33,270 --> 01:04:31,270

given gifts

1725

01:04:35,670 --> 01:04:33,280

to work with the intelligence community

1726

01:04:38,470 --> 01:04:35,680

to do the intelligence community mission

1727

01:04:40,630 --> 01:04:38,480

and the remote viewing program

1728

01:04:41,430 --> 01:04:40,640

still exists

1729

01:04:45,349 --> 01:04:41,440

but

1730

01:04:47,670 --> 01:04:45,359

it's been all outsourced outward

1731

01:04:49,430 --> 01:04:47,680

to private entities and so we have

1732

01:04:52,309 --> 01:04:49,440

former remote viewers who set up

1733

01:04:53,829 --> 01:04:52,319

programs or are associated with other

1734

01:04:55,750 --> 01:04:53,839

institutes

1735

01:04:58,789 --> 01:04:55,760

to continue this and then the government

1736

01:05:02,870 --> 01:04:58,799

can then tap into like who

1737

01:05:02,880 --> 01:05:06,309

joe mcmonagle

1738

01:05:10,069 --> 01:05:08,390

lynn buchanan

1739

01:05:17,510 --> 01:05:10,079

um

1740

01:05:18,950 --> 01:05:17,520

unfortunately i can't think of his name

1741

01:05:21,190 --> 01:05:18,960

right now

1742

01:05:23,750 --> 01:05:21,200

his first name is paul smith

1743

01:05:25,990 --> 01:05:23,760

paul smith he's up in utah

1744

01:05:28,150 --> 01:05:26,000

these are military remote viewers who

1745

01:05:30,630 --> 01:05:28,160

are working on this issue and it might

1746

01:05:32,950 --> 01:05:30,640

be others i don't know

1747

01:05:35,990 --> 01:05:32,960

but they're out there working for monroe

1748

01:05:38,230 --> 01:05:36,000

institute the farsight institute

1749

01:05:41,190 --> 01:05:38,240

there's the universal light center

1750

01:05:44,630 --> 01:05:41,200

in black mountain north carolina

1751

01:05:46,150 --> 01:05:44,640

paul smith's organization as well

1752

01:05:48,150 --> 01:05:46,160

they're doing this on behalf of the

1753

01:05:50,309 --> 01:05:48,160

government and i don't know if the

1754

01:05:52,230 --> 01:05:50,319

government still has a remote viewing

1755

01:05:53,029 --> 01:05:52,240

program within government that's funded

1756

01:05:54,630 --> 01:05:53,039

by

1757

01:05:57,029 --> 01:05:54,640

taxpayer dollars

1758

01:05:58,549 --> 01:05:57,039

but i do know the remote viewing

1759

01:06:01,029 --> 01:05:58,559

activity

1760

01:06:02,549 --> 01:06:01,039

is still ongoing

1761

01:06:05,029 --> 01:06:02,559

and that was your first question he

1762

01:06:07,829 --> 01:06:05,039

asked several more and the second one is

1763

01:06:10,870 --> 01:06:07,839

is so if i mean i was sort of

1764

01:06:12,789 --> 01:06:10,880

flabbergasted by how military sounding

1765

01:06:14,870 --> 01:06:12,799

this is like if

1766

01:06:18,470 --> 01:06:14,880

you know it's like it's like well we all

1767

01:06:20,390 --> 01:06:18,480

know that that um aliens are among us

1768

01:06:23,270 --> 01:06:20,400

and and this is much more dimensional

1769

01:06:24,549 --> 01:06:23,280

and complex than than we ever realized

1770

01:06:25,510 --> 01:06:24,559

but

1771

01:06:28,549 --> 01:06:25,520

if

1772

01:06:30,150 --> 01:06:28,559

you know our instinct you know is like

1773

01:06:31,750 --> 01:06:30,160

oh let's figure out if they're a threat

1774

01:06:33,349 --> 01:06:31,760

it's like well let's figure out if we

1775

01:06:34,789 --> 01:06:33,359

should well i mean like let's welcome

1776

01:06:38,230 --> 01:06:34,799

them you know what i mean so who would

1777

01:06:39,750 --> 01:06:38,240

be on that committee what departmental

1778

01:06:41,829 --> 01:06:39,760

like

1779

01:06:43,349 --> 01:06:41,839

what departmental group would be on that

1780

01:06:44,710 --> 01:06:43,359

well that's an easy answer because

1781

01:06:46,309 --> 01:06:44,720

diplomacy in the united states

1782

01:06:47,829 --> 01:06:46,319

government happens within the department

1783

01:06:50,390 --> 01:06:47,839

of state

1784

01:06:53,109 --> 01:06:50,400

and they're responsible for that

1785

01:06:54,470 --> 01:06:53,119

also i would say united nations uh uh

1786

01:06:56,630 --> 01:06:54,480

the outer space office and the united

1787

01:06:58,710 --> 01:06:56,640

nations are responsible for that

1788

01:07:01,750 --> 01:06:58,720

so um so it would be state department in

1789

01:07:03,270 --> 01:07:01,760

the u.n uh diplomacy is done in these

1790

01:07:04,630 --> 01:07:03,280

organizations

1791

01:07:06,470 --> 01:07:04,640

um

1792

01:07:08,470 --> 01:07:06,480

is that is that happening has anyone

1793

01:07:11,670 --> 01:07:08,480

read into like hey

1794

01:07:14,470 --> 01:07:11,680

there might be this state department or

1795

01:07:15,750 --> 01:07:14,480

diplomacy act with these beings has that

1796

01:07:17,589 --> 01:07:15,760

happened at all

1797

01:07:19,190 --> 01:07:17,599

i'm not sure about state department but

1798

01:07:21,430 --> 01:07:19,200

it would be in the intelligence and

1799

01:07:23,670 --> 01:07:21,440

research bureau of the state department

1800

01:07:27,029 --> 01:07:23,680

still have we call it i

1801

01:07:28,309 --> 01:07:27,039

i n for intelligence r for research

1802

01:07:29,670 --> 01:07:28,319

there was a bureau like that and i

1803

01:07:32,150 --> 01:07:29,680

haven't seen a state department

1804

01:07:33,910 --> 01:07:32,160

organization chart that would still have

1805

01:07:36,549 --> 01:07:33,920

that in there i don't know

1806

01:07:38,549 --> 01:07:36,559

but i also say that going towards

1807

01:07:39,990 --> 01:07:38,559

citizen science there's also citizen

1808

01:07:42,789 --> 01:07:40,000

diplomacy

1809

01:07:43,990 --> 01:07:42,799

there's efforts to establish an et

1810

01:07:46,710 --> 01:07:44,000

embassy

1811

01:07:47,589 --> 01:07:46,720

some way of establishing a place where

1812

01:07:50,150 --> 01:07:47,599

um

1813

01:07:51,270 --> 01:07:50,160

these other higher conscious beings or

1814

01:07:53,430 --> 01:07:51,280

uh

1815

01:07:55,510 --> 01:07:53,440

other um i call them ultra-terrestrials

1816

01:07:58,069 --> 01:07:55,520

who are already here to come and make

1817

01:08:00,470 --> 01:07:58,079

some kind of contact welcome them

1818

01:08:02,710 --> 01:08:00,480

uh to make contact in a way that's not

1819

01:08:05,990 --> 01:08:02,720

dealing with the government

1820

01:08:09,750 --> 01:08:06,000

in a sense so i have high hopes for

1821

01:08:12,789 --> 01:08:09,760

this et embassy program this concept

1822

01:08:14,230 --> 01:08:12,799

of having a facility where

1823

01:08:17,189 --> 01:08:14,240

this can happen

1824

01:08:22,070 --> 01:08:19,669

yeah by the way for those watching it's

1825

01:08:24,950 --> 01:08:22,080

the alliance for

1826

01:08:26,229 --> 01:08:24,960

the number four et.org

1827

01:08:27,990 --> 01:08:26,239

and they're going to be doing a

1828

01:08:30,550 --> 01:08:28,000

conference um

1829

01:08:32,229 --> 01:08:30,560

this year to talk about their efforts

1830

01:08:34,149 --> 01:08:32,239

you know they've raised multi millions

1831

01:08:36,229 --> 01:08:34,159

of dollars

1832

01:08:39,189 --> 01:08:36,239

to build an embassy and they've gotten a

1833

01:08:40,870 --> 01:08:39,199

lot of traction within the un um and

1834

01:08:46,309 --> 01:08:40,880

within countries who want to host the

1835

01:08:50,550 --> 01:08:48,149

and they're very you know they're

1836

01:08:51,590 --> 01:08:50,560

decades into this and very close to

1837

01:08:54,229 --> 01:08:51,600

getting

1838

01:08:57,189 --> 01:08:54,239

um the vienna convention you know

1839

01:08:58,870 --> 01:08:57,199

discussed and ratified so that's

1840

01:09:01,110 --> 01:08:58,880

you know we talk about

1841

01:09:03,110 --> 01:09:01,120

you know i used to study influencers and

1842

01:09:05,110 --> 01:09:03,120

i used to track their their facebooks

1843

01:09:07,189 --> 01:09:05,120

and their youtubes and to see what was

1844

01:09:09,510 --> 01:09:07,199

happening and the people that were

1845

01:09:10,630 --> 01:09:09,520

spiking the most are the are the rock

1846

01:09:13,669 --> 01:09:10,640

stars

1847

01:09:15,110 --> 01:09:13,679

right so here we are like all you know

1848

01:09:17,030 --> 01:09:15,120

panties up in a bunch about what the

1849

01:09:18,390 --> 01:09:17,040

government said or not said or whatever

1850

01:09:20,470 --> 01:09:18,400

but really

1851

01:09:23,430 --> 01:09:20,480

this is a cultural movement that has to

1852

01:09:25,430 --> 01:09:23,440

be pushed by the artist by the musicians

1853

01:09:26,630 --> 01:09:25,440

by the filmmakers

1854

01:09:27,590 --> 01:09:26,640

because

1855

01:09:29,349 --> 01:09:27,600

i mean

1856

01:09:31,110 --> 01:09:29,359

you know i would track some of these

1857

01:09:33,590 --> 01:09:31,120

important thinkers and researchers and

1858

01:09:35,030 --> 01:09:33,600

then the the musicians would have

1859

01:09:39,510 --> 01:09:35,040

millions

1860

01:09:42,630 --> 01:09:39,520

i mean so really this is what we're all

1861

01:09:46,950 --> 01:09:42,640

working toward it's it's all a cultural

1862

01:09:49,590 --> 01:09:46,960

memetic piece by piece shift um and the

1863

01:09:51,910 --> 01:09:49,600

embassy project is an idea that we can

1864

01:09:53,510 --> 01:09:51,920

all get behind that's like you know you

1865

01:09:55,430 --> 01:09:53,520

just want to talk about it you want to

1866

01:09:58,550 --> 01:09:55,440

look at the ufo pool and you want to see

1867

01:10:01,189 --> 01:09:58,560

how the architecture is so amazing

1868

01:10:04,149 --> 01:10:01,199

so the more we can do to rally behind

1869

01:10:05,270 --> 01:10:04,159

their conference and their work and this

1870

01:10:07,350 --> 01:10:05,280

idea

1871

01:10:11,189 --> 01:10:07,360

um and just literally

1872

01:10:12,390 --> 01:10:11,199

writing to the united nations writing to

1873

01:10:14,229 --> 01:10:12,400

your local

1874

01:10:16,950 --> 01:10:14,239

government saying i want the embassy to

1875

01:10:19,910 --> 01:10:16,960

be here this is what it takes it takes

1876

01:10:22,229 --> 01:10:19,920

us not just watching it takes us doing

1877

01:10:24,310 --> 01:10:22,239

and it's in conversations it's in songs

1878

01:10:26,709 --> 01:10:24,320

it's in writing it's like like i said i

1879

01:10:30,310 --> 01:10:26,719

would encourage everyone to tweet

1880

01:10:34,229 --> 01:10:30,320

to these congressmen who showed up got

1881

01:10:37,830 --> 01:10:34,239

there asked questions um mr lahood mr

1882

01:10:39,669 --> 01:10:37,840

welch mr hymes mr gallagher you know and

1883

01:10:41,590 --> 01:10:39,679

tell them thanks for showing up thanks

1884

01:10:42,790 --> 01:10:41,600

for pushing this forward

1885

01:10:44,630 --> 01:10:42,800

right hey

1886

01:10:47,189 --> 01:10:44,640

yeah no that's great you're absolutely

1887

01:10:49,590 --> 01:10:47,199

right this is a cultural phenomenon and

1888

01:10:51,990 --> 01:10:49,600

that's why it's up to us

1889

01:10:54,390 --> 01:10:52,000

to really present to the public what we

1890

01:10:56,310 --> 01:10:54,400

feel the inside information is what our

1891

01:10:58,310 --> 01:10:56,320

experiences are

1892

01:11:01,270 --> 01:10:58,320

and that's why i'll be interviewing

1893

01:11:02,149 --> 01:11:01,280

danny sheehan and steve bassett and nick

1894

01:11:04,229 --> 01:11:02,159

pope

1895

01:11:05,750 --> 01:11:04,239

maybe we could have you come on john or

1896

01:11:09,270 --> 01:11:05,760

maybe i could do a separate show with

1897

01:11:10,870 --> 01:11:09,280

you and jim semivan who i had a

1898

01:11:13,510 --> 01:11:10,880

about an hour and a half conversation

1899

01:11:17,510 --> 01:11:13,520

with he was very open very forthcoming

1900

01:11:20,709 --> 01:11:17,520

and be good to go into the cia and

1901

01:11:23,110 --> 01:11:20,719

and bring out this this is

1902

01:11:24,870 --> 01:11:23,120

knowledge for the earth for our

1903

01:11:27,510 --> 01:11:24,880

evolution so

1904

01:11:30,470 --> 01:11:27,520

is this is oh yeah this is my upcoming

1905

01:11:32,310 --> 01:11:30,480

conference thanks zenka this is um

1906

01:11:34,550 --> 01:11:32,320

happening going making contact it's

1907

01:11:37,430 --> 01:11:34,560

starting this thursday with nick pope

1908

01:11:39,430 --> 01:11:37,440

and um jj herzog and desiree hertog and

1909

01:11:41,430 --> 01:11:39,440

then we go to danny sheehan i don't want

1910

01:11:43,590 --> 01:11:41,440

to just make this a commercial because

1911

01:11:45,669 --> 01:11:43,600

what i think is we need to keep these

1912

01:11:48,630 --> 01:11:45,679

discussions going

1913

01:11:51,510 --> 01:11:48,640

on many many levels so yeah this is

1914

01:11:55,669 --> 01:11:51,520

honestly by the way um they're doing a

1915

01:11:57,350 --> 01:11:55,679

conference in 142 days um

1916

01:11:59,350 --> 01:11:57,360

yes it's um

1917

01:12:01,669 --> 01:11:59,360

it's amazing what they're doing it's

1918

01:12:05,350 --> 01:12:01,679

totally

1919

01:12:07,350 --> 01:12:05,360

oh it's aaron speaking there are you

1920

01:12:08,950 --> 01:12:07,360

speaking there zinka preston dennett

1921

01:12:11,030 --> 01:12:08,960

these are some of these it's gonna be a

1922

01:12:12,470 --> 01:12:11,040

one day conference you know so they're

1923

01:12:13,750 --> 01:12:12,480

gonna have you know they're not gonna

1924

01:12:15,830 --> 01:12:13,760

have

1925

01:12:17,350 --> 01:12:15,840

uh you know too many speakers but

1926

01:12:19,990 --> 01:12:17,360

they're gonna reveal you know they're

1927

01:12:21,910 --> 01:12:20,000

doing like virtual reality of how the

1928

01:12:23,990 --> 01:12:21,920

embassy's gonna look and things like

1929

01:12:25,910 --> 01:12:24,000

that you know so it's okay

1930

01:12:28,550 --> 01:12:25,920

but i think we need to talk about what

1931

01:12:30,630 --> 01:12:28,560

john is saying this is about higher

1932

01:12:33,030 --> 01:12:30,640

consciousness this is about

1933

01:12:37,189 --> 01:12:33,040

evolution and and

1934

01:12:39,990 --> 01:12:37,199

governments i feel are in the way

1935

01:12:42,070 --> 01:12:40,000

of this evolutionary process because

1936

01:12:44,229 --> 01:12:42,080

they want to keep a cap on it

1937

01:12:45,510 --> 01:12:44,239

it's like it's like the the church

1938

01:12:47,350 --> 01:12:45,520

saying no

1939

01:12:50,550 --> 01:12:47,360

the earth is the center of the universe

1940

01:12:53,830 --> 01:12:50,560

and that's all there is to it it's oh so

1941

01:12:56,790 --> 01:12:53,840

but to be fair this is a this is a mind

1942

01:12:58,870 --> 01:12:56,800

trip this is like a back flip

1943

01:13:00,630 --> 01:12:58,880

you know to what is a backflip to

1944

01:13:02,310 --> 01:13:00,640

realize that we're living in a

1945

01:13:06,229 --> 01:13:02,320

multi-dimensional

1946

01:13:08,229 --> 01:13:06,239

reality gated frequencies that our third

1947

01:13:10,790 --> 01:13:08,239

eye and telepathy can say i mean it's

1948

01:13:12,709 --> 01:13:10,800

like this is a lot

1949

01:13:14,630 --> 01:13:12,719

this is huge

1950

01:13:17,430 --> 01:13:14,640

actually i'm gonna send you a copy of my

1951

01:13:20,149 --> 01:13:17,440

book or a pdf john okay because my

1952

01:13:22,310 --> 01:13:20,159

making contact book goes into ultra

1953

01:13:24,470 --> 01:13:22,320

terrestrials these

1954

01:13:27,669 --> 01:13:24,480

higher dimensional

1955

01:13:30,070 --> 01:13:27,679

presences that are trying to lift us up

1956

01:13:33,350 --> 01:13:30,080

out of our ignorance and we are being

1957

01:13:36,070 --> 01:13:33,360

kept ignorant when did you come to that

1958

01:13:38,950 --> 01:13:36,080

conclusion john that that we were living

1959

01:13:43,110 --> 01:13:38,960

in a multi-dimensional reality that was

1960

01:13:43,120 --> 01:13:48,390

let me put in a plug

1961

01:13:53,110 --> 01:13:50,630

as you know i was a guest on exo

1962

01:13:55,430 --> 01:13:53,120

metaverse uh with nadihana

1963

01:13:56,790 --> 01:13:55,440

and i related a lot of my experiences

1964

01:13:59,270 --> 01:13:56,800

and i've talked about experiences but

1965

01:14:01,910 --> 01:13:59,280

i'm a lifelong experienter

1966

01:14:04,229 --> 01:14:01,920

wow um so you know

1967

01:14:06,709 --> 01:14:04,239

it came to me naturally um starting at

1968

01:14:08,390 --> 01:14:06,719

age four and going forward people who

1969

01:14:10,470 --> 01:14:08,400

see my interviews

1970

01:14:11,830 --> 01:14:10,480

uh particularly um

1971

01:14:14,630 --> 01:14:11,840

more of the higher consciousness

1972

01:14:17,910 --> 01:14:14,640

interviews and not the um the nuts and

1973

01:14:19,910 --> 01:14:17,920

bolts ufo uap crafting reviews that most

1974

01:14:23,030 --> 01:14:19,920

most of the interviewers want

1975

01:14:25,110 --> 01:14:23,040

but i did a few um

1976

01:14:27,350 --> 01:14:25,120

quantum witch cafe

1977

01:14:31,990 --> 01:14:27,360

which was stalled with a y instead of an

1978

01:14:33,830 --> 01:14:32,000

i and uh savita uh starseed they're on

1979

01:14:35,350 --> 01:14:33,840

youtube where i talked about the higher

1980

01:14:36,709 --> 01:14:35,360

consciousness aspect and more of my

1981

01:14:39,750 --> 01:14:36,719

experiences

1982

01:14:43,510 --> 01:14:39,760

alan i was uh i was in uh this was

1983

01:14:46,229 --> 01:14:43,520

before anyone knew who i was uh i was in

1984

01:14:48,709 --> 01:14:46,239

uh the making contact convergence

1985

01:14:50,790 --> 01:14:48,719

oh god this year and i got your book

1986

01:14:53,990 --> 01:14:50,800

oh look i thank you very much i did i

1987

01:14:55,830 --> 01:14:54,000

did get it as a vip participant

1988

01:14:57,669 --> 01:14:55,840

did you read it did you have a chance to

1989

01:14:59,590 --> 01:14:57,679

read some of it i've got so many books

1990

01:15:02,070 --> 01:14:59,600

to read right now

1991

01:15:04,550 --> 01:15:02,080

i'm working on like i'm a very slow

1992

01:15:06,390 --> 01:15:04,560

reader so i am working on it well when

1993

01:15:08,070 --> 01:15:06,400

you get a challenge it's chapters by

1994

01:15:10,470 --> 01:15:08,080

different experts in the field so

1995

01:15:11,990 --> 01:15:10,480

chapter three is by j.j hertoch and

1996

01:15:13,910 --> 01:15:12,000

desiree hertago talk about the

1997

01:15:16,149 --> 01:15:13,920

ultra-terrestrials

1998

01:15:17,350 --> 01:15:16,159

and maybe we should do a program with

1999

01:15:20,550 --> 01:15:17,360

you and jimmy

2000

01:15:23,270 --> 01:15:20,560

jim semivan about the cia

2001  
01:15:25,510 --> 01:15:23,280  
and experiencers within the cia would

2002  
01:15:28,550 --> 01:15:25,520  
that be something you'd be wanting to

2003  
01:15:31,189 --> 01:15:28,560  
participate in truth if jim is uh

2004  
01:15:35,750 --> 01:15:31,199  
willing to go on and in fact uh as you

2005  
01:15:38,870 --> 01:15:35,760  
know george knapp had gemini on uh

2006  
01:15:41,750 --> 01:15:38,880  
but george had a separate and jim and i

2007  
01:15:43,669 --> 01:15:41,760  
wanted george to have us together yeah i

2008  
01:15:44,390 --> 01:15:43,679  
will put you together yeah

2009  
01:15:47,030 --> 01:15:44,400  
yeah

2010  
01:15:49,990 --> 01:15:47,040  
jim i couldn't believe what a great guy

2011  
01:15:50,709 --> 01:15:50,000  
jim was how old and

2012  
01:15:57,270 --> 01:15:50,719  
and

2013  
01:15:59,590 --> 01:15:57,280

guys are seeing the bigger picture here

2014

01:16:01,669 --> 01:15:59,600

that the government

2015

01:16:04,790 --> 01:16:01,679

somehow is not seeing do you do you feel

2016

01:16:07,189 --> 01:16:04,800

like this is the end of this

2017

01:16:09,830 --> 01:16:07,199

um disconnected

2018

01:16:11,830 --> 01:16:09,840

rulership that's in place because it's

2019

01:16:13,669 --> 01:16:11,840

not letting us

2020

01:16:17,189 --> 01:16:13,679

it's it feels like

2021

01:16:18,950 --> 01:16:17,199

you know what the revolution was that um

2022

01:16:22,709 --> 01:16:18,960

what was it

2023

01:16:24,950 --> 01:16:22,719

representation without um you know

2024

01:16:27,430 --> 01:16:24,960

yeah not representing the will of the

2025

01:16:30,310 --> 01:16:27,440

people these are government is working

2026

01:16:33,110 --> 01:16:30,320

for us we are we the people

2027

01:16:35,910 --> 01:16:33,120

and they are not they are now preventing

2028

01:16:39,110 --> 01:16:35,920

people from understanding their own

2029

01:16:40,870 --> 01:16:39,120

democratic rights for freedom

2030

01:16:42,870 --> 01:16:40,880

and so

2031

01:16:45,110 --> 01:16:42,880

not to put you in conspiracy but do you

2032

01:16:47,510 --> 01:16:45,120

think it's the end or could mark the end

2033

01:16:49,910 --> 01:16:47,520

of government as we know it and i'm not

2034

01:16:51,350 --> 01:16:49,920

saying this i i think we do need

2035

01:16:53,990 --> 01:16:51,360

governing

2036

01:16:55,830 --> 01:16:54,000

policies but the way it's gotten so

2037

01:16:56,870 --> 01:16:55,840

complex and so

2038

01:16:59,990 --> 01:16:56,880

um

2039

01:17:01,910 --> 01:17:00,000

segmented it it seems like a dinosaur

2040

01:17:03,990 --> 01:17:01,920

what do you think yeah i talked about

2041

01:17:06,550 --> 01:17:04,000

that in my interview um going through

2042

01:17:08,310 --> 01:17:06,560

the history of why it's secret

2043

01:17:10,550 --> 01:17:08,320

um

2044

01:17:14,149 --> 01:17:10,560

in 1947

2045

01:17:16,790 --> 01:17:14,159

in january 1946 uh truman after he was

2046

01:17:18,229 --> 01:17:16,800

briefed on a lot of the technology that

2047

01:17:20,070 --> 01:17:18,239

the germans held

2048

01:17:21,750 --> 01:17:20,080

i decided to create the central

2049

01:17:23,510 --> 01:17:21,760

intelligence group

2050

01:17:25,510 --> 01:17:23,520

and the national intelligence authority

2051  
01:17:26,870 --> 01:17:25,520  
and that was an operation at the time of

2052  
01:17:31,590 --> 01:17:26,880  
roswell

2053  
01:17:34,950 --> 01:17:31,600  
happened it was already thought that

2054  
01:17:37,030 --> 01:17:34,960  
they would make the cig into a cia

2055  
01:17:38,870 --> 01:17:37,040  
and create the uh what became the

2056  
01:17:40,709 --> 01:17:38,880  
department of defense

2057  
01:17:43,830 --> 01:17:40,719  
in 1948

2058  
01:17:46,470 --> 01:17:43,840  
roughly a year after roswell

2059  
01:17:48,390 --> 01:17:46,480  
there was a bill passed through congress

2060  
01:17:49,910 --> 01:17:48,400  
that allowed

2061  
01:17:51,750 --> 01:17:49,920  
corporate world

2062  
01:17:54,229 --> 01:17:51,760  
the defense contractors to become

2063  
01:17:56,790 --> 01:17:54,239

defense contractors and enabled black

2064

01:17:59,750 --> 01:17:56,800

project programs that enable sole source

2065

01:18:01,830 --> 01:17:59,760

contracting non-competitive practices

2066

01:18:03,189 --> 01:18:01,840

amongst these uh amongst these

2067

01:18:05,430 --> 01:18:03,199

contractors

2068

01:18:07,030 --> 01:18:05,440

and enabled black

2069

01:18:09,510 --> 01:18:07,040

projects and budgets

2070

01:18:12,229 --> 01:18:09,520

and that started the national security

2071

01:18:13,910 --> 01:18:12,239

uh military industrial complex so

2072

01:18:15,830 --> 01:18:13,920

previously when truman created the

2073

01:18:17,350 --> 01:18:15,840

central intelligence group

2074

01:18:19,590 --> 01:18:17,360

under the national intelligence

2075

01:18:23,030 --> 01:18:19,600

authority that was the first time we had

2076

01:18:25,830 --> 01:18:23,040

a like true national security state

2077

01:18:28,470 --> 01:18:25,840

and then the military-industrial complex

2078

01:18:32,070 --> 01:18:28,480

occurred in 1948 when this law was

2079

01:18:33,750 --> 01:18:32,080

passed that allowed these carve-outs

2080

01:18:35,990 --> 01:18:33,760

the law is very interesting it says you

2081

01:18:37,430 --> 01:18:36,000

know that

2082

01:18:38,870 --> 01:18:37,440

competition

2083

01:18:41,189 --> 01:18:38,880

between

2084

01:18:43,430 --> 01:18:41,199

among uh contractors the government will

2085

01:18:44,950 --> 01:18:43,440

do business with should be open except

2086

01:18:49,510 --> 01:18:44,960

for

2087

01:18:51,430 --> 01:18:49,520

everything in the ufo ap is happening

2088

01:18:54,149 --> 01:18:51,440

whether all the exploitation of

2089

01:18:55,110 --> 01:18:54,159

technology and so forth it allows these

2090

01:18:57,910 --> 01:18:55,120

black

2091

01:19:00,550 --> 01:18:57,920

budgets to occur legally and there have

2092

01:19:01,990 --> 01:19:00,560

been other laws since then um

2093

01:19:08,630 --> 01:19:02,000

most notably

2094

01:19:11,430 --> 01:19:08,640

signed by president obama which further

2095

01:19:13,990 --> 01:19:11,440

strengthened the ability to carve out

2096

01:19:17,030 --> 01:19:14,000

these unacknowledged saps

2097

01:19:19,590 --> 01:19:17,040

so uh obama allowed unacknowledged saps

2098

01:19:20,630 --> 01:19:19,600

to occur why would he do that i don't

2099

01:19:27,189 --> 01:19:20,640

know

2100

01:19:29,350 --> 01:19:27,199

not law that's not u.s law but it's

2101  
01:19:31,590 --> 01:19:29,360  
based on u.s law

2102  
01:19:34,310 --> 01:19:31,600  
and so people say well these things are

2103  
01:19:37,510 --> 01:19:34,320  
unconstitutional illegal

2104  
01:19:39,830 --> 01:19:37,520  
i i counter with no they're not illegal

2105  
01:19:42,310 --> 01:19:39,840  
because congress passed laws our

2106  
01:19:43,750 --> 01:19:42,320  
representative passed these laws signed

2107  
01:19:46,070 --> 01:19:43,760  
by the president

2108  
01:19:48,070 --> 01:19:46,080  
and so in that sense it's legal

2109  
01:19:50,630 --> 01:19:48,080  
the question to ask is is it

2110  
01:19:51,669 --> 01:19:50,640  
constitutional and no one's ever

2111  
01:19:53,590 --> 01:19:51,679  
challenged

2112  
01:19:55,910 --> 01:19:53,600  
the constitutionality

2113  
01:19:57,590 --> 01:19:55,920

of some of these

2114

01:20:01,110 --> 01:19:57,600

more draconian

2115

01:20:03,270 --> 01:20:01,120

legislation that occur that enables

2116

01:20:05,350 --> 01:20:03,280

that faction to keep control

2117

01:20:06,950 --> 01:20:05,360

no one's gone before and said i'm gonna

2118

01:20:08,629 --> 01:20:06,960

you know go through the federal courts

2119

01:20:10,709 --> 01:20:08,639

and end up at the supreme court because

2120

01:20:13,110 --> 01:20:10,719

i think this is unconstitutional

2121

01:20:14,950 --> 01:20:13,120

that hasn't happened yet and that

2122

01:20:17,750 --> 01:20:14,960

uh danny sheehan

2123

01:20:19,910 --> 01:20:17,760

being a lawyer yeah he would probably be

2124

01:20:22,229 --> 01:20:19,920

a better um

2125

01:20:25,270 --> 01:20:22,239

person to answer why

2126  
01:20:26,470 --> 01:20:25,280  
that hasn't occurred or why hasn't

2127  
01:20:27,750 --> 01:20:26,480  
anyone

2128  
01:20:30,229 --> 01:20:27,760  
uh

2129  
01:20:33,189 --> 01:20:30,239  
challenged these these carve outs these

2130  
01:20:35,030 --> 01:20:33,199  
um on on the knowledge sas

2131  
01:20:37,669 --> 01:20:35,040  
from being i'm going to ask danny that

2132  
01:20:40,390 --> 01:20:37,679  
question and maybe you could join yeah

2133  
01:20:42,070 --> 01:20:40,400  
if you reference uh executive order 13

2134  
01:20:44,229 --> 01:20:42,080  
526

2135  
01:20:46,709 --> 01:20:44,239  
and the carve outs allowed in that

2136  
01:20:48,390 --> 01:20:46,719  
executive order you know um that might

2137  
01:20:50,149 --> 01:20:48,400  
be an interesting uh answer maybe you

2138  
01:20:52,070 --> 01:20:50,159

could join us for part of that program

2139

01:20:54,229 --> 01:20:52,080

that's the june 2nd program on the

2140

01:20:56,550 --> 01:20:54,239

making contact series and

2141

01:20:58,550 --> 01:20:56,560

but i will reach out zinka did you have

2142

01:21:01,350 --> 01:20:58,560

something else to say because i oh no i

2143

01:21:02,310 --> 01:21:01,360

mean i think the issue is yeah it's like

2144

01:21:04,149 --> 01:21:02,320

so

2145

01:21:06,950 --> 01:21:04,159

we need to get the information first

2146

01:21:09,430 --> 01:21:06,960

shared within government so that the

2147

01:21:11,270 --> 01:21:09,440

you know these lower less

2148

01:21:13,430 --> 01:21:11,280

you know high security people are

2149

01:21:15,830 --> 01:21:13,440

getting some of this these crumbs these

2150

01:21:18,149 --> 01:21:15,840

breadcrumbs right and there's not this

2151  
01:21:20,790 --> 01:21:18,159  
highly curated list of only 200 people

2152  
01:21:23,189 --> 01:21:20,800  
or less than these tiny you know straws

2153  
01:21:26,149 --> 01:21:23,199  
you know i mean so the more that that

2154  
01:21:28,629 --> 01:21:26,159  
all can can open up um

2155  
01:21:31,910 --> 01:21:28,639  
and then the more that the the the pop

2156  
01:21:35,430 --> 01:21:31,920  
culture and the demand is is is here

2157  
01:21:36,310 --> 01:21:35,440  
um the faster this is all going to go

2158  
01:21:39,030 --> 01:21:36,320  
yeah

2159  
01:21:40,950 --> 01:21:39,040  
one more question and thank you for your

2160  
01:21:43,990 --> 01:21:40,960  
time john and you've been such a

2161  
01:21:46,070 --> 01:21:44,000  
valuable resource because

2162  
01:21:48,790 --> 01:21:46,080  
we just you know i'm not familiar with

2163  
01:21:51,990 --> 01:21:48,800

government i try to avoid it and you

2164

01:21:54,870 --> 01:21:52,000

know your your inside you can dissect it

2165

01:21:57,590 --> 01:21:54,880

in a much clearer way and help people

2166

01:22:01,510 --> 01:21:57,600

understand what we just saw

2167

01:22:05,110 --> 01:22:01,520

and what we didn't just see you know so

2168

01:22:07,590 --> 01:22:05,120

but how big is the experience or

2169

01:22:08,790 --> 01:22:07,600

community within government of course

2170

01:22:11,830 --> 01:22:08,800

there's no way of knowing but what's

2171

01:22:15,270 --> 01:22:11,840

your guess like what how many people in

2172

01:22:17,350 --> 01:22:15,280

congress and government and military

2173

01:22:21,910 --> 01:22:17,360

percentage-wise you think

2174

01:22:23,590 --> 01:22:21,920

are directly connected to this phenomena

2175

01:22:26,390 --> 01:22:23,600

honestly i don't know the answer to that

2176

01:22:29,189 --> 01:22:26,400

question i just know that um i've spoken

2177

01:22:32,229 --> 01:22:29,199

personally with many colleagues

2178

01:22:33,990 --> 01:22:32,239

in other agencies and with ncia and when

2179

01:22:35,750 --> 01:22:34,000

i get to know them

2180

01:22:37,350 --> 01:22:35,760

we talk about our hobbies and whatnot

2181

01:22:40,950 --> 01:22:37,360

and i mentioned that you know i go to

2182

01:22:43,590 --> 01:22:40,960

ufo conferences and then that opens up

2183

01:22:46,070 --> 01:22:43,600

that that avenue of discussion

2184

01:22:48,229 --> 01:22:46,080

and in fact i think it was uh mr

2185

01:22:50,790 --> 01:22:48,239

moultrie who talked about oh yeah i went

2186

01:22:52,470 --> 01:22:50,800

to these conferences

2187

01:22:54,709 --> 01:22:52,480

well you know that's an indication that

2188

01:22:56,950 --> 01:22:54,719

there was this gentleman i know where he

2189

01:23:00,950 --> 01:22:56,960

worked at cia and i know

2190

01:23:02,470 --> 01:23:00,960

um what his um professional uh job was

2191

01:23:10,950 --> 01:23:02,480

at cia

2192

01:23:14,950 --> 01:23:13,030

originally he was uh i think he was

2193

01:23:16,390 --> 01:23:14,960

naval intelligence then went and went

2194

01:23:18,870 --> 01:23:16,400

into cia

2195

01:23:20,950 --> 01:23:18,880

in the information operations and

2196

01:23:24,149 --> 01:23:20,960

information warfare

2197

01:23:26,550 --> 01:23:24,159

areas of cia

2198

01:23:29,110 --> 01:23:26,560

and i can reveal that it was something

2199

01:23:31,110 --> 01:23:29,120

called the uh the clinton clandestine

2200

01:23:33,110 --> 01:23:31,120

information technology office

2201  
01:23:35,270 --> 01:23:33,120  
or the information operations center and

2202  
01:23:37,669 --> 01:23:35,280  
then from there he went to nsa

2203  
01:23:40,709 --> 01:23:37,679  
and the sigit directorate and then

2204  
01:23:42,390 --> 01:23:40,719  
he ran the national security operations

2205  
01:23:45,270 --> 01:23:42,400  
center

2206  
01:23:47,030 --> 01:23:45,280  
nsa watch office if you will

2207  
01:23:49,189 --> 01:23:47,040  
for 24 7

2208  
01:23:51,110 --> 01:23:49,199  
every second of every day you know

2209  
01:23:53,430 --> 01:23:51,120  
they're taking in all of this second

2210  
01:23:55,990 --> 01:23:53,440  
data from all these sensors the us

2211  
01:23:57,350 --> 01:23:56,000  
government has and then you know

2212  
01:23:59,189 --> 01:23:57,360  
parsing it out

2213  
01:24:01,350 --> 01:23:59,199

and that's that's his background uh

2214

01:24:03,030 --> 01:24:01,360

before he was appointed to be the under

2215

01:24:04,790 --> 01:24:03,040

secretary of defense for

2216

01:24:07,430 --> 01:24:04,800

intelligence and security

2217

01:24:09,910 --> 01:24:07,440

and so even at that that level you know

2218

01:24:11,910 --> 01:24:09,920

he says i've been to ufo conferences

2219

01:24:13,110 --> 01:24:11,920

and jim semivan when he shared his

2220

01:24:15,669 --> 01:24:13,120

experiences

2221

01:24:17,270 --> 01:24:15,679

at cia and he and he was told oh you

2222

01:24:18,629 --> 01:24:17,280

should talk to this

2223

01:24:20,790 --> 01:24:18,639

other officer

2224

01:24:22,950 --> 01:24:20,800

uh he goes to ufo conferences and it

2225

01:24:25,189 --> 01:24:22,960

wasn't me it was someone else and i went

2226

01:24:26,149 --> 01:24:25,199

to ufo conferences with my my good

2227

01:24:28,470 --> 01:24:26,159

friend

2228

01:24:30,070 --> 01:24:28,480

um together and uh

2229

01:24:32,149 --> 01:24:30,080

so i mean there's a lot of interest

2230

01:24:32,950 --> 01:24:32,159

there and i was um

2231

01:24:34,709 --> 01:24:32,960

uh

2232

01:24:36,390 --> 01:24:34,719

an administrator

2233

01:24:38,629 --> 01:24:36,400

of a

2234

01:24:39,430 --> 01:24:38,639

discussion database called the users

2235

01:24:42,310 --> 01:24:39,440

group

2236

01:24:43,990 --> 01:24:42,320

uh was mostly about technology and the

2237

01:24:46,310 --> 01:24:44,000

application of technology this is in the

2238

01:24:48,310 --> 01:24:46,320

90s you know they when the internet was

2239

01:24:50,870 --> 01:24:48,320

nascent and people were home building

2240

01:24:53,110 --> 01:24:50,880

their own computers and that was that

2241

01:24:55,030 --> 01:24:53,120

unofficial database and i took the

2242

01:24:57,350 --> 01:24:55,040

opportunity as administrator to bring up

2243

01:25:01,590 --> 01:24:57,360

some of these topics like remote viewing

2244

01:25:03,110 --> 01:25:01,600

and ufos and um artifacts uh anomalies

2245

01:25:05,669 --> 01:25:03,120

on the moon and mars and that's when i

2246

01:25:08,629 --> 01:25:05,679

got a delusion of phone calls and

2247

01:25:09,750 --> 01:25:08,639

um emails um to me

2248

01:25:11,750 --> 01:25:09,760

privately

2249

01:25:14,310 --> 01:25:11,760

about what they knew so i knew that you

2250

01:25:16,790 --> 01:25:14,320

know there was a lot of interest in

2251  
01:25:18,550 --> 01:25:16,800  
remote viewing that was a real program

2252  
01:25:20,070 --> 01:25:18,560  
um that

2253  
01:25:23,030 --> 01:25:20,080  
we have encountered

2254  
01:25:25,669 --> 01:25:23,040  
a craft that one gentleman who was a

2255  
01:25:26,709 --> 01:25:25,679  
navy officer before joining cia said yes

2256  
01:25:29,430 --> 01:25:26,719  
i was on

2257  
01:25:33,110 --> 01:25:29,440  
a cruiser uss boston um

2258  
01:25:36,390 --> 01:25:33,120  
um in the uh off of the north from east

2259  
01:25:38,310 --> 01:25:36,400  
coast and we were fighting off this ufo

2260  
01:25:39,669 --> 01:25:38,320  
you know and so you know i mean all

2261  
01:25:41,189 --> 01:25:39,679  
these little bits and pieces of

2262  
01:25:43,110 --> 01:25:41,199  
information come and people are talking

2263  
01:25:43,990 --> 01:25:43,120

about the anunnaki and

2264

01:25:46,629 --> 01:25:44,000

you know

2265

01:25:48,870 --> 01:25:46,639

sedona i mean all of this coming through

2266

01:25:51,270 --> 01:25:48,880

within cia which unfortunately is not

2267

01:25:54,790 --> 01:25:51,280

foiable because it's not an official uh

2268

01:25:57,430 --> 01:25:54,800

document that can be foia and um so in

2269

01:25:59,590 --> 01:25:57,440

that sense i knew that there was a lot

2270

01:26:02,550 --> 01:25:59,600

of interest of just me personally

2271

01:26:03,910 --> 01:26:02,560

contacting these these folks who also

2272

01:26:07,750 --> 01:26:03,920

had interests who might have been

2273

01:26:09,270 --> 01:26:07,760

hobbyists and during my security uh

2274

01:26:10,790 --> 01:26:09,280

reinvestigations that were occurred

2275

01:26:12,470 --> 01:26:10,800

every five years

2276

01:26:15,110 --> 01:26:12,480

the first one occurred after three years

2277

01:26:16,870 --> 01:26:15,120

and then every five years since um they

2278

01:26:18,709 --> 01:26:16,880

would ask me uh mr ramirez what are your

2279

01:26:20,790 --> 01:26:18,719

hobbies and i go i'm interested in

2280

01:26:23,270 --> 01:26:20,800

researching ufos and going to et

2281

01:26:25,430 --> 01:26:23,280

conferences and i'm a big fan of coast

2282

01:26:27,030 --> 01:26:25,440

to coast am with george uh that time he

2283

01:26:29,110 --> 01:26:27,040

was uh with arbel and you know they

2284

01:26:31,510 --> 01:26:29,120

would just dutifully write it down

2285

01:26:34,470 --> 01:26:31,520

there was no like what you know none of

2286

01:26:36,229 --> 01:26:34,480

that you know just write it down okay

2287

01:26:38,390 --> 01:26:36,239

and there's chase brandon who wrote his

2288

01:26:42,870 --> 01:26:38,400

novel crypto's conundrum

2289

01:26:44,709 --> 01:26:42,880

uh chase brandon uh wrote about uh uh

2290

01:26:46,470 --> 01:26:44,719

this higher consciousness aspect of

2291

01:26:48,950 --> 01:26:46,480

everything and him

2292

01:26:50,790 --> 01:26:48,960

having uh um

2293

01:26:53,030 --> 01:26:50,800

familiarity with the topic because he

2294

01:26:54,870 --> 01:26:53,040

saw the actual roswell files the cia

2295

01:26:57,430 --> 01:26:54,880

it's the only cia officer that actually

2296

01:27:00,310 --> 01:26:57,440

stated in public yes there are roswell

2297

01:27:01,830 --> 01:27:00,320

files yes i saw them yes there were like

2298

01:27:04,310 --> 01:27:01,840

there was a craft

2299

01:27:05,990 --> 01:27:04,320

um that was terrestrial uh that looked

2300

01:27:07,350 --> 01:27:06,000

not true so yes there were beings

2301  
01:27:08,550 --> 01:27:07,360  
recovered because you saw the pictures

2302  
01:27:10,709 --> 01:27:08,560  
of the bodies

2303  
01:27:13,430 --> 01:27:10,719  
that were not human and here's an

2304  
01:27:15,510 --> 01:27:13,440  
officer said well i can't

2305  
01:27:16,470 --> 01:27:15,520  
reveal this outright i'll i'll make it a

2306  
01:27:19,430 --> 01:27:16,480  
novel

2307  
01:27:21,590 --> 01:27:19,440  
when he was interviewed by george nuri

2308  
01:27:24,470 --> 01:27:21,600  
um and then he talked he said you know

2309  
01:27:26,790 --> 01:27:24,480  
read my novel it's all in there it's

2310  
01:27:28,870 --> 01:27:26,800  
behind read behind the lines what i

2311  
01:27:31,110 --> 01:27:28,880  
wrote in the novel will some of that

2312  
01:27:33,030 --> 01:27:31,120  
will be disclosed in the future and one

2313  
01:27:35,669 --> 01:27:33,040

of the things he disclosed was the fact

2314

01:27:39,270 --> 01:27:35,679

that the navy has encountered these

2315

01:27:40,229 --> 01:27:39,280

craft under the water with submarines

2316

01:27:42,470 --> 01:27:40,239

and

2317

01:27:44,550 --> 01:27:42,480

uh through aircraft flying off of

2318

01:27:46,229 --> 01:27:44,560

aircraft carriers this is when no one

2319

01:27:51,189 --> 01:27:46,239

knew about tic-tac

2320

01:27:53,990 --> 01:27:51,199

he wrote this while just as he retired

2321

01:27:56,629 --> 01:27:54,000

from cia and put it all in there

2322

01:28:00,070 --> 01:27:56,639

about this long-standing

2323

01:28:02,070 --> 01:28:00,080

investigation and interest in ufos and

2324

01:28:05,110 --> 01:28:02,080

the higher consciousness aspect that

2325

01:28:07,030 --> 01:28:05,120

sometimes we get collect gifts

2326

01:28:08,709 --> 01:28:07,040

when they're recovered and he mentioned

2327

01:28:10,790 --> 01:28:08,719

a crystal gift

2328

01:28:13,750 --> 01:28:10,800

that the government has that you know

2329

01:28:17,990 --> 01:28:13,760

that root that when you connect with it

2330

01:28:20,149 --> 01:28:18,000

a reveals um like our past history

2331

01:28:21,910 --> 01:28:20,159

wow uh so i mean he wrote it all in

2332

01:28:25,669 --> 01:28:21,920

there and so what's the book called

2333

01:28:27,430 --> 01:28:25,679

again uh kryptos conundrum

2334

01:28:29,030 --> 01:28:27,440

okay hey you know i'm glad you're

2335

01:28:32,629 --> 01:28:29,040

recording this because we just got

2336

01:28:34,070 --> 01:28:32,639

disconnected from youtube there zenka

2337

01:28:36,629 --> 01:28:34,080

for sorry

2338

01:28:38,470 --> 01:28:36,639

so we i mean it's interesting they cut

2339

01:28:41,430 --> 01:28:38,480

it off just as john was getting to the

2340

01:28:42,790 --> 01:28:41,440

really good juicy stuff there

2341

01:28:45,750 --> 01:28:42,800

so um

2342

01:28:47,830 --> 01:28:45,760

i've been checking um so it must have

2343

01:28:50,790 --> 01:28:47,840

been recently lost the youtube stream

2344

01:28:52,070 --> 01:28:50,800

but um john when and you say like

2345

01:28:54,470 --> 01:28:52,080

there's been some

2346

01:28:57,669 --> 01:28:54,480

[h\_\_h] battling these ufos there must be a

2347

01:28:58,709 --> 01:28:57,679

record of that right there must be some

2348

01:29:00,470 --> 01:28:58,719

deep

2349

01:29:02,149 --> 01:29:00,480

live on youtube

2350

01:29:04,149 --> 01:29:02,159

oh no that's okay

2351

01:29:07,030 --> 01:29:04,159

we'll go back to that wait go back to

2352

01:29:08,709 --> 01:29:07,040

that no it's okay um but let me just ask

2353

01:29:10,950 --> 01:29:08,719

the question um

2354

01:29:13,669 --> 01:29:10,960

and then when you say um

2355

01:29:16,550 --> 01:29:13,679

can't the government petition the cia

2356

01:29:19,030 --> 01:29:16,560

for those roswell records and just say

2357

01:29:20,629 --> 01:29:19,040

okay we want to see them i mean i'm just

2358

01:29:23,510 --> 01:29:20,639

saying there's stuff that's recorded

2359

01:29:25,430 --> 01:29:23,520

behind the scenes that someone inside

2360

01:29:27,189 --> 01:29:25,440

the government could petition and that's

2361

01:29:29,030 --> 01:29:27,199

not a national security threat that's

2362

01:29:30,709 --> 01:29:29,040

history so

2363

01:29:33,189 --> 01:29:30,719

right and internally they probably do

2364

01:29:34,470 --> 01:29:33,199

have access within that sort of straw

2365

01:29:36,950 --> 01:29:34,480

compartment

2366

01:29:39,830 --> 01:29:36,960

but can't they ask for that publicly to

2367

01:29:42,070 --> 01:29:39,840

be shared

2368

01:29:43,590 --> 01:29:42,080

foyer them i guess i don't know um i

2369

01:29:44,790 --> 01:29:43,600

guess you can foil them

2370

01:29:47,270 --> 01:29:44,800

um

2371

01:29:49,189 --> 01:29:47,280

i don't they may have moved them i don't

2372

01:29:51,990 --> 01:29:49,199

know because once

2373

01:29:54,629 --> 01:29:52,000

chase said i saw them in the historical

2374

01:29:56,870 --> 01:29:54,639

intelligence collection the hic

2375

01:29:58,870 --> 01:29:56,880

that clued cia into saying oh we need to

2376

01:30:01,669 --> 01:29:58,880

go find them and hide them

2377

01:30:04,149 --> 01:30:01,679

so um i don't know i don't know if

2378

01:30:05,590 --> 01:30:04,159

they're findable i don't think they're

2379

01:30:07,590 --> 01:30:05,600

i don't think they're owned by i think

2380

01:30:09,750 --> 01:30:07,600

they're owned by the air force and cia

2381

01:30:13,270 --> 01:30:09,760

acquired acquired them

2382

01:30:14,950 --> 01:30:13,280

wow well we can go on and on i mean this

2383

01:30:17,590 --> 01:30:14,960

is so great definitely want to have you

2384

01:30:19,990 --> 01:30:17,600

back me and zinka and maybe we'll invite

2385

01:30:23,910 --> 01:30:20,000

jim to come on we'll do a whole plan

2386

01:30:25,590 --> 01:30:23,920

programming about inside the cia and

2387

01:30:27,189 --> 01:30:25,600

i mean i think it's i've never heard you

2388

01:30:29,350 --> 01:30:27,199

talk about the higher intelligence

2389

01:30:30,310 --> 01:30:29,360

aspect but that is what's behind all

2390

01:30:31,430 --> 01:30:30,320

this

2391

01:30:34,229 --> 01:30:31,440

and that's

2392

01:30:36,790 --> 01:30:34,239

that's who we are this is what i'm

2393

01:30:39,830 --> 01:30:36,800

trying to put out like we are connected

2394

01:30:42,870 --> 01:30:39,840

to something bigger and why are we

2395

01:30:45,189 --> 01:30:42,880

being kept in the dark about who we

2396

01:30:47,990 --> 01:30:45,199

really are i mean that's that's a

2397

01:30:50,149 --> 01:30:48,000

actually to be blunt a crime against

2398

01:30:52,550 --> 01:30:50,159

humanity

2399

01:30:55,189 --> 01:30:52,560

and it's unfortunate that there are

2400

01:30:58,149 --> 01:30:55,199

forces in the way that are stopping us

2401  
01:30:59,189 --> 01:30:58,159  
from our evolutionary destiny in a way

2402  
01:31:02,629 --> 01:30:59,199  
to be

2403  
01:31:03,669 --> 01:31:02,639  
part of this greater community so

2404  
01:31:05,830 --> 01:31:03,679  
thank you

2405  
01:31:08,390 --> 01:31:05,840  
and i would just say like

2406  
01:31:10,390 --> 01:31:08,400  
we we're doing this to ourselves so the

2407  
01:31:12,709 --> 01:31:10,400  
government doesn't run our lives they're

2408  
01:31:14,310 --> 01:31:12,719  
not the only ones we can count on we

2409  
01:31:16,870 --> 01:31:14,320  
have to come together and do this

2410  
01:31:19,510 --> 01:31:16,880  
ourselves we can all remote view you

2411  
01:31:21,430 --> 01:31:19,520  
know alan you're teaching it in classes

2412  
01:31:22,470 --> 01:31:21,440  
people put it on lightnet

2413  
01:31:25,510 --> 01:31:22,480

um

2414

01:31:28,149 --> 01:31:25,520

we're not victims we're we're the heroes

2415

01:31:31,110 --> 01:31:28,159

and we're bringing this forward and

2416

01:31:33,590 --> 01:31:31,120

nobody can stop us there's no there's no

2417

01:31:36,470 --> 01:31:33,600

you know what i mean like it's time it's

2418

01:31:38,950 --> 01:31:36,480

it's this is it's time so

2419

01:31:40,550 --> 01:31:38,960

um we all have bodies and we all have

2420

01:31:42,390 --> 01:31:40,560

minds and we all have mouths and we all

2421

01:31:45,350 --> 01:31:42,400

have emails we all have internet so

2422

01:31:48,149 --> 01:31:45,360

let's do this you know let's do this

2423

01:31:50,310 --> 01:31:48,159

are you located out west john i mean i'm

2424

01:31:52,950 --> 01:31:50,320

in uh actually i'm in arizona so i woke

2425

01:31:54,390 --> 01:31:52,960

up very early this morning

2426

01:31:58,390 --> 01:31:54,400

we did too

2427

01:32:00,870 --> 01:31:58,400

yeah yeah i'm in uh oral valley arizona

2428

01:32:03,750 --> 01:32:00,880

which is just north of tucson by i

2429

01:32:06,550 --> 01:32:03,760

believe about 14 miles

2430

01:32:08,390 --> 01:32:06,560

north of tucson oh great so maybe if we

2431

01:32:11,510 --> 01:32:08,400

do a conference up here disclosure

2432

01:32:13,990 --> 01:32:11,520

conference maybe next year even suzanne

2433

01:32:15,910 --> 01:32:14,000

ross the the she's putting together a

2434

01:32:17,750 --> 01:32:15,920

conference we'll invite you for sure but

2435

01:32:19,270 --> 01:32:17,760

yeah this weekend party at my house on

2436

01:32:21,189 --> 01:32:19,280

friday after yeah you can come up with

2437

01:32:23,270 --> 01:32:21,199

that

2438

01:32:25,830 --> 01:32:23,280

but anyway but even next year we'll plan

2439

01:32:27,750 --> 01:32:25,840

well definitely any time john but yeah i

2440

01:32:30,709 --> 01:32:27,760

just want to give one more little plug

2441

01:32:34,070 --> 01:32:30,719

for this series that i'm doing here

2442

01:32:36,550 --> 01:32:34,080

making contact series dot com

2443

01:32:39,270 --> 01:32:36,560

and it's going to be deep dive what we

2444

01:32:41,350 --> 01:32:39,280

heard today is just the kind of

2445

01:32:42,950 --> 01:32:41,360

beginning steps of what i want to go

2446

01:32:45,350 --> 01:32:42,960

into with linda molten how whitley

2447

01:32:48,390 --> 01:32:45,360

streetwear danny sheehan nick pope

2448

01:32:52,229 --> 01:32:48,400

uh steve bassett who's a lobbyist for

2449

01:32:54,950 --> 01:32:52,239

ufo um disclosure

2450

01:32:57,910 --> 01:32:54,960

and some experiencers marina serena adam

2451

01:33:00,790 --> 01:32:57,920

apollo mary rodwell who's been

2452

01:33:01,990 --> 01:33:00,800

investigating the starseed aspect of

2453

01:33:05,270 --> 01:33:02,000

this so

2454

01:33:07,189 --> 01:33:05,280

it's a multiple level phenomena this is

2455

01:33:09,990 --> 01:33:07,199

not a simple

2456

01:33:12,550 --> 01:33:10,000

oh yeah we're having visitors here that

2457

01:33:14,870 --> 01:33:12,560

famous jacques valet line where he says

2458

01:33:16,310 --> 01:33:14,880

if i find out we're just having visitors

2459

01:33:17,830 --> 01:33:16,320

from another planet i'll be very

2460

01:33:20,390 --> 01:33:17,840

disappointed because

2461

01:33:24,550 --> 01:33:20,400

there is a psychic phenomena there's

2462

01:33:27,910 --> 01:33:24,560

paranormal those are just words describe

2463

01:33:31,030 --> 01:33:27,920

another level of reality that we've been

2464

01:33:36,950 --> 01:33:31,040

really kept from acknowledging so

2465

01:33:39,750 --> 01:33:36,960

this phenomena opens up a whole set of

2466

01:33:41,990 --> 01:33:39,760

new world views and new

2467

01:33:45,430 --> 01:33:42,000

aspects to the human mind i say it makes

2468

01:33:48,229 --> 01:33:45,440

us more human this phenomena so

2469

01:33:50,629 --> 01:33:48,239

that's that's that's the excitement of

2470

01:33:52,629 --> 01:33:50,639

where we're at and today you're right

2471

01:33:55,110 --> 01:33:52,639

zinka this was

2472

01:33:58,310 --> 01:33:55,120

a kind of toe in the water

2473

01:34:01,110 --> 01:33:58,320

yes yes it's it's to celebrate because

2474

01:34:03,510 --> 01:34:01,120

this is all celebrations on the road to

2475

01:34:05,430 --> 01:34:03,520

making this bigger and bigger and bigger

2476

01:34:09,350 --> 01:34:05,440

and bigger and bigger

2477

01:34:12,870 --> 01:34:09,360

right no this is moving forward

2478

01:34:13,750 --> 01:34:12,880

your work is so valuable your insights

2479

01:34:16,310 --> 01:34:13,760

and

2480

01:34:18,390 --> 01:34:16,320

just adding to the conversation it's we

2481

01:34:19,350 --> 01:34:18,400

need to hear this from people like you

2482

01:34:21,270 --> 01:34:19,360

because

2483

01:34:23,110 --> 01:34:21,280

otherwise it's just our little community

2484

01:34:25,510 --> 01:34:23,120

talking to each other and saying oh yeah

2485

01:34:27,830 --> 01:34:25,520

i saw something in this half but this

2486

01:34:29,590 --> 01:34:27,840

makes it almost official what you're

2487

01:34:30,310 --> 01:34:29,600

adding here

2488

01:34:35,189 --> 01:34:30,320

so

2489

01:34:37,510 --> 01:34:35,199

done in your life and who you are and

2490

01:34:39,830 --> 01:34:37,520

who you've become and and your message

2491

01:34:41,510 --> 01:34:39,840

to the world is so amazing so there's

2492

01:34:43,109 --> 01:34:41,520

more to talk about and i do have a lot

2493

01:34:46,790 --> 01:34:43,119

more questions but you know it's been

2494

01:34:49,910 --> 01:34:46,800

three hours now so

2495

01:34:51,990 --> 01:34:49,920

thank you okay guys i'm out of coffee

2496

01:34:53,990 --> 01:34:52,000

and you're out of coffee all right thank

2497

01:34:56,229 --> 01:34:54,000

you thank you thank you thank you for

2498

01:34:58,870 --> 01:34:56,239

having me of course

2499

01:35:00,709 --> 01:34:58,880

um actually can i just say one thing me

2500

01:35:03,910 --> 01:35:00,719

and deborah giusti

2501

01:35:07,030 --> 01:35:03,920

are putting on a big five part series

2502

01:35:10,470 --> 01:35:07,040

about this and let me just show people

2503

01:35:13,350 --> 01:35:10,480

it is called the making contact um

2504

01:35:14,629 --> 01:35:13,360

series this is happening starting

2505

01:35:15,750 --> 01:35:14,639

thursday

2506

01:35:17,430 --> 01:35:15,760

and

2507

01:35:21,910 --> 01:35:17,440

this is a

2508

01:35:24,310 --> 01:35:21,920

five-part series here that we are doing

2509

01:35:26,629 --> 01:35:24,320

on what we just heard the truth behind

2510

01:35:29,750 --> 01:35:26,639

what we do making contact series this is

2511

01:35:31,830 --> 01:35:29,760

an investigation into what we hope will

2512

01:35:34,709 --> 01:35:31,840

be the truth the first episode is with

2513

01:35:36,629 --> 01:35:34,719

nick pope and jj and desiree hertog and

2514

01:35:40,709 --> 01:35:36,639

then we're going to have danny sheehan

2515

01:35:42,070 --> 01:35:40,719

and steve bassett on the june 2nd show

2516

01:35:43,750 --> 01:35:42,080

and then we're going to have a talk with

2517

01:35:46,950 --> 01:35:43,760

carolyn corey and some of her

2518

01:35:49,430 --> 01:35:46,960

technologies and covering uaps and then

2519

01:35:51,109 --> 01:35:49,440

on june 16th of show i'm really excited

2520

01:35:52,390 --> 01:35:51,119

about is whitley strieber and linda

2521

01:35:54,229 --> 01:35:52,400

molten howe

2522

01:35:56,629 --> 01:35:54,239

and then we've gone june 23rd we're

2523

01:35:59,990 --> 01:35:56,639

going to have an experiences panel with

2524

01:36:03,189 --> 01:36:00,000

marina syrin kamara jones adam apollo

2525

01:36:05,270 --> 01:36:03,199

mary rodwell so that's making contact

2526

01:36:07,430 --> 01:36:05,280

series we're going to go deeper

2527

01:36:09,510 --> 01:36:07,440

definitely than we did today so

2528

01:36:11,430 --> 01:36:09,520

thanks for joining us all if you're
