

1  
00:00:04,390 --> 00:00:01,429

okay

2  
00:00:05,910 --> 00:00:04,400

so now this is i guess i've been waiting

3  
00:00:09,030 --> 00:00:05,920

for a couple of months i'm excited to

4  
00:00:11,749 --> 00:00:09,040

have him on uh it's john ramirez he's a

5  
00:00:14,950 --> 00:00:11,759

a nice ufo expert but he's

6  
00:00:17,109 --> 00:00:14,960

more interestingly a former cia agent

7  
00:00:19,109 --> 00:00:17,119

john you you work for the wood the cia

8  
00:00:21,189 --> 00:00:19,119

for 25 years and the directorate of

9  
00:00:22,950 --> 00:00:21,199

science and technology

10  
00:00:24,950 --> 00:00:22,960

yeah that's right i was never an agent

11  
00:00:26,390 --> 00:00:24,960

we're not agents we're officers agents

12  
00:00:28,630 --> 00:00:26,400

are like uh

13  
00:00:30,790 --> 00:00:28,640

what we call like uh confidential

14

00:00:33,830 --> 00:00:30,800

informants in the police force you know

15

00:00:36,150 --> 00:00:33,840

a sky is not a police force officer an

16

00:00:39,670 --> 00:00:36,160

agent is not a member of the cia there

17

00:00:42,470 --> 00:00:39,680

are people we hire overseas to give us

18

00:00:44,549 --> 00:00:42,480

information so i was a cia officer in

19

00:00:47,029 --> 00:00:44,559

the director of science and technology

20

00:00:50,310 --> 00:00:47,039

and in the director of intelligence and

21

00:00:53,750 --> 00:00:50,320

also served in the odni national counter

22

00:00:56,630 --> 00:00:53,760

proliferation center from 84 to 2009 so

23

00:00:57,590 --> 00:00:56,640

yes it's 25 years so

24

00:00:59,270 --> 00:00:57,600

you're a

25

00:01:00,869 --> 00:00:59,280

man of substance you're not a nut bag

26

00:01:02,150 --> 00:01:00,879

you are you know what you're talking

27

00:01:03,430 --> 00:01:02,160

about

28

00:01:05,750 --> 00:01:03,440

well um

29

00:01:09,030 --> 00:01:05,760

i would say that i've

30

00:01:12,550 --> 00:01:09,040

encountered a lot of information

31

00:01:15,270 --> 00:01:12,560

concerning the uap ufo uap topic

32

00:01:17,749 --> 00:01:15,280

as part of my normal day job

33

00:01:20,789 --> 00:01:17,759

and so i wasn't an expert or anything

34

00:01:22,630 --> 00:01:20,799

there's no one at cia which i would call

35

00:01:25,670 --> 00:01:22,640

an expert in this

36

00:01:27,910 --> 00:01:25,680

but in so doing our regular day jobs of

37

00:01:30,230 --> 00:01:27,920

intelligence collection and analysis and

38

00:01:32,310 --> 00:01:30,240

intelligence reporting uh we do come

39  
00:01:34,469 --> 00:01:32,320  
across this phenomenon and we have come

40  
00:01:36,469 --> 00:01:34,479  
across this phenomenon for decades

41  
00:01:38,310 --> 00:01:36,479  
now like this month that's why it's

42  
00:01:41,670 --> 00:01:38,320  
newsworthy this i'll give you the big

43  
00:01:43,910 --> 00:01:41,680  
jumble of the bureaucracy or the house

44  
00:01:45,190 --> 00:01:43,920  
intelligence counterterrorism

45  
00:01:48,149 --> 00:01:45,200  
counter intelligence counter

46  
00:01:49,270 --> 00:01:48,159  
proliferation subcommittee held hearings

47  
00:01:52,310 --> 00:01:49,280  
which is

48  
00:01:53,510 --> 00:01:52,320  
not normal and even top intelligence

49  
00:01:55,109 --> 00:01:53,520  
officials

50  
00:01:58,069 --> 00:01:55,119  
in the pentagon

51  
00:01:59,510 --> 00:01:58,079  
said that most but not all phenomenon

52  
00:02:01,670 --> 00:01:59,520  
can be explained

53  
00:02:02,709 --> 00:02:01,680  
can you explain that

54  
00:02:03,670 --> 00:02:02,719  
uh

55  
00:02:14,070 --> 00:02:03,680  
i

56  
00:02:16,550 --> 00:02:14,080  
and so when they say uh most can be

57  
00:02:17,990 --> 00:02:16,560  
explained what they're not saying is the

58  
00:02:19,030 --> 00:02:18,000  
explanation

59  
00:02:21,270 --> 00:02:19,040  
and

60  
00:02:22,869 --> 00:02:21,280  
congress this particular subcommittee of

61  
00:02:26,550 --> 00:02:22,879  
the house permanent select committee on

62  
00:02:28,869 --> 00:02:26,560  
intelligence the c3 uh

63  
00:02:31,910 --> 00:02:28,879

was uh previously

64

00:02:33,030 --> 00:02:31,920

more immersed into these kind of of

65

00:02:34,869 --> 00:02:33,040

threats

66

00:02:36,550 --> 00:02:34,879

and so when they

67

00:02:38,949 --> 00:02:36,560

they meaning the

68

00:02:41,350 --> 00:02:38,959

department of defense officials

69

00:02:43,350 --> 00:02:41,360

said that most can be explained the

70

00:02:45,350 --> 00:02:43,360

follow-up question if i was sitting on

71

00:02:47,030 --> 00:02:45,360

on that subcommittee

72

00:02:49,430 --> 00:02:47,040

i would ask okay

73

00:02:50,949 --> 00:02:49,440

what are your explanations and they

74

00:02:53,030 --> 00:02:50,959

didn't pursue it

75

00:02:54,470 --> 00:02:53,040

so explain john i mean we were treated

76

00:02:57,589 --> 00:02:54,480

to a bunch of

77

00:02:59,110 --> 00:02:57,599

videotape of things that don't

78

00:03:01,910 --> 00:02:59,120

seem to

79

00:03:03,670 --> 00:03:01,920

behave in ways that we understand

80

00:03:04,949 --> 00:03:03,680

physical science to be so what what are

81

00:03:07,910 --> 00:03:04,959

we seeing

82

00:03:11,830 --> 00:03:07,920

well what you saw was a very

83

00:03:14,309 --> 00:03:11,840

poor video the worst possible probably

84

00:03:17,750 --> 00:03:14,319

of the holdings by

85

00:03:20,630 --> 00:03:17,760

what was collected by the uap task force

86

00:03:22,550 --> 00:03:20,640

which was instituted in

87

00:03:25,350 --> 00:03:22,560

2020

88

00:03:27,350 --> 00:03:25,360

and finished its work in 2021 with that

89

00:03:30,149 --> 00:03:27,360

preliminary assessment and we learned

90

00:03:33,350 --> 00:03:30,159

that there were 144

91

00:03:35,910 --> 00:03:33,360

events that the uap task force uh run by

92

00:03:38,470 --> 00:03:35,920

the office of naval intelligence studied

93

00:03:40,789 --> 00:03:38,480

and they just picked one which was like

94

00:03:42,149 --> 00:03:40,799

the worst possible you didn't see much

95

00:03:44,309 --> 00:03:42,159

of anything

96

00:03:46,949 --> 00:03:44,319

just this object that did do some

97

00:03:49,509 --> 00:03:46,959

maneuvering like very fast um but they

98

00:03:52,390 --> 00:03:49,519

explained as oh you know the the fighter

99

00:03:54,070 --> 00:03:52,400

jet was going this speed and you know

100

00:03:56,149 --> 00:03:54,080

this object moved relative to the

101  
00:03:57,350 --> 00:03:56,159  
fighter jack it could have been that

102  
00:03:59,670 --> 00:03:57,360  
but they didn't really come up with a

103  
00:04:01,270 --> 00:03:59,680  
satisfying explanation of the other

104  
00:04:03,110 --> 00:04:01,280  
videos that they have and they're

105  
00:04:06,070 --> 00:04:03,120  
holding you in your intelligence

106  
00:04:08,390 --> 00:04:06,080  
gathering your 25 years in the cia

107  
00:04:10,149 --> 00:04:08,400  
are there is there alien life visiting

108  
00:04:11,030 --> 00:04:10,159  
this planet

109  
00:04:12,390 --> 00:04:11,040  
um

110  
00:04:15,110 --> 00:04:12,400  
i would take

111  
00:04:16,789 --> 00:04:15,120  
the word alien out of that

112  
00:04:18,390 --> 00:04:16,799  
and just say

113  
00:04:20,789 --> 00:04:18,400

are there

114

00:04:23,350 --> 00:04:20,799

advanced

115

00:04:24,710 --> 00:04:23,360

civilizations visiting our planet not

116

00:04:27,030 --> 00:04:24,720

necessarily

117

00:04:29,350 --> 00:04:27,040

alien and are they not just visiting or

118

00:04:31,430 --> 00:04:29,360

have they been here all the time

119

00:04:33,270 --> 00:04:31,440

that's the part of the narrative that

120

00:04:35,270 --> 00:04:33,280

the department of defense

121

00:04:37,749 --> 00:04:35,280

is not addressing

122

00:04:39,590 --> 00:04:37,759

but if you talk to former cia officers

123

00:04:41,749 --> 00:04:39,600

and i'll mention his name because he's

124

00:04:44,469 --> 00:04:41,759

been in the public sphere his name is

125

00:04:46,550 --> 00:04:44,479

jim simivan and if you ask jim suiman

126  
00:04:47,990 --> 00:04:46,560  
what's going on he'll come up with two

127  
00:04:49,590 --> 00:04:48,000  
hypotheses

128  
00:04:51,830 --> 00:04:49,600  
that he believes

129  
00:04:53,110 --> 00:04:51,840  
is happening and when he says i believe

130  
00:04:55,990 --> 00:04:53,120  
this is what

131  
00:04:56,950 --> 00:04:56,000  
is happening he has clearances still i

132  
00:04:59,990 --> 00:04:56,960  
do not

133  
00:05:03,430 --> 00:05:00,000  
so he says interdimensional hypotheses

134  
00:05:05,749 --> 00:05:03,440  
and the um

135  
00:05:07,189 --> 00:05:05,759  
idea that something is coming to us that

136  
00:05:09,270 --> 00:05:07,199  
we can't explain that could be

137  
00:05:11,350 --> 00:05:09,280  
interdimensional in nature

138  
00:05:13,430 --> 00:05:11,360

and the other is the ultra-terrestrial

139

00:05:15,990 --> 00:05:13,440

hypothesis and by

140

00:05:17,189 --> 00:05:16,000

ultra-terrestrial that is ut

141

00:05:18,710 --> 00:05:17,199

these are

142

00:05:21,350 --> 00:05:18,720

advanced civilizations that may have

143

00:05:23,909 --> 00:05:21,360

been here a long time before humanity

144

00:05:24,870 --> 00:05:23,919

arrived and that is the technology we're

145

00:05:26,310 --> 00:05:24,880

seeing

146

00:05:28,390 --> 00:05:26,320

and there's the concept of something

147

00:05:30,870 --> 00:05:28,400

called a breakaway civilization now you

148

00:05:32,950 --> 00:05:30,880

see in um myths and legends of the

149

00:05:35,350 --> 00:05:32,960

ancient peoples that always had the gods

150

00:05:37,430 --> 00:05:35,360

fighting each other and one side wins

151

00:05:40,310 --> 00:05:37,440

the other side gets thrown out

152

00:05:42,629 --> 00:05:40,320

um and the breakaway civilization is the

153

00:05:43,590 --> 00:05:42,639

one that got thrown out

154

00:05:44,629 --> 00:05:43,600

and and

155

00:05:47,189 --> 00:05:44,639

more of the

156

00:05:49,909 --> 00:05:47,199

christian tradition uh and the judaic

157

00:05:53,029 --> 00:05:49,919

tradition to go back into genesis text

158

00:05:54,469 --> 00:05:53,039

you have a battle between good and evil

159

00:05:57,189 --> 00:05:54,479

god and satan

160

00:06:00,070 --> 00:05:57,199

and satan or lucifer the bringers of

161

00:06:02,070 --> 00:06:00,080

light were thrown out fallen and that

162

00:06:03,029 --> 00:06:02,080

kind of coincides with a lot of ancient

163

00:06:05,270 --> 00:06:03,039

texts

164

00:06:07,909 --> 00:06:05,280

so is that what we're seeing is

165

00:06:09,270 --> 00:06:07,919

terrestrials people have been here

166

00:06:11,990 --> 00:06:09,280

longer than we have

167

00:06:14,469 --> 00:06:12,000

and have may have had some input into

168

00:06:16,390 --> 00:06:14,479

our development into our evolution now

169

00:06:17,590 --> 00:06:16,400

if you're a christian um you believe in

170

00:06:20,550 --> 00:06:17,600

genesis

171

00:06:22,870 --> 00:06:20,560

you believe that god created man from

172

00:06:23,909 --> 00:06:22,880

his own image let us make man in our

173

00:06:26,070 --> 00:06:23,919

image

174

00:06:28,469 --> 00:06:26,080

and so if you translate that into like

175

00:06:31,110 --> 00:06:28,479

the ultra terrestrial hypothesis that

176  
00:06:36,230 --> 00:06:33,830  
beings more advanced than us had some

177  
00:06:37,830 --> 00:06:36,240  
input into how we turned out

178  
00:06:41,830 --> 00:06:37,840  
and some of those beings wanted to be

179  
00:06:46,150 --> 00:06:43,590  
what does that have to do with like

180  
00:06:48,469 --> 00:06:46,160  
supersonic machines being caught on

181  
00:06:50,469 --> 00:06:48,479  
videotape yeah why maybe

182  
00:06:53,110 --> 00:06:50,479  
maybe those supersonic machines caught

183  
00:06:55,029 --> 00:06:53,120  
on videotape belong to

184  
00:06:55,909 --> 00:06:55,039  
these ultra-terrestrial civilizations

185  
00:06:58,550 --> 00:06:55,919  
that

186  
00:07:01,350 --> 00:06:58,560  
many folks who encounter like

187  
00:07:03,749 --> 00:07:01,360  
these beings um who say i encounter

188  
00:07:06,550 --> 00:07:03,759

these beings i've been abducted

189

00:07:08,230 --> 00:07:06,560

always point out to these tall nordics

190

00:07:10,390 --> 00:07:08,240

and the tall nordic narrative is

191

00:07:12,790 --> 00:07:10,400

something that um

192

00:07:14,950 --> 00:07:12,800

might be associated with some of these

193

00:07:17,029 --> 00:07:14,960

advanced beings do you have any evidence

194

00:07:18,550 --> 00:07:17,039

of that go ahead karen yeah i want to

195

00:07:20,550 --> 00:07:18,560

ask you a question first of all you you

196

00:07:23,029 --> 00:07:20,560

keep saying advanced so

197

00:07:26,150 --> 00:07:23,039

advanced define advanced is that

198

00:07:28,950 --> 00:07:26,160

advanced in terms of um to the level

199

00:07:31,589 --> 00:07:28,960

that we see ourselves as humans in on

200

00:07:34,390 --> 00:07:31,599

earth or is that advanced in terms of

201  
00:07:36,950 --> 00:07:34,400  
being greater either in intelligence or

202  
00:07:39,270 --> 00:07:36,960  
capability beyond that and when you talk

203  
00:07:41,270 --> 00:07:39,280  
about the good versus evil are we

204  
00:07:43,749 --> 00:07:41,280  
possibly seeing a proliferation of some

205  
00:07:46,629 --> 00:07:43,759  
of that in the events that we're seeing

206  
00:07:47,990 --> 00:07:46,639  
is that maybe a different form of these

207  
00:07:49,589 --> 00:07:48,000  
beings

208  
00:07:51,670 --> 00:07:49,599  
well let's say uh the first part of your

209  
00:07:53,589 --> 00:07:51,680  
question um yes that's exactly what it

210  
00:07:55,909 --> 00:07:53,599  
means the idea that they're more

211  
00:07:58,469 --> 00:07:55,919  
advanced than humans okay and they came

212  
00:08:00,309 --> 00:07:58,479  
to us advanced and they created us and

213  
00:08:01,270 --> 00:08:00,319

we are not as advanced but we're getting

214

00:08:03,430 --> 00:08:01,280

there

215

00:08:05,589 --> 00:08:03,440

and what tipped

216

00:08:08,070 --> 00:08:05,599

the tipping point was that

217

00:08:09,990 --> 00:08:08,080

humanity discovered how to destroy

218

00:08:12,869 --> 00:08:10,000

itself and the planet

219

00:08:15,029 --> 00:08:12,879

with nuclear weapons um and coinciding

220

00:08:18,230 --> 00:08:15,039

with that a lot of these sightings do

221

00:08:19,350 --> 00:08:18,240

occur over our nuclear facilities

222

00:08:21,510 --> 00:08:19,360

um

223

00:08:24,629 --> 00:08:21,520

a lot of these sightings occur

224

00:08:27,110 --> 00:08:24,639

uh over nuclear icbm bases which was

225

00:08:30,230 --> 00:08:27,120

mentioned in the hearing

226

00:08:33,190 --> 00:08:30,240

the pentagon declined to address that

227

00:08:34,469 --> 00:08:33,200

and the second part of your question um

228

00:08:36,870 --> 00:08:34,479

i don't know

229

00:08:38,870 --> 00:08:36,880

that's completely hypothetical you have

230

00:08:40,949 --> 00:08:38,880

to ask

231

00:08:43,990 --> 00:08:40,959

a sociologist or

232

00:08:46,150 --> 00:08:44,000

a psychologist or someone who deals with

233

00:08:48,470 --> 00:08:46,160

um the human mind and human behavior i

234

00:08:50,550 --> 00:08:48,480

can't explain human behavior based on

235

00:08:53,190 --> 00:08:50,560

what we're seeing in uaps now

236

00:08:54,550 --> 00:08:53,200

reconnaissance over nuclear

237

00:08:56,790 --> 00:08:54,560

sites

238

00:08:59,190 --> 00:08:56,800

would seem to me

239

00:09:01,829 --> 00:08:59,200

to suggest that this is some kind of

240

00:09:03,750 --> 00:09:01,839

human military operation couldn't this

241

00:09:06,470 --> 00:09:03,760

be the russians or the chinese or the

242

00:09:09,509 --> 00:09:06,480

united states secret weapons

243

00:09:11,350 --> 00:09:09,519

program itself no and here's why because

244

00:09:14,470 --> 00:09:11,360

the russians have complete oversight

245

00:09:15,829 --> 00:09:14,480

over our nuclear uh weapons program as

246

00:09:17,829 --> 00:09:15,839

we do theirs

247

00:09:20,550 --> 00:09:17,839

and in spite of the fact that right now

248

00:09:22,790 --> 00:09:20,560

we may be having a war of words and a

249

00:09:24,790 --> 00:09:22,800

war of weapons in ukraine

250

00:09:26,790 --> 00:09:24,800

the fact remains that there are treaties

251  
00:09:28,470 --> 00:09:26,800  
in place between the united states and

252  
00:09:31,269 --> 00:09:28,480  
the russian federation

253  
00:09:33,829 --> 00:09:31,279  
dealing with the monitoring of our

254  
00:09:36,389 --> 00:09:33,839  
nuclear programs including nuclear

255  
00:09:37,990 --> 00:09:36,399  
missiles so they we visit their missiles

256  
00:09:39,590 --> 00:09:38,000  
and their silos and they visit our

257  
00:09:41,509 --> 00:09:39,600  
missiles in our silos but wouldn't that

258  
00:09:44,710 --> 00:09:41,519  
be a reason to create

259  
00:09:47,190 --> 00:09:44,720  
super machine to get around the treaty

260  
00:09:47,990 --> 00:09:47,200  
to give you an advantage

261  
00:09:49,430 --> 00:09:48,000  
well

262  
00:09:51,350 --> 00:09:49,440  
they don't have that super machine

263  
00:09:54,389 --> 00:09:51,360

because that's the job of the cia is to

264

00:09:57,990 --> 00:09:54,399

look into the programs that they have in

265

00:10:01,750 --> 00:09:58,000

development in their versions of 51

266

00:10:03,829 --> 00:10:01,760

um to see what is coming online in terms

267

00:10:05,990 --> 00:10:03,839

of advanced weapon and so that is the

268

00:10:07,670 --> 00:10:06,000

job of the intelligence community

269

00:10:09,190 --> 00:10:07,680

particularly the military intelligence

270

00:10:10,470 --> 00:10:09,200

community the defense intelligence

271

00:10:12,949 --> 00:10:10,480

agency what

272

00:10:16,069 --> 00:10:12,959

do the russians have coming online that

273

00:10:18,069 --> 00:10:16,079

is advanced and we have a similar type

274

00:10:21,910 --> 00:10:18,079

of

275

00:10:22,790 --> 00:10:21,920

chinese and any other country for that

276  
00:10:24,310 --> 00:10:22,800  
matter

277  
00:10:26,310 --> 00:10:24,320  
so i can

278  
00:10:27,990 --> 00:10:26,320  
categorically rule out that it is

279  
00:10:29,350 --> 00:10:28,000  
russian technology

280  
00:10:30,310 --> 00:10:29,360  
doing this

281  
00:10:32,150 --> 00:10:30,320  
um

282  
00:10:33,350 --> 00:10:32,160  
and if it was russian technology they

283  
00:10:35,509 --> 00:10:33,360  
would have

284  
00:10:37,590 --> 00:10:35,519  
completely obliterated ukraine and no

285  
00:10:40,230 --> 00:10:37,600  
time flat and they're not using that

286  
00:10:42,550 --> 00:10:40,240  
um so we do have monitoring of each

287  
00:10:43,990 --> 00:10:42,560  
other and so because of this monitoring

288  
00:10:47,350 --> 00:10:44,000

because of the fact that when they

289

00:10:48,870 --> 00:10:47,360

launch an icbm as a test

290

00:10:51,590 --> 00:10:48,880

the russians tell us that they're

291

00:10:53,350 --> 00:10:51,600

launching an icbm as a test and so we're

292

00:10:55,030 --> 00:10:53,360

there ready to collect all of the

293

00:10:57,430 --> 00:10:55,040

technical data and they actually

294

00:10:59,670 --> 00:10:57,440

exchange tapes their data tapes their

295

00:11:01,750 --> 00:10:59,680

telemetry tapes and we receive those

296

00:11:03,350 --> 00:11:01,760

telemetry tapes and we do the same for

297

00:11:05,110 --> 00:11:03,360

for the russians i see it and john are

298

00:11:06,870 --> 00:11:05,120

you are you suggesting that there were

299

00:11:08,710 --> 00:11:06,880

spending more time and money covering

300

00:11:09,990 --> 00:11:08,720

something up as opposed to maybe going

301  
00:11:12,310 --> 00:11:10,000  
out and finding it because i would think

302  
00:11:13,910 --> 00:11:12,320  
if there's these little ufos or

303  
00:11:16,550 --> 00:11:13,920  
unidentified things flying around the

304  
00:11:18,470 --> 00:11:16,560  
sky we would maybe look for more things

305  
00:11:19,829 --> 00:11:18,480  
or do you suggest that these aliens like

306  
00:11:22,870 --> 00:11:19,839  
the way you suggest it kind of sounded

307  
00:11:24,790 --> 00:11:22,880  
like marvel's uh eternal's that movie um

308  
00:11:26,389 --> 00:11:24,800  
but are you supposing that they're like

309  
00:11:28,150 --> 00:11:26,399  
the illuminati and in charge of

310  
00:11:30,389 --> 00:11:28,160  
everything

311  
00:11:32,630 --> 00:11:30,399  
well that that is a

312  
00:11:34,790 --> 00:11:32,640  
long bridge to cross that that bridge

313  
00:11:37,430 --> 00:11:34,800

has not been built by the government

314

00:11:38,949 --> 00:11:37,440

um that's intriguing fault however

315

00:11:41,670 --> 00:11:38,959

because a lot of

316

00:11:44,069 --> 00:11:41,680

i think from the cia perspective

317

00:11:48,550 --> 00:11:44,079

we deal more with the consciousness

318

00:11:50,710 --> 00:11:48,560

aspects of the phenomenon we deal with

319

00:11:54,550 --> 00:11:50,720

the human potential aspects of the

320

00:11:56,949 --> 00:11:54,560

phenomenon meaning when people see

321

00:11:59,350 --> 00:11:56,959

this phenomenon something happens to

322

00:12:00,150 --> 00:11:59,360

them internally something happens to

323

00:12:03,430 --> 00:12:00,160

them

324

00:12:05,509 --> 00:12:03,440

uh psychologically um health-wise

325

00:12:07,030 --> 00:12:05,519

some suffer health effects others get

326  
00:12:08,870 --> 00:12:07,040  
healed of

327  
00:12:11,350 --> 00:12:08,880  
have you have you

328  
00:12:14,790 --> 00:12:11,360  
have you seen

329  
00:12:16,710 --> 00:12:14,800  
a spaceship in a hangar or uh

330  
00:12:17,750 --> 00:12:16,720  
an alien body on ice or anything like

331  
00:12:20,870 --> 00:12:17,760  
that

332  
00:12:22,710 --> 00:12:20,880  
no i have not i have i am what is known

333  
00:12:24,470 --> 00:12:22,720  
as an experiencer

334  
00:12:26,629 --> 00:12:24,480  
of the phenomenon meaning i'm one of the

335  
00:12:29,910 --> 00:12:26,639  
people who have seen orbs or have seen

336  
00:12:32,389 --> 00:12:29,920  
craft but this was not in relation to my

337  
00:12:34,550 --> 00:12:32,399  
job at cia having said that what do you

338  
00:12:36,629 --> 00:12:34,560

mean you saw it in your in your private

339

00:12:38,790 --> 00:12:36,639

life not your professional life

340

00:12:40,629 --> 00:12:38,800

yeah i've seen those in in my

341

00:12:43,750 --> 00:12:40,639

my private life but to address the

342

00:12:44,710 --> 00:12:43,760

professional life side of the question

343

00:12:46,790 --> 00:12:44,720

um

344

00:12:49,110 --> 00:12:46,800

yes i do know that the

345

00:12:52,389 --> 00:12:49,120

the u.s government has knowledge of

346

00:12:55,990 --> 00:12:52,399

these orbs and have collected data from

347

00:12:58,550 --> 00:12:56,000

these orbs which then

348

00:13:00,870 --> 00:12:58,560

became part of the holdings of

349

00:13:03,670 --> 00:13:00,880

information about what we're seeing so i

350

00:13:06,790 --> 00:13:03,680

do know that there were orbs now as far

351

00:13:08,629 --> 00:13:06,800

as craft let's say roswell another ci

352

00:13:09,670 --> 00:13:08,639

officer who has retired

353

00:13:10,790 --> 00:13:09,680

claimed

354

00:13:15,030 --> 00:13:10,800

in

355

00:13:17,590 --> 00:13:15,040

coast to coast a.m if i could mention on

356

00:13:20,230 --> 00:13:17,600

another show and said that he has seen

357

00:13:23,110 --> 00:13:20,240

those roswell files at cia headquarters

358

00:13:25,590 --> 00:13:23,120

there were a craft of non-human origin

359

00:13:26,790 --> 00:13:25,600

and there were bodies of non-human

360

00:13:30,629 --> 00:13:26,800

bodies

361

00:13:33,750 --> 00:13:30,639

in the files and he wrote a novel about

362

00:13:35,990 --> 00:13:33,760

what he saw he completely made it into a

363

00:13:38,710 --> 00:13:36,000

novelization of what he saw added some

364

00:13:40,629 --> 00:13:38,720

science fiction elements to it but he

365

00:13:43,189 --> 00:13:40,639

has stated that if you read behind the

366

00:13:45,750 --> 00:13:43,199

lines um this is what's happening

367

00:13:48,790 --> 00:13:45,760

i'm not so sure i'm i'm not i don't i

368

00:13:51,509 --> 00:13:48,800

don't know i'm not convinced but yeah

369

00:13:53,829 --> 00:13:51,519

if there are interdimensional beings

370

00:13:56,629 --> 00:13:53,839

people that can fly through a black hole

371

00:13:59,350 --> 00:13:56,639

from an alternate universe

372

00:14:01,350 --> 00:13:59,360

should we be afraid

373

00:14:02,870 --> 00:14:01,360

well

374

00:14:05,670 --> 00:14:02,880

if they wanted to destroy earth the

375

00:14:08,389 --> 00:14:05,680

earth would have been destroyed um i i

376

00:14:09,350 --> 00:14:08,399

think they're more um

377

00:14:11,030 --> 00:14:09,360

like

378

00:14:12,949 --> 00:14:11,040

they consider us their children

379

00:14:15,189 --> 00:14:12,959

quote-unquote and that they're more

380

00:14:17,750 --> 00:14:15,199

interested in uh that we don't destroy

381

00:14:20,710 --> 00:14:17,760

ourselves terrible that's why the

382

00:14:24,389 --> 00:14:20,720

interventions uh that they have with our

383

00:14:26,389 --> 00:14:24,399

nuclear forces people here and in russia

384

00:14:28,629 --> 00:14:26,399

well it could be like the twilight zone

385

00:14:31,189 --> 00:14:28,639

where we're actually like a farm like

386

00:14:33,189 --> 00:14:31,199

piglets remember that remember the book

387

00:14:34,550 --> 00:14:33,199

to serve a man yeah

388

00:14:36,949 --> 00:14:34,560

could be that

389

00:14:39,189 --> 00:14:36,959

right there are philosophers who have

390

00:14:41,509 --> 00:14:39,199

applying uh what's known as the

391

00:14:43,350 --> 00:14:41,519

simulation hypothesis that we're living

392

00:14:45,110 --> 00:14:43,360

in a simulation

393

00:14:46,550 --> 00:14:45,120

mathematically it's kind of hard to make

394

00:14:50,069 --> 00:14:46,560

it i don't know if there's a proof for

395

00:14:52,310 --> 00:14:50,079

it but again the point being is that um

396

00:14:53,350 --> 00:14:52,320

it is difficult to explain

397

00:14:55,829 --> 00:14:53,360

but

398

00:14:57,990 --> 00:14:55,839

i believe the government has a cogent

399

00:14:59,350 --> 00:14:58,000

explanation of most of what they're

400

00:15:01,110 --> 00:14:59,360

seeing

401  
00:15:02,870 --> 00:15:01,120  
and

402  
00:15:05,030 --> 00:15:02,880  
i don't believe the government is

403  
00:15:06,470 --> 00:15:05,040  
forthcoming in that yet because there

404  
00:15:08,230 --> 00:15:06,480  
are too many

405  
00:15:11,189 --> 00:15:08,240  
too many bridges to be built over too

406  
00:15:13,590 --> 00:15:11,199  
many large chasms that have

407  
00:15:15,110 --> 00:15:13,600  
i've been dug over the like 75 years

408  
00:15:16,710 --> 00:15:15,120  
since roswell happened yeah i don't

409  
00:15:18,470 --> 00:15:16,720  
think the government would be covering

410  
00:15:19,829 --> 00:15:18,480  
this up mark you know you know why

411  
00:15:21,910 --> 00:15:19,839  
because they're holding hearings

412  
00:15:24,470 --> 00:15:21,920  
otherwise you just shut it all down

413  
00:15:26,069 --> 00:15:24,480

right now i'm saying that

414

00:15:26,870 --> 00:15:26,079

don't forget the government's composed

415

00:15:29,030 --> 00:15:26,880

of

416

00:15:31,030 --> 00:15:29,040

three branches and so you have the

417

00:15:32,790 --> 00:15:31,040

executive branch holding on to the

418

00:15:35,269 --> 00:15:32,800

information and not releasing it and you

419

00:15:37,670 --> 00:15:35,279

have the legislative branch

420

00:15:39,509 --> 00:15:37,680

which we elect every two years a new

421

00:15:41,269 --> 00:15:39,519

congress

422

00:15:43,990 --> 00:15:41,279

wanting to release information so you

423

00:15:45,990 --> 00:15:44,000

have this clash of purposes perhaps

424

00:15:48,710 --> 00:15:46,000

where one side wants to keep it down

425

00:15:49,990 --> 00:15:48,720

keep the tamp down the other wants to be

426  
00:15:51,110 --> 00:15:50,000  
the other side wants to be more

427  
00:15:52,389 --> 00:15:51,120  
forthcoming

428  
00:15:55,670 --> 00:15:52,399  
because there's two pieces of

429  
00:15:57,590 --> 00:15:55,680  
legislation this just the national

430  
00:15:59,350 --> 00:15:57,600  
defense authorization act

431  
00:16:01,110 --> 00:15:59,360  
of this fiscal year was the one that

432  
00:16:02,710 --> 00:16:01,120  
most people heard about

433  
00:16:04,949 --> 00:16:02,720  
but buried in the

434  
00:16:06,790 --> 00:16:04,959  
budget the entire budget of the federal

435  
00:16:09,430 --> 00:16:06,800  
government the consolidated

436  
00:16:11,670 --> 00:16:09,440  
appropriations act buried in it is the

437  
00:16:14,069 --> 00:16:11,680  
the intelligence authorization act which

438  
00:16:15,829 --> 00:16:14,079

is completely different from the

439

00:16:18,949 --> 00:16:15,839

military side so

440

00:16:20,310 --> 00:16:18,959

um i'm getting wonky here but it's

441

00:16:24,790 --> 00:16:20,320

ndaa

442

00:16:29,670 --> 00:16:27,189

deals with the intelligence side

443

00:16:31,990 --> 00:16:29,680

on the civilian side of intelligence and

444

00:16:33,350 --> 00:16:32,000

all right john you're getting two wonky

445

00:16:35,430 --> 00:16:33,360

you're getting too wonky this is just a

446

00:16:37,350 --> 00:16:35,440

regular people show so let me ask you

447

00:16:38,710 --> 00:16:37,360

just so everybody knows

448

00:16:40,790 --> 00:16:38,720

you will be

449

00:16:43,269 --> 00:16:40,800

testifying before congress this month

450

00:16:45,110 --> 00:16:43,279

next month oh absolutely not

451  
00:16:47,829 --> 00:16:45,120  
i don't have nothing to say to congress

452  
00:16:49,189 --> 00:16:47,839  
because i have no current information

453  
00:16:51,189 --> 00:16:49,199  
and the people who have current

454  
00:16:53,509 --> 00:16:51,199  
information um

455  
00:16:56,949 --> 00:16:53,519  
that's louis losando and chris mellon

456  
00:16:57,829 --> 00:16:56,959  
those two gentlemen uh need to testify

457  
00:17:00,710 --> 00:16:57,839  
so

458  
00:17:02,150 --> 00:17:00,720  
know we're going a little bit over i

459  
00:17:04,630 --> 00:17:02,160  
gave you my word

460  
00:17:06,309 --> 00:17:04,640  
you watch the hearings

461  
00:17:09,189 --> 00:17:06,319  
earlier this month

462  
00:17:11,829 --> 00:17:09,199  
some total did we learn anything are we

463  
00:17:13,590 --> 00:17:11,839

closer to the truth

464

00:17:15,029 --> 00:17:13,600

congress is closer to truth they have

465

00:17:16,230 --> 00:17:15,039

always been closer to truth we the

466

00:17:18,789 --> 00:17:16,240

people are not

467

00:17:21,110 --> 00:17:18,799

um there will be more hearings and there

468

00:17:23,270 --> 00:17:21,120

will be on the senate

469

00:17:25,189 --> 00:17:23,280

senate side and the house side of

470

00:17:26,549 --> 00:17:25,199

intelligence we saw the house side

471

00:17:27,750 --> 00:17:26,559

there's also the senate side of

472

00:17:30,310 --> 00:17:27,760

intelligence

473

00:17:32,230 --> 00:17:30,320

they will be holding hearings and on the

474

00:17:33,510 --> 00:17:32,240

armed services side of both the senate

475

00:17:36,310 --> 00:17:33,520

and house

476

00:17:37,909 --> 00:17:36,320

they will be holding hearings so we got

477

00:17:40,150 --> 00:17:37,919

one committee's hearings but there are

478

00:17:42,710 --> 00:17:40,160

three more committees that

479

00:17:45,909 --> 00:17:42,720

have purview or oversight of this uap

480

00:17:48,549 --> 00:17:45,919

topic and i expect to have more hearings

481

00:17:51,029 --> 00:17:48,559

over the course of the next not just

482

00:17:52,950 --> 00:17:51,039

this year but several years

483

00:17:55,669 --> 00:17:52,960

if i could ask you to take the politics

484

00:17:58,230 --> 00:17:55,679

out of it take a little of the intellect

485

00:18:00,390 --> 00:17:58,240

out of it you and i are having coffee at

486

00:18:02,549 --> 00:18:00,400

a shop around the corner from your house

487

00:18:04,870 --> 00:18:02,559

give me the thumbnail if i said john

488

00:18:07,430 --> 00:18:04,880

what's happening what would you tell me

489

00:18:08,549 --> 00:18:07,440

take all the other stuff out thumbnail

490

00:18:11,110 --> 00:18:08,559

what is that

491

00:18:12,150 --> 00:18:11,120

okay what's happening is that um

492

00:18:14,950 --> 00:18:12,160

currently

493

00:18:16,150 --> 00:18:14,960

military pilots have encountered

494

00:18:17,270 --> 00:18:16,160

craft

495

00:18:19,350 --> 00:18:17,280

of

496

00:18:21,830 --> 00:18:19,360

unexplainable performance

497

00:18:24,070 --> 00:18:21,840

that are trans-medium they fly in the

498

00:18:26,150 --> 00:18:24,080

air they fly in space

499

00:18:29,909 --> 00:18:26,160

they fly from space into the air and

500

00:18:33,110 --> 00:18:29,919

back into the ocean the ocean has

501  
00:18:35,029 --> 00:18:33,120  
a significant presence of this uap

502  
00:18:36,710 --> 00:18:35,039  
phenomenon occurring

503  
00:18:38,870 --> 00:18:36,720  
in fact in the state of michigan of

504  
00:18:41,029 --> 00:18:38,880  
course there's several

505  
00:18:43,669 --> 00:18:41,039  
sightings that have occurred of craft

506  
00:18:46,150 --> 00:18:43,679  
coming out of for example lake erie

507  
00:18:48,549 --> 00:18:46,160  
and and landing in detroit maneuvers and

508  
00:18:50,230 --> 00:18:48,559  
so forth so i mean it's transmedia it's

509  
00:18:52,390 --> 00:18:50,240  
under the water it's in the air it's in

510  
00:18:54,150 --> 00:18:52,400  
space there's something flying that is

511  
00:18:56,310 --> 00:18:54,160  
not human made

512  
00:18:58,789 --> 00:18:56,320  
and the government would like to know

513  
00:19:00,070 --> 00:18:58,799

what's flying up there having said that

514

00:19:03,190 --> 00:19:00,080

there are parts of the government who do

515

00:19:06,150 --> 00:19:03,200

know who are not disclosing that even to

516

00:19:07,830 --> 00:19:06,160

the government and you as a former cia

517

00:19:10,710 --> 00:19:07,840

specialist

518

00:19:13,430 --> 00:19:10,720

have seen evidence in your professional

519

00:19:16,630 --> 00:19:13,440

life and you've encountered

520

00:19:19,430 --> 00:19:16,640

orbs in your personal life so you know

521

00:19:22,150 --> 00:19:19,440

you know as a matter of life experience

522

00:19:24,549 --> 00:19:22,160

that that is an extremely fair statement

523

00:19:26,390 --> 00:19:24,559

they are out

524

00:19:28,150 --> 00:19:26,400

you captured it in a nutshell right

525

00:19:29,270 --> 00:19:28,160

there my brother and you said we the

526  
00:19:31,510 --> 00:19:29,280  
people

527  
00:19:33,350 --> 00:19:31,520  
are getting closer to the truth

528  
00:19:35,029 --> 00:19:33,360  
except some of us

529  
00:19:36,230 --> 00:19:35,039  
may not be people

530  
00:19:37,590 --> 00:19:36,240  
whoa

531  
00:19:39,029 --> 00:19:37,600  
that's intriguing

532  
00:19:42,070 --> 00:19:39,039  
thank you sir thank you for being with

533  
00:19:43,510 --> 00:19:42,080  
us john ramirez former uh uh what is a

534

officer officer yes sir and a general

536  
00:19:52,310 --> 00:19:49,840

541

00:20:02,789 --> 00:20:00,559

okay thanks john

542

00:20:04,830 --> 00:20:02,799

all right thanks mark thank you dad nice
