

**JOHN RAMIREZ,
CIA RET.**

#536

1
00:00:14,190 --> 00:00:05,060

foreign

2
00:00:45,130 --> 00:00:21,180

[Music]

3
00:00:50,810 --> 00:00:48,889

host and we have uh some holidays coming

4
00:00:53,750 --> 00:00:50,820

well Happy Hanukkah to all of you that

5
00:00:55,010 --> 00:00:53,760

celebrate Merry Christmas uh that's

6
00:00:57,770 --> 00:00:55,020

going to be happening before we're on

7
00:01:00,290 --> 00:00:57,780

next time I think it's Sunday if I got

8
00:01:03,410 --> 00:01:00,300

that day right but I hope everyone that

9
00:01:06,649 --> 00:01:03,420

celebrates either one of those uh I hope

10
00:01:09,230 --> 00:01:06,659

it's a it's a great one and uh I'll have

11
00:01:11,750 --> 00:01:09,240

a show before next year of course before

12
00:01:13,370 --> 00:01:11,760

the new year and Kurt jamungle is my

13
00:01:16,850 --> 00:01:13,380

next guest tonight

14

00:01:19,789 --> 00:01:16,860

tonight I I invited John Ramirez back

15

00:01:21,950 --> 00:01:19,799

and uh I had to switch dates it was

16

00:01:25,429 --> 00:01:21,960

going to be on the 27th because last

17

00:01:28,190 --> 00:01:25,439

time he was on the show I had uh

18

00:01:30,890 --> 00:01:28,200

internet really bad internet problems

19

00:01:33,649 --> 00:01:30,900

where I could not even hear what he was

20

00:01:34,429 --> 00:01:33,659

saying it was frozen on my end luckily

21

00:01:40,130 --> 00:01:34,439

uh

22

00:01:42,530 --> 00:01:40,140

the when someone else is on the internet

23

00:01:45,230 --> 00:01:42,540

like a guest

24

00:01:47,330 --> 00:01:45,240

um it works off of their internet so we

25

00:01:49,130 --> 00:01:47,340

were able to do the show but it was it

26
00:01:50,870 --> 00:01:49,140
was quite comical I couldn't understand

27
00:01:53,210 --> 00:01:50,880
what he was saying I didn't know what

28
00:01:55,490 --> 00:01:53,220
direction to go in because of that but

29
00:01:57,770 --> 00:01:55,500
anyway I had right away people were

30
00:02:00,230 --> 00:01:57,780
posting on the last video you should get

31
00:02:02,990 --> 00:02:00,240
them back you know right away and uh so

32
00:02:04,429 --> 00:02:03,000
he's here to he's joining us tonight uh

33
00:02:07,190 --> 00:02:04,439
we'll probably do an hour show maybe a

34
00:02:10,850 --> 00:02:07,200
little bit longer and uh you are welcome

35
00:02:13,190 --> 00:02:10,860
to post questions in the chat and to do

36
00:02:16,550 --> 00:02:13,200
that uh just put it in caps so I see it

37
00:02:18,530 --> 00:02:16,560
and uh some people will write me and say

38
00:02:21,050 --> 00:02:18,540

hey you never asked my question I like

39

00:02:23,089 --> 00:02:21,060

for a question to kind of fit where the

40

00:02:25,550 --> 00:02:23,099

conversation is going and where it is

41

00:02:28,130 --> 00:02:25,560

and sometimes I scroll back and I will

42

00:02:30,050 --> 00:02:28,140

ask a question later I can do that and

43

00:02:32,270 --> 00:02:30,060

we don't have any capability to take

44

00:02:35,570 --> 00:02:32,280

calls but there's going to be a new

45

00:02:38,390 --> 00:02:35,580

phone system put in at kgr a radio and

46

00:02:41,150 --> 00:02:38,400

eventually we will have that ability

47

00:02:43,250 --> 00:02:41,160

again to take calls during the show so

48

00:02:47,030 --> 00:02:43,260

this week's blog is a UFO crash in

49

00:02:50,449 --> 00:02:47,040

Aurora Texas and that had to do with uh

50

00:02:53,089 --> 00:02:50,459

the uh well it could have it could have

51
00:02:55,729 --> 00:02:53,099
been a hoax and that actually has a a

52
00:02:59,210 --> 00:02:55,739
question mark on it uh you know but that

53
00:03:01,850 --> 00:02:59,220
one is a very interesting case but a lot

54
00:03:04,369 --> 00:03:01,860
of it might have just been generated for

55
00:03:06,410 --> 00:03:04,379
from a newspaper article

56
00:03:08,270 --> 00:03:06,420
that was basically to get you know

57
00:03:10,610 --> 00:03:08,280
tourists in the area so we don't really

58
00:03:13,070 --> 00:03:10,620
know 100 sure there there was some

59
00:03:16,490 --> 00:03:13,080
people that did uh some shows on that

60
00:03:19,490 --> 00:03:16,500
trying to discover metal fragments and

61
00:03:22,630 --> 00:03:19,500
things like that and uh there was at

62
00:03:26,509 --> 00:03:22,640
that time back in the 1890s there were

63
00:03:29,210 --> 00:03:26,519

small dirigibles that were powered with

64

00:03:31,369 --> 00:03:29,220

a gasoline motor and they did blow up so

65

00:03:32,690 --> 00:03:31,379

that's a possibility but according to

66

00:03:34,369 --> 00:03:32,700

the witnesses there was a lot of

67

00:03:36,170 --> 00:03:34,379

aluminum and that wouldn't really I

68

00:03:38,330 --> 00:03:36,180

don't believe they were made out of

69

00:03:39,710 --> 00:03:38,340

aluminum I may be uh totally wrong in

70

00:03:41,750 --> 00:03:39,720

that but I thought they were probably

71

00:03:44,030 --> 00:03:41,760

made out of some type of canvas and wood

72

00:03:46,490 --> 00:03:44,040

the way they did uh to ridgeables back

73

00:03:48,470 --> 00:03:46,500

then but anyway I'm really glad to have

74

00:03:50,869 --> 00:03:48,480

our guest on and I do want to thank

75

00:03:53,330 --> 00:03:50,879

everyone that supports the show

76
00:03:54,850 --> 00:03:53,340
very thankful for that and anyone can do

77
00:03:57,710 --> 00:03:54,860
that over at podcast

78
00:04:00,470 --> 00:03:57,720
ufo.com there's a little uh support the

79
00:04:02,270 --> 00:04:00,480
show and again I do appreciate all that

80
00:04:04,190 --> 00:04:02,280
and I do appreciate

81
00:04:07,490 --> 00:04:04,200
um everyone that listens to the show and

82
00:04:09,770 --> 00:04:07,500
uh you know once a year I should uh

83
00:04:11,210 --> 00:04:09,780
reflect back and just be grateful which

84
00:04:13,490 --> 00:04:11,220
I have been

85
00:04:16,250 --> 00:04:13,500
uh for all the people that do pay

86
00:04:18,409 --> 00:04:16,260
attention to the show and uh you know I

87
00:04:20,270 --> 00:04:18,419
was told that it's possible that some

88
00:04:22,909 --> 00:04:20,280

people pay attention to the show that we

89

00:04:26,090 --> 00:04:22,919

may not want them to kind of in a joking

90

00:04:28,730 --> 00:04:26,100

way uh you know whether it's uh it's not

91

00:04:30,230 --> 00:04:28,740

really uh every show but some shows that

92

00:04:32,629 --> 00:04:30,240

are interesting and this would be a good

93

00:04:35,210 --> 00:04:32,639

example tonight because I have a xcia

94

00:04:37,730 --> 00:04:35,220

agent so who knows who's uh checking

95

00:04:40,430 --> 00:04:37,740

that out but I'm sure uh that's a very

96

00:04:43,189 --> 00:04:40,440

big possibility uh anyway I'm bringing

97

00:04:45,409 --> 00:04:43,199

them on now John welcome back uh thanks

98

00:04:47,810 --> 00:04:45,419

for having me back uh hopefully this

99

00:04:49,129 --> 00:04:47,820

will go smoothly tonight yeah I feel it

100

00:04:50,870 --> 00:04:49,139

I feel it has I know you had an

101
00:04:52,610 --> 00:04:50,880
appointment showing up there right at

102
00:04:54,770 --> 00:04:52,620
the time we're starting the show so I

103
00:04:57,409 --> 00:04:54,780
appreciate you uh hiding in your bunker

104
00:05:00,469 --> 00:04:57,419
or wherever it is you are to uh to do

105
00:05:02,570 --> 00:05:00,479
this show I appreciate that a lot so uh

106
00:05:03,350 --> 00:05:02,580
I don't know exactly where we left off I

107
00:05:07,310 --> 00:05:03,360
thought we'd just have another

108
00:05:09,950 --> 00:05:07,320
conversation uh you know and because uh

109
00:05:11,570 --> 00:05:09,960
it you have so much to say you know

110
00:05:14,570 --> 00:05:11,580
that's the number one thing people put

111
00:05:17,390 --> 00:05:14,580
in the chat in the last show was hey you

112
00:05:19,430 --> 00:05:17,400
know he this guy has a lot to say and

113
00:05:22,370 --> 00:05:19,440

your show was too short

114

00:05:26,570 --> 00:05:22,380

so uh but uh I think it's it's

115

00:05:28,550 --> 00:05:26,580

fascinating and for uh I don't think we

116

00:05:30,650 --> 00:05:28,560

touched on it last time but I do

117

00:05:33,890 --> 00:05:30,660

remember you saying the first time that

118

00:05:36,290 --> 00:05:33,900

we talked over a year ago that there

119

00:05:38,450 --> 00:05:36,300

were a lot of people in the CIA that you

120

00:05:40,370 --> 00:05:38,460

found out also had an interest in the

121

00:05:42,650 --> 00:05:40,380

UFO topic

122

00:05:47,150 --> 00:05:42,660

uh yeah that's correct

123

00:05:49,969 --> 00:05:47,160

um first of all you know the UFO issue

124

00:05:53,090 --> 00:05:49,979

um has never left CIA from the very

125

00:05:55,370 --> 00:05:53,100

beginning various offices had that what

126

00:05:57,890 --> 00:05:55,380

we call Accounts they're basically uh

127

00:05:59,810 --> 00:05:57,900

areas of analytical study called

128

00:06:02,210 --> 00:05:59,820

accounts and they had the UFO account

129

00:06:05,930 --> 00:06:02,220

through these successive offices up

130

00:06:09,110 --> 00:06:05,940

until this very day it started with the

131

00:06:11,870 --> 00:06:09,120

office of scientific intelligence

132

00:06:15,890 --> 00:06:11,880

and it was a scientific intelligence

133

00:06:17,749 --> 00:06:15,900

branch that had it and then that came to

134

00:06:20,029 --> 00:06:17,759

be its own office of scientific

135

00:06:21,650 --> 00:06:20,039

intelligence and there were various

136

00:06:24,890 --> 00:06:21,660

divisions within the scientific

137

00:06:28,070 --> 00:06:24,900

intelligence office that had UFO account

138

00:06:30,350 --> 00:06:28,080

and that became the offices scientific

139

00:06:32,330 --> 00:06:30,360

and weapons research later became

140

00:06:35,870 --> 00:06:32,340

weapons intelligence non-proliferation

141

00:06:39,050 --> 00:06:35,880

and arms control and to this very day I

142

00:06:43,270 --> 00:06:39,060

will tell you that the UFOs account the

143

00:06:46,749 --> 00:06:43,280

UAP account is being studied in the

144

00:06:49,370 --> 00:06:46,759

successor to um

145

00:06:51,350 --> 00:06:49,380

w-i-n-p-a-c what we call windpak and

146

00:06:54,170 --> 00:06:51,360

that office is the weapons and counter

147

00:06:57,710 --> 00:06:54,180

proliferation Mission Center it is

148

00:07:00,790 --> 00:06:57,720

primarily focused uh in the the Airborne

149

00:07:03,710 --> 00:07:00,800

parts of that Mission Center those who

150

00:07:06,650 --> 00:07:03,720

analyze uh air defense systems air

151
00:07:07,850 --> 00:07:06,660
Warfare systems as well as Naval

152
00:07:09,710 --> 00:07:07,860
systems

153
00:07:13,010 --> 00:07:09,720
and I think that's very significant

154
00:07:16,610 --> 00:07:13,020
because of the fact that these craft are

155
00:07:21,110 --> 00:07:16,620
transmedium uh going into and out of the

156
00:07:24,110 --> 00:07:21,120
water so people who analyze uh as their

157
00:07:27,710 --> 00:07:24,120
day jobs perhaps uh adversarial

158
00:07:31,490 --> 00:07:27,720
submarines will also take uh the

159
00:07:34,610 --> 00:07:31,500
transmedium UAP into account as well so

160
00:07:36,350 --> 00:07:34,620
it's still there and um so I'm sure you

161
00:07:39,890 --> 00:07:36,360
know that

162
00:07:41,930 --> 00:07:39,900
when people think that uh you know

163
00:07:44,270 --> 00:07:41,940

project boot book Blue Book ended in

164

00:07:47,870 --> 00:07:44,280

1969 and all of a sudden also have

165

00:07:50,689 --> 00:07:47,880

started uh funded in 2007 started off in

166

00:07:53,029 --> 00:07:50,699

2008 you know but that's it no that it's

167

00:07:57,950 --> 00:07:53,039

been continuously studied throughout

168

00:08:00,409 --> 00:07:57,960

uh the the history uh of ufology

169

00:08:03,249 --> 00:08:00,419

um to this very day

170

00:08:07,730 --> 00:08:03,259

did you ever hear about the trans-median

171

00:08:11,870 --> 00:08:07,740

medium type of craft prior when you were

172

00:08:13,909 --> 00:08:11,880

actually at in the CIA before 2009 had

173

00:08:15,110 --> 00:08:13,919

that topic ever come up in any type of

174

00:08:19,249 --> 00:08:15,120

way

175

00:08:22,490 --> 00:08:19,259

uh not transmedium to to the extent

176

00:08:24,469 --> 00:08:22,500

um of knowing that these crafts go in

177

00:08:27,469 --> 00:08:24,479

and out of the water but I'll tell you

178

00:08:30,230 --> 00:08:27,479

one thing um I was not read into one

179

00:08:32,810 --> 00:08:30,240

particular compartment that the

180

00:08:33,529 --> 00:08:32,820

Department of Defense held through the

181

00:08:37,550 --> 00:08:33,539

Navy

182

00:08:40,490 --> 00:08:37,560

and I was read into all manner of

183

00:08:43,550 --> 00:08:40,500

compartments include including Q

184

00:08:46,790 --> 00:08:43,560

uh which is nuclear and including crypto

185

00:08:49,970 --> 00:08:46,800

which is codes and ciphers and those are

186

00:08:52,610 --> 00:08:49,980

two very very sensitive areas of

187

00:08:56,210 --> 00:08:52,620

intelligence but this one particular

188

00:08:59,269 --> 00:08:56,220

program was held by the Navy it was a

189

00:09:02,630 --> 00:08:59,279

special program in the Navy and for some

190

00:09:04,790 --> 00:09:02,640

reason the program manager when I was up

191

00:09:07,630 --> 00:09:04,800

to be read into it called up and said

192

00:09:10,070 --> 00:09:07,640

that I was not eligible to be read in

193

00:09:13,430 --> 00:09:10,080

that the department felt uncomfortable

194

00:09:15,530 --> 00:09:13,440

reading me in and I uh related that hey

195

00:09:18,889 --> 00:09:15,540

I think I know that submarines are used

196

00:09:20,930 --> 00:09:18,899

to collect intelligence that's that's a

197

00:09:23,449 --> 00:09:20,940

well-known fact you know I mean we did

198

00:09:26,630 --> 00:09:23,459

it during World War II and throughout

199

00:09:28,490 --> 00:09:26,640

all the uh uh subsequent Wars I mean

200

00:09:30,470 --> 00:09:28,500

submarines are intelligence collectors I

201
00:09:32,630 --> 00:09:30,480
know about that I know their sensors

202
00:09:36,470 --> 00:09:32,640
underneath the water to collect

203
00:09:38,570 --> 00:09:36,480
adversarial uh activities submarine

204
00:09:42,410 --> 00:09:38,580
transits for example he said no no no

205
00:09:44,030 --> 00:09:42,420
this this is the most compartmented

206
00:09:46,910 --> 00:09:44,040
area

207
00:09:50,090 --> 00:09:46,920
of the Navy since the Manhattan Project

208
00:09:53,150 --> 00:09:50,100
nothing is more sensitive and you're not

209
00:09:53,930 --> 00:09:53,160
eligible and I go gee why is that I got

210
00:09:55,970 --> 00:09:53,940
Q

211
00:09:58,790 --> 00:09:55,980
I got uh

212
00:10:01,550 --> 00:09:58,800
Q clearance and I got crypto clearance

213
00:10:03,769 --> 00:10:01,560

those are the most too sensitive yes I

214

00:10:07,070 --> 00:10:03,779

know and I also was cleared for various

215

00:10:09,170 --> 00:10:07,080

special programs uh that CIA had special

216

00:10:11,389 --> 00:10:09,180

technical operations programs why not

217

00:10:14,509 --> 00:10:11,399

this and the only thing I could think of

218

00:10:16,730 --> 00:10:14,519

was that throughout my career when I was

219

00:10:19,250 --> 00:10:16,740

up for reinvestigation and you know the

220

00:10:20,990 --> 00:10:19,260

first one occurs after three years and

221

00:10:23,810 --> 00:10:21,000

subsequent to that every five years

222

00:10:26,750 --> 00:10:23,820

you're up for a reinvestigation and a

223

00:10:29,210 --> 00:10:26,760

complete new polygraph and during the

224

00:10:31,070 --> 00:10:29,220

invest reinvestigation I've had various

225

00:10:33,350 --> 00:10:31,080

investigators ask me questions about my

226

00:10:35,690 --> 00:10:33,360

hobbies and I've always said you know

227

00:10:39,290 --> 00:10:35,700

like one of my hobbies is well I like to

228

00:10:42,230 --> 00:10:39,300

study UFOs and ETS and I go to UFO

229

00:10:45,889 --> 00:10:42,240

conferences and a big fan of listening

230

00:10:49,250 --> 00:10:45,899

to Coast to Coast AM uh they dutifully

231

00:10:51,290 --> 00:10:49,260

wrote that in my security profile

232

00:10:54,530 --> 00:10:51,300

um and it never caused any problems I I

233

00:10:58,250 --> 00:10:54,540

go to UFO conferences and I had to tell

234

00:11:00,110 --> 00:10:58,260

CIA it's a branch of um the office of

235

00:11:02,569 --> 00:11:00,120

security it's called external activities

236

00:11:04,250 --> 00:11:02,579

and through external activities I'll let

237

00:11:06,290 --> 00:11:04,260

them know hey I'm going to a UFO

238

00:11:08,990 --> 00:11:06,300

conference on my own dime I'm taking

239

00:11:11,389 --> 00:11:09,000

annual leave using my own personal time

240

00:11:13,310 --> 00:11:11,399

I'm paying for my own tickets and I'm

241

00:11:15,410 --> 00:11:13,320

paying for my own hotel room and

242

00:11:18,410 --> 00:11:15,420

Conference fees you know it's all just

243

00:11:20,389 --> 00:11:18,420

me as a private citizen and they never

244

00:11:23,030 --> 00:11:20,399

discouraged me from going they said fine

245

00:11:25,430 --> 00:11:23,040

go and they only ask me are you going to

246

00:11:27,170 --> 00:11:25,440

reveal that you're a CIA officer and I

247

00:11:29,150 --> 00:11:27,180

said no I'm not going to like stand up

248

00:11:30,829 --> 00:11:29,160

on stage and do anything like that you

249

00:11:34,190 --> 00:11:30,839

know I mean if it comes up in casual

250

00:11:35,690 --> 00:11:34,200

conversation I might uh but no I'm not

251
00:11:38,389 --> 00:11:35,700
going to advertise that and so they had

252
00:11:40,670 --> 00:11:38,399
no problems or no issues with it

253
00:11:42,889 --> 00:11:40,680
um and so that was always in my profile

254
00:11:45,410 --> 00:11:42,899
and so the only thing I can think of is

255
00:11:48,170 --> 00:11:45,420
that whatever this Navy program might

256
00:11:50,329 --> 00:11:48,180
have been it has something to do perhaps

257
00:11:54,610 --> 00:11:50,339
with trans medium Vehicles the knowledge

258
00:11:58,430 --> 00:11:54,620
that these uaps May travel underwater

259
00:12:01,130 --> 00:11:58,440
egress out of water into Sky into the

260
00:12:03,050 --> 00:12:01,140
space and Ingress back into the water

261
00:12:06,590 --> 00:12:03,060
maybe there's some compartment about

262
00:12:09,530 --> 00:12:06,600
that and I've only heard uh inklings of

263
00:12:13,569 --> 00:12:09,540

something like that that the Office of

264

00:12:16,970 --> 00:12:13,579

Naval Research and this Navy part of

265

00:12:19,850 --> 00:12:16,980

my old office or oswr and windpak had

266

00:12:21,170 --> 00:12:19,860

some kind of relationship and that

267

00:12:23,329 --> 00:12:21,180

certain materials may have been

268

00:12:25,009 --> 00:12:23,339

recovered and then transferred over to a

269

00:12:27,230 --> 00:12:25,019

defense contractor

270

00:12:29,150 --> 00:12:27,240

yeah that way they wouldn't have any

271

00:12:30,710 --> 00:12:29,160

congressional oversight right well no

272

00:12:34,430 --> 00:12:30,720

there's congressional oversight because

273

00:12:36,230 --> 00:12:34,440

anytime taxpayer money is spent on any

274

00:12:38,269 --> 00:12:36,240

program in the executive branch of

275

00:12:40,490 --> 00:12:38,279

government the legislative branch has

276

00:12:42,889 --> 00:12:40,500

oversight the only thing where there's

277

00:12:45,590 --> 00:12:42,899

no oversight is if it's proprietary

278

00:12:48,590 --> 00:12:45,600

technology that is that company is

279

00:12:50,870 --> 00:12:48,600

developing some capability on its own

280

00:12:52,490 --> 00:12:50,880

dime they're using their own research

281

00:12:55,009 --> 00:12:52,500

and development money

282

00:12:57,110 --> 00:12:55,019

to do something so they were like

283

00:12:59,269 --> 00:12:57,120

research develop and engineer some

284

00:13:01,910 --> 00:12:59,279

product on their own dime with

285

00:13:04,850 --> 00:13:01,920

absolutely no Government funding no

286

00:13:07,009 --> 00:13:04,860

taxpayer money uh that's proprietary and

287

00:13:08,150 --> 00:13:07,019

then uh Congress does not have oversight

288

00:13:11,750 --> 00:13:08,160

over that

289

00:13:14,150 --> 00:13:11,760

uh but if one penny of taxpayers money

290

00:13:17,990 --> 00:13:14,160

is used in that program there is

291

00:13:20,030 --> 00:13:18,000

oversight uh so uh so that's a myth uh

292

00:13:24,110 --> 00:13:20,040

that you can hide programs like that you

293

00:13:26,509 --> 00:13:24,120

can if it's totally over there yeah yeah

294

00:13:28,870 --> 00:13:26,519

so there's an exception to that

295

00:13:31,250 --> 00:13:28,880

um is that if it's a government program

296

00:13:33,769 --> 00:13:31,260

and everything is supplied to a

297

00:13:35,329 --> 00:13:33,779

contractor as what we call GFE or

298

00:13:36,590 --> 00:13:35,339

government government furnish equipment

299

00:13:38,810 --> 00:13:36,600

GFE

300

00:13:41,269 --> 00:13:38,820

and we wash our hands off it and say

301
00:13:44,090 --> 00:13:41,279
here it is oh by the way we need a we

302
00:13:46,550 --> 00:13:44,100
need you to buy it and I've actually

303
00:13:48,769 --> 00:13:46,560
have been in transactions where we sold

304
00:13:51,949 --> 00:13:48,779
a contractor this expensive piece of

305
00:13:54,230 --> 00:13:51,959
equipment for one dollar a bill of sale

306
00:13:56,629 --> 00:13:54,240
we have to have a bill of sale to make

307
00:13:59,090 --> 00:13:56,639
it legal so we transfer it for one

308
00:14:00,769 --> 00:13:59,100
dollar it's theirs and they can resell

309
00:14:02,629 --> 00:14:00,779
it they can develop it further they can

310
00:14:04,970 --> 00:14:02,639
do anything with it but they're not

311
00:14:06,110 --> 00:14:04,980
getting any further taxpayer money to do

312
00:14:09,110 --> 00:14:06,120
so

313
00:14:12,769 --> 00:14:09,120

wow I didn't realize it was exactly like

314

00:14:15,050 --> 00:14:12,779

that now I had at one point back in 2016

315

00:14:17,629 --> 00:14:15,060

I believe it was I had Christopher

316

00:14:20,569 --> 00:14:17,639

Mellon on he did his first actual

317

00:14:24,949 --> 00:14:20,579

interview about the UFO topic

318

00:14:28,790 --> 00:14:24,959

um when I had them on and I I asked him

319

00:14:31,009 --> 00:14:28,800

the question if a president of the

320

00:14:34,370 --> 00:14:31,019

United States wanted to know

321

00:14:36,350 --> 00:14:34,380

you know what the government knows about

322

00:14:38,090 --> 00:14:36,360

the UFO topic

323

00:14:40,009 --> 00:14:38,100

I said can

324

00:14:43,009 --> 00:14:40,019

can he get all that information he said

325

00:14:45,710 --> 00:14:43,019

absolutely they have to tell them but he

326

00:14:48,710 --> 00:14:45,720

also said that it could be you know like

327

00:14:50,329 --> 00:14:48,720

a need to know and compartmentalized in

328

00:14:53,449 --> 00:14:50,339

in a way

329

00:14:56,449 --> 00:14:53,459

um where the person that he asks I don't

330

00:14:59,930 --> 00:14:56,459

know how deep of a dive they can do but

331

00:15:01,910 --> 00:14:59,940

um I guess there are some like safety as

332

00:15:04,129 --> 00:15:01,920

there is some safety as far as that goes

333

00:15:06,170 --> 00:15:04,139

as far as revealing everything and he

334

00:15:08,509 --> 00:15:06,180

also said that um

335

00:15:11,509 --> 00:15:08,519

when it goes into the private the

336

00:15:14,150 --> 00:15:11,519

private sector then it's protected but

337

00:15:16,009 --> 00:15:14,160

uh I believe he didn't he didn't

338

00:15:18,530 --> 00:15:16,019

embellish

339

00:15:20,509 --> 00:15:18,540

um the fact that if it had any taxpayer

340

00:15:22,790 --> 00:15:20,519

money at all involved then

341

00:15:25,370 --> 00:15:22,800

that does not work

342

00:15:27,110 --> 00:15:25,380

which is uh which is news I'm I'm glad

343

00:15:30,590 --> 00:15:27,120

you you said that

344

00:15:34,129 --> 00:15:30,600

yeah yes and in fact um there are layers

345

00:15:38,030 --> 00:15:34,139

of compartment compartments many layers

346

00:15:41,629 --> 00:15:38,040

of compartments and uh the the uh the

347

00:15:44,329 --> 00:15:41,639

perhaps the uh the least compartmented

348

00:15:46,970 --> 00:15:44,339

area is uh we don't call it need to know

349

00:15:49,370 --> 00:15:46,980

it's just the fact of the fact that some

350

00:15:51,829 --> 00:15:49,380

program exists and the fact that this

351

00:15:55,430 --> 00:15:51,839

program deals with some issue

352

00:15:58,430 --> 00:15:55,440

uh any president will absolutely know

353

00:16:02,750 --> 00:15:58,440

that he'll be briefed on that but he is

354

00:16:05,509 --> 00:16:02,760

eligible to know more but uh

355

00:16:08,389 --> 00:16:05,519

perhaps they do know more but at some

356

00:16:10,310 --> 00:16:08,399

level they know the fact of everything

357

00:16:12,590 --> 00:16:10,320

but that doesn't mean that you get

358

00:16:15,530 --> 00:16:12,600

information on the programmatic details

359

00:16:18,889 --> 00:16:15,540

that doesn't mean that you know who's

360

00:16:21,350 --> 00:16:18,899

doing the work how much it's costing and

361

00:16:22,850 --> 00:16:21,360

what the progress is you know they may

362

00:16:24,470 --> 00:16:22,860

not even know that they may not even

363

00:16:27,230 --> 00:16:24,480

want to know that there's so much on the

364

00:16:30,230 --> 00:16:27,240

president's plate but the fact of a

365

00:16:32,389 --> 00:16:30,240

president would know uh so I would agree

366

00:16:34,910 --> 00:16:32,399

with Chris Mellon that at some level a

367

00:16:36,350 --> 00:16:34,920

president is eligible to know but at

368

00:16:39,410 --> 00:16:36,360

least they know the fact that something

369

00:16:43,430 --> 00:16:39,420

is occurring and I know for firsthand

370

00:16:47,269 --> 00:16:43,440

that I was very briefly uh the control

371

00:16:50,030 --> 00:16:47,279

Access program uh officer I would say no

372

00:16:52,670 --> 00:16:50,040

a compartment access program control

373

00:16:56,269 --> 00:16:52,680

officer a Capco for a technical

374

00:16:58,910 --> 00:16:56,279

operation that CIA has had for decades

375

00:17:01,189 --> 00:16:58,920

and uh at this time it was kind of

376

00:17:03,410 --> 00:17:01,199

winding down and they say here John you

377

00:17:05,210 --> 00:17:03,420

you here's everything here's everything

378

00:17:06,110 --> 00:17:05,220

about the program and I got picked up

379

00:17:08,630 --> 00:17:06,120

the file

380

00:17:10,669 --> 00:17:08,640

from the cognizant office and the

381

00:17:13,909 --> 00:17:10,679

directorates of operations

382

00:17:16,850 --> 00:17:13,919

uh so and I can't say where or what area

383

00:17:18,770 --> 00:17:16,860

division of that uh directorate was

384

00:17:20,510 --> 00:17:18,780

responsible for this program but I got

385

00:17:22,970 --> 00:17:20,520

everything and I was part of that

386

00:17:25,010 --> 00:17:22,980

program and I saw my name there it was

387

00:17:28,429 --> 00:17:25,020

my name social security number birth

388

00:17:31,250 --> 00:17:28,439

date and the and the date I was read in

389

00:17:33,049 --> 00:17:31,260

to that program it was all there and

390

00:17:34,430 --> 00:17:33,059

sure enough there were like every

391

00:17:36,830 --> 00:17:34,440

president

392

00:17:39,169 --> 00:17:36,840

uh since that program's existence was

393

00:17:42,710 --> 00:17:39,179

also on that list it's called the bigot

394

00:17:44,750 --> 00:17:42,720

list and so they knew at some level that

395

00:17:47,990 --> 00:17:44,760

this special technical operations

396

00:17:49,789 --> 00:17:48,000

program which was extremely sensitive uh

397

00:17:52,430 --> 00:17:49,799

was occurring but they may not have

398

00:17:54,650 --> 00:17:52,440

known like exactly how we got everything

399

00:17:57,830 --> 00:17:54,660

staged for this program uh what we

400

00:18:00,230 --> 00:17:57,840

collected or you know like um other

401
00:18:03,049 --> 00:18:00,240
details of the program

402
00:18:05,270 --> 00:18:03,059
um he the president may not even wanted

403
00:18:06,950 --> 00:18:05,280
to know he just knows that there's a

404
00:18:07,789 --> 00:18:06,960
technical operations program conducted

405
00:18:13,789 --> 00:18:07,799
by

406
00:18:15,590 --> 00:18:13,799
which he is he is the chief executive of

407
00:18:18,289 --> 00:18:15,600
um on behalf of the US government and so

408
00:18:19,310 --> 00:18:18,299
he knew like this this operation was

409
00:18:21,950 --> 00:18:19,320
occurring

410
00:18:24,350 --> 00:18:21,960
and and successive presidents have

411
00:18:26,750 --> 00:18:24,360
signed off on it it's called a finding

412
00:18:29,270 --> 00:18:26,760
you know it's it's a finding uh I

413
00:18:30,710 --> 00:18:29,280

authorize this program uh so that's what

414

00:18:34,730 --> 00:18:30,720

happens

415

00:18:37,070 --> 00:18:34,740

well interesting now uh speaking of the

416

00:18:39,049 --> 00:18:37,080

president's a number of them past

417

00:18:42,110 --> 00:18:39,059

presidents have been on the Jimmy Kimmel

418

00:18:44,390 --> 00:18:42,120

show and uh he

419

00:18:46,549 --> 00:18:44,400

the first thing he asked them like hey

420

00:18:49,970 --> 00:18:46,559

what do you know about you know aliens

421

00:18:52,370 --> 00:18:49,980

and UFOs and and all that and uh I know

422

00:18:55,430 --> 00:18:52,380

my friend Ben Hansen did a a really

423

00:18:57,169 --> 00:18:55,440

great video it's on YouTube and the body

424

00:18:59,510 --> 00:18:57,179

language using the body language that

425

00:19:02,510 --> 00:18:59,520

Obama had and he he was saying you could

426

00:19:06,370 --> 00:19:02,520

see his his uh his uh

427

00:19:09,409 --> 00:19:06,380

uh he took several like shallow breaths

428

00:19:12,049 --> 00:19:09,419

and he could tell all this body language

429

00:19:14,870 --> 00:19:12,059

that he was you know it seemed as though

430

00:19:16,490 --> 00:19:14,880

he might have been holding back which he

431

00:19:18,110 --> 00:19:16,500

probably

432

00:19:19,730 --> 00:19:18,120

was

433

00:19:21,590 --> 00:19:19,740

um and

434

00:19:25,549 --> 00:19:21,600

with that

435

00:19:28,070 --> 00:19:25,559

do presidents get told that they you

436

00:19:29,690 --> 00:19:28,080

know hey this is I I mean I imagine

437

00:19:32,990 --> 00:19:29,700

they're told like they can't really

438

00:19:34,970 --> 00:19:33,000

share things I mean when it's top secret

439

00:19:37,370 --> 00:19:34,980

that type of thing I mean I don't know

440

00:19:40,310 --> 00:19:37,380

how that works but I would think that

441

00:19:42,110 --> 00:19:40,320

you know uh if a president knows all

442

00:19:45,110 --> 00:19:42,120

these top secret things he really

443

00:19:47,090 --> 00:19:45,120

shouldn't be in the Public's eye uh

444

00:19:48,710 --> 00:19:47,100

talking about what he knows

445

00:19:51,830 --> 00:19:48,720

especially when it comes to National

446

00:19:53,330 --> 00:19:51,840

Security but I don't know about UFOs

447

00:19:57,110 --> 00:19:53,340

well I

448

00:20:00,250 --> 00:19:57,120

I would say yes um like like a

449

00:20:02,270 --> 00:20:00,260

a president uh would not

450

00:20:03,890 --> 00:20:02,280

haphazardly reveal classified

451
00:20:06,529 --> 00:20:03,900
information

452
00:20:09,470 --> 00:20:06,539
especially something that sensitive even

453
00:20:11,810 --> 00:20:09,480
to the point that uh president Trump uh

454
00:20:13,190 --> 00:20:11,820
did not want to reveal what he knew

455
00:20:17,810 --> 00:20:13,200
about

456
00:20:20,390 --> 00:20:17,820
say that he was told interesting things

457
00:20:22,310 --> 00:20:20,400
about it but you would not reveal

458
00:20:24,830 --> 00:20:22,320
anything about it

459
00:20:25,730 --> 00:20:24,840
um and in fact I believe it was

460
00:20:28,789 --> 00:20:25,740
um

461
00:20:31,250 --> 00:20:28,799
Obama himself that with uh Jimmy Kimmel

462
00:20:34,250 --> 00:20:31,260
he said that they do not want us to talk

463
00:20:37,029 --> 00:20:34,260

about this and people assume that they

464

00:20:39,770 --> 00:20:37,039

meant uh the defense department

465

00:20:40,789 --> 00:20:39,780

and I always interpret that as they

466

00:20:43,310 --> 00:20:40,799

meaning

467

00:20:46,430 --> 00:20:43,320

um our visitor friends that they control

468

00:20:48,110 --> 00:20:46,440

this uh they control disclosure no

469

00:20:51,289 --> 00:20:48,120

government in the world controls

470

00:20:53,510 --> 00:20:51,299

disclosure if if these crafts want to

471

00:20:56,390 --> 00:20:53,520

land anywhere and and

472

00:20:57,770 --> 00:20:56,400

step out of them they can do so at their

473

00:21:00,230 --> 00:20:57,780

own will

474

00:21:01,430 --> 00:21:00,240

we can't stop them from showing

475

00:21:03,590 --> 00:21:01,440

themselves

476

00:21:05,090 --> 00:21:03,600

uh and so that's an important point that

477

00:21:07,070 --> 00:21:05,100

they say well the government's holding

478

00:21:08,930 --> 00:21:07,080

back the government's holding back well

479

00:21:11,750 --> 00:21:08,940

it could be that they want us to hold

480

00:21:14,330 --> 00:21:11,760

back if assuming that we've had some

481

00:21:16,850 --> 00:21:14,340

kind of relationship with them

482

00:21:20,029 --> 00:21:16,860

um that may have uh started decades ago

483

00:21:22,610 --> 00:21:20,039

that they do not want to be revealed by

484

00:21:25,130 --> 00:21:22,620

any government and no government has

485

00:21:27,950 --> 00:21:25,140

up to this point that's assuming that

486

00:21:30,350 --> 00:21:27,960

there has been official contact and some

487

00:21:33,470 --> 00:21:30,360

agreement in place and that's a long

488

00:21:36,890 --> 00:21:33,480

stretch because I can't find any uh

489

00:21:39,529 --> 00:21:36,900

solid evidence for that but you know you

490

00:21:41,930 --> 00:21:39,539

hear things you hear things

491

00:21:44,649 --> 00:21:41,940

um and I like to use the Robert De Niro

492

00:21:47,870 --> 00:21:44,659

quote you know I I hear things

493

00:21:50,510 --> 00:21:47,880

yeah he always says I hear things I hear

494

00:21:53,270 --> 00:21:50,520

things and I've I've heard things um but

495

00:21:55,870 --> 00:21:53,280

I I can't say that you know this is this

496

00:22:00,049 --> 00:21:55,880

is fact because I've not seen anything

497

00:22:02,330 --> 00:22:00,059

personally about that yeah here's a

498

00:22:05,149 --> 00:22:02,340

question that's uh kind of follows along

499

00:22:07,490 --> 00:22:05,159

this is there any one agency that knows

500

00:22:09,529 --> 00:22:07,500

everything about UFOs and how many

501
00:22:12,890 --> 00:22:09,539
people would be involved in that agency

502
00:22:16,010 --> 00:22:12,900
if so no uh no one agency who knows

503
00:22:17,090 --> 00:22:16,020
everything about UFOs because if you

504
00:22:20,390 --> 00:22:17,100
look at the intelligence Community

505
00:22:23,930 --> 00:22:20,400
they're divided into functional missions

506
00:22:25,909 --> 00:22:23,940
and so depending on the responsibility

507
00:22:27,770 --> 00:22:25,919
of that agency they would know about

508
00:22:30,649 --> 00:22:27,780
what they are responsible to collect

509
00:22:33,590 --> 00:22:30,659
against anything whether it be UFOs or

510
00:22:35,690 --> 00:22:33,600
an adversary so for example if they're

511
00:22:38,570 --> 00:22:35,700
any kind of electromagnetic emanations

512
00:22:40,850 --> 00:22:38,580
coming from these craft that were

513
00:22:42,470 --> 00:22:40,860

collected uh obviously that's the

514

00:22:45,110 --> 00:22:42,480

National Security Agency because they

515

00:22:47,510 --> 00:22:45,120

are the second mission manager uh if

516

00:22:49,070 --> 00:22:47,520

there are photographs or videos that

517

00:22:50,990 --> 00:22:49,080

would be the National geospatial

518

00:22:53,750 --> 00:22:51,000

Intelligence Agency because they're

519

00:22:56,750 --> 00:22:53,760

responsible for overhead imagery the

520

00:22:59,750 --> 00:22:56,760

analysis and collection of it the nro

521

00:23:02,149 --> 00:22:59,760

primarily build satellites so if any of

522

00:23:03,590 --> 00:23:02,159

their satellites collected anything they

523

00:23:05,390 --> 00:23:03,600

may or may not know what was collected

524

00:23:07,730 --> 00:23:05,400

but they definitely know that you know

525

00:23:11,149 --> 00:23:07,740

they may have been involved in some kind

526
00:23:13,190 --> 00:23:11,159
of activity where they wanted to know if

527
00:23:15,590 --> 00:23:13,200
is this a glitch or is this you know

528
00:23:18,169 --> 00:23:15,600
satellite working so they have to know

529
00:23:20,690 --> 00:23:18,179
something about why they're looking at

530
00:23:22,130 --> 00:23:20,700
this particular uh constellation of

531
00:23:24,230 --> 00:23:22,140
satellites to determine whether it was

532
00:23:27,289 --> 00:23:24,240
functioning or because we found these

533
00:23:29,029 --> 00:23:27,299
orbs flying over Russian space and we

534
00:23:31,010 --> 00:23:29,039
want to know if there's a glitch in your

535
00:23:34,210 --> 00:23:31,020
hardware and your satellite or your

536
00:23:40,010 --> 00:23:34,220
ground software uh they would know that

537
00:23:42,230 --> 00:23:40,020
massant is part of Dia and Mazen is the

538
00:23:45,169 --> 00:23:42,240

collection of anything that isn't

539

00:23:47,570 --> 00:23:45,179

signals or imagery it could be like

540

00:23:48,470 --> 00:23:47,580

radiological it could be

541

00:23:51,169 --> 00:23:48,480

um

542

00:23:53,270 --> 00:23:51,179

uh chemical it could be biological some

543

00:23:55,370 --> 00:23:53,280

emanation some signature other than

544

00:23:57,950 --> 00:23:55,380

what's coming out of a radar or

545

00:24:01,430 --> 00:23:57,960

communication systems or uh that's

546

00:24:04,190 --> 00:24:01,440

something that's not an optical image so

547

00:24:06,190 --> 00:24:04,200

Dia would be responsible for that and it

548

00:24:10,130 --> 00:24:06,200

was the mass of folks that went to

549

00:24:11,810 --> 00:24:10,140

Skinwalker Ranch that part of DIA

550

00:24:14,450 --> 00:24:11,820

um which is the director of Science and

551
00:24:17,270 --> 00:24:14,460
Technology DT d-i-a-d-t they're

552
00:24:20,750 --> 00:24:17,280
responsible for Madison uh so it depends

553
00:24:24,490 --> 00:24:20,760
and uh CIA uh we're a human organization

554
00:24:28,010 --> 00:24:24,500
human intelligence and in uh the

555
00:24:31,250 --> 00:24:28,020
1947-1990 write-up by uh cia's historian

556
00:24:33,289 --> 00:24:31,260
at the time uh he said that you know

557
00:24:35,149 --> 00:24:33,299
UFOs was studied by the office of

558
00:24:37,669 --> 00:24:35,159
scientific intelligence

559
00:24:40,310 --> 00:24:37,679
and the life sciences division was

560
00:24:43,250 --> 00:24:40,320
interested in UFOs like Sciences being

561
00:24:46,070 --> 00:24:43,260
like biologists and physiologists and

562
00:24:49,130 --> 00:24:46,080
medical doctors and you know people

563
00:24:50,930 --> 00:24:49,140

dealing with like biology biological

564

00:24:53,029 --> 00:24:50,940

sciences they were responsible for

565

00:24:55,250 --> 00:24:53,039

looking at UFOs

566

00:24:56,570 --> 00:24:55,260

I mean does that give you a clue you

567

00:24:58,730 --> 00:24:56,580

know that there are no aeronautical

568

00:25:01,310 --> 00:24:58,740

Engineers or aerospace engineers in that

569

00:25:03,169 --> 00:25:01,320

division but having said that there are

570

00:25:05,270 --> 00:25:03,179

other parts of the office of scientific

571

00:25:08,510 --> 00:25:05,280

investigate uh intelligence that we're

572

00:25:13,010 --> 00:25:08,520

responsible for these types of uh things

573

00:25:15,529 --> 00:25:13,020

like uh like aircraft and so forth they

574

00:25:16,250 --> 00:25:15,539

were responsible for looking at UFOs as

575

00:25:17,930 --> 00:25:16,260

well

576

00:25:19,490 --> 00:25:17,940

but that was a long time ago when the

577

00:25:22,190 --> 00:25:19,500

intelligence Community consisted of

578

00:25:23,990 --> 00:25:22,200

basically the CIA and the Office of

579

00:25:26,090 --> 00:25:24,000

Naval intelligence

580

00:25:28,610 --> 00:25:26,100

and at that time the Pentagon was

581

00:25:31,130 --> 00:25:28,620

setting up its uh its own intelligence

582

00:25:33,110 --> 00:25:31,140

Services Air Force intelligence Army

583

00:25:34,370 --> 00:25:33,120

intelligence is all you know being

584

00:25:39,590 --> 00:25:34,380

ramped up again

585

00:25:42,049 --> 00:25:39,600

uh so you know no one agency knows uh

586

00:25:45,470 --> 00:25:42,059

but I always said that for as far as

587

00:25:48,590 --> 00:25:45,480

collection where since the uaps are

588

00:25:51,350 --> 00:25:48,600

very visual in their presentation it's

589

00:25:53,330 --> 00:25:51,360

lights in the sky their orbs

590

00:25:57,230 --> 00:25:53,340

um their plasma there's something that

591

00:26:00,049 --> 00:25:57,240

will trigger uh collection from an

592

00:26:01,730 --> 00:26:00,059

electro Optical system then NGA would

593

00:26:04,549 --> 00:26:01,740

have all of the videos and all of

594

00:26:08,269 --> 00:26:04,559

Photography at least from space

595

00:26:10,730 --> 00:26:08,279

so if anything as far as visuals if you

596

00:26:13,549 --> 00:26:10,740

want to see them NGA has

597

00:26:14,870 --> 00:26:13,559

the evidence that you can see

598

00:26:16,970 --> 00:26:14,880

hmm

599

00:26:18,590 --> 00:26:16,980

so you know when you watch these science

600

00:26:19,669 --> 00:26:18,600

fiction movies about we're going to be

601
00:26:22,970 --> 00:26:19,679
invaded

602
00:26:25,970 --> 00:26:22,980
uh by you know like I think maybe a

603
00:26:28,430 --> 00:26:25,980
fleet of craft or whatever it is they

604
00:26:30,890 --> 00:26:28,440
always say you know that these are deep

605
00:26:33,470 --> 00:26:30,900
in space and it's heading this way that

606
00:26:36,049 --> 00:26:33,480
type of thing and and uh you know it's

607
00:26:38,029 --> 00:26:36,059
in the science fiction I'm saying in

608
00:26:39,950 --> 00:26:38,039
those in the realm of that and like it

609
00:26:43,190 --> 00:26:39,960
stopped or whatever and like so it can't

610
00:26:48,049 --> 00:26:43,200
it can't be a natural object uh

611
00:26:50,930 --> 00:26:48,059
uh how much truth is to that as far as

612
00:26:53,269 --> 00:26:50,940
how far out in space are you aware that

613
00:26:54,649 --> 00:26:53,279

we have like sensitive equipment that

614

00:26:57,649 --> 00:26:54,659

would be able to detect something

615

00:26:59,630 --> 00:26:57,659

actually heading toward our planet

616

00:27:03,950 --> 00:26:59,640

well we have the uh James Webb Space

617

00:27:06,590 --> 00:27:03,960

Telescope uh 1.5 million miles from the

618

00:27:07,850 --> 00:27:06,600

earth yeah but our geosynchronous

619

00:27:11,149 --> 00:27:07,860

satellites

620

00:27:13,669 --> 00:27:11,159

um by definition they're like like 23 to

621

00:27:16,810 --> 00:27:13,679

24 000 I don't know the exact figure

622

00:27:19,190 --> 00:27:16,820

uh but they're that's geospatial

623

00:27:19,909 --> 00:27:19,200

intelligence looking back down at the

624

00:27:21,230 --> 00:27:19,919

Earth

625

00:27:24,230 --> 00:27:21,240

and

626

00:27:27,169 --> 00:27:24,240

um we also have satellites in low earth

627

00:27:29,510 --> 00:27:27,179

orbit and medium orbit and and what we

628

00:27:31,549 --> 00:27:29,520

call the high elliptical orbits but

629

00:27:32,990 --> 00:27:31,559

they're looking back down at Earth and

630

00:27:36,470 --> 00:27:33,000

so they would detect something coming

631

00:27:39,409 --> 00:27:36,480

from space into the uh over the Earth's

632

00:27:42,049 --> 00:27:39,419

uh atmosphere and into the atmosphere so

633

00:27:44,510 --> 00:27:42,059

they can see that but otherwise what you

634

00:27:47,750 --> 00:27:44,520

have are like astronomical instruments

635

00:27:49,430 --> 00:27:47,760

astronomical probes satellites not

636

00:27:52,250 --> 00:27:49,440

satellites but actual probes that are

637

00:27:54,470 --> 00:27:52,260

out there uh you know like scanning the

638

00:27:56,690 --> 00:27:54,480

sky these other telescopes that may have

639

00:27:58,669 --> 00:27:56,700

uh like James uh in addition to James

640

00:28:01,010 --> 00:27:58,679

Webb you have Hubble but you have you

641

00:28:03,649 --> 00:28:01,020

know various other scientific packages

642

00:28:05,149 --> 00:28:03,659

orbiting the moon orbiting Mars and

643

00:28:09,590 --> 00:28:05,159

whatnot

644

00:28:11,690 --> 00:28:09,600

um and so as far as deep deep space you

645

00:28:14,570 --> 00:28:11,700

have radio observatories radio

646

00:28:16,549 --> 00:28:14,580

telescopes listening for signals and you

647

00:28:18,529 --> 00:28:16,559

also have the James West Space Telescope

648

00:28:20,570 --> 00:28:18,539

and Hubble and other astronomical

649

00:28:22,310 --> 00:28:20,580

platforms like that

650

00:28:24,409 --> 00:28:22,320

but as far as the intelligence Community

651
00:28:26,090 --> 00:28:24,419
is concerned it's very much looking back

652
00:28:29,149 --> 00:28:26,100
down at the Earth because that's where

653
00:28:32,630 --> 00:28:29,159
our adversaries live right but you know

654
00:28:35,149 --> 00:28:32,640
I always say you know I people like the

655
00:28:38,570 --> 00:28:35,159
Extraterrestrial hypothesis

656
00:28:40,370 --> 00:28:38,580
um I I'm not so strongly in favor of the

657
00:28:42,409 --> 00:28:40,380
Extraterrestrial hypothesis that they

658
00:28:44,930 --> 00:28:42,419
came from 39 light years away which is

659
00:28:47,630 --> 00:28:44,940
where Zeta reticula is and they're like

660
00:28:50,029 --> 00:28:47,640
zooming in and coming here immediately I

661
00:28:52,250 --> 00:28:50,039
always favorite the idea the notion that

662
00:28:55,789 --> 00:28:52,260
they've been here longer than we have

663
00:28:57,590 --> 00:28:55,799

and so we're the visitors and that they

664

00:29:00,409 --> 00:28:57,600

don't look like us we look like them

665

00:29:02,390 --> 00:29:00,419

because they made us they adapted us to

666

00:29:05,570 --> 00:29:02,400

live on this planet

667

00:29:08,630 --> 00:29:05,580

um so it gets very complicated uh it

668

00:29:11,330 --> 00:29:08,640

melds a lot of various models

669

00:29:14,769 --> 00:29:11,340

uh for example the extra tempestory

670

00:29:18,889 --> 00:29:14,779

model by uh Dr Michael uh Masters

671

00:29:21,350 --> 00:29:18,899

he has a very interesting model I am in

672

00:29:23,389 --> 00:29:21,360

fact I highly recommend his book if I

673

00:29:24,470 --> 00:29:23,399

can plug his book yeah I'm reading this

674

00:29:26,269 --> 00:29:24,480

book

675

00:29:28,070 --> 00:29:26,279

um and that's really good I find that to

676

00:29:29,510 --> 00:29:28,080

be very fascinating

677

00:29:31,430 --> 00:29:29,520

um and also like there's

678

00:29:34,510 --> 00:29:31,440

interdimensional aspect to this and

679

00:29:37,190 --> 00:29:34,520

there's also uh like a intra or

680

00:29:40,070 --> 00:29:37,200

ultra-terrestrial that they're here

681

00:29:42,889 --> 00:29:40,080

uh they they reside on the planet they

682

00:29:44,750 --> 00:29:42,899

may have bases that we can't see on the

683

00:29:47,269 --> 00:29:44,760

moon on Mars they're like really close

684

00:29:49,970 --> 00:29:47,279

to us and they've always been here and

685

00:29:52,669 --> 00:29:49,980

interacted with humans and humans early

686

00:29:55,669 --> 00:29:52,679

on thought them to be Gods uh messengers

687

00:29:59,210 --> 00:29:55,679

of the Lord angels of angels of God you

688

00:30:01,850 --> 00:29:59,220

know that's how mentally they were able

689

00:30:04,669 --> 00:30:01,860

to Fathom what the phenomenon that they

690

00:30:06,529 --> 00:30:04,679

saw chariots a fire in the sky you know

691

00:30:10,370 --> 00:30:06,539

things like that Wheels within Wheels

692

00:30:13,070 --> 00:30:10,380

Landing as Ezekiel uh has written about

693

00:30:15,289 --> 00:30:13,080

in in his book and so I think they're

694

00:30:16,490 --> 00:30:15,299

interacting with us for a long time it's

695

00:30:19,610 --> 00:30:16,500

just now

696

00:30:21,110 --> 00:30:19,620

they're very much heightened uh there's

697

00:30:25,310 --> 00:30:21,120

very much heightened interaction because

698

00:30:29,690 --> 00:30:25,320

of the fact that in 1945 in July of 1945

699

00:30:31,549 --> 00:30:29,700

we exploded a nuclear weapon right and

700

00:30:34,070 --> 00:30:31,559

that got their attention that you know

701
00:30:36,590 --> 00:30:34,080
the kids have found the box of matches

702
00:30:39,049 --> 00:30:36,600
and they're lighting them that's kind of

703
00:30:41,090 --> 00:30:39,059
what Stan Freeman used to say is that

704
00:30:44,510 --> 00:30:41,100
right yeah is that right I didn't know

705
00:30:47,330 --> 00:30:44,520
what it was that yeah yeah yeah but um

706
00:30:49,669 --> 00:30:47,340
Lou Elizondo

707
00:30:52,549 --> 00:30:49,679
sort of hinted kind of at what you're

708
00:30:56,389 --> 00:30:52,559
saying that what if he said what if

709
00:30:59,029 --> 00:30:56,399
everything we think we know is is wrong

710
00:31:01,130 --> 00:30:59,039
and what if there's been a presence here

711
00:31:03,889 --> 00:31:01,140
all along or something like that he said

712
00:31:05,570 --> 00:31:03,899
that on on someone else's podcast and

713
00:31:07,850 --> 00:31:05,580

the next time he came onto my show I

714

00:31:09,950 --> 00:31:07,860

tried to get him to elaborate it on it

715

00:31:13,850 --> 00:31:09,960

and he didn't it didn't really know any

716

00:31:16,610 --> 00:31:13,860

more than when he started but he sort of

717

00:31:18,950 --> 00:31:16,620

it was kind of very similar to what you

718

00:31:22,690 --> 00:31:18,960

said uh which I heard on another show

719

00:31:26,029 --> 00:31:22,700

him talking about yeah right yeah uh

720

00:31:28,850 --> 00:31:26,039

I would say this much Lou was very well

721

00:31:30,830 --> 00:31:28,860

informed he's not a whistleblower people

722

00:31:32,570 --> 00:31:30,840

think of him as a whistleblower he is

723

00:31:33,950 --> 00:31:32,580

not a whistleblower he's doing something

724

00:31:36,590 --> 00:31:33,960

very official

725

00:31:38,149 --> 00:31:36,600

he has an official function in all of

726

00:31:40,490 --> 00:31:38,159

this and

727

00:31:44,769 --> 00:31:40,500

um he is uh

728

00:31:48,470 --> 00:31:44,779

very much championing the the uh

729

00:31:51,049 --> 00:31:48,480

moving expanding the sandbox moving that

730

00:31:53,750 --> 00:31:51,059

envelope out you know forward expanding

731

00:31:55,990 --> 00:31:53,760

the sandbox and seeing what he can't say

732

00:31:58,430 --> 00:31:56,000

um he doesn't say anything that he's not

733

00:32:00,289 --> 00:31:58,440

authorized to say he is right he's going

734

00:32:03,889 --> 00:32:00,299

to pay attention to his ndas like I have

735

00:32:07,430 --> 00:32:03,899

to I still have ndas that I sign

736

00:32:09,289 --> 00:32:07,440

um uh even though I got rent out of them

737

00:32:11,930 --> 00:32:09,299

I signed that I would protect them as

738

00:32:14,330 --> 00:32:11,940

long as I live I have to protect those

739

00:32:16,909 --> 00:32:14,340

26 compartments I was read into during

740

00:32:19,789 --> 00:32:16,919

my 25-year career so I can't say

741

00:32:21,289 --> 00:32:19,799

anything about those capabilities that I

742

00:32:24,769 --> 00:32:21,299

learned about

743

00:32:27,529 --> 00:32:24,779

um and and so he knows things that

744

00:32:28,970 --> 00:32:27,539

and I believe he expanded as much as he

745

00:32:30,889 --> 00:32:28,980

could

746

00:32:33,169 --> 00:32:30,899

to plant yes seed

747

00:32:34,370 --> 00:32:33,179

and I believe other speakers have done

748

00:32:37,250 --> 00:32:34,380

so as well

749

00:32:39,769 --> 00:32:37,260

uh who were a former government

750

00:32:42,110 --> 00:32:39,779

officials that they're like trying to

751
00:32:44,570 --> 00:32:42,120
test the waters to see what the public

752
00:32:48,049 --> 00:32:44,580
reaction might be to introduce this

753
00:32:50,210 --> 00:32:48,059
particular idea and the public framework

754
00:32:51,409 --> 00:32:50,220
and it's not disinformation it's just

755
00:32:54,529 --> 00:32:51,419
information

756
00:32:57,590 --> 00:32:54,539
yeah how how are you taking it you know

757
00:32:59,750 --> 00:32:57,600
what what is your uh what how are you

758
00:33:02,090 --> 00:32:59,760
reacting to it and shall we go forward

759
00:33:03,830 --> 00:33:02,100
or did we just plant the seed and let it

760
00:33:05,570 --> 00:33:03,840
germinate

761
00:33:07,610 --> 00:33:05,580
I know I asked him

762
00:33:11,330 --> 00:33:07,620
like and I think everybody asks them the

763
00:33:13,130 --> 00:33:11,340

same question do you know things that if

764

00:33:14,810 --> 00:33:13,140

you could reveal them you know would

765

00:33:18,169 --> 00:33:14,820

change people's thinking on the UFO

766

00:33:20,690 --> 00:33:18,179

topic and he basically says uh yes sorry

767

00:33:24,110 --> 00:33:20,700

hence that yes he doesn't quite say it

768

00:33:27,130 --> 00:33:24,120

I'll say I would say yes I I know

769

00:33:30,009 --> 00:33:27,140

at least one thing

770

00:33:33,289 --> 00:33:30,019

I absolutely cannot talk about

771

00:33:35,810 --> 00:33:33,299

absolutely cannot talk about yeah

772

00:33:38,210 --> 00:33:35,820

well that's that's interesting I think

773

00:33:40,190 --> 00:33:38,220

people were also writing in the chat at

774

00:33:42,529 --> 00:33:40,200

the time well why don't you just you

775

00:33:45,169 --> 00:33:42,539

know for the for the for you human

776

00:33:48,049 --> 00:33:45,179

Humanity why don't you just say it and

777

00:33:49,430 --> 00:33:48,059

uh you know his saying on that is he's

778

00:33:52,669 --> 00:33:49,440

not going to go to jail for anyone to

779

00:33:55,730 --> 00:33:52,679

lose whatever uh he has now you know

780

00:33:58,190 --> 00:33:55,740

just because of he's not gonna reveal

781

00:34:01,310 --> 00:33:58,200

anything he's not supposed to right yeah

782

00:34:04,009 --> 00:34:01,320

at the uh Mesa Arizona

783

00:34:07,970 --> 00:34:04,019

um UFO Congress a woman approached me

784

00:34:11,270 --> 00:34:07,980

wanted to know about uh the uh

785

00:34:13,909 --> 00:34:11,280

extraterrestrial nhi presence uh on the

786

00:34:17,570 --> 00:34:13,919

moon and Mars and other places

787

00:34:18,950 --> 00:34:17,580

uh and I said I I can't say anything

788

00:34:21,589 --> 00:34:18,960

about that

789

00:34:23,329 --> 00:34:21,599

I'm sorry and so why not and I said the

790

00:34:25,430 --> 00:34:23,339

same thing I am not going to go to jail

791

00:34:26,389 --> 00:34:25,440

for you and basically she told me to f

792

00:34:28,970 --> 00:34:26,399

off

793

00:34:32,030 --> 00:34:28,980

oh nice and I'm sorry but I can't you

794

00:34:35,570 --> 00:34:32,040

know that's just it I cannot say that

795

00:34:37,250 --> 00:34:35,580

um and and the truth be told I really

796

00:34:40,089 --> 00:34:37,260

don't know

797

00:34:44,570 --> 00:34:40,099

for a fact I was never read into that

798

00:34:48,109 --> 00:34:44,580

but uh if you spend 25 years at CIA and

799

00:34:50,270 --> 00:34:48,119

you have an agency full of spies and

800

00:34:53,169 --> 00:34:50,280

they teach you how to be an intelligence

801
00:34:55,790 --> 00:34:53,179
officer ncia you're going to hear things

802
00:34:57,530 --> 00:34:55,800
and you may not be read into them

803
00:34:59,570 --> 00:34:57,540
formally but you're going to pick up on

804
00:35:02,150 --> 00:34:59,580
a lot of things and I've picked up on

805
00:35:04,970 --> 00:35:02,160
many things but this one thing is as

806
00:35:06,530 --> 00:35:04,980
something I actually absolutely saw with

807
00:35:08,990 --> 00:35:06,540
my own two eyes

808
00:35:10,970 --> 00:35:09,000
and I know the background of it I know

809
00:35:11,870 --> 00:35:10,980
the history of it and I can't reveal

810
00:35:15,290 --> 00:35:11,880
that

811
00:35:17,870 --> 00:35:15,300
yeah yep I'll give you 10 bucks

812
00:35:21,109 --> 00:35:17,880
[Laughter]

813
00:35:22,970 --> 00:35:21,119

uh here's a question here uh John are

814

00:35:24,770 --> 00:35:22,980

you saying that you believe that ETS are

815

00:35:28,550 --> 00:35:24,780

forcing the government to cover up the

816

00:35:32,710 --> 00:35:30,770

that was um what you said it sort of

817

00:35:36,050 --> 00:35:32,720

yeah a little bit before that earlier

818

00:35:38,870 --> 00:35:36,060

the forcing is not correct because the

819

00:35:40,910 --> 00:35:38,880

government at any time can disclose

820

00:35:43,670 --> 00:35:40,920

I think there was an agreement in place

821

00:35:46,010 --> 00:35:43,680

what I'm saying is if you believe that

822

00:35:48,950 --> 00:35:46,020

uh you have to make a lot of assumptions

823

00:35:50,750 --> 00:35:48,960

and one of the assumptions is this that

824

00:35:53,089 --> 00:35:50,760

Roswell really happened and there were

825

00:35:55,730 --> 00:35:53,099

beings on board and one of them survived

826

00:35:58,849 --> 00:35:55,740

and we had contact with that being

827

00:36:01,130 --> 00:35:58,859

telepathically perhaps and that other

828

00:36:03,050 --> 00:36:01,140

beings arrived

829

00:36:05,170 --> 00:36:03,060

and paved the way for other beings to

830

00:36:08,030 --> 00:36:05,180

arrive and that a former U.S President

831

00:36:10,430 --> 00:36:08,040

Eisenhower met with him and the legend

832

00:36:13,069 --> 00:36:10,440

is that it was Holloman Air Force Base

833

00:36:15,530 --> 00:36:13,079

in New Mexico you know near Alamogordo

834

00:36:18,550 --> 00:36:15,540

New Mexico that there was some meeting

835

00:36:21,170 --> 00:36:18,560

and some agreements were made that were

836

00:36:23,450 --> 00:36:21,180

continuing onward

837

00:36:25,609 --> 00:36:23,460

um if you believe that you have to buy

838

00:36:27,170 --> 00:36:25,619

that first now

839

00:36:32,510 --> 00:36:27,180

uh

840

00:36:35,150 --> 00:36:32,520

secrecy would be like will you exchange

841

00:36:38,690 --> 00:36:35,160

to you U.S government technology that we

842

00:36:41,589 --> 00:36:38,700

have in exchange for you keeping us uh

843

00:36:44,510 --> 00:36:41,599

our existence Secret

844

00:36:46,190 --> 00:36:44,520

and if you do reveal us then this

845

00:36:48,050 --> 00:36:46,200

agreement is null and void and we're no

846

00:36:49,849 --> 00:36:48,060

longer sharing this

847

00:36:52,430 --> 00:36:49,859

this technology

848

00:36:55,069 --> 00:36:52,440

but having said that if we were able to

849

00:36:57,530 --> 00:36:55,079

like develop this technology on our own

850

00:36:59,450 --> 00:36:57,540

that they seated it and we were then

851
00:37:02,089 --> 00:36:59,460
taking it up on our own because we have

852
00:37:04,430 --> 00:37:02,099
Smart scientists and physicists and uh

853
00:37:07,250 --> 00:37:04,440
so forth and so on here in the U.S and

854
00:37:09,530 --> 00:37:07,260
they were able to develop something

855
00:37:12,170 --> 00:37:09,540
um for government use

856
00:37:14,450 --> 00:37:12,180
uh on their own uh then

857
00:37:16,250 --> 00:37:14,460
you know that I don't see any problem

858
00:37:17,990 --> 00:37:16,260
with you know them enforcing that

859
00:37:20,630 --> 00:37:18,000
anymore

860
00:37:22,010 --> 00:37:20,640
um and at least divulge the fact that

861
00:37:23,150 --> 00:37:22,020
you know there are lights in the sky

862
00:37:28,310 --> 00:37:23,160
that are real

863
00:37:30,170 --> 00:37:28,320

so all of this disclosure since 1947 is

864

00:37:33,410 --> 00:37:30,180

basically a two-step thing

865

00:37:35,329 --> 00:37:33,420

in 1947 the government realized that

866

00:37:39,410 --> 00:37:35,339

something was here

867

00:37:43,310 --> 00:37:39,420

something was flying in our skies

868

00:37:44,990 --> 00:37:43,320

and that in July of 52 many things were

869

00:37:47,690 --> 00:37:45,000

flying their Skies over our Capital

870

00:37:50,390 --> 00:37:47,700

right and at that point it was decided

871

00:37:51,770 --> 00:37:50,400

okay we need to like manage this

872

00:37:53,450 --> 00:37:51,780

information

873

00:37:56,569 --> 00:37:53,460

because they're showing up and playing

874

00:37:57,710 --> 00:37:56,579

daylight you know and uh we don't want

875

00:38:00,650 --> 00:37:57,720

that to happen

876

00:38:02,750 --> 00:38:00,660

and so we're going to say that we're

877

00:38:04,550 --> 00:38:02,760

going to say we know they're real and

878

00:38:06,710 --> 00:38:04,560

we're going to continue to study them

879

00:38:08,390 --> 00:38:06,720

but we're going to tell the public that

880

00:38:10,310 --> 00:38:08,400

they're not real

881

00:38:13,010 --> 00:38:10,320

and we're going to study them in in

882

00:38:14,990 --> 00:38:13,020

secret and so you have various various

883

00:38:18,109 --> 00:38:15,000

programs uh that culminate in Project

884

00:38:20,569 --> 00:38:18,119

Blue Book to to study them and I contend

885

00:38:22,970 --> 00:38:20,579

that it continue to be studied okay so

886

00:38:25,790 --> 00:38:22,980

where are we at now is basically the

887

00:38:28,130 --> 00:38:25,800

government has retracted its original

888

00:38:29,630 --> 00:38:28,140

statement that they're not real that

889

00:38:32,690 --> 00:38:29,640

they are real

890

00:38:34,970 --> 00:38:32,700

and the other thing that they've uh are

891

00:38:38,450 --> 00:38:34,980

now stating is that we're studying them

892

00:38:41,390 --> 00:38:38,460

openly and that's basically it but the

893

00:38:43,370 --> 00:38:41,400

part that we are not going to hear is if

894

00:38:46,609 --> 00:38:43,380

there's any cooperation or any contact

895

00:38:48,829 --> 00:38:46,619

between humans and them whoever they may

896

00:38:51,470 --> 00:38:48,839

be yeah you're not going to hear that

897

00:38:53,870 --> 00:38:51,480

and so full disclosure is everything

898

00:38:55,790 --> 00:38:53,880

it's not only the craft and lights in

899

00:38:57,230 --> 00:38:55,800

the sky which the government says yeah

900

00:38:58,790 --> 00:38:57,240

there's something up there that's flying

901
00:39:01,250 --> 00:38:58,800
that we know it's up there and we're

902
00:39:05,150 --> 00:39:01,260
studying them and we're studying them in

903
00:39:07,670 --> 00:39:05,160
public now we had like one hearing since

904
00:39:09,109 --> 00:39:07,680
the UAP task force era and so that's

905
00:39:10,190 --> 00:39:09,119
that's the only emission they have but

906
00:39:11,450 --> 00:39:10,200
they're not going to admit to anything

907
00:39:14,510 --> 00:39:11,460
else

908
00:39:17,750 --> 00:39:14,520
and that is what I can't disclose

909
00:39:19,730 --> 00:39:17,760
hmm to give you a hint it's not

910
00:39:22,130 --> 00:39:19,740
necessarily our country but perhaps

911
00:39:24,050 --> 00:39:22,140
another country

912
00:39:25,430 --> 00:39:24,060
very interesting

913
00:39:28,010 --> 00:39:25,440

uh

914

00:39:31,609 --> 00:39:28,020

so following along that do you believe

915

00:39:34,730 --> 00:39:31,619

they dictate more to World governments

916

00:39:38,270 --> 00:39:34,740

than just foreclosure I mean disclosure

917

00:39:40,550 --> 00:39:38,280

foreclosure ah how did that get in there

918

00:39:43,190 --> 00:39:40,560

uh I don't know what dictate means

919

00:39:44,750 --> 00:39:43,200

because like

920

00:39:46,569 --> 00:39:44,760

if they're dictating to the world

921

00:39:49,970 --> 00:39:46,579

governments they're doing a terrible job

922

00:39:53,030 --> 00:39:49,980

of giving us advice uh I think humans

923

00:39:55,069 --> 00:39:53,040

you know pretty much rule themselves but

924

00:39:56,870 --> 00:39:55,079

I think um they're not dictating policy

925

00:39:58,550 --> 00:39:56,880

to us they're not dictating human policy

926

00:40:00,109 --> 00:39:58,560

to us that you shall do this and you

927

00:40:01,910 --> 00:40:00,119

shall not do this they're not

928

00:40:04,430 --> 00:40:01,920

orchestrating conflicts between nations

929

00:40:05,990 --> 00:40:04,440

we do that on our own uh what they're

930

00:40:08,210 --> 00:40:06,000

doing is trying to prevent us from

931

00:40:10,970 --> 00:40:08,220

destroying ourselves and then and them

932

00:40:12,530 --> 00:40:10,980

in in the process because as I stated I

933

00:40:14,630 --> 00:40:12,540

believe they they share we share the

934

00:40:16,910 --> 00:40:14,640

planet with them that they arrived

935

00:40:18,650 --> 00:40:16,920

longer than we were here and that we

936

00:40:22,910 --> 00:40:18,660

share the planet with them and they want

937

00:40:28,069 --> 00:40:22,920

us not to destroy them us and them along

938

00:40:31,550 --> 00:40:28,079

with us and so they may then um uh nudge

939

00:40:33,650 --> 00:40:31,560

certain policies for strategic arms to

940

00:40:37,910 --> 00:40:33,660

limit strategic arms to reduce strategic

941

00:40:40,190 --> 00:40:37,920

arms uh to lessen uh the uh possibility

942

00:40:42,109 --> 00:40:40,200

of going to a nuclear war and that they

943

00:40:44,770 --> 00:40:42,119

were intervened in that sense and they

944

00:40:47,390 --> 00:40:44,780

have intervened if you believe leave

945

00:40:49,670 --> 00:40:47,400

in what happened at Maelstrom Air Force

946

00:40:52,910 --> 00:40:49,680

Base and other Air Force bases as well

947

00:40:55,069 --> 00:40:52,920

as what happened at the launch sites in

948

00:40:56,690 --> 00:40:55,079

the Soviet Union and in Russia that

949

00:40:57,710 --> 00:40:56,700

there's been some intervention to

950

00:41:00,530 --> 00:40:57,720

prevent

951
00:41:01,550 --> 00:41:00,540
uh these missiles from either being

952
00:41:02,990 --> 00:41:01,560
fired

953
00:41:03,829 --> 00:41:03,000
or

954
00:41:06,829 --> 00:41:03,839
um

955
00:41:08,930 --> 00:41:06,839
not being prepared for launch

956
00:41:10,370 --> 00:41:08,940
so right you know some intervention at

957
00:41:12,770 --> 00:41:10,380
that level but I don't think they're

958
00:41:14,690 --> 00:41:12,780
telling us that you know

959
00:41:17,210 --> 00:41:14,700
you know that's not telling the Russians

960
00:41:19,730 --> 00:41:17,220
go to Wars with Ukraine I mean things

961
00:41:23,870 --> 00:41:19,740
like that they're not advising that type

962
00:41:26,450 --> 00:41:23,880
of like everyday human policies of world

963
00:41:30,050 --> 00:41:26,460

governments with each other

964

00:41:33,230 --> 00:41:30,060

right right I have uh on the 10th of

965

00:41:35,030 --> 00:41:33,240

January Mario Woods he was on before but

966

00:41:38,750 --> 00:41:35,040

on a pre-recorded show he's coming on

967

00:41:41,510 --> 00:41:38,760

live to talk about uh what happened in

968

00:41:45,050 --> 00:41:41,520

South Dakota I believe it was you know

969

00:41:47,690 --> 00:41:45,060

at a nuclear uh missile base and it's

970

00:41:49,310 --> 00:41:47,700

just an amazing story

971

00:41:53,089 --> 00:41:49,320

um one that you may be interested in

972

00:41:55,490 --> 00:41:53,099

hearing it's uh what what they did to

973

00:41:57,170 --> 00:41:55,500

like they actually triggered these

974

00:41:59,630 --> 00:41:57,180

things were triggered the WarHeads were

975

00:42:01,910 --> 00:41:59,640

triggered and they even drove like

976

00:42:03,849 --> 00:42:01,920

trucks on the uh where they call those

977

00:42:07,910 --> 00:42:03,859

doors that blow off from the explosion

978

00:42:09,109 --> 00:42:07,920

uh that cover the missile Warheads uh

979

00:42:11,630 --> 00:42:09,119

anyway

980

00:42:14,510 --> 00:42:11,640

they would put a truck on that when the

981

00:42:16,190 --> 00:42:14,520

thing was activated to try to stop it to

982

00:42:18,829 --> 00:42:16,200

try to make it malfunction if the thing

983

00:42:21,109 --> 00:42:18,839

did launch you know I mean it was pretty

984

00:42:23,450 --> 00:42:21,119

scary times according to him

985

00:42:25,609 --> 00:42:23,460

um yeah um yeah when you say trigger you

986

00:42:27,410 --> 00:42:25,619

mean a prepare for launch that they were

987

00:42:29,750 --> 00:42:27,420

ready to launch they were they're in

988

00:42:32,510 --> 00:42:29,760

launch mode okay yeah yeah yeah uh

989

00:42:36,050 --> 00:42:32,520

because you know uh

990

00:42:38,450 --> 00:42:36,060

there's a lot to do with actually arming

991

00:42:40,670 --> 00:42:38,460

a nuclear warhead there are a lot of

992

00:42:42,710 --> 00:42:40,680

things that need to happen in order to

993

00:42:46,010 --> 00:42:42,720

arm a nuclear warhead yeah I believe

994

00:42:48,290 --> 00:42:46,020

that I bet that yes yeah so I do believe

995

00:42:50,690 --> 00:42:48,300

that what happened to Maelstrom is that

996

00:42:54,230 --> 00:42:50,700

they prevented the launch right they

997

00:42:56,870 --> 00:42:54,240

took out uh the uh 10 modules one

998

00:42:58,490 --> 00:42:56,880

belonging to each missile yes

999

00:43:00,349 --> 00:42:58,500

um and uh the Air Force actually

1000

00:43:03,790 --> 00:43:00,359

reported on the fact that these modules

1001

00:43:08,030 --> 00:43:06,109

yeah they're all independent of each

1002

00:43:09,950 --> 00:43:08,040

other which is makes it even a bigger

1003

00:43:13,370 --> 00:43:09,960

puzzle yeah yeah how it would have been

1004

00:43:15,109 --> 00:43:13,380

done right right so that prevented a uh

1005

00:43:18,109 --> 00:43:15,119

go to launch situation

1006

00:43:20,210 --> 00:43:18,119

and so uh it sounds like what happened

1007

00:43:25,910 --> 00:43:20,220

in South Dakota is it minnow

1008

00:43:27,710 --> 00:43:25,920

Minot yes yeah why not uh I'm surprised

1009

00:43:32,530 --> 00:43:27,720

that you know that they were getting

1010

00:43:37,910 --> 00:43:35,210

nuclear warhead did not arm

1011

00:43:40,069 --> 00:43:37,920

if they went to launch and uh they went

1012

00:43:43,910 --> 00:43:40,079

to their pre-programmed and I think you

1013

00:43:46,250 --> 00:43:43,920

can actually dial the yield and also uh

1014

00:43:48,530 --> 00:43:46,260

dial uh the target

1015

00:43:50,630 --> 00:43:48,540

you can actually do that uh on the

1016

00:43:53,270 --> 00:43:50,640

ground and if they went to where they're

1017

00:43:55,370 --> 00:43:53,280

supposed to land uh the Russians would

1018

00:43:57,290 --> 00:43:55,380

have seen that and they would have they

1019

00:43:59,210 --> 00:43:57,300

would have launched they would have

1020

00:44:01,970 --> 00:43:59,220

Counter-Strike and that would have been

1021

00:44:02,990 --> 00:44:01,980

very dangerous yeah but again that's I

1022

00:44:04,609 --> 00:44:03,000

heard that's what happened to the

1023

00:44:06,650 --> 00:44:04,619

Russians that they were prepared to

1024

00:44:08,990 --> 00:44:06,660

launch all of a sudden and they couldn't

1025

00:44:10,910 --> 00:44:09,000

stop that they were like what's going on

1026
00:44:13,670 --> 00:44:10,920
you know we're ready to launch because

1027
00:44:15,109 --> 00:44:13,680
they had a first strike uh policy that

1028
00:44:16,430 --> 00:44:15,119
they'll launch first ours was a

1029
00:44:19,250 --> 00:44:16,440
Counter-Strike if you launch World

1030
00:44:22,069 --> 00:44:19,260
launch yeah so we weren't able to react

1031
00:44:24,109 --> 00:44:22,079
to their launch if they take out our

1032
00:44:26,210 --> 00:44:24,119
inability to launch but they have a

1033
00:44:28,609 --> 00:44:26,220
first strike policy they were able to

1034
00:44:33,650 --> 00:44:28,619
launch and so Maelstrom happened in

1035
00:44:36,650 --> 00:44:33,660
March 16 1967 on March 17 1967 the very

1036
00:44:39,349 --> 00:44:36,660
next day this big truck wheel rolled in

1037
00:44:41,930 --> 00:44:39,359
this big trailer rolled in with missile

1038
00:44:45,770 --> 00:44:41,940

number 1000. in the Minuteman series

1039

00:44:48,109 --> 00:44:45,780

missile number 1000 and and in may they

1040

00:44:49,490 --> 00:44:48,119

put missile number 1000 Into The Silo

1041

00:44:52,010 --> 00:44:49,500

out maelstrom

1042

00:44:54,770 --> 00:44:52,020

just months after this incident and in

1043

00:44:58,190 --> 00:44:54,780

June uh that's when uh President Johnson

1044

00:45:00,589 --> 00:44:58,200

spoke with uh his counterpart uh Premier

1045

00:45:03,530 --> 00:45:00,599

Alexi cosigan and broached the subject

1046

00:45:05,690 --> 00:45:03,540

of maybe we should reduce or limit the

1047

00:45:08,630 --> 00:45:05,700

number of strategic arms and yeah

1048

00:45:11,630 --> 00:45:08,640

because again agreed that we have too

1049

00:45:13,370 --> 00:45:11,640

many right now we need to reduce uh them

1050

00:45:15,250 --> 00:45:13,380

because we might there's a possibility

1051
00:45:17,710 --> 00:45:15,260
of going into an accidental nuclear war

1052
00:45:20,510 --> 00:45:17,720
and so if that happened

1053
00:45:22,730 --> 00:45:20,520
months after Maelstrom so message

1054
00:45:24,650 --> 00:45:22,740
received in my opinion message received

1055
00:45:27,109 --> 00:45:24,660
by our government that we needed to do

1056
00:45:29,690 --> 00:45:27,119
something and that led to this tree arms

1057
00:45:32,150 --> 00:45:29,700
reduction treaty which is now being

1058
00:45:33,829 --> 00:45:32,160
renegotiated with the Russians so even

1059
00:45:36,230 --> 00:45:33,839
though that you know Russia is in

1060
00:45:37,970 --> 00:45:36,240
Ukraine uh does that mean the U.S

1061
00:45:40,510 --> 00:45:37,980
government has no diplomatic relations

1062
00:45:43,130 --> 00:45:40,520
with Russia we still do things with them

1063
00:45:45,950 --> 00:45:43,140

diplomatically and one of them is the

1064

00:45:49,550 --> 00:45:45,960

Strategic arms reduction talks a treaty

1065

00:45:52,910 --> 00:45:49,560

to expand that to make it even safer uh

1066

00:45:54,890 --> 00:45:52,920

and make it less more foolproof that we

1067

00:45:57,410 --> 00:45:54,900

won't go into a nuclear war

1068

00:45:59,390 --> 00:45:57,420

yeah that would be nice to to get that

1069

00:46:01,370 --> 00:45:59,400

covered I wonder how many times we can

1070

00:46:03,410 --> 00:46:01,380

blow ourselves up

1071

00:46:04,910 --> 00:46:03,420

you know I've heard I I don't know

1072

00:46:06,890 --> 00:46:04,920

exactly how many Warheads there are but

1073

00:46:11,329 --> 00:46:06,900

it's over 2000 I believe in the world

1074

00:46:13,490 --> 00:46:11,339

right well uh they're 450

1075

00:46:15,829 --> 00:46:13,500

um on the Minuteman threes

1076

00:46:19,010 --> 00:46:15,839

uh they took there used to be one called

1077

00:46:22,130 --> 00:46:19,020

the Peacekeeper MX peacekeeper

1078

00:46:24,170 --> 00:46:22,140

um and then they uh retired those they

1079

00:46:26,270 --> 00:46:24,180

took the mark 12 Warhead off of it and

1080

00:46:28,309 --> 00:46:26,280

put it on the Minuteman 3. it used to be

1081

00:46:31,730 --> 00:46:28,319

a minute man hold three warheads and now

1082

00:46:33,349 --> 00:46:31,740

holds one Mark 21 Warhead from the old

1083

00:46:36,230 --> 00:46:33,359

Peacekeeper system and that's what's

1084

00:46:38,809 --> 00:46:36,240

there now they're replacing that uh

1085

00:46:40,910 --> 00:46:38,819

later on in the 2020s with something

1086

00:46:43,250 --> 00:46:40,920

called The Sentinel system so Sentinel

1087

00:46:46,550 --> 00:46:43,260

is a new missile to replace the entire

1088

00:46:49,010 --> 00:46:46,560

Minuteman 3. hmm Fleet so I mean we're

1089

00:46:50,870 --> 00:46:49,020

still building missiles yeah but uh we

1090

00:46:54,530 --> 00:46:50,880

met we'll be we're building less

1091

00:46:56,150 --> 00:46:54,540

missiles and retiring older ones yeah

1092

00:46:57,670 --> 00:46:56,160

because we don't need to blow ourselves

1093

00:47:01,069 --> 00:46:57,680

up that many times

1094

00:47:04,670 --> 00:47:01,079

exactly that it's crazy once is enough

1095

00:47:07,970 --> 00:47:04,680

yeah yeah hopefully we'll never see that

1096

00:47:10,430 --> 00:47:07,980

day uh can you this person wants to know

1097

00:47:12,109 --> 00:47:10,440

if you can tell what agency collects

1098

00:47:13,790 --> 00:47:12,119

data on drone Tech

1099

00:47:17,329 --> 00:47:13,800

of other countries wouldn't it be the

1100

00:47:19,910 --> 00:47:17,339

CIA no okay absolutely not because a

1101

00:47:20,809 --> 00:47:19,920

donut a drone is an Airborne

1102

00:47:22,069 --> 00:47:20,819

um

1103

00:47:24,589 --> 00:47:22,079

vehicle

1104

00:47:26,210 --> 00:47:24,599

and so they're in the air so they'll be

1105

00:47:29,329 --> 00:47:26,220

collected by something in the air so

1106

00:47:30,589 --> 00:47:29,339

it'll be collected by uh what's known as

1107

00:47:32,690 --> 00:47:30,599

um intelligence surveillance to

1108

00:47:35,630 --> 00:47:32,700

reconnaissance platforms they could be

1109

00:47:37,609 --> 00:47:35,640

uh from space or they could be airborne

1110

00:47:39,109 --> 00:47:37,619

and they'll they'll see the launch of

1111

00:47:41,510 --> 00:47:39,119

the Drone they see the directory of the

1112

00:47:42,710 --> 00:47:41,520

Drone and so that could be the air force

1113

00:47:43,849 --> 00:47:42,720

that could be the space force because

1114

00:47:45,710 --> 00:47:43,859

they're supposed to have space

1115

00:47:48,470 --> 00:47:45,720

situational awareness of everything

1116

00:47:50,450 --> 00:47:48,480

that's flying uh and so that's the

1117

00:47:53,270 --> 00:47:50,460

physical drone itself flying it may have

1118

00:47:54,650 --> 00:47:53,280

a signature there that might be infrared

1119

00:47:56,510 --> 00:47:54,660

or it could be

1120

00:47:59,030 --> 00:47:56,520

um some other signature that they can

1121

00:48:01,250 --> 00:47:59,040

detect from satellites uh that's so

1122

00:48:04,190 --> 00:48:01,260

that's like NGA Air Force and space

1123

00:48:06,829 --> 00:48:04,200

force okay so that's one now if there's

1124

00:48:09,530 --> 00:48:06,839

a signal the a controlling signal a

1125

00:48:12,770 --> 00:48:09,540

guidance signal talking to that drone a

1126
00:48:14,690 --> 00:48:12,780
command guidance signal that's NSA

1127
00:48:16,970 --> 00:48:14,700
so an essay would be responsible for

1128
00:48:19,190 --> 00:48:16,980
that and so although the

1129
00:48:22,190 --> 00:48:19,200
there will be the government entity CIA

1130
00:48:25,550 --> 00:48:22,200
we are human intelligence we talk to the

1131
00:48:27,230 --> 00:48:25,560
Spy so we want to know uh if you if your

1132
00:48:29,210 --> 00:48:27,240
government has an intention to launch

1133
00:48:31,490 --> 00:48:29,220
drones and please let us know before

1134
00:48:34,309 --> 00:48:31,500
they launch them that's why we recruit

1135
00:48:36,650 --> 00:48:34,319
spies in foreign governments the actual

1136
00:48:39,230 --> 00:48:36,660
agents are not us they're people in

1137
00:48:40,910 --> 00:48:39,240
foreign governments working on behalf of

1138
00:48:43,190 --> 00:48:40,920

the government but also working on our

1139

00:48:45,650 --> 00:48:43,200

behalf for exchange for monetary

1140

00:48:47,569 --> 00:48:45,660

compensation goods and services that we

1141

00:48:50,150 --> 00:48:47,579

pay them to provide us information it

1142

00:48:52,730 --> 00:48:50,160

could be you know we we're we're going

1143

00:48:54,710 --> 00:48:52,740

to do a massive drone strike and so

1144

00:48:56,630 --> 00:48:54,720

there that's human intelligence that CIA

1145

00:48:58,910 --> 00:48:56,640

would get but technical intelligence

1146

00:49:01,609 --> 00:48:58,920

will be NSA NGA

1147

00:49:03,230 --> 00:49:01,619

uh and also uh the Air Force and space

1148

00:49:06,950 --> 00:49:03,240

force

1149

00:49:09,589 --> 00:49:06,960

that

1150

00:49:11,569 --> 00:49:09,599

um have you followed up on exactly what

1151

00:49:15,530 --> 00:49:11,579

do you know what they're actually doing

1152

00:49:17,690 --> 00:49:15,540

oh yeah yeah space shut your awareness

1153

00:49:19,910 --> 00:49:17,700

um they're responsible for 50 miles up

1154

00:49:23,930 --> 00:49:19,920

50 miles and up that's what that's how

1155

00:49:26,030 --> 00:49:23,940

we define space so from the runway to 50

1156

00:49:28,370 --> 00:49:26,040

miles up that's Air Force from 50 miles

1157

00:49:31,250 --> 00:49:28,380

up onward outward

1158

00:49:33,470 --> 00:49:31,260

um that's space force and uh they're

1159

00:49:36,950 --> 00:49:33,480

there to protect space the space domain

1160

00:49:40,309 --> 00:49:36,960

uh preserving the use of space for U.S

1161

00:49:46,550 --> 00:49:42,730

ah

1162

00:49:49,910 --> 00:49:46,560

this is a friend of the show Tom King in

1163

00:49:52,730 --> 00:49:49,920

uh in the Phoenix area so are there

1164

00:49:54,829 --> 00:49:52,740

highways in the sky or swarms uaps we

1165

00:49:57,710 --> 00:49:54,839

should look at that you're have you ever

1166

00:50:00,710 --> 00:49:57,720

heard of any of anything suggesting any

1167

00:50:03,349 --> 00:50:00,720

of that highways in the sky like uh most

1168

00:50:06,349 --> 00:50:03,359

traveled routes yeah

1169

00:50:08,870 --> 00:50:06,359

um yeah well you know there are Flaps in

1170

00:50:10,970 --> 00:50:08,880

areas and they're very Regional you know

1171

00:50:12,170 --> 00:50:10,980

right I would say that uh the Southwest

1172

00:50:14,450 --> 00:50:12,180

is a

1173

00:50:17,050 --> 00:50:14,460

and he's uh he's in Phoenix I'm in I'm

1174

00:50:20,569 --> 00:50:17,060

in Tucson the Southwest is a hotbed

1175

00:50:22,490 --> 00:50:20,579

uh four sightings

1176

00:50:24,829 --> 00:50:22,500

um and also you have the National Labs

1177

00:50:26,690 --> 00:50:24,839

uh in New Mexico

1178

00:50:30,170 --> 00:50:26,700

um

1179

00:50:32,450 --> 00:50:30,180

I would say the Southwest definitely

1180

00:50:36,290 --> 00:50:32,460

um is is uh it's a hotbed

1181

00:50:40,190 --> 00:50:36,300

um but I I would uh then the Costas no

1182

00:50:43,250 --> 00:50:40,200

Cheryl Costa she and uh yeah

1183

00:50:45,410 --> 00:50:43,260

and uh she did a wonderful work uh she's

1184

00:50:48,170 --> 00:50:45,420

with uh I believe it's it's a is it her

1185

00:50:50,750 --> 00:50:48,180

sister that worked with her

1186

00:50:52,609 --> 00:50:50,760

uh I think it's your partner yeah her

1187

00:50:55,609 --> 00:50:52,619

partner okay yes thank you very much

1188

00:50:58,069 --> 00:50:55,619

sorry for the uh for making that mistake

1189

00:50:59,210 --> 00:50:58,079

yeah the Costas have done a wonderful

1190

00:51:02,569 --> 00:50:59,220

job

1191

00:51:05,569 --> 00:51:02,579

uh actually like kind of tracking by

1192

00:51:06,829 --> 00:51:05,579

region by ZIP code even of where these

1193

00:51:09,770 --> 00:51:06,839

settings occur

1194

00:51:11,329 --> 00:51:09,780

and it's it's like not where the

1195

00:51:13,730 --> 00:51:11,339

societies occur but where the sightings

1196

00:51:16,250 --> 00:51:13,740

didn't occur seem to be like the

1197

00:51:18,710 --> 00:51:16,260

minority like they're everywhere yeah

1198

00:51:20,809 --> 00:51:18,720

you just need to look up you know just

1199

00:51:23,510 --> 00:51:20,819

need to look up to use the that phrase

1200

00:51:26,089 --> 00:51:23,520

from a recent movie yeah right you know

1201

00:51:29,030 --> 00:51:26,099

I I mean I went on a UFO uh sightings

1202

00:51:32,150 --> 00:51:29,040

tour with Melinda Leslie up in Sedona

1203

00:51:34,370 --> 00:51:32,160

and for Mr King that just said that

1204

00:51:37,190 --> 00:51:34,380

question uh get up there and go meet

1205

00:51:38,150 --> 00:51:37,200

Melinda Leslie make that Arrangement and

1206

00:51:40,370 --> 00:51:38,160

uh

1207

00:51:42,589 --> 00:51:40,380

with these night vision goggles third

1208

00:51:45,230 --> 00:51:42,599

generation military grade uh goggles

1209

00:51:46,790 --> 00:51:45,240

you'll see a lot of satellites I saw a

1210

00:51:49,609 --> 00:51:46,800

lot of satellites but then again I saw

1211

00:51:53,390 --> 00:51:49,619

an object that was traveling very fast

1212

00:51:55,730 --> 00:51:53,400

that stopped did retrograde motion

1213

00:51:56,690 --> 00:51:55,740

left and right of its path and kept on

1214

00:52:00,049 --> 00:51:56,700

going

1215

00:52:02,510 --> 00:52:00,059

and satellites don't do that folks

1216

00:52:06,049 --> 00:52:02,520

some of us do not do that and they were

1217

00:52:08,270 --> 00:52:06,059

like things that were flying in a non uh

1218

00:52:10,309 --> 00:52:08,280

they weren't following Kepler's Law of

1219

00:52:12,770 --> 00:52:10,319

orbital motion I mean they were like

1220

00:52:14,569 --> 00:52:12,780

maneuvering yeah and so there weren't

1221

00:52:16,250 --> 00:52:14,579

airplanes there weren't anything like

1222

00:52:18,109 --> 00:52:16,260

that they were

1223

00:52:19,549 --> 00:52:18,119

as Melinda will tell you these are the

1224

00:52:23,569 --> 00:52:19,559

real uaps

1225

00:52:25,670 --> 00:52:23,579

I saw I was out with Ben Hansen out in

1226
00:52:28,130 --> 00:52:25,680
in Phoenix at night we did a Skywatch

1227
00:52:31,790 --> 00:52:28,140
out there with all his all his uh great

1228
00:52:33,710 --> 00:52:31,800
uh visual uh night vision

1229
00:52:38,089 --> 00:52:33,720
um you know binoculars and things like

1230
00:52:39,530 --> 00:52:38,099
that and I saw a bat I mean I at first I

1231
00:52:42,410 --> 00:52:39,540
thought for sure I was seeing the UFO

1232
00:52:44,690 --> 00:52:42,420
because of the way it was moving uh and

1233
00:52:47,270 --> 00:52:44,700
then you know it ended up being a bat so

1234
00:52:49,910 --> 00:52:47,280
but there are a lot of things that are

1235
00:52:51,650 --> 00:52:49,920
seen with those that type of vision that

1236
00:52:53,990 --> 00:52:51,660
you would not see with the naked eye I

1237
00:52:56,809 --> 00:52:54,000
do believe and I do believe that's why

1238
00:52:58,130 --> 00:52:56,819

we're seeing more like the Navy is uh

1239

00:52:59,809 --> 00:52:58,140

you know getting some of those videos

1240

00:53:01,430 --> 00:52:59,819

because they're

1241

00:53:03,470 --> 00:53:01,440

um they're in a different Spectrum I do

1242

00:53:06,349 --> 00:53:03,480

believe uh I think it's time for us to

1243

00:53:08,450 --> 00:53:06,359

say good night to kgra radio thank you

1244

00:53:11,809 --> 00:53:08,460

everyone over there we'll be back uh

1245

00:53:14,930 --> 00:53:11,819

next week with Kurt German and uh thanks

1246

00:53:17,510 --> 00:53:14,940

again over at kgra radio and merry

1247

00:53:19,549 --> 00:53:17,520

Christmas and happy Hanukkah

1248

00:53:23,089 --> 00:53:19,559

so we're going to continue on a little

1249

00:53:24,530 --> 00:53:23,099

bit here so uh Mary Grace has this

1250

00:53:26,930 --> 00:53:24,540

question what do you think about the

1251

00:53:29,329 --> 00:53:26,940

group The Collins Elite and their

1252

00:53:32,510 --> 00:53:29,339

opinions on aliens and UFOs I'm not

1253

00:53:36,470 --> 00:53:32,520

familiar with them are you um

1254

00:53:38,030 --> 00:53:36,480

the Collins Elite allegedly are uh folks

1255

00:53:40,750 --> 00:53:38,040

in the Pentagon

1256

00:53:44,329 --> 00:53:40,760

who would like to

1257

00:53:47,630 --> 00:53:44,339

suppress the notion that these visitors

1258

00:53:51,130 --> 00:53:47,640

are all space brothers and sisters with

1259

00:53:56,569 --> 00:53:51,140

our best interests at heart

1260

00:53:58,549 --> 00:53:56,579

and so the way they do that is try to

1261

00:54:01,210 --> 00:53:58,559

um

1262

00:54:04,010 --> 00:54:01,220

try to cast them as

1263

00:54:08,150 --> 00:54:04,020

satanic as demons

1264

00:54:10,609 --> 00:54:08,160

they try to cater to those who

1265

00:54:13,150 --> 00:54:10,619

um through their own religious beliefs

1266

00:54:16,549 --> 00:54:13,160

and their own religious belief systems

1267

00:54:17,510 --> 00:54:16,559

will be more amenable to thinking that

1268

00:54:19,910 --> 00:54:17,520

way

1269

00:54:23,450 --> 00:54:19,920

and so they want to scare people and

1270

00:54:26,930 --> 00:54:23,460

thinking that they're here uh to invade

1271

00:54:28,910 --> 00:54:26,940

us to take take us over and we need to

1272

00:54:31,490 --> 00:54:28,920

defeat them in some way

1273

00:54:32,990 --> 00:54:31,500

and to they're not all space brothers

1274

00:54:35,809 --> 00:54:33,000

and sisters

1275

00:54:37,130 --> 00:54:35,819

um that's the Collins Elite uh now some

1276

00:54:39,650 --> 00:54:37,140

people think well that's just a

1277

00:54:40,849 --> 00:54:39,660

conspiracy theory no there are people in

1278

00:54:43,010 --> 00:54:40,859

the Pentagon

1279

00:54:45,829 --> 00:54:43,020

who believe that

1280

00:54:49,790 --> 00:54:45,839

and so they do not want to entertain

1281

00:54:52,069 --> 00:54:49,800

anything to do with uh looking at uaps

1282

00:54:53,809 --> 00:54:52,079

even from a scientific

1283

00:54:56,630 --> 00:54:53,819

kind of

1284

00:55:00,290 --> 00:54:56,640

uh standpoint because they do believe

1285

00:55:01,370 --> 00:55:00,300

that there are they are demonic

1286

00:55:04,370 --> 00:55:01,380

um it's just that they're just

1287

00:55:07,190 --> 00:55:04,380

projecting their own belief systems not

1288

00:55:08,030 --> 00:55:07,200

that I'm not castigating anyone's belief

1289

00:55:10,250 --> 00:55:08,040

system

1290

00:55:12,410 --> 00:55:10,260

but they're they closely hold these

1291

00:55:14,690 --> 00:55:12,420

belief systems and that what they're

1292

00:55:16,910 --> 00:55:14,700

seeing they believe is fulfillment of

1293

00:55:19,490 --> 00:55:16,920

biblical at least from the Christian

1294

00:55:23,930 --> 00:55:19,500

standpoint prophecy

1295

00:55:26,270 --> 00:55:23,940

um that they're they're uh they're

1296

00:55:29,329 --> 00:55:26,280

Devils they're demons they're here to

1297

00:55:30,349 --> 00:55:29,339

deceive you and to

1298

00:55:34,910 --> 00:55:30,359

um

1299

00:55:35,870 --> 00:55:34,920

and to uh make you disbelieve in what

1300

00:55:39,890 --> 00:55:35,880

you believe

1301
00:55:42,470 --> 00:55:39,900
and so that's a real group as far as

1302
00:55:43,370 --> 00:55:42,480
um what I know about them

1303
00:55:46,010 --> 00:55:43,380
um

1304
00:55:49,010 --> 00:55:46,020
I have not run into anyone who I would

1305
00:55:50,450 --> 00:55:49,020
say they're members of the Collins Elite

1306
00:55:54,470 --> 00:55:50,460
that is I don't know if it's an

1307
00:55:57,230 --> 00:55:54,480
organization or it's a label for that

1308
00:55:59,030 --> 00:55:57,240
belief that they're demonic

1309
00:56:01,849 --> 00:55:59,040
um so I don't know if they like get

1310
00:56:04,130 --> 00:56:01,859
together and ask the Collins Elite well

1311
00:56:07,010 --> 00:56:04,140
I do know that there are people who

1312
00:56:09,109 --> 00:56:07,020
deeply hold uh religious convictions

1313
00:56:12,290 --> 00:56:09,119

more of a traditional Christian nature

1314

00:56:14,329 --> 00:56:12,300

that will perceive uaps and their

1315

00:56:15,410 --> 00:56:14,339

occupants as demonic

1316

00:56:18,370 --> 00:56:15,420

yes

1317

00:56:21,290 --> 00:56:18,380

I know that uh again I know I mentioned

1318

00:56:23,450 --> 00:56:21,300

Luella zondo earlier but he was saying

1319

00:56:26,390 --> 00:56:23,460

that as Superior

1320

00:56:28,430 --> 00:56:26,400

um that he reported to actually thought

1321

00:56:30,170 --> 00:56:28,440

they were demonic which I thought was

1322

00:56:31,849 --> 00:56:30,180

very interesting you know with that

1323

00:56:34,910 --> 00:56:31,859

position in the government could

1324

00:56:37,569 --> 00:56:34,920

actually think of something like that

1325

00:56:42,049 --> 00:56:37,579

so that's that's uh another interesting

1326

00:56:44,569 --> 00:56:42,059

uh take on that uh this is I think is a

1327

00:56:46,010 --> 00:56:44,579

really good question if and this is an

1328

00:56:48,829 --> 00:56:46,020

opinion question if there was a mass

1329

00:56:50,809 --> 00:56:48,839

laning of UFOs all over the world who

1330

00:56:53,990 --> 00:56:50,819

would handle the media

1331

00:56:55,730 --> 00:56:54,000

yeah because what uh each each country

1332

00:56:58,370 --> 00:56:55,740

or you know I mean that type of thing

1333

00:56:59,450 --> 00:56:58,380

well in this country uh it's going to be

1334

00:57:01,609 --> 00:56:59,460

a free-for-all

1335

00:57:04,970 --> 00:57:01,619

because uh

1336

00:57:06,410 --> 00:57:04,980

we still have uh an independent media

1337

00:57:08,329 --> 00:57:06,420

not controlled by the government

1338

00:57:10,309 --> 00:57:08,339

influenced by the government might not

1339

00:57:12,290 --> 00:57:10,319

controlled by the government

1340

00:57:13,609 --> 00:57:12,300

uh in other countries the media is

1341

00:57:15,410 --> 00:57:13,619

controlled by the government but when

1342

00:57:19,069 --> 00:57:15,420

you have a mass Landing like that which

1343

00:57:22,790 --> 00:57:19,079

I am hoping will happen actually uh by

1344

00:57:24,049 --> 00:57:22,800

uh 2027 I hope that happens because that

1345

00:57:26,210 --> 00:57:24,059

would Break It Wide Open of course

1346

00:57:28,190 --> 00:57:26,220

they'll be the end of that there'd be no

1347

00:57:30,290 --> 00:57:28,200

more need for disclosure because they

1348

00:57:32,030 --> 00:57:30,300

disclose themselves that's what I was

1349

00:57:34,970 --> 00:57:32,040

talking about that they themselves are

1350

00:57:37,670 --> 00:57:34,980

in charge of disclosure if they do it by

1351

00:57:40,670 --> 00:57:37,680

this Mass Landing uh anywhere the media

1352

00:57:43,069 --> 00:57:40,680

is in this country uh it will be the

1353

00:57:46,069 --> 00:57:43,079

biggest news

1354

00:57:47,510 --> 00:57:46,079

on the planet but

1355

00:57:49,190 --> 00:57:47,520

going back to the previous question

1356

00:57:51,049 --> 00:57:49,200

there'll be those who believe that the

1357

00:57:53,690 --> 00:57:51,059

occupants are doubles and they need to

1358

00:57:55,670 --> 00:57:53,700

be destroyed yeah you know and you have

1359

00:57:57,710 --> 00:57:55,680

that faction and that you have other

1360

00:58:00,049 --> 00:57:57,720

factions believing that it's all oh

1361

00:58:02,569 --> 00:58:00,059

don't believe that you know it's all

1362

00:58:03,230 --> 00:58:02,579

like computer generated Graphics you

1363

00:58:07,970 --> 00:58:03,240

know

1364

00:58:12,589 --> 00:58:07,980

you're going to get a

1365

00:58:15,349 --> 00:58:12,599

a wide range of opinions but uh I I

1366

00:58:17,210 --> 00:58:15,359

would love to see that happen uh in this

1367

00:58:20,089 --> 00:58:17,220

country uh it will be the biggest news

1368

00:58:22,250 --> 00:58:20,099

story ever yes of course and in other

1369

00:58:24,170 --> 00:58:22,260

countries that have uh more or less an

1370

00:58:27,470 --> 00:58:24,180

independent press

1371

00:58:29,990 --> 00:58:27,480

yeah I think like you know you again

1372

00:58:32,030 --> 00:58:30,000

talking science fiction they're always

1373

00:58:36,530 --> 00:58:32,040

like attacking whatever lands here and

1374

00:58:38,030 --> 00:58:36,540

that is a very big possibility that

1375

00:58:40,549 --> 00:58:38,040

um there would be some type of violence

1376

00:58:42,890 --> 00:58:40,559

and you know perhaps that's one of the

1377

00:58:45,109 --> 00:58:42,900

reasons that these things are not really

1378

00:58:47,750 --> 00:58:45,119

showing themselves you know it's because

1379

00:58:50,630 --> 00:58:47,760

we tend to be very violent and tribal

1380

00:58:53,870 --> 00:58:50,640

and who knows what we would do if there

1381

00:58:56,750 --> 00:58:53,880

was like a mass Landing uh would we just

1382

00:58:59,030 --> 00:58:56,760

simply prepare for a conflict or would

1383

00:59:01,549 --> 00:58:59,040

we actually initiate something you know

1384

00:59:03,230 --> 00:59:01,559

that's that's right everything well I

1385

00:59:05,450 --> 00:59:03,240

think I think the dialogue we have now

1386

00:59:08,870 --> 00:59:05,460

in this country uh even with the recent

1387

00:59:11,390 --> 00:59:08,880

legislation uh that passed uh through

1388

00:59:13,609 --> 00:59:11,400

the uh legislature and and it's on its

1389

00:59:15,710 --> 00:59:13,619

way up to the president's desk

1390

00:59:18,470 --> 00:59:15,720

um even with that uh we're kind of

1391

00:59:19,490 --> 00:59:18,480

preparing the the U.S population at

1392

00:59:22,490 --> 00:59:19,500

least then

1393

00:59:24,530 --> 00:59:22,500

uh by extension the world population and

1394

00:59:27,109 --> 00:59:24,540

to that reality that there is something

1395

00:59:28,970 --> 00:59:27,119

there is a presence here and that we

1396

00:59:31,010 --> 00:59:28,980

need to explain this presence because if

1397

00:59:33,049 --> 00:59:31,020

they show up and we continue to do what

1398

00:59:35,030 --> 00:59:33,059

we did before in previous decades and

1399

00:59:37,190 --> 00:59:35,040

this show up there will be mass panic

1400

00:59:38,950 --> 00:59:37,200

but if you understand that though these

1401

00:59:42,890 --> 00:59:38,960

are real and we have five years from

1402

00:59:46,069 --> 00:59:42,900

2022 or maybe now four years uh if they

1403

00:59:47,809 --> 00:59:46,079

come in 2027 uh for for the US

1404

00:59:51,410 --> 00:59:47,819

government to prepare the people about

1405

00:59:54,650 --> 00:59:51,420

what is up there and in many ways I

1406

00:59:56,630 --> 00:59:54,660

think uh the word got out uh within the

1407

01:00:00,410 --> 00:59:56,640

government that they're showing up

1408

01:00:02,150 --> 01:00:00,420

in 2027 and uh we better be prepared and

1409

01:00:04,190 --> 01:00:02,160

and if not there's going to be a lot of

1410

01:00:06,890 --> 01:00:04,200

explaining to do

1411

01:00:08,809 --> 01:00:06,900

um and so I think that dialogue has

1412

01:00:11,089 --> 01:00:08,819

happened within

1413

01:00:12,950 --> 01:00:11,099

uh inside the government in certain

1414

01:00:16,370 --> 01:00:12,960

areas inside the government that we need

1415

01:00:19,370 --> 01:00:16,380

to prepare and that's why in 2017 uh

1416

01:00:22,010 --> 01:00:19,380

that set a clock of 10 years and why Lou

1417

01:00:24,230 --> 01:00:22,020

Elizondo uh earlier in this year said

1418

01:00:25,730 --> 01:00:24,240

you know just find a hobby for five

1419

01:00:28,609 --> 01:00:25,740

years

1420

01:00:30,710 --> 01:00:28,619

and uh you know it'll all be out in five

1421

01:00:32,390 --> 01:00:30,720

years and he said that this year so that

1422

01:00:36,710 --> 01:00:32,400

was 2027.

1423

01:00:38,450 --> 01:00:36,720

and I would say I've heard 2027 in a

1424

01:00:41,750 --> 01:00:38,460

kind of an official capacity and I can't

1425

01:00:45,230 --> 01:00:41,760

reveal so I think um I I would say that

1426
01:00:46,730 --> 01:00:45,240
people in the government are aware of

1427
01:00:50,569 --> 01:00:46,740
something happening

1428
01:00:52,609 --> 01:00:50,579
and that there's limited time uh

1429
01:00:55,190 --> 01:00:52,619
a few more years to prepare the people

1430
01:00:59,030 --> 01:00:55,200
and that's what's wrapping up uh this

1431
01:01:02,150 --> 01:00:59,040
acceleration uh from the previous seven

1432
01:01:04,670 --> 01:01:02,160
decades of not even acknowledging it to

1433
01:01:06,530 --> 01:01:04,680
now we we are acknowledging it at a

1434
01:01:09,650 --> 01:01:06,540
faster and faster pace

1435
01:01:11,390 --> 01:01:09,660
now I heard out on I was probably social

1436
01:01:14,510 --> 01:01:11,400
media like Twitter or something like

1437
01:01:16,730 --> 01:01:14,520
that that uh the

1438
01:01:22,069 --> 01:01:16,740

the report that was supposed to be out

1439

01:01:24,710 --> 01:01:22,079

October 31st is going to be uh publicly

1440

01:01:26,930 --> 01:01:24,720

revealed before the end of the year now

1441

01:01:28,670 --> 01:01:26,940

I don't know how true that is and if

1442

01:01:30,170 --> 01:01:28,680

it's just a rumor I'm passing along or

1443

01:01:33,349 --> 01:01:30,180

not have you heard anything about that

1444

01:01:36,289 --> 01:01:33,359

at all yourself uh the report itself no

1445

01:01:37,750 --> 01:01:36,299

I I don't know anything about the report

1446

01:01:40,190 --> 01:01:37,760

um

1447

01:01:43,430 --> 01:01:40,200

the Press was briefed

1448

01:01:45,589 --> 01:01:43,440

uh by the Pentagon recently about the

1449

01:01:48,289 --> 01:01:45,599

contents of a report or contents of

1450

01:01:49,130 --> 01:01:48,299

findings that went into the report

1451

01:01:54,109 --> 01:01:49,140

um

1452

01:01:57,890 --> 01:01:54,119

I do believe that the legislative branch

1453

01:01:59,890 --> 01:01:57,900

was briefed as to some of the evidence

1454

01:02:03,829 --> 01:01:59,900

in the report

1455

01:02:05,990 --> 01:02:03,839

perhaps photographs or videos upon which

1456

01:02:10,430 --> 01:02:06,000

the report was based

1457

01:02:14,510 --> 01:02:10,440

uh so but as far as the report itself uh

1458

01:02:16,730 --> 01:02:14,520

I don't know what stage it's at

1459

01:02:19,130 --> 01:02:16,740

um because uh

1460

01:02:20,990 --> 01:02:19,140

the previous report was a preliminary

1461

01:02:23,210 --> 01:02:21,000

assessment was not the report

1462

01:02:25,789 --> 01:02:23,220

and it seemed like that was written

1463

01:02:28,250 --> 01:02:25,799

first and the actual report followed

1464

01:02:31,190 --> 01:02:28,260

because it was very poorly written in my

1465

01:02:33,109 --> 01:02:31,200

opinion it was just terribly written and

1466

01:02:34,370 --> 01:02:33,119

this doesn't seem like a product of the

1467

01:02:36,890 --> 01:02:34,380

old dni

1468

01:02:39,049 --> 01:02:36,900

it was so poorly written um definitely a

1469

01:02:42,230 --> 01:02:39,059

CI officer did not write that

1470

01:02:45,230 --> 01:02:42,240

uh but I I think that was like let's get

1471

01:02:47,210 --> 01:02:45,240

together that what we have as of what we

1472

01:02:49,010 --> 01:02:47,220

collected and put together some

1473

01:02:51,230 --> 01:02:49,020

statistics and put together this

1474

01:02:52,549 --> 01:02:51,240

preliminary assessment and they're still

1475

01:02:56,150 --> 01:02:52,559

working on the report

1476

01:02:58,910 --> 01:02:56,160

and that eventually got released

1477

01:03:01,309 --> 01:02:58,920

um but that could be that there's no

1478

01:03:03,230 --> 01:03:01,319

preliminary unclassified assessment this

1479

01:03:05,410 --> 01:03:03,240

time around that there is the classified

1480

01:03:07,670 --> 01:03:05,420

report and from it they might release

1481

01:03:08,809 --> 01:03:07,680

unclassified parts of it to us and I

1482

01:03:11,569 --> 01:03:08,819

don't know when that's going to happen

1483

01:03:13,430 --> 01:03:11,579

but keep in mind that this is an

1484

01:03:14,750 --> 01:03:13,440

oversight function of the legislative

1485

01:03:17,510 --> 01:03:14,760

branch

1486

01:03:19,849 --> 01:03:17,520

on the Executive Branch the executive

1487

01:03:22,670 --> 01:03:19,859

branch owes a deliverable

1488

01:03:25,549 --> 01:03:22,680

this report to the legislative branch

1489

01:03:27,829 --> 01:03:25,559

the people's Representatives it's up to

1490

01:03:29,569 --> 01:03:27,839

the executive branch not Congress the

1491

01:03:31,329 --> 01:03:29,579

executive branch to release that report

1492

01:03:34,390 --> 01:03:31,339

to the public

1493

01:03:37,010 --> 01:03:34,400

so there's a distinction there original

1494

01:03:41,450 --> 01:03:37,020

classification Authority rests with the

1495

01:03:44,390 --> 01:03:41,460

odni and the Department of Defense so

1496

01:03:46,670 --> 01:03:44,400

Avril Haynes and secretary Austin their

1497

01:03:48,289 --> 01:03:46,680

original classification Authority they

1498

01:03:51,230 --> 01:03:48,299

have original classification Authority

1499

01:03:54,170 --> 01:03:51,240

and they're the ones who can with that

1500

01:03:56,329 --> 01:03:54,180

Authority then declassify certain parts

1501
01:03:58,730 --> 01:03:56,339
of the report for release and perhaps

1502
01:04:01,190 --> 01:03:58,740
there's the debate going on between the

1503
01:04:02,329 --> 01:04:01,200
defense department which if they had

1504
01:04:03,470 --> 01:04:02,339
their way they would not release

1505
01:04:06,289 --> 01:04:03,480
anything

1506
01:04:08,510 --> 01:04:06,299
and the odni which seems a little more

1507
01:04:11,030 --> 01:04:08,520
forthcoming in what they want to talk

1508
01:04:12,950 --> 01:04:11,040
about what they can release so it could

1509
01:04:15,730 --> 01:04:12,960
be an internal battle as to what can be

1510
01:04:18,650 --> 01:04:15,740
classified and what can be unclassified

1511
01:04:20,089 --> 01:04:18,660
but as far as when it happens I don't

1512
01:04:21,589 --> 01:04:20,099
know

1513
01:04:24,650 --> 01:04:21,599

um

1514

01:04:26,870 --> 01:04:24,660

here's a another question here in your

1515

01:04:31,430 --> 01:04:26,880

opinion why has the government been

1516

01:04:34,130 --> 01:04:31,440

hiding this disclosure issue for so long

1517

01:04:35,450 --> 01:04:34,140

well it's not because uh a spacecraft

1518

01:04:37,250 --> 01:04:35,460

landed

1519

01:04:38,990 --> 01:04:37,260

from another world and there may be

1520

01:04:40,250 --> 01:04:39,000

beings on another world that's an issue

1521

01:04:42,190 --> 01:04:40,260

for science

1522

01:04:45,230 --> 01:04:42,200

you know it's it's it's

1523

01:04:48,589 --> 01:04:45,240

primarily it's the exploitation of what

1524

01:04:50,870 --> 01:04:48,599

crashed the fact that we were able to

1525

01:04:56,390 --> 01:04:53,329

derive technology

1526

01:04:57,589 --> 01:04:56,400

from these vehicles and adapt it for

1527

01:05:00,349 --> 01:04:57,599

human use

1528

01:05:02,690 --> 01:05:00,359

that's one thing the other thing is did

1529

01:05:05,109 --> 01:05:02,700

we get help in doing so

1530

01:05:08,510 --> 01:05:05,119

from the occupants

1531

01:05:10,250 --> 01:05:08,520

later that if you believe in the

1532

01:05:12,770 --> 01:05:10,260

Holloman Air Force

1533

01:05:14,569 --> 01:05:12,780

base story landed

1534

01:05:17,270 --> 01:05:14,579

um did we get help from them

1535

01:05:20,289 --> 01:05:17,280

and that can't be disclosed I think the

1536

01:05:24,770 --> 01:05:20,299

part that can't be disclose is any

1537

01:05:28,250 --> 01:05:24,780

existence of them on this planet

1538

01:05:31,870 --> 01:05:28,260

and their relationship to humans in the

1539

01:05:36,289 --> 01:05:31,880

fact that perhaps that they had some uh

1540

01:05:38,690 --> 01:05:36,299

influence or uh some intervention in how

1541

01:05:40,970 --> 01:05:38,700

we developed because

1542

01:05:42,530 --> 01:05:40,980

we basically they don't look like us we

1543

01:05:45,770 --> 01:05:42,540

look like them that's why some of them

1544

01:05:48,109 --> 01:05:45,780

look like us that they look human

1545

01:05:50,630 --> 01:05:48,119

they might be tall and some people call

1546

01:05:55,069 --> 01:05:50,640

them the tall nordics but some of them

1547

01:05:56,390 --> 01:05:55,079

look like us and perhaps because we are

1548

01:05:59,990 --> 01:05:56,400

them

1549

01:06:01,970 --> 01:06:00,000

and so that is that part of what was

1550

01:06:04,609 --> 01:06:01,980

gained from our interaction direct

1551
01:06:07,789 --> 01:06:04,619
interaction with these various non-human

1552
01:06:09,950 --> 01:06:07,799
intelligences more than one

1553
01:06:12,349 --> 01:06:09,960
um and that's that's can't be disclosed

1554
01:06:14,089 --> 01:06:12,359
but the government now is more than

1555
01:06:17,270 --> 01:06:14,099
happy to talk about lights in the sky

1556
01:06:19,789 --> 01:06:17,280
all day long and they'll talk about uh

1557
01:06:22,809 --> 01:06:19,799
videos and photos and you know all of

1558
01:06:26,569 --> 01:06:22,819
that and encounters by military aviators

1559
01:06:28,130 --> 01:06:26,579
encounters by uh Naval Personnel they'll

1560
01:06:31,490 --> 01:06:28,140
talk about that all the time

1561
01:06:34,490 --> 01:06:31,500
they won't talk about who's in them yeah

1562
01:06:35,750 --> 01:06:34,500
how are they getting here yeah where are

1563
01:06:37,910 --> 01:06:35,760

they from they don't want to talk about

1564

01:06:38,870 --> 01:06:37,920

that yet maybe that will be further

1565

01:06:40,789 --> 01:06:38,880

along

1566

01:06:42,770 --> 01:06:40,799

yeah there's a lot of articles that have

1567

01:06:45,470 --> 01:06:42,780

come out recently that say something

1568

01:06:48,049 --> 01:06:45,480

like oh there's no sign of you know

1569

01:06:50,990 --> 01:06:48,059

aliens or or you know you know like that

1570

01:06:54,589 --> 01:06:51,000

they're like dismissing and kind of

1571

01:06:57,470 --> 01:06:54,599

close close-minded right yeah right yeah

1572

01:06:59,450 --> 01:06:57,480

yeah in fact uh that came out um in the

1573

01:07:02,329 --> 01:06:59,460

recent press uh

1574

01:07:04,970 --> 01:07:02,339

uh recent press event uh sponsored by

1575

01:07:07,250 --> 01:07:04,980

the Department of Defense uh you have to

1576

01:07:10,730 --> 01:07:07,260

parse I tell people when the government

1577

01:07:13,849 --> 01:07:10,740

speaks they speak literally you have to

1578

01:07:16,190 --> 01:07:13,859

parse what they say literally

1579

01:07:19,309 --> 01:07:16,200

don't add or subtract anything to what

1580

01:07:22,250 --> 01:07:19,319

they say and so when they said that we

1581

01:07:25,549 --> 01:07:22,260

have no evidence of extraterrestrials

1582

01:07:28,849 --> 01:07:25,559

so forth and so on they were referring

1583

01:07:32,990 --> 01:07:28,859

to in the previous one year

1584

01:07:35,210 --> 01:07:33,000

we had reports from military personnel

1585

01:07:38,630 --> 01:07:35,220

and the reporting of these military

1586

01:07:40,190 --> 01:07:38,640

personnel we have no evidence that these

1587

01:07:43,849 --> 01:07:40,200

are extraterrestrial craft and their

1588

01:07:47,950 --> 01:07:43,859

extraterrestrials because most of the

1589

01:07:51,049 --> 01:07:47,960

evidence are uh was from uh military

1590

01:07:53,270 --> 01:07:51,059

aviators they're inside their aircraft

1591

01:07:55,490 --> 01:07:53,280

and they encounter them

1592

01:07:57,289 --> 01:07:55,500

and so they didn't like actually like

1593

01:07:58,849 --> 01:07:57,299

land and they didn't land their plane

1594

01:08:00,950 --> 01:07:58,859

and they didn't go meet them

1595

01:08:03,049 --> 01:08:00,960

you know they didn't they didn't show

1596

01:08:05,510 --> 01:08:03,059

themselves they show the craft so that's

1597

01:08:07,970 --> 01:08:05,520

why the report is about craft sightings

1598

01:08:09,890 --> 01:08:07,980

so the Department of Defense is not

1599

01:08:11,870 --> 01:08:09,900

lying when they say that we have no

1600

01:08:14,990 --> 01:08:11,880

evidence because the evidence they're

1601
01:08:16,309 --> 01:08:15,000
pointing to is only restricted to that

1602
01:08:21,050 --> 01:08:16,319
one year

1603
01:08:24,650 --> 01:08:21,060
and the UAP task force uh you know they

1604
01:08:28,610 --> 01:08:24,660
had no they did not collect any data

1605
01:08:30,890 --> 01:08:28,620
before November 12 2004. that's Tic Tac

1606
01:08:32,630 --> 01:08:30,900
right and so when they were asked about

1607
01:08:35,689 --> 01:08:32,640
maelstrom

1608
01:08:37,610 --> 01:08:35,699
Moultrie actually said that they were

1609
01:08:40,370 --> 01:08:37,620
not in the Holdings

1610
01:08:43,610 --> 01:08:40,380
of the task force which is correct

1611
01:08:45,470 --> 01:08:43,620
because they purposely Limited

1612
01:08:47,990 --> 01:08:45,480
their scope

1613
01:08:51,950 --> 01:08:48,000

going back to 2004 Maelstrom happened in

1614

01:08:53,269 --> 01:08:51,960

67. yeah so I I was by golly if I was

1615

01:08:55,930 --> 01:08:53,279

sitting on that committee as a member of

1616

01:08:59,870 --> 01:08:55,940

Congress I I would ask better questions

1617

01:09:01,849 --> 01:08:59,880

because I would follow up Mr Moultrie no

1618

01:09:04,550 --> 01:09:01,859

I wanted to know is does the Department

1619

01:09:07,370 --> 01:09:04,560

of Defense have any evidence of what

1620

01:09:09,650 --> 01:09:07,380

happened to Maelstrom back in 67th not

1621

01:09:12,349 --> 01:09:09,660

the task force the Department of Defense

1622

01:09:15,010 --> 01:09:12,359

and so he answered honestly they answer

1623

01:09:17,990 --> 01:09:15,020

honestly but they parse their answers

1624

01:09:20,450 --> 01:09:18,000

literally very carefully they never

1625

01:09:21,530 --> 01:09:20,460

volunteer anything more than what you

1626

01:09:24,349 --> 01:09:21,540

ask

1627

01:09:26,630 --> 01:09:24,359

supposedly they're mandated the

1628

01:09:29,269 --> 01:09:26,640

beginning of next year to to research

1629

01:09:31,189 --> 01:09:29,279

all the way back to the 1940s which

1630

01:09:32,809 --> 01:09:31,199

would be really uh which would really

1631

01:09:35,689 --> 01:09:32,819

open up a lot

1632

01:09:38,150 --> 01:09:35,699

a lot of stuff happened of course right

1633

01:09:41,630 --> 01:09:38,160

yes yeah so that should be interesting

1634

01:09:43,249 --> 01:09:41,640

uh so this person wanted to know what is

1635

01:09:46,789 --> 01:09:43,259

the connection between uaps and things

1636

01:09:48,829 --> 01:09:46,799

like the cia's Gateway project the

1637

01:09:50,990 --> 01:09:48,839

Pentagon Stargate project is there any

1638

01:09:53,390 --> 01:09:51,000

connection that you're aware of first of

1639

01:09:56,270 --> 01:09:53,400

all the Gateway project was not CIA that

1640

01:09:59,650 --> 01:09:56,280

the Gateway uh Gateway is actually a a

1641

01:10:02,450 --> 01:09:59,660

term used by the Monroe Institute itself

1642

01:10:03,950 --> 01:10:02,460

so it's the Monroe institute's Gateway

1643

01:10:07,370 --> 01:10:03,960

program

1644

01:10:10,130 --> 01:10:07,380

uh CIA had various names for remote

1645

01:10:13,550 --> 01:10:10,140

viewing uh it was never a Gateway that's

1646

01:10:16,490 --> 01:10:13,560

Monroe Institute Stargate was one that

1647

01:10:19,250 --> 01:10:16,500

was bantued around between CIA uh

1648

01:10:21,830 --> 01:10:19,260

Department of Defense and back to CIA so

1649

01:10:23,750 --> 01:10:21,840

when the program stopped it was the CIA

1650

01:10:25,910 --> 01:10:23,760

Stargate program

1651

01:10:28,130 --> 01:10:25,920

uh the Army had something called center

1652

01:10:30,290 --> 01:10:28,140

lane and that was the name but there

1653

01:10:33,110 --> 01:10:30,300

were various names as far as the

1654

01:10:36,830 --> 01:10:33,120

connection between uaps and remote

1655

01:10:39,410 --> 01:10:36,840

viewing uh uaps were remote viewed

1656

01:10:44,390 --> 01:10:39,420

buy remote viewers uh there was a remote

1657

01:10:48,110 --> 01:10:44,400

viewing of a uh of a Galactic Federation

1658

01:10:49,610 --> 01:10:48,120

done by the late male Wright Riley and

1659

01:10:51,950 --> 01:10:49,620

that remote viewing session was

1660

01:10:54,770 --> 01:10:51,960

facilitated by Ed dames

1661

01:10:55,430 --> 01:10:54,780

uh so that's that's in the record

1662

01:10:58,490 --> 01:10:55,440

um

1663

01:11:01,250 --> 01:10:58,500

Joe mcmonagle remote viewed Mars

1664

01:11:04,189 --> 01:11:01,260

many many like a million years ago and

1665

01:11:07,130 --> 01:11:04,199

and remote viewed it to be populated

1666

01:11:09,830 --> 01:11:07,140

by these very tall beings don't look

1667

01:11:13,850 --> 01:11:09,840

human uh so you know that's the

1668

01:11:15,410 --> 01:11:13,860

connection uh that remote viewers have

1669

01:11:17,330 --> 01:11:15,420

reported

1670

01:11:18,890 --> 01:11:17,340

being in contact with non-human

1671

01:11:24,590 --> 01:11:18,900

intelligences

1672

01:11:28,550 --> 01:11:26,030

um

1673

01:11:30,770 --> 01:11:28,560

some people have reported

1674

01:11:34,510 --> 01:11:30,780

without evidence I have to stress

1675

01:11:38,149 --> 01:11:34,520

without evidence that some of these crap

1676

01:11:41,149 --> 01:11:38,159

have no visible means of propulsion and

1677

01:11:45,290 --> 01:11:41,159

they look like that the visible means of

1678

01:11:47,930 --> 01:11:45,300

propulsion uh is the occupant

1679

01:11:49,910 --> 01:11:47,940

oh wow occupants themselves their

1680

01:11:52,490 --> 01:11:49,920

consciousness

1681

01:11:54,050 --> 01:11:52,500

becomes part of that craft the craft

1682

01:11:56,870 --> 01:11:54,060

becomes an extension of their

1683

01:11:59,270 --> 01:11:56,880

Consciousness and they can then

1684

01:12:01,729 --> 01:11:59,280

probably using protocols similar to

1685

01:12:03,590 --> 01:12:01,739

remote viewing perhaps able to propel

1686

01:12:06,229 --> 01:12:03,600

that craft where it needs to go you

1687

01:12:09,649 --> 01:12:06,239

literally think it someplace and off it

1688

01:12:11,090 --> 01:12:09,659

goes the craft itself is a holder of

1689

01:12:13,970 --> 01:12:11,100

consciousness

1690

01:12:16,130 --> 01:12:13,980

huh with the occupants in it and that's

1691

01:12:17,390 --> 01:12:16,140

why we can't make some of these things

1692

01:12:19,490 --> 01:12:17,400

fly

1693

01:12:22,669 --> 01:12:19,500

now there's a story out

1694

01:12:25,490 --> 01:12:22,679

in social media I could never Trace I

1695

01:12:27,410 --> 01:12:25,500

saw it once and I lost it that uh drum

1696

01:12:29,990 --> 01:12:27,420

below Melchizedek

1697

01:12:33,530 --> 01:12:30,000

uh who has the Macaba

1698

01:12:37,189 --> 01:12:33,540

uh field uh protocols but he was asked

1699

01:12:39,590 --> 01:12:37,199

he was given like a blank check to make

1700

01:12:42,590 --> 01:12:39,600

one of these craft fly

1701

01:12:47,149 --> 01:12:42,600

using the uh

1702

01:12:49,490 --> 01:12:47,159

Kaaba protocols to make them fly uh I

1703

01:12:51,350 --> 01:12:49,500

don't know if that's true or not and

1704

01:12:54,530 --> 01:12:51,360

basically that's a deep meditation

1705

01:12:56,990 --> 01:12:54,540

protocol where you imagine like uh

1706

01:12:58,850 --> 01:12:57,000

yourself uh swirling a Vortex of energy

1707

01:13:01,430 --> 01:12:58,860

around you you can feel that energy

1708

01:13:03,709 --> 01:13:01,440

going up and through your chakras along

1709

01:13:07,850 --> 01:13:03,719

with some deep breathing exercise

1710

01:13:11,149 --> 01:13:07,860

uh and that's what he teaches uh and so

1711

01:13:14,090 --> 01:13:11,159

that's a form I guess of of projection

1712

01:13:16,250 --> 01:13:14,100

astral projection or whatnot but

1713

01:13:19,430 --> 01:13:16,260

uh I I can't

1714

01:13:21,350 --> 01:13:19,440

I can't find that reference anymore

1715

01:13:25,070 --> 01:13:21,360

about that

1716

01:13:27,830 --> 01:13:25,080

if you were given a release from your

1717

01:13:31,370 --> 01:13:27,840

ndas from the new defense bill would you

1718

01:13:34,130 --> 01:13:31,380

testify if you were asked in Congress

1719

01:13:37,970 --> 01:13:34,140

well um

1720

01:13:41,149 --> 01:13:37,980

my ndas have nothing to do with uaps

1721

01:13:42,530 --> 01:13:41,159

oh I see yeah so yeah I'm free to

1722

01:13:45,950 --> 01:13:42,540

testify about anything

1723

01:13:47,570 --> 01:13:45,960

um but uh

1724

01:13:50,090 --> 01:13:47,580

you know I

1725

01:13:53,209 --> 01:13:50,100

as any citizen if if I'm subpoenaed to

1726

01:13:56,750 --> 01:13:53,219

testify I will testify about anything

1727

01:13:59,330 --> 01:13:56,760

I'm free to do so if they uh would like

1728

01:14:01,310 --> 01:13:59,340

need to testify I'll be happy to do so

1729

01:14:03,169 --> 01:14:01,320

um I don't need a release of ndas to do

1730

01:14:05,390 --> 01:14:03,179

so because I don't have any UAP ndas

1731

01:14:08,689 --> 01:14:05,400

again there there are things I heard

1732

01:14:12,470 --> 01:14:08,699

during my 25-year career

1733

01:14:13,490 --> 01:14:12,480

um that led me to then investigate on my

1734

01:14:15,530 --> 01:14:13,500

own

1735

01:14:18,169 --> 01:14:15,540

and that's when I discovered certain

1736

01:14:20,689 --> 01:14:18,179

things happening

1737

01:14:23,149 --> 01:14:20,699

related to uaps but I was never read

1738

01:14:26,149 --> 01:14:23,159

into in fact I was re I refused to be

1739

01:14:29,149 --> 01:14:26,159

read into any UAP NDA I had an

1740

01:14:30,290 --> 01:14:29,159

opportunity once to be read into the org

1741

01:14:31,669 --> 01:14:30,300

working group

1742

01:14:33,950 --> 01:14:31,679

which I've talked about in other

1743

01:14:35,990 --> 01:14:33,960

interviews and I did not want to know

1744

01:14:37,790 --> 01:14:36,000

anything about it because if I was right

1745

01:14:40,669 --> 01:14:37,800

into it I wouldn't be talking to you

1746

01:14:41,689 --> 01:14:40,679

today or any of the previous interviews

1747

01:14:42,950 --> 01:14:41,699

I've done

1748

01:14:44,810 --> 01:14:42,960

hmm

1749

01:14:46,490 --> 01:14:44,820

yep

1750

01:14:49,250 --> 01:14:46,500

another question here is the government

1751

01:14:51,470 --> 01:14:49,260

afraid that knowledge that they

1752

01:14:54,350 --> 01:14:51,480

created us would undermine religious

1753

01:14:56,209 --> 01:14:54,360

beliefs and cause chaos

1754

01:14:58,490 --> 01:14:56,219

well you know the United States is a

1755

01:15:01,070 --> 01:14:58,500

very secular country right now

1756

01:15:03,290 --> 01:15:01,080

and so there's a general belief by by

1757

01:15:06,350 --> 01:15:03,300

majority of I think in various polls

1758

01:15:07,430 --> 01:15:06,360

majority of uh of Americans believe in a

1759

01:15:10,370 --> 01:15:07,440

god

1760

01:15:12,790 --> 01:15:10,380

let's I put put it that way uh but as

1761

01:15:16,189 --> 01:15:12,800

far as like people attending church

1762

01:15:18,290 --> 01:15:16,199

religiously to use that phrase uh every

1763

01:15:21,709 --> 01:15:18,300

Sunday uh twice on Sunday and one song

1764

01:15:24,470 --> 01:15:21,719

Wednesday or something uh if uh if if

1765

01:15:26,209 --> 01:15:24,480

that is the criteria uh we're not a

1766

01:15:28,850 --> 01:15:26,219

religious country anymore I don't think

1767

01:15:31,370 --> 01:15:28,860

we're so secular now that I don't think

1768

01:15:33,709 --> 01:15:31,380

it will cause any kind of chaos to the

1769

01:15:36,290 --> 01:15:33,719

people's belief systems it will cause

1770

01:15:39,590 --> 01:15:36,300

chaos to the markets to the stock market

1771

01:15:41,330 --> 01:15:39,600

it will cause chaos in other ways uh it

1772

01:15:44,209 --> 01:15:41,340

will cause social chaos

1773

01:15:47,510 --> 01:15:44,219

uh but as far as religious chaos I I

1774

01:15:50,450 --> 01:15:47,520

think we're very accepting of of this

1775

01:15:52,310 --> 01:15:50,460

and uh and

1776

01:15:54,950 --> 01:15:52,320

so I would say no I don't think the

1777

01:15:56,630 --> 01:15:54,960

government's afraid of like any kind of

1778

01:16:00,050 --> 01:15:56,640

religious upheaval

1779

01:16:02,689 --> 01:16:00,060

uh I I think if you're a dehydrant of

1780

01:16:04,610 --> 01:16:02,699

Eastern philosophies that you'll be more

1781

01:16:07,550 --> 01:16:04,620

admittable to understand what's going on

1782

01:16:10,729 --> 01:16:07,560

because it's very part of their uh

1783

01:16:14,149 --> 01:16:10,739

belief system if you're uh an indigenous

1784

01:16:18,890 --> 01:16:14,159

person either Native American or whatnot

1785

01:16:22,430 --> 01:16:18,900

did you it's part of your culture hmm

1786

01:16:25,130 --> 01:16:22,440

yeah so you know I we have about I don't

1787

01:16:27,410 --> 01:16:25,140

know about 10 or 15 minutes to wrap wrap

1788

01:16:29,630 --> 01:16:27,420

the show here uh for I know you haven't

1789

01:16:32,570 --> 01:16:29,640

eaten dinner yet I really appreciate uh

1790

01:16:34,669 --> 01:16:32,580

you hanging in here but um I'd like for

1791

01:16:36,950 --> 01:16:34,679

you to finish the show with something

1792

01:16:38,930 --> 01:16:36,960

you talked about in the very first

1793

01:16:41,590 --> 01:16:38,940

interview that we did together and

1794

01:16:44,390 --> 01:16:41,600

that's about when you went to the hotel

1795

01:16:45,590 --> 01:16:44,400

conference yeah can you some people have

1796

01:16:50,030 --> 01:16:45,600

never heard that it's a really

1797

01:16:52,070 --> 01:16:50,040

interesting story yeah right so um I

1798

01:16:55,189 --> 01:16:52,080

knew a gentleman

1799

01:16:57,290 --> 01:16:55,199

who was with a science office and the

1800

01:16:58,970 --> 01:16:57,300

director of Science and Technology

1801

01:17:01,490 --> 01:16:58,980

it's with the Science office

1802

01:17:04,070 --> 01:17:01,500

and he knew of my interest in this topic

1803

01:17:06,729 --> 01:17:04,080

area we did collaborate on other

1804

01:17:10,010 --> 01:17:06,739

projects related to visualization

1805

01:17:12,550 --> 01:17:10,020

scientific visualization so in the 90s

1806

01:17:15,950 --> 01:17:12,560

we were playing with data gloves and

1807

01:17:18,290 --> 01:17:15,960

goggles and 3D environment you know

1808

01:17:19,669 --> 01:17:18,300

portraying data in 3D through these

1809

01:17:22,370 --> 01:17:19,679

goggles and being able to touch it

1810

01:17:24,709 --> 01:17:22,380

tactile field and we did that in the 90s

1811

01:17:27,169 --> 01:17:24,719

and he saw he was he knew I was

1812

01:17:29,270 --> 01:17:27,179

interested in in uh that area and that's

1813

01:17:31,370 --> 01:17:29,280

where we collaborated you also knew I

1814

01:17:33,709 --> 01:17:31,380

was interested in the UFO topic because

1815

01:17:37,310 --> 01:17:33,719

I had my little alien doll

1816

01:17:39,110 --> 01:17:37,320

which was uh given to me by one of my

1817

01:17:41,870 --> 01:17:39,120

colleagues which I'll give him a shout

1818

01:17:44,570 --> 01:17:41,880

out uh and I can use this first name his

1819

01:17:47,330 --> 01:17:44,580

name is Mick so hi Mick and we were all

1820

01:17:49,790 --> 01:17:47,340

part of this organization right here you

1821

01:17:52,550 --> 01:17:49,800

can't see it but this is the logo for

1822

01:17:54,470 --> 01:17:52,560

the collection analysis Center CIA

1823

01:17:57,229 --> 01:17:54,480

office of technical collection in the s

1824

01:17:59,450 --> 01:17:57,239

t that's where we're at and someone was

1825

01:18:01,250 --> 01:17:59,460

in that office doing these projects he

1826

01:18:05,450 --> 01:18:01,260

invited me to

1827

01:18:07,550 --> 01:18:05,460

um to a symposium one day at a hotel

1828

01:18:10,510 --> 01:18:07,560

and he said yep just and I'll give you

1829

01:18:13,550 --> 01:18:10,520

the address I think it's 1960

1830

01:18:14,810 --> 01:18:13,560

uh Chain Bridge Road in Tyson's corner

1831

01:18:16,910 --> 01:18:14,820

of Virginia

1832

01:18:19,070 --> 01:18:16,920

and I believe it's a Marriott he said

1833

01:18:21,290 --> 01:18:19,080

just show up it's okay it's on this date

1834

01:18:22,850 --> 01:18:21,300

whatever and it's okay so I showed up

1835

01:18:26,209 --> 01:18:22,860

and

1836

01:18:28,729 --> 01:18:26,219

um so uh there was no security officer

1837

01:18:30,410 --> 01:18:28,739

at this conference room on the mezzanine

1838

01:18:33,709 --> 01:18:30,420

level of this hotel there's no security

1839

01:18:35,630 --> 01:18:33,719

officer whatsoever I walked in

1840

01:18:36,530 --> 01:18:35,640

um there was about three dozen people

1841

01:18:43,669 --> 01:18:36,540

there

1842

01:18:44,990 --> 01:18:43,679

signed in printed my name signed it uh

1843

01:18:47,990 --> 01:18:45,000

put in um

1844

01:18:49,070 --> 01:18:48,000

my phone number and my government email

1845

01:18:53,630 --> 01:18:49,080

address

1846

01:18:55,729 --> 01:18:53,640

there I looked at the other folks and

1847

01:18:58,729 --> 01:18:55,739

they all hadu after their name so

1848

01:19:01,189 --> 01:18:58,739

they're from Academia no one I

1849

01:19:04,790 --> 01:19:01,199

recognized immediately I did recognize

1850

01:19:07,130 --> 01:19:04,800

the gentleman who invited me

1851

01:19:08,750 --> 01:19:07,140

from the off uh from the uh Science

1852

01:19:10,910 --> 01:19:08,760

office and I recognized another

1853

01:19:14,030 --> 01:19:10,920

gentleman from my home office my parent

1854

01:19:17,209 --> 01:19:14,040

office uh which at that time I believe

1855

01:19:19,669 --> 01:19:17,219

we were still the office of scientific

1856

01:19:22,550 --> 01:19:19,679

and weapons research oswr

1857

01:19:27,050 --> 01:19:22,560

uh one of the offices that had the UFO

1858

01:19:30,410 --> 01:19:27,060

account going back decades okay so okay

1859

01:19:33,649 --> 01:19:30,420

I saw him and uh I acknowledge his

1860

01:19:34,790 --> 01:19:33,659

presence and uh so then they handed out

1861

01:19:41,750 --> 01:19:34,800

the

1862

01:19:46,070 --> 01:19:41,760

Roswell

1863

01:19:48,950 --> 01:19:46,080

and so the second part of the agenda was

1864

01:19:51,350 --> 01:19:48,960

um the CIA interest and

1865

01:19:52,550 --> 01:19:51,360

alien DNA

1866

01:19:56,149 --> 01:19:52,560

hmm

1867

01:19:58,669 --> 01:19:56,159

and the third was a uh about the Futures

1868

01:20:02,390 --> 01:19:58,679

a look into the future where there will

1869

01:20:04,130 --> 01:20:02,400

be an information technology explosion

1870

01:20:06,950 --> 01:20:04,140

you know that we will be able to get

1871

01:20:09,229 --> 01:20:06,960

information in our hands

1872

01:20:10,790 --> 01:20:09,239

literally the all the world's

1873

01:20:13,729 --> 01:20:10,800

information on the palm of your hand

1874

01:20:15,709 --> 01:20:13,739

that didn't exist back then because in

1875

01:20:17,330 --> 01:20:15,719

my pocket which I did not have to

1876

01:20:18,550 --> 01:20:17,340

surrender because it was a

1877

01:20:22,790 --> 01:20:18,560

non-classified

1878

01:20:25,729 --> 01:20:22,800

venue was my Motorola startac

1879

01:20:28,250 --> 01:20:25,739

clamshell phone right yeah that was the

1880

01:20:30,229 --> 01:20:28,260

phone yeah fate of the Ark back then it

1881

01:20:31,610 --> 01:20:30,239

was a very expensive phone back then and

1882

01:20:33,649 --> 01:20:31,620

I had it that I didn't have to surrender

1883

01:20:34,550 --> 01:20:33,659

it I didn't have to show my badge and I

1884

01:20:36,470 --> 01:20:34,560

sat down

1885

01:20:38,450 --> 01:20:36,480

and so there goes the presentation

1886

01:20:42,470 --> 01:20:38,460

talking about you know

1887

01:20:44,630 --> 01:20:42,480

how CIA was uh has studied uh UFOs since

1888

01:20:47,209 --> 01:20:44,640

1947.

1889

01:20:50,510 --> 01:20:47,219

in the various offices

1890

01:20:53,090 --> 01:20:50,520

uh and how in 52 they had to ramp up

1891

01:20:54,770 --> 01:20:53,100

because of the sightings um over

1892

01:20:58,550 --> 01:20:54,780

Washington DC

1893

01:21:01,430 --> 01:20:58,560

and um how you know we continue to study

1894

01:21:04,189 --> 01:21:01,440

them in secret meanwhile there was a

1895

01:21:05,630 --> 01:21:04,199

program to completely disappear the

1896

01:21:09,649 --> 01:21:05,640

entire topic

1897

01:21:12,530 --> 01:21:09,659

know then that was the program the

1898

01:21:14,570 --> 01:21:12,540

public program yeah you're seeing things

1899

01:21:16,430 --> 01:21:14,580

it's not real meanwhile we knew they

1900

01:21:17,750 --> 01:21:16,440

were real and we're studying them and

1901

01:21:20,630 --> 01:21:17,760

then he talked about

1902

01:21:23,030 --> 01:21:20,640

um in the mid 50s 1955 the first U2

1903

01:21:25,850 --> 01:21:23,040

flight went up there was silver and he

1904

01:21:28,970 --> 01:21:25,860

said well they were they were like they

1905

01:21:31,910 --> 01:21:28,980

were people thought them to be UFOs

1906

01:21:33,169 --> 01:21:31,920

and in most cases uh there were u-2s

1907

01:21:36,169 --> 01:21:33,179

because they were silver

1908

01:21:38,330 --> 01:21:36,179

so we we TR we know the trajectory in

1909

01:21:40,669 --> 01:21:38,340

the air where we the flight path in the

1910

01:21:42,890 --> 01:21:40,679

air and along that flight path within

1911

01:21:44,750 --> 01:21:42,900

within sight of that U2 people start

1912

01:21:47,450 --> 01:21:44,760

reporting UFOs

1913

01:21:50,870 --> 01:21:47,460

so we knew that but then 10 percent

1914

01:21:54,169 --> 01:21:50,880

of these reports that we collected were

1915

01:21:57,290 --> 01:21:54,179

not u-2s they were not the a12

1916

01:22:00,050 --> 01:21:57,300

which was the predecessor for the SR-71

1917

01:22:01,970 --> 01:22:00,060

it was also silver

1918

01:22:04,330 --> 01:22:01,980

wasn't that it wasn't that they were

1919

01:22:07,610 --> 01:22:04,340

real UFOs so one out of ten were UFOs

1920

01:22:11,630 --> 01:22:07,620

and that the McMinnville UFO

1921

01:22:13,850 --> 01:22:11,640

uh uh seen by the trends in 1950

1922

01:22:15,290 --> 01:22:13,860

I think it was March or may of 1950 I

1923

01:22:17,270 --> 01:22:15,300

don't remember the exact month but it

1924

01:22:18,950 --> 01:22:17,280

was it was in Life magazine that's a

1925

01:22:20,270 --> 01:22:18,960

real UFO it's never been debunked

1926

01:22:22,669 --> 01:22:20,280

because that's one of the ones we

1927

01:22:25,189 --> 01:22:22,679

studied that it's a real UFO

1928

01:22:27,950 --> 01:22:25,199

okay so and then so we've been

1929

01:22:29,990 --> 01:22:27,960

interested in Alien DNA since after

1930

01:22:32,390 --> 01:22:30,000

World War II

1931

01:22:34,370 --> 01:22:32,400

and it's not that

1932

01:22:36,770 --> 01:22:34,380

I don't know if they extracted DNA and

1933

01:22:38,390 --> 01:22:36,780

was able to study it because we didn't

1934

01:22:40,970 --> 01:22:38,400

sequence the human genome until much

1935

01:22:43,790 --> 01:22:40,980

later in the 90s right right but yeah

1936

01:22:46,070 --> 01:22:43,800

they were interested in something

1937

01:22:47,630 --> 01:22:46,080

medically about whatever was recovered

1938

01:22:50,030 --> 01:22:47,640

from Roswell

1939

01:22:53,510 --> 01:22:50,040

since at the end of World War II

1940

01:22:56,990 --> 01:22:53,520

this alien DNA and later they found that

1941

01:23:00,890 --> 01:22:58,669

and I'm not a

1942

01:23:04,130 --> 01:23:00,900

DNA expert so I'm not going to use the

1943

01:23:05,990 --> 01:23:04,140

wrong terminology uh but like sequences

1944

01:23:08,630 --> 01:23:06,000

in the in the genome

1945

01:23:10,430 --> 01:23:08,640

uh we're in humans we're similar into

1946

01:23:12,910 --> 01:23:10,440

what they were later able to recover

1947

01:23:15,350 --> 01:23:12,920

from either tissue samples or bodies

1948

01:23:17,810 --> 01:23:15,360

that perhaps are in cold storage

1949

01:23:19,430 --> 01:23:17,820

somewhere that they were able to say oh

1950

01:23:22,070 --> 01:23:19,440

my gosh you know

1951

01:23:23,149 --> 01:23:22,080

that's human that's them

1952

01:23:25,790 --> 01:23:23,159

hmm

1953

01:23:28,970 --> 01:23:25,800

there was an interest in that and that

1954

01:23:31,250 --> 01:23:28,980

at that point CIA started to research

1955

01:23:34,070 --> 01:23:31,260

DNA in earnest

1956

01:23:36,709 --> 01:23:34,080

and that particularly that there are

1957

01:23:40,490 --> 01:23:36,719

familial lines with this enhancement of

1958

01:23:43,610 --> 01:23:40,500

this DNA that not only is it alien in

1959

01:23:46,070 --> 01:23:43,620

all humans but some humans have an

1960

01:23:48,050 --> 01:23:46,080

enhancement of that DNA and that's what

1961

01:23:50,930 --> 01:23:48,060

piqued cia's interest

1962

01:23:53,930 --> 01:23:50,940

and that they studied this in the north

1963

01:23:57,530 --> 01:23:53,940

east corner of the United States

1964

01:24:00,290 --> 01:23:57,540

that's like New England yeah and also

1965

01:24:01,490 --> 01:24:00,300

overseas they were collecting DNA

1966

01:24:04,250 --> 01:24:01,500

samples

1967

01:24:06,610 --> 01:24:04,260

uh and I know that you know recently a

1968

01:24:09,530 --> 01:24:06,620

former director of Central Intelligence

1969

01:24:12,590 --> 01:24:09,540

revealed that CIA did have a program to

1970

01:24:14,689 --> 01:24:12,600

collect DNA overseas by using a

1971

01:24:17,630 --> 01:24:14,699

vaccination program as they covered

1972

01:24:19,910 --> 01:24:17,640

there was a real vaccination program but

1973

01:24:22,010 --> 01:24:19,920

through this vaccination program they

1974

01:24:26,570 --> 01:24:22,020

were able to retrieve DNA

1975

01:24:31,130 --> 01:24:26,580

ah from this region of the world yeah so

1976

01:24:33,350 --> 01:24:31,140

uh that was was what was discussed and I

1977

01:24:35,990 --> 01:24:33,360

got the agenda I got the sign-in sheet

1978

01:24:38,630 --> 01:24:36,000

there was no classification markings I

1979

01:24:41,209 --> 01:24:38,640

kept the darn thing until the very day I

1980

01:24:44,570 --> 01:24:41,219

retired and I threw it in the burn bag

1981

01:24:46,729 --> 01:24:44,580

on September 30th 2009

1982

01:24:49,370 --> 01:24:46,739

through the sign-in sheet and the agenda

1983

01:24:50,630 --> 01:24:49,380

into the burn pack along with Eric

1984

01:24:52,970 --> 01:24:50,640

Davis's

1985

01:24:55,189 --> 01:24:52,980

application package that when he wanted

1986

01:24:57,590 --> 01:24:55,199

to join CIA he sent us an application

1987

01:25:01,430 --> 01:24:57,600

package and so I threw that and it was

1988

01:25:03,830 --> 01:25:01,440

with his uh basically his CV

1989

01:25:05,530 --> 01:25:03,840

it listed all the work he did with the

1990

01:25:10,149 --> 01:25:05,540

Air Force

1991

01:25:13,070 --> 01:25:10,159

research

1992

01:25:14,750 --> 01:25:13,080

did you throw that away purposely yeah

1993

01:25:16,910 --> 01:25:14,760

because I I didn't want to well first of

1994

01:25:18,830 --> 01:25:16,920

all um I could have kept the agenda

1995

01:25:21,350 --> 01:25:18,840

because that's unclassified I just don't

1996

01:25:23,630 --> 01:25:21,360

want anything to do with CIA when I said

1997

01:25:26,209 --> 01:25:23,640

on September 30 2009 when I walked out

1998

01:25:29,149 --> 01:25:26,219

the happiest moment of my life was when

1999

01:25:32,450 --> 01:25:29,159

I swore in as an officer a CIA that's on

2000

01:25:34,610 --> 01:25:32,460

June 16 1984 I swore in and the next

2001

01:25:36,830 --> 01:25:34,620

happiest moment my professional life was

2002

01:25:39,110 --> 01:25:36,840

when I walked out of that that turnstile

2003

01:25:40,669 --> 01:25:39,120

turned around and gave the officer my

2004

01:25:43,310 --> 01:25:40,679

badge and I said I don't need this

2005

01:25:46,910 --> 01:25:43,320

anymore I'm retired and I had a big

2006

01:25:48,910 --> 01:25:46,920

smile on my face yeah I wanted anything

2007

01:25:51,110 --> 01:25:48,920

to do with CIA ever again

2008

01:25:54,169 --> 01:25:51,120

it's kind of like when you buy a boat

2009

01:25:56,330 --> 01:25:54,179

the the best days of day you buy it and

2010

01:25:58,430 --> 01:25:56,340

the day you sell it yeah they always say

2011

01:26:02,629 --> 01:25:58,440

yeah about that

2012

01:26:05,570 --> 01:26:02,639

um so what was the reaction of the uh

2013

01:26:07,430 --> 01:26:05,580

crowd that was there that day in that

2014

01:26:10,129 --> 01:26:07,440

hotel when they were saying these

2015

01:26:11,510 --> 01:26:10,139

different things well there was no

2016

01:26:13,310 --> 01:26:11,520

restrictions or taking notes some of

2017

01:26:15,649 --> 01:26:13,320

them are taking notes uh pencils are

2018

01:26:17,090 --> 01:26:15,659

flying pens were flying I was just

2019

01:26:19,490 --> 01:26:17,100

listening intently

2020

01:26:21,229 --> 01:26:19,500

um no one really asked the question I

2021

01:26:22,430 --> 01:26:21,239

think I don't really even remember if

2022

01:26:25,189 --> 01:26:22,440

there was an opportunity to ask a

2023

01:26:26,629 --> 01:26:25,199

question that might have been um but no

2024

01:26:28,490 --> 01:26:26,639

no one really followed up on anything

2025

01:26:30,470 --> 01:26:28,500

that was said it was like everyone there

2026

01:26:32,090 --> 01:26:30,480

kind of were like okay yeah I already

2027

01:26:35,870 --> 01:26:32,100

know this like they were nodding their

2028

01:26:37,550 --> 01:26:35,880

heads that they already knew this huh uh

2029

01:26:40,189 --> 01:26:37,560

it was like a familiarity there were no

2030

01:26:42,229 --> 01:26:40,199

gasps or anything like that

2031

01:26:44,270 --> 01:26:42,239

um at all so I don't know who those

2032

01:26:47,030 --> 01:26:44,280

academic people were but they obviously

2033

01:26:49,129 --> 01:26:47,040

had a relationship with CIA

2034

01:26:52,490 --> 01:26:49,139

yeah because they were invited

2035

01:26:54,530 --> 01:26:52,500

by a CIA office and the briefer was from

2036

01:26:57,050 --> 01:26:54,540

the history staff

2037

01:27:00,290 --> 01:26:57,060

yeah who actually had access to those

2038

01:27:04,010 --> 01:27:00,300

historical records which by the way uh

2039

01:27:06,709 --> 01:27:04,020

the author of kryptos conundrum uh

2040

01:27:08,570 --> 01:27:06,719

uh Chase Brandon said he accessed those

2041

01:27:09,890 --> 01:27:08,580

records as well and the historical

2042

01:27:12,410 --> 01:27:09,900

intelligence collection so the history

2043

01:27:14,689 --> 01:27:12,420

staff knows what's you know knew what

2044

01:27:16,729 --> 01:27:14,699

was in there and so they briefed about

2045

01:27:19,430 --> 01:27:16,739

what was there

2046

01:27:21,770 --> 01:27:19,440

well that is quite a fascinating story

2047

01:27:22,910 --> 01:27:21,780

quite a fascinating story well I want to

2048

01:27:25,129 --> 01:27:22,920

thank you so much it's been a real

2049

01:27:27,530 --> 01:27:25,139

pleasure I know you it's time for you to

2050

01:27:30,050 --> 01:27:27,540

go and I really appreciate your time and

2051

01:27:33,169 --> 01:27:30,060

I and also uh I'm so glad that you were

2052

01:27:35,030 --> 01:27:33,179

able to come back after whatever was

2053

01:27:36,350 --> 01:27:35,040

going on the last time you were here and

2054

01:27:38,330 --> 01:27:36,360

we couldn't really communicate that well

2055

01:27:40,729 --> 01:27:38,340

but thank you so much John it's a real

2056

01:27:41,930 --> 01:27:40,739

pleasure and happy holidays to you happy

2057

01:27:44,270 --> 01:27:41,940

2061

01:27:54,110 --> 01:27:51,179

jamungle now that will be a pre-recorded

2062

01:27:56,870 --> 01:27:54,120

show but I'll be here in chat and uh I

2063

01:27:58,970 --> 01:27:56,880

just he just can't uh be recording uh he

2064

01:28:01,550 --> 01:27:58,980

can't be live unfortunately so thanks

2065

01:28:03,080 --> 01:28:01,560

again everyone and remember to keep your

2066
