I occasionally think how quickly hard

6
00:00:49,610 --> 00:00:47,040
differences worldwide would vanish if we

7
00:00:50,640 --> 00:00:49,620
were facing an alien threat from outside

27

00:01:42,770 --> 00:01:40,680

28

00:01:45,530 --> 00:01:42,780

been very aware of Fade to Black and

29

00:01:47,929 --> 00:01:45,540

myself and and we've been waiting uh for

30

00:01:52,190 --> 00:01:47,939

Officers

53
00:02:54,290 --> 00:02:50,040
that's got to be a pretty crazy group

and the CIA retirees Association and I

55
00:03:00,110 --> 00:02:55,800
would like to welcome for the first time

56
00:03:03,470 --> 00:03:00,120

59
00:03:09,410 --> 00:03:07,800
and like I said in the intro we've been

60
00:03:12,050 --> 00:03:09,420
aware of each other for quite a while

61
00:03:13,550 --> 00:03:12,060
and I don't know why we've waited so

62
00:03:15,350 --> 00:03:13,560
long but tonight

63
00:03:17,990 --> 00:03:15,360

we finally get a chance to get it done

64

00:03:20,930 --> 00:03:18,000

uh are you ready for this I am ready and

65

00:03:24,130 --> 00:03:20,940

uh we did meet um person to person at

66

00:03:26,869 --> 00:03:24,140

starworks USA 2021 in Laughlin Nevada

67

00:03:29,869 --> 00:03:26,879

and I just want to say that my friend

68

00:03:32,330 --> 00:03:29,879

Mick who was a CIA retirees a big fan of

69

00:03:36,949 --> 00:03:32,340

your show he's a fate or not I am a fate

70

00:03:39,110 --> 00:03:36,959

or not I uh I'm at the Bacon Bar as I

71

00:03:40,369 --> 00:03:39,120

paid or not and I encourage others to

72

00:03:41,809 --> 00:03:40,379

join up

73

00:03:44,750 --> 00:03:41,819

um it's it's a great show that you have

74

00:03:47,210 --> 00:03:44,760

here uh you are very good with your

75

00:03:49,910 --> 00:03:47,220

guests and I appreciate that as well and

76
00:03:51,710 --> 00:03:49,920
I hope you have a great show and uh Mick

77
00:03:53,570 --> 00:03:51,720
thanks you for the shirt that you

78
00:03:56,449 --> 00:03:53,580
autographed for him you recall I

79
00:03:59,390 --> 00:03:56,459
purchased a shirt for him I do and I see

80
00:04:00,949 --> 00:03:59,400
him in the chat right now so he yeah I

81
00:04:03,830 --> 00:04:00,959
just want to give him a shout out to he

82
00:04:06,110 --> 00:04:03,840
and others who are listening uh from the

83
00:04:08,270 --> 00:04:06,120
CIA there's a lot of folks I think who

84
00:04:10,789 --> 00:04:08,280
are tuning in you know what's funny uh

85
00:04:12,830 --> 00:04:10,799
oh first off uh John you know we've got

86
00:04:13,910 --> 00:04:12,840
to get the First Time guest disclaimer

87
00:04:16,670 --> 00:04:13,920
out of the way

88
00:04:19,189 --> 00:04:16,680

so uh let's do that now John it's just

89

00:04:20,689 --> 00:04:19,199

you and I sitting on my couch having a

90

00:04:22,370 --> 00:04:20,699

conversation as friends and when that

91

00:04:24,409 --> 00:04:22,380

conversation starts it starts where it

92

00:04:28,570 --> 00:04:24,419

ends and ends but we're gonna end as

93

00:04:32,870 --> 00:04:28,580

friends there you ready and click

94

00:04:35,810 --> 00:04:32,880

yeah now I actually want to start here

95

00:04:37,909 --> 00:04:35,820

um uh we're gonna go backwards but I I

96

00:04:39,350 --> 00:04:37,919

kind of want to start in the now now

97

00:04:42,110 --> 00:04:39,360

okay

98

00:04:45,770 --> 00:04:42,120

um you know as you as you and everybody

99

00:04:49,430 --> 00:04:45,780

knows I host and attend uh all the major

100

00:04:50,930 --> 00:04:49,440

conferences and one of the comments uh

101

00:04:52,670 --> 00:04:50,940

and I like to play a little game at

102

00:04:55,550 --> 00:04:52,680

these conferences you know spot the FED

103

00:04:58,730 --> 00:04:55,560

right and when I go

104

00:05:01,070 --> 00:04:58,740

and and say these things uh okay I'll

105

00:05:03,830 --> 00:05:01,080

give you an example at the last

106

00:05:06,770 --> 00:05:03,840

conscious life Expo I did a launch in

107

00:05:09,050 --> 00:05:06,780

and I had about 100 people there for the

108

00:05:10,490 --> 00:05:09,060

luncheon and I stood up and greeted you

109

00:05:13,070 --> 00:05:10,500

know having a good time making everybody

110

00:05:17,090 --> 00:05:13,080

laugh and I said right now

111

00:05:18,770 --> 00:05:17,100

there is a Fed in this room let's play

112

00:05:20,510 --> 00:05:18,780

Spot and I was watching everybody just

113

00:05:23,450 --> 00:05:20,520

like look at each other who do you think

114

00:05:25,550 --> 00:05:23,460

right and uh now it's a game and it's

115

00:05:29,590 --> 00:05:25,560

fun sometimes it gets a little intense

116

00:05:33,890 --> 00:05:29,600

because people wonder could there be but

117

00:05:38,210 --> 00:05:33,900

I met you at a conference right that

118

00:05:40,010 --> 00:05:38,220

says to me that you guys and gals you

119

00:05:42,350 --> 00:05:40,020

guys attend these conferences don't you

120

00:05:44,090 --> 00:05:42,360

we sure do and I've attended several in

121

00:05:47,689 --> 00:05:44,100

the past uh when I was still working for

122

00:05:49,370 --> 00:05:47,699

CIA I didn't go on behalf of CIA I had

123

00:05:52,490 --> 00:05:49,380

to pay my own way

124

00:05:55,610 --> 00:05:52,500

I bought my flights I reserved my hotel

125

00:05:58,909 --> 00:05:55,620

rooms I paid the conference fees and I

126

00:06:00,950 --> 00:05:58,919

did all that on my own dime and uh the

127

00:06:03,590 --> 00:06:00,960

only thing I had to do is I did have to

128

00:06:05,930 --> 00:06:03,600

report my attendance at any conference

129

00:06:07,969 --> 00:06:05,940

it doesn't have to be a UFO conference

130

00:06:10,370 --> 00:06:07,979

it's just anywhere that you would go

131

00:06:12,529 --> 00:06:10,380

outside of the Washington DC area where

132

00:06:14,450 --> 00:06:12,539

you have to travel the office of

133

00:06:16,490 --> 00:06:14,460

security external activities Branch

134

00:06:18,830 --> 00:06:16,500

would like to know where you go and so I

135

00:06:21,409 --> 00:06:18,840

submitted that you know I was going to a

136

00:06:23,330 --> 00:06:21,419

certain conference and I'll be there

137

00:06:25,790 --> 00:06:23,340

from this state to this day here are my

138

00:06:27,890 --> 00:06:25,800

flights I'm staying at this hotel and I

139

00:06:30,790 --> 00:06:27,900

sent it and they come back say well you

140

00:06:34,090 --> 00:06:30,800

know be safe see you later

141

00:06:36,469 --> 00:06:34,100

was there ever a follow-up no never

142

00:06:38,809 --> 00:06:36,479

nobody ever came in and said hey yeah

143

00:06:42,050 --> 00:06:38,819

you got it do you get any dirt at the

144

00:06:44,390 --> 00:06:42,060

conference nah nah nothing like that

145

00:06:46,189 --> 00:06:44,400

um we're not allowed to dig dirt in the

146

00:06:48,770 --> 00:06:46,199

United States unless the dirt volunteers

147

00:06:51,110 --> 00:06:48,780

to come to us right um so we do have

148

00:06:53,029 --> 00:06:51,120

something call the National Resources

149

00:06:54,890 --> 00:06:53,039

Division at least there was called that

150

00:06:57,650 --> 00:06:54,900

in my time it was in the directorate of

151
00:07:00,230 --> 00:06:57,660
operations and the National Resources

152
00:07:02,210 --> 00:07:00,240
Division was the place where like say

153
00:07:03,830 --> 00:07:02,220
you have a immigrate from another

154
00:07:07,249 --> 00:07:03,840
country once the volunteer information

155
00:07:09,110 --> 00:07:07,259
they'll contact CIA and we'll arrange to

156
00:07:11,150 --> 00:07:09,120
speak with that person and I can tell

157
00:07:13,490 --> 00:07:11,160
you that uh you know I was in an

158
00:07:15,890 --> 00:07:13,500
interview with a Russian immigrate who

159
00:07:18,890 --> 00:07:15,900
had some knowledge of what we call the

160
00:07:21,409 --> 00:07:18,900
sa-10 surface air missile system uh the

161
00:07:23,629 --> 00:07:21,419
Russians call it the s-300 it's in

162
00:07:26,029 --> 00:07:23,639
operation right now in Ukraine and in

163
00:07:28,249 --> 00:07:26,039

Russia in the current conflict and so

164

00:07:30,529 --> 00:07:28,259

here I am you know with the National

165

00:07:32,990 --> 00:07:30,539

Resources Division guys you know doing

166

00:07:35,210 --> 00:07:33,000

the questioning the gentleman spoke

167

00:07:36,830 --> 00:07:35,220

English and so we're following along and

168

00:07:39,230 --> 00:07:36,840

because it's a surface air missile

169

00:07:41,689 --> 00:07:39,240

system that's what's that was within my

170

00:07:44,570 --> 00:07:41,699

uh analysis account area so I was there

171

00:07:46,969 --> 00:07:44,580

in attendance as well and as sitting on

172

00:07:49,730 --> 00:07:46,979

the side at a safe house in Northern

173

00:07:51,050 --> 00:07:49,740

Virginia say that much and he was just

174

00:07:53,089 --> 00:07:51,060

talking about you know the modes of

175

00:07:55,189 --> 00:07:53,099

operation of this wonderful Russian

176

00:07:56,510 --> 00:07:55,199

surface air missile system and then all

177

00:07:59,110 --> 00:07:56,520

of a sudden he said and you know there

178

00:08:04,070 --> 00:07:59,120

was this UFO mode

179

00:08:06,589 --> 00:08:04,080

what UFO mode right so the

180

00:08:09,170 --> 00:08:06,599

um in our officer stopped and I said did

181

00:08:13,670 --> 00:08:09,180

you say UFO

182

00:08:18,350 --> 00:08:13,680

they said yes yes UFO uh UFO UFO

183

00:08:21,050 --> 00:08:18,360

and um okay that's interesting so I knew

184

00:08:24,050 --> 00:08:21,060

that the system had a mode of operation

185

00:08:26,390 --> 00:08:24,060

that we could not quite understand why

186

00:08:29,809 --> 00:08:26,400

it was there because it was designed to

187

00:08:32,089 --> 00:08:29,819

track something going much faster than

188

00:08:34,850 --> 00:08:32,099

anything we had in the inventory

189

00:08:36,409 --> 00:08:34,860

including the SR-71 right so it was

190

00:08:40,969 --> 00:08:36,419

designed to track something like

191

00:08:43,550 --> 00:08:40,979

enormously fast and we intercepted the

192

00:08:45,170 --> 00:08:43,560

radar Signal doing this mode of

193

00:08:47,690 --> 00:08:45,180

operation which we thought it was the

194

00:08:50,509 --> 00:08:47,700

test mode or maybe the radar is broke

195

00:08:51,769 --> 00:08:50,519

the radar in question is called the flap

196

00:08:53,590 --> 00:08:51,779

lid

197

00:08:55,850 --> 00:08:53,600

and so you can look it up on on

198

00:08:58,730 --> 00:08:55,860

Wikipedia flap lid it's the radar

199

00:09:00,889 --> 00:08:58,740

associated with the s300 system and it

200

00:09:05,509 --> 00:09:00,899

did have this mode of operation

201
00:09:07,430 --> 00:09:05,519
so UFO is UFO in Russian right I mean

202
00:09:09,230 --> 00:09:07,440
it's yeah I mean it's I mean he spoke

203
00:09:12,590 --> 00:09:09,240
English but you understand what I'm

204
00:09:15,710 --> 00:09:12,600
saying right there totally get it yeah

205
00:09:19,130 --> 00:09:15,720
um in most countries it's uh OV and I

206
00:09:21,829 --> 00:09:19,140
uh avni you know they say offney

207
00:09:23,389 --> 00:09:21,839
um but UFO mode okay so I got more to

208
00:09:24,590 --> 00:09:23,399
the story Jimmy because you know I'm

209
00:09:27,829 --> 00:09:24,600
gonna say the black and I don't hold

210
00:09:29,030 --> 00:09:27,839
anything back no no no no let's go

211
00:09:31,910 --> 00:09:29,040
um so

212
00:09:34,310 --> 00:09:31,920
um as part of my analysis work on the

213
00:09:36,050 --> 00:09:34,320

surface air missile systems and

214

00:09:37,970 --> 00:09:36,060

particularly those missile systems that

215

00:09:40,190 --> 00:09:37,980

had a capability to shoot down ballistic

216

00:09:42,650 --> 00:09:40,200

missiles are missiles

217

00:09:45,350 --> 00:09:42,660

um I would be interested in knowing

218

00:09:48,050 --> 00:09:45,360

about the full capabilities of it so you

219

00:09:49,850 --> 00:09:48,060

know we acquired one of these s-300

220

00:09:51,530 --> 00:09:49,860

systems

221

00:09:53,509 --> 00:09:51,540

um and we brought it over to an

222

00:09:56,449 --> 00:09:53,519

interesting place in Nevada and that's

223

00:09:58,790 --> 00:09:56,459

where all interesting places go and so

224

00:10:02,750 --> 00:09:58,800

it's in Nevada and I can say that it was

225

00:10:05,030 --> 00:10:02,760

about 50 miles west of area 51. and

226
00:10:07,389 --> 00:10:05,040
another part of the test range which was

227
00:10:11,150 --> 00:10:07,399
designed to set up

228
00:10:12,650 --> 00:10:11,160
testing for Pilots against like jamming

229
00:10:14,329 --> 00:10:12,660
signals so you know there'll be jamming

230
00:10:15,889 --> 00:10:14,339
signals and Radars on the ground that

231
00:10:17,870 --> 00:10:15,899
they have to fly against and turn on

232
00:10:20,630 --> 00:10:17,880
their countermeasures to see how well

233
00:10:22,790 --> 00:10:20,640
they perform so in this instance here's

234
00:10:25,730 --> 00:10:22,800
this s 300 radar

235
00:10:28,070 --> 00:10:25,740
and all of the radar tremends to go with

236
00:10:29,990 --> 00:10:28,080
it the other auxiliary Radars

237
00:10:31,970 --> 00:10:30,000
um and sure enough you know they were

238
00:10:33,790 --> 00:10:31,980

testing from uh I guess they flew from

239

00:10:36,889 --> 00:10:33,800

Tonopah

240

00:10:40,490 --> 00:10:36,899

maybe from Fallon which is also in

241

00:10:41,870 --> 00:10:40,500

Nevada that's a naval air station so

242

00:10:45,110 --> 00:10:41,880

there were testing all kinds of aircraft

243

00:10:47,930 --> 00:10:45,120

against the s-300 so on another Hill you

244

00:10:49,490 --> 00:10:47,940

know you got uh you got the NSA folks

245

00:10:51,530 --> 00:10:49,500

collecting the signal

246

00:10:52,970 --> 00:10:51,540

because here you got main beam you know

247

00:10:55,550 --> 00:10:52,980

this is the real deal you're not getting

248

00:10:57,350 --> 00:10:55,560

it from satellite flying like

249

00:10:58,850 --> 00:10:57,360

you know thousands or like hundreds of

250

00:11:00,650 --> 00:10:58,860

miles away it's like right in front of

251
00:11:02,210 --> 00:11:00,660
you so the NSA guys are in there

252
00:11:04,310 --> 00:11:02,220
spinning their tapes and collecting the

253
00:11:06,889 --> 00:11:04,320
signal you got the Air Force guy on

254
00:11:08,810 --> 00:11:06,899
another Hill uh with jamming pods and

255
00:11:10,850 --> 00:11:08,820
he's like adjusting the Jammer and

256
00:11:13,250 --> 00:11:10,860
seeing how the Jammer works against this

257
00:11:15,110 --> 00:11:13,260
signal and so fine you know that was the

258
00:11:17,090 --> 00:11:15,120
exercise and I was there as well inside

259
00:11:18,949 --> 00:11:17,100
the where the flat lid radar was there's

260
00:11:20,870 --> 00:11:18,959
the flat radar above me

261
00:11:22,670 --> 00:11:20,880
and I also went outside and there's

262
00:11:25,850 --> 00:11:22,680
another radar called the clam shell

263
00:11:29,329 --> 00:11:25,860

which is a a radar that can track fast

264

00:11:32,690 --> 00:11:29,339

objects Velocity Radar and so that's

265

00:11:35,750 --> 00:11:32,700

fine and so one day one evening they

266

00:11:38,269 --> 00:11:35,760

told my my partner I her name is Cheryl

267

00:11:40,370 --> 00:11:38,279

I can use first names we're both in the

268

00:11:42,530 --> 00:11:40,380

same office and they told us that we

269

00:11:44,509 --> 00:11:42,540

need to get off that mountain early

270

00:11:47,210 --> 00:11:44,519

because it's going to be a special test

271

00:11:49,250 --> 00:11:47,220

and we were not cleared for it

272

00:11:51,350 --> 00:11:49,260

we're not cleared for this test

273

00:11:53,930 --> 00:11:51,360

and I go huh that's interesting because

274

00:11:55,850 --> 00:11:53,940

you know I had tickets for you know all

275

00:11:58,310 --> 00:11:55,860

of the aircraft including all of our

276

00:12:01,130 --> 00:11:58,320

stealth aircraft that would fly against

277

00:12:04,069 --> 00:12:01,140

it but there was something special that

278

00:12:07,069 --> 00:12:04,079

Cheryl and I could not be a witness to

279

00:12:10,190 --> 00:12:07,079

so we left the mountain early the next

280

00:12:13,610 --> 00:12:10,200

morning we came up and you know some of

281

00:12:15,410 --> 00:12:13,620

the engineers there from you know the

282

00:12:17,269 --> 00:12:15,420

Beltway Bandits you know I think they

283

00:12:19,730 --> 00:12:17,279

were Raytheon because Raytheon builds

284

00:12:21,829 --> 00:12:19,740

our Radars and they were really excited

285

00:12:23,509 --> 00:12:21,839

about something that occurred in the

286

00:12:25,910 --> 00:12:23,519

test the previous night

287

00:12:27,290 --> 00:12:25,920

and uh they thought that we were cleared

288

00:12:29,329 --> 00:12:27,300

and they kind of spilled a little bit

289

00:12:31,610 --> 00:12:29,339

about wow did you see like what it did

290

00:12:33,110 --> 00:12:31,620

to you know this radar how it performed

291

00:12:35,030 --> 00:12:33,120

against you know

292

00:12:37,190 --> 00:12:35,040

um this that special aircraft and and

293

00:12:39,170 --> 00:12:37,200

all of a sudden the other guy says

294

00:12:41,090 --> 00:12:39,180

because he realized that we may not be

295

00:12:42,949 --> 00:12:41,100

cleared and we were not cleared so I

296

00:12:45,829 --> 00:12:42,959

knew that that previous evening they

297

00:12:48,650 --> 00:12:45,839

tested something very special uh

298

00:12:50,990 --> 00:12:48,660

probably that the Air Force flew that we

299

00:12:54,590 --> 00:12:51,000

CI officers with all the tickets were

300

00:12:57,050 --> 00:12:54,600

necessary to be on that hip mountain and

301

00:12:59,269 --> 00:12:57,060

interface with a real Russian system

302

00:13:01,850 --> 00:12:59,279

um we had all the tickets necessary but

303

00:13:05,150 --> 00:13:01,860

except for this one special aircraft

304

00:13:07,310 --> 00:13:05,160

that was tested at night and so I always

305

00:13:09,590 --> 00:13:07,320

wondered if that was one of our special

306

00:13:12,590 --> 00:13:09,600

aircraft that could be a triangle or

307

00:13:15,050 --> 00:13:12,600

something else that is not acknowledging

308

00:13:17,269 --> 00:13:15,060

our inventory yeah and then couple that

309

00:13:20,509 --> 00:13:17,279

with the UFO mode yeah that's

310

00:13:23,569 --> 00:13:20,519

interesting yeah do do you um this is

311

00:13:28,610 --> 00:13:23,579

just a quick side question do you

312

00:13:31,490 --> 00:13:28,620

believe that we do have arvs uh uh you

313

00:13:35,750 --> 00:13:31,500

know reproduction vehicles uh based on

314

00:13:38,990 --> 00:13:35,760

designs from up there that are now our

315

00:13:41,030 --> 00:13:39,000

own and and we do fly those well let's

316

00:13:42,650 --> 00:13:41,040

let's look at the word reproduction

317

00:13:44,750 --> 00:13:42,660

um we know the meta materials cannot be

318

00:13:47,210 --> 00:13:44,760

reproduced on this planet

319

00:13:49,250 --> 00:13:47,220

we cannot reproduce The Meta materials

320

00:13:50,930 --> 00:13:49,260

and it's very essential to reproduce the

321

00:13:52,250 --> 00:13:50,940

metal materials in order to make them

322

00:13:55,009 --> 00:13:52,260

fly

323

00:13:57,590 --> 00:13:55,019

like we see that is displaying those

324

00:13:59,150 --> 00:13:57,600

five observables that louisano loves to

325

00:14:00,650 --> 00:13:59,160

talk about right so you need the

326
00:14:02,389 --> 00:14:00,660
metamaterials you need to manufacture

327
00:14:04,550 --> 00:14:02,399
the metal materials and we don't know

328
00:14:06,590 --> 00:14:04,560
how to do that so I would say the answer

329
00:14:09,350 --> 00:14:06,600
to that is do we have alien reproduction

330
00:14:12,790 --> 00:14:09,360
vehicles I hate that term no we do not

331
00:14:15,710 --> 00:14:12,800
but do we have advanced technology

332
00:14:17,690 --> 00:14:15,720
displaying phenomenal aerial space

333
00:14:19,790 --> 00:14:17,700
characteristics phenomenal flight

334
00:14:22,329 --> 00:14:19,800
characteristics that may have been

335
00:14:25,430 --> 00:14:22,339
sourced or inspired by that technology

336
00:14:27,650 --> 00:14:25,440
and based on what I learned

337
00:14:30,410 --> 00:14:27,660
uh the I would say the answer is a

338
00:14:34,009 --> 00:14:30,420

strong yes that we do have something

339

00:14:35,930 --> 00:14:34,019

that displays extraordinary performance

340

00:14:38,509 --> 00:14:35,940

characteristics above and beyond

341

00:14:42,290 --> 00:14:38,519

whatever else is in the open inventory

342

00:14:44,509 --> 00:14:42,300

that is used for and it's important term

343

00:14:46,910 --> 00:14:44,519

intelligence surveillance and

344

00:14:50,269 --> 00:14:46,920

reconnaissance or ISR

345

00:14:53,210 --> 00:14:50,279

that is a great thing to uh get on

346

00:14:55,449 --> 00:14:53,220

Google to research ISR because all of

347

00:14:58,550 --> 00:14:55,459

the extraordinary Technologies being

348

00:15:01,610 --> 00:14:58,560

introduced there are ISR technologies

349

00:15:04,310 --> 00:15:01,620

that is their spy planes basically we

350

00:15:06,530 --> 00:15:04,320

don't fly the SR-71 anymore because the

351
00:15:09,110 --> 00:15:06,540
Russians know how to shoot it down from

352
00:15:11,990 --> 00:15:09,120
the air they have a better aircraft than

353
00:15:15,290 --> 00:15:12,000
the SR-71 and that's called the mig-31

354
00:15:20,090 --> 00:15:15,300
and we knew that mig-31 uh went up to

355
00:15:22,189 --> 00:15:20,100
123 000 feet it touched 120 23 000 feet

356
00:15:24,110 --> 00:15:22,199
and eventually had to come down but

357
00:15:27,290 --> 00:15:24,120
there's a combat radius you know you

358
00:15:29,629 --> 00:15:27,300
have their normal service ceiling but in

359
00:15:32,030 --> 00:15:29,639
combat mode they really push the

360
00:15:34,910 --> 00:15:32,040
envelope and this thing can go 85 to 100

361
00:15:38,689 --> 00:15:34,920
000 feet in combat mode and it had a

362
00:15:42,949 --> 00:15:38,699
missile the aa9 that could look down and

363
00:15:45,590 --> 00:15:42,959

shoot down at the SR-71 going much

364

00:15:48,230 --> 00:15:45,600

faster than the SR-71 it could not

365

00:15:50,689 --> 00:15:48,240

outrun this missile and it could not go

366

00:15:53,990 --> 00:15:50,699

higher than where the mig-31 could fly

367

00:15:56,569 --> 00:15:54,000

so they completely grounded the SR-71

368

00:15:58,850 --> 00:15:56,579

Force completely grounded but there's

369

00:16:00,650 --> 00:15:58,860

something else there that can fly and it

370

00:16:03,530 --> 00:16:00,660

gets to gets to any point on Earth

371

00:16:05,090 --> 00:16:03,540

really quick and can do something that's

372

00:16:07,670 --> 00:16:05,100

golden it's called persistent

373

00:16:10,430 --> 00:16:07,680

surveillance you know you just stand

374

00:16:12,769 --> 00:16:10,440

over an area of interest and not be seen

375

00:16:14,930 --> 00:16:12,779

do we have that I think the answer is a

376

00:16:18,889 --> 00:16:14,940

strong yes

377

00:16:24,110 --> 00:16:18,899

I I want to I really want to find out

378

00:16:26,930 --> 00:16:24,120

how you got into the CIA that without

379

00:16:29,750 --> 00:16:26,940

spending a whole lot of time on that

380

00:16:31,910 --> 00:16:29,760

subject but before we get there

381

00:16:33,829 --> 00:16:31,920

because that's that's it that's a Jimmy

382

00:16:37,189 --> 00:16:33,839

personal thing I really want to know the

383

00:16:41,509 --> 00:16:37,199

how what what's involved with that but

384

00:16:43,310 --> 00:16:41,519

before we get there when we look at from

385

00:16:46,790 --> 00:16:43,320

what you just said when we look at

386

00:16:50,030 --> 00:16:46,800

things like the Tic Tac and what David

387

00:16:51,769 --> 00:16:50,040

fraver and others uh from that entire

388

00:16:54,050 --> 00:16:51,779

Carrier Group

389

00:16:58,430 --> 00:16:54,060

um had to have testified to not only on

390

00:17:01,749 --> 00:16:58,440

this show but uh in other media Outlets

391

00:17:04,970 --> 00:17:01,759

um is do you see that as

392

00:17:08,449 --> 00:17:04,980

Russian or an adversarial or Chinese

393

00:17:11,990 --> 00:17:08,459

technology are they that advanced which

394

00:17:14,870 --> 00:17:12,000

is I think a lot more scarier than E.T

395

00:17:17,390 --> 00:17:14,880

do you think it's our own and Raytheon

396

00:17:19,730 --> 00:17:17,400

and Lockheed or do you think it's

397

00:17:22,970 --> 00:17:19,740

from up there

398

00:17:23,630 --> 00:17:22,980

um when you say up there I I would say

399

00:17:27,289 --> 00:17:23,640

um

400

00:17:30,650 --> 00:17:29,150

I would say that you have to be very

401
00:17:32,810 --> 00:17:30,660
careful what government people say

402
00:17:34,909 --> 00:17:32,820
because they will literally take your

403
00:17:37,610 --> 00:17:34,919
question and answer give you a literal

404
00:17:39,590 --> 00:17:37,620
answer they mince those words they parse

405
00:17:41,390 --> 00:17:39,600
your words carefully and I'll give you

406
00:17:43,190 --> 00:17:41,400
an example to answer your question I'll

407
00:17:44,690 --> 00:17:43,200
give you an example because Dr

408
00:17:47,270 --> 00:17:44,700
Kirkpatrick

409
00:17:49,669 --> 00:17:47,280
made a statement opening statement in

410
00:17:53,150 --> 00:17:49,679
front of this Senate armed services

411
00:17:54,950 --> 00:17:53,160
committee emerging Technologies and

412
00:17:58,010 --> 00:17:54,960
capabilities or emerging threats and

413
00:18:00,409 --> 00:17:58,020

capabilities and he said that we have no

414

00:18:02,150 --> 00:18:00,419

evidence that what we're seeing is

415

00:18:04,549 --> 00:18:02,160

extraterrestrial

416

00:18:07,310 --> 00:18:04,559

you know what he actually was saying we

417

00:18:09,650 --> 00:18:07,320

have no evidence in the videos that we

418

00:18:12,350 --> 00:18:09,660

collected and the eyewitness testimony

419

00:18:16,370 --> 00:18:12,360

that we gathered that what we're seeing

420

00:18:18,409 --> 00:18:16,380

came from 10 to 100 100 light years away

421

00:18:21,169 --> 00:18:18,419

we have no evidence in that but you know

422

00:18:24,350 --> 00:18:21,179

what they didn't follow up and said okay

423

00:18:26,029 --> 00:18:24,360

so could they be coming from the Earth

424

00:18:28,669 --> 00:18:26,039

they're coming from in and out of the

425

00:18:30,650 --> 00:18:28,679

ocean they're coming in and out of like

426

00:18:33,169 --> 00:18:30,660

mountains if we've seen uh I know if

427

00:18:36,529 --> 00:18:33,179

you've seen a Hami massage videos

428

00:18:38,570 --> 00:18:36,539

of what he has collected about these

429

00:18:40,669 --> 00:18:38,580

crafts going in and out of mountains and

430

00:18:42,890 --> 00:18:40,679

in and out of the ground in and out of

431

00:18:45,169 --> 00:18:42,900

the ocean are they Ultra terrestrial

432

00:18:48,350 --> 00:18:45,179

that is where they're within the Earth

433

00:18:53,330 --> 00:18:48,360

in some way or or shape or fashion now

434

00:18:53,340 --> 00:19:01,510

yeah yeah because she knows

435

00:19:05,810 --> 00:19:04,669

yeah I think so and uh so he said

436

00:19:08,390 --> 00:19:05,820

there's no evidence of it being

437

00:19:10,070 --> 00:19:08,400

extraterrestrial but you know it's a CIS

438

00:19:11,930 --> 00:19:10,080

lunar that is CIS lunar meaning between

439

00:19:14,750 --> 00:19:11,940

you know from the ground up to the moon

440

00:19:17,330 --> 00:19:14,760

this is something that you detect flying

441

00:19:19,010 --> 00:19:17,340

from here to the Moon maybe landing on

442

00:19:21,409 --> 00:19:19,020

the moon or nearby planets within our

443

00:19:24,289 --> 00:19:21,419

solar system is it that you know instead

444

00:19:26,690 --> 00:19:24,299

of 10 to 100 light years away

445

00:19:28,970 --> 00:19:26,700

um no one ever follows up on that so he

446

00:19:31,669 --> 00:19:28,980

literally was telling the truth that

447

00:19:34,130 --> 00:19:31,679

just by looking at videos that they've

448

00:19:36,710 --> 00:19:34,140

collected some of them he showed and

449

00:19:39,529 --> 00:19:36,720

just by uh I witnessed testimony for

450

00:19:42,409 --> 00:19:39,539

example the naval aviators who flew in

451

00:19:44,630 --> 00:19:42,419

their FAA teams at Tic Tac

452

00:19:48,289 --> 00:19:44,640

um from that evidence can you say that

453

00:19:50,990 --> 00:19:48,299

by golly they're from outer space and no

454

00:19:54,470 --> 00:19:51,000

he's saying no there's no evidence that

455

00:19:56,390 --> 00:19:54,480

he holds uh that is any evidence of that

456

00:19:59,090 --> 00:19:56,400

that there were extraterrestrial

457

00:20:01,250 --> 00:19:59,100

so that's a big opening there so I would

458

00:20:01,909 --> 00:20:01,260

say you know that

459

00:20:06,590 --> 00:20:01,919

um

460

00:20:07,430 --> 00:20:06,600

yes I think that we do have craft that

461

00:20:09,110 --> 00:20:07,440

are

462

00:20:12,890 --> 00:20:09,120

non-human made

463

00:20:15,470 --> 00:20:12,900

and I believe that that needs to be the

464

00:20:17,690 --> 00:20:15,480

first thing the government admits

465

00:20:20,630 --> 00:20:17,700

because forget about the Grays and about

466

00:20:22,909 --> 00:20:20,640

experiences and about you know going on

467

00:20:26,150 --> 00:20:22,919

the craft and getting medically examined

468

00:20:27,650 --> 00:20:26,160

let's first like admit that they're

469

00:20:30,110 --> 00:20:27,660

non-human

470

00:20:33,289 --> 00:20:30,120

and the next question if the government

471

00:20:36,710 --> 00:20:33,299

admits that they're non-human okay if

472

00:20:39,590 --> 00:20:36,720

they're not human who's driving them

473

00:20:41,750 --> 00:20:39,600

then that introduces the non-human

474

00:20:44,570 --> 00:20:41,760

intelligences that might be driving

475

00:20:46,370 --> 00:20:44,580

these craft and where they may actually

476
00:20:48,830 --> 00:20:46,380
be located

477
00:20:50,570 --> 00:20:48,840
that it could be on earth they could be

478
00:20:53,570 --> 00:20:50,580
in the earth it could be under the sea

479
00:20:55,850 --> 00:20:53,580
let's have that discussion next

480
00:20:58,909 --> 00:20:55,860
following on with why are they here and

481
00:21:01,430 --> 00:20:58,919
what do they want with us exactly okay

482
00:21:03,529 --> 00:21:01,440
so you're taking Russia and China off of

483
00:21:06,590 --> 00:21:03,539
the list yeah

484
00:21:09,409 --> 00:21:06,600
yeah absolutely are you taking us off of

485
00:21:13,610 --> 00:21:09,419
the list no not entirely because I know

486
00:21:16,669 --> 00:21:13,620
that like I said I believe we have

487
00:21:19,789 --> 00:21:16,679
derived the technology from The Source

488
00:21:21,950 --> 00:21:19,799

The Source meaning the actual craft or

489

00:21:24,830 --> 00:21:21,960

bits of craft or maybe some inkling of

490

00:21:26,930 --> 00:21:24,840

how the propulsion system works that we

491

00:21:28,190 --> 00:21:26,940

derive that technology and adapted it

492

00:21:31,190 --> 00:21:28,200

for human use

493

00:21:33,950 --> 00:21:31,200

that is adapted for military human uses

494

00:21:36,350 --> 00:21:33,960

for the United States I believe that's a

495

00:21:39,649 --> 00:21:36,360

true statement and I believe that is why

496

00:21:42,169 --> 00:21:39,659

the Air Force has been very reluctant to

497

00:21:44,029 --> 00:21:42,179

come on board with the rest of us who

498

00:21:46,250 --> 00:21:44,039

are trying to push for this disclosure

499

00:21:48,529 --> 00:21:46,260

because they have the most to lose

500

00:21:50,990 --> 00:21:48,539

they're the stakeholders that can lose

501
00:21:55,130 --> 00:21:51,000
everything any discussion of UFOs and

502
00:21:57,110 --> 00:21:55,140
uaps might lead the Shine the Light back

503
00:21:59,450 --> 00:21:57,120
on what the Air Force has what I

504
00:22:00,470 --> 00:21:59,460
describe to you a phenomenal ISR

505
00:22:02,270 --> 00:22:00,480
platform

506
00:22:05,029 --> 00:22:02,280
and they don't want that to be revealed

507
00:22:07,789 --> 00:22:05,039
so that is why that is the motivation

508
00:22:10,149 --> 00:22:07,799
why in the legislation

509
00:22:13,490 --> 00:22:10,159
um they stipulate it

510
00:22:16,570 --> 00:22:13,500
non-human you know the ndas are lifted

511
00:22:19,970 --> 00:22:16,580
off of the non-human Technologies

512
00:22:22,610 --> 00:22:19,980
associated with uaps they needed to Fine

513
00:22:24,890 --> 00:22:22,620

Line dice that for the Air Force to make

514

00:22:27,350 --> 00:22:24,900

them feel comfortable

515

00:22:30,770 --> 00:22:27,360

um and yeah that makes a lot of sense

516

00:22:32,330 --> 00:22:30,780

yeah being an American Patriot uh you

517

00:22:35,470 --> 00:22:32,340

know I mean sure I mean you know I don't

518

00:22:37,730 --> 00:22:35,480

want to give that away to Putin

519

00:22:40,190 --> 00:22:37,740

you've heard me say so many times you

520

00:22:42,350 --> 00:22:40,200

know I live here in Palmdale yeah and I

521

00:22:44,930 --> 00:22:42,360

see the crazy stuff I'm not going to go

522

00:22:46,549 --> 00:22:44,940

on the air every night and go you know

523

00:22:49,789 --> 00:22:46,559

can I believe when I saw last you know

524

00:22:51,770 --> 00:22:49,799

now I'm not going to be that guy and I'm

525

00:22:53,510 --> 00:22:51,780

not going to be the Pariah of Palmdale

526
00:22:59,149 --> 00:22:53,520
right

527
00:23:01,909 --> 00:22:59,159
there does need to be a Line in the Sand

528
00:23:04,789 --> 00:23:01,919
uh to a certain point and I and I I do

529
00:23:06,770 --> 00:23:04,799
respect that I I really do

530
00:23:08,570 --> 00:23:06,780
um uh and here's the other thing and so

531
00:23:11,330 --> 00:23:08,580
let's get so let's get one thing out of

532
00:23:13,789 --> 00:23:11,340
the way right now for everybody

533
00:23:17,270 --> 00:23:13,799
um both of us have been labeled disinfo

534
00:23:19,669 --> 00:23:17,280
agents yeah and and I have uh I I carry

535
00:23:23,330 --> 00:23:19,679
that Banner I'm proud of that you know I

536
00:23:27,049 --> 00:23:23,340
got to that level of of uh of scrutiny

537
00:23:31,070 --> 00:23:27,059
and and things and and so here we have

538
00:23:35,330 --> 00:23:31,080

uh two disinfo agents discussing these

539

00:23:39,049 --> 00:23:35,340

subjects uh uh live on the air and when

540

00:23:42,470 --> 00:23:39,059

you hear that um I I I I find it being

541

00:23:44,990 --> 00:23:42,480

personally uh uh endearing because I

542

00:23:47,990 --> 00:23:45,000

know who I am and if anyone walked a day

543

00:23:50,630 --> 00:23:48,000

in my shoes they would get it but

544

00:23:52,730 --> 00:23:50,640

um how do you feel uh about that label

545

00:23:54,710 --> 00:23:52,740

that gets thrown around it doesn't

546

00:23:56,930 --> 00:23:54,720

bother me at all because like you said

547

00:23:58,909 --> 00:23:56,940

you know I stand on what I know which is

548

00:24:01,490 --> 00:23:58,919

the truth and I know I can't say

549

00:24:04,430 --> 00:24:01,500

everything so if you're upset at me for

550

00:24:06,649 --> 00:24:04,440

not spilling all of the beans I gotta

551
00:24:07,970 --> 00:24:06,659
leave a few back in the can and if you

552
00:24:10,789 --> 00:24:07,980
think that's this information that's

553
00:24:13,610 --> 00:24:10,799
fine I mean I don't care but I'm trying

554
00:24:16,370 --> 00:24:13,620
to tell you as much as I can in the

555
00:24:18,830 --> 00:24:16,380
context that I can that doesn't give

556
00:24:22,490 --> 00:24:18,840
away our very sensitive sources and

557
00:24:25,490 --> 00:24:22,500
methods and that is synchroscopy to CIA

558
00:24:28,970 --> 00:24:25,500
because sources are like the people who

559
00:24:31,549 --> 00:24:28,980
speak to us who are committing Trader uh

560
00:24:33,890 --> 00:24:31,559
committing uh a Traders act against

561
00:24:35,570 --> 00:24:33,900
their own country at the risk of their

562
00:24:37,490 --> 00:24:35,580
own lives and the lives of their family

563
00:24:40,610 --> 00:24:37,500

to provide the United States of America

564

00:24:43,250 --> 00:24:40,620

with information that's a source and to

565

00:24:46,610 --> 00:24:43,260

reveal information that only that Source

566

00:24:49,610 --> 00:24:46,620

has that Source in others

567

00:24:52,850 --> 00:24:49,620

are in Jeopardy so you know you tell 10

568

00:24:55,430 --> 00:24:52,860

people a secret and one of them you know

569

00:24:58,370 --> 00:24:55,440

you hear is an agent and you release

570

00:24:59,630 --> 00:24:58,380

that information from One agent out of

571

00:25:02,510 --> 00:24:59,640

the ten who

572

00:25:05,029 --> 00:25:02,520

out of this country knows something uh

573

00:25:08,390 --> 00:25:05,039

they're gonna round them up and they

574

00:25:10,190 --> 00:25:08,400

will not have a very pleasant time uh in

575

00:25:12,289 --> 00:25:10,200

certain basements of the world

576

00:25:14,210 --> 00:25:12,299

and so we don't want that to happen and

577

00:25:16,789 --> 00:25:14,220

we don't want methods that is how do we

578

00:25:19,669 --> 00:25:16,799

extract information from a country that

579

00:25:21,950 --> 00:25:19,679

is a denied area uh let's say North

580

00:25:24,470 --> 00:25:21,960

Korea just an example or Iran how do we

581

00:25:26,390 --> 00:25:24,480

extract information from people who want

582

00:25:28,430 --> 00:25:26,400

to give us information without them

583

00:25:30,830 --> 00:25:28,440

getting caught that's the method of

584

00:25:32,990 --> 00:25:30,840

extraction data distraction once that's

585

00:25:35,690 --> 00:25:33,000

revealed we can never use that again

586

00:25:37,669 --> 00:25:35,700

it's over it's over it's game over and

587

00:25:40,610 --> 00:25:37,679

no one will want to speak with us again

588

00:25:42,529 --> 00:25:40,620

and so you know human intelligence is a

589

00:25:44,090 --> 00:25:42,539

major source of intelligence and the

590

00:25:46,190 --> 00:25:44,100

director of operations that's what they

591

00:25:47,990 --> 00:25:46,200

do and what I did was mostly technical

592

00:25:51,289 --> 00:25:48,000

collection you know from space

593

00:25:53,390 --> 00:25:51,299

satellites and from ground sensors

594

00:25:55,370 --> 00:25:53,400

um but you know that's very important so

595

00:25:58,310 --> 00:25:55,380

yeah I'm not going to spill everything

596

00:26:02,149 --> 00:25:58,320

but there's a lot of things here that

597

00:26:04,250 --> 00:26:02,159

why is it secret I don't understand why

598

00:26:06,289 --> 00:26:04,260

and I'm saying that Roswell happened

599

00:26:08,570 --> 00:26:06,299

let's say Roswell happened and there was

600

00:26:11,450 --> 00:26:08,580

this craft of extraordinary technology

601
00:26:12,289 --> 00:26:11,460
that crashed why did that get scrolled

602
00:26:14,269 --> 00:26:12,299
away

603
00:26:16,970 --> 00:26:14,279
all of a sudden it was a saucer now it's

604
00:26:18,890 --> 00:26:16,980
a boiler balloon the only thing I could

605
00:26:20,510 --> 00:26:18,900
come up with is that it's something we

606
00:26:23,210 --> 00:26:20,520
knew about already

607
00:26:26,330 --> 00:26:23,220
that it's something that maybe we

608
00:26:29,149 --> 00:26:26,340
exploited from German technology uh we

609
00:26:30,590 --> 00:26:29,159
collected a lot of the uh wunderwaffa

610
00:26:32,029 --> 00:26:30,600
weapons

611
00:26:34,130 --> 00:26:32,039
um that they were building and they were

612
00:26:35,450 --> 00:26:34,140
not able to finish it because we bombed

613
00:26:37,610 --> 00:26:35,460

the crap out of their industrial base

614

00:26:39,649 --> 00:26:37,620

and they brought them here we brought

615

00:26:40,909 --> 00:26:39,659

they brought the scientists here and we

616

00:26:42,289 --> 00:26:40,919

were able to finish some of that

617

00:26:44,450 --> 00:26:42,299

technology

618

00:26:46,250 --> 00:26:44,460

and maybe that's what it was and that

619

00:26:48,289 --> 00:26:46,260

looked like a saucer and then all of a

620

00:26:49,789 --> 00:26:48,299

sudden you know it's not a saucer so why

621

00:26:50,870 --> 00:26:49,799

did that get scroll away and why is it

622

00:26:53,230 --> 00:26:50,880

so Secret

623

00:26:55,070 --> 00:26:53,240

to me if it was like

624

00:26:57,289 --> 00:26:55,080

extraterrestrials let's say from another

625

00:27:00,169 --> 00:26:57,299

planet that came here on their craft

626

00:27:02,330 --> 00:27:00,179

that they made it like 40 light years

627

00:27:04,130 --> 00:27:02,340

away but for some reason it got so

628

00:27:05,750 --> 00:27:04,140

rickety in our atmosphere it fell apart

629

00:27:08,269 --> 00:27:05,760

and crashed

630

00:27:10,430 --> 00:27:08,279

um why did that happen you know

631

00:27:11,630 --> 00:27:10,440

here's a here's a simple yes or no

632

00:27:17,590 --> 00:27:11,640

question

633

00:27:22,669 --> 00:27:17,600

um I just want to know my boundaries

634

00:27:26,750 --> 00:27:22,679

have you uh gotten a phone call

635

00:27:29,090 --> 00:27:26,760

um after speaking yes not a phone call I

636

00:27:31,610 --> 00:27:29,100

would say uh I got a text message

637

00:27:34,909 --> 00:27:31,620

okay that said chill out

638

00:27:37,610 --> 00:27:34,919

uh no um this the text message said that

639

00:27:40,870 --> 00:27:37,620

um I got several phone calls from CIA uh

640

00:27:44,390 --> 00:27:40,880

concerning what you said about 2027.

641

00:27:47,510 --> 00:27:44,400

oh hold on for a second that's that's

642

00:27:49,789 --> 00:27:47,520

where I take out my notepad

643

00:27:53,390 --> 00:27:49,799

notepad coming out

644

00:27:54,490 --> 00:27:53,400

um because uh over the last two or three

645

00:28:00,049 --> 00:27:54,500

years

646

00:28:01,970 --> 00:28:00,059

there were several several not only uh

647

00:28:05,450 --> 00:28:01,980

directors of National Intelligence but

648

00:28:08,450 --> 00:28:05,460

ex-directors of the CIA and other

649

00:28:12,230 --> 00:28:08,460

intelligence agencies it wasn't just one

650

00:28:16,909 --> 00:28:12,240

specific agency but alluded to and a few

651
00:28:18,649 --> 00:28:16,919
said pretty directly that we have been

652
00:28:22,310 --> 00:28:18,659
tracking

653
00:28:25,510 --> 00:28:22,320
stuff entering our solar system and into

654
00:28:27,890 --> 00:28:25,520
and out of our atmosphere

655
00:28:29,690 --> 00:28:27,900
these are pretty interesting statements

656
00:28:34,610 --> 00:28:29,700
and

657
00:28:36,409 --> 00:28:34,620
um uh when you uh you said yourself that

658
00:28:38,630 --> 00:28:36,419
that was part of your thing was to track

659
00:28:41,690 --> 00:28:38,640
stuff right

660
00:28:43,310 --> 00:28:41,700
um were you aware of anything uh that

661
00:28:45,470 --> 00:28:43,320
was being tracked that wasn't ours that

662
00:28:47,450 --> 00:28:45,480
was Interstellar I don't know if there

663
00:28:51,169 --> 00:28:47,460

was Interstellar because it was within

664

00:28:53,930 --> 00:28:51,179

our space that is with CIS lunar that is

665

00:28:57,350 --> 00:28:53,940

between Earth and the moon and these are

666

00:28:59,510 --> 00:28:57,360

the orbs that um the Russians saw

667

00:29:03,110 --> 00:28:59,520

with their Radars that were designed to

668

00:29:04,610 --> 00:29:03,120

track satellites and also warn of

669

00:29:06,830 --> 00:29:04,620

ballistic missile launches from the

670

00:29:09,830 --> 00:29:06,840

United States so these Radars were

671

00:29:11,570 --> 00:29:09,840

tracking something that weren't

672

00:29:13,370 --> 00:29:11,580

satellites and were not ballistic

673

00:29:15,169 --> 00:29:13,380

missiles and they were wondering what

674

00:29:17,870 --> 00:29:15,179

these objects were

675

00:29:19,610 --> 00:29:17,880

and in preparation for the fact that

676

00:29:20,930 --> 00:29:19,620

they didn't know you know they went to

677

00:29:23,149 --> 00:29:20,940

high alert I mean you expect them

678

00:29:25,850 --> 00:29:23,159

there's an unknown here they come let's

679

00:29:28,549 --> 00:29:25,860

go to alert and so they brought up the

680

00:29:30,409 --> 00:29:28,559

Strategic rocket forces they're in the

681

00:29:33,430 --> 00:29:30,419

Continental ballistic missiles put them

682

00:29:36,409 --> 00:29:33,440

on like a higher state of alert whatever

683

00:29:38,870 --> 00:29:36,419

uh Defcon system they use you know they

684

00:29:40,970 --> 00:29:38,880

raised it and because they raised it we

685

00:29:43,130 --> 00:29:40,980

were able to detect the heightened

686

00:29:45,230 --> 00:29:43,140

awareness which got you know the

687

00:29:48,049 --> 00:29:45,240

Pentagon excited right and the Russian

688

00:29:49,850 --> 00:29:48,059

Russians go okay all of a sudden you

689

00:29:51,889 --> 00:29:49,860

know let's get them ready

690

00:29:53,630 --> 00:29:51,899

um you know we get excited as well and

691

00:29:58,250 --> 00:29:53,640

so my job was

692

00:30:00,710 --> 00:29:58,260

uh to do some analysis of that event

693

00:30:03,110 --> 00:30:00,720

um the customer for me was the deputy

694

00:30:06,409 --> 00:30:03,120

secretary of defense at the time his

695

00:30:10,250 --> 00:30:06,419

name was John Deutsch and

696

00:30:12,710 --> 00:30:10,260

um he asked his briefer about you know

697

00:30:15,289 --> 00:30:12,720

this incident that happened in Russia

698

00:30:17,090 --> 00:30:15,299

and obviously he already knew about it

699

00:30:19,850 --> 00:30:17,100

because he probably got briefed by the

700

00:30:22,010 --> 00:30:19,860

defense intelligence agency and the

701
00:30:24,409 --> 00:30:22,020
Pentagon intelligence Services about

702
00:30:27,889 --> 00:30:24,419
what happened and he wanted cia's a

703
00:30:30,830 --> 00:30:27,899
second opinion and so fine I got the job

704
00:30:33,889 --> 00:30:30,840
to write the memo did the research and

705
00:30:36,649 --> 00:30:33,899
though I did not say that they were UFOs

706
00:30:38,950 --> 00:30:36,659
I didn't say that I said it's obvious

707
00:30:41,450 --> 00:30:38,960
that these radars

708
00:30:44,990 --> 00:30:41,460
weren't detected something

709
00:30:46,789 --> 00:30:45,000
that was not a satellite and was not a

710
00:30:49,310 --> 00:30:46,799
ballistic missile launch

711
00:30:52,549 --> 00:30:49,320
and however I did not rule out Perhaps

712
00:30:53,930 --> 00:30:52,559
it is a glitch in the system but because

713
00:30:56,570 --> 00:30:53,940

they

714

00:30:58,970 --> 00:30:56,580
raised up the alert level for the

715

00:31:01,190 --> 00:30:58,980
missiles I kind of said that's highly

716

00:31:05,570 --> 00:31:01,200
unlikely and left it at that

717

00:31:08,149 --> 00:31:05,580
and my office mate Dave and I we hand

718

00:31:10,549 --> 00:31:08,159
delivered that memo to the office of the

719

00:31:13,310 --> 00:31:10,559
deputy secretary of defense and gave it

720

00:31:16,430 --> 00:31:13,320
to his chief staff

721

00:31:18,529 --> 00:31:16,440
and so there's that instance

722

00:31:19,970 --> 00:31:18,539
um and then there's another instance

723

00:31:22,370 --> 00:31:19,980
that

724

00:31:25,130 --> 00:31:22,380
um I cannot talk about because I don't

725

00:31:27,649 --> 00:31:25,140
have permission to talk about it

726

00:31:30,950 --> 00:31:27,659

um but I can say that um we're not the

727

00:31:33,590 --> 00:31:30,960

only country that had crashes or crash

728

00:31:35,930 --> 00:31:33,600

retrievals and so I would leave it at

729

00:31:37,730 --> 00:31:35,940

you know there could be visitations or

730

00:31:40,549 --> 00:31:37,740

crash crashes occurring in other

731

00:31:42,889 --> 00:31:40,559

countries uh that we got word of that

732

00:31:46,850 --> 00:31:42,899

were us reported

733

00:31:50,690 --> 00:31:46,860

um through the intelligence community

734

00:31:54,110 --> 00:31:50,700

and so I can say that much and um so I

735

00:31:56,149 --> 00:31:54,120

I'm hoping as part of the disclosure uh

736

00:31:58,310 --> 00:31:56,159

effort that I'm hoping will come out

737

00:31:59,389 --> 00:31:58,320

soon that would be Freer to talk about

738

00:32:02,510 --> 00:31:59,399

that

739

00:32:03,470 --> 00:32:02,520

and then I'll be more released from the

740

00:32:05,630 --> 00:32:03,480

um

741

00:32:07,970 --> 00:32:05,640

restriction of talking about it because

742

00:32:10,970 --> 00:32:07,980

it's still very sensitive

743

00:32:13,430 --> 00:32:10,980

um so I would say yes I mean I think you

744

00:32:15,169 --> 00:32:13,440

know there are other countries have had

745

00:32:16,850 --> 00:32:15,179

visitations

746

00:32:20,029 --> 00:32:16,860

uh I don't know if they Interstellar but

747

00:32:23,690 --> 00:32:20,039

they had something of high strangeness

748

00:32:25,789 --> 00:32:23,700

um visit their country and maybe had

749

00:32:27,889 --> 00:32:25,799

some response from the military I go

750

00:32:30,470 --> 00:32:27,899

back to Brazil

751
00:32:32,990 --> 00:32:30,480
um the Virginia incident that happened

752
00:32:35,750 --> 00:32:33,000
that James Fox so brilliantly documented

753
00:32:37,970 --> 00:32:35,760
uh in his movies a brilliant movie

754
00:32:39,710 --> 00:32:37,980
uh here we have the Brazilian government

755
00:32:42,409 --> 00:32:39,720
those authorities

756
00:32:44,090 --> 00:32:42,419
um knowing something and then James said

757
00:32:45,830 --> 00:32:44,100
that you know this

758
00:32:48,110 --> 00:32:45,840
looks like an Air Force plane came by

759
00:32:51,970 --> 00:32:48,120
and picked up everything

760
00:32:55,549 --> 00:32:51,980
so there's that indeed

761
00:32:58,909 --> 00:32:55,559
do you okay this is a two-part question

762
00:33:01,669 --> 00:32:58,919
the first part of it is

763
00:33:03,350 --> 00:33:01,679

um when we look at the last two reports

764

00:33:06,350 --> 00:33:03,360

that were released and I think the first

765

00:33:10,549 --> 00:33:06,360

one was a little bit uh more informative

766

00:33:13,970 --> 00:33:10,559

than the second one but that being said

767

00:33:17,690 --> 00:33:13,980

um in the first report that was very

768

00:33:21,649 --> 00:33:17,700

clear it's not adversarial it's not us

769

00:33:24,769 --> 00:33:21,659

and we have an other bin right lump this

770

00:33:27,350 --> 00:33:24,779

stuff in uh without saying E.T right but

771

00:33:29,090 --> 00:33:27,360

if it's not us and it's not them right

772

00:33:30,409 --> 00:33:29,100

and we've got the other bit so we have

773

00:33:34,009 --> 00:33:30,419

that

774

00:33:37,789 --> 00:33:34,019

um and clearly in the first UFO hearing

775

00:33:39,409 --> 00:33:37,799

with Bray and Moultrie them saying you

776

00:33:43,930 --> 00:33:39,419

know we're just trying to figure out

777

00:33:47,570 --> 00:33:43,940

what's going on we don't know yeah so

778

00:33:50,570 --> 00:33:47,580

the first question is is that a smoke

779

00:33:52,850 --> 00:33:50,580

screen yeah right where

780

00:33:56,389 --> 00:33:52,860

um our government DOD agencies it

781

00:33:59,269 --> 00:33:56,399

doesn't matter private uh industry

782

00:34:04,549 --> 00:33:59,279

um clearly know that we are being

783

00:34:07,310 --> 00:34:04,559

visited uh a lot by something that is

784

00:34:09,290 --> 00:34:07,320

not from planet Earth right they clearly

785

00:34:10,790 --> 00:34:09,300

know this but they are saying that they

786

00:34:12,950 --> 00:34:10,800

don't understand

787

00:34:15,530 --> 00:34:12,960

second part you can answer this at the

788

00:34:19,070 --> 00:34:15,540

same time the second part to that is are

789

00:34:23,570 --> 00:34:19,080

they waiting for something external to

790

00:34:26,210 --> 00:34:23,580

be confirmed NASA the James Webb wife on

791

00:34:29,210 --> 00:34:26,220

Mars you know something that would uh

792

00:34:31,849 --> 00:34:29,220

take the pressure off of the big reveal

793

00:34:33,349 --> 00:34:31,859

yeah and then and I answering the second

794

00:34:36,109 --> 00:34:33,359

part first uh that's something I've

795

00:34:37,909 --> 00:34:36,119

always thought that that would happen I

796

00:34:40,430 --> 00:34:37,919

think um you know the James Webb Space

797

00:34:42,770 --> 00:34:40,440

Telescope being up there I said before

798

00:34:44,450 --> 00:34:42,780

in other interviews that uh just stand

799

00:34:46,909 --> 00:34:44,460

by the James Webb Space sales folks who

800

00:34:49,010 --> 00:34:46,919

knows discover something

801
00:34:51,290 --> 00:34:49,020
that we knew it was there all along and

802
00:34:53,089 --> 00:34:51,300
I don't know what that something is I

803
00:34:55,970 --> 00:34:53,099
stated in a previous interview before

804
00:34:57,589 --> 00:34:55,980
the Space Telescope launched that watch

805
00:35:00,050 --> 00:34:57,599
out for Jupiter that's a very

806
00:35:03,050 --> 00:35:00,060
interesting planet and sure enough the

807
00:35:05,510 --> 00:35:03,060
very first pictures were of Jupiter and

808
00:35:08,329 --> 00:35:05,520
allegedly they do but Jupiter pitchers

809
00:35:11,450 --> 00:35:08,339
were leaked quote unquote

810
00:35:14,150 --> 00:35:11,460
um so there's that and so could there be

811
00:35:17,089 --> 00:35:14,160
something that NASA would find I think

812
00:35:19,730 --> 00:35:17,099
NASA already knows I think

813
00:35:22,670 --> 00:35:19,740

they've been like airbrushing stuff out

814

00:35:25,130 --> 00:35:22,680

for decades that they know and they've

815

00:35:26,810 --> 00:35:25,140

put their astronauts

816

00:35:29,930 --> 00:35:26,820

um under a non-disclosure agreement that

817

00:35:32,329 --> 00:35:29,940

they can't speak about what they saw and

818

00:35:34,970 --> 00:35:32,339

witnessed and I think that data is at

819

00:35:36,410 --> 00:35:34,980

Nasa and uh to the first part of your

820

00:35:39,290 --> 00:35:36,420

question

821

00:35:40,430 --> 00:35:39,300

um absolutely they know more than what

822

00:35:42,970 --> 00:35:40,440

they state

823

00:35:45,170 --> 00:35:42,980

and so

824

00:35:46,550 --> 00:35:45,180

as far as you know using the word

825

00:35:49,430 --> 00:35:46,560

extraterrestrial

826

00:35:52,190 --> 00:35:49,440

they might know that you know a lot of

827

00:35:54,650 --> 00:35:52,200

this phenomenon is kind of Earth Centric

828

00:35:58,190 --> 00:35:54,660

and that is it's something that's not

829

00:36:00,410 --> 00:35:58,200

human but not flying from wave out here

830

00:36:02,750 --> 00:36:00,420

to come here that it could be resident

831

00:36:05,930 --> 00:36:02,760

on the planet and so that therefore it's

832

00:36:07,550 --> 00:36:05,940

not extraterrestrial so when Dr Packer

833

00:36:10,250 --> 00:36:07,560

says well we don't have no evidence of

834

00:36:12,349 --> 00:36:10,260

it being extraterrestrial someone should

835

00:36:13,970 --> 00:36:12,359

ask well okay how about the stuff coming

836

00:36:14,630 --> 00:36:13,980

out of the ocean

837

00:36:16,490 --> 00:36:14,640

um

838

00:36:18,589 --> 00:36:16,500

are they terrestrial are they like

839

00:36:20,630 --> 00:36:18,599

non-humans who are terrestrial you know

840

00:36:23,270 --> 00:36:20,640

and I think he might know the answer to

841

00:36:25,250 --> 00:36:23,280

that but no one bothered to ask I would

842

00:36:27,890 --> 00:36:25,260

love to be a congressman just for a

843

00:36:30,170 --> 00:36:27,900

second yeah no kidding on the panel so

844

00:36:31,670 --> 00:36:30,180

that's the best way I can answer that

845

00:36:35,510 --> 00:36:31,680

um I think there's a lot more that they

846

00:36:37,970 --> 00:36:35,520

know uh I believe that uh real soon now

847

00:36:41,150 --> 00:36:37,980

that much more would be talked about and

848

00:36:45,290 --> 00:36:41,160

again they the government must submit

849

00:36:46,930 --> 00:36:45,300

that non-human intelligences

850

00:36:49,849 --> 00:36:46,940

are

851

00:36:53,390 --> 00:36:49,859

part of this key part of this phenomena

852

00:36:55,430 --> 00:36:53,400

that what's flying is non-human that's

853

00:36:56,990 --> 00:36:55,440

the biggest emission and that we can

854

00:37:00,650 --> 00:36:57,000

forget about everything else and start

855

00:37:05,870 --> 00:37:00,660

there and build from there

856

00:37:09,829 --> 00:37:05,880

um nycap which was the first

857

00:37:13,370 --> 00:37:09,839

uh I I should say National but uh it was

858

00:37:16,390 --> 00:37:13,380

a big organization uh was formed in 1956

859

00:37:20,810 --> 00:37:16,400

and largely at that time

860

00:37:23,230 --> 00:37:20,820

uh the board of directors uh this was a

861

00:37:26,630 --> 00:37:23,240

civilian independent of the Air Force

862

00:37:30,470 --> 00:37:26,640

UFO investigation uh organization much

863

00:37:35,270 --> 00:37:30,480

like mufon is today but nycap originally

864

00:37:36,650 --> 00:37:35,280

was a lot of Navy uh ex-admirals and you

865

00:37:39,050 --> 00:37:36,660

know that

866

00:37:43,849 --> 00:37:39,060

um were part of the organization and

867

00:37:48,109 --> 00:37:43,859

then in the 60s the CIA came in and

868

00:37:50,150 --> 00:37:48,119

really got involved with nycap and so

869

00:37:54,250 --> 00:37:50,160

now we're talking about you know over 50

870

00:38:00,349 --> 00:37:54,260

years ago that the CIA has been actively

871

00:38:02,930 --> 00:38:00,359

looking at data and looking at uh UFO

872

00:38:05,170 --> 00:38:02,940

um and not only incursions uh but the

873

00:38:09,530 --> 00:38:05,180

other things that go along with it

874

00:38:11,810 --> 00:38:09,540

that has to be continuing to this day oh

875

00:38:15,950 --> 00:38:11,820

yes um it started even before then it

876

00:38:17,390 --> 00:38:15,960
started in 47 probably in 45 when

877

00:38:21,470 --> 00:38:17,400
um we um

878

00:38:23,030 --> 00:38:21,480
when uh then the OSS was stood down and

879

00:38:25,130 --> 00:38:23,040
then in 46 we had the Central

880

00:38:26,810 --> 00:38:25,140
Intelligence Group which later became

881

00:38:28,910 --> 00:38:26,820
CIA

882

00:38:31,130 --> 00:38:28,920
um you know we had the trinity

883

00:38:33,470 --> 00:38:31,140
uh incident that occurred that uh was

884

00:38:35,690 --> 00:38:33,480
brilliantly researched by jock valet and

885

00:38:37,849 --> 00:38:35,700
Paula Harris who wrote the book Trinity

886

00:38:41,390 --> 00:38:37,859
right something that occurred you know

887

00:38:43,370 --> 00:38:41,400
uh very shortly after the first atomic

888

00:38:45,650 --> 00:38:43,380

weapon was detonated

889

00:38:47,810 --> 00:38:45,660

and Trinity New Mexico that site and

890

00:38:49,970 --> 00:38:47,820

Trinity so I think the cia's been

891

00:38:52,069 --> 00:38:49,980

involved even before that in fact I

892

00:38:54,410 --> 00:38:52,079

think they were involved since 1947 I

893

00:38:55,190 --> 00:38:54,420

mean at the very beginning

894

00:38:57,470 --> 00:38:55,200

um

895

00:38:59,089 --> 00:38:57,480

there was an office called the office of

896

00:39:00,950 --> 00:38:59,099

research and estimates there's a

897

00:39:03,470 --> 00:39:00,960

scientific intelligence branch that had

898

00:39:06,230 --> 00:39:03,480

the UFO portfolio in it from the Roswell

899

00:39:08,150 --> 00:39:06,240

days and that could be that Branch

900

00:39:10,089 --> 00:39:08,160

scientific intelligence became an office

901
00:39:12,950 --> 00:39:10,099
of its own office of scientific

902
00:39:15,109 --> 00:39:12,960
intelligence and in that office there

903
00:39:18,890 --> 00:39:15,119
was a gentleman named ed taus

904
00:39:22,849 --> 00:39:18,900
who designed the disinformation campaign

905
00:39:25,310 --> 00:39:22,859
in 1952 that was his job because UFOs

906
00:39:26,690 --> 00:39:25,320
were seen over DC and they said oh my

907
00:39:29,990 --> 00:39:26,700
gosh there they are

908
00:39:33,589 --> 00:39:30,000
um we need to discourage any interest by

909
00:39:36,530 --> 00:39:33,599
the public and what flew over D.C we

910
00:39:41,210 --> 00:39:36,540
need to start right now right here and

911
00:39:42,410 --> 00:39:41,220
CIA your job is to go out there and deny

912
00:39:45,170 --> 00:39:42,420
everything

913
00:39:48,950 --> 00:39:45,180

and disparage any Witnesses

914

00:39:52,130 --> 00:39:48,960

and just disrupt any studies

915

00:39:54,530 --> 00:39:52,140

by the civilians meanwhile

916

00:39:55,849 --> 00:39:54,540

no back inside the building we're going

917

00:39:59,450 --> 00:39:55,859

to study it

918

00:40:01,910 --> 00:39:59,460

in depth and so that's what started in

919

00:40:03,950 --> 00:40:01,920

52 and it's been going on ever since so

920

00:40:06,230 --> 00:40:03,960

you know 52 office of scientific

921

00:40:09,589 --> 00:40:06,240

intelligence then it was other offices

922

00:40:11,630 --> 00:40:09,599

of scientific weapons research I was in

923

00:40:14,210 --> 00:40:11,640

that weapons intelligence

924

00:40:18,170 --> 00:40:14,220

non-proliferation arms control that that

925

00:40:19,790 --> 00:40:18,180

Center I was in that and it was in oswr

926
00:40:20,930 --> 00:40:19,800
that

927
00:40:25,310 --> 00:40:20,940
um

928
00:40:27,470 --> 00:40:25,320
I saw a report of high interest uh go

929
00:40:29,150 --> 00:40:27,480
back to your earlier question about an

930
00:40:30,770 --> 00:40:29,160
incident that occurred in a foreign

931
00:40:34,609 --> 00:40:30,780
country

932
00:40:38,470 --> 00:40:34,619
regarding UFOs and that was back in the

933
00:40:41,870 --> 00:40:38,480
90s 94 I think and then uh when I was in

934
00:40:45,410 --> 00:40:41,880
winpac that's when the working group

935
00:40:48,650 --> 00:40:45,420
started when the nro censors that now

936
00:40:51,470 --> 00:40:48,660
had infrared capabilities start seeing

937
00:40:54,230 --> 00:40:51,480
these orbs that are orange flying in

938
00:40:57,230 --> 00:40:54,240

formation over Russian

939

00:40:59,270 --> 00:40:57,240

space and so you know was it Russian was

940

00:41:01,130 --> 00:40:59,280

it Chinese we ruled out Russia and China

941

00:41:03,950 --> 00:41:01,140

that's what my Branch did my Engineers

942

00:41:05,089 --> 00:41:03,960

ruled out plasma stealth generators we

943

00:41:06,589 --> 00:41:05,099

knew that the Russians were

944

00:41:09,050 --> 00:41:06,599

experimenting on on some of their

945

00:41:11,150 --> 00:41:09,060

aircraft and we ruled that out and in

946

00:41:13,550 --> 00:41:11,160

our world didn't check their software on

947

00:41:16,069 --> 00:41:13,560

the ground checked the spacecraft up in

948

00:41:18,710 --> 00:41:16,079

space everything is fine they looked at

949

00:41:20,450 --> 00:41:18,720

that and go you know it can't be that so

950

00:41:22,910 --> 00:41:20,460

what is going on so they started a

951
00:41:24,950 --> 00:41:22,920
working group and they briefed uh you

952
00:41:26,930 --> 00:41:24,960
know the alphabet soup agencies an

953
00:41:29,810 --> 00:41:26,940
intelligence Community which then in

954
00:41:31,250 --> 00:41:29,820
turn brought in the contractors that we

955
00:41:34,069 --> 00:41:31,260
all know well you know Lockheed Martin

956
00:41:34,970 --> 00:41:34,079
Raytheon Northstar Grumman Boeing those

957
00:41:37,849 --> 00:41:34,980
guys

958
00:41:40,310 --> 00:41:37,859
um and they they had meanings about the

959
00:41:43,310 --> 00:41:40,320
orbs and I know that the orb working

960
00:41:45,650 --> 00:41:43,320
group had everything to do with UFOs and

961
00:41:48,109 --> 00:41:45,660
our knowledge up to that point

962
00:41:50,569 --> 00:41:48,119
up to that point and they it was totally

963
00:41:53,569 --> 00:41:50,579

about UFOs and the orb association with

964

00:41:56,270 --> 00:41:53,579

UFOs and then that was before all set

965

00:42:00,890 --> 00:41:56,280

because that study stopped around 2006

966

00:42:03,650 --> 00:42:00,900

2007 as Senator Reid and senator in a

967

00:42:06,410 --> 00:42:03,660

way both started funding

968

00:42:07,910 --> 00:42:06,420

um you know allsap and Robert Bigalow

969

00:42:10,010 --> 00:42:07,920

came in and so forth and so on so we

970

00:42:12,349 --> 00:42:10,020

know the rest of the story but you know

971

00:42:16,010 --> 00:42:12,359

that was part of that whole study that

972

00:42:17,930 --> 00:42:16,020

never stopped never stopped it was so he

973

00:42:21,069 --> 00:42:17,940

have no idea how brilliant that was

974

00:42:23,450 --> 00:42:21,079

because that it it was my next question

975

00:42:26,390 --> 00:42:23,460

because that takes us all the way

976
00:42:30,230 --> 00:42:26,400
through to today yeah where you have the

977
00:42:35,690 --> 00:42:30,240
UAP task force and that and in the

978
00:42:39,670 --> 00:42:35,700
budget for 2022 and 2023 very like

979
00:42:46,010 --> 00:42:39,680
written into law yes all of the agencies

980
00:42:49,130 --> 00:42:46,020
all of them will share their data right

981
00:42:51,349 --> 00:42:49,140
is this CI now we know that the the

982
00:42:53,329 --> 00:42:51,359
United States Air Force is not right

983
00:42:57,109 --> 00:42:53,339
that's right there's a lot of arm

984
00:43:00,530 --> 00:42:57,119
twisting going on yep is is the CIA

985
00:43:03,950 --> 00:43:00,540
um uh NSA nro

986
00:43:07,190 --> 00:43:03,960
um and you have the uh the Navy uh of

987
00:43:11,170 --> 00:43:07,200
course the Army the Marines are they all

988
00:43:14,270 --> 00:43:11,180

you know their uh their intelligence

989

00:43:16,790 --> 00:43:14,280

are they sharing their information is

990

00:43:19,849 --> 00:43:16,800

the CIA is sharing their information

991

00:43:21,050 --> 00:43:19,859

that they have been collecting uh let me

992

00:43:23,809 --> 00:43:21,060

answer it this way

993

00:43:26,510 --> 00:43:23,819

um Dr kirpatrick gave you a big clue that

994

00:43:28,790 --> 00:43:26,520

he is facing an uphill battle with some

995

00:43:31,010 --> 00:43:28,800

of these agencies and the reason why is

996

00:43:34,309 --> 00:43:31,020

that the Pentagon is under something

997

00:43:37,609 --> 00:43:34,319

called U.S code title 10. so the subtitle

998

00:43:41,030 --> 00:43:37,619

laws that governs the management of the

999

00:43:43,069 --> 00:43:41,040

uniform armed services title 10. and he

1000

00:43:44,750 --> 00:43:43,079

is in the Pentagon serving the under

1001
00:43:46,309 --> 00:43:44,760
secretary of defense for intelligence

1002
00:43:48,530 --> 00:43:46,319
and security who then serves the

1003
00:43:51,050 --> 00:43:48,540
Secretary of Defense who answers to the

1004
00:43:53,890 --> 00:43:51,060
president now it's the CIA side you have

1005
00:43:56,809 --> 00:43:53,900
the director of CIA who asked us to

1006
00:43:57,890 --> 00:43:56,819
Abraham's the dni who then answers to

1007
00:44:01,309 --> 00:43:57,900
the president

1008
00:44:05,030 --> 00:44:01,319
and so if there's any kind of like

1009
00:44:08,390 --> 00:44:05,040
uh resistance to sharing information

1010
00:44:12,170 --> 00:44:08,400
uh what the inviting Administration did

1011
00:44:13,970 --> 00:44:12,180
was they gave the UAP portfolio also to

1012
00:44:17,210 --> 00:44:13,980
the National Security Council under Jake

1013
00:44:19,550 --> 00:44:17,220

Sullivan and so whereas Avril Haynes

1014

00:44:21,050 --> 00:44:19,560

even though she's dni she has to call

1015

00:44:22,790 --> 00:44:21,060

the White House to schedule a meeting

1016

00:44:24,470 --> 00:44:22,800

with the president and you know what's

1017

00:44:26,510 --> 00:44:24,480

the president of Canada like I would

1018

00:44:28,670 --> 00:44:26,520

like to meet with him for 15 minutes to

1019

00:44:30,410 --> 00:44:28,680

discuss something very urgent right what

1020

00:44:31,190 --> 00:44:30,420

Jake Sullivan just needs to walk in the

1021

00:44:33,530 --> 00:44:31,200

door

1022

00:44:35,870 --> 00:44:33,540

so you have a UAP guy now in the White

1023

00:44:37,550 --> 00:44:35,880

House just walks them to the door and he

1024

00:44:40,130 --> 00:44:37,560

because he is in the National Security

1025

00:44:41,510 --> 00:44:40,140

Council uh working directly for the

1026
00:44:43,069 --> 00:44:41,520
president and speaks for the president

1027
00:44:47,270 --> 00:44:43,079
on all think matters National Security

1028
00:44:49,609 --> 00:44:47,280
uh he can say CIA share data

1029
00:44:52,010 --> 00:44:49,619
and CIA will have to share data there's

1030
00:44:54,410 --> 00:44:52,020
been some resistance I understand right

1031
00:44:56,930 --> 00:44:54,420
then some resistance I was sharing data

1032
00:44:58,670 --> 00:44:56,940
to the UAP task force uh under a

1033
00:45:00,490 --> 00:44:58,680
previous direct deputy director of

1034
00:45:03,349 --> 00:45:00,500
science and technology

1035
00:45:06,710 --> 00:45:03,359
did not want to share data

1036
00:45:08,450 --> 00:45:06,720
uh with a member of the UAP task force

1037
00:45:10,670 --> 00:45:08,460
and actually pulled the member of the

1038
00:45:12,829 --> 00:45:10,680

UAP task force I don't have to share

1039

00:45:14,390 --> 00:45:12,839

anything with you

1040

00:45:16,849 --> 00:45:14,400

and basically kick them out of the

1041

00:45:21,829 --> 00:45:16,859

office right well why has that climate

1042

00:45:24,530 --> 00:45:21,839

changed John I I don't yeah because you

1043

00:45:26,870 --> 00:45:24,540

know when that occurred or laws were not

1044

00:45:29,030 --> 00:45:26,880

as strong as they are now right now we

1045

00:45:33,710 --> 00:45:29,040

have it in black and white right no we

1046

00:45:35,510 --> 00:45:33,720

have you know CIA uh nro NSA NGA all of

1047

00:45:38,450 --> 00:45:35,520

these alphabet soups you know start

1048

00:45:41,150 --> 00:45:38,460

sharing data and so Kirkpatrick is still

1049

00:45:43,550 --> 00:45:41,160

facing some uphill battle of trying to

1050

00:45:46,069 --> 00:45:43,560

get stuff from the title 50 civilian

1051
00:45:48,410 --> 00:45:46,079
Community intelligence community so

1052
00:45:50,630 --> 00:45:48,420
people look at intelligence as this big

1053
00:45:53,809 --> 00:45:50,640
monolith you know it's all the Pentagon

1054
00:45:55,370 --> 00:45:53,819
it's not or there are like competing and

1055
00:45:58,130 --> 00:45:55,380
competitive

1056
00:45:59,630 --> 00:45:58,140
um kind of associations regarding

1057
00:46:02,390 --> 00:45:59,640
everything to do with the Pentagon

1058
00:46:04,370 --> 00:46:02,400
including UAP so in some areas it is

1059
00:46:07,010 --> 00:46:04,380
cooperative relationship right it

1060
00:46:08,870 --> 00:46:07,020
benefits the agencies cooperating and

1061
00:46:11,210 --> 00:46:08,880
when it doesn't benefit one uh there's a

1062
00:46:14,030 --> 00:46:11,220
lot of resistance it's competitive

1063
00:46:15,710 --> 00:46:14,040

and so you know that's why they need it

1064

00:46:18,650 --> 00:46:15,720

at the White House they needed someone

1065

00:46:20,270 --> 00:46:18,660

to referee these disagreements with the

1066

00:46:23,089 --> 00:46:20,280

authority to do so

1067

00:46:26,750 --> 00:46:23,099

and so I believe that that is the reason

1068

00:46:30,530 --> 00:46:26,760

why everyone is now on board and at dcia

1069

00:46:32,870 --> 00:46:30,540

I know that there are liaison officers I

1070

00:46:35,510 --> 00:46:32,880

Know Two Gentlemen by name I won't name

1071

00:46:37,910 --> 00:46:35,520

them not even by first name uh that I

1072

00:46:41,210 --> 00:46:37,920

knew uh when I was working they were

1073

00:46:43,069 --> 00:46:41,220

much more Junior when I was there uh

1074

00:46:47,690 --> 00:46:43,079

than now in senior positions and they

1075

00:46:51,530 --> 00:46:47,700

are the liaison to the arrow

1076

00:46:54,349 --> 00:46:51,540

the the I think that there was a very

1077

00:46:56,410 --> 00:46:54,359

historic moment uh two two and a half

1078

00:46:59,990 --> 00:46:56,420

years ago two years ago

1079

00:47:04,069 --> 00:47:00,000

when in the White House Press Room

1080

00:47:07,609 --> 00:47:04,079

they're doing a live uh you know press

1081

00:47:11,150 --> 00:47:07,619

conference about all things and then

1082

00:47:13,630 --> 00:47:11,160

somebody asked about the the UAP report

1083

00:47:18,230 --> 00:47:13,640

and from the podium

1084

00:47:20,109 --> 00:47:18,240

UFO was said out loud right right I

1085

00:47:22,970 --> 00:47:20,119

thought wait a minute

1086

00:47:26,390 --> 00:47:22,980

this is we are in A Brave New World now

1087

00:47:29,870 --> 00:47:26,400

yeah that just happened inside of The

1088

00:47:34,190 --> 00:47:29,880

White House live National Television UFO

1089

00:47:37,010 --> 00:47:34,200

was just said without laughter is is

1090

00:47:39,349 --> 00:47:37,020

that when you say everybody's on board

1091

00:47:44,089 --> 00:47:39,359

is it like that now well in Washington

1092

00:47:46,790 --> 00:47:44,099

DC where UFO and UAP is is is actually

1093

00:47:48,950 --> 00:47:46,800

used in conversation

1094

00:47:51,290 --> 00:47:48,960

um I would say yes within the offices

1095

00:47:53,329 --> 00:47:51,300

that deal with the subject matter yes I

1096

00:47:55,670 --> 00:47:53,339

would say that's a true statement in

1097

00:47:59,690 --> 00:47:55,680

fact um you know it was Avril Haynes in

1098

00:48:02,450 --> 00:47:59,700

the uh November is it 2021 uh she had

1099

00:48:03,950 --> 00:48:02,460

the uh it was that panel discussion at

1100

00:48:06,349 --> 00:48:03,960

the National Cathedral our future in

1101
00:48:08,450 --> 00:48:06,359
space yes where she said you know we

1102
00:48:10,970 --> 00:48:08,460
have to consider also that they may be

1103
00:48:12,950 --> 00:48:10,980
coming to us extraterrestrially

1104
00:48:14,809 --> 00:48:12,960
and I don't know if people caught it but

1105
00:48:16,790 --> 00:48:14,819
uh Dr Kirkpatrick himself in the most

1106
00:48:19,670 --> 00:48:16,800
recent hearing he actually stated that

1107
00:48:21,650 --> 00:48:19,680
we have bins you know and uh one of the

1108
00:48:24,290 --> 00:48:21,660
one of those bins is the extreme

1109
00:48:25,730 --> 00:48:24,300
extraterrestrial bit and he said it

1110
00:48:28,150 --> 00:48:25,740
there

1111
00:48:31,130 --> 00:48:28,160
um and that's something that uh Mr

1112
00:48:33,410 --> 00:48:31,140
Moultrie and brave did not say but he

1113
00:48:36,410 --> 00:48:33,420

said it that we you know they're looking

1114

00:48:38,870 --> 00:48:36,420

at all possibilities

1115

00:48:41,270 --> 00:48:38,880

um so you may not have the evidence now

1116

00:48:43,670 --> 00:48:41,280

but he's not discounting it so I think

1117

00:48:46,970 --> 00:48:43,680

the answer is yes it's it's it is a new

1118

00:48:49,490 --> 00:48:46,980

climate and there's no Stigma I think it

1119

00:48:53,329 --> 00:48:49,500

involved inside the intelligence

1120

00:48:56,569 --> 00:48:53,339

Community to talk about this now now uh

1121

00:48:59,990 --> 00:48:56,579

Chris Mellon gave us an interesting clue

1122

00:49:02,510 --> 00:49:00,000

as to how pervasive uaps are because he

1123

00:49:07,069 --> 00:49:02,520

actually revealed in the debrief article

1124

00:49:08,809 --> 00:49:07,079

exposing the Air Force as being the uh

1125

00:49:10,790 --> 00:49:08,819

kicking and screaming

1126

00:49:13,309 --> 00:49:10,800

uh partner and all this that they don't

1127

00:49:15,470 --> 00:49:13,319

want to go there he also stated that you

1128

00:49:17,690 --> 00:49:15,480

know the Air Force has had a campaign

1129

00:49:21,410 --> 00:49:17,700

to you know intimidate people in the Air

1130

00:49:24,530 --> 00:49:21,420

Force they're looking at a database

1131

00:49:29,329 --> 00:49:24,540

a SharePoint database that contains

1132

00:49:33,050 --> 00:49:29,339

information about uaps and UFOs that the

1133

00:49:34,910 --> 00:49:33,060

dni setup it is the equivalent of UFO

1134

00:49:36,589 --> 00:49:34,920

Twitter for those who have top secret

1135

00:49:39,530 --> 00:49:36,599

SCI clearances

1136

00:49:41,150 --> 00:49:39,540

my understanding is in that database

1137

00:49:43,670 --> 00:49:41,160

individuals

1138

00:49:46,730 --> 00:49:43,680

are talking about their personal

1139

00:49:48,650 --> 00:49:46,740

experiences with the phenomenon talking

1140

00:49:51,109 --> 00:49:48,660

about professional encounters with the

1141

00:49:53,329 --> 00:49:51,119

phenomenon and they're also inserting

1142

00:49:56,390 --> 00:49:53,339

like documents into the into that

1143

00:49:58,430 --> 00:49:56,400

database and then because this TS SCI

1144

00:50:00,890 --> 00:49:58,440

those aren't redacted

1145

00:50:03,349 --> 00:50:00,900

and so even within the dni you know

1146

00:50:06,050 --> 00:50:03,359

there's a lot more openness involved and

1147

00:50:08,870 --> 00:50:06,060

in that article uh I just interrupted

1148

00:50:11,450 --> 00:50:08,880

you John but okay clock I I want your

1149

00:50:14,750 --> 00:50:11,460

response to this in that article which I

1150

00:50:17,510 --> 00:50:14,760

read dozens of times uh by Chris melon

1151

00:50:20,510 --> 00:50:17,520

it was it was long first off it was very

1152

00:50:23,030 --> 00:50:20,520

wordy but it was to the point and it was

1153

00:50:25,250 --> 00:50:23,040

well written and in that when he

1154

00:50:28,970 --> 00:50:25,260

addresses what you're talking about here

1155

00:50:31,910 --> 00:50:28,980

he said that this is a secured chat room

1156

00:50:34,670 --> 00:50:31,920

system right and

1157

00:50:38,150 --> 00:50:34,680

um and that in the beginning

1158

00:50:40,309 --> 00:50:38,160

the Air Force had their own Personnel

1159

00:50:43,309 --> 00:50:40,319

that was in you know getting involved in

1160

00:50:44,809 --> 00:50:43,319

these chats and he said the Air Force

1161

00:50:48,230 --> 00:50:44,819

stepped in he said everybody was

1162

00:50:52,130 --> 00:50:48,240

involved right yes yes and the Air Force

1163

00:50:55,309 --> 00:50:52,140

stepped in and said no yeah no more Air

1164

00:50:58,130 --> 00:50:55,319

Force in in this class my chat room

1165

00:51:00,109 --> 00:50:58,140

right why would the Air Force jump and

1166

00:51:02,950 --> 00:51:00,119

the Air Force never denied that by the

1167

00:51:05,870 --> 00:51:02,960

way and Chris melon put that

1168

00:51:07,910 --> 00:51:05,880

published that yes why do you think the

1169

00:51:10,130 --> 00:51:07,920

Air Force jumped in and said no you're

1170

00:51:11,510 --> 00:51:10,140

no no no you can't like I said you know

1171

00:51:13,670 --> 00:51:11,520

they're the guys that are kicking and

1172

00:51:15,230 --> 00:51:13,680

screaming about this because they are

1173

00:51:17,329 --> 00:51:15,240

the stakeholders with the most to lose

1174

00:51:20,049 --> 00:51:17,339

and what do they have to lose

1175

00:51:22,010 --> 00:51:20,059

um they're very fearful that the

1176
00:51:25,670 --> 00:51:22,020
intelligence surveillance reconnaissance

1177
00:51:28,910 --> 00:51:25,680
spy plane that exhibit extraordinary

1178
00:51:31,130 --> 00:51:28,920
capabilities uh might be exposed

1179
00:51:33,130 --> 00:51:31,140
and that's that's their concern and they

1180
00:51:37,069 --> 00:51:33,140
don't want any conversation about this

1181
00:51:39,470 --> 00:51:37,079
because because I believe that that

1182
00:51:43,490 --> 00:51:39,480
technology it may not be accurately

1183
00:51:45,890 --> 00:51:43,500
reproduced but there were technologies

1184
00:51:48,049 --> 00:51:45,900
that inspired the design they don't want

1185
00:51:50,510 --> 00:51:48,059
any of that to get out so you know

1186
00:51:53,870 --> 00:51:50,520
that's squash anything with UA Falls

1187
00:51:57,049 --> 00:51:53,880
uaps in it because we know that you know

1188
00:51:59,630 --> 00:51:57,059

we use that we utilize it though isn't

1189

00:52:01,370 --> 00:51:59,640

that a weak excuse that's that's the way

1190

00:52:03,109 --> 00:52:01,380

the Air Force thinks I mean they're just

1191

00:52:05,390 --> 00:52:03,119

like you know they're putting up walls

1192

00:52:07,730 --> 00:52:05,400

and peering up barriers

1193

00:52:10,010 --> 00:52:07,740

um you know and is it because they've

1194

00:52:11,870 --> 00:52:10,020

always been The Gatekeepers

1195

00:52:14,270 --> 00:52:11,880

um I can say this that the Air Force has

1196

00:52:17,089 --> 00:52:14,280

been a primary GateKeeper and I would

1197

00:52:19,190 --> 00:52:17,099

raise my hand as a former CI officer and

1198

00:52:22,069 --> 00:52:19,200

so has the CIA and I would think that

1199

00:52:23,930 --> 00:52:22,079

and then in the early days of Roswell

1200

00:52:27,589 --> 00:52:23,940

um we had

1201
00:52:29,450 --> 00:52:27,599
you know the U.S Army Air Forces that

1202
00:52:31,190 --> 00:52:29,460
became the Air Force and we had the

1203
00:52:33,349 --> 00:52:31,200
Central Intelligence group that became

1204
00:52:35,329 --> 00:52:33,359
the CIA and there are the two

1205
00:52:37,970 --> 00:52:35,339
organizations that were most involved

1206
00:52:40,609 --> 00:52:37,980
with whatever crashed at Roswell and

1207
00:52:42,470 --> 00:52:40,619
they've been there since day one to

1208
00:52:44,930 --> 00:52:42,480
protect this information

1209
00:52:48,290 --> 00:52:44,940
but where we differ is that I think the

1210
00:52:51,770 --> 00:52:48,300
CIA is now becoming more open to the

1211
00:52:53,809 --> 00:52:51,780
idea that maybe it's time now to release

1212
00:52:56,510 --> 00:52:53,819
what we have because we don't we don't

1213
00:52:58,069 --> 00:52:56,520

bend metal as they say in the defense

1214

00:53:00,530 --> 00:52:58,079

Community bending metal means you know

1215

00:53:02,990 --> 00:53:00,540

you're bidding airplanes at Palmdale we

1216

00:53:05,870 --> 00:53:03,000

don't we don't do that anymore

1217

00:53:07,309 --> 00:53:05,880

um but we do study it from more I think

1218

00:53:08,990 --> 00:53:07,319

more from the

1219

00:53:10,430 --> 00:53:09,000

believe it or not the higher

1220

00:53:11,210 --> 00:53:10,440

Consciousness

1221

00:53:13,870 --> 00:53:11,220

um

1222

00:53:16,870 --> 00:53:13,880

the uh

1223

00:53:20,930 --> 00:53:16,880

experiencer type this High strangeness

1224

00:53:23,230 --> 00:53:20,940

type of perspective and that's what

1225

00:53:26,390 --> 00:53:23,240

fueled like the remote viewing program

1226
00:53:29,210 --> 00:53:26,400
it fueled some of the MK Ultra program

1227
00:53:31,849 --> 00:53:29,220
which was not so much about mind control

1228
00:53:34,549 --> 00:53:31,859
but behavior modification

1229
00:53:37,910 --> 00:53:34,559
and so the very first MK Ultra program

1230
00:53:40,930 --> 00:53:37,920
was actually called project chatter

1231
00:53:44,870 --> 00:53:40,940
it was aligned with the CIA and the Navy

1232
00:53:46,849 --> 00:53:44,880
in 1947 chatter

1233
00:53:49,030 --> 00:53:46,859
um and you we keep hearing that you know

1234
00:53:52,309 --> 00:53:49,040
the beings communicated telepathically

1235
00:53:54,109 --> 00:53:52,319
and likely the CIA wanted to know how

1236
00:53:55,970 --> 00:53:54,119
did that work because my God if we can

1237
00:53:58,390 --> 00:53:55,980
communicate telepathically we can talk

1238
00:54:00,710 --> 00:53:58,400

to our agents that way you know

1239

00:54:02,510 --> 00:54:00,720

telepathically it's secure and we can do

1240

00:54:04,370 --> 00:54:02,520

remote viewing we can we don't have to

1241

00:54:05,990 --> 00:54:04,380

risk the lives of an operations officer

1242

00:54:08,750 --> 00:54:06,000

or an agent go somewhere we can remote

1243

00:54:11,809 --> 00:54:08,760

view it we can consciously send

1244

00:54:13,430 --> 00:54:11,819

our minds someplace and look at top

1245

00:54:14,390 --> 00:54:13,440

secret stuff being worked on by another

1246

00:54:17,470 --> 00:54:14,400

country

1247

00:54:20,630 --> 00:54:17,480

and so a lot of that is within the CIA

1248

00:54:24,170 --> 00:54:20,640

preview purview and that is what we call

1249

00:54:27,530 --> 00:54:24,180

the weird desk the weird desk at CIA was

1250

00:54:29,390 --> 00:54:27,540

all about telekinesis psychoenergetics

1251

00:54:31,849 --> 00:54:29,400

um these types of topics

1252

00:54:34,150 --> 00:54:31,859

the high strangeness part it's a lot

1253

00:54:36,410 --> 00:54:34,160

cheaper than paying somebody's salary

1254

00:54:39,049 --> 00:54:36,420

well you don't have to pay somebody to

1255

00:54:41,750 --> 00:54:39,059

fly overseas and and be there for a year

1256

00:54:43,370 --> 00:54:41,760

if you could do it from a desk at you

1257

00:54:44,290 --> 00:54:43,380

know it's not even the cost I mean you

1258

00:54:46,450 --> 00:54:44,300

know

1259

00:54:49,069 --> 00:54:46,460

yeah yeah

1260

00:54:50,809 --> 00:54:49,079

sure sure yeah all of that all of that

1261

00:54:54,410 --> 00:54:50,819

comes into play

1262

00:54:58,390 --> 00:54:54,420

um okay let me ask you this really quick

1263

00:55:03,290 --> 00:54:58,400

um uh I ask Avi Loeb the same question

1264

00:55:06,109 --> 00:55:03,300

that if Avi discovered something I mean

1265

00:55:09,650 --> 00:55:06,119

the the the the that thing right

1266

00:55:11,890 --> 00:55:09,660

whatever it may be but the the thing

1267

00:55:14,270 --> 00:55:11,900

or somebody else

1268

00:55:16,430 --> 00:55:14,280

would there be

1269

00:55:18,069 --> 00:55:16,440

you know obvious civilian right that's

1270

00:55:22,250 --> 00:55:18,079

that's private

1271

00:55:25,190 --> 00:55:22,260

would there be a government takeover of

1272

00:55:29,270 --> 00:55:25,200

that information does the CIA come in

1273

00:55:31,790 --> 00:55:29,280

does the nro just DOD odni and and take

1274

00:55:35,089 --> 00:55:31,800

control of it like the James Webb like

1275

00:55:37,329 --> 00:55:35,099

the mo the movie contact

1276

00:55:39,770 --> 00:55:37,339

right where

1277

00:55:41,750 --> 00:55:39,780

they would keep this information from

1278

00:55:44,870 --> 00:55:41,760

the public in the interests of National

1279

00:55:47,690 --> 00:55:44,880

Security is that possible in this day of

1280

00:55:49,970 --> 00:55:47,700

information I don't think so um that

1281

00:55:53,569 --> 00:55:49,980

can't happen um in fact uh Dr Patrick

1282

00:55:55,430 --> 00:55:53,579

said that he is working with Academia as

1283

00:55:59,089 --> 00:55:55,440

part of Arrow he's bringing Academia

1284

00:56:01,370 --> 00:55:59,099

into Arrow to share what he can with

1285

00:56:02,990 --> 00:56:01,380

Academia because

1286

00:56:04,309 --> 00:56:03,000

um there's a lot more expertise out

1287

00:56:06,410 --> 00:56:04,319

there than what's inside the government

1288

00:56:09,049 --> 00:56:06,420

and we have some really smart people

1289

00:56:10,970 --> 00:56:09,059

working in the government but again you

1290

00:56:13,190 --> 00:56:10,980

know their world view is somewhat

1291

00:56:15,230 --> 00:56:13,200

constrained by the fact that they are in

1292

00:56:17,329 --> 00:56:15,240

government and what we need are open

1293

00:56:20,150 --> 00:56:17,339

minds outside of government to look into

1294

00:56:22,250 --> 00:56:20,160

this issue and I believe Dr Patrick and

1295

00:56:24,890 --> 00:56:22,260

Errol uh will be doing that and in fact

1296

00:56:27,410 --> 00:56:24,900

Dr Kirkpatrick what did he do the guy

1297

00:56:29,930 --> 00:56:27,420

who heads arrow co-authored a paper with

1298

00:56:32,170 --> 00:56:29,940

avilo and I don't think that could have

1299

00:56:35,809 --> 00:56:32,180

happened like two years ago even

1300

00:56:37,849 --> 00:56:35,819

why didn't Jilla brand bring that up

1301

00:56:39,890 --> 00:56:37,859

I think

1302

00:56:43,309 --> 00:56:39,900

she didn't want to bring it up in Open

1303

00:56:45,770 --> 00:56:43,319

Session I would not be surprised that

1304

00:56:49,430 --> 00:56:45,780

you know in closed session that was a

1305

00:56:52,190 --> 00:56:49,440

lot more substantive discussion going on

1306

00:56:54,950 --> 00:56:52,200

and uh so again I'm I'm hoping that

1307

00:56:57,710 --> 00:56:54,960

whatever is going on behind closed doors

1308

00:57:01,069 --> 00:56:57,720

will come out out into the open and I'm

1309

00:57:03,170 --> 00:57:01,079

hoping that there is a disclosure

1310

00:57:05,030 --> 00:57:03,180

initial initial disclosure

1311

00:57:07,790 --> 00:57:05,040

that will happen real soon now because

1312

00:57:10,370 --> 00:57:07,800

there's absolutely no sense to keep

1313

00:57:11,930 --> 00:57:10,380

anything under a tight lid there really

1314

00:57:14,030 --> 00:57:11,940

isn't

1315

00:57:15,650 --> 00:57:14,040

um I don't know what justification they

1316

00:57:16,849 --> 00:57:15,660

have to keep it on tightly other than

1317

00:57:18,950 --> 00:57:16,859

the Air Force we've got something that's

1318

00:57:20,690 --> 00:57:18,960

really cool that we don't want anyone to

1319

00:57:23,030 --> 00:57:20,700

see

1320

00:57:25,010 --> 00:57:23,040

um okay but everything else I mean why

1321

00:57:27,230 --> 00:57:25,020

why why do that because

1322

00:57:29,089 --> 00:57:27,240

this stuff doesn't belong to the US

1323

00:57:31,069 --> 00:57:29,099

government or any government it belongs

1324

00:57:33,530 --> 00:57:31,079

to humanity it belongs to the world and

1325

00:57:35,270 --> 00:57:33,540

we need to release it into the world I

1326
00:57:38,390 --> 00:57:35,280
keep saying the American government

1327
00:57:41,690 --> 00:57:38,400
needs to get out of the UFO Monopoly

1328
00:57:43,750 --> 00:57:41,700
that it has had since the 40s they need

1329
00:57:46,190 --> 00:57:43,760
to support initiatives internationally

1330
00:57:48,490 --> 00:57:46,200
and one of the things that we would like

1331
00:57:53,030 --> 00:57:48,500
the folks who are pushing for disclosure

1332
00:57:55,190 --> 00:57:53,040
is to support San Marino and project

1333
00:57:59,150 --> 00:57:55,200
Titan where they would want everything

1334
00:58:03,230 --> 00:57:59,160
to be under the United Nations well

1335
00:58:05,349 --> 00:58:03,240
that's that's such a great point in that

1336
00:58:07,730 --> 00:58:05,359
um I feel that our International

1337
00:58:10,069 --> 00:58:07,740
cooperation in space

1338
00:58:12,589 --> 00:58:10,079

as as you know considering all the other

1339

00:58:15,230 --> 00:58:12,599

issues that we have geopolitically on

1340

00:58:17,930 --> 00:58:15,240

this planet that when it comes to space

1341

00:58:20,150 --> 00:58:17,940

you know we've had soyuz and Ross Cosmos

1342

00:58:22,750 --> 00:58:20,160

flying our astronauts we've been using

1343

00:58:25,549 --> 00:58:22,760

their engines there's been a general

1344

00:58:30,230 --> 00:58:25,559

cooperation in the sharing of knowledge

1345

00:58:32,990 --> 00:58:30,240

of of space travel and exploration it's

1346

00:58:36,109 --> 00:58:33,000

it's been pretty cool it's the same

1347

00:58:38,170 --> 00:58:36,119

thing going on with UFO and ET

1348

00:58:40,490 --> 00:58:38,180

information is there international

1349

00:58:42,650 --> 00:58:40,500

cooperation there or is everybody

1350

00:58:43,609 --> 00:58:42,660

keeping everything close to the chest no

1351

00:58:46,549 --> 00:58:43,619

I think there is international

1352

00:58:47,569 --> 00:58:46,559

cooperation I do and

1353

00:58:50,870 --> 00:58:47,579

um you know

1354

00:58:51,890 --> 00:58:50,880

it happens I mean it does happen

1355

00:58:54,170 --> 00:58:51,900

um

1356

00:58:55,609 --> 00:58:54,180

does that cooperation extend to the

1357

00:58:57,230 --> 00:58:55,619

People's Republic of China and the

1358

00:58:58,670 --> 00:58:57,240

Russian Federation I can't answer that

1359

00:59:01,130 --> 00:58:58,680

there's a lot of things we don't

1360

00:59:02,390 --> 00:59:01,140

cooperate about but there in the past we

1361

00:59:04,789 --> 00:59:02,400

did

1362

00:59:06,589 --> 00:59:04,799

um you'd be surprised as to you know how

1363

00:59:09,289 --> 00:59:06,599

much level of cooperation we do have

1364

00:59:11,450 --> 00:59:09,299

even with our adversaries that there's

1365

00:59:13,789 --> 00:59:11,460

some level of communications we don't

1366

00:59:15,230 --> 00:59:13,799

cut everybody off

1367

00:59:17,930 --> 00:59:15,240

um and some people says well you never

1368

00:59:19,549 --> 00:59:17,940

disclosed anything top secret well why

1369

00:59:20,990 --> 00:59:19,559

is it top secret I mean that's just a

1370

00:59:23,270 --> 00:59:21,000

stroke of a pen

1371

00:59:25,309 --> 00:59:23,280

you know I mean anything top secret can

1372

00:59:27,049 --> 00:59:25,319

be Declassified in an instant by The

1373

00:59:28,430 --> 00:59:27,059

Stroke of a pen of the president of the

1374

00:59:30,770 --> 00:59:28,440

United States he has the authority

1375

00:59:33,490 --> 00:59:30,780

original classification authority to

1376

00:59:35,990 --> 00:59:33,500

unclassify anything declassify anything

1377

00:59:37,970 --> 00:59:36,000

and so that's within this purview and

1378

00:59:39,829 --> 00:59:37,980

that's what's happening now we're saying

1379

00:59:41,750 --> 00:59:39,839

that you know we don't want this to be

1380

00:59:43,430 --> 00:59:41,760

top secret anymore there's no reason for

1381

00:59:46,190 --> 00:59:43,440

it to be top secret okay you're going to

1382

00:59:48,049 --> 00:59:46,200

hide your fancy airplane that's fine you

1383

00:59:50,630 --> 00:59:48,059

know hide it you know hide your

1384

00:59:53,329 --> 00:59:50,640

triangles you know I I guess that yeah I

1385

00:59:54,770 --> 00:59:53,339

do too but everything else why is it I

1386

00:59:56,510 --> 00:59:54,780

don't think it's top secret and people

1387

01:00:01,069 --> 00:59:56,520

say it's a fantasy that you're going to

1388

01:00:03,770 --> 01:00:01,079

disclose oh boy oh boy I just can't wait

1389

01:00:06,049 --> 01:00:03,780

holiday season okay I want you to say

1391

01:00:09,890 --> 01:00:08,099

that to my face again that uh you're not

1392

01:00:13,370 --> 01:00:09,900

going to disclose anything that your

1393

01:00:16,670 --> 01:00:13,380

disinformation agent because uh

1478

01:03:41,569 --> 01:03:37,140

am your host Jimmy Church our guest

1479

01:03:43,549 --> 01:03:41,579

tonight John Ramirez and I'm x39 I keep

1480

01:03:45,470 --> 01:03:43,559

it right here in the studio I'm wearing

1481

01:03:48,289 --> 01:03:45,480

it right now it's right here

1482

01:03:50,569 --> 01:03:48,299

wearing on the basement I I got my

1483

01:03:53,990 --> 01:03:50,579

vision back look at my face

1484

01:03:58,190 --> 01:03:54,000

I'm healthy I'm rested my brain is clear

1485

01:03:59,870 --> 01:03:58,200

for guests like John Ramirez and and now

1486

01:04:02,390 --> 01:03:59,880

John

1487

01:04:06,170 --> 01:04:02,400

um I how

1488

01:04:09,230 --> 01:04:06,180

how do you get into the CIA do you get

1489

01:04:12,470 --> 01:04:09,240

recruited do you fill out a job

1490

01:04:14,450 --> 01:04:12,480

application how how does that happen

1491

01:04:16,190 --> 01:04:14,460

well right now

1492

01:04:18,770 --> 01:04:16,200

um I think the easiest way to get into

1493

01:04:21,650 --> 01:04:18,780

CIA is to just go on their website and

1494

01:04:23,510 --> 01:04:21,660

they have all the jobs advertised that

1495

01:04:25,549 --> 01:04:23,520

you might qualify for

1496

01:04:27,530 --> 01:04:25,559

um you know the stipulation is you know

1497

01:04:30,470 --> 01:04:27,540

you got to be a U.S citizen that's

1498

01:04:32,390 --> 01:04:30,480

that's number one we don't hire Russian

1499

01:04:34,309 --> 01:04:32,400

citizens of Chinese citizens or you know

1500

01:04:37,309 --> 01:04:34,319

Brazilian citizens they're US citizens

1501

01:04:41,210 --> 01:04:37,319

so that's one uh you have to be 18 years

1502

01:04:44,329 --> 01:04:41,220

minimum that's two and a third you

1503

01:04:48,349 --> 01:04:44,339

should not have an outstanding warrant

1504

01:04:50,390 --> 01:04:48,359

or a felony conviction in your record so

1505

01:04:51,950 --> 01:04:50,400

that's it now the rest is like

1506

01:04:54,230 --> 01:04:51,960

qualifications that is technical

1507

01:04:56,270 --> 01:04:54,240

qualifications and there's a whole list

1508

01:04:58,730 --> 01:04:56,280

of jobs that you might qualify for some

1509

01:05:02,450 --> 01:04:58,740

of them do stipulate a degree not all

1510

01:05:05,390 --> 01:05:02,460

jobs of CIA require a college degree we

1511

01:05:07,730 --> 01:05:05,400

have like trade skills we have

1512

01:05:09,349 --> 01:05:07,740

automobile mechanics who take care of

1513

01:05:10,849 --> 01:05:09,359

the fleet of limousines that the

1514

01:05:13,010 --> 01:05:10,859

directors and Deputy judges get the

1515

01:05:14,329 --> 01:05:13,020

right in so we have a motor pool and

1516

01:05:17,210 --> 01:05:14,339

there's people there that you know

1517

01:05:22,069 --> 01:05:17,220

specialize in being professional drivers

1518

01:05:24,410 --> 01:05:22,079

or fixing automobiles we have other jobs

1519

01:05:27,230 --> 01:05:24,420

that are related to Logistics and

1520

01:05:30,349 --> 01:05:27,240

whatnot and Supply that may not require

1521

01:05:32,390 --> 01:05:30,359

a college degree but more more than more

1522

01:05:34,910 --> 01:05:32,400

in most censuses ecology degree is

1523

01:05:37,270 --> 01:05:34,920

required and one of the fields that CIA

1524

01:05:40,670 --> 01:05:37,280

is recruiting into so there's the job

1525

01:05:41,809 --> 01:05:40,680

webpage at cia.gov

1526

01:05:44,630 --> 01:05:41,819

um secondly

1527

01:05:47,329 --> 01:05:44,640

um CIA goes to campuses across the

1528

01:05:48,710 --> 01:05:47,339

United States and they recruit there at

1529

01:05:50,930 --> 01:05:48,720

College fairs like all the other

1530

01:05:52,849 --> 01:05:50,940

companies do competing with the talent

1531

01:05:56,210 --> 01:05:52,859

offered by that particular College

1532

01:05:58,730 --> 01:05:56,220

University and I've been to college

1533

01:06:01,089 --> 01:05:58,740

campuses my favorites are in like USC

1534

01:06:03,829 --> 01:06:01,099

and UCLA I like going out to California

1535

01:06:06,589 --> 01:06:03,839

uh mainly because uh there's a wonderful

1536

01:06:08,150 --> 01:06:06,599

hamburger stand at uh rampant Rampart

1537

01:06:11,150 --> 01:06:08,160

and

1538

01:06:13,970 --> 01:06:11,160

ah I forget the other one but

1539

01:06:15,530 --> 01:06:13,980

um that's okay there's a great if you

1540

01:06:17,270 --> 01:06:15,540

see this Shack take it back you know

1541

01:06:19,789 --> 01:06:17,280

what I'm saying you know which one I'm

1542

01:06:23,510 --> 01:06:19,799

talking about Tommy's Tommy's thank you

1543

01:06:25,609 --> 01:06:23,520

yes the best ah yes if you haven't had a

1544

01:06:27,770 --> 01:06:25,619

Tommy burger yet and had a burger I I

1545

01:06:31,250 --> 01:06:27,780

wear my Tommy shirt here on Fade to

1546

01:06:33,890 --> 01:06:31,260

Black at least once a month uh uh wow

1547

01:06:38,210 --> 01:06:33,900

okay you just went up a level uh there

1548

01:06:41,930 --> 01:06:40,490

um I actually uh was writing to CIA was

1549

01:06:45,230 --> 01:06:41,940

serving in the Navy I served a Navy

1550

01:06:48,170 --> 01:06:45,240

between 73 and 79 and I was in a job

1551
01:06:50,510 --> 01:06:48,180
that required a clearance and it was um

1552
01:06:53,270 --> 01:06:50,520
electronic warfare so I knew a lot about

1553
01:06:55,910 --> 01:06:53,280
radar signals and how to jam radar

1554
01:06:58,730 --> 01:06:55,920
signals it was a skill set that CIA was

1555
01:07:00,529 --> 01:06:58,740
interested in so I I queried you know

1556
01:07:02,390 --> 01:07:00,539
made a job query about what

1557
01:07:04,069 --> 01:07:02,400
opportunities they might be for somebody

1558
01:07:05,930 --> 01:07:04,079
with my background and say yes we do

1559
01:07:08,829 --> 01:07:05,940
have opportunities however we recommend

1560
01:07:11,150 --> 01:07:08,839
you get a college degree uh prior to

1561
01:07:13,789 --> 01:07:11,160
contacting us again so I got out of the

1562
01:07:16,309 --> 01:07:13,799
Navy uh went to the George Washington

1563
01:07:18,710 --> 01:07:16,319

University in Washington DC majored in

1564

01:07:21,230 --> 01:07:18,720

political science but I had a technical

1565

01:07:24,109 --> 01:07:21,240

background through the Navy and so I was

1566

01:07:26,990 --> 01:07:24,119

hired into the I applied through a

1567

01:07:30,349 --> 01:07:27,000

actually a Washington post ad and the

1568

01:07:32,750 --> 01:07:30,359

Sunday edition no they wanted uh

1569

01:07:37,309 --> 01:07:32,760

military sickles intelligence expert

1570

01:07:39,049 --> 01:07:37,319

apply here write to us so I did and I

1571

01:07:41,690 --> 01:07:39,059

was scheduled for a series of interviews

1572

01:07:44,630 --> 01:07:41,700

uh which culminated in a background

1573

01:07:46,010 --> 01:07:44,640

investigation and a not very pleasant

1574

01:07:51,890 --> 01:07:46,020

polygraph

1575

01:07:52,970 --> 01:07:51,900

they get into every details detail of

1576

01:07:58,549 --> 01:07:52,980

your life

1577

01:08:00,349 --> 01:07:58,559

that yes that means sex yes they want to

1578

01:08:02,230 --> 01:08:00,359

know everything they want to know you

1579

01:08:05,750 --> 01:08:02,240

know what turns you on you know

1580

01:08:08,089 --> 01:08:05,760

literally uh their idea is that we're

1581

01:08:09,349 --> 01:08:08,099

going to share with you the most secret

1582

01:08:12,049 --> 01:08:09,359

information in the United States

1583

01:08:14,809 --> 01:08:12,059

government we feel that you should share

1584

01:08:16,430 --> 01:08:14,819

your most personal information with the

1585

01:08:18,410 --> 01:08:16,440

United States government now let's Let

1586

01:08:19,550 --> 01:08:18,420

It Be an exchange they also want to know

1587

01:08:21,349 --> 01:08:19,560

if there's anything in your background

1588

01:08:23,150 --> 01:08:21,359

that could be used against you that

1589

01:08:25,189 --> 01:08:23,160

you're hiding

1590

01:08:28,010 --> 01:08:25,199

um so I mean

1591

01:08:30,050 --> 01:08:28,020

you know if if a gentleman likes to wear

1592

01:08:31,849 --> 01:08:30,060

uh ladies clothing they don't care as

1593

01:08:33,890 --> 01:08:31,859

long as you admit it to CIA

1594

01:08:36,050 --> 01:08:33,900

literally they don't care because then

1595

01:08:38,209 --> 01:08:36,060

if a foreign intelligence service says

1596

01:08:40,070 --> 01:08:38,219

well we're going to tell your employer

1597

01:08:42,709 --> 01:08:40,080

that you like to wear women's clothing

1598

01:08:44,689 --> 01:08:42,719

and the guy would say I don't care CIA

1599

01:08:46,849 --> 01:08:44,699

already knows they already knows that

1600

01:08:49,249 --> 01:08:46,859

stipulation so I mean that's how that's

1601
01:08:51,169 --> 01:08:49,259
why they get into such uh details about

1602
01:08:53,090 --> 01:08:51,179
one's personal life and you get through

1603
01:08:55,309 --> 01:08:53,100
that and most people fail the poly

1604
01:08:57,410 --> 01:08:55,319
that's why there's a cleansing out of

1605
01:08:58,970 --> 01:08:57,420
the applicants because they fail that

1606
01:09:01,010 --> 01:08:58,980
polygraph

1607
01:09:02,689 --> 01:09:01,020
um and then after that you'll get a

1608
01:09:03,769 --> 01:09:02,699
phone call saying we adjudicated your

1609
01:09:05,630 --> 01:09:03,779
case

1610
01:09:06,729 --> 01:09:05,640
um just pick a day you show up I picked

1611
01:09:09,229 --> 01:09:06,739
June 18

1612
01:09:14,269 --> 01:09:09,239
1984. that's the day I started my career

1613
01:09:16,249 --> 01:09:14,279

and on September 30 uh 2009 was the uh

1614

01:09:18,950 --> 01:09:16,259

my second happiest day was leaving the

1615

01:09:21,289 --> 01:09:18,960

CIA I took off my badge I batched out

1616

01:09:23,510 --> 01:09:21,299

took off my badge gave it to the

1617

01:09:26,870 --> 01:09:23,520

security officer and said I don't need

1618

01:09:29,030 --> 01:09:26,880

this anymore I retired see ya I walked

1619

01:09:31,189 --> 01:09:29,040

out the door and I only been back once I

1620

01:09:33,890 --> 01:09:31,199

only been back once for a reunion in

1621

01:09:36,550 --> 01:09:33,900

August of 20 16. now

1622

01:09:39,410 --> 01:09:36,560

um we're going to get back to UFOs

1623

01:09:42,910 --> 01:09:39,420

everybody just just relax but I gotta

1624

01:09:45,650 --> 01:09:42,920

ask is it is getting into the building

1625

01:09:50,470 --> 01:09:45,660

and wandering around the building is it

1626

01:09:55,010 --> 01:09:53,390

as a civilian you're probably not going

1627

01:09:57,110 --> 01:09:55,020

to get through the front gate into the

1628

01:09:58,970 --> 01:09:57,120

parking lot right without being on some

1629

01:10:00,650 --> 01:09:58,980

kind of limit you're a U.S citizen with

1630

01:10:02,390 --> 01:10:00,660

a social security number right right and

1631

01:10:04,910 --> 01:10:02,400

if I was still a CI officer and I wanted

1632

01:10:07,310 --> 01:10:04,920

to invite you to for lunch at CIA I just

1633

01:10:09,770 --> 01:10:07,320

put in a gate pass Jimmy Church here's

1634

01:10:12,410 --> 01:10:09,780

the social place of birth date of birth

1635

01:10:14,030 --> 01:10:12,420

put it in it gets approved you drive up

1636

01:10:16,510 --> 01:10:14,040

they give you a batch it's a visitor's

1637

01:10:19,669 --> 01:10:16,520

batch and you

1638

01:10:22,970 --> 01:10:19,679

I can go to the CIA cafeteria can I get

1639

01:10:24,530 --> 01:10:22,980

a hat do you guys shop we do have a uh

1640

01:10:26,990 --> 01:10:24,540

employee store that you can get hats

1641

01:10:30,430 --> 01:10:27,000

shut up can you can you get that set up

1642

01:10:33,590 --> 01:10:30,440

I'm not down for that you want us

1643

01:10:36,470 --> 01:10:33,600

to fly out tomorrow no you don't have to

1644

01:10:39,550 --> 01:10:36,480

though the the stores online the stores

1645

01:10:41,870 --> 01:10:39,560

hotline yeah everything's online man

1646

01:10:44,630 --> 01:10:41,880

isn't like that though you know going

1647

01:10:47,030 --> 01:10:44,640

through the building you're you know I

1648

01:10:51,470 --> 01:10:47,040

would say that um there are very few

1649

01:10:53,630 --> 01:10:51,480

that actually show our front lobby

1650

01:10:56,990 --> 01:10:53,640

the most accurate

1651

01:11:00,950 --> 01:10:57,000

um is the I I don't know

1652

01:11:03,169 --> 01:11:00,960

who puts it out is it Prime video but uh

1653

01:11:06,110 --> 01:11:03,179

there's the Jack Ryan series

1654

01:11:09,410 --> 01:11:06,120

and at the very first episode you know

1655

01:11:10,970 --> 01:11:09,420

season one episode one it shows him uh

1656

01:11:13,550 --> 01:11:10,980

riding his bicycle

1657

01:11:15,290 --> 01:11:13,560

and parking it in front of the building

1658

01:11:17,169 --> 01:11:15,300

then that's not going to happen

1659

01:11:20,390 --> 01:11:17,179

I'm telling you that

1660

01:11:21,709 --> 01:11:20,400

only VIPs get to do that and then he

1661

01:11:23,810 --> 01:11:21,719

walks into the building and it actually

1662

01:11:26,270 --> 01:11:23,820

showed the lobby of the building and

1663

01:11:28,130 --> 01:11:26,280

actually show him badging in correctly

1664

01:11:29,750 --> 01:11:28,140

and then they show him walking through

1665

01:11:31,370 --> 01:11:29,760

the quarter and that is an actual

1666

01:11:34,490 --> 01:11:31,380

Corridor CIA

1667

01:11:35,510 --> 01:11:34,500

and I freeze frame some of the uh the

1668

01:11:38,090 --> 01:11:35,520

door

1669

01:11:40,310 --> 01:11:38,100

um labels for the office Vault numbers

1670

01:11:43,370 --> 01:11:40,320

and they're accurate that's exactly the

1671

01:11:44,810 --> 01:11:43,380

way we do it wow um well it starts with

1672

01:11:47,450 --> 01:11:44,820

the floor number

1673

01:11:48,890 --> 01:11:47,460

and it could be like seven which is the

1674

01:11:51,290 --> 01:11:48,900

seventh floor the top floor where the

1675

01:11:55,010 --> 01:11:51,300

director is the next is the corridor

1676

01:11:57,530 --> 01:11:55,020

name which is might be d as in delta and

1677

01:12:00,410 --> 01:11:57,540

then the Vault number which could be I

1678

01:12:04,430 --> 01:12:00,420

don't know 64. so 7D 64. that's a

1679

01:12:07,729 --> 01:12:04,440

legitimate uh office uh designation for

1680

01:12:10,070 --> 01:12:07,739

an address and it's either nhb for new

1681

01:12:12,050 --> 01:12:10,080

headquarters building or ohb for

1682

01:12:15,470 --> 01:12:12,060

original headquarters building the one

1683

01:12:19,430 --> 01:12:15,480

that was um I think was built uh

1684

01:12:22,070 --> 01:12:19,440

uh in the 5960 era that you mostly see

1685

01:12:23,930 --> 01:12:22,080

but the new building was in the 80s so

1686

01:12:27,350 --> 01:12:23,940

that's it you know

1687

01:12:29,330 --> 01:12:27,360

um so yeah I find it fascinating I I

1688

01:12:30,890 --> 01:12:29,340

really do and and thank you for

1689

01:12:31,750 --> 01:12:30,900

answering that

1690

01:12:36,709 --> 01:12:31,760

um

1691

01:12:40,610 --> 01:12:36,719

it is it's it's a situation where

1692

01:12:42,649 --> 01:12:40,620

um going through uh the building and you

1693

01:12:45,169 --> 01:12:42,659

see there's this is the last question on

1694

01:12:47,030 --> 01:12:45,179

this where uh somebody's gonna go into

1695

01:12:49,790 --> 01:12:47,040

their office and they scan their badge

1696

01:12:53,030 --> 01:12:49,800

to get into their own office and then in

1697

01:12:55,669 --> 01:12:53,040

their own office they have a safe yeah

1698

01:12:57,470 --> 01:12:55,679

is that just Hollywood you don't scan

1699

01:12:58,850 --> 01:12:57,480

into a batch to get into an office you

1700

01:13:00,110 --> 01:12:58,860

scan into the building and once you're

1701

01:13:01,430 --> 01:13:00,120

in the building you can go anywhere you

1702

01:13:04,370 --> 01:13:01,440

can go anywhere you want yeah you got

1703

01:13:06,590 --> 01:13:04,380

your you got your blue badge right the

1704

01:13:07,729 --> 01:13:06,600

blue badge is a pitcher against the

1705

01:13:10,250 --> 01:13:07,739

field of blue

1706

01:13:12,709 --> 01:13:10,260

there is an alphanumeric designation

1707

01:13:15,290 --> 01:13:12,719

under the badge it usually starts with

1708

01:13:16,790 --> 01:13:15,300

two alphabetical uh letters followed by

1709

01:13:19,010 --> 01:13:16,800

three digits

1710

01:13:24,290 --> 01:13:19,020

and that's it there's no name or

1711

01:13:26,450 --> 01:13:24,300

anything on it and so it'd be like zz99

1712

01:13:28,430 --> 01:13:26,460

that's the CIA badge it has the drift

1713

01:13:30,110 --> 01:13:28,440

Jimmy Church on it yeah right and on the

1714

01:13:32,689 --> 01:13:30,120

back it actually says they found please

1715

01:13:35,149 --> 01:13:32,699

put drop it in the nearest post post box

1716

01:13:36,590 --> 01:13:35,159

and it would be returned to the U.S

1717

01:13:38,390 --> 01:13:36,600

postmaster or something I don't know

1718

01:13:40,790 --> 01:13:38,400

that's what it used to say in my time

1719

01:13:42,890 --> 01:13:40,800

and now that we have Community badges

1720

01:13:44,990 --> 01:13:42,900

odni badges

1721

01:13:46,750 --> 01:13:45,000

um in fact if my badge uh toward the end

1722

01:13:50,330 --> 01:13:46,760

of my career when the odni was stood up

1723

01:13:52,370 --> 01:13:50,340

my badge could actually get into any

1724

01:13:55,729 --> 01:13:52,380

building in the intelligence community

1725

01:13:58,370 --> 01:13:55,739

in the DC area so I can go up to NSA and

1726

01:14:01,790 --> 01:13:58,380

badge in and punch in my secret number

1727

01:14:03,770 --> 01:14:01,800

right there's a batch plus a number and

1728

01:14:06,050 --> 01:14:03,780

oh there goes the turnstiles I walk into

1729

01:14:07,970 --> 01:14:06,060

the NSA and just wandering around

1730

01:14:10,850 --> 01:14:07,980

as long as I wear that bash No One's

1731

01:14:13,189 --> 01:14:10,860

Gonna Stop Me I could go to nro uh I can

1732

01:14:14,750 --> 01:14:13,199

go to NGA I can go to any building

1733

01:14:17,330 --> 01:14:14,760

uh it's part of the intelligence

1734

01:14:18,590 --> 01:14:17,340

Community including dni headquarters

1735

01:14:21,110 --> 01:14:18,600

um no one stops you as long as you have

1736

01:14:23,030 --> 01:14:21,120

the badge blue is for government

1737

01:14:25,669 --> 01:14:23,040

staffers we call them blue Badgers

1738

01:14:28,490 --> 01:14:25,679

that's us and green is for contractors

1739

01:14:30,169 --> 01:14:28,500

that's in-house contractors those who

1740

01:14:32,689 --> 01:14:30,179

work in the buildings because they have

1741

01:14:34,790 --> 01:14:32,699

a contract with that agency does not

1742

01:14:37,370 --> 01:14:34,800

include like the guy who's out there in

1743

01:14:39,290 --> 01:14:37,380

El Segundo working for Aerospace right

1744

01:14:41,870 --> 01:14:39,300

you know that he won't have that unless

1745

01:14:43,550 --> 01:14:41,880

he frequently visits one of these

1746

01:14:45,770 --> 01:14:43,560

buildings and then he they might get him

1747

01:14:48,290 --> 01:14:45,780

get him a batch that has building access

1748

01:14:52,189 --> 01:14:48,300

and so that's all it is to it and you

1749

01:14:56,330 --> 01:14:52,199

know it's we don't batch in um you just

1750

01:15:00,050 --> 01:14:56,340

punch us uh some numbers and some

1751

01:15:01,430 --> 01:15:00,060

buttons to get in that's it man yeah

1752

01:15:03,830 --> 01:15:01,440

it's everything is evolved everything

1753

01:15:06,110 --> 01:15:03,840

the entire building is a skiff except

1754

01:15:09,830 --> 01:15:06,120

for the hallways and the cafeteria yeah

1755

01:15:12,649 --> 01:15:09,840

cell phones no cell phones um right back

1756

01:15:13,850 --> 01:15:12,659

in my time uh you leave your cell phone

1757

01:15:15,830 --> 01:15:13,860

in your car

1758

01:15:17,870 --> 01:15:15,840

and in fact you turn off your cell phone

1759

01:15:19,430 --> 01:15:17,880

in your car the problem is you know no

1760

01:15:21,350 --> 01:15:19,440

smart watches because you know they have

1761

01:15:23,090 --> 01:15:21,360

geolocation and cell phones have

1762

01:15:24,890 --> 01:15:23,100

geolocation you can actually locate

1763

01:15:26,570 --> 01:15:24,900

where that cell phone is so you can

1764

01:15:28,490 --> 01:15:26,580

track that cell phone number and say hey

1765

01:15:30,590 --> 01:15:28,500

this guy is parked at the CIA

1766

01:15:34,910 --> 01:15:30,600

headquarters don't want that so you turn

1767

01:15:37,790 --> 01:15:34,920

off all of that stuff so Jack Ryan yeah

1768

01:15:39,770 --> 01:15:37,800

that's using his cell phone in the CIA

1769

01:15:41,930 --> 01:15:39,780

cafeteria at that age no no that doesn't

1770

01:15:44,930 --> 01:15:41,940

happen though people do have authorized

1771

01:15:46,250 --> 01:15:44,940

cell phones they did issue cell phones

1772

01:15:47,570 --> 01:15:46,260

um there were authorized cell phones

1773

01:15:50,030 --> 01:15:47,580

that are checked out by the office of

1774

01:15:52,189 --> 01:15:50,040

security okay that I don't want to get

1775

01:15:54,590 --> 01:15:52,199

you in any more trouble not it's it's

1776

01:15:56,750 --> 01:15:54,600

nothing like that I mean by golly I mean

1777

01:15:59,630 --> 01:15:56,760

there are college students right now who

1778

01:16:02,090 --> 01:15:59,640

are sophomores at USC who are like

1779

01:16:02,930 --> 01:16:02,100

working at CIA over the summer you know

1780

01:16:08,689 --> 01:16:02,940

they're

1781

01:16:11,810 --> 01:16:08,699

and we clear them for top secret SCI

1782

01:16:13,729 --> 01:16:11,820

I mean that's not much access a college

1783

01:16:15,410 --> 01:16:13,739

student and we're hoping that the

1784

01:16:17,930 --> 01:16:15,420

college student will work for us but

1785

01:16:19,850 --> 01:16:17,940

he's under no obligation to continue

1786

01:16:22,370 --> 01:16:19,860

so he's got all these wonderful tickets

1787

01:16:23,689 --> 01:16:22,380

and what they usually do is they apply

1788

01:16:26,149 --> 01:16:23,699

to CIA get one of these wonderful

1789

01:16:27,770 --> 01:16:26,159

tickets and he's an aerospace engineer

1790

01:16:29,870 --> 01:16:27,780

and you know we're only paying him this

1791

01:16:32,330 --> 01:16:29,880

much but you know if he takes his top

1792

01:16:34,669 --> 01:16:32,340

secret clearance from CIA and it's good

1793

01:16:37,490 --> 01:16:34,679

for like I don't know five years

1794

01:16:40,010 --> 01:16:37,500

um he can then Market that to like North

1795

01:16:41,149 --> 01:16:40,020

Arc Brahman sure say hey yeah you know I

1796

01:16:42,830 --> 01:16:41,159

got this top secret and all of a sudden

1797

01:16:44,330 --> 01:16:42,840

Norfolk Grumman has to pay in the big

1798

01:16:46,310 --> 01:16:44,340

bucks for having that top secret

1799

01:16:48,229 --> 01:16:46,320

clearance so we have a lot of college

1800

01:16:49,850 --> 01:16:48,239

kids that run through the building and

1801

01:16:51,229 --> 01:16:49,860

usually have no intention of making a

1802

01:16:53,810 --> 01:16:51,239

career and then to go find more

1803

01:16:56,030 --> 01:16:53,820

lucrative jobs elsewhere similarly to a

1804

01:16:58,010 --> 01:16:56,040

retirees like us you know getting

1805

01:17:00,169 --> 01:16:58,020

contacted on the phone 18 months after

1806

01:17:03,830 --> 01:17:00,179

we leave that was the rule back in my

1807

01:17:05,630 --> 01:17:03,840

day right we get a call and then and I

1808

01:17:07,669 --> 01:17:05,640

was flabbergasted by how much money was

1809

01:17:10,370 --> 01:17:07,679

thrown at me just because I had a top

1810

01:17:11,990 --> 01:17:10,380

secret clearance but I didn't I didn't

1811

01:17:14,410 --> 01:17:12,000

want to work there anymore I just forget

1812

01:17:18,290 --> 01:17:14,420

it I'm done

1813

01:17:21,950 --> 01:17:18,300

it's the uh you have mentioned a couple

1814

01:17:24,649 --> 01:17:21,960

of times tonight on the show about the

1815

01:17:27,890 --> 01:17:24,659

feeling of something eminent yeah and

1816

01:17:33,350 --> 01:17:27,900

now you threw three numbers out you said

1817

01:17:36,950 --> 01:17:33,360

in in months yes he said the by the end

1818

01:17:42,890 --> 01:17:36,960

of the year and then you mentioned 2027

1819

01:17:45,890 --> 01:17:42,900

yes okay that's not that broad but no in

1820

01:17:48,470 --> 01:17:45,900

a sense it kind of is so in the short

1821

01:17:50,330 --> 01:17:48,480

term when you say three to four months

1822

01:17:52,490 --> 01:17:50,340

what do what do you expect

1823

01:17:56,810 --> 01:17:52,500

um let's see what is it now it's um

1824

01:17:59,090 --> 01:17:56,820

almost May right yeah um I would say let

1825

01:18:00,770 --> 01:17:59,100

me say uh months meaning like sometime

1826
01:18:02,570 --> 01:18:00,780
in a calendar year before the holiday

1827
01:18:07,790 --> 01:18:02,580
season

1828
01:18:09,649 --> 01:18:07,800
November before Thanksgiving yeah let's

1829
01:18:13,850 --> 01:18:09,659
let's say that Thanksgiving Christmas

1830
01:18:16,790 --> 01:18:13,860
holiday season uh sometime in that area

1831
01:18:19,070 --> 01:18:16,800
of the calendar uh they may be uh

1832
01:18:20,750 --> 01:18:19,080
there's an opportunity to have perhaps a

1833
01:18:23,570 --> 01:18:20,760
disclosure event I don't know because

1834
01:18:25,189 --> 01:18:23,580
I'm not managing it at all

1835
01:18:27,169 --> 01:18:25,199
um but I get wind that you know

1836
01:18:29,270 --> 01:18:27,179
something like that might happen and the

1837
01:18:31,970 --> 01:18:29,280
2027 is is something completely

1838
01:18:33,530 --> 01:18:31,980

different okay we'll come back to 2027.

1839

01:18:37,010 --> 01:18:33,540

I'm not letting you off that easy John

1840

01:18:40,370 --> 01:18:37,020

yeah so let's let's go when you say the

1841

01:18:43,130 --> 01:18:40,380

wind what is the wind telling you

1842

01:18:46,790 --> 01:18:43,140

the wind yeah you said there's something

1843

01:18:48,649 --> 01:18:46,800

in the wind oh yeah yeah uh what's

1844

01:18:51,649 --> 01:18:48,659

happening in the near term uh during

1845

01:18:54,709 --> 01:18:51,659

this calendar year I think it is it's

1846

01:18:58,610 --> 01:18:54,719

going to culminate into some kind of

1847

01:19:00,470 --> 01:18:58,620

event or some announcement or I don't

1848

01:19:01,850 --> 01:19:00,480

know how it's going to be portrayed I

1849

01:19:04,130 --> 01:19:01,860

don't know because I'm not managing this

1850

01:19:07,010 --> 01:19:04,140

the process but there will be an

1851

01:19:10,450 --> 01:19:07,020

opportunity for uh current and former

1852

01:19:14,689 --> 01:19:10,460

government officials to come forward

1853

01:19:17,410 --> 01:19:14,699

and disclose at least at a minimum that

1854

01:19:18,970 --> 01:19:17,420

what is flying what we're seeing

1855

01:19:22,130 --> 01:19:18,980

represents

1856

01:19:23,930 --> 01:19:22,140

non-human technology that it was not

1857

01:19:26,689 --> 01:19:23,940

built by humans

1858

01:19:28,610 --> 01:19:26,699

that much is a huge deal for the

1859

01:19:29,990 --> 01:19:28,620

government which has been saying that we

1860

01:19:31,490 --> 01:19:30,000

don't know what it is so if it's cereal

1861

01:19:33,830 --> 01:19:31,500

this and that or whatever we we have no

1862

01:19:35,510 --> 01:19:33,840

idea when they do have an idea and I

1863

01:19:37,189 --> 01:19:35,520

think they will reveal that yes we do

1864

01:19:40,490 --> 01:19:37,199

have an idea and we know that it's

1865

01:19:42,410 --> 01:19:40,500

non-human that that would lead to other

1866

01:19:44,330 --> 01:19:42,420

opportunities for the government to come

1867

01:19:46,850 --> 01:19:44,340

forward the most important thing the

1868

01:19:50,390 --> 01:19:46,860

reason why they want to do it so quickly

1869

01:19:52,130 --> 01:19:50,400

now is they want this to be part of the

1870

01:19:55,729 --> 01:19:52,140

2024

1871

01:19:58,610 --> 01:19:55,739

political process for the president the

1872

01:20:01,209 --> 01:19:58,620

primary campaigns the debates in front

1873

01:20:04,970 --> 01:20:01,219

of the mainstream media correspondence

1874

01:20:08,149 --> 01:20:04,980

of being able to bring up this question

1875

01:20:10,490 --> 01:20:08,159

in that type of forum where before you

1876

01:20:12,590 --> 01:20:10,500

get the giggles right no one wants to

1877

01:20:14,090 --> 01:20:12,600

say anything and nobody wants to answer

1878

01:20:16,669 --> 01:20:14,100

the question because they don't want to

1879

01:20:19,209 --> 01:20:16,679

be cast as you know oh my gosh this guy

1880

01:20:22,850 --> 01:20:19,219

is crazy he believes in ETS and UFOs

1881

01:20:26,750 --> 01:20:22,860

well suppose you know one of the people

1882

01:20:28,970 --> 01:20:26,760

that will come forward used to be ahead

1883

01:20:30,709 --> 01:20:28,980

of an intelligence agency at a high

1884

01:20:32,570 --> 01:20:30,719

position either the director or deputy

1885

01:20:34,490 --> 01:20:32,580

director or the secretary or under

1886

01:20:38,209 --> 01:20:34,500

Secretary of a major department let's

1887

01:20:41,450 --> 01:20:38,219

say defense just to pick one and so this

1888

01:20:44,330 --> 01:20:41,460

person says I know that you know

1889

01:20:46,250 --> 01:20:44,340

what's been visiting us is non-human

1890

01:20:49,729 --> 01:20:46,260

we've known it all along

1891

01:20:51,050 --> 01:20:49,739

and I used to be the former Secretary of

1892

01:20:52,669 --> 01:20:51,060

whatever

1893

01:20:54,410 --> 01:20:52,679

all right now I was a journalist you

1894

01:20:56,330 --> 01:20:54,420

know if you're a journalist I know you

1895

01:20:58,550 --> 01:20:56,340

would and you you know thank you Mr

1896

01:21:00,350 --> 01:20:58,560

so-and-so and I would move that

1897

01:21:02,870 --> 01:21:00,360

microphone over to the current person

1898

01:21:05,810 --> 01:21:02,880

who occupies that position

1899

01:21:07,310 --> 01:21:05,820

so hey you know Mr so-and-so who you're

1900

01:21:09,350 --> 01:21:07,320

now Secretary of this

1901
01:21:12,530 --> 01:21:09,360
your predecessor in the previous

1902
01:21:15,189 --> 01:21:12,540
administration or two said that he knows

1903
01:21:18,050 --> 01:21:15,199
that what we're seeing in the skies

1904
01:21:20,330 --> 01:21:18,060
represents non-human technology he

1905
01:21:21,350 --> 01:21:20,340
stated it for the record what do you

1906
01:21:23,390 --> 01:21:21,360
know

1907
01:21:25,130 --> 01:21:23,400
that puts that guy in a hot spot doesn't

1908
01:21:26,870 --> 01:21:25,140
it because if he says I don't know I

1909
01:21:28,729 --> 01:21:26,880
don't can't say anything he's going to

1910
01:21:31,189 --> 01:21:28,739
look awfully stupid

1911
01:21:34,970 --> 01:21:31,199
and that is the purpose of getting it

1912
01:21:36,649 --> 01:21:34,980
out into the open soon because then

1913
01:21:38,990 --> 01:21:36,659

to make it part of the presidential

1914

01:21:42,110 --> 01:21:39,000

process we would want the mainstream

1915

01:21:44,689 --> 01:21:42,120

media correspondence of the major news

1916

01:21:46,790 --> 01:21:44,699

organizations to ask these candidates

1917

01:21:49,310 --> 01:21:46,800

you know what do you feel about the AP

1918

01:21:51,229 --> 01:21:49,320

issue because you know all of these

1919

01:21:53,270 --> 01:21:51,239

former government people who served in

1920

01:21:56,390 --> 01:21:53,280

previous administrations of previous

1921

01:21:58,850 --> 01:21:56,400

presidents said this for the record

1922

01:22:01,490 --> 01:21:58,860

if you become president and you then

1923

01:22:03,530 --> 01:22:01,500

appoint a secretary of this or that you

1924

01:22:06,590 --> 01:22:03,540

know what is your position on the UAP

1925

01:22:08,689 --> 01:22:06,600

issue that's a serious question now

1926
01:22:11,390 --> 01:22:08,699
and that's what we want happen and that

1927
01:22:14,990 --> 01:22:11,400
opens up more disclosure that opens up

1928
01:22:17,870 --> 01:22:15,000
an opportunity for the 2024 winner of

1929
01:22:19,550 --> 01:22:17,880
the presidential campaign to be the

1930
01:22:22,010 --> 01:22:19,560
disclosure president

1931
01:22:24,890 --> 01:22:22,020
an opportunity for that person to

1932
01:22:27,590 --> 01:22:24,900
disclose everything so in order to have

1933
01:22:31,010 --> 01:22:27,600
for that to happen we have to pass that

1934
01:22:32,410 --> 01:22:31,020
big hurdle that it's been hinted at but

1935
01:22:36,910 --> 01:22:32,420
we're not there yet

1936
01:22:39,229 --> 01:22:36,920
non-human technology non-human craft

1937
01:22:42,470 --> 01:22:39,239
non-human Pilots

1938
01:22:44,570 --> 01:22:42,480

we need to at least address that as

1939

01:22:46,850 --> 01:22:44,580

disclosure which is a huge thing for the

1940

01:22:48,950 --> 01:22:46,860

government to say after Decades of

1941

01:22:50,870 --> 01:22:48,960

denying everything

1942

01:22:52,850 --> 01:22:50,880

um and if that happens then I am very

1943

01:22:55,490 --> 01:22:52,860

hopeful that it will open everything up

1944

01:22:57,950 --> 01:22:55,500

and have more serious discussions about

1945

01:23:01,189 --> 01:22:57,960

what we're seeing why they're here

1946

01:23:03,229 --> 01:23:01,199

and our role in this you know that what

1947

01:23:05,290 --> 01:23:03,239

is our role why are they visiting us us

1948

01:23:07,610 --> 01:23:05,300

puny humans on a in this you know

1949

01:23:10,310 --> 01:23:07,620

non-descript rock

1950

01:23:14,090 --> 01:23:10,320

that's third from this you know ordinary

1951

01:23:16,970 --> 01:23:14,100

sun and the Orion spur of one of many

1952

01:23:19,370 --> 01:23:16,980

galaxies you know why us you know we

1953

01:23:21,830 --> 01:23:19,380

want that to to be answered as well

1954

01:23:23,689 --> 01:23:21,840

it'll teach us a lot about who we are as

1955

01:23:26,689 --> 01:23:23,699

humans I will teach us a lot about

1956

01:23:28,189 --> 01:23:26,699

humanity and I'm hoping that

1957

01:23:29,510 --> 01:23:28,199

um that we'll learn to take care of our

1958

01:23:31,729 --> 01:23:29,520

planet better

1959

01:23:33,470 --> 01:23:31,739

uh because they are showing up because

1960

01:23:35,149 --> 01:23:33,480

of nuclear weapons

1961

01:23:37,550 --> 01:23:35,159

that's the principal reason they're

1962

01:23:39,410 --> 01:23:37,560

showing up yeah it seems that way it

1963

01:23:41,090 --> 01:23:39,420

seems that way John and that's such an

1964

01:23:46,189 --> 01:23:41,100

excellent point

1965

01:23:47,990 --> 01:23:46,199

and and I believe that it's an excellent

1966

01:23:53,870 --> 01:23:48,000

point because

1967

01:23:57,830 --> 01:23:53,880

we have careers that last 20 30 40 50

1968

01:24:01,490 --> 01:23:57,840

years but politicians run and certainly

1969

01:24:05,930 --> 01:24:01,500

an administration's run is eight years

1970

01:24:09,770 --> 01:24:05,940

at its longest right and so whatever is

1971

01:24:12,290 --> 01:24:09,780

going on career-wise as an agenda across

1972

01:24:14,209 --> 01:24:12,300

the board is is something that will

1973

01:24:17,689 --> 01:24:14,219

continue after the president leaves

1974

01:24:21,830 --> 01:24:17,699

office so therefore you would need to

1975

01:24:24,830 --> 01:24:21,840

approach it that way right it is that's

1976

01:24:27,590 --> 01:24:24,840

probably the most important uh point to

1977

01:24:29,450 --> 01:24:27,600

bring forward here is that this has been

1978

01:24:32,090 --> 01:24:29,460

going on for a very long time but

1979

01:24:35,149 --> 01:24:32,100

presidents come and go and right now

1980

01:24:37,430 --> 01:24:35,159

this is where we're at and therefore we

1981

01:24:40,669 --> 01:24:37,440

need to make this part of the the next

1982

01:24:43,610 --> 01:24:40,679

Administration exactly exactly and all

1983

01:24:46,910 --> 01:24:43,620

administrations henceforth uh we are

1984

01:24:51,530 --> 01:24:46,920

living in the disclosure era we truly

1985

01:24:53,390 --> 01:24:51,540

are and my my uh my humors uh take on it

1986

01:24:55,430 --> 01:24:53,400

is what do all the ufologists do when

1987

01:24:58,209 --> 01:24:55,440

everything gets disclosed

1988

01:25:00,229 --> 01:24:58,219

what do they do for a living you know

1989

01:25:01,669 --> 01:25:00,239

we're already we've already told you

1990

01:25:04,550 --> 01:25:01,679

everything what do you do now you know

1991

01:25:07,310 --> 01:25:04,560

what books are you going to write I I

1992

01:25:09,890 --> 01:25:07,320

get that all the time I do

1993

01:25:12,229 --> 01:25:09,900

um I get an email or a comment at least

1994

01:25:14,810 --> 01:25:12,239

once a day Jimmy you know after

1995

01:25:15,709 --> 01:25:14,820

disclosure what are you gonna do for a

1996

01:25:18,590 --> 01:25:15,719

job

1997

01:25:21,470 --> 01:25:18,600

and and my answer to that what do you

1998

01:25:24,410 --> 01:25:21,480

mean now we've got everything to talk

1999

01:25:27,830 --> 01:25:24,420

about I think it's I I agree with you

2000

01:25:29,870 --> 01:25:27,840

John it all just blows wide open it does

2001

01:25:32,450 --> 01:25:29,880

and it will bring the planet together

2002

01:25:35,030 --> 01:25:32,460

for sure I I want us to be a

2003

01:25:37,070 --> 01:25:35,040

space-faring planet big fan of Star Trek

2004

01:25:38,810 --> 01:25:37,080

and I want us to be a space-faring

2005

01:25:40,910 --> 01:25:38,820

planet and I'll just for all you Star

2006

01:25:43,729 --> 01:25:40,920

Trek fans out there the disclosure

2007

01:25:47,750 --> 01:25:43,739

episode the original series season 2

2008

01:25:50,510 --> 01:25:47,760

episode 26. it was called Gary 7. watch

2009

01:25:53,149 --> 01:25:50,520

that episode there is more disclosure in

2010

01:25:55,390 --> 01:25:53,159

that one episode than all the other Star

2011

01:25:58,070 --> 01:25:55,400

Treks combined since

2012

01:26:00,770 --> 01:25:58,080

that incorporates everything original

2013

01:26:04,010 --> 01:26:00,780

series episode 27. I'm gonna watch

2014

01:26:06,250 --> 01:26:04,020

episode uh season two episode 26 oh oh

2015

01:26:10,070 --> 01:26:06,260

season two okay

2016

01:26:12,350 --> 01:26:10,080

oh it's got everything it's got a uh

2017

01:26:14,149 --> 01:26:12,360

it's got uh non-human intelligences

2018

01:26:15,410 --> 01:26:14,159

picking up people from the earth taking

2019

01:26:18,350 --> 01:26:15,420

them somewhere bringing them back it's

2020

01:26:20,750 --> 01:26:18,360

got time travel it's got everything in

2021

01:26:23,629 --> 01:26:20,760

there and this also has that nuclear

2022

01:26:24,830 --> 01:26:23,639

reason why they're visiting us because I

2023

01:26:27,169 --> 01:26:24,840

won't give away the plot if you haven't

2024

01:26:29,149 --> 01:26:27,179

seen it but there's a nuclear aspect to

2025

01:26:31,129 --> 01:26:29,159

it I'm going to go back and watch it uh

2026
01:26:33,250 --> 01:26:31,139
tonight uh after the show okay now let's

2027
01:26:36,410 --> 01:26:33,260
get to

2028
01:26:38,750 --> 01:26:36,420
2027. yeah and and maybe you'll get

2029
01:26:42,050 --> 01:26:38,760
another text tonight after the show but

2030
01:26:45,290 --> 01:26:42,060
I hope not right yeah and I'll I'll say

2031
01:26:48,470 --> 01:26:45,300
this much um that year has come up

2032
01:26:51,830 --> 01:26:48,480
in a classified setting

2033
01:26:55,790 --> 01:26:51,840
in a skiff that I was in in Washington

2034
01:26:59,629 --> 01:26:55,800
DC I was asked John

2035
01:27:01,669 --> 01:26:59,639
what have you heard from about 2027 and

2036
01:27:03,590 --> 01:27:01,679
this phenomenon

2037
01:27:06,770 --> 01:27:03,600
and I go oh that's interesting you know

2038
01:27:09,229 --> 01:27:06,780

something about 2027. so

2039

01:27:11,629 --> 01:27:09,239

what I said was

2040

01:27:15,410 --> 01:27:11,639

I understand that experiences I've been

2041

01:27:16,070 --> 01:27:15,420

talking about 2026 2027

2042

01:27:18,169 --> 01:27:16,080

um

2043

01:27:20,450 --> 01:27:18,179

and they know that something might be

2044

01:27:23,810 --> 01:27:20,460

happening maybe it's that when I said

2045

01:27:26,570 --> 01:27:23,820

what I hope would happen is that by 2027

2046

01:27:28,010 --> 01:27:26,580

if all the disclosure happens that the

2047

01:27:31,729 --> 01:27:28,020

beings who are already here on the

2048

01:27:36,290 --> 01:27:31,739

planet will then find an opportunity to

2049

01:27:38,090 --> 01:27:36,300

arrive in some big big way that you

2050

01:27:40,729 --> 01:27:38,100

can't deny they're here you know it's

2051

01:27:42,229 --> 01:27:40,739

like that movie arrival that here they

2052

01:27:44,689 --> 01:27:42,239

are you know

2053

01:27:46,729 --> 01:27:44,699

here they are and so I hope that would

2054

01:27:49,189 --> 01:27:46,739

happen and that's what I said as my

2055

01:27:51,709 --> 01:27:49,199

opinion but the interesting thing is

2056

01:27:53,810 --> 01:27:51,719

that in this skiff

2057

01:27:57,649 --> 01:27:53,820

of the United States government the year

2058

01:28:00,590 --> 01:27:57,659

2027 came up in a question to me about

2059

01:28:02,209 --> 01:28:00,600

an event in their future

2060

01:28:03,770 --> 01:28:02,219

they didn't tell me what they thought

2061

01:28:06,110 --> 01:28:03,780

about it they asked me what I thought

2062

01:28:07,910 --> 01:28:06,120

about it and I gave them uh my thoughts

2063

01:28:10,550 --> 01:28:07,920

about it and you know that's been talked

2064

01:28:13,550 --> 01:28:10,560

about by other guests that you had

2065

01:28:17,629 --> 01:28:13,560

um I would I would share something that

2066

01:28:20,629 --> 01:28:17,639

I I recently got approval to share let's

2067

01:28:23,390 --> 01:28:20,639

go okay so you had a guest Anjali right

2068

01:28:27,590 --> 01:28:23,400

after she had her appearance at the

2069

01:28:29,149 --> 01:28:27,600

Lincoln Memorial I did back in 2021. now

2070

01:28:29,990 --> 01:28:29,159

a lot of people

2071

01:28:31,850 --> 01:28:30,000

um

2072

01:28:33,590 --> 01:28:31,860

said many things about Anjali they

2073

01:28:35,209 --> 01:28:33,600

thought she was an imposter or she was

2074

01:28:37,490 --> 01:28:35,219

disinformation you know one of us

2075

01:28:40,129 --> 01:28:37,500

disinformation quote unquote

2076

01:28:41,450 --> 01:28:40,139

um and I can say that you know you may

2077

01:28:43,790 --> 01:28:41,460

not know this

2078

01:28:45,950 --> 01:28:43,800

but actually was who she shared what she

2079

01:28:47,810 --> 01:28:45,960

was she was an officer in the defense

2080

01:28:49,850 --> 01:28:47,820

intelligence agency

2081

01:28:51,110 --> 01:28:49,860

and as you had her own as a guest I

2082

01:28:53,990 --> 01:28:51,120

don't know if she provided you with

2083

01:28:56,390 --> 01:28:54,000

bonifides but she sent me she sent me

2084

01:28:58,490 --> 01:28:56,400

all of her

2085

01:29:01,010 --> 01:28:58,500

I I don't want to get yeah you don't

2086

01:29:03,129 --> 01:29:01,020

have to but but you you were convinced

2087

01:29:07,850 --> 01:29:03,139

right you were convinced that she said

2088

01:29:10,070 --> 01:29:07,860

she sent me to Too Much paperwork okay

2089

01:29:12,169 --> 01:29:10,080

that's a good sign that's what we

2090

01:29:15,830 --> 01:29:12,179

government people do we we inundate you

2091

01:29:18,470 --> 01:29:15,840

with paperwork yes um her ID cards and

2092

01:29:21,169 --> 01:29:18,480

everything else right well you did you

2093

01:29:23,870 --> 01:29:21,179

know that Anjali was interviewed by

2094

01:29:28,550 --> 01:29:23,880

government UAP investigators

2095

01:29:30,169 --> 01:29:28,560

but I did not yes and also did you know

2096

01:29:34,070 --> 01:29:30,179

that um

2097

01:29:35,390 --> 01:29:34,080

the reason for doing so was to figure

2098

01:29:37,930 --> 01:29:35,400

out a way

2099

01:29:41,149 --> 01:29:37,940

to preserve evidence or documentation

2100

01:29:43,070 --> 01:29:41,159

from this journey into the cave which

2101

01:29:45,590 --> 01:29:43,080

the government knew about

2102

01:29:48,350 --> 01:29:45,600

and they wanted a chain of custody for

2103

01:29:50,570 --> 01:29:48,360

any information or any documentation any

2104

01:29:52,310 --> 01:29:50,580

evidence in that cave

2105

01:29:57,050 --> 01:29:52,320

for a customer

2106

01:29:59,209 --> 01:29:57,060

and that customer was the UAP task force

2107

01:30:01,669 --> 01:29:59,219

and so people who say things about

2108

01:30:03,830 --> 01:30:01,679

Anjali you might not take her seriously

2109

01:30:05,629 --> 01:30:03,840

but I do because I know that the

2110

01:30:08,030 --> 01:30:05,639

government takes her seriously and when

2111

01:30:10,910 --> 01:30:08,040

she described her contact with the beans

2112

01:30:12,530 --> 01:30:10,920

that she described as mantis beings you

2113

01:30:14,810 --> 01:30:12,540

know that resonated with people

2114

01:30:16,910 --> 01:30:14,820

and when people have experiences the

2115

01:30:18,950 --> 01:30:16,920

government shows up look at Chris

2116

01:30:22,129 --> 01:30:18,960

Bledsoe you interview Chris Bledsoe

2117

01:30:23,750 --> 01:30:22,139

there's a guy who was like uh had a

2118

01:30:25,310 --> 01:30:23,760

construction business in Fayetteville

2119

01:30:27,770 --> 01:30:25,320

North Carolina right outside of

2120

01:30:29,270 --> 01:30:27,780

Fayetteville just an ordinary guy and he

2121

01:30:31,010 --> 01:30:29,280

had this experience and he related

2122

01:30:32,930 --> 01:30:31,020

experience but something about what he

2123

01:30:35,930 --> 01:30:32,940

said resonated with the government

2124

01:30:37,669 --> 01:30:35,940

people working the UAP issue

2125

01:30:40,010 --> 01:30:37,679

and so all of a sudden they're knocking

2126
01:30:42,470 --> 01:30:40,020
on his door NASA guy came Jim Simmy

2127
01:30:44,750 --> 01:30:42,480
Vamps and CIA came other people came

2128
01:30:46,970 --> 01:30:44,760
from the three-letter agencies because

2129
01:30:50,689 --> 01:30:46,980
they took him seriously especially when

2130
01:30:52,970 --> 01:30:50,699
he reported the woman in white right so

2131
01:30:56,390 --> 01:30:52,980
my friend Mick who you signed a shirt

2132
01:30:58,790 --> 01:30:56,400
for I did back in early 2000s he told me

2133
01:31:01,189 --> 01:30:58,800
that he had a visitation from the woman

2134
01:31:02,689 --> 01:31:01,199
in white the lady in white he told me

2135
01:31:05,090 --> 01:31:02,699
this long before anybody knew about

2136
01:31:05,930 --> 01:31:05,100
Chris Bledsoe and he said she had a

2137
01:31:10,970 --> 01:31:05,940
message

2138
01:31:13,189 --> 01:31:10,980

the sky about signs in the moon and it's

2139

01:31:15,770 --> 01:31:13,199

it's more like you know not necessarily

2140

01:31:17,689 --> 01:31:15,780

a warning or dire warning but we need to

2141

01:31:19,970 --> 01:31:17,699

take care of this planet a lot better

2142

01:31:22,490 --> 01:31:19,980

and that is The Core theme that

2143

01:31:24,290 --> 01:31:22,500

experiences will relate to you that when

2144

01:31:26,030 --> 01:31:24,300

they contact these non-human

2145

01:31:28,430 --> 01:31:26,040

intelligences through their experiences

2146

01:31:30,110 --> 01:31:28,440

that's the message that we need to take

2147

01:31:32,030 --> 01:31:30,120

care of the planet and to the

2148

01:31:33,890 --> 01:31:32,040

governments it's this

2149

01:31:35,990 --> 01:31:33,900

you're not taking care of the planet if

2150

01:31:37,490 --> 01:31:36,000

you have nuclear weapons

2151
01:31:38,810 --> 01:31:37,500
and we're going to show you we're going

2152
01:31:41,450 --> 01:31:38,820
to demonstrate to you that we can shut

2153
01:31:44,390 --> 01:31:41,460
them all down so why have them

2154
01:31:46,310 --> 01:31:44,400
and so that's a major part of disclosure

2155
01:31:48,530 --> 01:31:46,320
too that's a benefit of the disclosure

2156
01:31:50,689 --> 01:31:48,540
is to finally come to terms with our

2157
01:31:53,149 --> 01:31:50,699
stewardship of the planet and I hope

2158
01:31:54,590 --> 01:31:53,159
that's where we all go is that we've got

2159
01:31:56,030 --> 01:31:54,600
to take care of the earth a lot better

2160
01:31:57,890 --> 01:31:56,040
than what we're doing now we're doing a

2161
01:31:59,990 --> 01:31:57,900
terrible job of it and I think it's

2162
01:32:02,090 --> 01:32:00,000
because they share the planet with us

2163
01:32:04,970 --> 01:32:02,100

and they've probably shared it longer

2164

01:32:06,709 --> 01:32:04,980

before we arrived yeah for sure yeah for

2165

01:32:08,570 --> 01:32:06,719

sure so look what we've done and they

2166

01:32:11,030 --> 01:32:08,580

give us free will I think we're they

2167

01:32:13,129 --> 01:32:11,040

consider us their children they give us

2168

01:32:15,530 --> 01:32:13,139

free will like any good parent you don't

2169

01:32:17,629 --> 01:32:15,540

want to you know be dictatorial to your

2170

01:32:19,250 --> 01:32:17,639

children you want them to learn but when

2171

01:32:20,870 --> 01:32:19,260

they find their matches and they start

2172

01:32:23,030 --> 01:32:20,880

striking them playing with the cigarette

2173

01:32:24,950 --> 01:32:23,040

lighter in the house uh you slap their

2174

01:32:26,390 --> 01:32:24,960

hands and that cigarette lighter is

2175

01:32:28,370 --> 01:32:26,400

nuclear weapons and they slapped our

2176
01:32:29,990 --> 01:32:28,380
hands saying no that's where you can't

2177
01:32:43,790 --> 01:32:30,000
go

2178
01:32:46,430 --> 01:32:43,800
specifically about sensor data or

2179
01:32:48,470 --> 01:32:46,440
techniques and and methods there's no

2180
01:32:51,169 --> 01:32:48,480
reason to go there and I'm certainly not

2181
01:32:53,810 --> 01:32:51,179
gonna uh get you into any trouble but I

2182
01:32:58,010 --> 01:32:53,820
will talk about Imaging

2183
01:32:59,510 --> 01:32:58,020
um have you now you've seen what is out

2184
01:33:04,510 --> 01:32:59,520
there in the public

2185
01:33:07,550 --> 01:33:04,520
you've seen that have you seen Imaging

2186
01:33:11,570 --> 01:33:07,560
while at the CIA

2187
01:33:13,729 --> 01:33:11,580
that was the real deal yeah

2188
01:33:16,490 --> 01:33:13,739

yeah that's the orbs that's the orbs the

2189

01:33:19,850 --> 01:33:16,500

warp working group continue

2190

01:33:22,010 --> 01:33:19,860

um what they had were images of orbs and

2191

01:33:23,990 --> 01:33:22,020

um it's not any different because it's a

2192

01:33:26,590 --> 01:33:24,000

light orb it's any different from what

2193

01:33:28,669 --> 01:33:26,600

people see uh visually from the ground

2194

01:33:31,129 --> 01:33:28,679

it's a

2195

01:33:34,189 --> 01:33:31,139

orb of orange light

2196

01:33:36,410 --> 01:33:34,199

and that's what we see up in space the

2197

01:33:44,890 --> 01:33:36,420

same type of image it doesn't seem to

2198

01:33:54,590 --> 01:33:48,910

there are you suggesting

2199

01:33:59,149 --> 01:33:54,600

that the orbs are an energy

2200

01:34:02,510 --> 01:33:59,159

and not of the physical

2201

01:34:04,490 --> 01:34:02,520

well like nuts and bolts rivets it's not

2202

01:34:06,590 --> 01:34:04,500

what we call it's physical but it's not

2203

01:34:10,669 --> 01:34:06,600

structured craft

2204

01:34:13,010 --> 01:34:10,679

I don't think it's like um one of the

2205

01:34:16,490 --> 01:34:13,020

many classic shapes that people have

2206

01:34:18,709 --> 01:34:16,500

seen UFOs in uh it is a manifestation of

2207

01:34:20,330 --> 01:34:18,719

some kind of energy right and my

2208

01:34:23,209 --> 01:34:20,340

personal experience is that is the

2209

01:34:24,709 --> 01:34:23,219

manifestation of conscious energy of the

2210

01:34:26,930 --> 01:34:24,719

non-human intelligence Consciousness

2211

01:34:29,270 --> 01:34:26,940

because when I saw an orb it

2212

01:34:30,830 --> 01:34:29,280

communicated with me and other people

2213

01:34:35,030 --> 01:34:30,840

have seen orbs they communicated with

2214

01:34:36,229 --> 01:34:35,040

them how clear were these pictures

2215

01:34:40,129 --> 01:34:36,239

um it was

2216

01:34:41,990 --> 01:34:40,139

Orange ball well I mean it's no

2217

01:34:45,950 --> 01:34:42,000

different I mean it's not like you know

2218

01:34:48,709 --> 01:34:45,960

you you draw an orange light orb and it

2219

01:34:51,169 --> 01:34:48,719

there's no structure to it so it doesn't

2220

01:34:53,810 --> 01:34:51,179

matter if it's like detailed or not

2221

01:34:56,330 --> 01:34:53,820

detailed it was an orange orb it was

2222

01:34:58,910 --> 01:34:56,340

well what I'm referring to John and I'm

2223

01:35:02,990 --> 01:34:58,920

not being Cavalier at all but what I'm

2224

01:35:05,450 --> 01:35:03,000

referring to is when you look at uh the

2225

01:35:07,729 --> 01:35:05,460

the flear Imaging or you look at the Tic

2226

01:35:10,550 --> 01:35:07,739

Tac video that could be anything it's

2227

01:35:13,070 --> 01:35:10,560

blurry it's second third fourth

2228

01:35:16,129 --> 01:35:13,080

generation shot on a cell phone off of a

2229

01:35:19,610 --> 01:35:16,139

screen or you know it's not high to

2230

01:35:21,649 --> 01:35:19,620

um uh the the other Imaging that that we

2231

01:35:25,850 --> 01:35:21,659

have seen even like the go fast you know

2232

01:35:28,850 --> 01:35:25,860

yeah it's crap right so that's what I'm

2233

01:35:32,750 --> 01:35:28,860

asking you is yeah I mean look at that

2234

01:35:34,970 --> 01:35:32,760

image it was an image it was an image of

2235

01:35:38,330 --> 01:35:34,980

an orange ball of light

2236

01:35:40,910 --> 01:35:38,340

and I've seen personally not through CIA

2237

01:35:41,870 --> 01:35:40,920

but personally outside of an uh airplane

2238

01:35:44,209 --> 01:35:41,880

window

2239

01:35:47,750 --> 01:35:44,219

from a flight from Baltimore Washington

2240

01:35:51,169 --> 01:35:47,760

International to uh I guess LAX

2241

01:35:54,290 --> 01:35:51,179

um we're flying over the south west and

2242

01:35:57,350 --> 01:35:54,300

outside the right side window I saw

2243

01:36:00,169 --> 01:35:57,360

an orange orb also and that orange orb

2244

01:36:01,790 --> 01:36:00,179

was noted by the cockpit and they

2245

01:36:04,550 --> 01:36:01,800

actually I was monitoring United

2246

01:36:07,250 --> 01:36:04,560

Airlines back then on a certain channel

2247

01:36:10,070 --> 01:36:07,260

uh you can actually hear the air traffic

2248

01:36:12,350 --> 01:36:10,080

control talking to the cockpit back in

2249

01:36:13,790 --> 01:36:12,360

the day before 9 11. and so I was

2250

01:36:17,270 --> 01:36:13,800

monitoring that because I'm such an

2251

01:36:19,310 --> 01:36:17,280

aircraft geek I love that and so the

2252

01:36:22,129 --> 01:36:19,320

pilot or co-pilot reported to the ground

2253

01:36:23,990 --> 01:36:22,139

now there's an object that's uh crossing

2254

01:36:26,870 --> 01:36:24,000

my path from left to right

2255

01:36:28,490 --> 01:36:26,880

and do you have it on radar and and the

2256

01:36:31,550 --> 01:36:28,500

guy said no we don't we don't have

2257

01:36:34,189 --> 01:36:31,560

anything and it's not uh now past us and

2258

01:36:35,510 --> 01:36:34,199

it's going to my right and the guy on

2259

01:36:36,470 --> 01:36:35,520

the ground says you want to report it

2260

01:36:43,250 --> 01:36:36,480

and

2261

01:36:44,629 --> 01:36:43,260

orange form you know what's interesting

2262

01:36:47,510 --> 01:36:44,639

about that

2263

01:36:50,649 --> 01:36:47,520

what is that's uh where the Nimitz

2264

01:36:56,390 --> 01:36:54,890

Southwest of LAX is Catalina Island oh

2265

01:37:00,350 --> 01:36:56,400

no I was in the southwest of United

2266

01:37:05,110 --> 01:37:00,360

States Oh I thought you said LAX LAX uh

2267

01:37:08,570 --> 01:37:05,120

we were it's BWI to LAX was the uh trip

2268

01:37:11,330 --> 01:37:08,580

and on that flight path we were over the

2269

01:37:13,790 --> 01:37:11,340

Southwest United States oh gotcha and

2270

01:37:15,169 --> 01:37:13,800

the north of us or probably Nevada you

2271

01:37:18,169 --> 01:37:15,179

know everything is kind of strange in

2272

01:37:20,689 --> 01:37:18,179

Nevada right and uh

2273

01:37:23,390 --> 01:37:20,699

I you know one of the things that uh

2274

01:37:25,790 --> 01:37:23,400

that I I think I can say oh sure I'll

2275

01:37:27,290 --> 01:37:25,800

say it I'll I'll get the phone call

2276

01:37:31,129 --> 01:37:27,300

um you know I I think one of the things

2277

01:37:34,370 --> 01:37:31,139

that uh was not talked about was

2278

01:37:36,110 --> 01:37:34,380

um like the appearance of these craft

2279

01:37:37,370 --> 01:37:36,120

from the Arctic Circle going to the

2280

01:37:40,550 --> 01:37:37,380

Antarctic

2281

01:37:44,030 --> 01:37:40,560

Pole to pull right right and sometimes

2282

01:37:46,370 --> 01:37:44,040

they would peel off and so you have two

2283

01:37:49,070 --> 01:37:46,380

coming down from the north going to the

2284

01:37:52,010 --> 01:37:49,080

South Pole and one would continue and

2285

01:37:53,689 --> 01:37:52,020

the other will peel off toward Nevada

2286

01:37:55,189 --> 01:37:53,699

and the other one keep going into the

2287

01:37:57,290 --> 01:37:55,199

Antarctic

2288

01:38:00,229 --> 01:37:57,300

and so

2289

01:38:02,570 --> 01:38:00,239

I would say you know that

2290

01:38:05,570 --> 01:38:02,580

that's probably something that's within

2291

01:38:08,030 --> 01:38:05,580

the Holdings of Arrow because I think

2292

01:38:10,850 --> 01:38:08,040

that happened uh under the purview of

2293

01:38:14,090 --> 01:38:10,860

the AP task force they looked at 2004 to

2294

01:38:17,209 --> 01:38:14,100

2021 and so I won't say when it happened

2295

01:38:19,930 --> 01:38:17,219

but it was between 2004 Tic Tac in 2021

2296

01:38:23,870 --> 01:38:19,940

when the report came out one of the 144

2297

01:38:27,470 --> 01:38:23,880

which three we know is uh go fast gimbal

2298

01:38:30,229 --> 01:38:27,480

Tic Tac one was a balloon and and one of

2299

01:38:33,350 --> 01:38:30,239

the 140 must have been uh or two of the

2300

01:38:35,870 --> 01:38:33,360

140 must have been these objects that uh

2301

01:38:38,689 --> 01:38:35,880

I think NORAD knew about

2302

01:38:42,110 --> 01:38:38,699

and so going back to Kirkpatrick's uh

2303

01:38:43,729 --> 01:38:42,120

you know briefing Our Testimony in front

2304

01:38:45,830 --> 01:38:43,739

of the senate committee

2305

01:38:47,930 --> 01:38:45,840

um they they have a lot of data and that

2306

01:38:49,129 --> 01:38:47,940

goes into the chi that's interesting

2307

01:38:52,370 --> 01:38:49,139

data

2308

01:38:57,590 --> 01:38:52,380

you know if we go back uh you mentioned

2309

01:38:59,930 --> 01:38:57,600

Chris Bledsoe and uh before that uh Tom

2310

01:39:02,209 --> 01:38:59,940

DeLong only did a couple of of

2311

01:39:05,689 --> 01:39:02,219

interviews one of them was here on Fade

2312

01:39:09,410 --> 01:39:05,699

to Black and and I'm so glad we did that

2313

01:39:12,050 --> 01:39:09,420

interview it was probably 2016.

2314

01:39:13,870 --> 01:39:12,060

um uh right in that area uh might have

2315

01:39:17,870 --> 01:39:13,880

been 2017.

2316

01:39:21,830 --> 01:39:17,880

but one of the things that DeLong said

2317

01:39:25,189 --> 01:39:21,840

uh in that interview it's as stayed with

2318

01:39:27,709 --> 01:39:25,199

me over the years and he said you got to

2319

01:39:30,050 --> 01:39:27,719

be careful about who you're reaching out

2320

01:39:33,830 --> 01:39:30,060

to consciously when you see something in

2321

01:39:36,169 --> 01:39:33,840

the sky you don't know who they are or

2322

01:39:39,590 --> 01:39:36,179

what what you know what they're about

2323

01:39:42,770 --> 01:39:39,600

you need to be very careful and he said

2324

01:39:45,729 --> 01:39:42,780

it could be and now he added this

2325

01:39:49,070 --> 01:39:45,739

religious context to it

2326

01:39:51,850 --> 01:39:49,080

and and then Chris Bledsoe comes along

2327

01:39:55,729 --> 01:39:51,860

long again orange orbs right

2328

01:39:58,209 --> 01:39:55,739

and and and brings in this question uh

2329

01:40:02,750 --> 01:39:58,219

his new book you were full of God

2330

01:40:05,090 --> 01:40:02,760

all right and and Delong and and Chris

2331

01:40:08,930 --> 01:40:05,100

um and others and we talk about Diana

2332

01:40:12,290 --> 01:40:08,940

pasoka too as well and others that um

2333

01:40:13,910 --> 01:40:12,300

say that inside of the agencies inside

2334

01:40:17,930 --> 01:40:13,920

of the Beltway inside of the Department

2335

01:40:22,010 --> 01:40:17,940

of Defense there is a large chunk of

2336

01:40:24,370 --> 01:40:22,020

those that feel that this is a religious

2337

01:40:28,010 --> 01:40:24,380

thing this could even be demonic

2338

01:40:31,370 --> 01:40:28,020

something with a bad intention yeah when

2339

01:40:34,030 --> 01:40:31,380

you hear that and you know about Bledsoe

2340

01:40:37,070 --> 01:40:34,040

and certainly Tom DeLonge and and others

2341

01:40:39,770 --> 01:40:37,080

what do you have to say I would say that

2342

01:40:42,709 --> 01:40:39,780

uh first of all um they were given the

2343

01:40:44,030 --> 01:40:42,719

moniker Collins Elite you probably heard

2344

01:40:45,530 --> 01:40:44,040

that I don't know of course what they

2345

01:40:49,129 --> 01:40:45,540

call themselves

2346

01:40:50,870 --> 01:40:49,139

um I do know that they're Walser is a

2347

01:40:54,410 --> 01:40:50,880

group of individuals

2348

01:40:55,790 --> 01:40:54,420

who are extremely religious and not to

2349

01:40:58,669 --> 01:40:55,800

disparage anyone's religion but they're

2350

01:41:01,250 --> 01:40:58,679

it's a heartfelt belief that what we are

2351
01:41:02,629 --> 01:41:01,260
witnessing is a manifestation of satanic

2352
01:41:05,629 --> 01:41:02,639
forces

2353
01:41:06,590 --> 01:41:05,639
I don't have to happen to ascribe to

2354
01:41:12,590 --> 01:41:06,600
that

2355
01:41:13,970 --> 01:41:12,600
is it strange yes I I think it's like

2356
01:41:17,209 --> 01:41:13,980
strange

2357
01:41:18,950 --> 01:41:17,219
uh they're like manifestations of what

2358
01:41:20,570 --> 01:41:18,960
some people call the trickster element

2359
01:41:22,430 --> 01:41:20,580
in all of this

2360
01:41:25,970 --> 01:41:22,440
that you know they may disguise

2361
01:41:27,890 --> 01:41:25,980
themselves as something and not be that

2362
01:41:30,470 --> 01:41:27,900
um and some people believe that you know

2363
01:41:32,330 --> 01:41:30,480

the Mantis beings or the reptilians or

2364

01:41:34,850 --> 01:41:32,340

like tricksters and the ones that look

2365

01:41:36,470 --> 01:41:34,860

like us are are cool you know they're

2366

01:41:38,330 --> 01:41:36,480

fine it could be the other way around

2367

01:41:39,709 --> 01:41:38,340

you don't know because of the trickster

2368

01:41:41,629 --> 01:41:39,719

element you don't know who's walking

2369

01:41:45,129 --> 01:41:41,639

through that door

2370

01:41:48,350 --> 01:41:45,139

um I would say this that um

2371

01:41:50,930 --> 01:41:48,360

there there has been a warning provided

2372

01:41:52,550 --> 01:41:50,940

to the US government not to go to the

2373

01:41:53,870 --> 01:41:52,560

dark side The Far Side of the Moon the

2374

01:41:55,609 --> 01:41:53,880

Dark Side of the Moon

2375

01:41:57,590 --> 01:41:55,619

that stay away

2376

01:41:59,629 --> 01:41:57,600

from that dark side and when remote

2377

01:42:01,250 --> 01:41:59,639

viewers try to

2378

01:42:04,970 --> 01:42:01,260

remote view the Dark Side of the Moon

2379

01:42:07,490 --> 01:42:04,980

they encounter these these beings who

2380

01:42:09,830 --> 01:42:07,500

warn them don't do not ever come back

2381

01:42:12,850 --> 01:42:09,840

again and then the remote viewer will

2382

01:42:15,229 --> 01:42:12,860

report that say yes encounter these

2383

01:42:16,609 --> 01:42:15,239

non-human intelligences and they said do

2384

01:42:18,950 --> 01:42:16,619

not come to The Far Side of the Moon

2385

01:42:20,689 --> 01:42:18,960

ever again

2386

01:42:22,430 --> 01:42:20,699

um and so there's that

2387

01:42:26,810 --> 01:42:22,440

what happened you know what happened

2388

01:42:29,090 --> 01:42:26,820

today what happened Japan tried to land

2389

01:42:31,609 --> 01:42:29,100

on the far side of the moon oh did they

2390

01:42:32,330 --> 01:42:31,619

make it nope nope you know who did make

2391

01:42:36,410 --> 01:42:32,340

it

2392

01:42:38,530 --> 01:42:36,420

China China and yeah and China check

2393

01:42:42,590 --> 01:42:38,540

this out they're Rover

2394

01:42:44,390 --> 01:42:42,600

is now inactive uh-huh they say it's

2395

01:42:45,310 --> 01:42:44,400

covered in Moon dust and it won't run

2396

01:42:48,169 --> 01:42:45,320

anymore

2397

01:42:49,609 --> 01:42:48,179

that's their story their stuff yeah it's

2398

01:42:53,209 --> 01:42:49,619

been it's been working for quite some

2399

01:42:57,410 --> 01:42:53,219

time and so I don't know about a year uh

2400

01:43:01,370 --> 01:42:57,420

Israel tried to land there uh uh they

2401
01:43:04,070 --> 01:43:01,380
crashed uh as well but I've always found

2402
01:43:05,990 --> 01:43:04,080
that uh pretty compelling all right yeah

2403
01:43:08,570 --> 01:43:06,000
yeah on that side of the moon since the

2404
01:43:10,790 --> 01:43:08,580
moon doesn't rotate and it's the same it

2405
01:43:13,189 --> 01:43:10,800
does rotate but the same face is always

2406
01:43:14,450 --> 01:43:13,199
there so that's the side we see

2407
01:43:15,410 --> 01:43:14,460
um you know if you go on the Dark Side

2408
01:43:17,330 --> 01:43:15,420
of the Moon

2409
01:43:18,470 --> 01:43:17,340
um you know you need to communicate to

2410
01:43:20,209 --> 01:43:18,480
Earth and you're not going to be able to

2411
01:43:22,910 --> 01:43:20,219
do it no you're not going to be able to

2412
01:43:26,450 --> 01:43:22,920
do it and and it's only the Dark Side of

2413
01:43:29,149 --> 01:43:26,460

the Moon uh half of the day it's lit up

2414

01:43:30,890 --> 01:43:29,159

just like anything else the other half

2415

01:43:34,189 --> 01:43:30,900

of the day most people don't understand

2416

01:43:36,229 --> 01:43:34,199

that right that's correct it's only dark

2417

01:43:38,750 --> 01:43:36,239

to us it's only dark because we can't

2418

01:43:41,270 --> 01:43:38,760

see it uh but when we have the new moon

2419

01:43:43,250 --> 01:43:41,280

up when it's dark the side we do see is

2420

01:43:46,550 --> 01:43:43,260

dark we don't we don't the other side is

2421

01:43:50,030 --> 01:43:46,560

lit uh so there's that and you know I

2422

01:43:53,570 --> 01:43:50,040

I would say you know beware of of who

2423

01:43:55,490 --> 01:43:53,580

you who you communicate with why do you

2424

01:43:57,350 --> 01:43:55,500

think uh in the short time that we have

2425

01:43:59,390 --> 01:43:57,360

left excellent conversation tonight John

2426

01:44:02,270 --> 01:43:59,400

by the way excellent yeah I'm enjoying

2427

01:44:04,669 --> 01:44:02,280

it's so much fun so much fun

2428

01:44:09,530 --> 01:44:04,679

um and by the way you can send my CIA

2429

01:44:13,970 --> 01:44:09,540

t-shirt uh you need to sign it though

2430

01:44:17,830 --> 01:44:13,980

um is is this with um uh there seems to

2431

01:44:23,050 --> 01:44:17,840

be a switch that has been flipped

2432

01:44:26,270 --> 01:44:23,060

and and I bring that up because the CIA

2433

01:44:29,649 --> 01:44:26,280

has their entertainment division

2434

01:44:33,530 --> 01:44:29,659

they liaison with Hollywood

2435

01:44:36,530 --> 01:44:33,540

this is go to the CIA website and and

2436

01:44:39,229 --> 01:44:36,540

look it up I have uh many times because

2437

01:44:41,270 --> 01:44:39,239

it's very interesting reading

2438

01:44:43,729 --> 01:44:41,280

um everything from scripts and story

2439

01:44:46,490 --> 01:44:43,739

ideas omissions maybe you need to remove

2440

01:44:48,530 --> 01:44:46,500

something maybe you need to add

2441

01:44:51,169 --> 01:44:48,540

something can we suggest

2442

01:44:52,970 --> 01:44:51,179

um so there is all of that yeah and then

2443

01:44:58,149 --> 01:44:52,980

at the same time

2444

01:45:02,330 --> 01:44:58,159

uh the media uh at all all of it

2445

01:45:04,129 --> 01:45:02,340

suddenly is is free to discuss this uh

2446

01:45:06,890 --> 01:45:04,139

very important subject where it wasn't

2447

01:45:09,669 --> 01:45:06,900

like this in the past right who has

2448

01:45:13,070 --> 01:45:09,679

flipped this switch why is it now okay

2449

01:45:14,689 --> 01:45:13,080

uh for the media to to go at this hard

2450

01:45:16,790 --> 01:45:14,699

and heavy

2451
01:45:18,950 --> 01:45:16,800
um the media could have done it all the

2452
01:45:21,530 --> 01:45:18,960
time I think in the past

2453
01:45:23,390 --> 01:45:21,540
um the May of kowtow to the intelligence

2454
01:45:25,910 --> 01:45:23,400
Community because

2455
01:45:27,590 --> 01:45:25,920
they want access to other things you

2456
01:45:29,030 --> 01:45:27,600
know because you know as you know as a

2457
01:45:30,290 --> 01:45:29,040
journalist you get deep background

2458
01:45:33,470 --> 01:45:30,300
information

2459
01:45:36,109 --> 01:45:33,480
uh that will help you do your work as a

2460
01:45:37,910 --> 01:45:36,119
journalist to get stuff that's in the

2461
01:45:39,649 --> 01:45:37,920
open so they tell you stuff in a deep

2462
01:45:41,510 --> 01:45:39,659
background so this is what's really

2463
01:45:43,370 --> 01:45:41,520

going on and then you're clued into okay

2464

01:45:46,729 --> 01:45:43,380

I know what sources to go to in the open

2465

01:45:48,830 --> 01:45:46,739

source they don't want that to stop

2466

01:45:51,530 --> 01:45:48,840

um as a as a correspondent you know you

2467

01:45:53,390 --> 01:45:51,540

don't want that channel to stop at all

2468

01:45:54,950 --> 01:45:53,400

to dry out

2469

01:45:56,990 --> 01:45:54,960

um and so I think that's that was The

2470

01:45:59,649 --> 01:45:57,000

Leverage that the government had on

2471

01:46:03,169 --> 01:45:59,659

these journalists but now you know now

2472

01:46:05,330 --> 01:46:03,179

because we want this out in the open uh

2473

01:46:06,830 --> 01:46:05,340

it's everything is fair game I think

2474

01:46:08,330 --> 01:46:06,840

everything's fair game and I think

2475

01:46:13,070 --> 01:46:08,340

that's that's the switch that was thrown

2476

01:46:14,570 --> 01:46:13,080

was help by the fact that in 2017 uh the

2477

01:46:16,729 --> 01:46:14,580

New York Times published that the

2478

01:46:18,350 --> 01:46:16,739

Pentagon had this so-called secret UFO

2479

01:46:20,270 --> 01:46:18,360

study group

2480

01:46:23,570 --> 01:46:20,280

um and that's been in operation since

2481

01:46:25,729 --> 01:46:23,580

like 2007-2008.

2482

01:46:27,290 --> 01:46:25,739

um that went a long way and the release

2483

01:46:30,169 --> 01:46:27,300

of those three videos

2484

01:46:32,390 --> 01:46:30,179

and so now you have people who feel more

2485

01:46:33,950 --> 01:46:32,400

comfortable coming forward and so you

2486

01:46:37,310 --> 01:46:33,960

have me you have others you have Jim

2487

01:46:39,109 --> 01:46:37,320

Simi van who went to tsa uh you have

2488

01:46:41,330 --> 01:46:39,119

Louisiana doing his thing Chris Mullen

2489

01:46:42,649 --> 01:46:41,340
and many many others who are coming

2490

01:46:45,350 --> 01:46:42,659
forward and say well I don't know

2491

01:46:47,030 --> 01:46:45,360
everything and I don't know everything

2492

01:46:50,209 --> 01:46:47,040
but I won't make up anything I don't

2493

01:46:51,890 --> 01:46:50,219
know if I don't know it I don't know it

2494

01:46:53,209 --> 01:46:51,900
um but we're coming forward with what we

2495

01:46:55,910 --> 01:46:53,219
do know

2496

01:46:57,770 --> 01:46:55,920
um in these different types of ways

2497

01:47:00,109 --> 01:46:57,780
there's venues like Fade to Black where

2498

01:47:01,550 --> 01:47:00,119
we can share with your audience what we

2499

01:47:04,430 --> 01:47:01,560
know

2500

01:47:07,970 --> 01:47:04,440
um and so that switch was like it's time

2501

01:47:10,189 --> 01:47:07,980

to share I mean it's why have this

2502

01:47:11,390 --> 01:47:10,199

Monopoly over this information what good

2503

01:47:13,790 --> 01:47:11,400

is it doing

2504

01:47:16,070 --> 01:47:13,800

the Air Force can't make what it built

2505

01:47:18,290 --> 01:47:16,080

fly any higher any faster

2506

01:47:20,810 --> 01:47:18,300

and stay any more hidden than it is now

2507

01:47:23,090 --> 01:47:20,820

they're hit a roadblock the brick wall

2508

01:47:25,490 --> 01:47:23,100

because the people who worked on these

2509

01:47:28,430 --> 01:47:25,500

projects they're stove piped and as Dr

2510

01:47:30,290 --> 01:47:28,440

Eric Davis said that you know if you're

2511

01:47:32,570 --> 01:47:30,300

in a team and you hit a stovepipe and

2512

01:47:34,310 --> 01:47:32,580

you hit you hit a brick wall

2513

01:47:36,470 --> 01:47:34,320

and you're in a stovepipe you can't go

2514

01:47:38,990 --> 01:47:36,480

to another group to say help me out

2515

01:47:41,629 --> 01:47:39,000

because you don't know that group exists

2516

01:47:43,250 --> 01:47:41,639

so if you're done you're done and so

2517

01:47:45,950 --> 01:47:43,260

there's there's that you know there's

2518

01:47:46,490 --> 01:47:45,960

just no sharing but now there is

2519

01:47:48,410 --> 01:47:46,500

um

2520

01:47:50,149 --> 01:47:48,420

why keep it secret there's nothing

2521

01:47:52,149 --> 01:47:50,159

secret about

2522

01:47:54,590 --> 01:47:52,159

this at all

2523

01:47:56,810 --> 01:47:54,600

it's secret I don't know why it's

2524

01:47:59,149 --> 01:47:56,820

classified other than we're classifying

2525

01:48:00,950 --> 01:47:59,159

what we derived from the technology but

2526

01:48:04,250 --> 01:48:00,960

why is the technology itself secret it

2527

01:48:06,470 --> 01:48:04,260

belongs to everyone on the planet any

2528

01:48:11,510 --> 01:48:06,480

government but but that's exactly the

2529

01:48:14,450 --> 01:48:11,520

point so if if the the Line in the Sand

2530

01:48:17,810 --> 01:48:14,460

is crossed right this little nugget like

2531

01:48:21,050 --> 01:48:17,820

you said it only has to be this simple

2532

01:48:22,430 --> 01:48:21,060

right it is happening now let's take it

2533

01:48:25,250 --> 01:48:22,440

a step further and figure out the who

2534

01:48:27,250 --> 01:48:25,260

what when where and why yeah so if that

2535

01:48:31,070 --> 01:48:27,260

line of the Santa's crossed

2536

01:48:35,450 --> 01:48:31,080

do you know something will you then come

2537

01:48:39,050 --> 01:48:37,430

call me up on the phone I'm absolutely

2538

01:48:41,810 --> 01:48:39,060

ready to step forward

2539

01:48:45,169 --> 01:48:41,820

uh and and do whatever I can

2540

01:48:47,770 --> 01:48:45,179

uh if in a more official capacity

2541

01:48:51,410 --> 01:48:47,780

um to bring this to light I am

2542

01:48:53,270 --> 01:48:51,420

ready and willing to do so and if I'm

2543

01:48:54,530 --> 01:48:53,280

able to talk more about things that I

2544

01:48:56,689 --> 01:48:54,540

couldn't talk about with you for example

2545

01:48:58,550 --> 01:48:56,699

tonight right um and if they allow me to

2546

01:49:02,930 --> 01:48:58,560

I'm going to tell them anything I can

2547

01:49:05,810 --> 01:49:02,940

because it's so important for us as the

2548

01:49:07,609 --> 01:49:05,820

people of Earth to understand our role

2549

01:49:10,910 --> 01:49:07,619

on this planet

2550

01:49:12,709 --> 01:49:10,920

and the possibility that if we come

2551
01:49:15,470 --> 01:49:12,719
together as a planet and stop fighting

2552
01:49:17,270 --> 01:49:15,480
these little Tribal wars right they

2553
01:49:19,129 --> 01:49:17,280
probably think we're so primitive we're

2554
01:49:20,510 --> 01:49:19,139
fighting amongst ourselves look at these

2555
01:49:22,310 --> 01:49:20,520
guys you know they're fighting amongst

2556
01:49:23,870 --> 01:49:22,320
themselves and you're going to blow each

2557
01:49:26,629 --> 01:49:23,880
other up with these nuclear weapons

2558
01:49:29,510 --> 01:49:26,639
would get past that and then we can join

2559
01:49:31,850 --> 01:49:29,520
them as a space-faring planet

2560
01:49:34,430 --> 01:49:31,860
go out there and explore the universe

2561
01:49:36,709 --> 01:49:34,440
and then bring technologies that help

2562
01:49:38,390 --> 01:49:36,719
people on this planet not the

2563
01:49:40,010 --> 01:49:38,400

military-industrial complex I don't want

2564

01:49:42,410 --> 01:49:40,020

to help them because they're just going

2565

01:49:44,149 --> 01:49:42,420

to like figure out a way to weaponize

2566

01:49:45,890 --> 01:49:44,159

everything that's their mindset let's

2567

01:49:47,510 --> 01:49:45,900

make it a weapon and make it better than

2568

01:49:48,830 --> 01:49:47,520

the other guy's weapon I don't want that

2569

01:49:53,030 --> 01:49:48,840

I'm sick of that

2570

01:49:56,990 --> 01:49:53,040

I want us to go forward and progress as

2571

01:49:58,910 --> 01:49:57,000

humans of this planet Earth together so

2572

01:50:02,149 --> 01:49:58,920

that we can become a space-faring nation

2573

01:50:03,709 --> 01:50:02,159

and explore the rest of the universe and

2574

01:50:06,229 --> 01:50:03,719

bring

2575

01:50:07,010 --> 01:50:06,239

Technologies back to Earth that can help

2576

01:50:10,669 --> 01:50:07,020

us

2577

01:50:13,490 --> 01:50:10,679

with climate with air pollution with you

2578

01:50:16,669 --> 01:50:13,500

know everything even like cures for

2579

01:50:17,930 --> 01:50:16,679

diseases if not yeah sure sure you know

2580

01:50:19,850 --> 01:50:17,940

everything like that so I think that's

2581

01:50:23,149 --> 01:50:19,860

that's the goal we should have and I

2582

01:50:25,970 --> 01:50:23,159

don't want like any particular flag

2583

01:50:27,530 --> 01:50:25,980

to be planted claiming that as a

2584

01:50:30,770 --> 01:50:27,540

monopoly

2585

01:50:33,050 --> 01:50:30,780

are you are you protected uh by the

2586

01:50:35,570 --> 01:50:33,060

Amendments do you feel I feel very

2587

01:50:38,390 --> 01:50:35,580

protected absolutely uh the legislation

2588

01:50:40,550 --> 01:50:38,400

in the AAA yes absolutely

2589

01:50:42,470 --> 01:50:40,560

um and that's why I'm a little more bold

2590

01:50:45,649 --> 01:50:42,480

in what I reveal

2591

01:50:47,209 --> 01:50:45,659

uh than I did when uh in 2021 when I

2592

01:50:49,430 --> 01:50:47,219

didn't think the legislation was strong

2593

01:50:53,270 --> 01:50:49,440

enough it is not strong enough that I

2594

01:50:55,970 --> 01:50:53,280

feel very much protected I know that

2595

01:50:58,370 --> 01:50:55,980

um the the people's House of

2596

01:50:59,149 --> 01:50:58,380

Representatives and the Senate have my

2597

01:51:01,250 --> 01:50:59,159

back

2598

01:51:03,350 --> 01:51:01,260

that I am protected by the laws of the

2599

01:51:05,570 --> 01:51:03,360

United States of America which the

2600

01:51:08,209 --> 01:51:05,580

military industrial complex also need to

2601
01:51:11,390 --> 01:51:08,219
follow and not ignore

2602
01:51:13,669 --> 01:51:11,400
well okay so 25 years I'm assuming

2603
01:51:16,450 --> 01:51:13,679
you've got you know your retirement

2604
01:51:18,410 --> 01:51:16,460
package and and all of that that's a

2605
01:51:20,209 --> 01:51:18,420
considerate your family and everything

2606
01:51:21,350 --> 01:51:20,219
else and you got to keep the lights on

2607
01:51:24,109 --> 01:51:21,360
sure

2608
01:51:26,390 --> 01:51:24,119
um you don't want that jeopardized do

2609
01:51:28,970 --> 01:51:26,400
you think that that is enough motivation

2610
01:51:32,689 --> 01:51:28,980
for others to go ahead and come forward

2611
01:51:34,790 --> 01:51:32,699
maybe speak uh to to Congress or speak

2612
01:51:37,370 --> 01:51:34,800
on Capitol Hill speak to the Senate yes

2613
01:51:39,530 --> 01:51:37,380

and and and and be very Frank and open

2614

01:51:41,209 --> 01:51:39,540

be very fine yes and in fact I don't

2615

01:51:43,850 --> 01:51:41,219

feel jeopardized at all because CIA does

2616

01:51:45,770 --> 01:51:43,860

not control my retirement salary it's

2617

01:51:47,270 --> 01:51:45,780

it's it goes to the office of personnel

2618

01:51:49,550 --> 01:51:47,280

management which controls the

2619

01:51:52,970 --> 01:51:49,560

retirements of the entire Federal

2620

01:51:56,270 --> 01:51:52,980

Workforce so CIA has nothing to do with

2621

01:51:57,410 --> 01:51:56,280

what I earn as a retiree of the CIA it's

2622

01:51:58,970 --> 01:51:57,420

in the office of personnel management

2623

01:52:01,729 --> 01:51:58,980

and the Social Security Administration

2624

01:52:04,609 --> 01:52:01,739

and I happen to have an IRA with my bank

2625

01:52:07,850 --> 01:52:04,619

so there's my sources of income and I

2626
01:52:09,590 --> 01:52:07,860
have for others uh Kirkpatrick uh if you

2627
01:52:12,410 --> 01:52:09,600
look at the transcript of what he said

2628
01:52:14,629 --> 01:52:12,420
he said there were like 24 people that

2629
01:52:17,629 --> 01:52:14,639
he has spoken to

2630
01:52:19,790 --> 01:52:17,639
that come forward to talk to Errol very

2631
01:52:21,070 --> 01:52:19,800
important statement that he made by the

2632
01:52:23,750 --> 01:52:21,080
way yeah

2633
01:52:25,129 --> 01:52:23,760
not enough attention was paid to that

2634
01:52:28,669 --> 01:52:25,139
yeah

2635
01:52:31,729 --> 01:52:28,679
um did were you one of those 24 no I as

2636
01:52:34,250 --> 01:52:31,739
I stated before I did receive a way to

2637
01:52:35,870 --> 01:52:34,260
contact him directly but I didn't feel

2638
01:52:37,609 --> 01:52:35,880

like I needed to

2639

01:52:40,790 --> 01:52:37,619

um because

2640

01:52:42,770 --> 01:52:40,800

um I felt like you know I don't really

2641

01:52:45,890 --> 01:52:42,780

have any more information that he could

2642

01:52:48,709 --> 01:52:45,900

use that he already has Believe Me Errol

2643

01:52:50,870 --> 01:52:48,719

has a lot of information that came from

2644

01:52:52,609 --> 01:52:50,880

the UAP task force that came from atip

2645

01:52:56,570 --> 01:52:52,619

that came from

2646

01:52:59,570 --> 01:52:56,580

um allsap and other government efforts

2647

01:53:01,550 --> 01:52:59,580

into studying uh this entire subject

2648

01:53:04,250 --> 01:53:01,560

matter so he has that he has a big

2649

01:53:08,330 --> 01:53:04,260

repository and his challenge is trying

2650

01:53:11,209 --> 01:53:08,340

to go through it and resolve all of the

2651
01:53:13,250 --> 01:53:11,219
cases that he has that's this thing you

2652
01:53:14,689 --> 01:53:13,260
know that's why the discussion went

2653
01:53:16,430 --> 01:53:14,699
toward you know do you have enough

2654
01:53:18,649 --> 01:53:16,440
people do you have Staffing what do you

2655
01:53:20,450 --> 01:53:18,659
need do you have cooperation Senator Joe

2656
01:53:22,850 --> 01:53:20,460
Ben says what can I do

2657
01:53:25,550 --> 01:53:22,860
to help your make your job easier what

2658
01:53:27,530 --> 01:53:25,560
laws can I write to make your job easier

2659
01:53:30,830 --> 01:53:27,540
yeah she said I'll write you a letter

2660
01:53:33,169 --> 01:53:30,840
right now yeah yeah you know he has a

2661
01:53:35,209 --> 01:53:33,179
small staff and so that's why he has to

2662
01:53:37,370 --> 01:53:35,219
go back to the major agency he says okay

2663
01:53:40,010 --> 01:53:37,380

this is errol's problem this is your

2664

01:53:42,790 --> 01:53:40,020

problem but you owe us an answer you do

2665

01:53:45,169 --> 01:53:42,800

the work and you give us the answer

2666

01:53:47,450 --> 01:53:45,179

somebody else's problem you know but

2667

01:53:49,609 --> 01:53:47,460

that's what he meant one last question

2668

01:53:53,270 --> 01:53:49,619

but sure I'm saving the best for last

2669

01:53:56,470 --> 01:53:53,280

John all right the the Wilson Davis uh

2670

01:53:58,850 --> 01:53:56,480

memo and documents uh

2671

01:54:00,950 --> 01:53:58,860

I believe that it's an authentic

2672

01:54:03,169 --> 01:54:00,960

document it's notes from a conversation

2673

01:54:05,090 --> 01:54:03,179

so that part of it it's it's an

2674

01:54:07,310 --> 01:54:05,100

authentic it's not a government document

2675

01:54:08,930 --> 01:54:07,320

it doesn't have a document number yeah

2676

01:54:09,910 --> 01:54:08,940

it's not classic there's no one else

2677

01:54:13,970 --> 01:54:09,920

yeah

2678

01:54:17,810 --> 01:54:13,980

sure but do you believe that those that

2679

01:54:21,530 --> 01:54:17,820

the conversation happened between uh

2680

01:54:24,290 --> 01:54:21,540

Thomas Wilson and uh Dr Eric Davis the

2681

01:54:27,229 --> 01:54:24,300

way it was presented in those notes if

2682

01:54:29,810 --> 01:54:27,239

those are Eric Davis's notes uh the man

2683

01:54:31,550 --> 01:54:29,820

is honest to a T he actually applied for

2684

01:54:34,129 --> 01:54:31,560

a job at CIA and I got his application

2685

01:54:36,530 --> 01:54:34,139

papers uh in my office when I was a

2686

01:54:38,450 --> 01:54:36,540

branch chief really um I couldn't I

2687

01:54:41,030 --> 01:54:38,460

could not hire him um because he was

2688

01:54:42,530 --> 01:54:41,040

basically overqualified as a PhD in

2689

01:54:44,330 --> 01:54:42,540

physics I just need a guy with a

2690

01:54:48,590 --> 01:54:44,340

master's degree and I thought he would

2691

01:54:51,290 --> 01:54:48,600

be bored I regret that decision because

2692

01:54:53,330 --> 01:54:51,300

um soon after his application paper came

2693

01:54:56,629 --> 01:54:53,340

and I rejected it

2694

01:54:57,770 --> 01:54:56,639

um I needed to send people to the uh orb

2695

01:54:59,629 --> 01:54:57,780

working group and he would have been

2696

01:55:01,609 --> 01:54:59,639

ideal to send to the war working group

2697

01:55:02,930 --> 01:55:01,619

it would not surprise me that he

2698

01:55:04,790 --> 01:55:02,940

actually was a participant in that

2699

01:55:08,209 --> 01:55:04,800

working group because that followed into

2700

01:55:11,510 --> 01:55:08,219

alsap which he did participate in uh he

2701

01:55:14,149 --> 01:55:11,520

this guy is as honest as you can have I

2702

01:55:16,430 --> 01:55:14,159

mean you the guy has cannot lie I don't

2703

01:55:19,070 --> 01:55:16,440

think very honest person and if he says

2704

01:55:21,229 --> 01:55:19,080

he does not acknowledge that he wrote

2705

01:55:22,609 --> 01:55:21,239

them I don't think but I think he well I

2706

01:55:24,169 --> 01:55:22,619

think there will be information coming

2707

01:55:33,790 --> 01:55:24,179

out that

2708

01:55:37,729 --> 01:55:36,410

let's read it into the record and it's

2709

01:55:39,169 --> 01:55:37,739

part of Congressional Record so at least

2710

01:55:41,209 --> 01:55:39,179

there's that

2711

01:55:42,490 --> 01:55:41,219

um I'm hoping that uh Dr Davis would be

2712

01:55:45,770 --> 01:55:42,500

one of the people that will come forward

2713

01:55:47,870 --> 01:55:45,780

well he I would say that he has to and

2714

01:55:49,870 --> 01:55:47,880

he has to for one uh the quote

2715

01:55:52,790 --> 01:55:49,880

attributed to him in the New York Times

2716

01:55:56,270 --> 01:55:52,800

that he said he briefed the senate about

2717

01:55:57,850 --> 01:55:56,280

us having flying saucers number one but

2718

01:56:01,490 --> 01:55:57,860

number two

2719

01:56:04,910 --> 01:56:01,500

the the the whole document's interesting

2720

01:56:08,629 --> 01:56:04,920

no question but the the one section

2721

01:56:10,850 --> 01:56:08,639

there where he's got uh Admiral rear uh

2722

01:56:13,250 --> 01:56:10,860

Admiral Wilson talking about his

2723

01:56:16,669 --> 01:56:13,260

conversation uh with the private company

2724

01:56:19,010 --> 01:56:16,679

out here we've all kind of deduced that

2725

01:56:21,530 --> 01:56:19,020

it's Skunk Works

2726

01:56:22,330 --> 01:56:21,540

um and that where they said we've got a

2727

01:56:26,450 --> 01:56:22,340

craft

2728

01:56:28,910 --> 01:56:26,460

we we think it can fly but we can't get

2729

01:56:31,550 --> 01:56:28,920

this thing up in the air right yeah I

2730

01:56:33,530 --> 01:56:31,560

know that that right there I think

2731

01:56:35,990 --> 01:56:33,540

there's some testimony that needs to

2732

01:56:39,350 --> 01:56:36,000

take place did that conversation really

2733

01:56:40,970 --> 01:56:39,360

happen with Eric and of course uh

2734

01:56:42,890 --> 01:56:40,980

Admiral Wilson I think should come

2735

01:56:44,750 --> 01:56:42,900

forward too and testify to that as well

2736

01:56:46,370 --> 01:56:44,760

yeah yeah I have some personal thoughts

2737

01:56:48,590 --> 01:56:46,380

about that which I can improve but if

2738

01:56:50,209 --> 01:56:48,600

you want my personal thoughts uh I think

2739

01:56:52,189 --> 01:56:50,219

I do think we have craft that can fly

2740

01:56:54,649 --> 01:56:52,199

but it's not an alien reproduction

2741

01:56:56,390 --> 01:56:54,659

vehicle uh if we have a craft that can't

2742

01:56:58,250 --> 01:56:56,400

fly it's not something we would build

2743

01:57:00,169 --> 01:56:58,260

because if we built something it's going

2744

01:57:02,629 --> 01:57:00,179

to fly even if it has plain old jet

2745

01:57:04,010 --> 01:57:02,639

engines in it it should apply sure it

2746

01:57:07,129 --> 01:57:04,020

may have some I mean you know

2747

01:57:08,689 --> 01:57:07,139

hydrodynamic Drive mhd

2748

01:57:11,330 --> 01:57:08,699

um something exotic like that it could

2749

01:57:13,550 --> 01:57:11,340

have scramjets that's another exotic

2750

01:57:15,950 --> 01:57:13,560

propulsion technology uh it may have

2751

01:57:17,570 --> 01:57:15,960

that but it's going to fly but if we

2752

01:57:21,050 --> 01:57:17,580

have something that can't fly that tells

2753

01:57:25,970 --> 01:57:21,060

me reading behind the lines that it's a

2754

01:57:29,089 --> 01:57:25,980

fully formed intact non-crashed vehicle

2755

01:57:31,669 --> 01:57:29,099

that they can't make work

2756

01:57:33,530 --> 01:57:31,679

and so that's where I'll go that's

2757

01:57:36,890 --> 01:57:33,540

interesting it's either at Skunk Works

2758

01:57:39,350 --> 01:57:36,900

or let's not forget Boeing Phantom works

2759

01:57:40,910 --> 01:57:39,360

it's the other partner in crime so

2760

01:57:43,550 --> 01:57:40,920

everybody looks at Skunk Works but it's

2761

01:57:45,770 --> 01:57:43,560

also Phantom works and Norfolk Ramen has

2762

01:57:48,350 --> 01:57:45,780

their own little thing going on as well

2763

01:57:51,649 --> 01:57:48,360

and so those three contractors Northrop

2764

01:57:53,089 --> 01:57:51,659

Grumman Boeing and ask Lockheed Martin

2765

01:57:58,089 --> 01:57:53,099

those are the three Aerospace

2766

01:58:03,709 --> 01:58:01,129

yeah exactly near near Palmdale where

2767

01:58:06,410 --> 01:58:03,719

yeah you're very familiar with that

2768

01:58:08,570 --> 01:58:06,420

place you know yeah when I have guests

2769

01:58:10,609 --> 01:58:08,580

over at the house John yeah

2770

01:58:13,430 --> 01:58:10,619

they don't want to come in and see my

2771

01:58:15,950 --> 01:58:13,440

guitars ah they want to go down the

2772

01:58:17,810 --> 01:58:15,960

street man yeah and and I'll take them

2773

01:58:22,010 --> 01:58:17,820

I'll take them to the front Gates of uh

2774

01:58:25,250 --> 01:58:22,020

Air Force plan 42. and uh they have a

2775

01:58:28,609 --> 01:58:25,260

little Museum right there but uh but the

2776

01:58:31,609 --> 01:58:28,619

gate and what you see there's like three

2777

01:58:34,310 --> 01:58:31,619

lines of fences with it's like a prison

2778

01:58:36,109 --> 01:58:34,320

it's it's crazy yeah you look at that

2779

01:58:39,050 --> 01:58:36,119

and you're just thinking whatever's

2780

01:58:42,229 --> 01:58:39,060

going on over there yeah is Crazy Town

2781

01:58:45,169 --> 01:58:42,239

yeah you don't put this up right you

2782

01:58:49,129 --> 01:58:45,179

know you know to keep the Coyotes out

2783

01:58:51,350 --> 01:58:49,139

right exactly no yeah yeah yeah so hey

2784

01:58:53,510 --> 01:58:51,360

John thank you so much my friend uh

2785

01:58:56,209 --> 01:58:53,520

thank you for uh not only being very

2786

01:58:58,669 --> 01:58:56,219

candid uh but supporting the community

2787

01:59:01,129 --> 01:58:58,679

and and hanging out with us tonight

2788

01:59:03,609 --> 01:59:01,139

great conversation and I certainly look

2789

01:59:05,570 --> 01:59:03,619

forward to our next one

2790

01:59:08,990 --> 01:59:05,580

hopefully you don't get that phone call

2791

01:59:13,609 --> 01:59:09,000

tonight yes big shout out to Mick

2792

01:59:14,870 --> 01:59:13,619

yes oh Mick yeah great guy great guy and

2793

01:59:17,990 --> 01:59:14,880

uh by the way are you going to be a

2794

01:59:20,510 --> 01:59:18,000

contact in the desert I am not I am yeah

2795

01:59:23,149 --> 01:59:20,520

it's this first one that I won't be

2796

01:59:25,910 --> 01:59:23,159

hosting but yeah I've got another event

2797

01:59:28,550 --> 01:59:25,920

on the East Coast that uh was booked

2798

01:59:31,310 --> 01:59:28,560

last year or private thing yeah I was

2799

01:59:33,410 --> 01:59:31,320

gonna get you uh uh uh an authentic CIA

2800

01:59:35,330 --> 01:59:33,420

t-shirt from the employee store and a

2801

01:59:37,310 --> 01:59:35,340

hat well I was gonna bring it with me

2802

01:59:41,030 --> 01:59:37,320

but maybe I can I can arrange to have it

2803

01:59:43,910 --> 01:59:41,040

2804

01:59:46,609 --> 01:59:43,920

2805

01:59:50,030 --> 01:59:46,619

2812

02:00:07,189 --> 02:00:05,880
