

John Ramirez

CIA & Disclosure

**DISCLOSURE
TEAM**

1
00:00:01,640 --> 00:00:23,230
[Music]

2
00:00:30,529 --> 00:00:24,770
thank you

3
00:00:32,930 --> 00:00:30,539
[Music]

4
00:00:33,889 --> 00:00:32,940
welcome back everybody to disclosure

5
00:00:36,010 --> 00:00:33,899
team

6
00:00:38,810 --> 00:00:36,020
um it's great to see so many people here

7
00:00:40,369 --> 00:00:38,820
uh and I've actually switched my shows

8
00:00:42,170 --> 00:00:40,379
at the moment to Sundays and

9
00:00:44,569 --> 00:00:42,180
unfortunately Katie is unable to join me

10
00:00:46,250 --> 00:00:44,579
on Sundays so I'm going to be back on

11
00:00:48,170 --> 00:00:46,260
Wednesday with Katie and then next

12
00:00:50,270 --> 00:00:48,180
Sunday I think she may be able to join

13
00:00:52,069 --> 00:00:50,280

me but if you keep your eye on the

14

00:00:53,569 --> 00:00:52,079

channel and on our social medias you'll

15

00:00:54,709 --> 00:00:53,579

be able to keep up to date with what's

16

00:00:58,010 --> 00:00:54,719

coming up

17

00:01:00,350 --> 00:00:58,020

um and before I bring on my guest please

18

00:01:03,229 --> 00:01:00,360

um keep the live chat respectful both to

19

00:01:05,450 --> 00:01:03,239

each other and towards our guest and if

20

00:01:07,250 --> 00:01:05,460

you do have any questions please pop

21

00:01:08,630 --> 00:01:07,260

them in capital letters it gives me a

22

00:01:10,609 --> 00:01:08,640

better chance of seeing them in the live

23

00:01:12,590 --> 00:01:10,619

chat and if you wanted to support the

24

00:01:14,690 --> 00:01:12,600

channel then Super chats are open as

25

00:01:17,149 --> 00:01:14,700

well I cannot guarantee I will be able

26

00:01:19,730 --> 00:01:17,159

to answer ask every question I've got

27

00:01:21,710 --> 00:01:19,740

obviously my set list of questions and

28

00:01:23,749 --> 00:01:21,720

we'll see how long the interview goes on

29

00:01:25,490 --> 00:01:23,759

for but I'm really excited for this one

30

00:01:27,530 --> 00:01:25,500

we've got lots to get through so let's

31

00:01:30,230 --> 00:01:27,540

not waste any more time and welcome my

32

00:01:32,030 --> 00:01:30,240

guest John Ramirez John how are you

33

00:01:35,510 --> 00:01:32,040

doing I'm doing great then thanks for

34

00:01:37,670 --> 00:01:35,520

having me Vinnie I know we have spoken

35

00:01:39,590 --> 00:01:37,680

before and I wasn't able to come on your

36

00:01:43,789 --> 00:01:39,600

show and I'm glad that I'm here now

37

00:01:46,310 --> 00:01:43,799

because we are in the pre-disclosure era

38

00:01:48,050 --> 00:01:46,320

yes so it seems and you know you've made

39

00:01:49,310 --> 00:01:48,060

this point in in the last few interviews

40

00:01:51,530 --> 00:01:49,320

that you've done and we'll we'll get to

41

00:01:52,670 --> 00:01:51,540

that in a little while but I wanted to

42

00:01:54,109 --> 00:01:52,680

start off with something that's been

43

00:01:55,550 --> 00:01:54,119

happening in the last couple of days and

44

00:01:57,530 --> 00:01:55,560

this was something that you first

45

00:01:59,810 --> 00:01:57,540

brought up on the uh Fade to Black with

46

00:02:01,789 --> 00:01:59,820

Jimmy church and it's regarding Anjali

47

00:02:03,649 --> 00:02:01,799

and that she claimed to have been

48

00:02:07,670 --> 00:02:03,659

interviewed by the UAP task force back

49

00:02:08,749 --> 00:02:07,680

in 2021 and 2022 and we then saw a

50

00:02:10,490 --> 00:02:08,759

statement

51
00:02:12,589 --> 00:02:10,500
um through Tim McMillan at the debrief

52
00:02:14,510 --> 00:02:12,599
from Jay Stratton the former head of the

53
00:02:16,490 --> 00:02:14,520
UAP task force saying that he was not

54
00:02:18,530 --> 00:02:16,500
aware of or with no interviews with

55
00:02:21,589 --> 00:02:18,540
Anjali during his time at the UAP task

56
00:02:24,710 --> 00:02:21,599
force she then clarified on Twitter that

57
00:02:27,110 --> 00:02:24,720
it was UAP DOD investigators that she

58
00:02:28,910 --> 00:02:27,120
had spoken to who then reported back to

59
00:02:30,410 --> 00:02:28,920
the UAP task force so I just wondered if

60
00:02:32,449 --> 00:02:30,420
you could help clear this up to some

61
00:02:34,190 --> 00:02:32,459
degree as is there a separate group

62
00:02:36,470 --> 00:02:34,200
other than UAP task force with some

63
00:02:37,729 --> 00:02:36,480

investigators looking into UAP how can

64

00:02:40,550 --> 00:02:37,739

we kind of make sense of what's been

65

00:02:43,970 --> 00:02:40,560

going on well Angela and I will be

66

00:02:46,430 --> 00:02:43,980

appearing in a podcast uh toward the end

67

00:02:49,369 --> 00:02:46,440

of this month later in May

68

00:02:52,790 --> 00:02:49,379

and we hope to clarify all of those

69

00:02:55,070 --> 00:02:52,800

questions in a way that everyone would

70

00:02:57,830 --> 00:02:55,080

understand exactly my contacts and

71

00:03:00,530 --> 00:02:57,840

anjali's contacts as well as to his

72

00:03:02,690 --> 00:03:00,540

credit Jay's contacts because what we

73

00:03:06,490 --> 00:03:02,700

all said was absolutely true

74

00:03:10,070 --> 00:03:06,500

and what needs to be sorted out is the

75

00:03:12,710 --> 00:03:10,080

relationships between the UAP task force

76

00:03:14,690 --> 00:03:12,720

what it was about and those who

77

00:03:17,449 --> 00:03:14,700

supported the task force and I'm able to

78

00:03:20,330 --> 00:03:17,459

provide some background information on

79

00:03:21,410 --> 00:03:20,340

how that mechanism actually worked back

80

00:03:24,290 --> 00:03:21,420

in the day

81

00:03:26,809 --> 00:03:24,300

and so stay tuned for that okay now that

82

00:03:29,449 --> 00:03:26,819

I had to ask so I appreciate that and so

83

00:03:31,190 --> 00:03:29,459

everybody you know look out for the the

84

00:03:32,690 --> 00:03:31,200

podcast coming up where we will get the

85

00:03:35,210 --> 00:03:32,700

clarification on that but thank you John

86

00:03:37,130 --> 00:03:35,220

I really appreciate that and sticking

87

00:03:39,350 --> 00:03:37,140

with the UAP test scores have you spoken

88

00:03:41,930 --> 00:03:39,360

with the task force yourself or you know

89

00:03:44,210 --> 00:03:41,940

it's uh reiterations you know aimsog or

90

00:03:46,850 --> 00:03:44,220

Arrow either on the record or off the

91

00:03:49,789 --> 00:03:46,860

record regarding this subject I was

92

00:03:53,390 --> 00:03:49,799

given a direct contact

93

00:03:56,449 --> 00:03:53,400

information to reach Dr Kirkpatrick

94

00:03:59,390 --> 00:03:56,459

however I decided not to do so because

95

00:04:01,490 --> 00:03:59,400

what he knows and what information he

96

00:04:05,750 --> 00:04:01,500

has been able to gather

97

00:04:07,789 --> 00:04:05,760

from both current and former officers of

98

00:04:10,729 --> 00:04:07,799

the military and civilian intelligence

99

00:04:14,089 --> 00:04:10,739

Community is probably far more extensive

100

00:04:16,069 --> 00:04:14,099

than what I am able to offer and I am

101

00:04:18,710 --> 00:04:16,079

sure that he is aware of what I've said

102

00:04:21,349 --> 00:04:18,720

publicly in the public domain and I am

103

00:04:24,290 --> 00:04:21,359

sure that that he has received

104

00:04:28,249 --> 00:04:24,300

information from others uh with whom I

105

00:04:30,890 --> 00:04:28,259

spoken with in private and so with all

106

00:04:32,450 --> 00:04:30,900

of that information I don't see why he

107

00:04:35,150 --> 00:04:32,460

would you know be interested in anything

108

00:04:37,370 --> 00:04:35,160

I would have to say above and beyond

109

00:04:41,629 --> 00:04:37,380

um so I think he has all the information

110

00:04:43,430 --> 00:04:41,639

um even at a classified level that I

111

00:04:45,650 --> 00:04:43,440

can't say in public I believe he has

112

00:04:47,090 --> 00:04:45,660

that information as well do you think he

113

00:04:48,770 --> 00:04:47,100

may not be limited to some degree

114

00:04:51,350 --> 00:04:48,780

because he's only running under title 10

115

00:04:53,090 --> 00:04:51,360

authorities and doesn't yet have title

116

00:04:55,189 --> 00:04:53,100

50 authorities which would allow him to

117

00:04:58,189 --> 00:04:55,199

access more data

118

00:04:59,930 --> 00:04:58,199

well I believe uh in fact that might be

119

00:05:02,150 --> 00:04:59,940

the reason why

120

00:05:05,210 --> 00:05:02,160

um the Senate select committee on

121

00:05:11,330 --> 00:05:08,870

had a letter written about

122

00:05:13,430 --> 00:05:11,340

having other provisions of the

123

00:05:15,050 --> 00:05:13,440

legislation carried forward and they're

124

00:05:17,870 --> 00:05:15,060

waiting on those Provisions to be

125

00:05:21,950 --> 00:05:17,880

carried forward and that letter was

126

00:05:25,850 --> 00:05:21,960

signed by both the current chair

127

00:05:28,550 --> 00:05:25,860

uh Senator Mark Warner of Virginia and

128

00:05:29,390 --> 00:05:28,560

his vice chair Senator Marco Rubio of

129

00:05:31,129 --> 00:05:29,400

Florida

130

00:05:34,430 --> 00:05:31,139

and if you read that letter carefully

131

00:05:37,370 --> 00:05:34,440

it's outlined many of the things that

132

00:05:40,129 --> 00:05:37,380

the legislation called for that have not

133

00:05:43,070 --> 00:05:40,139

yet been implemented and why is that and

134

00:05:46,090 --> 00:05:43,080

so I do believe that

135

00:05:48,469 --> 00:05:46,100

um you know the arrow itself

136

00:05:51,290 --> 00:05:48,479

people have to understand Arrow itself

137

00:05:53,870 --> 00:05:51,300

is not a disclosure

138

00:05:57,290 --> 00:05:53,880

kind of effort by the government

139

00:06:01,969 --> 00:05:57,300

is basically design

140

00:06:04,790 --> 00:06:01,979

for Aviation safety and to consider any

141

00:06:07,610 --> 00:06:04,800

national security implications

142

00:06:10,730 --> 00:06:07,620

as well in addition to Aviation safety

143

00:06:12,770 --> 00:06:10,740

and by Aviation safety it's not just our

144

00:06:15,830 --> 00:06:12,780

military Pilots or the military Pilots

145

00:06:19,249 --> 00:06:15,840

of our close allies like like the RAF

146

00:06:21,830 --> 00:06:19,259

for example but also civilian Aviation

147

00:06:24,950 --> 00:06:21,840

as well and so

148

00:06:28,790 --> 00:06:24,960

um that is the scope of Errol it is

149

00:06:32,689 --> 00:06:28,800

mostly the hearings are mostly about

150

00:06:35,450 --> 00:06:32,699

what we called oversight

151
00:06:38,390 --> 00:06:35,460
these the sentence armed services

152
00:06:40,370 --> 00:06:38,400
committee wanted to know you know do you

153
00:06:43,070 --> 00:06:40,380
have the resources necessary to do your

154
00:06:45,350 --> 00:06:43,080
job do you have the Staffing necessary

155
00:06:48,170 --> 00:06:45,360
to do your job and to your point Vinnie

156
00:06:50,450 --> 00:06:48,180
do you have the cooperation of the what

157
00:06:52,850 --> 00:06:50,460
we call the interagency to do your job

158
00:06:55,850 --> 00:06:52,860
the internet agency being the other

159
00:06:58,969 --> 00:06:55,860
alphabet soup agencies that may have

160
00:07:00,830 --> 00:06:58,979
information about the UAP issue do you

161
00:07:02,570 --> 00:07:00,840
have all of those resources and he did

162
00:07:04,430 --> 00:07:02,580
state that

163
00:07:06,590 --> 00:07:04,440

um you know that's that's something of a

164

00:07:09,650 --> 00:07:06,600

challenge especially toward title 50

165

00:07:11,450 --> 00:07:09,660

which is Cia mostly yeah and certain

166

00:07:13,010 --> 00:07:11,460

aspects of the civilian intelligence

167

00:07:15,050 --> 00:07:13,020

community

168

00:07:16,730 --> 00:07:15,060

um so I know that gets lost and it gets

169

00:07:20,210 --> 00:07:16,740

into a lot of

170

00:07:22,370 --> 00:07:20,220

um technicalities in terms of how the uh

171

00:07:25,129 --> 00:07:22,380

US government is I would say

172

00:07:27,830 --> 00:07:25,139

disorganized in some aspects and uh both

173

00:07:30,650 --> 00:07:27,840

title 50 is definitely the Department of

174

00:07:32,749 --> 00:07:30,660

Defense Uniformed Services so it's like

175

00:07:36,230 --> 00:07:32,759

our Army Air Force Navy Marine Corps and

176

00:07:39,230 --> 00:07:36,240

space force that's title 10. and title

177

00:07:43,129 --> 00:07:39,240

50 is the civilian side of all of that

178

00:07:48,050 --> 00:07:43,139

under the odni and you know the alphabet

179

00:07:51,830 --> 00:07:48,060

soup agency CIA and also NSA nro NGA Dia

180

00:07:56,050 --> 00:07:51,840

all of that is also under title 50. so

181

00:07:59,749 --> 00:07:56,060

if I was a um if I if I were a nro

182

00:08:02,270 --> 00:07:59,759

employee and I wore a uniform let's say

183

00:08:04,070 --> 00:08:02,280

it is an Air Force uniform well I fall

184

00:08:06,650 --> 00:08:04,080

under title 10.

185

00:08:09,529 --> 00:08:06,660

but if I work for nro and I wear a suit

186

00:08:11,870 --> 00:08:09,539

to work every morning I fall under title

187

00:08:13,249 --> 00:08:11,880

50 and that's just the way it is so you

188

00:08:15,350 --> 00:08:13,259

can imagine that there's both

189

00:08:20,150 --> 00:08:15,360

cooperation and competition

190

00:08:22,010 --> 00:08:20,160

that uh Dr Kirkpatrick has to face in

191

00:08:23,689 --> 00:08:22,020

order to get the information from where

192

00:08:26,570 --> 00:08:23,699

he needs it

193

00:08:29,330 --> 00:08:26,580

um because I personally believe that the

194

00:08:30,950 --> 00:08:29,340

Air Force might be very reluctant to

195

00:08:34,610 --> 00:08:30,960

share its information

196

00:08:37,610 --> 00:08:34,620

or not that it doesn't want to but I

197

00:08:39,529 --> 00:08:37,620

personally believe that they may have

198

00:08:41,570 --> 00:08:39,539

um equities that they need to protect

199

00:08:44,690 --> 00:08:41,580

and what are those equities so it could

200

00:08:45,949 --> 00:08:44,700

be that they were able to

201
00:08:48,110 --> 00:08:45,959
um

202
00:08:50,690 --> 00:08:48,120
take the technology

203
00:08:53,990 --> 00:08:50,700
let's say meta materials or maybe parts

204
00:08:55,790 --> 00:08:54,000
or whole craft take that technology and

205
00:08:57,889 --> 00:08:55,800
not necessarily reproduce that

206
00:08:59,389 --> 00:08:57,899
technology because you know we don't

207
00:09:01,550 --> 00:08:59,399
have the meta materials that we can

208
00:09:03,769 --> 00:09:01,560
manufacture here on this planet

209
00:09:06,470 --> 00:09:03,779
but able to derive some of that

210
00:09:08,870 --> 00:09:06,480
technology and adapt it for human use

211
00:09:11,930 --> 00:09:08,880
adapted for what the Air Force wanted it

212
00:09:13,970 --> 00:09:11,940
for and as you know you people have

213
00:09:17,990 --> 00:09:13,980

witnessed these triangles

214

00:09:20,990 --> 00:09:18,000

and people have caught on tr3b black

215

00:09:23,530 --> 00:09:21,000

Mantra whatever you want to call it

216

00:09:26,690 --> 00:09:23,540

um but regardless of what it's named

217

00:09:29,570 --> 00:09:26,700

the question to ask is never talk to a

218

00:09:31,790 --> 00:09:29,580

DOD person using nomenclature because

219

00:09:33,829 --> 00:09:31,800

that nomenclature may have been out in

220

00:09:36,590 --> 00:09:33,839

social media and that might not be the

221

00:09:38,329 --> 00:09:36,600

real nomenclature and a DOD person will

222

00:09:41,449 --> 00:09:38,339

answer the question

223

00:09:43,730 --> 00:09:41,459

literally and not offer anything of an

224

00:09:46,190 --> 00:09:43,740

explanation so if you so let's say

225

00:09:49,370 --> 00:09:46,200

there's a triangle craft somewhere and

226

00:09:52,430 --> 00:09:49,380

it's just let's say and you know you

227

00:09:55,250 --> 00:09:52,440

talk to a DOD and say Hey you know tell

228

00:09:57,650 --> 00:09:55,260

us about your tr3b black Mantra triangle

229

00:09:58,850 --> 00:09:57,660

craft and the dod person says there's no

230

00:10:01,250 --> 00:09:58,860

such thing

231

00:10:03,230 --> 00:10:01,260

and is that the OD person lying no

232

00:10:06,290 --> 00:10:03,240

because the dod person knows that that

233

00:10:09,470 --> 00:10:06,300

is not the actual nomenclature for that

234

00:10:12,170 --> 00:10:09,480

craft and in fact you know it puzzles me

235

00:10:15,170 --> 00:10:12,180

that I know there's a tr1

236

00:10:18,290 --> 00:10:15,180

which is a modification of the new two

237

00:10:20,389 --> 00:10:18,300

aircraft that's still flying since 1955

238

00:10:22,190 --> 00:10:20,399

it's still in the air and it's still

239

00:10:25,550 --> 00:10:22,200

going to be in the air for in the future

240

00:10:28,910 --> 00:10:25,560

and there is a uh upgrade to this a

241

00:10:31,370 --> 00:10:28,920

dramatic upgrade called the TR Dash x

242

00:10:34,130 --> 00:10:31,380

with the X not being a number so is

243

00:10:36,889 --> 00:10:34,140

there a TR aircraft in the future that

244

00:10:38,690 --> 00:10:36,899

would be used as a spy plane and it may

245

00:10:41,090 --> 00:10:38,700

have some extraordinary technology on

246

00:10:43,850 --> 00:10:41,100

board well if the dod person was honest

247

00:10:46,250 --> 00:10:43,860

the uot person will say yes and is that

248

00:10:50,030 --> 00:10:46,260

a secret no because the Air Force

249

00:10:52,009 --> 00:10:50,040

released the information about the TRX

250

00:10:53,870 --> 00:10:52,019

um at one of these U.S Air Force

251
00:10:55,970 --> 00:10:53,880
Association meetings where they bring

252
00:10:59,030 --> 00:10:55,980
Air Force equities and the defense

253
00:11:02,150 --> 00:10:59,040
contractor equities together to have an

254
00:11:05,509 --> 00:11:02,160
open Symposium out in the public domain

255
00:11:09,470 --> 00:11:05,519
uh so it's no secret that there's a TRX

256
00:11:12,949 --> 00:11:09,480
but I've never heard of a tr3b or 3A or

257
00:11:14,750 --> 00:11:12,959
three yeah I've never heard of a tr2 but

258
00:11:17,990 --> 00:11:14,760
I have heard that there was something

259
00:11:20,870 --> 00:11:18,000
flying in the Aerospace domain

260
00:11:23,030 --> 00:11:20,880
that is of extraordinary technology that

261
00:11:25,910 --> 00:11:23,040
can get to places in the earth very

262
00:11:29,329 --> 00:11:25,920
quickly and have persistent coverage

263
00:11:32,810 --> 00:11:29,339

over an area of interest and not be seen

264

00:11:35,870 --> 00:11:32,820

wow so I'm not going to reveal like what

265

00:11:38,449 --> 00:11:35,880

it is because I really don't know uh but

266

00:11:41,449 --> 00:11:38,459

I have heard that such a thing the fact

267

00:11:42,769 --> 00:11:41,459

of the such a thing does exist so is

268

00:11:45,410 --> 00:11:42,779

that something the Air Force wanted

269

00:11:47,090 --> 00:11:45,420

wants to keep hidden uh probably the

270

00:11:49,970 --> 00:11:47,100

answer is yes and

271

00:11:53,030 --> 00:11:49,980

rightly so because any information about

272

00:11:55,910 --> 00:11:53,040

that capability on behalf of the US

273

00:11:59,389 --> 00:11:55,920

government and our allies like the UK we

274

00:12:02,230 --> 00:11:59,399

don't want that to be leaked to our

275

00:12:04,850 --> 00:12:02,240

adversaries at all I mean we don't want

276

00:12:06,829 --> 00:12:04,860

the Russians to know about this aircraft

277

00:12:09,170 --> 00:12:06,839

and be able to know enough about it that

278

00:12:12,110 --> 00:12:09,180

they might develop a way to detect it

279

00:12:14,690 --> 00:12:12,120

for example so that's why there's so

280

00:12:16,730 --> 00:12:14,700

much secrecy uh surrounding a lot of

281

00:12:18,889 --> 00:12:16,740

this UAP issue it's not the fact that

282

00:12:23,090 --> 00:12:18,899

something crashed from

283

00:12:25,069 --> 00:12:23,100

some other planet uh but it's the fact

284

00:12:28,310 --> 00:12:25,079

that you know it's the technology

285

00:12:30,949 --> 00:12:28,320

derived from what what crashed from that

286

00:12:33,230 --> 00:12:30,959

other planet and so any talk about that

287

00:12:37,069 --> 00:12:33,240

crack from the other planet might lead

288

00:12:38,509 --> 00:12:37,079

to what we were able to

289

00:12:41,630 --> 00:12:38,519

adapt

290

00:12:43,790 --> 00:12:41,640

as a military capability so that's what

291

00:12:47,629 --> 00:12:43,800

they're protecting now I personally

292

00:12:50,090 --> 00:12:47,639

believe that the era of secrecy about

293

00:12:51,590 --> 00:12:50,100

that should should be over it really

294

00:12:55,389 --> 00:12:51,600

should be over

295

00:12:57,730 --> 00:12:55,399

um because like if it's a planetary

296

00:13:00,889 --> 00:12:57,740

off-planet technology

297

00:13:02,509 --> 00:13:00,899

that technology belongs to humanity as a

298

00:13:05,269 --> 00:13:02,519

whole it should not belong to any

299

00:13:06,829 --> 00:13:05,279

particular government that seem to have

300

00:13:09,470 --> 00:13:06,839

acquired that technology because it

301
00:13:11,389 --> 00:13:09,480
landed on its Sovereign territory

302
00:13:13,190 --> 00:13:11,399
it should be shared with everyone

303
00:13:16,370 --> 00:13:13,200
because all the military is going to do

304
00:13:18,710 --> 00:13:16,380
is is to make a capability that's a

305
00:13:21,769 --> 00:13:18,720
weaponized capability for it well what

306
00:13:23,690 --> 00:13:21,779
about like can it solve energy problems

307
00:13:25,970 --> 00:13:23,700
you know is there a technology there

308
00:13:27,650 --> 00:13:25,980
that can help Humanity I would think

309
00:13:30,350 --> 00:13:27,660
there is technology that can help

310
00:13:31,690 --> 00:13:30,360
humanity and and for me that's

311
00:13:34,670 --> 00:13:31,700
that's

312
00:13:36,949 --> 00:13:34,680
hiding it is I wouldn't say it's a

313
00:13:39,710 --> 00:13:36,959

criminal offense it's no crimes word

314

00:13:41,629 --> 00:13:39,720

like committed in the hiding of the

315

00:13:44,690 --> 00:13:41,639

technology in fact there there are

316

00:13:48,769 --> 00:13:44,700

executive orders and U.S law U.S code

317

00:13:52,250 --> 00:13:48,779

that allows the Pentagon to have these

318

00:13:54,829 --> 00:13:52,260

types of saps that are on uh that are

319

00:13:57,350 --> 00:13:54,839

waived and unacknowledged

320

00:13:59,569 --> 00:13:57,360

um it's all written in executive orders

321

00:14:02,629 --> 00:13:59,579

and so

322

00:14:05,150 --> 00:14:02,639

but beyond that you know fine if the

323

00:14:08,389 --> 00:14:05,160

actual technology itself

324

00:14:10,730 --> 00:14:08,399

is from elsewhere and it belongs to all

325

00:14:12,410 --> 00:14:10,740

the entire planet and I'm sure like

326

00:14:15,410 --> 00:14:12,420

there's probably Russian

327

00:14:17,269 --> 00:14:15,420

uh technology like that from off world

328

00:14:19,430 --> 00:14:17,279

there are probably other countries with

329

00:14:20,329 --> 00:14:19,440

off-world technology particularly Latin

330

00:14:23,329 --> 00:14:20,339

America

331

00:14:25,430 --> 00:14:23,339

for example so that's my feeling it's

332

00:14:27,829 --> 00:14:25,440

that it should all be released to the

333

00:14:30,650 --> 00:14:27,839

world under the U.N auspices

334

00:14:32,629 --> 00:14:30,660

um for example San Marino we heard of a

335

00:14:35,030 --> 00:14:32,639

San Marino and project Titan yeah

336

00:14:37,610 --> 00:14:35,040

putting it under the UN umbrella and I

337

00:14:40,730 --> 00:14:37,620

think countries of the world will then

338

00:14:43,370 --> 00:14:40,740

after the US takes its lead

339

00:14:46,069 --> 00:14:43,380

um and doing this initial disclosure

340

00:14:48,710 --> 00:14:46,079

of that yes it's off-world technology

341

00:14:51,290 --> 00:14:48,720

that is it's non-human technology that

342

00:14:54,230 --> 00:14:51,300

we're seeing I think then uh would be

343

00:14:56,990 --> 00:14:54,240

followed by a 5i Partners uh for example

344

00:14:59,629 --> 00:14:57,000

in the UK in Australia particularly

345

00:15:01,430 --> 00:14:59,639

um that they have data and why do I

346

00:15:03,470 --> 00:15:01,440

signal out these two and not Canada and

347

00:15:06,710 --> 00:15:03,480

New Zealand um well we all have

348

00:15:09,410 --> 00:15:06,720

collection capabilities but uh we share

349

00:15:11,750 --> 00:15:09,420

a lot of collection capabilities with

350

00:15:14,329 --> 00:15:11,760

the UK and with the Australians as you

351

00:15:16,730 --> 00:15:14,339

know we work closely with um with

352

00:15:19,850 --> 00:15:16,740

Whitehall for the US audience Whitehall

353

00:15:21,829 --> 00:15:19,860

is the Pentagon of the UK it's the

354

00:15:23,750 --> 00:15:21,839

ministry of defense and we also work

355

00:15:26,509 --> 00:15:23,760

with gchq which is the general

356

00:15:29,689 --> 00:15:26,519

Communications Headquarters which is the

357

00:15:31,730 --> 00:15:29,699

UK equivalent of the NSA in Australia we

358

00:15:35,210 --> 00:15:31,740

have the Australian signals directorate

359

00:15:38,629 --> 00:15:35,220

that CIA works with closely at Pine Gap

360

00:15:40,490 --> 00:15:38,639

in out Springs Australia and so with

361

00:15:42,110 --> 00:15:40,500

those two principal Partners I'm sure

362

00:15:45,050 --> 00:15:42,120

they will have information that they

363

00:15:47,030 --> 00:15:45,060

might want to release after our lead and

364

00:15:49,370 --> 00:15:47,040

then that might open the floodgates for

365

00:15:52,370 --> 00:15:49,380

countries in Latin America particularly

366

00:15:56,629 --> 00:15:52,380

I would pay attention to Peru and Brazil

367

00:15:58,310 --> 00:15:56,639

as having information if not meta

368

00:16:00,889 --> 00:15:58,320

materials and parts of craft

369

00:16:03,530 --> 00:16:00,899

and so that's what I'm hoping for will

370

00:16:05,449 --> 00:16:03,540

happen and the post disclosure world so

371

00:16:07,509 --> 00:16:05,459

you might need to like change the title

372

00:16:10,189 --> 00:16:07,519

of your podcast

373

00:16:12,889 --> 00:16:10,199

to post disclosure

374

00:16:14,870 --> 00:16:12,899

um no I mean I think it's coming I do

375

00:16:17,509 --> 00:16:14,880

think it's coming yeah we'll get to that

376

00:16:19,910 --> 00:16:17,519

again in a minute but just sticking with

377

00:16:22,790 --> 00:16:19,920

um both Dr Kirkpatrick but also specific

378

00:16:25,250 --> 00:16:22,800

wording when asking questions and making

379

00:16:26,930 --> 00:16:25,260

statements during the hearing when Dr

380

00:16:28,790 --> 00:16:26,940

Kirkpatrick made that statement about

381

00:16:32,329 --> 00:16:28,800

there's no evidence to suggest that

382

00:16:35,269 --> 00:16:32,339

anything of this is extraterrestrial do

383

00:16:38,569 --> 00:16:35,279

you feel that that was purposefully used

384

00:16:40,249 --> 00:16:38,579

as a word to kind of go around the the

385

00:16:41,930 --> 00:16:40,259

other possibilities that we all know

386

00:16:44,990 --> 00:16:41,940

exist whether they are terrestrial

387

00:16:46,249 --> 00:16:45,000

entities of non-human intelligence do

388

00:16:47,449 --> 00:16:46,259

you think that was planned or do you

389

00:16:50,449 --> 00:16:47,459

just think that he was using a broad

390

00:16:52,550 --> 00:16:50,459

term what he's saying is that

391

00:16:55,790 --> 00:16:52,560

he has

392

00:16:58,730 --> 00:16:55,800

photographs and videos

393

00:17:01,370 --> 00:16:58,740

and he also has testimony

394

00:17:04,010 --> 00:17:01,380

from the military side the title 10 side

395

00:17:06,650 --> 00:17:04,020

of people who have witness

396

00:17:09,110 --> 00:17:06,660

these craft whether it be Pilots or

397

00:17:11,990 --> 00:17:09,120

maybe people on the ground he may have

398

00:17:15,890 --> 00:17:12,000

some information from the U.S department

399

00:17:19,309 --> 00:17:15,900

of energy National Labs such as Los

400

00:17:23,449 --> 00:17:19,319

Alamos as an example and so just based

401
00:17:25,970 --> 00:17:23,459
on what he is able to gather that is

402
00:17:27,169 --> 00:17:25,980
the physical evidence he is able to

403
00:17:29,390 --> 00:17:27,179
gather

404
00:17:31,750 --> 00:17:29,400
um just looking at that evidence aside

405
00:17:33,530 --> 00:17:31,760
from anything else he may have access to

406
00:17:35,510 --> 00:17:33,540
that is

407
00:17:37,370 --> 00:17:35,520
um such as CIA

408
00:17:39,710 --> 00:17:37,380
Legacy

409
00:17:41,510 --> 00:17:39,720
program files

410
00:17:44,090 --> 00:17:41,520
um or those of other three-letter

411
00:17:46,909 --> 00:17:44,100
agencies aside from that just based on

412
00:17:48,950 --> 00:17:46,919
what Arrow was tasked to do from the

413
00:17:51,230 --> 00:17:48,960

time Arrow was stood up

414

00:17:54,289 --> 00:17:51,240

is there any evidence just from looking

415

00:17:59,450 --> 00:17:54,299

at pictures of metallic spheres flying

416

00:18:01,490 --> 00:17:59,460

across the MQ-9 Reaper drone camera can

417

00:18:04,130 --> 00:18:01,500

you say that that

418

00:18:05,150 --> 00:18:04,140

sphere was extraterrestrial well of

419

00:18:07,310 --> 00:18:05,160

course he came

420

00:18:10,310 --> 00:18:07,320

it's nothing that he can say that says

421

00:18:14,270 --> 00:18:10,320

yup it's extraterrestrial

422

00:18:17,930 --> 00:18:14,280

um so in a way again I say that folks in

423

00:18:20,750 --> 00:18:17,940

the dod are very very astute at

424

00:18:23,750 --> 00:18:20,760

answering just the question and offering

425

00:18:26,210 --> 00:18:23,760

no other amplifying information so

426

00:18:29,950 --> 00:18:26,220

that's what he said he said that in his

427

00:18:33,830 --> 00:18:29,960

opening remarks to in fact kind of

428

00:18:35,510 --> 00:18:33,840

diffuse any follow-up questions because

429

00:18:37,669 --> 00:18:35,520

there were no follow-up questions about

430

00:18:40,909 --> 00:18:37,679

what he said because if I was on the

431

00:18:42,650 --> 00:18:40,919

Senate armed services committee I would

432

00:18:45,070 --> 00:18:42,660

ask him that very question you just

433

00:18:48,049 --> 00:18:45,080

asked Vinnie is that is there evidence

434

00:18:51,529 --> 00:18:48,059

of these craft coming out of the ocean

435

00:18:54,470 --> 00:18:51,539

and back into the ocean for example and

436

00:18:57,830 --> 00:18:54,480

there's a Mexican researcher named Jaime

437

00:19:01,070 --> 00:18:57,840

masan who has collected a lot of videos

438

00:19:03,770 --> 00:19:01,080

of these crafts going in and out of like

439

00:19:06,110 --> 00:19:03,780

land masses so are they coming in and

440

00:19:07,630 --> 00:19:06,120

out of a land mass no one followed up on

441

00:19:10,789 --> 00:19:07,640

that and that would make it not

442

00:19:13,730 --> 00:19:10,799

extraterrestrial it would make it what

443

00:19:17,270 --> 00:19:13,740

my colleague Jim simivan has been saying

444

00:19:20,390 --> 00:19:17,280

as Ultra terrestrial that is it's some

445

00:19:23,810 --> 00:19:20,400

phenomenon that's associated not off the

446

00:19:26,210 --> 00:19:23,820

planet but on the planet and maybe in

447

00:19:29,870 --> 00:19:26,220

the planet in our oceans is it that type

448

00:19:32,630 --> 00:19:29,880

of phenomenon that opens up a whole

449

00:19:35,750 --> 00:19:32,640

other Avenue of questioning you know

450

00:19:37,549 --> 00:19:35,760

like oh I mean

451

00:19:39,529 --> 00:19:37,559

why are there in our oceans were they

452

00:19:40,909 --> 00:19:39,539

always here how long have we known that

453

00:19:43,430 --> 00:19:40,919

they've been here

454

00:19:45,950 --> 00:19:43,440

you know that's not an area that Arrow

455

00:19:47,990 --> 00:19:45,960

wants to get into they just want to like

456

00:19:49,610 --> 00:19:48,000

answer you know the aviation safety

457

00:19:51,289 --> 00:19:49,620

issue

458

00:19:52,930 --> 00:19:51,299

um

459

00:19:55,789 --> 00:19:52,940

sorry to interrupt but at the same time

460

00:19:57,470 --> 00:19:55,799

if Dr Kirkpatrick has had we're led to

461

00:19:59,930 --> 00:19:57,480

believe almost two dozen Witnesses come

462

00:20:02,150 --> 00:19:59,940

forward that have worked in some kind of

463

00:20:04,850 --> 00:20:02,160

programs whether it's Legacy programs or

464

00:20:07,730 --> 00:20:04,860

something to do with uh retrieved craft

465

00:20:10,010 --> 00:20:07,740

if he gets these reports yet he doesn't

466

00:20:13,010 --> 00:20:10,020

have title 50 authorities how is he able

467

00:20:14,630 --> 00:20:13,020

to go and verify this information it

468

00:20:16,430 --> 00:20:14,640

almost seems like he would hit a brick

469

00:20:17,810 --> 00:20:16,440

wall and not be able to get to that that

470

00:20:20,090 --> 00:20:17,820

information that would clarify the

471

00:20:22,730 --> 00:20:20,100

points the witnesses have made so could

472

00:20:25,610 --> 00:20:22,740

that be someone higher up

473

00:20:29,870 --> 00:20:25,620

sort of putting actually a stuff on it

474

00:20:35,270 --> 00:20:29,880

yes and that's where the Audi and I

475

00:20:39,110 --> 00:20:35,280

comes into play so dni Avril Haynes has

476

00:20:41,930 --> 00:20:39,120

managerial authority over the CIA the

477

00:20:43,970 --> 00:20:41,940

Secretary of Defense has absolutely no

478

00:20:46,250 --> 00:20:43,980

managerial authority over CIA we're

479

00:20:49,789 --> 00:20:46,260

independent CIA is independent from the

480

00:20:52,549 --> 00:20:49,799

Department of Defense however CIA is not

481

00:20:55,909 --> 00:20:52,559

independent of the odni so dni Haynes

482

00:20:59,090 --> 00:20:55,919

can compel that cooperation to happen

483

00:21:01,070 --> 00:20:59,100

and I would secondly I would say that it

484

00:21:03,590 --> 00:21:01,080

was very important that the White House

485

00:21:05,990 --> 00:21:03,600

took it on as well and we've heard

486

00:21:10,669 --> 00:21:06,000

reports that the National Security

487

00:21:13,130 --> 00:21:10,679

Council who is headed by the

488

00:21:15,169 --> 00:21:13,140

National Security advisor Jake Sullivan

489

00:21:20,270 --> 00:21:15,179

has also

490

00:21:22,070 --> 00:21:20,280

form a UAP kind of study right yeah but

491

00:21:25,490 --> 00:21:22,080

it's not necessarily a research group

492

00:21:26,930 --> 00:21:25,500

it's there more of a managerial kind of

493

00:21:29,930 --> 00:21:26,940

traffic cop

494

00:21:32,750 --> 00:21:29,940

that you know that any kind of like

495

00:21:35,770 --> 00:21:32,760

obstacles faced by Arrow

496

00:21:39,649 --> 00:21:35,780

um there you have the supreme authority

497

00:21:41,510 --> 00:21:39,659

to get cooperation from anybody in the

498

00:21:42,649 --> 00:21:41,520

executive branch of the United States

499

00:21:45,169 --> 00:21:42,659

government

500

00:21:47,710 --> 00:21:45,179

and because you know April Haynes has

501
00:21:50,090 --> 00:21:47,720
said before uh in other interviews

502
00:21:53,270 --> 00:21:50,100
Abrahams wants to talk to President Joe

503
00:21:54,409 --> 00:21:53,280
Biden does he just show up on her limo

504
00:21:57,470 --> 00:21:54,419
no

505
00:22:00,049 --> 00:21:57,480
her staff calls his staff and want and

506
00:22:02,630 --> 00:22:00,059
we want to know if the president would

507
00:22:04,789 --> 00:22:02,640
be free and what time we will be free

508
00:22:07,250 --> 00:22:04,799
what give me a date and time because I

509
00:22:09,529 --> 00:22:07,260
want to have 15 minutes of his time

510
00:22:11,690 --> 00:22:09,539
that's how abrahames gets to see the

511
00:22:13,370 --> 00:22:11,700
president but Jake Sullivan the National

512
00:22:15,529 --> 00:22:13,380
Security advisor he just walks into the

513
00:22:17,990 --> 00:22:15,539

Oval Office right and to have someone

514

00:22:20,990 --> 00:22:18,000

that can walk into the Oval Office

515

00:22:26,149 --> 00:22:21,000

who is paying attention to the AP issue

516

00:22:29,390 --> 00:22:26,159

is huge to me it spoke volumes that this

517

00:22:30,409 --> 00:22:29,400

is the one place the Executive Office of

518

00:22:33,950 --> 00:22:30,419

the President

519

00:22:36,049 --> 00:22:33,960

that can remove any of the stove piping

520

00:22:39,110 --> 00:22:36,059

going on within the executive branch

521

00:22:42,230 --> 00:22:39,120

over the UAP issue and actually break

522

00:22:44,350 --> 00:22:42,240

open any kind of

523

00:22:46,730 --> 00:22:44,360

resistance to sharing information

524

00:22:48,649 --> 00:22:46,740

because the Executive Office of the

525

00:22:52,370 --> 00:22:48,659

President in the White House can order

526

00:22:54,950 --> 00:22:52,380

that information to be shared and your

527

00:22:57,230 --> 00:22:54,960

listeners might not know that there's

528

00:22:58,549 --> 00:22:57,240

something called Original classification

529

00:23:00,770 --> 00:22:58,559

Authority

530

00:23:03,890 --> 00:23:00,780

the president of the United States by

531

00:23:05,630 --> 00:23:03,900

law is allowed to declassify anything

532

00:23:08,029 --> 00:23:05,640

and everything

533

00:23:10,310 --> 00:23:08,039

or to classify

534

00:23:12,470 --> 00:23:10,320

anything and everything goes both ways

535

00:23:15,049 --> 00:23:12,480

and so

536

00:23:18,289 --> 00:23:15,059

it has happened in the past we used to

537

00:23:20,990 --> 00:23:18,299

keep secret the fact that we had Photon

538

00:23:23,810 --> 00:23:21,000

reconnaissance aircraft the U2 and SR-71

539

00:23:26,029 --> 00:23:23,820

at one time was a deep dark secret a

540

00:23:29,870 --> 00:23:26,039

black Road man

541

00:23:31,850 --> 00:23:29,880

um but President Carter in a speech make

542

00:23:33,890 --> 00:23:31,860

mention of these photo reconnaissance

543

00:23:35,930 --> 00:23:33,900

aircraft that the United States

544

00:23:38,090 --> 00:23:35,940

government had and then that very

545

00:23:41,390 --> 00:23:38,100

instant when he said that

546

00:23:43,909 --> 00:23:41,400

that classification was gone all of it

547

00:23:46,490 --> 00:23:43,919

was gone so it has happened in the past

548

00:23:47,690 --> 00:23:46,500

and so the president can declassify

549

00:23:50,029 --> 00:23:47,700

anything

550

00:23:53,330 --> 00:23:50,039

and some people believe that the

551
00:23:56,029 --> 00:23:53,340
president isn't told everything and in

552
00:23:58,789 --> 00:23:56,039
way that is true but the president is

553
00:24:00,649 --> 00:23:58,799
eligible to know everything

554
00:24:03,409 --> 00:24:00,659
and many presidents

555
00:24:04,789 --> 00:24:03,419
they have so much on their plate that as

556
00:24:07,370 --> 00:24:04,799
long as they know that someone is

557
00:24:08,990 --> 00:24:07,380
working the issue some of them say as

558
00:24:10,789 --> 00:24:09,000
long as someone's working the issue I

559
00:24:13,250 --> 00:24:10,799
just got to know that there is an issue

560
00:24:15,710 --> 00:24:13,260
that somebody's working on you don't

561
00:24:18,529 --> 00:24:15,720
have to give me details but somebody's

562
00:24:20,570 --> 00:24:18,539
on it and that would suffice until that

563
00:24:23,149 --> 00:24:20,580

issue comes up

564

00:24:24,110 --> 00:24:23,159

in the public domain such as with the

565

00:24:26,570 --> 00:24:24,120

balloons

566

00:24:28,850 --> 00:24:26,580

there's an issue that a lot of people

567

00:24:30,950 --> 00:24:28,860

associate it with uaps

568

00:24:33,770 --> 00:24:30,960

and then that came up into the public

569

00:24:35,870 --> 00:24:33,780

domain in the public narrative in the

570

00:24:38,570 --> 00:24:35,880

media narrative and the president of the

571

00:24:41,390 --> 00:24:38,580

United States had to address that

572

00:24:43,610 --> 00:24:41,400

so there's an issue where that came up

573

00:24:46,370 --> 00:24:43,620

all the way up to the president I

574

00:24:49,010 --> 00:24:46,380

believe in the post-disclosure world to

575

00:24:52,850 --> 00:24:49,020

come that the next president of the

576

00:24:56,330 --> 00:24:52,860

United States in uh 2024

577

00:24:59,210 --> 00:24:56,340

will be elected as president-elect and

578

00:25:01,610 --> 00:24:59,220

will take office in 2025 that the next

579

00:25:03,649 --> 00:25:01,620

president will have the opportunity to

580

00:25:06,230 --> 00:25:03,659

be the disclosure president

581

00:25:08,690 --> 00:25:06,240

and I have high hopes for that and so

582

00:25:10,970 --> 00:25:08,700

that's part of the reason why I say that

583

00:25:13,850 --> 00:25:10,980

disclosure is happening really soon now

584

00:25:15,590 --> 00:25:13,860

because we want that conversation to be

585

00:25:17,690 --> 00:25:15,600

part of the political discourse of the

586

00:25:20,990 --> 00:25:17,700

United States so we have this crazy

587

00:25:23,690 --> 00:25:21,000

primary system in both parties and so

588

00:25:26,870 --> 00:25:23,700

they run candidates who uh want to be

589

00:25:28,909 --> 00:25:26,880

president in primary races and let's see

590

00:25:31,190 --> 00:25:28,919

who survives to the very end and we

591

00:25:33,110 --> 00:25:31,200

should have a Democrat and a republican

592

00:25:35,149 --> 00:25:33,120

maybe someday we'll have an independent

593

00:25:37,310 --> 00:25:35,159

but right for now a Democrat and

594

00:25:39,970 --> 00:25:37,320

Republican and so we want that

595

00:25:43,490 --> 00:25:39,980

discussion to happen in that primary

596

00:25:47,810 --> 00:25:43,500

process in these various States I would

597

00:25:50,269 --> 00:25:47,820

love to see after someone who has

598

00:25:52,909 --> 00:25:50,279

um held an office at a very high

599

00:25:55,430 --> 00:25:52,919

position in the executive branch under a

600

00:25:58,669 --> 00:25:55,440

former president let's say and have that

601
00:26:01,549 --> 00:25:58,679
person say yes I know that

602
00:26:03,409 --> 00:26:01,559
these craft are non-human

603
00:26:05,330 --> 00:26:03,419
well if I was a journalist like you

604
00:26:08,510 --> 00:26:05,340
Vinnie I would take your microphone and

605
00:26:11,450 --> 00:26:08,520
place it in front of the current office

606
00:26:14,810 --> 00:26:11,460
holder of that former position and say

607
00:26:17,450 --> 00:26:14,820
you know your predecessor said this and

608
00:26:20,750 --> 00:26:17,460
he is in your position for a previous

609
00:26:23,750 --> 00:26:20,760
president named the president what do

610
00:26:26,149 --> 00:26:23,760
you know what do you know about this and

611
00:26:27,950 --> 00:26:26,159
you know if that person says I don't

612
00:26:31,070 --> 00:26:27,960
know he's going to look awfully stupid

613
00:26:34,610 --> 00:26:31,080

and if he says there's nothing there you

614

00:26:37,130 --> 00:26:34,620

know he's caught in a lie so that's why

615

00:26:39,169 --> 00:26:37,140

I have High Hopes because once you get

616

00:26:41,149 --> 00:26:39,179

people who

617

00:26:42,769 --> 00:26:41,159

formerly held these extremely high

618

00:26:45,230 --> 00:26:42,779

positions and I'm not talking about like

619

00:26:48,590 --> 00:26:45,240

me or even Jim semivan I'm talking about

620

00:26:52,190 --> 00:26:48,600

people higher up on the payroll

621

00:26:55,430 --> 00:26:52,200

um if these people come forward

622

00:26:57,350 --> 00:26:55,440

it would be a very difficult thing for

623

00:27:00,230 --> 00:26:57,360

the current people holding those offices

624

00:27:02,870 --> 00:27:00,240

to say there's nothing going on

625

00:27:06,950 --> 00:27:02,880

something has to be said especially if

626

00:27:10,430 --> 00:27:06,960

the non-human phrase is part of that

627

00:27:12,529 --> 00:27:10,440

disclosure discussion it's non-human and

628

00:27:15,470 --> 00:27:12,539

Sir what do you know or ma'am what do

629

00:27:18,529 --> 00:27:15,480

you know about this non-human technology

630

00:27:19,909 --> 00:27:18,539

that's flying in our airspace what do

631

00:27:22,130 --> 00:27:19,919

you know all about that do you know

632

00:27:23,810 --> 00:27:22,140

anything about that well they'll have to

633

00:27:25,909 --> 00:27:23,820

like confess they do know something

634

00:27:28,909 --> 00:27:25,919

about that and that is what's going to

635

00:27:30,890 --> 00:27:28,919

open up disclosure

636

00:27:32,690 --> 00:27:30,900

and so that's why that's why you're

637

00:27:35,149 --> 00:27:32,700

confident in in what you've been saying

638

00:27:38,210 --> 00:27:35,159

about something's coming soon what was

639

00:27:40,370 --> 00:27:38,220

it that kind of made you so confident in

640

00:27:42,529 --> 00:27:40,380

this is it let's break it down if you

641

00:27:43,909 --> 00:27:42,539

can if you can and sort of tell us what

642

00:27:46,730 --> 00:27:43,919

you can

643

00:27:49,490 --> 00:27:46,740

well as it's no secret that a lot of us

644

00:27:51,110 --> 00:27:49,500

who were former officers in the

645

00:27:53,210 --> 00:27:51,120

intelligence community and in the

646

00:27:54,590 --> 00:27:53,220

military have been speaking about this

647

00:27:58,070 --> 00:27:54,600

openly

648

00:28:00,590 --> 00:27:58,080

and it's no secret that you know

649

00:28:01,370 --> 00:28:00,600

people pay attention in government to

650

00:28:05,090 --> 00:28:01,380

this

651
00:28:09,289 --> 00:28:05,100
and what I'm hoping is that what we have

652
00:28:12,710 --> 00:28:10,850
ears

653
00:28:17,210 --> 00:28:12,720
and Minds

654
00:28:19,850 --> 00:28:17,220
of the current office holders that they

655
00:28:22,070 --> 00:28:19,860
know that we who are they know we're

656
00:28:24,350 --> 00:28:22,080
credible they can look us up they know

657
00:28:26,510 --> 00:28:24,360
our career history they know they can

658
00:28:28,490 --> 00:28:26,520
look at my career file they can look at

659
00:28:30,470 --> 00:28:28,500
my security file and they would also

660
00:28:32,409 --> 00:28:30,480
know that what I was cleared for it's

661
00:28:35,930 --> 00:28:32,419
all in a database that they can access

662
00:28:37,430 --> 00:28:35,940
and we have so many coming forward that

663
00:28:40,430 --> 00:28:37,440

it's hard to deny that there's something

664

00:28:43,850 --> 00:28:40,440

going on and I believe that that in fact

665

00:28:46,010 --> 00:28:43,860

put into the legislation of the Senate

666

00:28:49,549 --> 00:28:46,020

select committee on intelligence

667

00:28:53,630 --> 00:28:49,559

for FY 23 they have something called the

668

00:28:56,029 --> 00:28:53,640

not the ndaa the intelligence committees

669

00:28:58,130 --> 00:28:56,039

on the House and Senate side they have

670

00:29:00,950 --> 00:28:58,140

legislation called the intelligence

671

00:29:03,710 --> 00:29:00,960

authorization act and in that act they

672

00:29:06,230 --> 00:29:03,720

actually said non-human

673

00:29:11,630 --> 00:29:06,240

so they know that what we've been saying

674

00:29:14,990 --> 00:29:11,640

has some force and support behind are

675

00:29:17,330 --> 00:29:15,000

just mere words and so I believe that

676

00:29:20,810 --> 00:29:17,340

that's where I get my inspiration that

677

00:29:24,590 --> 00:29:20,820

they know that it's non-human they know

678

00:29:27,230 --> 00:29:24,600

it's not human and so they want a a

679

00:29:29,510 --> 00:29:27,240

public narrative from the current

680

00:29:34,010 --> 00:29:29,520

officials in the US government about

681

00:29:37,130 --> 00:29:34,020

this non-human part of the UAP

682

00:29:40,250 --> 00:29:37,140

of this phenomenon and that's crucial

683

00:29:42,470 --> 00:29:40,260

because things flying up in the air who

684

00:29:45,289 --> 00:29:42,480

cares if it's flying up in the air maybe

685

00:29:48,110 --> 00:29:45,299

they're just visiting that's fine you

686

00:29:49,850 --> 00:29:48,120

know maybe it's a a big rock that's

687

00:29:52,490 --> 00:29:49,860

flying through and they're just visiting

688

00:29:54,110 --> 00:29:52,500

they turn around

689

00:29:56,450 --> 00:29:54,120

um and I can't pronounce it but I think

690

00:29:58,570 --> 00:29:56,460

it's a

691

00:30:01,450 --> 00:29:58,580

Abbey lobes

692

00:30:03,590 --> 00:30:01,460

thank you very much maybe it's just

693

00:30:06,110 --> 00:30:03,600

that's flying around you know that's

694

00:30:07,850 --> 00:30:06,120

fine you know but big deal you know they

695

00:30:09,769 --> 00:30:07,860

didn't stop and say hello

696

00:30:11,570 --> 00:30:09,779

uh but does the government know that

697

00:30:14,810 --> 00:30:11,580

they did stop and say hello

698

00:30:16,909 --> 00:30:14,820

and to what extent do we know about them

699

00:30:19,070 --> 00:30:16,919

and why do we know that they said hello

700

00:30:21,950 --> 00:30:19,080

did they actually visit us is there any

701
00:30:24,230 --> 00:30:21,960
kind of formal or informal relationship

702
00:30:25,850 --> 00:30:24,240
with who's here

703
00:30:27,769 --> 00:30:25,860
you know there's some of these like

704
00:30:29,630 --> 00:30:27,779
conspiracy theories about

705
00:30:32,690 --> 00:30:29,640
you know at Holloman Air Force Base

706
00:30:36,230 --> 00:30:32,700
during the uh Eisenhower Administration

707
00:30:38,570 --> 00:30:36,240
a craft landed and we made contact with

708
00:30:39,950 --> 00:30:38,580
uh the occupants of The Craft so forth

709
00:30:42,289 --> 00:30:39,960
and so on you know there's a lot of

710
00:30:46,070 --> 00:30:42,299
conspiracy theories one of the things I

711
00:30:49,730 --> 00:30:46,080
I hope for this disclosure is to one

712
00:30:51,889 --> 00:30:49,740
thing is it may confirm what we think of

713
00:30:55,909 --> 00:30:51,899

conspiracy theories as true

714

00:30:58,310 --> 00:30:55,919

and then it may then dispel some of the

715

00:31:00,230 --> 00:30:58,320

conspiracy theories as false now

716

00:31:02,870 --> 00:31:00,240

there'll be a falling a falling out of

717

00:31:05,450 --> 00:31:02,880

some and actually a support of others

718

00:31:08,269 --> 00:31:05,460

that it will like it's a cleansing

719

00:31:11,690 --> 00:31:08,279

effort by the US government to come

720

00:31:14,570 --> 00:31:11,700

clean about what do we do now and uh

721

00:31:16,430 --> 00:31:14,580

what NASA knows important point is what

722

00:31:17,930 --> 00:31:16,440

NASA knows what the department of energy

723

00:31:21,649 --> 00:31:17,940

knows that

724

00:31:24,350 --> 00:31:21,659

now we'll sort everything out and who

725

00:31:26,750 --> 00:31:24,360

knows you know I mean I listened to a uh

726

00:31:28,789 --> 00:31:26,760

interview with Mick West on fate to

727

00:31:31,210 --> 00:31:28,799

Black with Jimmy church and you know I

728

00:31:34,250 --> 00:31:31,220

he's absolutely right I mean you know

729

00:31:36,470 --> 00:31:34,260

based on his observations

730

00:31:37,909 --> 00:31:36,480

of what the government has publicly

731

00:31:42,350 --> 00:31:37,919

stated

732

00:31:44,630 --> 00:31:42,360

that would even support the notion of

733

00:31:47,810 --> 00:31:44,640

anything being non-human right right

734

00:31:49,970 --> 00:31:47,820

they try to cast it as

735

00:31:52,430 --> 00:31:49,980

um it's explainable we just don't have

736

00:31:55,130 --> 00:31:52,440

the explanation yet

737

00:31:57,950 --> 00:31:55,140

and I believe that's what Errol is doing

738

00:31:59,990 --> 00:31:57,960

right now but when disclosure

739

00:32:02,389 --> 00:32:00,000

imminent disclosure happens and in

740

00:32:04,070 --> 00:32:02,399

post-disclosure world

741

00:32:06,230 --> 00:32:04,080

um you know some of what Nick West says

742

00:32:09,049 --> 00:32:06,240

might be true but a lot of things that

743

00:32:11,930 --> 00:32:09,059

we see might be something explainable

744

00:32:15,710 --> 00:32:11,940

I'll give you an example A lot of people

745

00:32:17,990 --> 00:32:15,720

see like a triplet of Lights flying very

746

00:32:19,490 --> 00:32:18,000

fast in the sky and say ah there's a

747

00:32:21,649 --> 00:32:19,500

tr3b

748

00:32:24,529 --> 00:32:21,659

I saw it three lights in a triangle

749

00:32:27,470 --> 00:32:24,539

formation flying fast across the sky see

750

00:32:28,750 --> 00:32:27,480

tr3p exists but they may not know that

751
00:32:32,330 --> 00:32:28,760
the Chinese

752
00:32:34,789 --> 00:32:32,340
orbits in low earth orbit a satellite

753
00:32:36,710 --> 00:32:34,799
constitute constellation used for

754
00:32:38,990 --> 00:32:36,720
reconnaissance that's a triplet

755
00:32:41,690 --> 00:32:39,000
formation just like that

756
00:32:43,430 --> 00:32:41,700
and in low earth orbit something that

757
00:32:46,190 --> 00:32:43,440
fast would just scream across I mean it

758
00:32:48,049 --> 00:32:46,200
goes by really quick

759
00:32:51,889 --> 00:32:48,059
um and also I would say in the U.S

760
00:32:53,870 --> 00:32:51,899
government we had satellites that flew

761
00:32:56,750 --> 00:32:53,880
in pairs together

762
00:32:58,190 --> 00:32:56,760
and also flew us triplets together and

763
00:32:59,450 --> 00:32:58,200

the triplet

764

00:33:02,389 --> 00:32:59,460

um they actually they were called

765

00:33:05,630 --> 00:33:02,399

Spinners and they would spin on its axis

766

00:33:07,970 --> 00:33:05,640

and it was like cylindrical and spawned

767

00:33:09,470 --> 00:33:07,980

on its axis and so when you're on the

768

00:33:12,049 --> 00:33:09,480

ground looking up

769

00:33:14,810 --> 00:33:12,059

and because the satellites dumped the

770

00:33:16,370 --> 00:33:14,820

data over the continental United States

771

00:33:18,110 --> 00:33:16,380

right

772

00:33:19,970 --> 00:33:18,120

um you look up and you say oh my gosh

773

00:33:21,950 --> 00:33:19,980

there's three of those and look it's

774

00:33:22,850 --> 00:33:21,960

flashing it's flashing I'm getting a

775

00:33:26,750 --> 00:33:22,860

message

776

00:33:28,909 --> 00:33:26,760

that this is extraterrestrial

777

00:33:31,850 --> 00:33:28,919

um it may not be it may actually be a

778

00:33:34,009 --> 00:33:31,860

satellite you know yeah so I mean I

779

00:33:37,130 --> 00:33:34,019

belabor the point but

780

00:33:39,710 --> 00:33:37,140

um you know not everything you see

781

00:33:41,990 --> 00:33:39,720

it's going to be a UAP but there are

782

00:33:45,049 --> 00:33:42,000

things that they're very difficult to

783

00:33:46,610 --> 00:33:45,059

explain that are UAP that people have

784

00:33:49,009 --> 00:33:46,620

witnessed

785

00:33:52,009 --> 00:33:49,019

what people are saying I personally

786

00:33:54,169 --> 00:33:52,019

believe that you know what the our U.S

787

00:33:57,409 --> 00:33:54,179

naval aviators saw

788

00:34:00,049 --> 00:33:57,419

were actual uaps because I know we have

789

00:34:03,230 --> 00:34:00,059

nothing can do the aerodynamic

790

00:34:05,330 --> 00:34:03,240

performance of what they saw does not

791

00:34:07,850 --> 00:34:05,340

exist in the inventory of the United

792

00:34:09,409 --> 00:34:07,860

States government or the inventories of

793

00:34:11,210 --> 00:34:09,419

other governments

794

00:34:11,930 --> 00:34:11,220

because they're wondering what they're

795

00:34:13,730 --> 00:34:11,940

seeing

796

00:34:15,409 --> 00:34:13,740

you know this time you know we were

797

00:34:18,290 --> 00:34:15,419

pointing at each other saying Ah that's

798

00:34:20,510 --> 00:34:18,300

American Technology secret we discovered

799

00:34:22,790 --> 00:34:20,520

it and we're going Ah that's Russian

800

00:34:24,290 --> 00:34:22,800

technology and we discovered it and then

801

00:34:25,849 --> 00:34:24,300

we find out that we're both thinking

802

00:34:29,210 --> 00:34:25,859

it's each other's technology and it's

803

00:34:31,010 --> 00:34:29,220

not it's not even Chinese to that point

804

00:34:32,570 --> 00:34:31,020

yeah interesting there's a lot to break

805

00:34:34,669 --> 00:34:32,580

down from what you've said I'm sure I'll

806

00:34:36,829 --> 00:34:34,679

have to go back over this and and dig

807

00:34:38,030 --> 00:34:36,839

back into it but before I go go on with

808

00:34:39,829 --> 00:34:38,040

any more of my questions I'm just going

809

00:34:41,270 --> 00:34:39,839

to go to some of the questions from the

810

00:34:43,310 --> 00:34:41,280

live chat

811

00:34:45,109 --> 00:34:43,320

um red panda koala thank you so much for

812

00:34:47,030 --> 00:34:45,119

the five dollars uh he says John what

813

00:34:49,490 --> 00:34:47,040

role should the UFO Community play in

814

00:34:52,250 --> 00:34:49,500

the coming months re disclosure

815

00:34:54,530 --> 00:34:52,260

uh I would say this

816

00:34:58,070 --> 00:34:54,540

um it's going to be the post-disclosure

817

00:34:59,990 --> 00:34:58,080

world that would be most important to we

818

00:35:01,970 --> 00:35:00,000

the civilians and I count myself as we

819

00:35:04,550 --> 00:35:01,980

the civilians because I no longer

820

00:35:07,670 --> 00:35:04,560

employee by CIA and I have no clearances

821

00:35:08,810 --> 00:35:07,680

from CIA or any part of the U.S

822

00:35:11,870 --> 00:35:08,820

government

823

00:35:14,270 --> 00:35:11,880

and so I count myself as you know

824

00:35:17,329 --> 00:35:14,280

amongst those who are UFO or UAP

825

00:35:19,730 --> 00:35:17,339

enthusiasts I just happen to have uh

826

00:35:22,970 --> 00:35:19,740

have had a top secret SCI clearance

827

00:35:24,950 --> 00:35:22,980

where what I say is based on some

828

00:35:29,750 --> 00:35:24,960

factual information that I have to

829

00:35:32,569 --> 00:35:29,760

tailor to not violate my lifelong ndas

830

00:35:34,730 --> 00:35:32,579

there are lifelong ndas I I agreed that

831

00:35:37,010 --> 00:35:34,740

I would never talk about but given that

832

00:35:38,990 --> 00:35:37,020

you know I can talk about a lot and in

833

00:35:40,849 --> 00:35:39,000

post-disclosure

834

00:35:43,730 --> 00:35:40,859

um I would say that

835

00:35:46,609 --> 00:35:43,740

we if you're an American citizen

836

00:35:50,510 --> 00:35:46,619

or even a British citizen that after

837

00:35:53,270 --> 00:35:50,520

post-disclosure we need to press our

838

00:35:54,170 --> 00:35:53,280

governments the representatives of the

839

00:35:56,630 --> 00:35:54,180

people

840

00:35:59,630 --> 00:35:56,640

to go forward

841

00:36:01,490 --> 00:35:59,640

and get more information out into the

842

00:36:05,750 --> 00:36:01,500

public domain

843

00:36:08,950 --> 00:36:05,760

because once we say it's non-human we

844

00:36:13,069 --> 00:36:08,960

just removed a whole bunch of ndas

845

00:36:17,510 --> 00:36:13,079

protecting this entire program not just

846

00:36:20,630 --> 00:36:17,520

the uaps or UFOs metamaterials craft or

847

00:36:22,849 --> 00:36:20,640

parts of craft but also you know there's

848

00:36:24,829 --> 00:36:22,859

ndas protecting

849

00:36:28,310 --> 00:36:24,839

um any kind of

850

00:36:31,250 --> 00:36:28,320

derivative craft that we may have built

851
00:36:34,430 --> 00:36:31,260
based on the original technology so okay

852
00:36:36,410 --> 00:36:34,440
we won't talk about that we'll keep our

853
00:36:38,210 --> 00:36:36,420
Air Forces happy that we won't talk

854
00:36:40,130 --> 00:36:38,220
about what's flying that they've

855
00:36:42,950 --> 00:36:40,140
developed but let's talk about what

856
00:36:44,510 --> 00:36:42,960
crashed landed or was gifted to us

857
00:36:47,810 --> 00:36:44,520
you know let's talk about that and you

858
00:36:49,550 --> 00:36:47,820
may need to press our legislatures to

859
00:36:52,970 --> 00:36:49,560
provide more information and put

860
00:36:55,010 --> 00:36:52,980
pressure back onto

861
00:36:58,490 --> 00:36:55,020
our respective

862
00:37:01,849 --> 00:36:58,500
defense organizations to provide more

863
00:37:03,710 --> 00:37:01,859

information particularly about who's

864

00:37:06,410 --> 00:37:03,720

flying The Craft

865

00:37:07,910 --> 00:37:06,420

if it's non-human the next question I'm

866

00:37:10,069 --> 00:37:07,920

going to ask if how do you know it's not

867

00:37:12,349 --> 00:37:10,079

human

868

00:37:14,390 --> 00:37:12,359

who's flying the crap tell us more about

869

00:37:16,250 --> 00:37:14,400

who's flying the craft and more

870

00:37:19,609 --> 00:37:16,260

importantly for me why are they here

871

00:37:22,790 --> 00:37:19,619

yeah intent why are they here what is

872

00:37:24,890 --> 00:37:22,800

our role as humans in relationship to

873

00:37:27,109 --> 00:37:24,900

the people who are here

874

00:37:29,930 --> 00:37:27,119

and so that's what the civilian

875

00:37:32,329 --> 00:37:29,940

Community can do in post-disclosure we

876

00:37:35,390 --> 00:37:32,339

won't have to worry about guessing

877

00:37:36,950 --> 00:37:35,400

whether it's real or something else we

878

00:37:39,710 --> 00:37:36,960

know it's real

879

00:37:42,410 --> 00:37:39,720

this real phenomenon the UAP phenomena

880

00:37:45,950 --> 00:37:42,420

is real if it's non-human

881

00:37:47,510 --> 00:37:45,960

who are who might be at the controls and

882

00:37:49,190 --> 00:37:47,520

what do you know about them and why are

883

00:37:50,690 --> 00:37:49,200

they here that will happen in

884

00:37:52,970 --> 00:37:50,700

post-disclosure and that's something

885

00:37:54,710 --> 00:37:52,980

citizens can do

886

00:37:56,329 --> 00:37:54,720

yeah absolutely great answer I

887

00:37:57,650 --> 00:37:56,339

appreciate it this next one is actually

888

00:37:59,329 --> 00:37:57,660

two questions from two different people

889

00:38:01,609 --> 00:37:59,339

but I'm going to link him to kind of

890

00:38:03,290 --> 00:38:01,619

formulate one the first is from Glenn

891

00:38:04,970 --> 00:38:03,300

Harris and he says John in your opinion

892

00:38:07,310 --> 00:38:04,980

how much of a factor is religion in

893

00:38:09,349 --> 00:38:07,320

being a barrier to disclosure which I'm

894

00:38:10,849 --> 00:38:09,359

going to follow up with what do you

895

00:38:13,550 --> 00:38:10,859

foresee the state of religion being

896

00:38:17,109 --> 00:38:13,560

after disclosure well I think it's

897

00:38:19,849 --> 00:38:17,119

important that uh the people who are

898

00:38:20,930 --> 00:38:19,859

working on disclosure behind the scenes

899

00:38:23,750 --> 00:38:20,940

right now

900

00:38:25,370 --> 00:38:23,760

do reach out to the various belief

901
00:38:27,589 --> 00:38:25,380
systems on the planet

902
00:38:30,589 --> 00:38:27,599
because there is a potential of

903
00:38:36,470 --> 00:38:30,599
overturning these belief systems not

904
00:38:37,849 --> 00:38:36,480
only that beyond that people who are

905
00:38:40,069 --> 00:38:37,859
um in the business world in the

906
00:38:41,930 --> 00:38:40,079
corporate world of overturning the

907
00:38:43,609 --> 00:38:41,940
international markets

908
00:38:47,030 --> 00:38:43,619
that we now have

909
00:38:48,290 --> 00:38:47,040
it could have ramifications above and

910
00:38:50,390 --> 00:38:48,300
beyond

911
00:38:52,370 --> 00:38:50,400
uh what we foresee there may be

912
00:38:54,349 --> 00:38:52,380
unintended consequences so we need to

913
00:38:58,069 --> 00:38:54,359

bring the business corporate community

914

00:39:01,130 --> 00:38:58,079

in on this we need to bring the

915

00:39:02,270 --> 00:39:01,140

religious community in on this and I

916

00:39:04,670 --> 00:39:02,280

would also say we need to bring

917

00:39:06,829 --> 00:39:04,680

philosophers in on this

918

00:39:09,230 --> 00:39:06,839

and medical people and on this because

919

00:39:11,990 --> 00:39:09,240

people have been harmed by some exposure

920

00:39:14,630 --> 00:39:12,000

to uaps I mean that's that's a given

921

00:39:16,910 --> 00:39:14,640

that's not a conspiracy theory people

922

00:39:18,589 --> 00:39:16,920

have actually been harmed by this that

923

00:39:20,930 --> 00:39:18,599

was documented by

924

00:39:24,410 --> 00:39:20,940

um the second walkers at the Pentagon

925

00:39:26,930 --> 00:39:24,420

book by Dr lakasky Dr Kelleher and

926

00:39:28,430 --> 00:39:26,940

George Knapp that there were people who

927

00:39:31,069 --> 00:39:28,440

were associated with the investigation

928

00:39:34,190 --> 00:39:31,079

of Skinwalker who had this hitchhiker

929

00:39:37,190 --> 00:39:34,200

effect and was also affected physically

930

00:39:40,310 --> 00:39:37,200

by that hitchhiker effect so we need to

931

00:39:42,650 --> 00:39:40,320

bring medical people in on this as well

932

00:39:45,589 --> 00:39:42,660

um and so did I answer both questions

933

00:39:47,690 --> 00:39:45,599

yeah I mean I suppose you know religion

934

00:39:49,069 --> 00:39:47,700

Will Survive Beyond disclosure I think

935

00:39:51,050 --> 00:39:49,079

it's been quite clear in recent years

936

00:39:54,050 --> 00:39:51,060

with the Vatican having conversations

937

00:39:55,910 --> 00:39:54,060

about you know welcoming uh non-human

938

00:39:57,710 --> 00:39:55,920

intelligence so yeah I think that pretty

939

00:39:59,750 --> 00:39:57,720

much covers it uh I've got one more

940

00:40:01,790 --> 00:39:59,760

before we jump back to mine this is from

941

00:40:04,670 --> 00:40:01,800

Diego Thank you for the donation Diego

942

00:40:06,050 --> 00:40:04,680

please ask Mr Ramirez if he or anyone he

943

00:40:07,730 --> 00:40:06,060

knows have any official related

944

00:40:10,370 --> 00:40:07,740

documents they would like to contribute

945

00:40:13,430 --> 00:40:10,380

to the uh National UFO historical

946

00:40:16,250 --> 00:40:13,440

records Center in New Mexico thank you

947

00:40:18,770 --> 00:40:16,260

in fact I would say this that uh I know

948

00:40:21,109 --> 00:40:18,780

David Marler I uh communicate with David

949

00:40:24,770 --> 00:40:21,119

Marler what he's doing is absolutely

950

00:40:27,470 --> 00:40:24,780

valuable agreed he is archiving The

951
00:40:31,010 --> 00:40:27,480
Historical records because when we go

952
00:40:33,170 --> 00:40:31,020
back after after we say for example

953
00:40:35,210 --> 00:40:33,180
let's say uh the disclosure statement

954
00:40:36,650 --> 00:40:35,220
initially is non-human

955
00:40:38,870 --> 00:40:36,660
and then

956
00:40:41,390 --> 00:40:38,880
when the questions arise from that

957
00:40:44,089 --> 00:40:41,400
statement we need to tap into those

958
00:40:45,170 --> 00:40:44,099
resources that are in the civilian

959
00:40:47,630 --> 00:40:45,180
domain

960
00:40:49,790 --> 00:40:47,640
and get collate and gather those

961
00:40:51,829 --> 00:40:49,800
resources in fact the government should

962
00:40:55,010 --> 00:40:51,839
support his effort

963
00:40:57,109 --> 00:40:55,020

to do so because he has resources

964

00:40:59,150 --> 00:40:57,119

probably above and beyond what the

965

00:41:02,930 --> 00:40:59,160

government has what the government has

966

00:41:05,030 --> 00:41:02,940

is information from the government they

967

00:41:06,710 --> 00:41:05,040

ignore the civilians which they

968

00:41:10,390 --> 00:41:06,720

shouldn't but they do

969

00:41:15,109 --> 00:41:10,400

the only time they look at

970

00:41:17,450 --> 00:41:15,119

civilians is when we the formers

971

00:41:20,030 --> 00:41:17,460

uh when we're out of the office have

972

00:41:22,490 --> 00:41:20,040

these encounters like I have uh Mr

973

00:41:25,910 --> 00:41:22,500

sunnyvan wrote about his encounters with

974

00:41:28,609 --> 00:41:25,920

beings in his bedroom yeah so that

975

00:41:30,950 --> 00:41:28,619

shouldn't be ignored and there he he's

976

00:41:33,349 --> 00:41:30,960

in his bedroom as Mr simivant not Mr

977

00:41:36,170 --> 00:41:33,359

swimming van CIA officer I was in my

978

00:41:37,550 --> 00:41:36,180

bedroom as me and not as a CA officer so

979

00:41:40,970 --> 00:41:37,560

I have information he has information

980

00:41:42,170 --> 00:41:40,980

others in the intelligence community and

981

00:41:44,329 --> 00:41:42,180

in the military intelligence Community

982

00:41:47,329 --> 00:41:44,339

they have information like that of these

983

00:41:50,390 --> 00:41:47,339

kind of encounters but doc uh Mr Mahler

984

00:41:52,910 --> 00:41:50,400

has a tremendous amount of documented

985

00:41:55,550 --> 00:41:52,920

evidence and we need to then collate

986

00:41:57,589 --> 00:41:55,560

that is compare and collate the

987

00:42:00,230 --> 00:41:57,599

information the government has oh yes we

988

00:42:03,349 --> 00:42:00,240

had a sensor that actually saw that go

989

00:42:05,630 --> 00:42:03,359

back the date time of that encounter

990

00:42:08,930 --> 00:42:05,640

with that sensor owned by the government

991

00:42:11,390 --> 00:42:08,940

go back and see what civilians might

992

00:42:13,849 --> 00:42:11,400

have witnessed in the same place at the

993

00:42:16,130 --> 00:42:13,859

same time same day

994

00:42:18,890 --> 00:42:16,140

that's the value of it so

995

00:42:19,910 --> 00:42:18,900

um I would say that you know that

996

00:42:26,210 --> 00:42:19,920

archive

997

00:42:28,250 --> 00:42:26,220

in in Houston Texas here in the states

998

00:42:30,710 --> 00:42:28,260

um we also and we also have the the

999

00:42:33,109 --> 00:42:30,720

government archives under the National

1000

00:42:35,569 --> 00:42:33,119

Archives so we have a lot of archive

1001

00:42:37,069 --> 00:42:35,579

data that I think will provide a

1002

00:42:40,069 --> 00:42:37,079

valuable resource in helping us

1003

00:42:43,849 --> 00:42:40,079

understand this phenomenon in totality

1004

00:42:47,390 --> 00:42:43,859

not just from the perspective of an fa

1005

00:42:49,670 --> 00:42:47,400

18 Naval aviator who flew up against a

1006

00:42:51,410 --> 00:42:49,680

Tic Tac but also the people have seen

1007

00:42:54,170 --> 00:42:51,420

Tic Tacs you know in their own personal

1008

00:42:56,569 --> 00:42:54,180

lives let's go back and say did you

1009

00:42:59,210 --> 00:42:56,579

actually you know U.S government did you

1010

00:43:02,089 --> 00:42:59,220

actually have sensor data on these

1011

00:43:04,370 --> 00:43:02,099

sightings what do you know about them

1012

00:43:07,069 --> 00:43:04,380

um so that's the value of having

1013

00:43:09,650 --> 00:43:07,079

um that particular resource that Mr

1014

00:43:10,670 --> 00:43:09,660

Marlin has painstakingly took along

1015

00:43:13,609 --> 00:43:10,680

himself

1016

00:43:15,290 --> 00:43:13,619

with very little funding I might add to

1017

00:43:17,510 --> 00:43:15,300

preserve and that's a that's going to be

1018

00:43:19,010 --> 00:43:17,520

a very valuable resource yeah absolutely

1019

00:43:20,630 --> 00:43:19,020

I'm actually going to be an Albuquerque

1020

00:43:22,609 --> 00:43:20,640

myself at the end of June I'm really

1021

00:43:25,130 --> 00:43:22,619

hoping that I'm able to pay a David

1022

00:43:26,630 --> 00:43:25,140

Muller a visit we shall see

1023

00:43:28,190 --> 00:43:26,640

um well let's jump back to some of my

1024

00:43:29,630 --> 00:43:28,200

questions and something that's been you

1025

00:43:31,849 --> 00:43:29,640

know talks about a lot in the last few

1026

00:43:34,430 --> 00:43:31,859

months is this uh these incursions over

1027

00:43:36,650 --> 00:43:34,440

U.S airspace the Chinese spy balloon

1028

00:43:38,750 --> 00:43:36,660

initially followed by these three other

1029

00:43:40,550 --> 00:43:38,760

objects and it seems to be that even

1030

00:43:41,930 --> 00:43:40,560

members of Congress are still not being

1031

00:43:44,630 --> 00:43:41,940

briefed on what these other three

1032

00:43:46,970 --> 00:43:44,640

objects were so why do you think that is

1033

00:43:48,109 --> 00:43:46,980

and in your opinion what do you think

1034

00:43:51,470 --> 00:43:48,119

they may be

1035

00:43:53,510 --> 00:43:51,480

well that's very puzzling because

1036

00:43:56,030 --> 00:43:53,520

um I don't know what they are I just

1037

00:43:58,490 --> 00:43:56,040

know they're of such interest that they

1038

00:44:02,390 --> 00:43:58,500

actually expended taxpayers money to fly

1039

00:44:06,050 --> 00:44:02,400

an F 16 or F pick a number from the U.S

1040

00:44:08,750 --> 00:44:06,060

Air Force inventory and spent money uh

1041

00:44:13,130 --> 00:44:08,760

it's like 450

1042

00:44:15,349 --> 00:44:13,140

000 per PSI Winder missile to shoot down

1043

00:44:17,030 --> 00:44:15,359

something that probably if it was a

1044

00:44:18,250 --> 00:44:17,040

hobbyist balloon cost like you know

1045

00:44:20,630 --> 00:44:18,260

nothing

1046

00:44:22,609 --> 00:44:20,640

why did we do that well I think some of

1047

00:44:24,950 --> 00:44:22,619

us Optics

1048

00:44:27,349 --> 00:44:24,960

um that we knew that the Chinese were

1049

00:44:30,410 --> 00:44:27,359

using surveillance balloons over our

1050

00:44:33,170 --> 00:44:30,420

territory if it's above 50 miles it's

1051

00:44:35,569 --> 00:44:33,180

open space it's not sovereign us

1052

00:44:37,790 --> 00:44:35,579

airspace at all it belongs to All

1053

00:44:39,410 --> 00:44:37,800

Nations so they can fly something 50

1054

00:44:41,930 --> 00:44:39,420

miles and above I don't know if that

1055

00:44:44,809 --> 00:44:41,940

balloon was capable of that but the

1056

00:44:46,849 --> 00:44:44,819

point being is that this balloon came

1057

00:44:48,609 --> 00:44:46,859

down came in lower

1058

00:44:51,290 --> 00:44:48,619

in the atmosphere

1059

00:44:53,150 --> 00:44:51,300

and then it becomes part of U.S

1060

00:44:54,950 --> 00:44:53,160

Sovereign airspace and they need to

1061

00:44:57,710 --> 00:44:54,960

respond to it

1062

00:45:00,050 --> 00:44:57,720

um I believe they detected these

1063

00:45:02,690 --> 00:45:00,060

objects before because we have Radars

1064

00:45:06,230 --> 00:45:02,700

that can detect objects out in space and

1065

00:45:08,150 --> 00:45:06,240

count satellites so it's not a mystery

1066

00:45:09,650 --> 00:45:08,160

to the Pentagon that here come the

1067

00:45:12,970 --> 00:45:09,660

Chinese again

1068

00:45:17,450 --> 00:45:12,980

uh let's track it but this one came down

1069

00:45:19,190 --> 00:45:17,460

and was noted to have come down and so

1070

00:45:22,130 --> 00:45:19,200

they needed to respond to it I don't

1071

00:45:24,170 --> 00:45:22,140

know why they waited until it got to

1072

00:45:26,569 --> 00:45:24,180

um the east coast and over the Atlantic

1073

00:45:28,490 --> 00:45:26,579

to do something they could have easily

1074

00:45:31,790 --> 00:45:28,500

taken care of it

1075

00:45:34,910 --> 00:45:31,800

um over the U.S land mass

1076

00:45:37,130 --> 00:45:34,920

and you know out here if you look at a

1077

00:45:39,650 --> 00:45:37,140

map I'm in Arizona and you'll be in

1078

00:45:41,870 --> 00:45:39,660

Albuquerque New Mexico and one thing we

1079

00:45:45,290 --> 00:45:41,880

have a lot of in our two states is

1080

00:45:47,630 --> 00:45:45,300

Desert empty desert there's no one there

1081

00:45:49,670 --> 00:45:47,640

except the coyotes and you know the

1082

00:45:51,109 --> 00:45:49,680

other creatures who live out in the

1083

00:45:52,550 --> 00:45:51,119

desert so

1084

00:45:55,630 --> 00:45:52,560

um I don't know why they didn't shoot it

1085

00:45:58,309 --> 00:45:55,640

down earlier what they might be

1086

00:46:00,589 --> 00:45:58,319

I've listened very carefully to the

1087

00:46:03,290 --> 00:46:00,599

Pentagon spokesperson this Brigadier

1088

00:46:05,089 --> 00:46:03,300

General who represents the public

1089

00:46:07,010 --> 00:46:05,099

affairs Office of the Pentagon and then

1090

00:46:09,470 --> 00:46:07,020

I listened very carefully to President

1091

00:46:13,150 --> 00:46:09,480

Biden's

1092

00:46:16,430 --> 00:46:13,160

speech about it yeah now the Pentagon

1093

00:46:18,650 --> 00:46:16,440

spokesperson said that

1094

00:46:20,630 --> 00:46:18,660

it's unclassified

1095

00:46:23,690 --> 00:46:20,640

but

1096

00:46:26,270 --> 00:46:23,700

he no one question when can we see it

1097

00:46:29,750 --> 00:46:26,280

you know show it to us if it's

1098

00:46:32,690 --> 00:46:29,760

unclassified why won't you show us

1099

00:46:33,829 --> 00:46:32,700

uh I'm speaking particularly about the

1100

00:46:36,349 --> 00:46:33,839

Alaska

1101

00:46:38,390 --> 00:46:36,359

object right yeah the elastic object

1102

00:46:40,910 --> 00:46:38,400

that's the one that is of high

1103

00:46:43,910 --> 00:46:40,920

strangeness because it was described as

1104

00:46:45,710 --> 00:46:43,920

octagonal in shape I believe if I'm not

1105

00:46:49,329 --> 00:46:45,720

mistaken so it's not like a round

1106

00:46:52,370 --> 00:46:49,339

balloon of some other shape so

1107

00:46:53,750 --> 00:46:52,380

unclassified but we can't see it why is

1108

00:46:56,750 --> 00:46:53,760

that

1109

00:46:58,430 --> 00:46:56,760

okay and so he said well we don't know

1110

00:47:00,410 --> 00:46:58,440

what they are that's what the Pentagon

1111

00:47:02,750 --> 00:47:00,420

statements we don't know what they are

1112

00:47:05,030 --> 00:47:02,760

but this it was unclassified and no

1113

00:47:07,250 --> 00:47:05,040

we're not going to show it to you and

1114

00:47:09,530 --> 00:47:07,260

then so there's the Pentagon and then

1115

00:47:11,809 --> 00:47:09,540

President Biden goes and gives three

1116

00:47:12,770 --> 00:47:11,819

explanations that the Pentagon never

1117

00:47:14,569 --> 00:47:12,780

mentioned

1118

00:47:17,150 --> 00:47:14,579

and those are like it could be a

1119

00:47:20,450 --> 00:47:17,160

hobbyist balloon you know

1120

00:47:23,390 --> 00:47:20,460

um it could be a research balloon

1121

00:47:25,730 --> 00:47:23,400

um and so he gave explanations uh of

1122

00:47:28,190 --> 00:47:25,740

what it could be

1123

00:47:30,829 --> 00:47:28,200

that the Pentagon never mentioned and if

1124

00:47:34,910 --> 00:47:30,839

it was a research balloon if it was a

1125

00:47:38,329 --> 00:47:34,920

hobbyist balloon or a commercial balloon

1126
00:47:39,050 --> 00:47:38,339
something uh for a commercial purpose

1127
00:47:41,870 --> 00:47:39,060
um

1128
00:47:44,870 --> 00:47:41,880
that's unclassified yeah why can't we

1129
00:47:47,450 --> 00:47:44,880
see it exactly so you know it seems like

1130
00:47:49,849 --> 00:47:47,460
there was a disconnect between how

1131
00:47:52,730 --> 00:47:49,859
President Biden was briefed about this

1132
00:47:54,950 --> 00:47:52,740
incident versus what the Pentagon knows

1133
00:47:56,809 --> 00:47:54,960
about the incident versus what the

1134
00:47:58,730 --> 00:47:56,819
executive branch of government told the

1135
00:48:01,550 --> 00:47:58,740
legislative match branch of government

1136
00:48:03,770 --> 00:48:01,560
about these incidents so it's like three

1137
00:48:06,050 --> 00:48:03,780
narratives and they're kind of

1138
00:48:08,089 --> 00:48:06,060

incongruent you know like yeah the only

1139

00:48:09,470 --> 00:48:08,099

thing that they concur is that there was

1140

00:48:11,990 --> 00:48:09,480

something flying up in the air of

1141

00:48:14,089 --> 00:48:12,000

interest and we had to shoot it down for

1142

00:48:17,089 --> 00:48:14,099

whatever reason and part of it is

1143

00:48:19,130 --> 00:48:17,099

because there's such a uproar about the

1144

00:48:20,990 --> 00:48:19,140

Chinese balloon that I believe the

1145

00:48:23,390 --> 00:48:21,000

executive branch of government said you

1146

00:48:25,970 --> 00:48:23,400

know we need to like respond go find me

1147

00:48:28,250 --> 00:48:25,980

some balloons to shoot down

1148

00:48:30,770 --> 00:48:28,260

objects of convenience and opportunity

1149

00:48:33,290 --> 00:48:30,780

go find me some balloons and let's shoot

1150

00:48:35,390 --> 00:48:33,300

them down that way we can say by golly

1151

00:48:37,550 --> 00:48:35,400

you know we're looking at the U.S

1152

00:48:39,770 --> 00:48:37,560

airspace and we are protecting you

1153

00:48:42,230 --> 00:48:39,780

we are the U.S Air Force and nothing

1154

00:48:46,609 --> 00:48:42,240

like that will happen you can be

1155

00:48:48,230 --> 00:48:46,619

safe that you can be assured that we

1156

00:48:49,910 --> 00:48:48,240

won't let anything like that fly over

1157

00:48:52,670 --> 00:48:49,920

the United States we have here back

1158

00:48:54,829 --> 00:48:52,680

United States citizen you know so maybe

1159

00:48:57,890 --> 00:48:54,839

that's why they did it but the one over

1160

00:48:59,809 --> 00:48:57,900

Alaska is really strange

1161

00:49:03,530 --> 00:48:59,819

that's really strange because it was

1162

00:49:06,050 --> 00:49:03,540

described as octagonal and

1163

00:49:09,170 --> 00:49:06,060

there's no other information about it

1164

00:49:12,589 --> 00:49:09,180

now on another podcast I did with Chris

1165

00:49:14,690 --> 00:49:12,599

Leto who flew f-16s right no I described

1166

00:49:16,309 --> 00:49:14,700

that hey you know

1167

00:49:19,069 --> 00:49:16,319

we know how to detect everything up

1168

00:49:23,030 --> 00:49:19,079

there yeah we know what what's flying up

1169

00:49:25,730 --> 00:49:23,040

there and the filter quote unquote

1170

00:49:27,829 --> 00:49:25,740

filter that the Pentagon set that the

1171

00:49:31,309 --> 00:49:27,839

White House said

1172

00:49:33,230 --> 00:49:31,319

um that filter is really you know

1173

00:49:36,349 --> 00:49:33,240

getting

1174

00:49:38,390 --> 00:49:36,359

our interest in the object where we were

1175

00:49:40,250 --> 00:49:38,400

ignoring it before we're not paying

1176
00:49:41,750 --> 00:49:40,260
attention to it that we've always seen

1177
00:49:43,730 --> 00:49:41,760
these objects so now we have to pay

1178
00:49:45,790 --> 00:49:43,740
attention to it that's the filter they

1179
00:49:48,950 --> 00:49:45,800
just turned on the interest you know

1180
00:49:51,530 --> 00:49:48,960
before you didn't check this and it says

1181
00:49:53,930 --> 00:49:51,540
you know report on balloons now you

1182
00:49:56,450 --> 00:49:53,940
would check that report on balloons and

1183
00:49:58,730 --> 00:49:56,460
so I think that's what happened

1184
00:50:00,410 --> 00:49:58,740
yeah I've got a question here just

1185
00:50:01,910 --> 00:50:00,420
regarding this from Robbie again thank

1186
00:50:03,170 --> 00:50:01,920
you Robbie for the donation he says do

1187
00:50:04,910 --> 00:50:03,180
you think the recent shoot Downs were

1188
00:50:06,710 --> 00:50:04,920

because the military was testing and

1189

00:50:10,569 --> 00:50:06,720

flying its secret aircraft that relate

1190

00:50:12,190 --> 00:50:10,579

to what has not been disclosed no

1191

00:50:14,030 --> 00:50:12,200

now

1192

00:50:16,010 --> 00:50:14,040

absolutely not

1193

00:50:16,550 --> 00:50:16,020

um I know

1194

00:50:18,890 --> 00:50:16,560

um

1195

00:50:21,410 --> 00:50:18,900

that's a very popular

1196

00:50:24,170 --> 00:50:21,420

conception but I would tell you what it

1197

00:50:25,490 --> 00:50:24,180

was secret aircraft

1198

00:50:26,930 --> 00:50:25,500

ours

1199

00:50:29,690 --> 00:50:26,940

uh

1200

00:50:30,950 --> 00:50:29,700

we wouldn't destroy it right it was

1201
00:50:32,510 --> 00:50:30,960
still fly you wouldn't know that there

1202
00:50:34,309 --> 00:50:32,520
was a secret aircraft

1203
00:50:36,170 --> 00:50:34,319
there would be no mention of a secret

1204
00:50:37,550 --> 00:50:36,180
aircraft that we had to shoot down

1205
00:50:39,470 --> 00:50:37,560
because we're not going to shoot down

1206
00:50:41,630 --> 00:50:39,480
one of our secret aircraft

1207
00:50:44,750 --> 00:50:41,640
we won't do that

1208
00:50:47,150 --> 00:50:44,760
it's just so much money goes into these

1209
00:50:48,230 --> 00:50:47,160
programs are we gonna like destroy it

1210
00:50:49,849 --> 00:50:48,240
with um

1211
00:50:52,670 --> 00:50:49,859
you know it sounds like a lot of money

1212
00:50:56,210 --> 00:50:52,680
to most people about 450 000 to the

1213
00:50:58,430 --> 00:50:56,220

Pentagon is a rounding off era at the

1214

00:51:00,049 --> 00:50:58,440

end of the year you know we used to joke

1215

00:51:02,510 --> 00:51:00,059

that you know millions of dollars for

1216

00:51:04,730 --> 00:51:02,520

the nro is a rounding off era because of

1217

00:51:07,730 --> 00:51:04,740

the billions that they spend the

1218

00:51:10,549 --> 00:51:07,740

billions that CIA spends every year on

1219

00:51:12,470 --> 00:51:10,559

intelligence and so I don't think we

1220

00:51:15,170 --> 00:51:12,480

will shoot anything down that belongs to

1221

00:51:17,630 --> 00:51:15,180

us that is secret and

1222

00:51:20,569 --> 00:51:17,640

um if it was an adversarial secret craft

1223

00:51:23,750 --> 00:51:20,579

there are ways to get it down without

1224

00:51:26,030 --> 00:51:23,760

destroying it sure I think this is the

1225

00:51:27,890 --> 00:51:26,040

thing that we saw from it you know I was

1226

00:51:30,049 --> 00:51:27,900

reporting a reporting on it and posting

1227

00:51:32,210 --> 00:51:30,059

about it a lot of the time and it

1228

00:51:34,430 --> 00:51:32,220

spawned so many conspiracy theories

1229

00:51:36,650 --> 00:51:34,440

about what these objects were you know

1230

00:51:38,990 --> 00:51:36,660

some very extreme ones and so I think

1231

00:51:40,670 --> 00:51:39,000

this uh secrecy this ongoing secrecy

1232

00:51:43,069 --> 00:51:40,680

about what they were and the fact that

1233

00:51:45,349 --> 00:51:43,079

Congress wasn't even briefed on it it's

1234

00:51:47,450 --> 00:51:45,359

just it multiplies those conspiracy

1235

00:51:49,609 --> 00:51:47,460

theories and yeah we are still trying to

1236

00:51:51,470 --> 00:51:49,619

to discuss and work out what it is so

1237

00:51:52,970 --> 00:51:51,480

it's understandable that people have so

1238

00:51:53,990 --> 00:51:52,980

many questions sure and I would say

1239

00:51:56,990 --> 00:51:54,000

Congress

1240

00:51:59,210 --> 00:51:57,000

um is saying they weren't briefed on it

1241

00:52:01,190 --> 00:51:59,220

I'll leave it at that I think that's a

1242

00:52:02,450 --> 00:52:01,200

fair statement to say um the Congress

1243

00:52:05,270 --> 00:52:02,460

was

1244

00:52:08,510 --> 00:52:05,280

that members of Congress uh were not

1245

00:52:10,069 --> 00:52:08,520

disclosed what they were briefed on

1246

00:52:11,809 --> 00:52:10,079

I mean there have been some public

1247

00:52:14,089 --> 00:52:11,819

statements from members of Congress

1248

00:52:15,349 --> 00:52:14,099

coming out of briefing still frustrated

1249

00:52:16,970 --> 00:52:15,359

that they haven't been told so that

1250

00:52:20,210 --> 00:52:16,980

that's kind of what I'm going in there

1251

00:52:23,030 --> 00:52:20,220

oh yeah uh yeah yeah but they're the

1252

00:52:25,790 --> 00:52:23,040

gang of eight will be thoroughly briefed

1253

00:52:29,210 --> 00:52:25,800

on everything okay I need to go into the

1254

00:52:32,150 --> 00:52:29,220

gang of eight they're the uh the the

1255

00:52:33,410 --> 00:52:32,160

heads and and the the chair and vice

1256

00:52:36,109 --> 00:52:33,420

chair

1257

00:52:38,390 --> 00:52:36,119

of the Senate in-house intelligence

1258

00:52:41,750 --> 00:52:38,400

committee yeah

1259

00:52:42,530 --> 00:52:41,760

chair and vice chair of the

1260

00:52:44,150 --> 00:52:42,540

um

1261

00:52:45,829 --> 00:52:44,160

Senate and House armed services

1262

00:52:47,450 --> 00:52:45,839

committee

1263

00:52:49,069 --> 00:52:47,460

um the

1264

00:52:51,049 --> 00:52:49,079

Speaker of the House

1265

00:52:53,150 --> 00:52:51,059

and the

1266

00:52:55,309 --> 00:52:53,160

lead member of the opposition party

1267

00:52:57,589 --> 00:52:55,319

which will be in our house and would be

1268

00:52:59,750 --> 00:52:57,599

the Democrats yeah so I mean there's a

1269

00:53:01,970 --> 00:52:59,760

gang of eight who they're briefed on

1270

00:53:03,410 --> 00:53:01,980

everything don't let anyone tell you

1271

00:53:05,589 --> 00:53:03,420

that they don't know what's going on

1272

00:53:08,569 --> 00:53:05,599

they do

1273

00:53:10,010 --> 00:53:08,579

interesting interesting well I just

1274

00:53:12,049 --> 00:53:10,020

wanted to switch it around now and talk

1275

00:53:13,609 --> 00:53:12,059

about orbs because in the past few years

1276

00:53:16,250 --> 00:53:13,619

orbs have been at the Forefront of the

1277

00:53:18,950 --> 00:53:16,260

conversation we saw in Dr Kirkpatrick's

1278

00:53:22,069 --> 00:53:18,960

presentation to the the committee that

1279

00:53:25,069 --> 00:53:22,079

50 plus percent of the cases that he's

1280

00:53:27,109 --> 00:53:25,079

been working on uh orb so do you have

1281

00:53:28,970 --> 00:53:27,119

any kind of theory as to why orbs are

1282

00:53:31,849 --> 00:53:28,980

suddenly so prevalent in the UFO subject

1283

00:53:33,770 --> 00:53:31,859

and and you know why why is that kind of

1284

00:53:34,970 --> 00:53:33,780

taken over from sources Tic Tacs and

1285

00:53:37,910 --> 00:53:34,980

triangles

1286

00:53:40,069 --> 00:53:37,920

well it's it's seen a lot by civilians

1287

00:53:43,430 --> 00:53:40,079

for one thing a lot of experiences of

1288

00:53:46,549 --> 00:53:43,440

orbs I've experienced orbs myself yeah

1289

00:53:48,950 --> 00:53:46,559

um also it's been seen in um the imagery

1290

00:53:50,150 --> 00:53:48,960

collected by the national reconnaissance

1291

00:53:53,390 --> 00:53:50,160

office here

1292

00:53:55,730 --> 00:53:53,400

as well through their sensors when they

1293

00:53:58,849 --> 00:53:55,740

deployed infrared sensors

1294

00:54:02,210 --> 00:53:58,859

they were able to see them and they

1295

00:54:04,910 --> 00:54:02,220

behaved in ways that seemed to

1296

00:54:09,470 --> 00:54:04,920

not

1297

00:54:12,230 --> 00:54:09,480

be explainable unexplained behaviors of

1298

00:54:13,910 --> 00:54:12,240

extraordinary Errol Dynamic

1299

00:54:16,309 --> 00:54:13,920

characteristics and you know the

1300

00:54:19,849 --> 00:54:16,319

exhibiting uh Lou elizondo's five

1301
00:54:22,370 --> 00:54:19,859
observables for example and from Mike's

1302
00:54:24,890 --> 00:54:22,380
personal experience uh working within

1303
00:54:27,490 --> 00:54:24,900
the government I do know that uh when

1304
00:54:30,530 --> 00:54:27,500
orbs were being detected

1305
00:54:33,470 --> 00:54:30,540
there was a high amount of interest in

1306
00:54:35,210 --> 00:54:33,480
these orbs so people say well yeah we

1307
00:54:37,970 --> 00:54:35,220
knew about orders from way back you know

1308
00:54:40,309 --> 00:54:37,980
civilians have detected you know all

1309
00:54:42,829 --> 00:54:40,319
throughout the UFO history well that's

1310
00:54:45,290 --> 00:54:42,839
true uh but we're talking about the

1311
00:54:47,990 --> 00:54:45,300
government being interested because the

1312
00:54:51,589 --> 00:54:48,000
government sensor detected it it wasn't

1313
00:54:54,349 --> 00:54:51,599

a a report or a narrative or Story by

1314

00:54:58,549 --> 00:54:54,359

someone in the civilian world it was now

1315

00:55:01,010 --> 00:54:58,559

oh my gosh look what we found and that a

1316

00:55:04,069 --> 00:55:01,020

lot of resources were expanded towards

1317

00:55:06,170 --> 00:55:04,079

studying what these are and that

1318

00:55:08,089 --> 00:55:06,180

finished and right after that finished

1319

00:55:11,750 --> 00:55:08,099

all saps started

1320

00:55:14,450 --> 00:55:11,760

right so what I described uh was in

1321

00:55:16,970 --> 00:55:14,460

under title 50 the civilian side of

1322

00:55:19,309 --> 00:55:16,980

intelligence community and all sap was

1323

00:55:21,130 --> 00:55:19,319

part of the title 10

1324

00:55:24,349 --> 00:55:21,140

defense department side of the community

1325

00:55:25,790 --> 00:55:24,359

continuing on to atep yeah

1326

00:55:28,370 --> 00:55:25,800

that's interesting so what can you tell

1327

00:55:31,069 --> 00:55:28,380

me about the orb working group ah very

1328

00:55:33,710 --> 00:55:31,079

little uh because I refuse to be briefed

1329

00:55:35,390 --> 00:55:33,720

on its inner workings

1330

00:55:37,790 --> 00:55:35,400

um I did not want to be briefed on that

1331

00:55:40,730 --> 00:55:37,800

I was offered to be brought on that

1332

00:55:43,309 --> 00:55:40,740

working group I sent two of my Engineers

1333

00:55:44,809 --> 00:55:43,319

uh to that working group

1334

00:55:47,569 --> 00:55:44,819

um they came back and asked me for a

1335

00:55:49,130 --> 00:55:47,579

safe which I ordered from the

1336

00:55:51,290 --> 00:55:49,140

um

1337

00:55:53,390 --> 00:55:51,300

the general Services Administration

1338

00:55:54,250 --> 00:55:53,400

which provides safes for the US

1339

00:55:57,650 --> 00:55:54,260

government

1340

00:55:59,569 --> 00:55:57,660

and so they were getting a courier to

1341

00:56:03,109 --> 00:55:59,579

them a lot of compartment and

1342

00:56:04,370 --> 00:56:03,119

information regarding uh UFOs and orbs

1343

00:56:06,849 --> 00:56:04,380

and they were throwing them in the safe

1344

00:56:09,670 --> 00:56:06,859

and I had no access to that information

1345

00:56:11,990 --> 00:56:09,680

except for when one of my Engineers

1346

00:56:12,950 --> 00:56:12,000

haphazardly left one of the documents

1347

00:56:15,410 --> 00:56:12,960

out

1348

00:56:18,290 --> 00:56:15,420

so I looked at the document and go oh

1349

00:56:20,150 --> 00:56:18,300

that's interesting and then he came back

1350

00:56:23,150 --> 00:56:20,160

and sorry boss and then he grabbed it

1351

00:56:25,250 --> 00:56:23,160

turn it over and threw it in a safe

1352

00:56:28,549 --> 00:56:25,260

and so

1353

00:56:30,349 --> 00:56:28,559

um I can't say what the title was it was

1354

00:56:33,950 --> 00:56:30,359

classified but I do know what they

1355

00:56:36,410 --> 00:56:33,960

looked at wow that gave me the hint of a

1356

00:56:38,630 --> 00:56:36,420

lot of things that I can't say but

1357

00:56:40,130 --> 00:56:38,640

you'll be hearing about real soon now I

1358

00:56:43,130 --> 00:56:40,140

think you know more toward the end of

1359

00:56:45,530 --> 00:56:43,140

the year other people with access it

1360

00:56:47,690 --> 00:56:45,540

might be able to come forward

1361

00:56:50,089 --> 00:56:47,700

about what they know about not only

1362

00:56:52,690 --> 00:56:50,099

Earth's but the entire UFO program

1363

00:56:56,030 --> 00:56:52,700

within the government itself

1364

00:56:58,430 --> 00:56:56,040

I hope that that will occur excellent

1365

00:57:00,890 --> 00:56:58,440

thank you for that now I I it'd be

1366

00:57:03,650 --> 00:57:00,900

remiss of me not to bring up the 2027

1367

00:57:05,990 --> 00:57:03,660

event that you have mentioned on on

1368

00:57:07,309 --> 00:57:06,000

other shows so I just wondered if you

1369

00:57:08,569 --> 00:57:07,319

could just give us without going into

1370

00:57:10,250 --> 00:57:08,579

too much detail because I don't want you

1371

00:57:11,690 --> 00:57:10,260

to have to keep repeating yourself and

1372

00:57:13,490 --> 00:57:11,700

right you know people can see it under

1373

00:57:17,990 --> 00:57:13,500

the show absolutely absolutely well we

1374

00:57:20,270 --> 00:57:18,000

know we know that um the uh 20 2026 2027

1375

00:57:24,410 --> 00:57:20,280

years have come up

1376

00:57:27,170 --> 00:57:24,420

and the testimony and experiences and

1377

00:57:29,809 --> 00:57:27,180

narratives of civilians uh for example

1378

00:57:32,390 --> 00:57:29,819

Chris Bledsoe okay I just mentioned that

1379

00:57:34,609 --> 00:57:32,400

you mentioned Anjali before Anjali has

1380

00:57:36,829 --> 00:57:34,619

has mentioned that and others have as

1381

00:57:40,010 --> 00:57:36,839

well have mentioned about some interest

1382

00:57:43,370 --> 00:57:40,020

in these areas I was asked

1383

00:57:45,589 --> 00:57:43,380

about what you did I know about that

1384

00:57:46,309 --> 00:57:45,599

because

1385

00:57:48,170 --> 00:57:46,319

um

1386

00:57:49,930 --> 00:57:48,180

it was something that came on up on

1387

00:57:54,109 --> 00:57:49,940

their radar

1388

00:57:55,609 --> 00:57:54,119

I can't say who oh okay okay I can't say

1389

00:57:59,450 --> 00:57:55,619

who

1390

00:58:03,130 --> 00:57:59,460

um and but it was in a uh skiff now I

1391

00:58:05,390 --> 00:58:03,140

read in social media uh that here I am

1392

00:58:07,190 --> 00:58:05,400

illegally saying something that occurred

1393

00:58:11,510 --> 00:58:07,200

in a skiff

1394

00:58:13,430 --> 00:58:11,520

so I have no clearances folks zero

1395

00:58:16,010 --> 00:58:13,440

and I was in a skiff

1396

00:58:18,470 --> 00:58:16,020

and they are not sharing classified

1397

00:58:19,609 --> 00:58:18,480

information with me they asked me for an

1398

00:58:25,069 --> 00:58:19,619

opinion

1399

00:58:27,470 --> 00:58:25,079

that's been coming up in a lot of

1400

00:58:30,290 --> 00:58:27,480

discussion in the civilian UFO Community

1401

00:58:33,410 --> 00:58:30,300

you know that something will occur

1402

00:58:35,690 --> 00:58:33,420

but the fact that they knew about it led

1403

00:58:38,210 --> 00:58:35,700

me to believe that they were paying

1404

00:58:40,010 --> 00:58:38,220

attention to that to that year

1405

00:58:43,010 --> 00:58:40,020

because they asked me what I knew about

1406

00:58:45,049 --> 00:58:43,020

it and I said what I know is what you

1407

00:58:48,170 --> 00:58:45,059

know you know we have and I mentioned

1408

00:58:49,910 --> 00:58:48,180

Chris Bledsoe by name an experienter in

1409

00:58:52,190 --> 00:58:49,920

North Carolina Chris Bledsoe you know

1410

00:58:53,809 --> 00:58:52,200

that a lot of you know Former

1411

00:58:55,309 --> 00:58:53,819

Intelligence Community officers if not

1412

00:58:57,589 --> 00:58:55,319

current the intelligence Community

1413

00:58:58,910 --> 00:58:57,599

officers with clearances visited him why

1414

00:59:01,970 --> 00:58:58,920

did that happen

1415

00:59:04,670 --> 00:59:01,980

you know look at that why did Chris

1416

00:59:07,250 --> 00:59:04,680

Bledsoe all of a sudden out of all the

1417

00:59:09,950 --> 00:59:07,260

folks out there

1418

00:59:11,270 --> 00:59:09,960

gained the attention of extremely senior

1419

00:59:12,950 --> 00:59:11,280

people in the intelligence Community

1420

00:59:16,250 --> 00:59:12,960

look into that

1421

00:59:18,349 --> 00:59:16,260

but in my opinion I would say because of

1422

00:59:20,809 --> 00:59:18,359

the pace of what we're seeing in our

1423

00:59:23,930 --> 00:59:20,819

skies occurring that they have an

1424

00:59:26,930 --> 00:59:23,940

opportunity to come down and visit us

1425

00:59:30,349 --> 00:59:26,940

perhaps by 2027 maybe that will occur

1426
00:59:32,390 --> 00:59:30,359
okay and my cue was what Lou Elizondo

1427
00:59:35,150 --> 00:59:32,400
said in 2022

1428
00:59:36,829 --> 00:59:35,160
that wait five years and it'll all come

1429
00:59:38,990 --> 00:59:36,839
out everything will come out in five

1430
00:59:41,270 --> 00:59:39,000
years and in the meantime

1431
00:59:43,670 --> 00:59:41,280
go find a hobby and forget about this

1432
00:59:46,549 --> 00:59:43,680
and you can come back in 2027 right five

1433
00:59:48,890 --> 00:59:46,559
years from 2022 is 2027. and I mentioned

1434
00:59:52,069 --> 00:59:48,900
that as well and so that's the context

1435
00:59:54,890 --> 00:59:52,079
of 2027. I have no clearances it is not

1436
00:59:56,569 --> 00:59:54,900
illegal for me to say something that may

1437
00:59:58,970 --> 00:59:56,579
have occurred in a skiff

1438
01:00:01,130 --> 00:59:58,980

but I have no clearances so we didn't

1439

01:00:02,630 --> 01:00:01,140

discuss anything that was like classify

1440

01:00:04,430 --> 01:00:02,640

though where I need a clearance for I

1441

01:00:06,530 --> 01:00:04,440

didn't get read into anything

1442

01:00:08,990 --> 01:00:06,540

and I refuse to have any clearances

1443

01:00:10,730 --> 01:00:09,000

because that is a headache to have these

1444

01:00:13,910 --> 01:00:10,740

clearances I don't want that intrusion

1445

01:00:16,069 --> 01:00:13,920

into my life in order to obtain a

1446

01:00:18,470 --> 01:00:16,079

clearance and to maintain it I do not

1447

01:00:20,210 --> 01:00:18,480

want to go through polygraphs I do not

1448

01:00:23,630 --> 01:00:20,220

want to have my background investigated

1449

01:00:26,450 --> 01:00:23,640

investigation occur all the time so I'm

1450

01:00:29,990 --> 01:00:26,460

done with that life I left it behind on

1451
01:00:33,349 --> 01:00:30,000
September 30 2009 so what I discussed

1452
01:00:35,930 --> 01:00:33,359
was unclassified in that environment

1453
01:00:37,609 --> 01:00:35,940
no I appreciate that so much thank you

1454
01:00:38,750 --> 01:00:37,619
so much yeah I think you know that's

1455
01:00:40,370 --> 01:00:38,760
interesting that you say that maybe

1456
01:00:43,069 --> 01:00:40,380
later this year we'll get acknowledgment

1457
01:00:45,410 --> 01:00:43,079
from the government and then maybe it's

1458
01:00:47,930 --> 01:00:45,420
the non-human intelligence's chance in

1459
01:00:49,190 --> 01:00:47,940
2027 to you know to get it from their

1460
01:00:51,650 --> 01:00:49,200
side of things so yeah that's

1461
01:00:53,150 --> 01:00:51,660
interesting uh John again this is

1462
01:00:54,650 --> 01:00:53,160
something that I wanted to bring up with

1463
01:00:57,349 --> 01:00:54,660

you and get your thoughts on and that is

1464

01:00:59,930 --> 01:00:57,359

the whole uh history and current work

1465

01:01:02,390 --> 01:00:59,940

ongoing at Skinwalker Ranch and just

1466

01:01:05,030 --> 01:01:02,400

love to know your thoughts on that yeah

1467

01:01:07,370 --> 01:01:05,040

I I was um I I was aware as Ken Walker

1468

01:01:10,789 --> 01:01:07,380

Ranch mostly because I listened to Coast

1469

01:01:13,789 --> 01:01:10,799

to Coast I am even when Art Bell hosted

1470

01:01:16,010 --> 01:01:13,799

it and Skinwalker Ranch has come up as a

1471

01:01:18,109 --> 01:01:16,020

topic on Coast to Coast AM and that's

1472

01:01:20,690 --> 01:01:18,119

how I knew about it I did not know about

1473

01:01:23,329 --> 01:01:20,700

it in any way shape or form officially

1474

01:01:27,950 --> 01:01:23,339

while serving in the government

1475

01:01:29,630 --> 01:01:27,960

so my my take on it is that it's a place

1476

01:01:34,250 --> 01:01:29,640

of

1477

01:01:36,470 --> 01:01:34,260

don't know

1478

01:01:39,650 --> 01:01:36,480

um but it seems that it has an effect on

1479

01:01:41,390 --> 01:01:39,660

people and the people see things it was

1480

01:01:43,549 --> 01:01:41,400

written in skinwalks at the Pentagon

1481

01:01:46,069 --> 01:01:43,559

that The Observers who were government

1482

01:01:47,569 --> 01:01:46,079

observers felt like there was a presence

1483

01:01:49,549 --> 01:01:47,579

there

1484

01:01:52,250 --> 01:01:49,559

and so

1485

01:01:53,630 --> 01:01:52,260

what is that I don't know I do know in

1486

01:01:58,370 --> 01:01:53,640

Arizona

1487

01:02:01,190 --> 01:01:58,380

perhaps in New Mexico as well that there

1488

01:02:05,270 --> 01:02:01,200

are places called uh Vortex places

1489

01:02:08,569 --> 01:02:05,280

vortices that people seen of people who

1490

01:02:11,690 --> 01:02:08,579

have intuitive gifts are able to sense

1491

01:02:13,730 --> 01:02:11,700

some kind of energy coming from it it's

1492

01:02:15,470 --> 01:02:13,740

just that Skinwalker it seemed to have

1493

01:02:18,170 --> 01:02:15,480

been negative energy

1494

01:02:19,789 --> 01:02:18,180

coming from Skinwalker so I I have no

1495

01:02:23,510 --> 01:02:19,799

explanation for it there's a lot of

1496

01:02:26,630 --> 01:02:23,520

Legend from the Native lore of the

1497

01:02:29,450 --> 01:02:26,640

Americas about these kind of places so I

1498

01:02:31,430 --> 01:02:29,460

encourage people to look up what the

1499

01:02:32,690 --> 01:02:31,440

natives have written about the

1500

01:02:34,549 --> 01:02:32,700

skinwalker

1501

01:02:37,010 --> 01:02:34,559

and that's why it's named Skinwalker

1502

01:02:41,470 --> 01:02:37,020

because that that wasn't something that

1503

01:02:44,630 --> 01:02:41,480

the owners of Skinwalker Ranch or

1504

01:02:46,910 --> 01:02:44,640

anyone made up you know they didn't make

1505

01:02:48,650 --> 01:02:46,920

that name up

1506

01:02:50,450 --> 01:02:48,660

um Robert Bigelow didn't make up the

1507

01:02:52,730 --> 01:02:50,460

name skin walker it was something that

1508

01:02:55,609 --> 01:02:52,740

was in the lore of the Native American

1509

01:02:56,990 --> 01:02:55,619

peoples of that area that there was

1510

01:02:58,910 --> 01:02:57,000

something called a skinwalker and they

1511

01:03:01,210 --> 01:02:58,920

have an entire Legend and myth about it

1512

01:03:05,450 --> 01:03:01,220

so read about that and they themselves

1513

01:03:08,630 --> 01:03:05,460

said that it was something of a spirit

1514

01:03:10,789 --> 01:03:08,640

um so that's what I know about it

1515

01:03:13,309 --> 01:03:10,799

um I think it warrants further

1516

01:03:15,230 --> 01:03:13,319

investigation and I'm I know that you

1517

01:03:16,970 --> 01:03:15,240

know it's happening it's happening

1518

01:03:18,710 --> 01:03:16,980

through an entertainment medium but

1519

01:03:20,690 --> 01:03:18,720

that's fine because a lot of people get

1520

01:03:23,150 --> 01:03:20,700

their information through entertainment

1521

01:03:24,950 --> 01:03:23,160

and so that's fine if they want to do an

1522

01:03:28,069 --> 01:03:24,960

entertainment kind of show around

1523

01:03:30,230 --> 01:03:28,079

Skinwalker that's fine but

1524

01:03:31,609 --> 01:03:30,240

um I don't give it much thought uh as

1525

01:03:32,990 --> 01:03:31,619

well as

1526

01:03:33,710 --> 01:03:33,000

other people

1527

01:03:36,049 --> 01:03:33,720

um

1528

01:03:37,849 --> 01:03:36,059

uh I just think you know you put it in a

1529

01:03:39,890 --> 01:03:37,859

category of high strangeness there's a

1530

01:03:43,010 --> 01:03:39,900

lot of high strangeness around the world

1531

01:03:45,109 --> 01:03:43,020

and I put it in that category but it

1532

01:03:47,510 --> 01:03:45,119

doesn't affect me personally I just find

1533

01:03:49,910 --> 01:03:47,520

it intellectually curious that there is

1534

01:03:52,910 --> 01:03:49,920

such a thing asking walk a ranch with

1535

01:03:55,130 --> 01:03:52,920

those effects yeah no I mean I'm still

1536

01:03:57,829 --> 01:03:55,140

with the same thing you know I find it

1537

01:03:59,809 --> 01:03:57,839

interesting I think it warrants more uh

1538

01:04:01,730 --> 01:03:59,819

investigation I'm happy as well that

1539

01:04:04,430 --> 01:04:01,740

it's on an entertainment show it doesn't

1540

01:04:06,170 --> 01:04:04,440

necessarily put me off we hear that the

1541

01:04:08,870 --> 01:04:06,180

science is being done so I kind of

1542

01:04:10,549 --> 01:04:08,880

withhold judgment for now on the quality

1543

01:04:13,190 --> 01:04:10,559

of what they're doing but yeah it's

1544

01:04:14,569 --> 01:04:13,200

certainly a fascinating place

1545

01:04:15,950 --> 01:04:14,579

um well John I've used up all my

1546

01:04:18,770 --> 01:04:15,960

questions I've got a couple more from

1547

01:04:19,910 --> 01:04:18,780

the chat so we'll get into them uh Ken

1548

01:04:21,589 --> 01:04:19,920

Brett I don't know if you were meant to

1549

01:04:24,049 --> 01:04:21,599

put a question down but thank you for

1550

01:04:26,030 --> 01:04:24,059

the 5.50 anyway

1551

01:04:28,010 --> 01:04:26,040

um a question from Chris Tyne John have

1552

01:04:30,609 --> 01:04:28,020

you had any recent personal experiences

1553

01:04:33,589 --> 01:04:30,619

that you're okay with sharing

1554

01:04:37,549 --> 01:04:33,599

the most recent personal experience I've

1555

01:04:40,309 --> 01:04:37,559

had occurred on my birthday July 14 2020

1556

01:04:42,109 --> 01:04:40,319

and that's when I saw an orb over our

1557

01:04:44,030 --> 01:04:42,119

mountain range here in Tucson Arizona

1558

01:04:46,910 --> 01:04:44,040

it's called the Catalina mountain range

1559

01:04:52,730 --> 01:04:46,920

over one Peak known as the Bighorn

1560

01:04:56,150 --> 01:04:52,740

mountain and we had a ce6 that is Close

1561

01:04:58,490 --> 01:04:56,160

Encounters of the six kind it is

1562

01:05:00,589 --> 01:04:58,500

um a amplification of the fifth kind

1563

01:05:04,609 --> 01:05:00,599

that Dr Greer

1564

01:05:08,210 --> 01:05:04,619

has taught and practices uh with his

1565

01:05:11,390 --> 01:05:08,220

audience the sixth kind uses radios to

1566

01:05:13,609 --> 01:05:11,400

communicate and in this instance there

1567

01:05:16,130 --> 01:05:13,619

was a researcher by the name of Mark

1568

01:05:19,130 --> 01:05:16,140

Sims who's worked with another

1569

01:05:22,370 --> 01:05:19,140

researcher named Jimmy Blanchette using

1570

01:05:25,849 --> 01:05:22,380

radios as a means of communication and

1571

01:05:26,870 --> 01:05:25,859

in this instance there was a global ce6

1572

01:05:29,690 --> 01:05:26,880

event

1573

01:05:32,150 --> 01:05:29,700

it's called harmonic convergence 2020

1574

01:05:35,750 --> 01:05:32,160

and on my birthday

1575

01:05:40,789 --> 01:05:35,760

um my wife and I joined Mark Sims um it

1576

01:05:44,270 --> 01:05:40,799

was over the Internet so we had our

1577

01:05:47,150 --> 01:05:44,280

our phones on and I streamed it over my

1578

01:05:48,650 --> 01:05:47,160

little speaker my Bluetooth speaker and

1579

01:05:50,510 --> 01:05:48,660

there mark Sims went through his

1580

01:05:54,410 --> 01:05:50,520

modality

1581

01:05:57,530 --> 01:05:54,420

um and he took a message that he created

1582

01:06:00,410 --> 01:05:57,540

and used something called photo Sounder

1583

01:06:04,370 --> 01:06:00,420

which takes graphics and converts it

1584

01:06:08,630 --> 01:06:04,380

into sound and he broadcasts it over his

1585

01:06:11,210 --> 01:06:08,640

radio and we all meditated and

1586

01:06:13,809 --> 01:06:11,220

during the meditation and I was looking

1587

01:06:18,349 --> 01:06:13,819

up over the mountains all of a sudden

1588

01:06:20,750 --> 01:06:18,359

this bright object appeared it wasn't an

1589

01:06:22,670 --> 01:06:20,760

airplane it wasn't a meteor

1590

01:06:26,329 --> 01:06:22,680

it's nothing like that

1591

01:06:27,529 --> 01:06:26,339

it was a bright object that was glowing

1592

01:06:30,170 --> 01:06:27,539

White

1593

01:06:32,630 --> 01:06:30,180

and it was an orb it wasn't like a star

1594

01:06:36,049 --> 01:06:32,640

or anything like that it was all of a

1595

01:06:38,210 --> 01:06:36,059

sudden a white disc appearing over there

1596

01:06:42,589 --> 01:06:38,220

very very bright

1597

01:06:44,809 --> 01:06:42,599

bright and that's where I received the

1598

01:06:47,630 --> 01:06:44,819

message that John you have things that

1599

01:06:50,150 --> 01:06:47,640

you know about us and it's time for you

1600

01:06:53,510 --> 01:06:50,160

to share what you know

1601
01:06:56,029 --> 01:06:53,520
and also you're you are to helps an

1602
01:06:58,370 --> 01:06:56,039
individual with questions they have

1603
01:06:59,990 --> 01:06:58,380
about us

1604
01:07:02,809 --> 01:07:00,000
and so

1605
01:07:04,670 --> 01:07:02,819
with that message which I got and my

1606
01:07:08,450 --> 01:07:04,680
wife didn't I saw it straight ahead of

1607
01:07:11,150 --> 01:07:08,460
me my wife saw it to her right

1608
01:07:14,089 --> 01:07:11,160
and she didn't see this glowing orb she

1609
01:07:17,029 --> 01:07:14,099
saw a light to her right simultaneously

1610
01:07:19,190 --> 01:07:17,039
with my sighting so I knew that this was

1611
01:07:21,650 --> 01:07:19,200
for me not for her it was meant for me

1612
01:07:24,470 --> 01:07:21,660
my wife by the way has seen orbs of

1613
01:07:27,230 --> 01:07:24,480

orange that I did not see that when I

1614

01:07:30,650 --> 01:07:27,240

showed up they disappeared so that was

1615

01:07:32,390 --> 01:07:30,660

her orbs but my personal orb which I

1616

01:07:36,589 --> 01:07:32,400

called my personal orb I got that

1617

01:07:40,910 --> 01:07:36,599

message and I so happen to have

1618

01:07:43,490 --> 01:07:40,920

um in my computer files and an old

1619

01:07:45,410 --> 01:07:43,500

briefing I gave when I lived in

1620

01:07:48,170 --> 01:07:45,420

Charlotte North Carolina

1621

01:07:50,450 --> 01:07:48,180

an old briefing that breaks out the

1622

01:07:54,109 --> 01:07:50,460

entire intelligence community and the

1623

01:07:57,470 --> 01:07:54,119

audience was with a UFO group a Meetup

1624

01:07:59,809 --> 01:07:57,480

and UFOs for UFOs called Cosmic

1625

01:08:02,089 --> 01:07:59,819

empowerment and I gave presented that

1626

01:08:06,109 --> 01:08:02,099

briefing way back when

1627

01:08:08,930 --> 01:08:06,119

in 2016 and I dusted it off and I

1628

01:08:12,430 --> 01:08:08,940

decided you know I I want to use that

1629

01:08:15,529 --> 01:08:12,440

and act onto it more recent information

1630

01:08:17,990 --> 01:08:15,539

and because I'm a CIA officer if I want

1631

01:08:20,209 --> 01:08:18,000

to go public with it this was a private

1632

01:08:22,249 --> 01:08:20,219

meeting of just about how the

1633

01:08:25,070 --> 01:08:22,259

intelligence Community was organized and

1634

01:08:28,490 --> 01:08:25,080

it's all like open source but now I want

1635

01:08:31,789 --> 01:08:28,500

to add to it and so I finished the

1636

01:08:36,229 --> 01:08:31,799

briefing sent it to CIA

1637

01:08:39,169 --> 01:08:36,239

for their review and they came back

1638

01:08:41,630 --> 01:08:39,179

saying we don't endorse what you have in

1639

01:08:43,189 --> 01:08:41,640

your slides but your slides are

1640

01:08:46,130 --> 01:08:43,199

unclassified

1641

01:08:49,669 --> 01:08:46,140

and I also sent it to Jim simivan to

1642

01:08:52,249 --> 01:08:49,679

Richard Dolan and to Whitley streber and

1643

01:08:55,610 --> 01:08:52,259

to other folks that you know that are

1644

01:08:57,769 --> 01:08:55,620

out there out in the community uh doing

1645

01:09:01,430 --> 01:08:57,779

these podcasts so they also knew about

1646

01:09:03,590 --> 01:09:01,440

the content of my slides

1647

01:09:05,329 --> 01:09:03,600

um and so I did present it

1648

01:09:07,430 --> 01:09:05,339

um with uh our friend you know Jay

1649

01:09:09,229 --> 01:09:07,440

Anderson of Project Unity yeah and

1650

01:09:11,930 --> 01:09:09,239

that's where I presented it

1651
01:09:15,229 --> 01:09:11,940
um I most recently presented it um close

1652
01:09:18,769 --> 01:09:15,239
I updated it uh streamlined it and

1653
01:09:23,269 --> 01:09:18,779
represented that to an organization in

1654
01:09:25,130 --> 01:09:23,279
mufan called main Mainline mufan and I

1655
01:09:27,650 --> 01:09:25,140
believe that link is out there out there

1656
01:09:30,349 --> 01:09:27,660
uh on YouTube now and that is a little

1657
01:09:32,450 --> 01:09:30,359
bit more of a refinement an update of

1658
01:09:34,490 --> 01:09:32,460
that original presentation so that's

1659
01:09:36,950 --> 01:09:34,500
what I know and what I know is what I'm

1660
01:09:38,930 --> 01:09:36,960
doing with you now I am doing what I

1661
01:09:41,209 --> 01:09:38,940
believe was sent here to do

1662
01:09:43,669 --> 01:09:41,219
is to help with

1663
01:09:46,070 --> 01:09:43,679

people understanding who they are why

1664

01:09:47,990 --> 01:09:46,080

they why they're here

1665

01:09:49,610 --> 01:09:48,000

um I'll let the what they are and how

1666

01:09:52,070 --> 01:09:49,620

they got here leave that up to the

1667

01:09:53,990 --> 01:09:52,080

physicists working on this there's a lot

1668

01:09:55,610 --> 01:09:54,000

of physicists working on this

1669

01:09:58,490 --> 01:09:55,620

um people say you know do we actually

1670

01:10:01,810 --> 01:09:58,500

know how the Tic Tac flies by golly you

1671

01:10:05,510 --> 01:10:01,820

know who they should listen to Dr Jack

1672

01:10:09,410 --> 01:10:05,520

sarfati Jack Safari he knows how the Tic

1673

01:10:12,470 --> 01:10:09,420

Tac works and there's a video explaining

1674

01:10:14,209 --> 01:10:12,480

to us the non-physicists how they work

1675

01:10:17,930 --> 01:10:14,219

and it makes so much sense

1676
01:10:20,990 --> 01:10:17,940
and it's probably close to like how they

1677
01:10:23,870 --> 01:10:21,000
really work and it's you know it people

1678
01:10:26,570 --> 01:10:23,880
think oh you need like this anti-gravity

1679
01:10:28,370 --> 01:10:26,580
like thing that can exist because it

1680
01:10:30,350 --> 01:10:28,380
breaks all the laws of physics and so

1681
01:10:33,350 --> 01:10:30,360
forth but if you listen to Dr Jack

1682
01:10:34,610 --> 01:10:33,360
Safari he will explain to you how Tic

1683
01:10:36,530 --> 01:10:34,620
Tac works

1684
01:10:39,290 --> 01:10:36,540
and so

1685
01:10:41,390 --> 01:10:39,300
um that's my my mission my goal is to

1686
01:10:43,070 --> 01:10:41,400
help with this disclosure of who they

1687
01:10:45,470 --> 01:10:43,080
are why they're here

1688
01:10:46,669 --> 01:10:45,480

that to me is more important than how

1689

01:10:50,630 --> 01:10:46,679

they got here

1690

01:10:52,430 --> 01:10:50,640

and any Razzmatazz about their craft and

1691

01:10:55,189 --> 01:10:52,440

how they fly I don't care about that

1692

01:10:57,709 --> 01:10:55,199

they're here and so why

1693

01:11:00,229 --> 01:10:57,719

what what lessons do you have for us and

1694

01:11:01,250 --> 01:11:00,239

I believe it's exactly what people have

1695

01:11:03,770 --> 01:11:01,260

seen

1696

01:11:06,590 --> 01:11:03,780

um in the narrative that they're here

1697

01:11:09,350 --> 01:11:06,600

because they're concerned about our

1698

01:11:11,870 --> 01:11:09,360

stewardship of a planet we're doing a

1699

01:11:14,870 --> 01:11:11,880

terrible job of being stewards of their

1700

01:11:17,090 --> 01:11:14,880

Planet which we share with them and

1701

01:11:19,430 --> 01:11:17,100

they've been here perhaps longer than we

1702

01:11:22,130 --> 01:11:19,440

have and perhaps we are their children

1703

01:11:24,950 --> 01:11:22,140

and they look at us like children like

1704

01:11:27,770 --> 01:11:24,960

the parent looking at children and we

1705

01:11:30,050 --> 01:11:27,780

are finding matches playing with matches

1706

01:11:32,750 --> 01:11:30,060

and we might set the whole darn place on

1707

01:11:34,790 --> 01:11:32,760

fire that's nuclear warfare they don't

1708

01:11:37,610 --> 01:11:34,800

want that to happen and they want us to

1709

01:11:39,229 --> 01:11:37,620

be better stewards of our climate the

1710

01:11:41,390 --> 01:11:39,239

way we treat each other I think that's

1711

01:11:43,850 --> 01:11:41,400

very important that we understand if we

1712

01:11:45,709 --> 01:11:43,860

see them if they present ourselves we

1713

01:11:47,030 --> 01:11:45,719

understand that hey you know our

1714

01:11:50,030 --> 01:11:47,040

differences

1715

01:11:52,189 --> 01:11:50,040

as humans on this planet just because of

1716

01:11:54,110 --> 01:11:52,199

skin color or where you were born and

1717

01:11:56,510 --> 01:11:54,120

how much money you have

1718

01:11:58,130 --> 01:11:56,520

that will all disappear that will all

1719

01:12:01,010 --> 01:11:58,140

disappear and I want that to disappear

1720

01:12:03,530 --> 01:12:01,020

because then we will become

1721

01:12:05,990 --> 01:12:03,540

enlightened will our Consciousness will

1722

01:12:08,810 --> 01:12:06,000

be raised and we will have the potential

1723

01:12:11,689 --> 01:12:08,820

of being a space-faring planet to join

1724

01:12:14,390 --> 01:12:11,699

them and the peaceful exploration of

1725

01:12:16,850 --> 01:12:14,400

space to join them and that's a Star

1726

01:12:19,850 --> 01:12:16,860

Trek kind of vision but I'm a big Star

1727

01:12:21,709 --> 01:12:19,860

Trek fan and I hope that that is what's

1728

01:12:23,630 --> 01:12:21,719

going to occur

1729

01:12:25,790 --> 01:12:23,640

yeah listen thank you so much for

1730

01:12:27,350 --> 01:12:25,800

sharing your experience and for the

1731

01:12:28,970 --> 01:12:27,360

whole interview in general I've really

1732

01:12:31,310 --> 01:12:28,980

enjoyed it and thank you for clarifying

1733

01:12:34,010 --> 01:12:31,320

certain points as John stated at the

1734

01:12:35,630 --> 01:12:34,020

start you um can look forward to an

1735

01:12:37,310 --> 01:12:35,640

upcoming interview where him

1736

01:12:39,410 --> 01:12:37,320

and and Julie are going to appear

1737

01:12:41,090 --> 01:12:39,420

together and you know again further

1738

01:12:42,590 --> 01:12:41,100

clarify some of the conversation and

1739

01:12:45,050 --> 01:12:42,600

confusion that may have been occurring

1740

01:12:47,030 --> 01:12:45,060

across UFO Twitter and other places but

1741

01:12:48,890 --> 01:12:47,040

for now everyone in the live chat thank

1742

01:12:51,229 --> 01:12:48,900

you so much oh I see Davey there thank

1743

01:12:52,970 --> 01:12:51,239

you for the donation my friend John it's

1744

01:12:55,669 --> 01:12:52,980

been an absolute pleasure thank you so

1745

01:12:57,729 --> 01:12:55,679

much and uh everybody else I will be

1746

01:13:00,110 --> 01:12:57,739

back this Wednesday where my co-host

1747

01:13:01,790 --> 01:13:00,120

Katie Howland will be joining me and we

1748

01:13:03,950 --> 01:13:01,800

will also be joined by Matt Ford of the

1749

01:13:06,709 --> 01:13:03,960

good trouble show and Christopher sharp
