

1
00:00:00,000 --> 00:00:07,840
(Music)

2
00:00:07,840 --> 00:00:11,800
We are NASA in Silicon Valley.

3
00:00:11,800 --> 00:00:15,360
From day one in 1939

4
00:00:15,360 --> 00:00:17,180
our culture, our DNA

5
00:00:17,180 --> 00:00:20,440
helped shape the technology revolution.

6
00:00:23,710 --> 00:00:26,660
We pioneered aeronautics research.

7
00:00:26,660 --> 00:00:29,980
We created new technologies

8
00:00:29,980 --> 00:00:34,240
that moved space flight from fiction to reality.

9
00:00:34,240 --> 00:00:37,680
When NASA looks to explore the next frontier...

10
00:00:37,680 --> 00:00:41,640
Our ingenuity empowers the agency

11
00:00:41,640 --> 00:00:46,130
to meet the challenges of tomorrow.

12
00:00:46,130 --> 00:00:49,430
To explore...Earth

13
00:00:49,430 --> 00:00:52,800

Flight

14

00:00:52,800 --> 00:00:56,810

Space tech

15

00:00:56,810 --> 00:01:00,360

Humans in space

16

00:01:00,360 --> 00:01:04,050

Moon to Mars

17

00:01:04,050 --> 00:01:07,980

The solar system and beyond...

18

00:01:07,980 --> 00:01:11,810

NASA's Ames Research Center.

19

00:01:11,810 --> 00:01:15,550

We test disruptive ideas

20

00:01:15,550 --> 00:01:17,250

with unique facilities

21

00:01:17,250 --> 00:01:20,230

opening new realms of research.
