

1
00:00:00,000 --> 00:00:04,529
Flying a new path to the Moon

2
00:00:05,121 --> 00:00:10,610
NASA's CAPSTONE will test a unique lunar orbit that has never been flown before

3
00:00:11,094 --> 00:00:15,382
This orbit will be home for NASA's Gateway...

4
00:00:15,682 --> 00:00:21,104
A space outpost that will support astronaut lunar missions

5
00:00:21,688 --> 00:00:26,976
CAPSTONE will enter an elongated path around the Moon

6
00:00:27,427 --> 00:00:33,058
The spacecraft will orbit between the gravities of Earth and the Moon

7
00:00:33,633 --> 00:00:38,822
CAPSTONE will gather data about the orbit...
