

1
00:00:07,097 --> 00:00:14,053
Man has always dreamed of
flying.

2
00:00:14,053 --> 00:00:17,067
...some out of curiosity,

3
00:00:17,067 --> 00:00:20,003
others out of need.

4
00:00:20,003 --> 00:00:25,000
By asking what if?... and why.

5
00:00:25,000 --> 00:00:28,097
...by trying new things,

6
00:00:28,097 --> 00:00:33,070
We build our knowledge
to solve problems.

7
00:00:33,070 --> 00:00:40,000
Our legacy is not only
what we accomplished,

8
00:00:40,000 --> 00:00:43,070
but how we got there.

9
00:00:43,070 --> 00:00:46,047
As our horizons expand...

10
00:00:46,047 --> 00:00:48,000
Faster...

11
00:00:48,000 --> 00:00:50,040
Higher...

12
00:00:50,040 --> 00:00:59,000
Farther... Our dreams grow.

13

00:00:59,000 --> 00:01:04,050

We apply our experience
making flight... Safer...

14

00:01:04,050 --> 00:01:12,047

...and more reliable.

15

00:01:12,047 --> 00:01:15,083

When we combine our knowledge,

16

00:01:15,083 --> 00:01:17,090

we make great discoveries,

17

00:01:17,090 --> 00:01:21,050

...in our planet,

18

00:01:21,050 --> 00:01:26,003

Space...

19

00:01:26,003 --> 00:01:29,053

Science.

20

00:01:29,053 --> 00:01:33,057

As we advance technology,

21

00:01:33,057 --> 00:01:43,037

we invest in our dreams.

22

00:01:43,037 --> 00:01:46,050

The discoveries we make...

23

00:01:46,050 --> 00:01:49,093

the boundaries we break...
