

1
00:00:17,860 --> 00:00:28,100
[High-pitched noise of machinery running]

2
00:00:28,100 --> 00:00:30,420
OK, Dean. You got three and two...OK

3
00:00:31,380 --> 00:00:32,200
Right now?

4
00:00:35,040 --> 00:00:36,480
They're now going to be very much

5
00:00:45,660 --> 00:00:46,660
Is it comin'?

6
00:00:48,280 --> 00:00:49,680
Alright...got that.

7
00:00:49,680 --> 00:00:52,780
Up...Ready?...Set

8
00:00:58,440 --> 00:00:59,440
You OK? ...Yeah

9
00:01:03,980 --> 00:01:05,560
I'll probably be using this whole thing.

10
00:01:06,020 --> 00:01:07,140
Looks like it...Ready?

11
00:01:20,580 --> 00:01:13,140
OK

12
00:01:20,920 --> 00:01:23,340
We'll probably pour in more in a little bit.

13
00:01:23,340 --> 00:01:24,640

Maybe in about 10 minutes.

14

00:01:49,460 --> 00:01:51,460

Let's duck below this.

15

00:01:52,440 --> 00:01:53,340

Yeah, that should work.

16

00:01:56,460 --> 00:01:58,460

Is that OK?...Yeah

17

00:01:59,160 --> 00:02:50,940

[High-pitched noise of machinery running]

18

00:02:51,200 --> 00:02:52,580

OK Steve, You gotta talk to me

19

00:02:52,580 --> 00:02:53,940

'cause I can't see you anymore.

20

00:02:53,940 --> 00:02:54,900

OK...Go ahead.

21

00:02:55,980 --> 00:02:56,900

Keep going.

22

00:02:59,400 --> 00:03:00,300

You're good.
