

1
00:00:01,420 --> 00:00:04,140
Return the flight Mission STS-114

2
00:00:04,140 --> 00:00:07,200
culminates at NASA's Dryden Flight Research Center

3
00:00:07,620 --> 00:00:09,840
at Edwards Air Force Base in California.

4
00:00:11,320 --> 00:00:14,000
Discovery's landing initiates a complex series

5
00:00:14,000 --> 00:00:15,315
of activities.

6
00:00:16,880 --> 00:00:18,980
The orbiter is recovered by a convoy of

7
00:00:18,980 --> 00:00:21,140
over 20 specialized vehicles.

8
00:00:22,480 --> 00:00:24,920
A variety of specialists assist the astronauts

9
00:00:24,920 --> 00:00:26,360
with systems shutdown,

10
00:00:26,360 --> 00:00:28,640
egress and medical assessments.

11
00:00:33,780 --> 00:00:36,220
I'd like say hello to everybody and

12
00:00:36,220 --> 00:00:38,540
on behalf of the STS-114 crew

13
00:00:39,620 --> 00:00:41,420

we have had a fantastic mission.

14

00:00:41,900 --> 00:00:44,780

We are so glad to be able to come back

15

00:00:44,780 --> 00:00:46,260

and say it was successful and we

16

00:00:46,740 --> 00:00:48,820

have resupplied the International Space Station

17

00:00:48,820 --> 00:00:50,620

and we've met the test objectives

18

00:00:50,620 --> 00:00:52,120

of the Space Shuttle program.

19

00:00:52,120 --> 00:00:54,180

We brought Discovery back in great shape.

20

00:00:54,300 --> 00:00:56,300

You can see behind us that the

21

00:00:56,560 --> 00:00:57,960

crew was really anxious to walk around

22

00:00:57,969 --> 00:00:59,640

and see what the outside looked like

23

00:00:59,640 --> 00:01:01,659

and it looks fantastic. We got a great group
