

1
00:00:02,620 --> 00:00:08,560
T-minus 10-9-8-7-6-5-4

2
00:00:08,560 --> 00:00:10,140
We've gone for main engine start.

3
00:00:10,140 --> 00:00:11,840
We have main engine start.

4
00:00:16,200 --> 00:00:16,980
We have a liftoff

5
00:00:16,980 --> 00:00:20,140
Liftoff of America's first Space Shuttle

6
00:00:20,400 --> 00:00:22,720
And the shuttle has cleared the tower

7
00:00:22,720 --> 00:00:28,080
[roar of rocket enging taking off]

8
00:00:50,180 --> 00:00:52,000
2,500 feet...Clear

9
00:01:07,880 --> 00:01:08,920
They're comin'

10
00:01:11,200 --> 00:01:12,080
Gear down

11
00:01:13,440 --> 00:01:14,240
Fifty feet

12
00:01:15,640 --> 00:01:16,240
Forty

13
00:01:16,900 --> 00:01:17,440

Thirty

14

00:01:18,140 --> 00:01:18,640

Twenty

15

00:01:19,560 --> 00:01:20,240

Ten

16

00:01:21,140 --> 00:01:21,820

Five

17

00:01:22,680 --> 00:01:23,280

Four

18

00:01:24,320 --> 00:01:24,940

Three

19

00:01:25,640 --> 00:01:28,600

Two...One...Touchdown

20

00:01:29,600 --> 00:01:30,880

Nose gear is ten feet

21

00:01:35,940 --> 00:01:36,460

Five

22

00:01:37,280 --> 00:01:37,840

Four

23

00:01:38,680 --> 00:01:40,160

Three...Touchdown

24

00:01:40,160 --> 00:01:41,600

Welcome home Skipper!

25

00:01:57,660 --> 00:01:58,880

Welcome home Columbia

26
00:01:58,880 --> 00:02:00,920
Beautiful...Beautiful

27
00:02:08,920 --> 00:02:11,040
And that's a good picture of John coming down

28
00:02:11,040 --> 00:02:12,320
Looks like John Young's not gonna wait

29
00:02:12,320 --> 00:02:13,560
for the doctor's opinion.

30
00:02:13,560 --> 00:02:15,560
Captain went overboard first.

31
00:02:16,060 --> 00:02:16,560
[beep]

32
00:02:16,560 --> 00:02:17,380
We do have data.

33
00:02:17,700 --> 00:02:18,640
Okie...Dokie

34
00:02:18,640 --> 00:02:20,640
If both's comin over the line, I'm going off

35
00:02:20,640 --> 00:02:22,060
See you guys back in Houston
