

1
00:00:01,260 --> 00:00:03,760
Obstacles for women in engineering

2
00:00:04,400 --> 00:00:07,399
I think was more prevalent a couple

3
00:00:07,399 --> 00:00:10,600
generations before mine and their hard

4
00:00:10,600 --> 00:00:14,180
work has paid off. Such that, women at NASA

5
00:00:14,260 --> 00:00:16,440
now has just become commonplace and so I

6
00:00:16,440 --> 00:00:19,699
hope that, you know, more women like me

7
00:00:19,699 --> 00:00:22,460
getting involved in math science and

8
00:00:22,460 --> 00:00:24,890
engineering is going to help you know

9
00:00:24,890 --> 00:00:27,100
steer more...more women than we even have

10
00:00:27,100 --> 00:00:31,520
now into the fields of, the STEM fields
