1
00:00:01,980 --> 00:00:02,980
What's that?

2
00:00:04,340 --> 00:00:05,340
The A/C cart.

3
00:00:07,360 --> 00:00:12,920
So we don't see a reason why we need to mark
the orange cones on the right.

4
00:00:13,140 --> 00:00:17,540
There is a line there but we should take a
run down.

5
00:00:17,940 --> 00:00:19,740
I mean the orange cones are tenth mile marker.

6
00:00:19,740 --> 00:00:25,820
Good morning folks, it's five' thirty and
were going to do a com check here in the room.

7
00:00:26,780 --> 00:00:28,220
Alright, let's go.

8
00:00:42,000 --> 00:00:43,800
NASA one this is Ranger.

9
00:00:48,700 --> 00:00:55,180
NASA one Roger, yea I got the ship on the
skid.

10
00:01:22,760 --> 00:01:25,400
NASA one go for brake release.

11
00:01:29,940 --> 00:01:31,620
Looks good.

12
00:01:31,760 --> 00:01:33,960

Go to take all surfaces to zero.

13

00:01:35,140 --> 00:01:37,800

Taxi, we have a go.

14

00:01:37,980 --> 00:01:40,460

Go for brake release.

15

00:02:02,920 --> 00:02:04,840

Release, release.
