00:00:00,000 --> 00:00:10,800

[Music]

2
00:00:13,080 --> 00:00:14,360

First isn't only about engineering.

3
00:00:14,360 --> 00:00:20,570

It's not just about robots. There's so many different things that our involved with being in a robotics team.

4
00:00:20,570 --> 00:00:24,469

You can learn programming and you could be designing things.

5
00:00:25,400 --> 00:00:30,709

You're collaborating is constantly with all your team members. You're building things for that hands-on experier

6
00:00:31,140 --> 00:00:39,110

And you're working with industry partners, with industry mentors. They're, giving you skills that they learned at

7
00:00:39,920 --> 00:00:43,600

It's a theme of national worldwide collaboration

8
00:00:44,180 --> 00:00:47,780

and we're trying to teach the students leadership,

9
00:00:47,780 --> 00:00:51,260

how to solve problems and that's what it's all about. That's our objective.

10
00:00:56,870 --> 00:01:03,640

The theme of this year's game is Power Up. It's an arcade game where teams are trying to escape from the fie

11
00:01:03,680 --> 00:01:10,060

by getting the balancing of the scales and the switches to their team, score points, and beat the boss.

12
00:01:12,120 --> 00:01:14,440

[cheers]

13
00:01:23,240 --> 00:01:23,980

[Robot!]

14

00:01:27,580 --> 00:01:32,040

And the Aerospace Valley Regional is underway. The name of the game is FIRST Power Up

15

00:01:37,900 --> 00:01:39,020

1-2-3 Team 2658.

16

00:01:41,460 --> 00:01:45,640

3-2-1 Power Up

17

00:01:52,580 --> 00:01:54,580

Outake

18

00:01:58,140 --> 00:02:01,280

60 seconds to go...points for Red.

19

00:02:07,320 --> 00:02:12,650

The motto FIRST is coopertition. It's a competition as a group. In an alliance

20

00:02:12,650 --> 00:02:16,420

we have three robots that compete together for the title of champion.

21

00:02:17,040 --> 00:02:21,019

These robots work together against the other three teams and then they

22

00:02:21,019 --> 00:02:27,949

each our respective jobs, either doing switch, scale, or exchange. Or even going to the opponent's side and me

23

00:02:28,620 --> 00:02:33,240

It's a fun challenge being able to communicate with other teams and see

24

00:02:33,240 --> 00:02:36,080

what their robot can do to come up with the best game strategy possible.

25

00:02:40,180 --> 00:02:41,200

YEAH

26

00:02:49,680 --> 00:02:51,040

Red Alliance

27

00:02:52,480 --> 00:02:53,360

Red alliance

28

00:03:08,880 --> 00:03:10,280

Down, Ricky, down

29

00:03:10,460 --> 00:03:11,140

okay, good

30

00:03:20,740 --> 00:03:23,800

And I got to tell you, I'm really impressed with the leadership

31

00:03:24,160 --> 00:03:26,460

capabilities I'm seeing in today's high school students.
