

I asked her why do you say that?
And, she said

1
00:00:04,309 --> 00:00:02,710
i was flying to this conference and i

2
00:00:07,030 --> 00:00:04,319
was sitting next to

3
00:00:08,230 --> 00:00:07,040
um a woman who talked about his her

4
00:00:09,669 --> 00:00:08,240
daughter to me

5
00:00:11,910 --> 00:00:09,679
and she said that my daughter is

6
00:00:14,470 --> 00:00:11,920
interested in space just like you

7
00:00:16,470 --> 00:00:14,480
and like i guess my tardis t-shirt with

8
00:00:18,550 --> 00:00:16,480
nasa logo and it kind of revealed that i

9
00:00:19,510 --> 00:00:18,560
like space so that was the conversation

10
00:00:21,429 --> 00:00:19,520
starter

11
00:00:23,590 --> 00:00:21,439
and then she said that my daughter is

12
00:00:25,750 --> 00:00:23,600
nine years old and she's interested in

13
00:00:26,870 --> 00:00:25,760

space but i don't think she's going to

14

00:00:29,349 --> 00:00:26,880

make it

15

00:00:31,830 --> 00:00:29,359

i asked her why you say that and she

16

00:00:34,069 --> 00:00:31,840

said her school is very bad

17

00:00:35,590 --> 00:00:34,079

doesn't really have a good curriculum

18

00:00:37,430 --> 00:00:35,600

and teachers aren't that interested in

19

00:00:39,830 --> 00:00:37,440

teaching so i don't think she's going to

20

00:00:42,150 --> 00:00:39,840

succeed like you did

21

00:00:45,110 --> 00:00:42,160

so i turned to her and i said

22

00:00:47,990 --> 00:00:45,120

i come from turkey i didn't even learn

23

00:00:49,750 --> 00:00:48,000

science like not let alone well there

24

00:00:50,950 --> 00:00:49,760

was not even real science curriculum in

25

00:00:52,790 --> 00:00:50,960

my high school

26

00:00:55,270 --> 00:00:52,800

no woman in my family made it to high

27

00:00:57,189 --> 00:00:55,280

school and i'm now at harvard doing
