

1  
00:00:09,339 --> 00:00:04,999  
I was never assigned to naca but along

2  
00:00:16,880 --> 00:00:12,110  
assignment was when the space program

3  
00:00:18,769 --> 00:00:16,890  
was starting at that time was when it

4  
00:00:20,269 --> 00:00:18,779  
was decided by the government I think

5  
00:00:25,540 --> 00:00:20,279  
many during the Eisenhower

6  
00:00:28,640 --> 00:00:25,550  
administration that na na CA was a

7  
00:00:30,790 --> 00:00:28,650  
little limited in its fifth scope in

8  
00:00:33,110 --> 00:00:30,800  
being limited just to aeronautics

9  
00:00:38,030 --> 00:00:33,120  
because we now were getting into space

10  
00:00:40,040 --> 00:00:38,040  
the space program also and so NACA then

11  
00:00:42,709 --> 00:00:40,050  
was folded in became part of this new

12  
00:00:45,889 --> 00:00:42,719  
organization nasa the national

13  
00:00:48,580 --> 00:00:45,899

aeronautics and space administration so

14

00:00:50,990 --> 00:00:48,590

they kept their they kept their old

15

00:00:52,610 --> 00:00:51,000

emphasis on aeronautics and everything

16

00:00:55,760 --> 00:00:52,620

to do with airplanes which they still do

17

00:00:59,000 --> 00:00:55,770

to this day but added to it the whole

18

00:01:01,310 --> 00:00:59,010

new area of space research that has
