

JOHN H. GLENN

THE EARTH

Celebrating

1
00:00:04,670 --> 00:00:02,330
well I I know they're going to be a

2
00:00:08,540 --> 00:00:04,680
celebration a series of celebrations on

3
00:00:11,620 --> 00:00:08,550
the 75th anniversary and that's going to

4
00:00:14,360 --> 00:00:11,630
be great and I I very much hope that the

5
00:00:18,500 --> 00:00:14,370
and I'll be able to attend some of those

6
00:00:20,870 --> 00:00:18,510
also I I would like to be there for some

7
00:00:23,200 --> 00:00:20,880
of those celebrations but I wish

8
00:00:26,960 --> 00:00:23,210
everyone the best up there and then and

9
00:00:28,580 --> 00:00:26,970
you do such a love you employees that

10
00:00:31,279 --> 00:00:28,590
may be watching this or you do such

11
00:00:35,360 --> 00:00:31,289
important work and it's important not

12
00:00:37,910 --> 00:00:35,370
only for Ohio and for business fallout

13
00:00:39,319 --> 00:00:37,920

that may come from this and so on but

14

00:00:41,540 --> 00:00:39,329

it's important that we maintain a

15

00:00:45,260 --> 00:00:41,550

leadership in this kind of research and

16

00:00:49,910 --> 00:00:45,270

and this kind of emphasis on the new and

17

00:00:53,029 --> 00:00:49,920

the end unknown sometime we will travel

18

00:00:55,250 --> 00:00:53,039

to other places we haven't been so far

19

00:00:59,080 --> 00:00:55,260

and that kind of travel is important but

20

00:01:01,880 --> 00:00:59,090

also more than more than just the the

21

00:01:09,350 --> 00:01:01,890

travel weathers to Mars eventually or

22

00:01:12,200 --> 00:01:09,360

forever I see the the the I think at

23

00:01:14,480 --> 00:01:12,210

each stage as we've got into space we

24

00:01:16,760 --> 00:01:14,490

need to maximize the research return

25

00:01:20,590 --> 00:01:16,770

that's a value to everyone right here on

26

00:01:25,370 --> 00:01:20,600

earth the International Space Station

27

00:01:27,200 --> 00:01:25,380

which we've had a part in here I may not

28

00:01:30,469 --> 00:01:27,210

be the first ball join those of all

29

00:01:32,539 --> 00:01:30,479

right said happy Anniversary and I wish

30

00:01:37,850 --> 00:01:32,549

you the very best for great celebrations

31

00:01:40,670 --> 00:01:37,860

and and I was when I was going up on our

32

00:01:42,140 --> 00:01:40,680

first orbital flight I one of the things

33

00:01:44,960 --> 00:01:42,150

that I've always gotten a kick out of it

34

00:01:46,429 --> 00:01:44,970

was the scott Carpenter remarked there

35

00:01:49,399 --> 00:01:46,439

right at the last just as I was getting

36

00:01:53,960 --> 00:01:49,409

ready to launch was godspeed john glenn

37

00:01:56,719 --> 00:01:53,970

that's become sort of a a thing we've

38

00:01:58,780 --> 00:01:56,729

had repeated a number of times so to all

39

00:02:01,670 --> 00:01:58,790

of you there i wish the same thing
