

1

00:00:00,030 --> 00:00:09,030

so it is a small scattering sensor that contains a laser source very similar to

2

00:00:09,030 --> 00:00:16,020

the technology you would have in your CD or DVD player then there's a number of

3

00:00:16,020 --> 00:00:20,279

an array of detectors that measure that scattered light and from that
