

1  
00:00:02,046 --> 00:00:05,756  
>> I enjoy the fact that  
my job is both technical

2  
00:00:05,996 --> 00:00:07,936  
as well as business.

3  
00:00:07,936 --> 00:00:09,056  
There's the technical aspects

4  
00:00:09,136 --> 00:00:13,176  
of ensuring our facilities are  
maintained and operational.

5  
00:00:13,436 --> 00:00:15,216  
And then there's the  
business of how we bring

6  
00:00:15,256 --> 00:00:16,916  
in testing and do our contracts.

7  
00:00:17,016 --> 00:00:20,716  
And advocate for ways to  
improve those facilities.

8  
00:00:20,836 --> 00:00:22,716  
And my job is the  
marriage of both of those.

9  
00:00:23,166 --> 00:00:24,696  
I'd like to be remembered

10  
00:00:25,126 --> 00:00:27,596  
for building relationships  
built on trust.

11  
00:00:27,856 --> 00:00:30,636  
And developing reserves  
of energy.

12

00:00:30,806 --> 00:00:32,756

Time. Resources.

13

00:00:33,386 --> 00:00:34,076

Experience.

14

00:00:34,246 --> 00:00:35,746

Wisdom. And self-integrity.

15

00:00:35,976 --> 00:00:38,506

So that I can be fulfilled  
by the goals that I set

16

00:00:38,616 --> 00:00:39,546

and that I accomplished.

17

00:00:39,896 --> 00:00:42,656

And so I can also influence  
others to do the same.

18

00:00:42,996 --> 00:00:44,826

One of my passions is mentoring.

19

00:00:45,016 --> 00:00:47,826

And I'd like to think that  
there's a little girl out there

20

00:00:47,896 --> 00:00:51,366

that can be inspired by  
seeing me in this position.

21

00:00:52,386 --> 00:00:55,756

Here at NASA we have an amazing  
platform to inspire others.
