2  
00:00:04,046 --> 00:00:06,346  
>> I'm a project  
manager here at Glenn.

3  
00:00:06,346 --> 00:00:07,886  
I work on electric airplanes.

4  
00:00:07,986 --> 00:00:10,546  
We're trying to develop  
technologies that are necessary

5  
00:00:10,546 --> 00:00:12,886  
to reduce fuel costs,  
operations costs,

6  
00:00:13,016 --> 00:00:15,106  
and emissions for  
the way we fly.

7  
00:00:15,806 --> 00:00:16,586  
I'm never bored.

8  
00:00:17,166 --> 00:00:20,426  
I get to spend my time with  
the most interesting people

9  
00:00:20,476 --> 00:00:22,706  
who are the world's  
experts in their fields.

10  
00:00:23,266 --> 00:00:27,046  
And so even after 30 years,  
I find my job so interesting.

11  
00:00:27,096 --> 00:00:29,886  
It changes day by day and

it keeps me invigorated.

12

00:00:30,506 --> 00:00:32,626

We're trying to revolutionize  
the airspace in a way

13

00:00:32,626 --> 00:00:34,856

that our ticket price  
comes down,

14

00:00:34,856 --> 00:00:37,676

and at the same time the  
airplanes that we're flying

15

00:00:37,806 --> 00:00:40,176

on burn less fuel, so  
they're using less carbon

16

00:00:40,366 --> 00:00:42,756

and emitting less things  
into the atmosphere.

17

00:00:43,016 --> 00:00:45,596

At the end of my career,  
I just want to know

18

00:00:45,596 --> 00:00:47,806

that the work I did  
made an impact.

19

00:00:47,806 --> 00:00:51,876

And I want to look up in the  
sky and see new kinds of planes
