

1  
00:00:02,046 --> 00:00:04,416  
>> I am a contracting  
officer here

2  
00:00:04,416 --> 00:00:05,836  
at NASA Glenn Research Center.

3  
00:00:06,376 --> 00:00:10,366  
I negotiate and award contracts  
related to space research

4  
00:00:10,366 --> 00:00:13,626  
and development, as well as  
some space flight hardware.

5  
00:00:14,396 --> 00:00:18,006  
I enjoy seeing products that  
have come out of the research

6  
00:00:18,006 --> 00:00:20,166  
and development that  
NASA has done.

7  
00:00:20,516 --> 00:00:25,976  
Such as robotic arms in  
surgeries, newer solar cells,

8  
00:00:26,336 --> 00:00:29,626  
and more efficient  
batteries that help us

9  
00:00:29,626 --> 00:00:30,276  
in our everyday lives.

10  
00:00:30,276 --> 00:00:33,056  
I would like to be remembered

11  
00:00:33,056 --> 00:00:35,136  
for my willingness

to help others.

12

00:00:35,596 --> 00:00:38,576

Especially new employees  
and interns that come

13

00:00:38,576 --> 00:00:40,846

into the NASA Glenn  
Research Center.

14

00:00:41,426 --> 00:00:42,896

We have a lot of  
interns that come

15

00:00:42,896 --> 00:00:46,206

into the procurement  
division, and so there's a lot

16

00:00:46,246 --> 00:00:49,606

to teach them, such as  
contractor evaluations,

17

00:00:50,036 --> 00:00:53,136

negotiations, and award,  
and also making sure

18

00:00:53,136 --> 00:00:55,656

that we're spending  
the public's money
