

1
00:00:03,046 --> 00:00:06,366
>> What I enjoy most about
my job is the fast pace

2
00:00:06,746 --> 00:00:11,906
and that every day is different
and brings new challenges

3
00:00:11,996 --> 00:00:13,716
and opportunities to
make a difference.

4
00:00:14,706 --> 00:00:16,366
We develop technologies
for space

5
00:00:16,366 --> 00:00:19,546
and aeronautics application, and
those technologies find a way

6
00:00:19,836 --> 00:00:22,426
to benefit all of
us, for example,

7
00:00:22,426 --> 00:00:25,086
from the medical field all
the way to transportation,

8
00:00:25,136 --> 00:00:28,876
to the environment, our
generation to things

9
00:00:28,926 --> 00:00:31,926
that we need to make
our lives easier like,

10
00:00:31,926 --> 00:00:33,266
for example, communication.

11

00:00:33,416 --> 00:00:35,566

So those technologies
really have an impact

12

00:00:35,566 --> 00:00:37,446

on our life every single day.

13

00:00:38,286 --> 00:00:41,426

I would like to be remembered
as a great mom, but also someone

14

00:00:41,426 --> 00:00:43,706

that is making a
difference in peoples' lives

15

00:00:44,186 --> 00:00:50,816

from mentoring all the way to
inspire someone to be better

16

00:00:50,976 --> 00:00:53,406

and achieve things that they
probably didn't think they

17

00:00:53,446 --> 00:00:53,956

can achieve.
