

NASA

1
00:00:00,880 --> 00:00:02,878
Well happy anniversary Glenn. You know

2
00:00:02,879 --> 00:00:04,559
very specifically my memories of Glenn,

3
00:00:04,560 --> 00:00:05,679
when I've been out there a couple of

4
00:00:05,680 --> 00:00:06,318
times.

5
00:00:06,319 --> 00:00:07,918
It all revolves around the people, you

6
00:00:07,919 --> 00:00:09,759
know the commitment,

7
00:00:09,760 --> 00:00:12,959
the the passion for what they do. When

8
00:00:12,960 --> 00:00:14,239
you go to Glenn and you have an

9
00:00:14,240 --> 00:00:15,598
opportunity to talk to folks about what

10
00:00:15,599 --> 00:00:16,719
they're working on and why it's

11
00:00:16,720 --> 00:00:17,679
important.

12
00:00:17,680 --> 00:00:20,239
It's a great experience - it really brings

13
00:00:20,240 --> 00:00:22,479

to life all that's best in NASA.

14

00:00:22,480 --> 00:00:24,479

And i've had the opportunity to do that

15

00:00:24,480 --> 00:00:25,919

on multiple occasions,

16

00:00:25,920 --> 00:00:28,719

and every single time it's been a

17

00:00:28,720 --> 00:00:30,559

wonderful experience.

18

00:00:30,560 --> 00:00:32,639

You know Glenn's deep connection to the

19

00:00:32,640 --> 00:00:34,959

community, to education into the history

20

00:00:34,960 --> 00:00:37,599

of aviation is an inspired example

21

00:00:37,600 --> 00:00:39,119

of what NASA's commitment to make a

22

00:00:39,120 --> 00:00:40,959

meaningful impact on american lives.

23

00:00:40,960 --> 00:00:43,439

really is. When you talk about why Glenn

24

00:00:43,440 --> 00:00:43,999

is important

25

00:00:44,000 --> 00:00:46,479

to the NASA mission you know you have to

26

00:00:46,480 --> 00:00:48,558

talk about the former Plum Book station -

27

00:00:48,559 --> 00:00:49,199

now the Neil

28

00:00:49,200 --> 00:00:51,599

A. Armstrong testing facility. And you

29

00:00:51,600 --> 00:00:53,679

know they do things, they have capability

30

00:00:53,680 --> 00:00:55,439

and capacity to do things that we can't

31

00:00:55,440 --> 00:00:56,959

find anywhere else.

32

00:00:56,960 --> 00:00:58,639

It's a testament to all that Glenn is

33

00:00:58,640 --> 00:00:59,999

and all that NASA is.

34

00:01:00,000 --> 00:01:02,799

NASA Glenn's constant re-innovation and

35

00:01:02,800 --> 00:01:04,719

innovation has kept NASA

36

00:01:04,720 --> 00:01:07,039

on the cutting-edge of science, technology,

37

00:01:07,040 --> 00:01:07,919

exploration,

38

00:01:07,920 --> 00:01:10,639

all the things that are critical to NASA.

39

00:01:10,640 --> 00:01:11,999

So in conclusion I want to say

40

00:01:12,000 --> 00:01:14,239

hey happy anniversary Glenn and we're

41

00:01:14,240 --> 00:01:16,559

all we're all very happy to have you as
