

1  
00:00:00,880 --> 00:00:02,878  
Hi i'm Mike Kincaid for the Office of

2  
00:00:02,879 --> 00:00:04,798  
Stem Engagement at NASA headquarters.

3  
00:00:04,799 --> 00:00:07,278  
Happy anniversary and congratulations to

4  
00:00:07,279 --> 00:00:08,558  
our friends and colleagues

5  
00:00:08,559 --> 00:00:10,959  
at the Glenn Research Center - 80 years is

6  
00:00:10,960 --> 00:00:12,879  
an amazing milestone.

7  
00:00:12,880 --> 00:00:14,798  
Over those eight decades you've impacted

8  
00:00:14,799 --> 00:00:16,079  
thousands of students.

9  
00:00:16,080 --> 00:00:17,759  
Pause for a moment and think about ways

10  
00:00:17,760 --> 00:00:19,358  
that we reach students in Cleveland and

11  
00:00:19,359 --> 00:00:20,879  
around the world with the excitement of

12  
00:00:20,880 --> 00:00:21,919  
NASA.

13  
00:00:21,920 --> 00:00:23,518

Activities like our partnership with the

14

00:00:23,519 --> 00:00:24,959

US Department of Education's

15

00:00:24,960 --> 00:00:27,438

21st Century Learning Center, Girls in

16

00:00:27,439 --> 00:00:28,559

STEM days,

17

00:00:28,560 --> 00:00:30,479

University Design Challenges, and

18

00:00:30,480 --> 00:00:32,238

thousands of NASA interns and fellows

19

00:00:32,239 --> 00:00:33,919

who have driven through your gates to work

20

00:00:33,920 --> 00:00:35,999

alongside your scientists and engineers.

21

00:00:36,000 --> 00:00:37,599

By making a difference for a particular

22

00:00:37,600 --> 00:00:39,359

student you've made a difference for

23

00:00:39,360 --> 00:00:40,319

your region
