1
00:00:00,399 --> 00:00:02,239
Happy 80th anniversary to the Glenn

2
00:00:02,240 --> 00:00:03,759
Research Center.

3
00:00:03,760 --> 00:00:07,309
Wow we've done so much in 80 years

4
00:00:07,310 --> 00:00:09,839
[Music]

5
00:00:09,840 --> 00:00:12,239
I'm so proud to have been from the state

6
00:00:12,240 --> 00:00:14,079
of Ohio, which is home to

7
00:00:14,080 --> 00:00:16,079
Glenn. That laboratory is cutting edge

8
00:00:16,080 --> 00:00:17,278
spectacular

9
00:00:17,279 --> 00:00:20,319
and has been so good for people on the

10
00:00:20,320 --> 00:00:21,759
International Space Station

11
00:00:21,760 --> 00:00:23,759
I remember seeing the NASA meatball on

12
00:00:23,760 --> 00:00:25,358
top of the hangar over there,

13
00:00:25,359 --> 00:00:27,598

at then NASA Lewis Research Center in

14
00:00:27,599 --> 00:00:29,278
Cleveland when I was just a little kid,

15
00:00:29,279 --> 00:00:30,479
and I want to wish you

16
00:00:30,480 --> 00:00:33,839
a happy 80th anniversary. You know for me,

17
00:00:33,840 --> 00:00:35,519
the spacewalks were the highlights of

18
00:00:35,520 --> 00:00:37,039
both of my missions,

19
00:00:37,040 --> 00:00:39,359
and being able to take the work that was

20
00:00:39,360 --> 00:00:40,799
done there at Glenn,

21
00:00:40,800 --> 00:00:44,078
and in doing so take all the people from

22
00:00:44,079 --> 00:00:47,038
NASA Glenn along with us on our mission

23
00:00:47,039 --> 00:00:49,119
really made it special and a lot of fun.

24
00:00:49,120 --> 00:00:52,959
So happy 80th anniversary to NASA Glenn.

25
00:00:52,960 --> 00:00:55,119
I want to extend a big congratulations
