

1  
00:00:00,480 --> 00:00:02,959  
Hi I'm Kirsten Ellenbogen, president and

2  
00:00:02,960 --> 00:00:05,519  
CEO of Great Lakes Science Center, home

3  
00:00:05,520 --> 00:00:07,918  
of the NASA Glenn visitor center. We like

4  
00:00:07,919 --> 00:00:08,719  
to say here

5  
00:00:08,720 --> 00:00:10,718  
at Great Lakes Science Center, you've got

6  
00:00:10,719 --> 00:00:12,079  
to see it to be it.

7  
00:00:12,080 --> 00:00:14,879  
And NASA Glenn Research Center, you help

8  
00:00:14,880 --> 00:00:15,678  
us do that.

9  
00:00:15,679 --> 00:00:18,479  
Every day your researchers, your

10  
00:00:18,480 --> 00:00:19,759  
engineers,

11  
00:00:19,760 --> 00:00:21,999  
your astronauts. And there is nothing

12  
00:00:22,000 --> 00:00:23,198  
like seeing a child

13  
00:00:23,199 --> 00:00:26,079

look up at that astronaut, look up at the

14

00:00:26,080 --> 00:00:26,879

person who is

15

00:00:26,880 --> 00:00:29,678

taking us to the Moon and get inspired

16

00:00:29,679 --> 00:00:30,639

in a way

17

00:00:30,640 --> 00:00:33,519

that is incomparable to anything else

18

00:00:33,520 --> 00:00:33,999

we do

19

00:00:34,000 --> 00:00:36,639

here at Great Lakes Science Center. Happy

20

00:00:43,520 --> 00:00:40,719

anniversary

21

00:00:40,719 --> 00:00:43,519

is celebrating family conversations,

22

00:00:43,520 --> 00:00:43,999

family inspirational

23

00:00:44,000 --> 00:00:46,558

moments it's a powerful
