READERS' CHOICE

1
00:00:00,560 --> 00:00:02,959
Hello everyone I'm Dr. Frederic Burton,

2
00:00:02,960 --> 00:00:04,639
president of COSI,

3
00:00:04,640 --> 00:00:05,999
the Center of Science and Industry in

4
00:00:06,000 --> 00:00:07,679
Columbus Ohio and from

5
00:00:07,680 --> 00:00:10,159
all of us at COSI, happy 80th

6
00:00:10,160 --> 00:00:12,079
anniversary to the incredible

7
00:00:12,080 --> 00:00:14,959
NASA Glenn Research Center. We are so

8
00:00:14,960 --> 00:00:16,319
honored to be your partner,

9
00:00:16,320 --> 00:00:18,319
not only through our hometown hero John

10
00:00:18,320 --> 00:00:20,319
Glenn who helped to create the vision

11
00:00:20,320 --> 00:00:23,278
for COSI 55 years ago, but also towards

12
00:00:23,279 --> 00:00:25,278
our common vision to inspire lives

13
00:00:25,279 --> 00:00:27,759

and communities in science. You see NASA

14

00:00:27,760 --> 00:00:29,598

Glenn has contributed so much to

15

00:00:29,599 --> 00:00:29,999

the education

16

00:00:30,000 --> 00:00:32,078

of diverse audiences in science

17

00:00:32,079 --> 00:00:33,919

technology, including joining

18

00:00:33,920 --> 00:00:37,039

us here on site for the COSI 2019

19

00:00:37,040 --> 00:00:38,878

Science Festival which turned out to be

20

00:00:38,879 --> 00:00:40,238

the largest science event

21

00:00:40,239 --> 00:00:42,878

in Ohio's history. We could not have done

22

00:00:42,879 --> 00:00:44,159

it without NASA Glenn

23

00:00:44,160 --> 00:00:46,479

which brought so much amazing technology

24

00:00:46,480 --> 00:00:48,159

for festival guests to experience.

25

00:00:48,160 --> 00:00:50,718

And in 2020 as the COSI science festival

26

00:00:50,719 --> 00:00:51,599

went digital.

27

00:00:51,600 --> 00:00:54,319

NASA Glenn again came through connecting

28

00:00:54,320 --> 00:00:55,999

not only the amazing astronaut Doug

29

00:00:56,000 --> 00:00:56,558

Wheelock

30

00:00:56,559 --> 00:00:58,558

to our virtual attendees but also the

31

00:00:58,559 --> 00:00:59,999

Head of NASA Glenn,

32

00:01:00,000 --> 00:01:03,038

Center Director Dr. Marla Perez Davis

33

00:01:03,039 --> 00:01:05,279

for a live three-way program and

34

00:01:05,280 --> 00:01:06,798

together we launched the COSI

35

00:01:06,799 --> 00:01:07,999

learning lunch box,

36

00:01:08,000 --> 00:01:09,999

space edition, that is creating the next

37

00:01:10,000 --> 00:01:11,279

Artemis generation,

38

00:01:11,280 --> 00:01:13,039

and inspiring countless underserved

39

00:01:13,040 --> 00:01:15,039

youth across Ohio.

40

00:01:15,040 --> 00:01:17,758

Thank you NASA Glenn and here's to your
