

1
00:00:00,640 --> 00:00:02,878
My heartfelt congratulations to NASA

2
00:00:02,879 --> 00:00:04,479
Glenn Research center on your 80th

3
00:00:04,480 --> 00:00:06,719
anniversary. What an accomplishment.

4
00:00:06,720 --> 00:00:08,319
The founder of girl scouts, Julia

5
00:00:08,320 --> 00:00:10,079
Gordon-Lowe really wanted

6
00:00:10,080 --> 00:00:13,119
our girls to have high aspirations,

7
00:00:13,120 --> 00:00:15,359
so one of the highest aspirations she

8
00:00:15,360 --> 00:00:16,959
could think of at the time was to create

9
00:00:16,960 --> 00:00:18,559
an aviator badge.

10
00:00:18,560 --> 00:00:21,038
Because of NASA Glenn our girls can

11
00:00:21,039 --> 00:00:23,118
reach even higher than that now.

12
00:00:23,119 --> 00:00:24,799
Through our partnership thousands of

13
00:00:24,800 --> 00:00:26,399

girls have learned about the great work

14
00:00:26,400 --> 00:00:28,319
that NASA Glenn Research Center does to

15
00:00:28,320 --> 00:00:29,118
enhance

16
00:00:29,119 --> 00:00:31,678
aeronautics and space exploration, making

17
00:00:31,679 --> 00:00:33,919
our world and beyond a better place.

18
00:00:33,920 --> 00:00:36,238
Girls have taken tours of the facility,

19
00:00:36,239 --> 00:00:37,919
they've learned about career paths, and

20
00:00:37,920 --> 00:00:39,919
they've participated in fun

21
00:00:39,920 --> 00:00:42,479
hands-on science activities, they've

22
00:00:42,480 --> 00:00:43,839
talked with astronauts

23
00:00:43,840 --> 00:00:45,759
aboard the international space station,

24
00:00:45,760 --> 00:00:48,078
and what an experience that was for the

25
00:00:48,079 --> 00:00:49,119
girls who got to ask

26

00:00:49,120 --> 00:00:51,279

questions and actually talk to those

27

00:00:51,280 --> 00:00:52,718

astronauts in space.

28

00:00:52,719 --> 00:00:55,519

Thanks for all you have done and the
