Mija, what's the matter?

7
00:00:25,058 --> 00:00:27,394
None of the astronauts look like us.

8
00:00:27,827 --> 00:00:31,097
That's because we're looking at the older missions, honey.

9
00:00:31,264 --> 00:00:32,499
Times have changed.

10
00:00:32,732 --> 00:00:33,967
Here, look at these.

11
00:00:34,367 --> 00:00:37,137
The new astronaut classes have far more women

12
00:00:37,137 --> 00:00:38,571
and people of color in them than before.

13
00:00:38,972 --> 00:00:41,207

When your mom and I were growing up,

14

00:00:41,207 --> 00:00:43,343

how we looked on the outside might have been an obstacle.

15

00:00:43,710 --> 00:00:47,080

But today, who you ARE is your superpower.

16

00:00:47,647 --> 00:00:48,782

Which character is my favorite?

17

00:00:48,782 --> 00:00:50,950

It would definitely have to be Callie, because

18

00:00:50,950 --> 00:00:53,386

what I liked to see most was that she didn't have

19

00:00:53,386 --> 00:01:00,093

a linear path to accomplish her goal, that she made mistakes several times, that she tried other hobbies,

20

00:01:00,093 --> 00:01:05,432

another career, and in the end, she could accomplish her dream, that was being an astronaut.

21

00:01:05,899 --> 00:01:11,604

And, for me, it is important to see that represented because when I was little, I thought that if I made too many

22

00:01:11,604 --> 00:01:16,876

or if I didn't do things a certain type of way, I wasn't going to get anywhere, and I would've liked to know

23

00:01:16,876 --> 00:01:23,383

earlier that there's many ways to do things and that, at the end of the day, you can accomplish

24

00:01:23,383 --> 00:01:24,884

your goals in different ways.

25

00:01:25,819 --> 00:01:28,288

I loved it. I found it super nice.
