

1  
00:00:20,359 --> 00:00:17,330  
part of my job is to help other

2  
00:00:23,929 --> 00:00:20,369  
employees do their job by giving them

3  
00:00:27,349 --> 00:00:23,939  
the tools that they may need for myself

4  
00:00:30,259 --> 00:00:27,359  
I am blind and so I use assistive

5  
00:00:32,720 --> 00:00:30,269  
technology to help me complete

6  
00:00:35,270 --> 00:00:32,730  
assignments on the computer or interact

7  
00:00:37,430 --> 00:00:35,280  
with others I received my undergraduate

8  
00:00:40,040 --> 00:00:37,440  
degree from the University of Arkansas

9  
00:00:42,650 --> 00:00:40,050  
that was a big accomplishment for me

10  
00:00:45,500 --> 00:00:42,660  
because I originally grew up in a

11  
00:00:47,510 --> 00:00:45,510  
neighborhood that was challenged or

12  
00:00:52,100 --> 00:00:47,520  
played by you know either violence or

13  
00:00:54,650 --> 00:00:52,110

poverty being in Arkansas or in a place

14

00:00:57,709 --> 00:00:54,660

where you don't necessarily have real

15

00:01:00,229 --> 00:00:57,719

immediate role models around you that

16

00:01:03,260 --> 00:01:00,239

look like you are who are in those

17

00:01:05,810 --> 00:01:03,270

fields of science and engineering that

18

00:01:09,080 --> 00:01:05,820

sometimes you have to dream bigger and

19

00:01:11,539 --> 00:01:09,090

reach out farther if your goal is become

20

00:01:13,810 --> 00:01:11,549

an engineer and work at NASA contact our

21

00:01:17,929 --> 00:01:13,820

education office get plugged into

22

00:01:19,550 --> 00:01:17,939

programs that are targeted to minorities

23

00:01:22,100 --> 00:01:19,560

or students with disabilities because

24

00:01:23,780 --> 00:01:22,110

those are the programs that will address

25

00:01:26,600 --> 00:01:23,790

those challenges that you'll face
