

1  
00:00:00,010 --> 00:00:10,020  
[no audio]

2  
00:00:57,240 --> 00:01:01,260  
[Michael Collins] How is the quality of the tv?

3  
00:01:01,280 --> 00:01:05,280  
[Bruce McCandless] Oh, it's beautiful Mike, it really is.

4  
00:01:05,300 --> 00:01:09,300  
[Collins] Oh, gee, that's great! Is the lighting halfway decent?

5  
00:01:09,320 --> 00:01:15,310  
[McCandless] Yes, indeed. They've got the flag up now and you can see the stars and stripes

6  
00:01:23,360 --> 00:01:27,380  
[Alan Shepard] The rim is still way up there from the looks of things.

7  
00:01:27,400 --> 00:01:32,410  
[Fred Haise] And, Ed and Al, we've already eaten in our 30-minute extension and

8  
00:01:32,430 --> 00:01:36,430  
we're past that now. I think we'd better proceed with the

9  
00:01:36,450 --> 00:01:40,450  
sampling and continue with the EVA.

10  
00:01:42,490 --> 00:01:44,490  
[Edgar Mitchell] Okay, Fredo.

11  
00:03:34,180 --> 00:03:39,190  
[James Irwin] 4000 feet. 40. 41.

12  
00:03:39,210 --> 00:03:45,210  
45. 47.52.
