

1  
00:00:18,060 --> 00:00:07,020  
Music

2  
00:00:18,080 --> 00:00:22,080  
Narrator: The sun. It has

3  
00:00:22,100 --> 00:00:26,120  
shed light on our home for over 4 billion years.

4  
00:00:26,140 --> 00:00:30,160  
It will continue to do so for another 4.

5  
00:00:30,180 --> 00:00:34,180  
It is massive almost

6  
00:00:34,200 --> 00:00:38,210  
beyond comprehension.

7  
00:00:38,230 --> 00:00:42,240  
Constant, yet ever changing.

8  
00:00:42,260 --> 00:00:46,270  
Born from a swirling

9  
00:00:46,290 --> 00:00:50,310  
cloud of dust and gas, it is a giant fusion engine

10  
00:00:50,330 --> 00:00:54,350  
that drives the solar system.

11  
00:00:54,370 --> 00:00:58,400  
It seethes and boils like a living thing.

12  
00:00:58,420 --> 00:01:02,440  
Loops of plasma rise up, so large

13  
00:01:02,460 --> 00:01:06,490

they would dwarf Earth.

14

00:01:06,510 --> 00:01:10,510

Explosions flash on its surface.

15

00:01:18,540 --> 00:01:14,530

-Music-

16

00:01:18,560 --> 00:01:22,570

And yet the sun also gives us warmth.

17

00:01:22,590 --> 00:01:26,590

And life.

18

00:01:26,610 --> 00:01:30,620

-Music-

19

00:01:30,640 --> 00:01:34,640

And beauty.

20

00:01:34,660 --> 00:01:38,660

-Music-
