

1
00:00:00,010 --> 00:00:04,040

[music] Narrator: NASA satellites give a global view of Earth's air pollution

2
00:00:04,060 --> 00:00:08,220

from space. But to accurately predict how conditions

3
00:00:08,240 --> 00:00:12,230

will change day to day and identify actions to improve air quality,

4
00:00:12,250 --> 00:00:16,230

scientists need to add local observations into the mix.

5
00:00:16,250 --> 00:00:20,260

The Korea US Air Quality study kicks off next week in South Korea
