

1  
00:00:31,000 --> 00:00:13,625  
[music]

2  
00:00:31,000 --> 00:00:40,625  
Have you ever wanted to fly  
among the stars? To see up close

3  
00:00:40,625 --> 00:00:48,000  
what we could only see from  
afar. Come on let's go

4  
00:00:48,000 --> 00:00:58,625  
your dreams are possible. We can  
fly far away from here. Defying

5  
00:00:58,625 --> 00:01:07,625  
gravity we'll soar beyond the  
atmosphere. We will see things

6  
00:01:07,625 --> 00:01:16,000  
we've never seen before. We'll  
open up a door to a new world

7  
00:01:16,000 --> 00:01:25,000  
and go explore the moon and so  
much more.

8  
00:01:25,000 --> 00:01:29,833  
[music]

9  
00:01:29,833 --> 00:01:39,500  
I remember dreaming that I could  
take flight - to chase forever

10  
00:01:39,500 --> 00:01:47,000  
into the heart of the night.  
Above it all,

11  
00:01:47,000 --> 00:01:56,000

the world's so small. We can fly  
far away from here.

12

00:01:56,000 --> 00:02:04,000

Defying gravity we'll soar  
beyond the atmosphere.

13

00:02:04,000 --> 00:02:13,000

We will see things we've never  
seen before - open up a door

14

00:02:13,000 --> 00:02:19,000

to a new world and go explore,  
the moon there's so much . . .

15

00:02:19,000 --> 00:02:27,000

more that we have yet to see,  
much more to understand.

16

00:02:27,000 --> 00:02:38,000

But the time is here and now.  
After all we're just

17

00:02:38,000 --> 00:02:48,625

one speck of sand in this  
universe of ours.

18

00:02:48,625 --> 00:02:57,500

We can fly far away from here.  
Defying gravity we'll soar

19

00:02:57,500 --> 00:03:02,000

beyond the atmosphere  
( yyyeah ).

20

00:03:02,000 --> 00:03:08,708

We can see things we've never  
seen before.

21

00:03:08,708 --> 00:03:16,000

We'll open up a door to a new  
world and go explore -
